### How It Looks From Here

By RAY FREEDMAN

Seems like some of our Hiway Patrolmen may be suffering from a slight case of persecution complex. Got stopped the other day just west of town and when the fellow explained to us that we were exceeding the posted speedlimit by a considerable amount, we suggested to him (politely) that we felt that we had not been quite so flagrant in our speed as he had indicated. He became extremely angry and accused us of calling him a liar. Now, we would never presume to even suggest that a law enforcement officer would so much as bend the truth, let alone make a felonious assault on it, we simply explained that we disagreed with him. Oh, well we still must pay the fine.

+++

We sure do get tired of campaign promises of lower government spending, and then have to swallow some of the legislation these same people dish out after they are elected. Now Congress has passed a bill to increase individual Congressmen's spending from \$4,000 to \$14,000, which could mean a possible increase of \$3.4 million if all the eligible Congressmen were to use the increases. Technically, the bill would have allowed for additional space in Congressmen's district offices, but the money can be used for other purposes by transferring funds from an allotted area like office rental, to other accounts like newsletters and travel expenses. Congressman Bill Frenzel, hit the nail on the head when he said "The resolution has no redeeming virtues. Here the vote means only that we are feathering our own nests. The taxpayers are tired of government's excessive spending. Let us give them a break and defeat this unwarranted and unnecessary expenditure." His pleas fell on deaf ears, as the bill was passed.

+++

We have a similar situation here in our own State Legislature. One of the points brought out by Mel Phillips, candidate for State Senator, is the fact that our Legislature has voted themselves an extremely lucrative retirement plan. This plan would provide for retirement income of two percent of a District Judges salary for each two years served in the Legislature (District Judges can now earn \$38,000 per year) Of course they have limited themselves to a retirement income of only \$21,000 per year maximum. Seems strange that they chose a judges salary instead of their own to base their retirement plan upon. Mark White, in his acceptance speech as the new President of the National Association of Secretaries of State, said "I believe that candidates have a responsibility to start speaking to the real issues and quit double talking and soft soaping the voters." We feel that sums up the feelings and convictions of most of the voters. It sure gets to be aggravating to listen to promises about cutting government spending and then watch the spending escalate year after year. There should be a system whereby each candidate would issue some type of written guarantee with campaign promises, and when he does not deliver, he would be immediately removed from office and returned for "Repair of Recall". We must deliver each day in our businesses and private lives, why not elected officials?

### TRAIL DUST

By DOUGLAS MEADOR

Success is a merchant whose stock includes many attractive items in addition to wealth and fame. In frequent demand is the simple but precious duty to citizenship.

The lettuce not only looks greener across the fence, it also appears that the effort in collecting it is less pronounced.

After two or three decades, old love letters are about as interesting to the writer as anyone else.

Scars of an old road remain on the cheek of a hill below the Caprock. Dust of the freighters' wagon wheels has settled on the face of time and silence has powdered the rattling chains; the pounding of hoofs. The men and women and their horses and wagons have driven into the sunset and beyond the shimmering mirages of the Plains. Their dreams are phantoms of the night; a breath of wind that is like a sigh, yet the appointments of destiny they brought into a new empire are untarnished. The spirit of a people is more important than their possessions.

### Bulletins

#### Hospital Patients

Norman Eugene Slaton of Afton is a patient in Motley General Hospital.  
Mrs. Hattie Marshall is a patient in Methodist Hospital, Lubbock, with a possible broken hip.  
Ronnie Christian entered Methodist Hospital, Lubbock, Wednesday, where he will be several days to undergo tests.  
Paula Mullin of Amarillo, former Matador resident, is a patient in Palo Duro Hospital in Canyon, Room 101. Visiting Miss Mullin at the hospital has been her mother, Mrs. Bill Pallmeyer. Mrs. Pallmeyer was accompanied home by her granddaughter, Susan Mullin, who will visit for a few days.

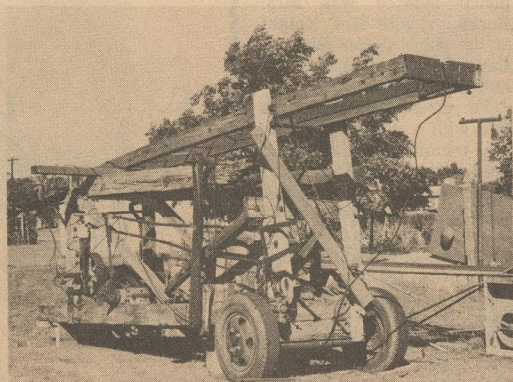

Mrs. Kenneth (Donna Sue) Thompson returned home Thursday from Central Plains Hospital in Plainview where she had been a patient.

Mrs. Reece (Grace) Timmons returned home Thursday from M.D. Anderson Hospital in Houston, where she had undergone tests.

#### American Legion And Auxiliary To Meet

The American Legion and Auxiliary will meet Monday night at 7:30 o'clock in the American Legion Building for their regular covered dish supper.

The program will be presented by Alicia Wilson and Shelley Seigler, who were sponsored by the Legion Auxiliary to attend Bluebonnet Girls State at Seguin, Texas this summer.

### Election Scheduled

An election for a director to serve in Zone IV of the Upper Pease Soil and Water Conservation District Board is scheduled for October 14 at Roaring Springs, announced H. R. Jameson, chairman of the board. The election will be held at 10:00 a.m.

State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or part of which is in the district and the voter must be 21 years of age.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 21 years of age and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district.

Zone IV of the district includes an area from a line beginning at Matador going east on Highway U.S. 62-70 and South from Matador on Highway 70 or generally the Southeast corner of the county.

Current members of the board of directors of the Upper Pease SWCD are H. R. Jameson, chairman; W. T. Ross, vice-chairman; W. D. Lipscomb, Secretary; James Bearden and W. H. Marshall.

The purpose of the Upper Pease SWCD, with headquarters in Matador is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

### 4-H Leaders Meet

A meeting of 4-H parents and leaders was held Tuesday at 8:00 p.m. in the Motley County courthouse. During the meeting, plans for the Motley County 4-H awards banquet, to be held October 24 in the school gym, were completed.

New officers for the coming year were also elected and are: President, Dorothy Russell; Vice-president, John M. "Sonny" Russell; Secretary, Elaine Hart; Reporter, Jeanetta Bosh and District Delegates will be Mr. and Mrs. Max Barton.

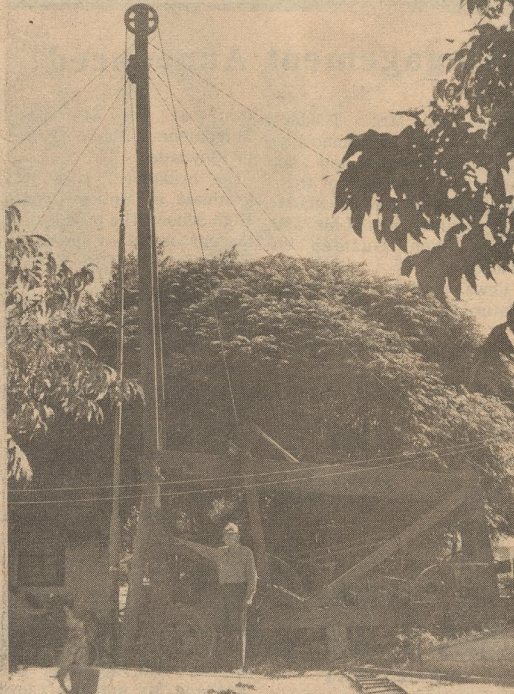

Past and future projects of the club were discussed. The leaders expressed pride in the 4-H youth and what they can do and also discussed the need for parents to become more involved.

Tanya Simpson presented a slide program and talk on her trip to Washington, D.C. for the National Citizenship Heritage Tour this summer. Tanya stated that out of 32 teenagers who accompanied her, she was the only one who received any assistance from the people of the county, in attending. She said that this gave her great pride in her county.

Tina Willman, Agent-at-Large from Vernon discussed the foods program with those who were interested in becoming leaders for this project.

After the discussion refreshments were served and the meeting was adjourned.

A spokesman for the 4-H leaders said that if parents missed this meeting they had missed one more opportunity to become involved with the things their children are interested in. "4-H has so many programs that can't be extended to our youth because we, as parents, sit back and say, 'let someone else do it.'" Leaders are scarce, and parents are reminded that if they want to have a real feeling of accomplishment, "just have a group of youngsters look to you as their leader."

### Clay Wins In World Quarter Horse Show

Miss Debbie Clay and her two year old registered mare, Sonny Cowgirl, won the Reserve World Championship award at the American Junior Quarter Horse World Championship and Convention that was held in Tulsa, Okla., August 1-6. She was presented a Trophy belt buckle with ruby gems bearing the inscription, WORLD CHAMPION. Nearly every state, as well as several Canadian provinces had entries in the 27 championship classes.

Miss Clay was notified this week she has qualified for the American Junior Quarter Horse 1977 National Championship Show that is scheduled for November 17 - 20 in Oklahoma City. Hours of preparation, hard work, miles of travel and meeting some of the toughest competition in the nation is necessary before the top ten Youth in the country pointwise in each event are eligible to participate. Among her honors, Miss Clay was president of the Golden Spread Youth Quarter Horse Association and has received recognition at the National AJQHA convention in Columbus, Ohio and the State AJQHA events in Dallas.

Debbie is the daughter of Mr. and Mrs. Ronald Clay of Flomot and is a student at Texas Tech University in Lubbock.

### Repeat Invitation

A repeat invitation has been extended Karen Elliott House, to appear on "Meet The Press."

Mrs. (Arthur) House, Washington correspondent for the Wall Street Journal is scheduled to appear on the NBC program Sunday, Oct. 2 with "Scoop" Jackson. The Lubbock affiliate station, KCBD-11 carries this program at 12:30 p.m. However, other area NBC stations carry the program live as it is broadcast earlier.

In a telephone conversation with Hank Taylor of the KCBD news department, the Tribune learned that the recent broadcast of "Meet the Press," on which Mrs. House appeared, was not used due to technical difficulties at the station. He explained that the program is not carried live on the Lubbock station due to a long-standing religious program at the 11 o'clock hour, but that it is taped to be run at 12:30.

Former Matador residents, Mrs. Loyd Richardson and Mrs. Edna Waybourn, both of Childress, saw the Sept. 18 broadcast over an Amarillo station.

"Barring unforeseen difficulties, the program will appear Sunday, as scheduled," Mr. Taylor said.

The program will be a continuation of a discussion on the energy situation.

### Matadors Undefeated

by Coach Randy Hicks

Motley County Matadors enjoyed an 18-6 win over the Nazareth Swifts last Friday night in Nazareth. Even though Harold Dempsey and Robert Parker saw limited or no action the team performed capably and well.

The Matadors gained 314 yards on the ground with Donnie Martin accounting for 117 yards and Jerry Lee gaining 116. The Matadors had 22 first downs to the Swifts 8. The offense was stymied on four drives by penalties to keep the game in constant reach of the Swifts.

With the exception of Nazareth's first offensive drive which netted a touchdown, the Swifts were only able to make 8 first downs, four of those on penalties.

Overall, coaches were pleased with the game except for the breakdowns which netted the Motley County team 190 yards in penalties.

Defensively the front wall did a good job of containing Devin Huseman, one of the finest running backs in Class B. Robert Shannon made a key defensive play by blocking a Swift punt on the 12 yard line.

This week the Matadors face Lazbuddie at 8:00 p.m. on Burleson Field for the second district game. Lazbuddie has only allowed 12 points this season making the game a real test for the Motley offense. Everyone is encouraged to come out and support the Matadors in this game.

MATADORS rip through banner prior to ripping through Swifts in the game Friday night.

### Water Witching Works Wonders

A. B. Thornton believes in "witching". The forked stick variety, that is. He has been engaged in witching -- or dowsing -- as a way of locating underground water since he was 22 years old. He says he is past 80, although one easily could doubt that, judging from the type and amount of work he does.

Last year Mr. Thornton began rebuilding a Fort Worth spudder which he had bought at Dickens, to use in drilling a water well at his home on Hackberry Street which he purchased when he and his wife moved here two years ago from Tahoka.

Since his youth, Mr. Thornton has located water and dug wells "all over the plains area from Memphis to Abernathy and Parnell and Turkey in between." He lived in Plainview 18 years while pursuing his vocation and spent 19 years in New Mexico.

Has he ever failed to find water where he drilled? Very few times, he says.

"One man I was drilling for designated the location for his well. I told him there wouldn't be any water there, but he insisted, and since it was his money, I went ahead and drilled." The hole was dry.

Mr. Thornton had picked another site nearby for the drilling, and was finally permitted to drill there. The venture proved successful.

Does he always rely on a stick to locate water?

"Not always," he replies. "I've been at it so long, I can almost tell by the lay of the land, where there's water."

There seems to be no logical explanation for the art of dowsing. A dowser is also called a "diviner," as well as "water witch." The stick is gripped between the hands, and as the dowser walks back and forth over the chosen location, if there is water, the tip of the stick turns down, pulled by some unexplained force.

Many articles and even books have been written on the subject, and associations formed, one of which is The American Society of Dowsters for members possessing the skill. It is estimated that some 25,000 people in the United States alone, possess witching powers.

Several homes in Matador have water wells, powered by pumps, for watering lawns. However, as the town was developed and before the City water system was installed, nearly every residence had its own well, powered by windmills.

Mr. Thornton remembers coming through Matador when he was living near Quitaque some 50 years ago.

"I never saw so many windmills anywhere . . . actually, Matador was known then as the Windmill City."

### DIRECTORS TO MEET

Directors from the Upper Pease Soil and Water Conservation District, James Bearden, Duke Lipscomb, Buck Marshall, Tom Ross and Skeet Jameson, will be in Lubbock October 11-13 to attend the 37th annual State Meeting of Texas Soil and Water Conservation District Directors.

The theme of this year's meeting is "Changing Challenges." Approximately 800 are expected to attend.

The purpose of the meeting is to review developments affecting conservation programs and to plan future conservation district programs and activities.

Dignitaries to address the group include Governor Dolph Briscoe; former Tennessee Congressman Dan Kuykendall, who is now president of the National Association of Property Owners; State Representative Joe Hubenak, Rosenberg; Henry Turney, Dublin, member of the Texas Soil and Water Conservation Board; David Unger, executive vice-president of the National Association of Conservation Districts, and Kenneth Kuykendall, Cherokee, president of the Association of Texas Soil and Water Conservation Districts.

El Progreso Club Observes 50th Year

El Progreso Study Club opened the 1977-78 club year with a Golden Anniversary Tea in observance of its 50th year. The club was organized in 1927 by a group of women during a party at the home of Mrs. J. K. Crews.

Miss Mary Keith reviewed "Fond Memories of El Progreso Study Club from 1927 to 1977," giving highlights of programs and other activities. The club was federated in 1929 with Texas Federation of Women's Clubs, and is in the Santa Rosa District, TFWC.

Mrs. Franklin S. Price, president, was leader for the program, and Mrs. Robert Darsey was hostess for the meeting.

Reports on summer activities were given by Shelley Seigler and Alicia Wilson, who attended Girls State, at Seguin, Tex., and Tanya Simpson, who attended the 4-H National Citizenship Heritage Tour to Washington, D.C.

All three girls gave enthusiastic reports and thanked the club for its support in sending them as delegates.

Shelley and Alicia explained that Bluebonnet Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary.

Non-partisan and non-political, the purpose of the Girls State program is to provide citizenship training for girls of high school age. They learn the problems of government by assuming the duties of city, county and state officials as stipulated by the Texas Legislature.

Each year citizens are selected at local levels from students who have just completed their junior year in high school. The selection is based principally on leadership, character and scholarship.

Tanya had the good fortune of being in a Texas group which Congressman Jack Hightower personally conducted on a tour of the capitol.

Opening song was, "This is My Father's World," followed by prayer by Mrs. Clarence Jenkins. Scripture read was Eph. 2:14 from the Upper Room, given by the leader.

In her discussion, Mrs. Pipkin gave a bird's-eye view of the countries of Southern Africa to be included in this study. She spoke of the location, land area, capital cities, population, official language, other languages, religions, climate, and products, and the beginning of trading companies coming in.

No further business was conducted and closing prayer was by Mrs. Nelson McMahan.

More than 600 4-H members from 14 states were in Washington for tours. Tanya traveled with a group which left from Dallas.

Eight days were spent traveling and six days in Washington. Tanya described her feelings as she stood on the steps of the Capitol: "It made me proud of my country, as I never was before. It was a feeling I couldn't describe."

In addition to Washington, the group visited Memphis and Nashville, Tenn., Williamsburg, and Charlottesville, Va., NASA Space Center in Huntsville, Alabama and Vicksburg, Miss.

Following her talk Tanya showed slides of the 4-H Heritage tour. So impressed with Washington was Tanya, that she plans to return next summer to work.

Inspirational Thought was by Mrs. E. A. Day.

Following the program, the group enjoyed tea, prepared and served by a committee composed of Mesdames W. F. Jacobs, R. E. Campbell Jr., W. N. Pipkin, Furman Vinson and Mrs. Darsey.

A guest, Mrs. Vernon Higginbotham presented piano selections during the tea, which ended with a "sing-along" by several members.

The tea table was covered with a lace and polyester cloth and centered with an arrangement of red and white carnations, flanked by white tapers. Mrs. Price poured punch and Mrs. John Hamilton presided at the coffee service. Tea cookies, mints and nuts were served.

Mrs. Billy Paul Simpson of Northfield was a guest at the meeting, in addition to Mrs. Higginbotham and the girls on the program. Members present in addition to those mentioned were Mesdames Harold Campbell, Ben Keltz, J. E. Edwards, D. E. Pitts Sr., Ralph Stapleton, J. L. Woodruff, W. F. McCaghen, Frank Pohl, Bill Pallmeyer and Douglas Meador.

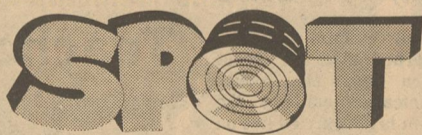

Arts-Crafts Club To Meet

The Motley County Arts and Crafts Club will meet in the Woodruff building Monday, October 3, at 10:00 a.m. The business session will begin at 10:30.

Mrs. Lynn Daniel, representative from "The Country Morning" Needlecraft and Woodcraft Shop in Floydada will give a program-demonstration. She will demonstrate rug making, wall hangings, Christmas novelties and other yarn crafts.

A good attendance is urged for this meeting.

LOW NET PLAY

Ten players met for regular Thursday play for low net... Louise, Laverna, Francine, Leona, Mickey, Mary, Tommy, Kathryn, Dorothy and Hazel...

Low net winners: Mickey (below 20) 31, and Kathryn (above 20) 30.

Meeting at El Matador following play, for coffee and some lunching -- were Laverna, Louise, Leona, Mickey, Francine, Mary and Hazel.

VISITOR

James Clark of Dallas and Oklahoma City (a great-nephew of the late Mrs. G. B. Parkhill) visited here Monday -- and got an introduction to "sand greens" ... playing with the "Drop-outs" (Howard, Marvin and Clay) -- and Hazel. He had no trouble at all and shot par (36) -- saying he had played grass greens that were worse than the sand ones here. He has played on courses in England and has an interesting set of clubs which he has accumulated over the years -- getting some from the "pros" ... and a putter from Lee Trevino; also clubs from Jack Nicklaus and Ben Crenshaw!!

ATTEND CHURCH

Bride-Elect Is Honored

Miss Peggy Marrs, bride-elect of Arlan Winegarner, was complimented with a shower Saturday evening, Sept. 24 in the home of Mrs. Ward Rattan. Hostess duties were shared by Mesdames Rattan, John Irwin, Ted Elliott, W. W. Clements, Jinks Wilson, Kirby Campbell, R. C. Giesecke, Howard Traweck, John Briscoe, Pete Knight, Billy Joe Whitaker, W. E. Burkham, Edgar Lee, Ralph Jones and Alfred Barton Jr.

The courtesy was held from 6:30 p.m. until 8:00 p.m. with Mrs. Campbell registering the guests.

Presiding at the crystal punch service was Mrs. Burkham, with Mrs. Knight at the silver coffee service. Canapes, cookies, mints and nuts were served.

The refreshment table was laid with a white polyester, lace-trimmed cloth and centered with a floral arrangement combined with votive candles and flanked by white doves. The bride-elect's chosen colors of apricot and white were featured.

Out-of-town guests included Mrs. B. H. Marrs, grandmother of the honoree, and Mrs. Ben Marrs Jr., of Paducah; Mrs. Herbert Winegarner of Campo, Colo., mother of the prospective bridegroom, and her daughter-in-law, Mrs. Norlan Winegarner and small son, Josh of Spearman; and Mrs. John Dunlap of Floydada, the bride-elect's sister.

Joining the ladies after the reception were Messrs. Ben Marrs, Herbert Winegarner and sons Arlan, Verlan and Rolan, John Dunlap and Ward Rattan.

Both Miss Marrs and her fiancé are employed in Spearman and will make their home there following their wedding in October.

Mr. and Mrs. Mike Hoyle spent a week recently, at Lake City, Colo., after attending the wedding of Lisa Smallwood, in Meade, Kansas.

**SWCD DIRECTORS**

Gov. Briscoe will be the honored guest at an informal "get acquainted reception" Tuesday evening.

Former Congressman Kuykendall is also president of DK Consultants, Inc., a firm which provides Washington representation for business and professional groups and associations.

As a member of Congress, Kuykendall was a defender of the free enterprise system. He worked to keep government interference in the private sector at a minimum.

State Representative Hubenak, who is currently 17th in seniority in the Texas House of Representatives, is chairman of the Committee on Agriculture and Livestock. He is also a member of the Committee on Social Services and is chairman of the Subcommittee on Correctional Institutions. He serves on the Committee on Rules.

Prior to his appointment as head of the Texas Department of Agriculture, Commissioner Brown served as special assistant to Governor Briscoe in the area of developing rural and agricultural programs.

Commissioner Brown is fulfilling the unexpired term of John C. White who assumed the position of Deputy Secretary of Agriculture in the Carter administration.

Turney, a rancher-farmer from Dublin, represents State District V on the Texas State Soil and Water Conservation Board. He is also an instructor of range management at Tarleton State University in Stephenville.

Turney is a past director of the Upper Leon Soil and Water Conservation District. He is also a past director of the Association of Texas Soil and Water Conservation Districts.

Unger has been actively engaged in conservation programs for over 25 years. Prior to joining NACD in 1964, he served eight years as director of the Pennsylvania State Soil and Water Conservation Commission.

Earlier Unger worked for the Upper Susquehanna Watershed Association in New York and the Ohio Department of Natural Resources.

Kenneth Kuykendall, president of the Association of Texas Soil and Water Conservation Districts, ranches near Cherokee, Texas. He has served as a director of the San Saba-Brady SWCD since 1961. He is a member of the Colorado Basin "208" Planning Advisory Committee. He is also a member of the National Association of Conservation Districts' Council and District Operations Committee.

The Association of Texas Soil and Water Conservation Districts will elect three state directors and alternates during area discussion sessions on Wednesday, October 12. The Association president and vice-president will be elected at the business session on Thursday.

Following the adjournment of the meeting, a tour will be conducted on the Frank Gray

farm near Lubbock. Gray's farming operation is unique because it is considered to be the largest individually operated and probably the oldest sewage effluent irrigated farm in the country. Gray and the City of Lubbock have a contract whereby he received all the city's treated sewage water which amounts to approximately 17 million gallons daily.

**County Agent Pallmeyer Says**

Demonstration handbooks containing all the tests carried out in the county last year have been mailed to those who have requested them in the past. I still have a few copies on hand if there are others who would like one.

+++  
Included with the mailing of the above was a copy of the recently received Soil Survey of Motley County which was done by the SCS. If you didn't receive a copy, and would like one, contact either the SCS or myself.

+++  
I am sure that custom operators who must obtain a commercial applicators license or those who need a Noncommercial license saw the notice of the meeting in Floydada in the paper last week. In case there are still others who need a license of this type, the following meetings may also be attended.

Plains Co-op Mill, 2901 Ave. A, Lubbock on Sept. 26-30. Meetings start at 8:30 a.m. and if interested in attending, contact W. P. Morrison, Extension Entomologist, Rt. 3, Box 213AA, Lubbock, Texas 79401.

The other chance is Oct. 11-14, at the Extension and Reserach Center at Lockett on Oct. 11-14. These meetings also start at 8:30 a.m. and if interested in attending contact Emory Boring, Area Entomologist, Box 2159, Vernon, Texas. 76384.

+++  
Some are still asking about a meeting to certify Private applicators. A meeting will be scheduled in the county if the requests justify holding a meeting. If you need a meeting of this type, let me know, or if you prefer the "home study" course, come by the office, as I have this material available.

+++  
One placing was omitted from the write-up on the 4-H Playday last week. Jeff Braselton, Matador, exhibited the 1st place 3 year old mare, Holly.

+++  
Don't store onions and potatoes together. Onions can sprout or rot in the moisture potatoes give off. Store onions in a cool, dry place.

**Easter Seal Treatments Up**

The Texas Easter Seal Society with its network of affiliate treatment centers and volunteer chapters and representatives provided, in the year ending August 31, 1976, some 485,215 units of appropriate therapies to 11,726 handicapped children and adults of Texas. This is an increase of 958 disabled citizens served in 1976.

This growth in needed services requires a concurrent growth in public support. Total income to the

Texas Easter Seal Society and its affiliates increased by \$668,581. This represented an increase of 25 per cent over the previous year. It is this measure of support, reflecting as it does public confidence in the programs of the Easter Seal Society, which made it possible for handicapped Texans children and adults to receive needed therapies, equipment and services.

The Easter Seal Action Line program initiated in June of 1976, and provides information, referral, and follow-up services to the disabled of the state has proven to be a much needed and very successful service. Beginning last June with only 22 calls a month, the Action Line is receiving an average of 225 calls today. This service is designed to serve as a link between the handicapped and those services needed. With just a call, persons can receive assistance in locating services they need, where it can be obtained and who can provide it for them.

"Actually, the need to spend additional money in establishing new service programs is not as important as we would suspect," stated William E. Russell, Executive Director of the Texas Easter Seal Society, "but a more effective use of current budgeted programs is needed through a referral service such as the 'Easter Seal Action Line.'"

The fact of such increases prompts the Easter Seal Society of Texas to constantly evaluate the needs of the handicapped; to strive not to duplicate existing resources; to advocate for the needs of the disabled, and, to identify unmet needs.

Easter Seal Action Line, a 24 hour, toll-free number (1-800-492-5555), can be used by any disabled person and their families to obtain information regarding help they may need. The public is reminded that if they are handicapped, or if they know of anyone who is handicapped and is in need of help in locating a needed service, call the Easter Seal Action Line's toll-free number 1-800-492-5555, night or day, seven a week.

Sut Braselton is treatment and service chairman in Matador and anyone needing a referral can contact him.

**W.M.U. Has Meeting**

The Matador First Baptist Womens meeting met September 27 in the home of Mrs. J. D. Craven with twelve present. Opening prayer was by Mrs. Bill Dunning, chairman. A business meeting was held and cards were sent to the sick and those in sorrow.

Leader for the program was Mrs. C. D. Garrison, who told those present, "We as a W.M.U. are to be 'Know Bodies and Do Bodies' as Baptist ladies of the church."

The W.M.U. group invites all Matador women to attend their meetings which are held each Tuesday afternoon at 3:15.

Mrs. Stuart Dixon closed the meeting with prayer.

Those attending in addition to those mentioned were Mesdames Audrey Price, Ben Keltz, Ed Lee, Lloyd Fulkerson, J.L. Woodruff, Bill McCaghren, Velma Fulfer and Bertha Stearns.

**Rites Held At Spur For Mrs. Starcher**

Funeral services for a longtime Dickens County resident, Mrs. Nona Starcher, 84, were held Thursday, Sept. 15 in the First Baptist Church, Spur. The pastor, Rev. Norris Taylor officiated.

Mrs. Starcher, who also had lived in Motley County, died Sept. 14 about 5 a.m. in Hendricks Hospital, Abilene, where she had been taken following a fall at her home in Spur. She had been recovering from a broken hip.

She owned and operated Starcher Insurance Agency at the time of her death. She was the wife of a former publisher of the Motley County News (1920-21) and also of a paper in Roaring Springs before moving to Spur in 1922. They established the Dickens County Times that year and continued its operation until Mr. Starcher's death in 1943. Mrs. Starcher had operated her insurance agency since 1944.

The former Nona Cagle and William Dodge Starcher were married in Denton in 1912. She was a sister of the late Mrs. W. R. Cammack (former Jennie E. Cagle).

Mrs. Starcher was a member of the Baptist Church, Eastern Star and Daughters of the American Revolution. She was chairman of the Dickens County Democratic Committee.

In December of 1972, she was honored by the Spur VFW Post 7212 as the Outstanding Citizen Through the Years. She was very active in politics and counted many nationally known poli-

ticians among her friends. They included the late Lyndon Baines Johnson and Congressman George Mahon.

One son, W. D. Starcher, Lubbock, survives, along with several nieces and nephews. Two grandchildren also survive.

Burial was in Spur Cemetery.

## FmHA Liberalizes Emergency Grants

A more liberal formula for determining the amount of grant funds, supplementing loans available for improvement of rural community water systems affected by drought, has been put into effect in Motley County by the Farmers Home Administration (FmHA), the agency's District Director, H. J. Leslie, announced this week.

Motley County has been made eligible for FmHA emergency loans and grants under President Carter's drought assistance program, to help communities having diminished water supplies, resulting from drought conditions, in designated drought areas. Applications for projects approved must be made in time for funds to be obligated by September 30, 1977.

District Director Leslie said the revised regulations will enable FmHA to apply a formula on grants similar to that used by other federal agencies that help to finance drought emergency water system projects.

In calculating a community's ability to repay an emergency loan for water system improvement, FmHA previously has taken into account existing indebtedness only for water facilities. The new formula lets FmHA take into account the applicant's existing indebtedness for all purposes. This is expected to increase the grant portion of FmHA funding of many projects.

The new regulation also provides that some projects, previously not eligible for grant assistance, may receive FmHA grants of up to 20 per cent of total eligible project development costs, if they are needed to safeguard public health and safety. A larger proportion of grant funds, up to 50 per cent, may be provided if justified through the formula for determining the community's ability to repay a loan.

Application of the revised formula has been made retroactive to May 6, 1977, except where loan and grant funds have been delivered to the borrower. Financing of projects previously approved but not yet funded will be adjusted to the new formula, Leslie said.

In addition to the September 30, 1977, deadline for obligation of funds, the drought emergency program imposes an April 30, 1978, deadline for completion of projects. Communities of up to 10,000 population may be included in the service areas of water system receiving FmHA loans and grants. Loans are made for terms of up to 40 years, at an interest rate of 5 per cent.

Mr. Leslie said information on project assistance can be obtained from FmHA's Motley County office at Matador.

## Solar Eclipse To Take Place

Barring overcast skies, Wednesday October 12 will see a partial solar eclipse taking place for residents of the Panhandle. About 37 per cent of the sun's disk will be covered by the new moon, according to Arthur Schneider, Planetarium Director of the Discovery Center in Amarillo, Texas.

The eclipse will be visible over Eastern Siberia, much of the Pacific, most of North America, Central America and part of South America. It will appear as a total eclipse over the Pacific Ocean and part of Columbia as the sun is setting.

The Partial eclipse will begin here at 2:51 p.m. CDT, with the moon's first contact at the sun's edge and end at 4:53 p.m. Mid-eclipse will occur at 3:52 p.m.

To the naked eye, there will be no noticeable change in the daylight illumination, Schneider said. Persons not expecting the event will probably not notice it, although some might see the peculiar shape of "pinhole" images of the sun cast by trees and bushes, he explained.

Observing the sun directly is extremely dangerous, whether done with the naked eye or with instruments or filters of any kind, and can cause permanent eye damage. Dark glasses, smoked glass or welder's goggles are not safe for observation, either, because none give complete protection against the sun's invisible rays.

The only totally safe method to observe is indirectly, with one method the projection of the sun's image with a telescope onto a white card, with a sunshade over it, being extremely careful not to view the sun through the instrument. The telescope can be "aimed" at the sun by observing the shadow of the telescope cast on the ground to see when it is pointed at the sun.

Activities which can be safely carried out without direct solar observation include recording the gradual fading and recovery of the sunlight with sensitive photographic exposure meters. These can be set to face a wall or white surface placed on the ground.

Indoors, closed Venetian blinds in a window facing south may produce rows of "pinhole" images of the sun where sunlight passes through small openings. Also, a small hole pierced in a dark shade will cast a sizeable eclipse image on the wall, floor or screen. Using these methods, Schneider said, even a person confined indoors can view the event.

## Quarter Horse Show Slated

LUBBOCK -- H. D. "Butch" Hosmer of Hudson, Colo., will judge the quarter horse show slated during the 60th annual Panhandle South Plains Fair here, according to Steve L. Lewis, general manager.

Quarter Horses will go into the arena in Fair Park Livestock Pavilion beginning at 8 a.m. on Oct. 1, final day of the eight-day run.

Doyle Warren will be superintendent and Mack Heald assistant. Ring steward will be Bob Middleton and D'Lynn Whitten will serve as secretary.

Total premiums of \$1,550 are being offered for halter class competition with \$800 added for performance classes, Lewis said. The show is sanctioned by the American Quarter Horse Association. Premiums will range from \$35 for first place to \$5 for sixth place in both performance and halter classes.

It's the second of two horse shows slated during the exposition. An open horse show was held on opening day.

Lewis said plenty of good seats still are available for the two remaining shows in Fair Park Coliseum -- Mel Tillis and the Statesiders Sept. 27-28 and the Barbara Mandrell Show with Ronnie Prophet, Sept. 29-30. Shows will be presented only at 7:30 p.m. daily.

Tickets are available at the Coliseum, Sears, Dunlap's, Luskey's, Ed's Wagon Wheel, Lubbock Western World and at Hemphill-Wells in South Plains Mall. Ticket information may be obtained by calling 744-9557.

Reserved Seat tickets are \$6 and general admission tickets are \$5.

## Lubbock Area Reading Conference

A large number of teachers and administrators from the Lubbock area public schools and colleges is expected to attend the Reading Conference September 30 and October 1. The Wonderful World of Reading will be the theme for the conference to be held in the Coronado High School, 3307 Vicksburg, Lubbock.

The reading conference is sponsored by the Texas Association for the Improvement of Reading. Locally, it is a joint effort of Lubbock and area public schools and of Texas Tech University.

### Leaders To Speak

Two leaders in the field of reading instruction will give addresses at the general sessions and interest groups. Dr. Ted Clymer and Dr. Walter Barbe, recognized as outstanding contributors to the field of reading will be speaking on these topics "Teacher, Can You Help Me - I'm Kinda Mixed Up" and "Reading-Fun With A Purpose."

In addition to the general sessions Friday afternoon at 4:00 and the Saturday morning session at 9:15, 16 small group meetings are slated. Master teachers from Lubbock, the area schools, Texas Tech, Lubbock Christian College and Fresno State University, as well as Dr. Clymer and Dr. Barbe will be resource persons for these sessions. An Ideas Fair, directed by Clint Johnson, will be in the Boys' Gym. Mr. Ken Black, Houston President of the Texas Association for the Improvement of Reading will preside during the first general session of the convention at 4:00 p.m.

Area teachers may register Friday beginning at 3:30 p.m. or may pre-register with Duane Brown, principal of Wheatley Elementary, 1802 East 28th Street, Lubbock, Texas 79404. The sessions will conclude at noon on Saturday. Representatives from many publishers will have exhibits in the cafeteria area of the building.

Local officers of the conference include the TAIR Area Vice President, Dan McPherson and Secretary-Treasurer, James Baker, both Lubbock administrators. Representative of the College of Education at Texas Tech is Dr. John Rogers.

## Austin Rites Are Held For E.S. Plemons

Funeral services for Elmore Sims Plemons, 72, were held at 10 a.m. Tuesday at the Cook-Waldon Funeral Home in Austin. The son of Mrs. H. Plemons of Matador, Mr. Plemons died Sunday morning, Sept. 25, following a lengthy illness.

He was born August 23, 1905 in Amarillo, and came here as a youth, when his parents moved here. He attended Matador High School, and later graduated from Texas Tech. He served in the National Guard and was a veteran of World War II, serving with the 36th Division

at Camp Bowie, Brownwood. He was discharged a major. He had been a resident of Austin for over 20 years and had been employed by the State Welfare Dept., in the commodities program, as auditor.

Survivors include his wife, Mary Lillian, of Austin; a daughter, Mary Ann, of San Antonio; his mother, Mrs. H. Plemons, Matador; one brother, Will Plemons, Matador; a sister, Mrs. Ruth Lowrimore of Lubbock; and one grandchild.

Mrs. J. D. Palmer visited her daughter-in-law, Mrs. Johnny Palmer in St. Mary's Hospital in Lubbock last Thursday.

The Robert Millers visited in Amarillo Tuesday and Wednesday of this week. They attended a surprise birthday dinner in the home of Carl Hill and visited with friends and relatives.

Visitors in the home of Robert Miller Saturday and Sunday were Mr. and Mrs. Lloyd Dye of Anton, Texas. Mrs. Dye is Mr. Miller's sister.

Mr. and Mrs. Billy Hand and Kim visited from Friday until Monday with their daughter and husband, Mr. and Mrs. Randy Barton in Little Rock, Arkansas.

ATTEND MEETING Mrs. Bill (Jo Ann) Durham and Mrs. Curtis (Linda) Ozborn of Jo Ann's Country Coiffure in Roaring Springs attended a meeting of Affiliate 61 in Plainview Sunday, Sept. 18. A very informative demonstration on Solar fashion make-up was given by Paula Moore, Plainview hairstylist and affiliate president. The meeting was held in the Centre Room of the City National Bank.

### ROARING SPRINGS GUILD HAS MEETING

The Roaring Springs Guild met Wednesday, Sept. 21 in the home of Mrs. Bill Peacock. The meeting was opened with the Lord's prayer in unison. The president, Mrs. Ray Zabelski, presided at the business session. It was reported that the quilt has been finished and is now for sale.

Freda Keahey gave the devotional and the study from Mark 13 and 14. Miss

Keahey also gave the benediction, and refreshments were served to those mentioned and Mesdames Roy Bradford, Clyde Clifton, Ruby Burt, Joe Gipson and Miss Lula Swim.

### TO DALLAS

Mr. and Mrs. Joe Smith and their daughter and husband, Mr. and Mrs. Alvin Alexander of Knox City, flew to Dallas recently where they visited their son and brother and wife, Mr. and Mrs. James M. (Chip) Smith. While in Dallas they attended the Dallas-Philadelphia football game at Texas Stadium.

## Health

By George Burch, D.V.M.

Good news for pet owners: a vaccine is now available to prevent canine parainfluenza, considered the major viral contributing factor to tracheobronchitis (kennel cough) which afflicts thousands of dogs annually.

This respiratory infection is transmitted mainly through the air wherever dogs mingle - kennels, dog shows, or at play. Canine parainfluenza virus is often a significant part of the cause. Veterinarians have not had a vaccine against it until now.

"I have announced my candidacy for Governor of Texas. I'm confident I can and will win."

"According to a statewide poll, 6 out of 10 people are ready for a new governor. The poll only confirmed what I've been hearing all over Texas this year. People are against the idea of anyone holding the state's highest office for 10 years. No governor has been given 10. It goes against a tradition that's as old as Texas itself."

"There are other reasons folks are ready for a new governor. State spending has jumped from \$3 billion to \$8 billion the last 6 years. The Dallas Morning News reported, 'during Briscoe's years in office, nearly all state government will have gone on a spending spree.' And the Governor has done nothing to discourage it. He's vetoed less than two-tenths of one percent of the two previous budgets and not one penny's worth of the current appropriations; it's the first time that's happened in twenty years. In a related story, the News pointed to the fact that during the Briscoe years the number of employees paid by the state has risen by 50,000."

"And, while we've heard the boast of 'no new taxes,' we've seen our property taxes increase by \$1 billion along with substantial hikes in state licensing fees."

"I've traveled the state this year, visiting with folks. Whatever their overall assessment, most Texans lacked confidence in the present governor's persuasiveness and vision. They felt he had failed to measure up to their expectations and to live up to his promises."

"Texans are hungry for an effective gubernatorial spokesman on energy policy. They are frustrated that our governor hasn't been able to get the Texas viewpoint across in Washington. They are wondering, too, why our governor hasn't been speaking out forcefully for a farm policy that would help our beleaguered farms and ranches."

"I fully agree with the people's assessment; that's why I'm seeking the office of Governor."

"I'm proud of my record as Attorney General and Secretary of State. It shows that I'm not afraid to roll up my sleeves and work hard. It indicates that I have the ability to assemble a capable staff, that I prefer to work closely with people, and that I'm not reluctant to make changes when they can benefit the state. I'll be this kind of governor, given the job."

### DPS Seeks Recruits Fair Booths Filled

The Texas Department of Public Safety is actively recruiting applicants to fill the ranks of its uniformed services. Major C. W. Bell, Regional Commander of the DPS, announced that the training school for new uniformed law enforcement personnel will begin December 6, 1977.  
The Major noted that the DPS has been increasingly successful in recruiting persons from minority groups to these positions and said efforts in this direction will continue.  
Also in keeping with the current trend, female applicants will be considered for these rewarding careers in law enforcement.  
Major Bell said general qualifications for DPS officers are these: applicants must be 20 through 35 years of age; good moral character excellent physical condition;

visual acuity of 20-40 correctable to 20-20; and a minimum of 60 semester hours of college credit.  
"Among the many benefits that troopers enjoy," Bell pointed out, "are two weeks' annual vacation; all holidays provided for by the Legislature; modern, liberal retirement system; group hospitalization and life insurance plans; traveling expenses; longevity pay; and uniforms with all the necessary equipment to perform their duties."  
For complete information concerning the position of trooper, training and benefits, Bell asked that those who are interested contact the nearest DPS trooper or DPS office. "In return," he said, "they will receive complete information in regard to the application and employment procedures."

All of the available 124 booths at the Running Water Arts and Crafts Festival have been filled, according to its director, Rob Strong. The third annual Festival is scheduled for October 14 - 16, 1977 at the Hale County Agricultural Center in Plainview. Co-sponsored by the Plainview Rotary Club and Llano Estacado Museum, the Festival has attracted almost 150 talented artists and craftsmen from Texas, New Mexico, and Oklahoma. These artists and craftsmen represent many media including painting, sculpture, weaving, pottery, glassblowing, egguary, quilting, photography, woodworking and quilting, among others. Many of them will be giving demonstrations of their art or craft form during the Festival.  
The Festival will be open to the public from 10:00 a.m. to 9:00 p.m. on Friday and Saturday and from 12:00 noon to 5:00 p.m. on Sunday. Admission is \$1.00 for adults and .25 for students. Proceeds from the Festival benefit the Museum and various Rotary projects in the community.  
The Festival last year attracted almost 30,000 people. A capacity crowd is also expected this year.
