Roaring Springs Has New Water Tower

Roaring Springs now has a new completed water system and a new water tower. Pictured at right is the new big white tower which sets beside the old tower. The old tower is part of Roaring Springs history and will be left standing.

Local 4-H'ers Compete in State Roundup

COLLEGE STATION -- Nearly 450 4-H Club members from around the state were winners at the 1990 Texas 4-H Roundup at Texas A&M University June 4-6.

More than 2,400 young people participated in 41 contests at the biggest Texas 4-H event held each year.

In addition to contests, 107 scholarships totaling \$591,000 were awarded to outstanding teens by the Texas 4-H Foundation, the service organization of the

Texas Agricultural Extension Service 4-H Youth Development Program. Texas has the largest 4-H scholarship program in the country.

Scholarship recipients were judged on their 4-H experiences, leadership skills, projects, community service, personal need, and academic performance.

A favorite part of Roundup is the 4-H Food Show. Contestants prepare dishes based on favorite recipes in one of four categories - nutritious snacks and desserts, fruits and vegetables, breads and cereals, and main dish. First-place prizes were \$750 scholarships.

In 40 other contests ranging from agronomy and entomology to rifle shooting and talent skits, young people were judged according to their knowledge and skills. Many of the contests featured method demonstrations and illustrated talks.

"Roundup is a time to recognize outstanding young people as well as adult leaders, alumni and sponsors," said Gayle Hall Laine, 4-H youth specialist and Roundup coordinator. "It's an excellent learning opportunity for hundreds of young people."

FOCUS ON HEALTH: Third place - Lacey Parks of Roaring Springs and Cathey Perryman of Matador, received third place for their demonstration on health. Lacey is the daughter of Mr. and Mrs. Harold Parks of Roaring Springs and Cathey is the daughter of Linda Perryman of Matador.

Special Production of "TEXAS" Presented for News Media

was a very moving experience for me. I attended "TEXAS" during the Sesqui-centennial celebration and was impressed with the performance. This year's "TEXAS" promises an enjoyable time to anyone who attends, especially to those who have attended in the past.

The talented cast, colorful costumes, and beautiful music contribute to an excellent performance. The sound effects are so realistic, it's hard to tell what is real and what isn't. The raindrops on our faces convinced us that most of the thunder and lightning bouncing off the canyon walls was not all man-made!

It was an honor to meet Jerry Williams, who has played the comedy lead, Tucker Yeldell, for 23 years. I was able to get his autograph and talk with him a few minutes before the show. Mr. Williams is a teacher for the deaf in Amarillo Independent School District during the school year and an actor during the summer.

The feeling of pride as the flags of Texas paraded across the backdrop of the 600 ft. canyon, was a memorable experience for me.

I would recommend anyone to go and see the play "TEXAS." I enjoyed it and I'm sure you would too.

Vacation Bible School to begin June 25th

The First Baptist Church of Matador will hold Vacation Bible School on June 25-29. It will be from 9:00-12:00 each morning. All children, ages 3 years to 6th grade are welcomed to attend.

The Youth Group from Calvary Baptist Church of Vernon will be assisting the workers this year. So, many exciting things have been planned.

Each evening there will also be a Youth Bible School held. It will start at 7:00 p.m. Young people of Jr. High and High School ages are invited.

Fire Department Responds to Grass Fires

Several pasture fires were set last week by lightning.

The Matador Volunteer Fire Department was called Tuesday, June 12 to Tongue River Ranch, southeast of Matador.

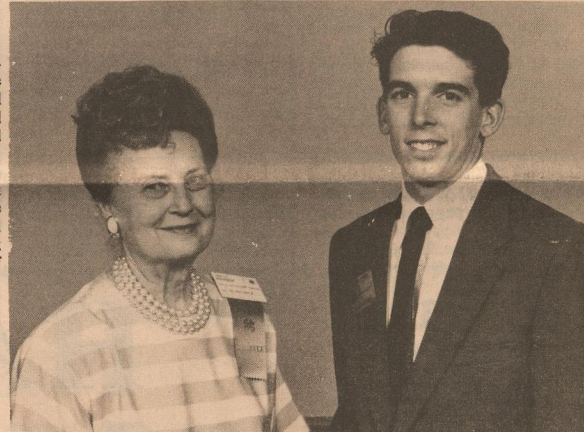

Other fire calls were over a period of 3-4 days, all set by lightning, two at Tongue River, one on Gentry Brother's Ranch, partly in southeast Motley County and partly in northeast Dickens County. One more call was at the Assembly of God Youth Camp, east of Roaring Springs.

These fires were small and scattered, burning 30-150 acres at each fire.

Motley County Residents to be Eligible for FEMA

Congressman Bill Sarpulius' office called the Tribune office on June 15 to inform the citizens that Motley County had been added to the list of Counties eligible for FEMA (Federal Emergency Management Agency). This opens the door for individual assistance to citizens due to hail, flooding, draught, etc.

For application for individual assistance call 1-800-782-6681.

WILLMON WINS AT 4-H ROUNDUP: Rusty Willmon of Afton, right, was presented a Raymond Dickson Foundation scholarship during the 1990 4-H Roundup June 4-7 at Texas A&M University. With him is Mary Francis (cq) Robertson, Texas 4-H Foundation official. Rusty is a 1990 graduate of Motley County High School and is the son of Mr. and Mrs. Dean Willmon of Afton.

Barbara's Bylines

"TEXAS" is celebrating their 25th year in performing Panhandle history to music at the beautiful amphitheater in Palo Duro Canyon.

The news media was invited to its dress rehearsal Tuesday, June 12.

This is the 25th Anniversary show and they have added a spectacular fireworks and lighting show, as well as outstanding flag flying ceremony. They have new costumes and props that add to the making of a wonderful evening of entertainment.

I would recommend this if you haven't ever seen it and even if you have it is worth seeing again.

Plans are being started for the Centennial Celebration in 1991. Looks like we may have a date set for Memorial weekend (unless the Buckskinners change the date) for the first events for Motley County's 100th Birthday.

Everyone can start making plans now and be sure and tell groups interested in joining in for the festivities, such as car clubs, riding clubs, special groups and organizations, etc. Let's make it BIG!

Some of you may have noticed the Tribune has a new employee, Amy Woolsey has joined our staff on Tuesdays. She is a Junior in Motley County High School and is the daughter of Judy and Darrell Woolsey. Welcome Amy!!

Carla and I know by hiring a high school student, they will leave us for greener pastures after graduation, but we enjoy having these young ladies. We hope the experience will be good for them as they make plans to go on choosing careers in their adult life.

Amy was hired to take Memori's place, who we have also enjoyed working with the past year. Good luck in your future Memori. We love you!

Tax Rebates Show Increase

AUSTIN, Tex. -- State Comptroller Bob Bullock said Friday that his office sent checks totaling \$83.3 million in local sales tax rebates to cities and counties in Texas.

"We're seeing another month of strong sales tax figures and that's good news for Texas," Bullock said.

Checks to cities totaled \$74.9 million, an increase of almost 13 percent over rebates to cities last June, Bullock said. So far this year, total rebates to cities are up to 7.8 percent.

Houston received \$12.6 million, the state's largest payment while Dallas received the state's second largest payment

of \$8.2 million. San Antonio received \$4.5 million and Austin received \$3 million.

Rebate checks to counties totaled \$8.4 million this month for an increase of nearly 17 percent over last year's total payments at this time. The increase is partly due to more counties collecting sales tax now, Bullock said.

This month's checks include taxes collected on April sales and reported in May by businesses filing monthly tax returns.

Also included with this month's checks are quarterly payments totaling \$130 continued on page 2

Motley County Tribune Receives Special Recognition from Secretary of State

The Motley County Tribune recently received a letter and a Special Meritorious Service Award from George S. Bayoud, Jr., Secretary of State. The letter reads as follows:

Thanks to you and the work of your fine staff, Phase 1 of my office's VOTE '90 campaign has been a tremendous success. Voter registration in Texas has

reached an all-time high of nearly 8.3 million and turnout in the March 13 primaries and April 10 runoffs was the highest in recent years.

The Motley County Tribune deserves much of the credit for VOTE '90's success. By publishing our public service advertisements, you have helped me spread the word about how important it is for Texans to register and vote.

Again, I want to thank you for playing such an important role in encouraging people to participate in the electoral process. I am sincerely grateful for your continued commitment and support.

The letter was signed by George S. Bayoud, Jr., Secretary of State.

EVERYONE WELCOME!

Rays of Hope

by Lola Eason

A certain lady prayed a great deal for patience. She complained to another Christian that while she prayed for patience, all she seemed to get was trouble. "The Lord is sending you trouble in order to produce patience in you," was the reply. It is an answer to your prayer, accept it from the hand of the Lord, for it is part of your training."

Hebrews 10:36 says, "For ye have need of patience, that, after ye have done the will of God, ye might receive the promise." I think most of us think patience is simply a word, we would prefer to forget." The more I study the word patience, the more I realize I cannot be a Christian without it. It is very true every-one of us, at one time or another, has said, "I've lost my hope, and I don't see how I can go on." It could happen at the loss of a loved one, the deterioration of our health, or betrayal by a friend. At these times, we are discouraged and despairing. We are ready to quit. Also at this point we have a choice to get better or to get bitter.

When Satan wants to gain victory over a believer or keep the believer from fighting the good fight of Faith, all he has to do is change the believer's attitude toward victory. When a believer is con-

vinced that victory is no longer possible, he is defeated.

When the circumstances of life threaten to engulf us, we become occupied with what we are going through. We forget that we are in the hand of Christ. In that relationship we are doubly secure and safe. We forget God has a purpose for his child that involves every detail in his life. We forget God is conforming us to Jesus Christ and has selected just the things for us to experience in order that the image of Christ might be revealed in us.

Look away from ourselves and look to the Lord Jesus Christ. He is the one who removes faintness of heart, and gives valor for the battle. Look to Him and you will be encouraged.

"The Gift", by Susan Cameron, God has given me freedom. I can decide if I'll face a challenge with joy and conquer it with Faith. I can choose who to follow, who to lead, who to love. I can determine if it's worth my time, if your worth the trouble, or if that's worth the effort. I can pick words I write, the things I read, the activities I ignore. I am an individual. I have the power to choose. I have chosen Christ. I have the privilege to obey.

Demonstrative Program at Do Gooders' Club in Flomot

The Do Gooders' Club of Flomot met Tuesday afternoon, June 12 at the Community Center in Flomot with Mrs. Tim Washington and Mrs. Brent Brannon of Quitaque as the featured guests. Mesdames Washington and Brannon gave a demonstrative program on the Beauty Control of cosmetics. Among the illustrations for members of the club were method of applications, blending of colors, overcoming complexion problems and defining facial features. It was a benefiting and enjoyable presentation. Mrs. Jack Starkey, vice president, presided at the business meeting. The trophy case with display of Flomot awards is completed. A report was given on the selling of the chances for the Club Quilt and members will continue to sell them until July 7. The work and irrigation of plants, trees and flowers around the community building is showing good

results. Members were reminded that Jymann Hokanson, Electric Living consultant with West Texas Utility Co. in Childress will be the guest speaker at the Club, Tuesday afternoon, July 10.

Hostesses, Mesdames Howard Rogers, L.E. Shorter and Donnie Rogers served vegetable plate with dips, hors-d'oeuvre tortillas, cake and cookies with iced tea and punch. The table was laid with a white cloth and centered with a beautiful flower arrangement of orange Day Lilies and fern in a white vase. A rainbow of colored napkins and the service complimented the decor.

Those attending in addition to those mentioned above were Mesdames Wilson Barton, Junior Payne, Doyle Calvert, James Monk, D.M. "Ikie" Gilbert, Wayne Hunter, George Pope, Clayton Bond, Bill Dean Washington and Judy Poulson.

Spring Luncheon Ends Year for Matador Garden Club

A spring luncheon May 21 at the home of Mrs. Alvin Stearns, brought to a close the year's programs for Matador Garden Club. Table decorations and appointments were blue, with an attractive centerpiece of fresh bluebonnets, napkins in a matching shade and favors of small, magnet-backed Texas maps decorated with painted bluebonnets. The motif featured the artistic program on "Blue Wildflowers of Texas," by Mrs. W.N. Pipkin, with Rachel Patton as leader.

Mrs. Pipkin, president, called the meeting to order for business following the covered dish luncheon. Reading of minutes by the secretary; committee reports; report of year's activities, awards and projects, and summer plans for planter box care were on the business agenda.

Old hats were donned by the members for a "show and tell" roll call, with styles dating back to the 1930's and '40's. Although not all the women had saved their old hats, Mrs. Stearns supplied extra chapeaux from her collection which she had saved through the years. The various styles created much interest.

Back issues of Texas Highways magazine containing photographs of Texas wildflowers were displayed by Mrs. Pipkin in her talk, which she centered on information from a book, "Wildflowers of Texas" by Geyata Ajilvigi, containing a section of blue flowers and sections on other colors, complete with illustrations.

Many species were described, including a number that grow in this area of the state. The Texas state flower, bluebonnet is identified in four varieties, depending on the part of the state in which it grows. In this area it is the Lupinus Texensis and known as the Texas Bluebonnet. Some of the other blue wildflowers are the snowy blue-star, prairie spiderwort, scurfy pea, bluebells, baby blue eyes, southern iris, blue sage, wooley loco weed, Texas pistol and indian bread root, or prairie potato.

A demonstration of containers, accessories and plant material to enhance a bluebonnet, or Lupinus Texensis arrangement was by Mrs. J.D. Craven and used as the centerpiece for the dining table. The bluebonnet-decorated Texas magnet favors were made by Mrs. Edgar Lee. Thought for the day was a Chinese proverb: "Fragrance always clings to the hand that gives you roses."

Those present were Mrs. Robert

SAFE EGG HANDLING AT HOME

Recently, raw eggs that were contaminated with Salmonella enteritidis bacteria have caused some outbreaks of food-borne illness. According to the U.S. Department of Agriculture, scientists strongly suspect that Salmonella bacteria can be transmitted from infected laying hens directly into the interior of the eggs before the shells are formed. The full extent of the problem is not yet known, but scientists are working to find solutions.

While the risk of contracting salmonellosis from raw or undercooked eggs is extremely small, eggs are a perishable product and should be treated as such. As with any other perishable food product, proper storage and cooking of eggs is necessary to prevent the growth of potentially harmful bacteria. Consumers should continue to follow safe food-handling practices when preparing eggs.

Special precautions are needed, however, when eggs are served or sold to people in high-risk categories who are particularly vulnerable to Salmonella enteritidis infections: The very young, the elderly, pregnant women (because of risk to the fetus), and people already weakened by serious illness or whose immune systems are weakened.

People in the high-risk category should follow these instructions:

* Avoid eating raw eggs and foods containing raw eggs: Homemade Caesar

salad and Hollandaise sauce, for example. Products containing raw eggs such as homemade ice cream, homemade egg-nog, and homemade mayonnaise should also be avoided, but commercial forms of these products are safe to serve since they are made with pasteurized eggs. Commercial pasteurization destroys Salmonella bacteria.

* Cook eggs thoroughly until both the yolk and white are firm, not runny, in order to kill bacteria that may be present. There may be some risk in eating eggs lightly cooked: Softcooked, soft-scrambled, or sunny-side-up, for example.

* Realize that eating lightly cooked foods containing eggs, such as soft custards, meringues, and French toast, may also be risky for people with weakened immune systems and other high-risk groups.

Eggs can provide a wholesome source of high quality protein, cholesterol, vitamins and minerals and can be used safely in the diet if you follow these precautions. The dietary guidelines from most health organizations allow three to four eggs weekly.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

Thought for the Day: Let the honor of your neighbor be as dear to you as your own.

Stealing electricity is against the law!

Stealing electricity is a felony.

Some people tamper with their electric meters to avoid paying for the energy they use. Stealing electricity is a felony offense in the state of Texas and violators will be prosecuted. West Texas Utilities' Current Diversion Department is working hard to help combat the growing problem of energy theft.

Energy theft is dangerous.

Not only is service theft a crime, but it is also very dangerous. Serious injuries can result from meter tampering.

A crime against you!

When someone steals electricity, they are not only stealing from WTU — they are also stealing from you, as a ratepayer. Just as shoplifting increases the cost of items you buy in the store, power theft increases the cost of your electric service.

WTU will prosecute.

Because we are concerned about the dangers and costs resulting from meter tampering, West Texas Utilities will prosecute energy thieves.

I used to live 6 miles and 37 minutes from work. Now it's an easy 10-minute drive.

Too many people, too many cars. Let's face it, fighting city traffic every day was no way to start the day. Life is just too short for that kind of hassle.

Since we moved to the country, my drive to work is a time to relax... notice winter change to spring, or summer to fall. Living in the country gives us the peace and quiet we were looking for.

Country living has another advantage... being a member of a rural electric cooperative. Being part-owners means we have a say in how things are run. But best of all is the service we get from the cooperative employees. They have an attitude that just seems to go with folks in the country.

An attitude of service

Notice

NOTICE OF RATE CHANGE REQUEST AND STATEMENT OF INTENT

Notice is hereby given that DICKENS ELECTRIC COOPERATIVE INC., (the "Utility") intends to establish a new load retention rate for qualifying large power loads over 2000 KW. The load retention rate includes a separate factor for recovering power costs associated with the customer's load. The Utility intends to change the power cost recovery factor applicable to all other customers to exclude the cost of power and KWH sales to customers utilizing the load retention rate. The changes are proposed to be effective June 26, 1990. Based upon a test year ended December 31, 1989, the proposed changes result in a decrease less than actual test year revenues of \$224,542 or 1.6%. The changes are applicable to all areas, all customer classes, and all customers served by the Utility.

Implementation of the proposed load retention rate and other changes is subject to approval by the Public Utility Commission of Texas. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at Spur, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

NOTICE

CITY OF ROARING SPRINGS NOTICE OF INTENTION TO ISSUE CERTIFICATES OF OBLIGATION, SERIES 1990

The City of Roaring Springs does hereby give notice of intention to issue Certificates of Obligation, Series 1990, in the maximum principal amount not to exceed \$89,000 for paying all or a portion of the City's contractual obligations for the purpose of improving and extending the City's Waterworks and Sewer System and for paying legal, fiscal, architectural and engineering fees in connection with this project. The City proposes to provide for the payment of such Certificates of Obligation from the levy and collection of ad valorem taxes in the City as provided by law, and from the surplus revenues of the City's Waterworks and Sewer system remaining after payment of all operation and maintenance expenses thereof and all debt service, reserve, and other requirements in connection with all of the city's revenue bonds or other obligations (now or hereafter outstanding) which are payable from all or any part of the net revenues of the City's Waterworks and Sewer System. The City Council tentatively intends to consider for passage, at a Special Meeting to be held at 6:30 p.m. on June 27, 1990, an Ordinance authorizing the issuance of City of Roaring Springs, Texas Certificates of Obligation, Series 1990, at the City Hall, Roaring Springs, Texas.

Public Notice

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:
Southwestern Bell Telephone Company has instituted a Class Action Lawsuit seeking judicial approval of a settlement reached in Docket No. 7297, an inquiry of General Counsel of the Public Utility Commission of Texas into possible overcharges which occurred between September, 1976, and February, 1987, due to rounding practices, on bills of intrastate WATS/800 customers sent by Southwestern Bell and other telephone companies which concur in Southwestern Bell's tariff. The suit is styled "Southwestern Bell Telephone Company, Plaintiff, vs. MCI Telecommunications Corporation, A Member of the Class of Texas Intrastate WATS and 800 Service Customers Who Paid Overtime Charges From September 1976 Through February 1987, Defendant," and identified as Cause No. 471,460 in the 126th Judicial District Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability, Southwestern Bell, the other local exchange telephone companies in Texas, and AT&T Communications of the Southwest, Inc. have agreed to pay refunds to those WATS/800 customers who paid overtime charges attributable to the rounding practices for intrastate WATS/800 services at any time between September, 1976, and February, 1987. The refunds will be based upon either the actual or estimated amount of overtime charges attributable to such rounding practices. An exact refund will be determined for customers able to produce copies of their WATS/800 service bills. For customers who do not have copies of their WATS/800 service bills to establish actual overtime charges paid, an average refund of \$4.53 to \$5.95 per WATS/800 service line per month will be applied. All claims will be subject to verification. The refunds will also include interest at the rate of 7.80% per annum.

Claim Forms And Additional Information
Those customers who think they may be entitled to a refund or who desire more information must call 1-800-782-3026, 8:30 a.m. - 4:30 p.m., Monday through Friday, or write to WATS Refund Pool Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas, Texas 75265-0376, to request a WATS Refund Information Package. The WATS Refund Information Package will contain further information regarding the lawsuit and eligibility for a refund, a description of documentation required to support a customer's claim for refund, and a refund claim form to be filled out and submitted requesting a refund. REQUESTING A WATS REFUND INFORMATION PACKAGE DOES NOT OBLIGATE YOU IN ANY WAY.
All claims for a refund must be received by the Refund Pool Administrator by Friday, October 5, 1990, and all rejections of the settlement (that is, requests for exclusion from the class action lawsuit) must be received by the Court by Wednesday, September 5, 1990. Only those who respond by filing a claim or by filing a rejection of the settlement, as explained in the WATS Refund Information Package, will receive notice of future developments in this proceeding.
Persons who wish to obtain further information may also contact the Public Utility Commission, Public Information Division, at (512) 458-0257 or (512) 458-1221, teletypewriter for the deaf.
