Lady Matadors Lead District Play finish first half of district play in 3-way tie for First

The Lady Matadors are in sole possession of District as of last Friday night. The Ladies defeated a strong Spur team on Tuesday night, January 16 and hung on to defeat an always tough Paducah team 69 to 65 on Friday night, Jan. 19.

In the Spur game in front of a capacity crowd, the Ladies played excellent defense and had a record low nine turnovers. Yulanda Campbell and Brandi Barton led in the scoring department with 12 each. They were followed by Chandra

Brown with 10, Kathy Mangram with 8 and Paige Williams with 4 points. Not scoring but playing a very important part by furnishing depth from the bench were Natalie Burkes, Amy Stephens, Brandee Spray and Kammia Pitts. Good job Ladies!!

The win at Paducah on Friday night was a good one. It finished the first half of District play. At the end of the first quarter the Lady Mats were up by a score of 19-18, halftime found the Ladies ahead by 39-32 score. The third quarter ended

with a ten point lead 54-44. After losing four players to fouls, the Lady Mats hung on to win by 4 points, 69-65. The game was a thriller. Chandra Brown led all scorers with 28 points, she made 10 of 10 free throws. The teams free throw percentage this game was 73 percent. Kathy Mangram had another fine game too. She scored 25 points, had 14 rebounds and 10 steals. Paige Williams had 8 points, Yulanda Campbell had 4 points and Amy Stephens had 3 points. Brandi Barton did a good job, but was in foul trouble early. The girls who came in off the bench did an excellent job. Natalie Burkes had an injured ankle and did not play but Amy Stephens, Brandee Spray, Kammia Pitts and Lacey Parks all came through for the Lady Mats.

Matadors will play Guthrie on Friday night, here. See you there!

Matadors finish first half of district play in 3-way tie for First

by Barbara Moore

The Motley County Matadors finished the first half of District competition last Friday night, in a three-way tie for first place. Sharing first place position with the Matadors are Spur and Paducah.

On Tuesday night, January 16, the Matadors defeated the Spur Bulldogs, 80-68, giving them, at that point, the first place spot in District. On Friday night, the Matadors traveled to meet the Paducah Dragons for an always tough match. The Mats stayed within 4 to 10 points of the Dragons until the last 2 minutes of the

game, when they were forced to try some risky moves in order to gain the win. The Mats were unable to capitalize on any of the scoring attempts and ended the game with Paducah on top 80-63.

Scoring a tremendous 28 points during the game with Spur, was David Alexander, giving him the high point spot for that game. Tony Gonzales put in 16 points, Chris Campbell added 14 more and Rusty Willmon also added with a 2-digit point score of 12. Clay Ewing scored 5 points, Roy Estrada put in 3, and Matt Washington added 2 more to make the final score, Matadors 80 - Spur 68.

In the game with Paducah, there was a three-way tie for high point man between David Alexander, Rusty Willmon and Tony Gonzales, each putting in 14 points. Chris Campbell put in 11, and Matt Washington added 8 more. Roy Estrada made up the final 2 points, ending the game, Matadors 63 - Paducah 80. Team members, Jarrett Jameson and Billy Lefevre were also present at both games to lend their help and encouragement to the Mats.

The Matadors began the second half of District competition on Tuesday night with a game at Patton Springs, and will play Guthrie at the Matador Gym on Friday night, January 26. Hopes for a spot in the Play-offs are very much alive in the Matadors, so plan to be at the games and show them you support them all the way.

School Board Member Resigns

The Motley County School Board met Wednesday, January 17 at 8:00 p.m. Board President, Guy Campbell, welcomed guests, Chip and Ellen Smith, Seven Alexander and Motley County Tribune reporter, Barbara Jameson to the meeting. Board members present were Donnie Cruse, James Palmer, Coy Franks, Les Jameson and Alvin Alexander. Also attending were Superintendent Ron Cummings, Elementary Principal, Oran Hamilton and High School Principal, Don Ewing.

First order of business, after accepting the minutes of the last meeting, was to discuss the parent parking and picking up of K-3 grade children at 2:40 p.m. Chip and Ellen Smith asked the board to consider trying something different, because the parents still think the busses are blocking vision and cause safety problems. After lengthy discussion, with the main concern being for the students' safety and

as simply implemented as possible, the board elected to try parking three busses on the south end of the school property and two on the north, allowing parents to drive up to the curb in front of school and pick up the children.

Cummings explained that Clay Jameson wanted to know if he could salvage part of the old Whiteflat school building and as the State Highway Dept. ment needs it to fill in washes they will finish tearing it down and clear the land. The Board approved this request.

Palmer read a letter of resignation from L.J. Barkley Jr., stating "he reluctantly resigns his position on the Motley County School Board, as his job has kept him from attending the meetings and being a constructive member." The Board elected to ask Randy Barton to fill the vacancy until the next election. The Board feels with Barton's past experience and knowledge of School Board policy, he will be beneficial to the board. Barton

was called and after speaking with the Board, Mr. Barton accepted.

Cummings and Alexander reported on the Faculty Advisory Committee meeting. Teachers reported they would have liked to have known earlier that they were not receiving bonuses before Christmas and why their supply funds were cut. They also asked why money was spent on the athletic trips for the basketball teams to go to tournaments for overnight stays; if the teachers dress code applies to substitutes and were the School Board meeting minutes available to be read by anyone. They stated that they appreciated the new door locks and that the smoking problem was better.

Cummings explained three programs

they can participate in for the next year through Federal Grant Funds: Drug Free School, Extended Year Services; JTPA

(Job Training Participation Act); Computer Arrangement. Motion passed to participate in these.

The text book committee was presented and accepted as follows: Carol Hays, Truitt Read, Karen Davis, Pam Thacker, Carol A. Turner, Barbara Parks, Dean Willmon, Sis Stephens, Oran Hamilton, Don Ewing, Ron Cummings, Pat Staggs, Pam Wilson and Shauna Monroe.

School enrollment for January is K-6, 137; 7-8, 40; and 9-12, 87. Meeting adjourned.

Longtime Matador Resident dies at 101

MRS. CORA CARTER

Mrs. Cora Adell Carter, 101, died on January 23, 1990 in the Lockney General Hospital. Services will be held Thursday, January 25, 1990 at 3:00 p.m. at the First Baptist Church with Rev. Stacy Conner conducting the services. Burial will be at East Mound Cemetery.

Cora Adele Hobbs was born November 4, 1888 in Stephens County, Texas. She came to Motley County in 1897 and married Harry Carter, May 24, 1906 in Matador, where he was a farmer and rancher.

During Mrs. Carter's long life she had many friends and saw many changes in

the world and in Motley County.

Mrs. Carter was a member of the Matador First Baptist Church and a member of WMU. She was a member and Secretary of Woodman of the World for 30 years.

Mrs. Carter was preceded in death by her husband, Mr. Carter, March 14, 1964, one daughter, Julia Luckett, Feb. 13, 1978 and one great-grandson, Jr. Luckett, Jan. 9, 1988.

Survivors are a daughter, Lottie Stotts of Matador; four grandchildren, Dean Stotts, Carter Luckett, Jack Luckett and Leadell Martin and 9 great-grandchildren.

Empty Storefronts Getting Spruced Up

Have you noticed the Matador Ford Building looks like a gift shop window and the Matador Hotel and old bank building have antique collections in the windows.

The Ford building has been decorated by the Motley County Arts and Crafts Club. The Hotel and Bank buildings are owned by Sonny and Evelyn Jackson and they have displayed some of their an-

tiques in these windows.

Other building owners have informed Glenn Woodruff, Motley County Historical Committee member, that they will decorate their store fronts, also.

This is a part of the efforts to get ready for the Centennial in 1991 and also improve the appearance of Matador.

for more pictures, see page 7

Hotel Turkey to be nominated to National Registry

The owners of Hotel Turkey, Scott and Jane Johnson, received recognition from the Texas Historical Commission, in a letter dated December 28, 1989. The historical 1927 hotel will be nominated for a listing in the National Register of Historic Places at the February 3, 1990 commission meeting in Abilene.

The National Register is the Federal Government's official list of historic properties worthy of preservation. Listings provide recognition and assist in preserving our nation's heritage.

Names required on Letters to the Editor

We encourage Letters to the Editor, but we would like to remind our readers that we cannot print your letters unless we have a name on file. We do not have to print your name, if requested, but we do need to have the name on file. We received a very interesting letter this past week, but we regret that we cannot print it, due to the fact that it is not signed.

We do appreciate Letters to the Editor, but remember your name must accompany the letter.

Thank you!

Promise Yourself

EDITOR'S NOTE: The following thoughts appeared in the VALLEY TRIBUNE, in the "As I See It" column by Thelma Gafford. She credited the QUANAH TRIBUNE and a book, "Promise Yourself."

Promise Yourself:
To be so strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something in them.

To look at the sunny side of everything and make your optimism come true.

To think only of the best, to work only for the best and to expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To give so much time to the improvement of yourself that you have no time to criticize others.

To be too large for worry, too noble for anger, too strong for fear and too happy to permit the presence of trouble.

Barbara's Bylines

Rain, Rain! Wasn't the rain wonderful. I hope everyone is enjoying even the mud after the rain, it's been so dry, I really don't think anyone is complaining.

The empty buildings in Matador are taking on a new look and hopefully the other owners will follow suit and dress up bare windows around town.

Congratulations to the Varisty Basketball teams. In case you're not keeping up, the girls are in 1st place and the boys are tied for 1st place with Spur and Paducah. Keep up the good work, teams.

I hope everyone is glad of the interest in the "Stress Intervention" program which was presented at school Wednesday morning. It is very unusual for small communities to go for so long without many tragedies and to suddenly have so much happen in such a short time. We have really been very protected over the years. Tragedy does have its good side, it brings people closer together and more aware of their eternity.

Low-Income Households May Be Eligible For Energy Assistance

AUSTIN--Some low-income Texans may be eligible for help in paying heating bills this winter through the Home Energy Assistance Program, according to Texas Department of Human Services Commissioner Ron Lindsey.

Lindsey said the one-time payment is available to many low-income households. Applicants for energy assistance were mailed to households that received food stamps, Aid to Families with Dependent Children, or Supplemental Security Income in December. Other low-income individuals may request an application by calling the toll-free number 1-800-252-8060 during the enrollment period of Jan. 22 through Feb. 28.

Eligibility is limited by gross income and resources. Aid is available for a one-person household having less than \$589.49 gross income per month. The gross income limits are \$781.49 for house-

holds of two persons, \$973.49 for three, \$1,165.49 for four, \$1,357.49 for five, and \$1,549.49 for six.

Households are eligible if the cost for heating is included in the rent payment or if the household pays a portion of its home energy costs.

Energy assistance checks are sent directly to the people who are eligible for assistance. However, the checks are made payable to the energy provider.

People receiving one of these energy assistance checks should mail it or take it in person to the energy provider business office with their regular energy bill. The check can be cashed only by the energy provider. If the HEAP check is more than the energy bill, the additional amount will be credited to the person's account for the next month's bill. If the energy bill is higher than the check, the person is responsible for paying the difference.

Sales Tax Shows 10% Increase

AUSTIN, Tex.--State Comptroller Bob Bullock said Friday that strong retail sales in November resulted in a 10 percent increase over last January's sales tax rebates to cities and counties.

"Texans continue to be optimistic about the state's economy and this month's healthy payments are proof of that consumer confidence," Bullock said.

January's payment to cities totaled \$70 million, almost 10 percent more than last year's figure of \$64 million at this time, Bullock said.

Houston received \$11 million, the state's largest payment and an increase of more than 10 percent over last January's amount. Dallas received the state's second largest payment of \$7.7 million. San Antonio received \$4.1 million and Austin received \$3.2 million.

Payments to counties totaled \$7.2 million this month, compared to \$6.1 million last January. The 18 percent jump over last January's payments is partly due to the increased number of counties collecting sales tax now, Bullock said.

Merchants collect the state, city and county sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its 6 percent share

and each month sends cities and counties their portion of the sales tax.

This month's checks reflect taxes collected on November sales and reported in December by businesses filing monthly tax returns.

All local sales taxes must be approved by local voters and may be used for any legal city or county expenses. Most areas put the money in their General Fund and use it for normal operations like fire fighting, maintaining roads and law enforcement, Bullock said.

Motley County totals are as follows: Matador: net payment this period, \$1,330.46; comparable payments prior year, \$848.83; % change, 56.74%; 1990 payments to date, \$1,330.46; 1989 payments to date, \$848.83; % change, 56.74%.

Roaring Springs: net payment this period, \$916.17; comparable payment prior year, \$0.00; % change, *; 1990 payments to date, \$916.17; 1989 payments to date, \$0.00; % change, *.

County totals: net payment this period, \$2,246.63; comparable payment prior year, \$848.83; % change, 164.67%; 1990 payments to date, \$2,246.63; 1989 payments to date, \$848.83; % change, 164.67%.

LIBRARY NOTES

by Wilda Dixon

Recent books that have been added to our shelves include the following: **Ves-pers** by Ed McBain; **Inheritance** by Judith Michael; **Wandering Through Win-ter** by E.W. Teale; **I'll Take Texas** by Mary Lasswell; **Reapers of the Dust** by Lois P. Hudson; **Many A Voyage** by Loula Grace Erdman and in the geneal-ogy section we have just received **Cher-okee Planters in Georgia, 1832-1838** by Don L. Shadburn. Come by the library and check on these new books as well as all the others we have.

Recent visitors to our library have been T.J. Terry of Quitaque; Mr. and Mrs. J.B. Duman of Amarillo and George Tsagaris of El Paso. Dr. Tsagaris is Ear-line Vaughn's son-in-law and accompa-nied her home. We are very glad to report that Earline will be back at work about the first of February.

I would like to take this opportunity to say thank you to all of the volunteers that help keep the library open on Monday afternoons and Tuesday nights. Those volunteers include Bailey Elliott, coordi-nator; Joan and Keith Patton; Jo Scott; Mary Lumsden; Sarah Hurt; and Betty Moore. We greatly appreciate these

people volunteering their time to help keep the library open more hours each week.

On Thursday, January 18, Joan Patton and I attended the West Texas Library System meeting for lay representatives and the Advisory Council. During the meeting, it was announced that Motley County Library is one of the first twelve member libraries that will be receiving the video packets. This service will begin about the first of February and I will let you know what the policy concerning viewing will be as soon as I can. These

videos are not popular movie videos, but will be documentaries, travel, cooking and children's stories. There will also be videos concerning various types of music and a series of storytelling videos.

REMINDERS

Dues for Friends of the Library are due and payable at the Library or to Keith Patton.

Income tax forms are available at the Library.

READ A GOOD BOOK THIS WEEK AND VISIT THE LIBRARY!!

Reader's Column

NOTE: The following article was submitted by Pastor Rev. and Mrs. Roy Eason of the Assembly of God Church in Mata-dor. It was written by their son.

WILL JESUS FIND US WATCHING?

John 14:3

"No man can appreciate the rising of the sun until He has waited in darkness"

Isn't that beautiful. Would we enjoy the spring as much if we had not endured the winter. We wouldn't soak in the rain, if we hadn't suffered the day season. Tribulations bring patience and patience brings HOPE. And hope, is faith for things unseen. Hope should motivate us to higher levels of worship. Higher levels of enthu-siasm, higher levels of love, higher levels of self confidence.

We need to quit feeling sorry for our-selves, don't we? Forget what we didn't have as a child. Forget how the attorney's loused up the trial. Forget why someone else can do something better than ourself. Christ said we can do all things through Him.

We have the greatest Saviour imagin-able, don't we? He's the wealthiest banker. The most competent physician. The most intelligent teacher. The most forgiving father. He is the originator of love. You know I suppose He can just about do

anything. Then it would seem all we have to do is take any problems we have to Jesus and that would pretty well take care of everything.

Shouldn't that provoke a love that eliminates all fear. Perfect love and fear cannot be accommodated in the same thought room. It would almost seem natu-ral to get excited about the whole deal. For by becoming enlightened with Jesus we have access to the greatest giver, one might ever hope for. And He has prom-ised to give something so valuable, that only He can give it.

Eternal Life -- Boy what a gift...What love...What a Saviour...How can we neglect something so fantastic. How can we be so ho-hum about it all. The giver of life and He cares about me. We can give Him credit and He will give us life. An intangible for a tangible. What an ex-change. A reality so real, it's almost un-real.

I hope you are living in the joy and excitement that is ours with Christ. I believe we are disappointing him if we aren't.

Jeremiah 33:3 relates, "Call unto me, and I will answer thee, and show thee great and mighty things, which thou knowed not."

We believe Jesus wants to answer your prayer.

Letter to the Editor

To the Editor:

It took the Japs one day to bomb the hell out of our great country. It took the Veteran one day to retaliate. It took the act of Congress one day to pay the Japa-nese that were put in camps during the Jap war with us. Now let's see how long it will be bonus day for the Veterans of Wars. Such as the 1st, 2nd, Korean and Vietnam wars, or will our leaders find some excuse???

By the way, the boys on the hill made sure they got their Bush bonus. I wonder who cares for us?? Veterans that is!!!

Our solution is ban, as we do, to-gether, and see if the eyes of our people open up before we just vanish like the Aztec Warriors. Fight on Vet, that is the

only way for our survival, unless our people start waving flags on the days of remembrance of our living and deceased Veterans.

Sometimes I wonder if the draft card burning was provoked by our bureau-crats in the way Veterans are treated, not in the manner that was provided by them, but by people that do not appreciate the Veteran, who is and still is, the guardian of this great country of ours and I know in my heart that there are people who will never forget the Veteran of the United States of America.

God Bless the U.S.A.

A disabled Veteran

Social Security Tips

by Mary Jane Shanes

Early retirement is growing in popu-larity as an increasing number of people become eligible for a public, or private pension. Well over half of all non-farm workers are under a pension plan, espe-cially those with above average wages.

There are some important facts you should know if you start getting a pension before 62. That is the earliest age you can get Social Security retirement checks.

First, your social security check may be smaller than you figured. This is be-cause benefits are based on your average

lifetime covered earnings. A maximum of only 5 years of low, or no earnings can be dropped out when computing benefits.

Second, you may lose insured status for disability benefits if you have a big gap in your earnings record. Most older people need not only ascertain total number of social security work credits, but some of them must have been earned in recent years. In most cases, this means at least 5 years coverage during the 10 years before onset of disability.

To demonstrate the effect of these provisions, let us consider "Jane" who began receiving her State pension at 55 and has not worked since. If she decides to apply for her full social security retire-ment benefit at 65, several years of no earnings must be included when figuring her average earnings. Also, she will have lost her disability insured status in the last few years before she is 65.

For more information about social security benefits and the effect that early retirement may have on them, contact us at the social security office. We will be glad to answer your questions.

For more information or to file a claim call 1-800-2345-SSA.

PISTACHIO MIDNIGHT MUNCHIES

- 3 tablespoons butter or margarine
- 2 tablespoons dry onion soup mix
- 1 cup natural California pistachios
- 2 quarts popped popcorn

Microwave Method:

Place butter and onion soup mix in 4-cup glass measure. Cook on HIGH 1-1/2 minutes. Stir in pistachios. Place pop-corn in large bowl. Toss lightly with butter-pistachio mixture. Serve warm. Makes 2 quarts popcorn.

Be careful to follow all the commands of the Lord your God, that you may possess this good land and pass it on as an inheritance to your descendant forever. 1 Chronicles 28: 8b

Reach for your thermostat

to help save on your winter energy bills.

- Set the thermostat at 68° and reach for a sweater instead of raising the thermostat.
- Caulk and weatherstrip around windows and doors to help prevent excessive heat loss.
- Check your attic for adequate insulation; 11-12 inches is recommended.
- Tightly close the damper in the fireplace when not in use to keep your heated air from escaping up the chimney.
- Open drapes and blinds during the day to let in sunlight and close them at night to hold warm air in.
- Install gaskets behind cover plate outlets and switches to help keep warm air in and cold out.

Roaring Springs Woman Celebrates 90th Birthday

ROSETTA UNDERWOOD

Mrs. Rosetta Underwood was honored on her 90th birthday, Wednesday, Jan. 17, 1990 with a party in her home. Hostesses for the occasion were her daughters, Barbara Marvel, Audra Jones and Dora Hurt.

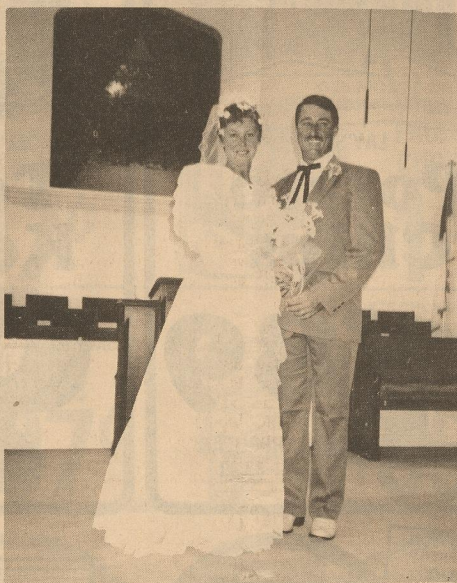

Mrs. Underwood was born in Arkansas, January 17, 1900. She and her late husband, Otto, had 13 children. Three of these children are deceased.

Birthday cake and coffee was served as Mrs. Underwood opened her many

gifts and the group sang "Happy Birthday".

Those present were daughters, Barbara Marvel, Audra Jones and Dora Hurt; Granddaughters, Brenda Perryman, who was also celebrating her birthday; Mitzi Christopher, Sarah Ho-Gland and Joyce Meredith; Granddaughter-in-law, Sarah Hurt; Great-granddaughters, Carla Jones, Sherry Rose, Brittany Perryman and Emily Hurt; and Great-great granddaughter, Shea Rose.

Couple Exchange Vows In Old Fashioned Ceremony

MR. AND MRS. LEON COGBURN

On October 14th at five o'clock in the evening, Jan France and Leon Cogburn exchanged vows in the First Baptist Church in Goldwaite, Texas. Paul Kirby officiated in the double ring ceremony.

The bride was presented in marriage by Tom Scott of Aledo, Texas and A.W. "Dub" Crisp of Ft. Worth, Texas, two of her wagon train fathers.

Attendants for the bride were her daughters; Misty Steward of Lubbock, Sunday Steward of Clearwater, Florida and Audra Cogburn, daughter of the groom from Lubbock.

Shanan Cogburn of Lubbock served as his father's best man and Buster Steward, son of the bride of Clearwater, Florida was groomsman.

Cheyenne Hays of Goldwaite, Texas was flower girl and Will Cogburn of Lubbock, son of the groom, was ring bearer.

Jan wore an old fashioned floor length pale blue wedding gown of the 1860 period, designed and made by Verna Gibson who also made the attendants gowns of pale blue flowered organza.

Annette Dowel provided the wedding music and sang the "Lords Prayer."

Ushers wearing blue jeans, white shirts, black string ties and red suspenders were Jim Bob Ivey of Kerens, Texas and Ron Tucker of Dallas.

Upon leaving the church, the wedding

party was driven to the Mills County Civic Center in carriages and buggies. There the wagon train family had prepared an old fashion wedding supper. The tables were decorated with kerosene lamps and lanterns.

Registering guest was Jackie Tucker of Dallas. The beautiful needlepoint guest book was made by Verba Lee Aldridge of Goldwaite. The table was covered with a 90 year old lace table cloth, handmade by Tom Scott's mother.

The brides table was centered with a traditional three tiered wedding cake, while the grooms table was covered with a faded blue jean quilt. The chocolate cake was shaped like a cowboy boot and on either side was a campfire coffee pot and an old lantern belonging to Leon's family.

Family members present other than wagon trainers were Leon's parents, Mr. and Mrs. Willie Cogburn of Tahoka, Texas, his sister Stacie Newsome of Austin and Granddaughter, Tina Cogburn of Lubbock. Also from Lubbock came Pam Harris, Will's fourth grade teacher, and Janice Blakerby, Will's Cub Scout leader.

After an overnight trip to Brownwood, the happy couple rejoined the wagon train for the rest of their honeymoon.

Mr. and Mrs. Leon Cogburn will make their home in Lubbock.

Women Inventors Featured In GFWC El Progreso Program

A Home Life program featuring women inventors and their creations was given at regular meeting of GFWC El Progreso Club, January 11 at the Senior Citizens' Building. Mrs. Bill McCaghren was leader of the program, given by Mrs. Frank Pohl who reviewed the book, "Mother of Invention" by Ethie Ann Vare and Greg Plack. Both authors are free lance writers and former editors of Rock Magazine. The book is dedicated to the mothers of the two writers.

Mrs. Joe Campbell, president, called the meeting to order for reports and business. She read a letter of appreciation from the Commission on the Bicentennial of the United States Constitution thanking the club for participation in the 1989 "Bells Across America" program, and enclosed a certificate in recognition of the club's participation. The letter also stated that September 17 has been set for "Bells Across America 1990."

Mrs. Campbell also read a message from the General Federation of Women's Clubs outlining plans for the 1990 GFWC Centennial Celebration and convention in July, in New York, and that the history of all federated clubs is an ongoing GFWC project, and during each club of the GFWC to participate. The president also announced plans of Texas Federation of Women's Clubs that a video history project of past TFWC State presidents, district presidents and pioneer club members is underway for 1989-90.

The club voted to support a plan for mini-museums to be set up in vacant local store fronts, as proposed by Glenn Woodruff in preparation for Motley County's 1991 Centennial Year, and to secure the former drug store building next door to First State Bank, as its project. Also mentioned for consideration was the acquiring of road signs for this county similar to those in Hall County proclaiming "Texas Proud."

For an introduction to the program, Mrs. McCaghren read the yearbook quotation, "A Home is a House with love inside..." followed by group singing of "Home Sweet Home," with Casio accompaniment by Mrs. Pohl.

The many aspects of home include that of invention, Mrs. Pohl said as she introduced her subject. "Invention is the pleasure you give yourself when other folks' stuff is not good enough. It may come from boredom, being without, or borrowing from another's ideas."

Though more inventions are patented by men, such as the cotton gin by a "Yankee", Eli Whitney, women have had a part in the production, Mrs. Pohl said. "It was Kathleen Greenfield Green, a southerner, familiar with the cotton boll, who helped him perfect it." Another example was the navy flare, which was invented by a woman, but Smithsonian Institution gave a man the credit, she revealed.

She told of many women who invented, not only household necessities, but products that benefitted the business

world, such as solar heated software which was invented by Grace Hopper in 1957; square-bottom bags invented by Margaret Knight; Useable penicillin, produced by Gladys Hobby; the geiger counter, invented by Marie Curie; a dozen different clothes washing machines were invented by Margaret Colvin and the Bissell carpet sweeper by Ann Bissell; and women invented baby carriages, baby jumpers, clothing and potty chairs. "Three women invented a tuck-in device in a diaper that played, "When the Saints go Marching In" when the diaper was wet, and disposable diapers were produced in 1950 by Marion Donovan of New York, although in 1951 he had to manufacture the item himself. They were considered too expensive, but department stores stocked them, and she sold her one-million dollar invention long before grocery stores began stocking the disposable diapers," Mrs. Pohl recounted.

"In spite of men, women have managed to make life easier for themselves in their homes," she said. "In 1896 Fannie Farmer published her cookbook; Liquid Paper was invented by Bette N. Graham, from which she made a fortune; a woman perfected diphtheria and rabies vaccination in 1891 which were in large scale use by 1898." The list was long as Mrs. Pohl cited wearing apparel, Butterick and other patterns and cosmetics invented by women to improve their appearance, and a special dresser-trunk patented by Gay 90's Lillian Russell for her many changes of costumes which her travels required; and a more recent invention by Martine Kempf, a 23-year old astrology student, who designed a computer that would respond to the human voice, for which her wheelchair victim father, who had polio, was very grateful.

"In 1957 director of RCA patent operation said, "Most of our inventors are men. I don't know why, unless the good Lord intended for women to be mothers - they produce the inventors and rear them. That should be sufficient," Mrs. Pohl quoted from the book.

Roll call was answered by members naming their own inventions or helpful hints, which would have made Heloise sit up and notice. "Do Something" was read by Mrs. McCaghren for the Inspirational Thought, and Mrs. Pohl concluded the program by playing "Bless This House." Hostesses Mrs. Ted (Bailey) Elliott and Mrs. Harold (Grace) Campbell served

refreshments of cake, sausage wheels, candy, hot punch and coffee to Rachel Patton, Mrs. Jimmie Hunter, a guest from Flomot and former Motley County Librarian; and Mesdames Joe (Loys) Campbell, Robert (Winifred) Darsey, E.A. (Dorothy) Day, J.E. (Marguerite) Edwards, Frank (Lola) Pohl, R.E. (Lucretia) Campbell, John (Josephine) Hamilton, Gene (Mary) Louder, Bill (Judine) McCaghren, Douglas (Lila) Meador, W.N. (Opal) Pipkin, and L.B. (Lucretia) Campbell.

O Lord, you are my God; I will exalt you and praise your name, for in perfect faithfulness you have done marvelous things, things planned long ago. Isaiah 25:1

Couple Celebrates 50th Anniversary

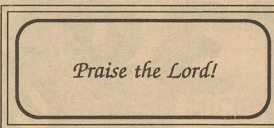

Dr. and Mrs. Ralph Dockendorf of Baytown, Texas celebrated their 50th wedding anniversary with a reception at the Newport Country Club on January 13.

Dr. Nancy Barrow, formerly of Matador, entertained the guests with a selection of songs, accompanying herself on the guitar.

Rev. Walter Hinkler, who was the Rector of Trinity Episcopal Church of Baytown for more than 30 years, gave a tribute to the couple. He stated that they were the first couple he married when he first came to Baytown as the new rector.

The Dockendorfs' granddaughter, Samantha Dugas, and her fiance, Brian Remkis surprised the couple with a beautifully decorated anniversary cake.

Mrs. Dockendorf is the former Allie Traweck of Matador. Other former residents of Matador attending included Mr. and Mrs. Houston Swietzer, Dr. Albert Traweck, Mr. and Mrs. Stanley Hanesworth, Mr. and Mrs. Ned Morris, Mr. and Mrs. Bill Barrow, and their children, Laura and Brian.

"Advice is seldom welcome; and those who want it most always like it least."
Earl of Chesterfield

Give a Gift that will be remembered all year long!!

Here's the secret - give a gift subscription of the Motley County Tribune to your special graduate. We provide a gift card to meet the special occasion, announcing you as the giver. HEALTH NEWS

DIET TIPS FOR SENIORS

As people age, their metabolism slows down, and that can mean extra weight for those who don't watch their caloric consumption. According to Lu Ann Latham, a registered dietitian at Methodist Hospital, caloric needs decrease 20 percent from age 20 to 60, or 5 percent each decade.

Maintaining proper weight is possible through caloric monitoring and exercise. Special diets that are for controlled fats, diabetes, low sodium or weight control are sometimes necessary as people age.

To achieve a reduction in caloric amounts, some recipes can be adapted to use less sugar and fat, Latham said. For instance, the four tablespoons of butter usually called for in prepared macaroni and cheese can be reduced to two with little change in the result. The same practice often can be applied to many cookie recipes by reducing the sugar by a third to a half.

The important point to consider in fat

consumption is the amount of saturated fat. Just because a food item is void of cholesterol doesn't mean it is without saturated fat, Latham said.

Some tips to consider in reducing cholesterol and saturated fat are to:

- * Remember that food preparation methods can affect fat content. Baking, broiling, boiling, steaming and roasting are healthier than frying.

- * Limit egg yolks to four per week. Egg yolks are extremely high in saturated fat and cholesterol.

- * Use skim milk and dairy products made from skim milk. Avoid whole milk dairy products.

- * Cook with small amounts of corn and safflower oil. Avoid butter, lard and other saturated fats.

- * Read all labels and make a list of packaged items that contain recommended ingredients. Avoid all items with coconut oil, palm oil, lard, beef fat and chicken fat used in processing.

Patton Springs 6th Grade Class Tours Roaring Springs Post Office

- * It takes 31.7 years to count to one billion if you count one number per second.

- * One billion seconds ago Dwight D. Eisenhower was President of the United States.

- * One billion minutes ago was 85 years after the birth of Christ.

- * But - one billion pieces of mail ago was day before yesterday for the United States Postal Service.

This information was shared with the students of Jan Jones' 6th grade English class from the Patton Springs School district when they toured the Roaring-Springs Post Office, Thursday, January 18th.

The class is involved in a nationwide

"Great Mail Race" where the students correspond with 6th grades from other areas.

The students discussed information on correct addressing, importance of zip codes, handling of incoming and outgoing mail and stamp collecting. Some of the students are stamp collectors. They are interested in starting a Benjamin Franklin Stamp Club.

Kitty McDowell, Postmaster, expresses her thanks to the following: Osbaldo Valdez, Cassidy Karr, Michael Fulmer, John Martinez, Becca Bridge, Tiffany Carter, Stacy Cline, Linda Cooper, Steve Lopez, Jamie Long, Steven Taylor, Angie Silvas and Jan Jones.

Student Council Officers

STUDENT COUNCIL OFFICERS: (sitting l-r) Paige Williams, Brandi Barton, Kathy Mangram; (standing l-r) Yulanda Campbell, Rusty Willmon and Memori Assiter.

by Memori Assiter

This year's Student Council consists of six officers, and two representatives from each class in grades seven through twelve. This year's officers are as follows: President, Rusty Willmon, son of Mr. and Mrs. Dean Willmon of Afton; Vice President, Paige Williams, daughter of Mr. and Mrs. Bobby Williams of Matador; Secretary, Yulanda Campbell, the daughter of Renomia Campbell of Matador; Treasurer, Brandi Barton, the daughter of Donna Barton of Matador; Reporter, Memori Assiter, daughter of Mr. and Mrs. Douglas Campbell of

Matador and Mr. Tim Assiter of Amarillo; Parliamentarian, Kathy Mangram, the daughter of Mr. and Mrs. George Mangram of Matador.

The Student Council have been working very hard to make this a great school year. Many fun activities are planned by this organization to make the school year go by a little faster. Some of these activities are dress up days, Homecoming, Hamburger Cook-out, Drug Awareness week, an Easter party and of course the Christmas party. They have many fun and new ideas to encourage enthusiasm and improve MCHS.

4-H NEWS

by Rusty Willmon

4-H'ers attended the Texas State 4-H Teen Leader Retreat at Brownwood on Jan. 13-15.

Nearly 250 people attended the lab and Rusty Willmon represented the Texas 4-H Council as the Master of Ceremonies for the weekend activities.

It was a weekend full of fun, friends, and education. The main program evolved

around a video called, "Has anyone seen Phil?" It was an excellent program dealing with teen depression and stress.

It was a great weekend with an excellent program. The 4-H Teen Club is trying to get a copy of the video so that the community will have access to this growing problem among Americans.

But He has pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was upon him, and by His wounds we are healed.

Memori's Memoirs

by Memori Assiter

The Jr. Class has been very busy selling Valentine suckers the past few days. They have also planned a Gong Show to be held for the public on February 23. The time is not known at this time and will be printed at a later date. If anyone would

like more information or would like to participate in the gong show, contact Brandee Spray, Junior Class President.

Proceeds from the sucker sales and gong show will go towards the Jr.-Sr. Prom.

The basketball teams are still doing a great job. The first round of district is over with the Motley County girls in first place and the MC boys in a 3-way tie for first with Paducah and Spur. Good luck Mats and Lady Mats throughout your second round of district play!

Honor Roll

HONOR ROLL (All grades 80 or above)

Activities Schedule

Thursday, January 25: HAT period, FFA meeting.

Friday, January 25: Varsity teams vs. Guthrie (here) 6:30 p.m. (there might possibly be a J.V. boys game) Teachers' Casual Dress Day.

Saturday, January 27: Drug Free Schools workshop at service center in Lubbock.

Childress J.V. (here) 10:00 a.m.
Regional Textbook Examination at Smylie Wilson Jr. High in Lubbock.

MONDAY, JANUARY 29

Breakfast: Sausage, Waffles, Syrup, Orange Slices.

Lunch: Burritos, Meat, Beans, Cheese, Tossed Salad, Whole Kernel Corn, Chilled Apricots.

TUESDAY, JANUARY 30

Breakfast: Hot Cereal, Buttered Toast, Grape Jelly.

Lunch: Baked Ham, Macaroni & Cheese, Green Beans, Hot Rolls, Fruit Salad, Topping.

WEDNESDAY, JANUARY 31

Breakfast: Biscuits, Bacon,

Scrambled Eggs, Apple Wedges.

Lunch: Meatloaf, Blackeyed Peas, Onion, Fried Okra, Pickle, Cornbread, Lemon Pudding.

THURSDAY, FEBRUARY 1

Breakfast: Cereal, Buttered Toast, Pear Halves.

Lunch: Chicken Patty, Gravy, Creamed Potatoes, Pea Salad, Hot Rolls, Pineapple Upside Down Cake.

FRIDAY, FEBRUARY 2

Breakfast: Biscuits, Sausage, Gravy, Orange Juice.

Lunch: Hamburgers, Lettuce, Pickle, Onion, French Fries, Apple Dessert.

A gentle answer turns away wrath, but a harsh word stirs up anger. Proverbs 15:1

TEEN CREED

Don't let your parents down, they brought you up.

Be humble enough to obey, You may give orders someday.

Choose companions with care, You become what they are.

Guard your thoughts, What you think, you are.

Choose only a date Who would make a good mate.

Be master of your habits, or they will master you.

Don't be a show off when you drive. Drive with safety and arrive.

Don't let the crowd pressure you, Stand for something or you'll fall for anything.

Exchange Program Seeks Field Staff In Texas

Texas is host this year to high school students from Spain, Japan, Brazil and other countries around the globe. The teenagers are living with host families across the state on a program coordinated and supervised by Local Coordinators of the American Institute For Foreign Study Scholarship Foundation. The non-profit organization is now looking for additional field staff in many Texas communities.

The Local Coordinator position provides an opportunity for flexible, part time work. Responsibilities include selecting host families, serving as a liaison to schools, civic groups and local press,

and organizing activities for host families and students during the program year. Training and support are provided by the national office and at regional meetings.

Local Coordinators receive financial compensation for every student placed and supervised, an opportunity to earn points for European travel, and the satisfaction of supporting a community based movement to increase cross-cultural understanding.

Anyone interested in becoming an AIFS Local Coordinator and setting up an exchange program in their community should call Barbara Miller at 1-800-322-4678.

Motley County JV Girls Sweep the Bulldogs

by Syd Pipkin

It was not the Million Dollar Publishers Clearing House with Ed McMahan. It was better than that! Tuesday night, January 16, at Motley County Gym, the Matador teams swept 4 games from the powerful Spur Bulldogs.

The Bulldogs pulled into town a little early for the JV girls game and entered a brightly decorated gym. All 4 teams knew when they left that Motley County athletes and fans take basketball seriously.

In big time sports, you have a warm-up activity to get everyone excited and ready for the big game. The JV girls and boys teams did just that, without any difficulty.

In another thriller, going to the final buzzer, the JV girls beat a tall aggressive Spur team 32-29. Coach Davis had his team ready. All girls played with the exception of new team member, Kay Davis. She was ready for action if needed.

The JV girls gave away a lot of height but not hustle during the game. The girls lead during the entire game with an 11 point lead in the third quarter. But 2 quick

3 point plays and 2 free shots cut that hard-earned lead to three. Motley held tough and answered with a few points of their own. The buzzer sounded with the JV girls winning 32-29 beginning the first of four major victories.

Scoring in the first district win were Christy Potts with one crucial free shot in the last quarter. Tonya Hoyle and Christi Shorter pumped in 2 points with Marvina Smoak hustling and adding 3 points. Cathy Perryman played well and contributed 4 and Aimee Pipkin added 4 to the total score. Rounding off the scoring were Heather Hobbs with seven and Lacey Parks with 8. Dana Monroe played well and will be in the scoring column in the next game, I'm sure.

If you haven't seen the JV teams play, come early (that way you are assured of a seat for the Varsity games) and see both JV teams in action.

Husbands, treat your family to Harrison's via Betty Bearden's great concession after a hard day. If you don't know the schedule, call school, we'll give it to you.

Thank You

To the people of Matador and Roaring Springs, we would like to say thank you for the food, services, prayers and friendship through the years and this week.

The Mary Vitula Irwin family
Mary Welcher
Agnes Brown
Pat Irwin
Mr. and Mrs. Albert Irwin

We would like to thank everyone for the many acts of kindness shown to us after fire destroyed our home. The shower, gifts and words of kindness will always be remembered. A special thank you to the two big guys who brought out our washer and dryer. May God bless each and everyone of you.

Sam and Donna Kennedy

Words cannot express our love and appreciation to our friends and loved ones who made our anniversary celebration such a wonderful time. A special thanks to all who came and for the lovely cards, gifts, phone calls and flowers. To our wonderful children and grandchildren who made this possible. We love each of you and may God bless you and keep you in His care.

J.D. and Zella Palmer

We wish to thank all our friends for your thoughtfulness and acts of love during the loss of our loved one, Adaline Hunter, as well as during her lengthy illness. All the cards, visits, food, flowers and other expressions of kindness are deeply appreciated.

H.G. Hunter
Wayne and Jimmie Hunter and family

The family of Georgetta Smith want to thank everyone for the beautiful flowers and kind expressions of sympathy during this time of sorrow. Our many thanks to the ladies of the Methodist Church for the wonderful lunch.

The family of Georgetta Smith

"Recycle Glass.
Help Protect Our
Future."

-Sonia Flask, Fortune Teller

"I can imagine a material so naturally pure that it is 100% recyclable. I can imagine a cleaner, healthier environment. And I can imagine every family in America recycling their glass bottles and jars."

Help conserve our landfill space and improve our environment. Start the recycling habit in your home today. It's the right thing to do.

BECAUSE GLASS IS 100% RECYCLABLE, THE BENEFITS ARE CLEAR.

Disappointment followed by confusion. That's how officials of Lubbock-based Plains Cotton Growers, Inc. characterize cotton producer reactions to the U.S. Department of Agriculture's recent announcement on 1990 deficiency payments.

The disappointment comes from USDA's estimate that the 1990 payment rate will total only 10.5 cents per pound, well below what producers were expecting in light of price ideas voiced by respected market economists, plus the fact that some area lending institutions heretofore had been projecting a payment rate as high as 18 cents.

USDA is prohibited by law from predicting commodity prices. But under the 1985 farm act, the Department has to estimate, before program sign-up, the deficiency payment rate for each of the program crops. And, since the deficiency payment equals the target price minus average farm prices, the first step in estimating the deficiency payment for any year is to estimate the average farm price.

The 1990 target price for cotton is 72.9 cents per pound. So, in effect, the projection of a 10.5-cent deficiency payment is a 1990 farm price projection of 62.4 cents per pound. That compares to the 60.2 cent 1989 average price through November.

USDA's price calculations for 1990, according to Charles Cunningham, Chief of USDA's Production Adjustment Division, were done about mid-December. Considered were market prices at that time, supply-offtake projections and estimated monthly market volumes for the calendar year. The latter two factors haven't changed much since mid-December, say officials of Plains Cotton Growers, Inc., but average spot market prices have declined about two cents. And, if the

projections were being made now, Cunningham admits, the current price situation could very well make a difference.

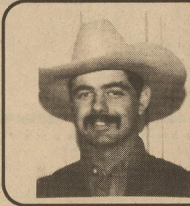

Then there's the confusion that sets in as a farmer tries to figure the amount of his advance payment. The exercise begins with the announced 40 percent of the estimated total, which comes to 4.2 cents per pound. From that he has to take off .515 cents as mandated by the Budget Reconciliation Act of 1989. Congress reached that fixed deduction, Cunningham explains, through the back door. Decided first was how much needed to be cut from the agriculture budget, then how much of that figure should come from reduced deficiency payments, and finally how much of the reduction would be charged to each of the program commodities.

Satisfying the required Budget Reconciliation Act reduction brings the advance payment rate down to 3.685 cents. That's the rate being quoted to producers by Agricultural Stabilization and Conservation Service personnel. And it's the rate that will be applied to a farmer's acreage and yield to determine if his total advance would exceed the statutory \$50,000 payment limitation. But it's not the actual rate anybody will receive.

There's still the Gramm-Rudman-Hollings sequestration to figure in, that's another 1.4 percent of the dollar amount, up to \$50,000, that results from multiplying 3.685 cents times acreage times yield.

So, after all the ciphering is done, advance payment checks will reflect a payment rate of only 3.633 cents per pound.

The 1990 program sign-up for cotton, wheat, corn and grain sorghum began January 16 and runs through April 13.

County Agent's Comments

by Rocky Vinson

THE TEXAS HUNTING LEASE SYSTEM: ORGANIZED CHAOS OR THE FUTURE OF WILDLIFE MANAGEMENT

Another Texas hunting season is nearly over. Hunting lease operators are preparing to close their books on this year's hunts and make plans for next year. Lease hunting occurs throughout Texas, but lease operations vary considerably. Many lease operators would like to know how others are providing services and facilities, managing game animals, protecting their operation, pricing their leases, and the range of lease charges. How can they obtain this information? Beginning January 22, 1990, all 12,500 hunting lease operators in Texas will receive a one-page survey that asks for answers to these questions. The survey is easy to complete but of most importance to hunting lease operators will be the results. Finally, they will be able to compare their lease operation with others in the county and state.

This study is a cooperative research effort between the Texas Agricultural Experiment Station and the Extension Service. County agents are helping get an excellent response rate by supporting this study and answering questions their lease operators may have about it. The value of the information to hunting lease operators will be directly related to the number

of surveys returned. The Extension Service will provide county/state data results to each county Extension agent for your area of interest. They will receive the results that compare their personal operation with others in the county and state. This information should help operators and land owners improve their hunting lease programs.

Hunting lease operators that have multiple permits will be sent a survey for each permitted area. Each area under permit is described on the survey by acres and/or name -- exactly the way it was described in the permit application. Some operators or landowners may receive from two to twenty-two surveys in one day. It is important that each survey for each permitted area be completed as a separate acreage. All hunting lease operators that have four or more permitted areas have been contacted about the study and that they would be receiving a lot of mail the third week in January.

The Texas hunting lease system has been in operation since 1929. There has never been a statewide study of how lease hunting contributes to wise management of the wildlife resource. Other states are beginning to consider lease hunting as an alternative to traditional agricultural land uses. The results of this study may demonstrate that lease hunting on private land is a practical and sensible alternative.

Congressman Sarpalius Names Bedford Forrest to head up Amarillo Office

AMARILLO -- Congressman Bill Sarpalius recently announced the addition of Bedford Forrest to head up the staff of his Amarillo office. Forrest will be the District 13 Administrative Assistant and will be representing the Congressman throughout the area.

In announcing this staff addition Sarpalius stated, "Bedford Forrest is going to be a tremendous asset to our staff here in Amarillo, as well as to the people of the 13th District. People know that Bedford is a person that will listen and respond to the concerns of everyone. His service on numerous charitable and service organization boards has demonstrated his desire and commitment to serving and helping people throughout his life."

Sarpalius went on to say, "Bedford's 22 years as Farm and Ranch Director at two Amarillo television stations, and his 7 years a member, then chairman of the Panhandle Economic Program, make him uniquely qualified to serve as my Administrative Assistant for the district."

"Bedford Forrest will be my right hand man here in the district, and will be in constant contact with me in respect to legislation in Washington D.C. as well as concerns of the people of District 13."

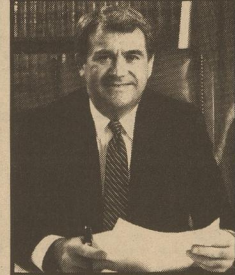

Forrest was born in Clovis, N.M., grew up on a farm and ranch in Deaf Smith

County and currently lives in Amarillo with his wife Reva, and her daughter Misty, age 12.

After acquiring his B.S. degree from West Texas State University in 1957, Forrest taught at Tulia High School and worked on and received his Masters Degree in 1959. Forrest went on to teach in the Hereford and Big Spring school systems before becoming the director of Public Relations of the High Plains Research Foundation at Halfway, Texas.

In May of 1965 Forrest began his 23 year broadcasting career as general manager of radio station KDHN in Dimmitt, Texas. Only two years later Forrest began his long and distinguished career in Amarillo television, first as Farm and Ranch Director at KFDD TV, and later at KVII TV through 1985.

Included among Forrest's many honors and accomplishments was the Texas Extension Service's "Man of the Year in Agriculture". Forrest has also served on many charitable and worthwhile boards throughout the area including the High Plains Research Foundation, the Panhandle Economic Program, Agriculture Committee of the Amarillo Chamber of Commerce, Tri-State Fair, Kidney Foundation, Multiple Sclerosis, Easter Seals, Girls Town and Camp Fire Girls.

CONSUMER ALERT

by Jim Mattox
Attorney General

Car Safety: The Focus For 1990

With incentives like cash rebates and offers of low financing, new car bargains often attract consumers at the beginning of the new year. As with any purchase, consumers should carefully check out all offers and discuss buying options with different dealers and lenders before signing a contract.

While considering options, consumers should not overlook the importance of advanced vehicle safety features which are now available as standard or optional equipment. Because of a new Department of Transportation ruling requiring passive safety restraints on new cars, auto manufacturers are placing a priority on vehicle safety this year.

The ruling directs car manufacturers to include either automatic seat belts or air bags on all 1990 models. Rear shoulder belts and anti-lock brakes are also available on many new cars. Although this ruling does not apply to vans, pickup trucks and utility vehicles, such safety devices are found on many such vehicles.

PASSIVE RESTRAINTS

The term "passive restraints" refers to restraining devices which work without any conscious action on the driver's part. There are two kinds of passive restraints: automatic safety belts and air bags.

AUTOMATIC SAFETY BELTS

Most auto manufacturers satisfy the federal restraint mandate by installing automatic seat belts. The most unique thing about the automatic safety belt is that you don't have to remember to buckle up. The belt fastens itself around you.

Points to remember

- The automatic lap/shoulder belts are just as effective as the manual type. In many cars, however, only the shoulder portions fasten automatically. You still need to buckle the manual lap belt for full protection.
- If you spend part of your time in a car with automatic belts, you may forget to buckle up when you go back to a car that has manual belts. Remember -- a crash can happen any time!

AIR BAGS

Air bags, which are usually hidden inside the steering wheel or dashboard, are designed to inflate automatically in frontal crashes. Used in conjunction with a safety belt, they provide additional protection against head, facial, and chest injuries.

Points to remember

- An air bag does not replace the need for a safety belt.
- Air bags work only in frontal crashes. They won't protect you in a sideswipe, a rear-end collision, or a rollover.
- The air bag will inflate only once. If your car hits two or more different objects, several seconds apart, you'll need your safety belt to protect you from the second and third impacts.

OTHER SAFETY FEATURES

REAR SHOULDER BELTS

The rear shoulder belts are becoming more popular on new models. Virtually all vehicles are to be equipped with this safety feature by 1990. As with front shoulder belts, these devices offer rear seat passengers added protection.

ANTI-LOCK BRAKES

The anti-lock brakes help drivers avoid crashes under difficult braking conditions. Anti-lock brakes are designed to prevent car wheels from locking when the brakes are applied, providing a more efficient braking force.

Be sure that the safety features you want are available on the vehicle you are purchasing.

FOR MORE HELP

If you need more information on the 1990 safety features contact the National Highway Traffic Safety Administration at 8400 Westpark Dr., McLean, Virginia 22102. If you have a consumer complaint, call the nearest Consumer Protection Office in Austin, Dallas, El Paso, Houston, Lubbock, McAllen and San Antonio. The Attorney General's Office is the people's law firm. We're here to help you.

Lead is at Dangerous Levels

Water Quality Group Gives Tips for Home Owners

News USA

(NU) - Lead corrosion is at dangerous levels in the U.S. and other countries today, according to a well known environmental consultant.

Dr. James W. Patterson, who heads a Chicago research and consulting firm, told the Water Quality Association that the contamination of drinking water in this country by lead and other toxic substances should be addressed promptly. Removing lead from drinking water is not easy, although there are some precautions to take.

The Water Quality Association of Lisle, Ill., is the largest trade association devoted to the \$1 billion a year water quality industry.

The Environmental Protection Agency reported in 1981 that about 40 percent of U.S. households served by municipal water systems (not private wells) receive water that has been degraded in quality through corrosion mainly of older water pipes. The average lead level of this drinking water is three times the proposed EPA drinking water standard.

Affects Children and Adults

Most commonly, the toxic release of lead comes from deteriorating lead pipes and lead solders. Some types of home water treatment equipment can reduce or eliminate lead from home water supplies. These include water softeners, and reverse osmosis system and distillation systems.

Infants and children are most susceptible to lead toxicity. At high levels, it can cause irreversible brain damage. In adults, lead can damage kidneys and the brain as well as nerve,

reproductive and circulatory systems.

Background lead is not found naturally in water. Source water entering a water main can be lead free. However, at the tap it might contain metals picked up in the plumbing system.

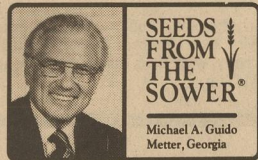

"Uniform corrosion," the most common type for lead contamination, eats away layers of the pipe in a very consistent manner. Chemical characteristics of water affect the way corrosion attacks the plumbing. Furthermore, water may be very corrosive for one metal, such as lead, but not for another like copper.

Lead Safety Tips

Modifying different chemical factors in the water may solve corrosion problems, but sometimes leaves the water unacceptable to the user. Furthermore, a measure taken in one location to prevent corrosion and reduce the lead content may not work in another part of the country.

There is no known practical cure-all for removing lead from drinking water, although there are some precautionary measures. The Water Quality Association, which represent the water equipment industry, advises homeowners worried about lead problems to let the cold water run for a few minutes before drawing water for drinking or cooking, especially first thing each morning. Standing water in the pipes has the greatest potential for leaching lead.

For more information, write The Water Quality Association, Post Office Box 606, Lisle, IL 60532. ✽

A little girl asked, "Mom, is Jesus a rose?"
"Not really," she answered.
"Why?"
"Because," said the girl, "I heard them singing in Sunday School 'He's a rose'."
"No," corrected the mother, "you heard them sing 'He arose'."
He died for us, but He's not a

coffined Christ. He's our living Lord.

He's with us in every time of perplexity to guide us, in every time of sorrow to comfort us, in every time of temptation to strengthen us, in every time of loneliness to befriend us, and he's with us in death to bring us home to heaven.

Aren't you glad He arose!

.....
God Bless You!
.....

RE-ELECT DAVID CAVE FOR A SECOND TERM AS YOUR DISTRICT JUDGE

1. **HARD WORKING** - Judge Cave has disposed of cases promptly, fairly and correctly. There have been NO REVERSIBLE ERRORS in any of the civil cases tried and appealed to the Appellate Courts of this state.
2. **CLEANED UP OLD DOCKETS** - When Judge Cave took office there were hundreds of old cases pending in the four counties, many going back as far as 1960 still on the books, many criminal cases pending dating back to 1975 undisposed of. All of the old cases have been properly disposed of.
3. **CAREFULLY CONSIDERED REQUESTS FOR BOND** - Judge Cave has given careful consideration to every request for bond and has set bonds which are fair and insure that the defendant will appear for his trial. Everyone Judge Cave released on bond has returned to court when his trial was set.
4. **COURTEOUS TO JURY PANELS** - Judge Cave has had a large number of jury trials in the four counties requiring the attendance of many people to serve on the jury panels. Judge Cave has always been very considerate of those who need to be excused from jury duty and of those selected to serve on a jury. He has always put their personal needs first in conducting trials.

LET'S KEEP A WORKING JUDGE FOR A SECOND TERM

HOMECOMING ASSOCIATION HAS MEETING IN FLOMOT

The Flomot Homecoming Association met Saturday night, Jan. 20 at the Community Center in Flomot and voted for the Tri-Annual Homecoming to be Saturday and Sunday, July 7-8, 1990.

Seab Washington, president, presided at the meeting and the following will serve as committee chairmen for the Homecoming preparations: Mrs. Coy (Connie) Franks, secretary and treasurer of Assn., communications and invitations; Wilburn Martin, program; Mrs. Seab (Dianne) Washington, registration; Mrs. Arnold (Carolyn) Johnson, decorations; Doyle and Glen Calvert, food; Donnie Turner, entertainment and D.M. "Ikie" Gilbert, clean-up committee. The chairmen will be contacting others in the community to serve on these committees. Johnny Turner is serving as vice-president of Association.

In other business, the vote was unanimous to have a Mexican Stack Supper, Saturday night, Feb. 24 at the Community Center to help raise needed funds for the Association expenses. Those willing to help with this Fund Drive project are to contact Mrs. Washington, Mrs. Franks, Mr. Turner, Doyle or Glen Calvert.

Mr. Washington expressed his appreciation to those attending before he adjourned the meeting.

ATTEND FUNERAL

Mrs. Aline Welch accompanied by her daughter, Mrs. John (Deloras) Pigg attended the funeral services of her sister, Mrs. Lera Walker Stewart, 82, of Lubbock held at 11:00 a.m., Monday, Jan. 21 in Resthaven Funeral Home Chapel. Dale Andrews, minister of Vandelia Village Church of Christ, officiated, assisted by Kennon Rider. Burial was in City of Lubbock Cemetery.

She died at 9:45 p.m., Friday in Quaker Villa Nursing Home after a brief illness.

Survivors include a son, Leon Walker, of Clovis, N.M.; two daughters, Mary Rudd of Lubbock and Margaret Mackay of Premont; a brother, Eugene Clark of Tulsa; four sisters, Mrs. Welch of Flomot, Vera Darr of Paducah, Bobbie Rogers of Floydada and Beatrice Lary of Midland; 10 grandchildren and 10 great-grandchildren.

BIRTHDAYS CELEBRATED

Mr. and Mrs. Darrell Cruse, Leah, Keane and Derreck honored her grandfather, Charlie Lewis of Floydada on his birthday, Saturday, Jan. 20 with a family luncheon in their home. He was presented a birthday cake and gifts.

Those attending the celebration were Mr. and Mrs. Billy Wason of Matador, Mr. and Mrs. Bennie Marrice, Shahala and Kaycee of Snyder and Mark Wason of Roaring Springs.

MEMBERS OF FIRST BAPTIST CHURCH IN FLOMOT OBSERVED THE BIRTHDAY OF THEIR PASTOR, BRO. NATHAN MULDER OF SOUTH PLAINS, SUNDAY NIGHT FOLLOWING THE CHURCH SERVICES, WITH A BIRTHDAY CARD PARTY. REFRESHMENTS WERE SERVED IN THE FELLOWSHIP HALL.

OUT OF TOWN RELATIVES ATTENDING FUNERAL SERVICES OF ADALINE HUNTER

Out of town relatives attending the

funeral services of Adaline Young Hunter, Monday, Jan. 15 at First Baptist Church in Flomot were L.B. and Penny Martin of Riverside, Calif.; Mr. and Mrs. Calvin Young of Littlefield; Mr. and Mrs. A.C. Price, Joe Ed Price and Mrs. Howard Landry of Amarillo; Mrs. "Hoppy" Margie Trent of Memphis; Mrs. Freddie Stockton of Childress; Mr. and Mrs. J.V. Young of Lewisville; Mrs. Jess Musgrave of Hatfield, Ark.; Mrs. Edna Earl Shumacher of Greenville; Dr. Randy Hunter of Denton; Mrs. Carrie Dell Dickerson of Silverton.

Mr. and Mrs. David Hunter and sons of Midland; Anita Hunter of Lubbock; Hubert Price of Turkey; Mr. and Mrs. Ernest Wayne Barbee of Clarendon; Susan Hunter of Austin; Mr. and Mrs. John Speer of Floydada; Mrs. Roy Moss and Shanna Mae of Decatur; Mr. and Mrs. Ray Montoya of Albuquerque, N.M.; Mr. and Mrs. Roy Hunter of Lockney; Mr. and Mrs. Edmond Hunter of Dimmitt; Preston Price of Childress; Mr. and Mrs. Bruce Price of Quitaque and Mr. and Mrs. Jephtha Young and Bro. and Mrs. Fuqua of Roswell, N.M.

Mr. and Mrs. Carl Darr of Paducah visited Sunday with her sister, Mrs. Aline Welch.

Viola Stinson and Mary Ellen Barton attended to business in Childress, Wednesday and visited with Dr. and Mrs. David Fuston and children.

Visiting in Lubbock, Sunday with Mr. and Mrs. Ronnie Rogers and family were Mr. and Mrs. Howard Rogers, Mr. and Mrs. Donnie Rogers and Natalie.

Mrs. C.W. Starkey returned home Friday from Winnewood, Okla. where she had visited since Dec. 28 with her daughter and family, Mr. and Mrs. Joe Long. Joining her there to visit was her daughter and grandson, Mrs. Royce Hanna and grandson, Robert of Salisaw, Okla.

Berry Pickett of Garland visited last weekend with Mr. and Mrs. Coy Franks, Cary, Cory and Cara.

Naomi Bynum Morris of Plainview, a former Flomot resident, suffered a broken hip in a recent accident in her home.

Weekend visitors in the home of Mr. and Mrs. A.D. Moseley were Mr. and Mrs. S.E. Lane of Corpus Christi, Mr. and Mrs. Coy Dunn of Dimmitt and Mr. and Mrs. V.D. Tiffin, local residents.

Out of town guests during the weekend in the home of Mr. and Mrs. Gordie Washington were Max Washington of Anton, Buster Hodges of Fritch and Todd Washington of Quitaque.

Mary Ellen Barton and Viola Stinson were in Lubbock, Monday for Mary Ellen a medical check-up for arm and shoulder following recent surgery. She received a good report, but must continue her therapy exercises.

Mrs. Wilburn Martin visited in Lockney, Tuesday with her mother, Mrs. Lennie Gilbert.

Mr. and Mrs. Jack Starkey and his mother, Mrs. C.W. Starkey met Mrs. Gene Davis of Fritch in Claude, Sunday and Mrs. Jack Starkey returned to Fritch with her to help during the recuperation of grandson, Michael, who suffered severe burns in a recent accident.

Mr. and Mrs. Don Marble and granddaughter, Morgan Marble of South Plains visited Mr. and Mrs. Clayton Bond, Sunday.

Train up a child in the way he should go: and when he is old, he will not depart from it. Proverbs 22:6

OVERHEARD

A Sidewalk Museum with displays of antiques, historical and family mementoes in the show windows of the vacant buildings within the town of Matador would be a benefiting beautification as well as historical project. It would be nicer to have a museum tour when visiting or shopping in Matador!

ATTEND LIBRARY MEETING

Mrs. Keith (Joan) Patton of Matador, Motley County Library lay member and Mrs. Spencer (Wilda) Dixon, Motley County Librarian, attended a West Texas Library Systems meeting held Thursday, Jan. 18 at Mahon Library in Lubbock. They discussed and approved Lay Representative and Council Committee reports.

RAIN ORDER ARRIVES

We are thankful for the good service rendered when a recent order was sent requesting needed moisture. Residents in northwest Motley County registered from .80 to 1.50 inches within a 24 hour period of snow, sleet and rain, Thursday, Jan. 18. The farm and grassland absorbed the welcomed precipitation like a dry sponge!

Mr. and Mrs. Stuart Dixon enplaned from Lubbock to Austin, Wednesday where Mr. Dixon attended a Texas Farm Credit Bank Stockholder Advisory Committee meeting, Jan. 17-18. They returned home Thursday night. Due to bad weather, they arrived at Lubbock airport an hour behind the scheduled flight time.

Mr. and Mrs. Morris Stephens visited overnight Friday in Tulia with Mrs. Nola Anderson. They and Mrs. Anderson attended the Blue Grass Festival, Saturday and Sunday held at the Kingston Motel in Amarillo. The tropical decor inside the

Motel including palm trees, water falls surrounded by brilliant green plants was in contrast to the 8 inches of snow covering the landscape outside. They enjoyed the good music, Clogging Exhibition and Mexican Buffet. Mr. Stephens was one of the featured musicians. Mrs. Stephens' sister, Mrs. Annie Black of Amarillo joined them there to visit.

Mr. and Mrs. James Gwinn and Fan-nin entertained with a fish fry at their home Wednesday night. Guests attending were Mr. and Mrs. James Bearden and Mr. and Mrs. Larry Crouch of Roaring Springs, Mr. and Mrs. Ray Cruse of Flomot, Mrs. W.T. Gwinn and Charles "Chig" Gwinn of Matador and Mr. and Mrs. Bob Fullingim of Harlingen.

Johnny Turner, son, Cobey and friends, Luke and Terry Boedeker attended the Gun and Knife Show held at the Civic Center in Lubbock, Saturday.

Mrs. Kathryn Martin attended the 40th wedding anniversary reception of Mr. and Mrs. J.D. Palmer in Roaring Springs, Sunday afternoon. She visited her mother, Mrs. Ray Martin before returning home.

Mrs. Roy (Melba) Rosser of The Colony visited from Tuesday until Friday with her mother, Mrs. Jack Spray. She and Mrs. Spray attended the funeral services of Mrs. Georgetta Smith, Wednesday.

Mrs. Malcolm Jameson and Melba have been on the sick list. Mrs. Dan Bevers of Amarillo accompanied them to Amarillo for medical treatment during the week.

Mrs. Johnny Turner and daughter, Heather visited in Lockney, Saturday with her grandmother, Mrs. Laverne Sams.

Visiting from Friday until Sunday with Mr. and Mrs. Davis Harvey were his sister and husband, Mr. and Mrs. John Kilmartin of Muskogee, Oklahoma and Brenda Harvey and Julie of Amarillo.

Matador News

Raymond H. Garth, presently of London, England, returned to Dallas on December 20. After attending to business there, he drove to Matador where he was joined by his mother, Mrs. Fay Dirickson and sister Mrs. June Christian and niece Molly Christian, when they continued on to Albuquerque, N.M. to spend Christmas with his brother, Mr. and Mrs. James Garth and family. Returning here on Dec. 28 and continuing on to Dallas to fly back to London on January 3, where he is employed by the Boving Company.

FAREWELL LUNCHEON GIVEN FOR MR. AND MRS. CROUCH

Members of the Church of Christ in Matador gave a farewell luncheon for Mr. and Mrs. Larry Crouch of Roaring Springs, Sunday, Jan. 21 at the Senior Citizens building in Matador. They were presented a Going Away gift. Among the guests was Phil Grasse of Lubbock, guest speaker at the Church of Christ Sunday services.

Mr. and Mrs. Crouch, who have resided in Motley County the past twelve years, moved to Corvallis, Oregon, Monday, Jan. 22. They have been an asset to the area as they served on many county and civic boards including the M.C. Hospital Board, South Plains Health Providers Inc. and M.C. Library Board.

COUNTY RESIDENTS ATTEND CROP MANAGEMENT SCHOOL

County residents attending the Federal Crop Risk Management School held at the Lubbock Plaza in Lubbock, Thursday, Jan. 18 were Rocky Vinson of Whiteflat, Mrs. Orville (Ruth) Lee of Flomot, Charles Long of Roaring Springs and Billy Wayne Denison and Bill Luckett of Matador.

Mrs. Melvin Meason returned home Monday from Dallas where she received eye treatment. She and her cousins, Mr. and Mrs. Harold Freeman of Grand Prairie continued on to Shreveport, Louisiana to visit other relatives.

Mrs. Nolan Fulkerson of Lubbock and Mrs. Jack Crider of Odessa, visited recently with their sister, Mrs. Douglas Meador.

Roaring Springs News

by Odessa Mullins

Miss Lula Swim and her brother, Cecil Swim attended funeral services for their uncle, W.M. Echols in Vernon, Saturday.

Kenneth and Imogene Lefevre moved from the Guy Thacker place in this community to the Fred Clower place in Matador last week.

Sam and Donna Kennedy who recently lost their home by fire have bought the Hobbs Gibson house on 4th street and moved into it this past weekend.

Mr. and Mrs. Larry Crouch left Monday for Oregon, where they will make their home. They have sold their attractive country home in this county and Jimmy and Marie Kelsey of New Mexico, moved in Monday.

Hospital where she has been hospitalized since she broke her leg, December 30. She is now in rehabilitation.

Mr. and Mrs. H.C. Smith kept his medical appointment in Lubbock Monday and visited with the Dean McInroes at Methodist Hospital.

Mr. and Mrs. D.A. Hinson are visiting their children and grandchildren in San Antonio.

Mr. and Mrs. Jackie Martin, Nancy, Billy and John visited their mothers, Mrs. Josie Martin and Mrs. Callie Winegar the past weekend.

Bess Ferguson accompanied Jo Scott to Plainview Monday where Miss Ferguson kept a Dr. appointment going through a series of tests and getting a good report. They visited Allie Lawrence at Plains Convalescence Center and Rev. and Mrs. Buster Huggins.

Mr. and Mrs. E.M. Goolsby and Eva Lee Conway of Guthrie, OK spent Saturday night with Mr. Goolsby and Mrs. Conway's sister and husband, Mr. and Mrs. J.D. Palmer. They were joined Sunday for lunch by the Palmer's sons and families, Mr. and Mrs. Johnnie Palmer, Scotty and Meranda of Paducah, Mr. and Mrs. James Palmer, Tricia and Josh of Matador and a friend of Tricia's, Bob Spikes of Afton. They honored the Palmers on their 40th Wedding Anniversary Sunday afternoon.

FORMER RESIDENT DIES

Although she had been gone from here several years, all longtime residents of the area remembered Mrs. Mary Irwin who with her husband had the Hilltop Store across from the High School here. She was buried here Tuesday beside her husband, who died in 1973.

Mrs. Dean McInroe was taken to the Emergency Room of Methodist Hospital Saturday night and had emergency surgery Sunday for ruptured appendix.

Mr. and Mrs. Carl Barton spent Sunday with Mrs. Marion Burt in Methodist

Technical Services for Rural Communities

Community Resource Group, Inc. (CRG) and the Texas Department of Agriculture have joined together in a project to bring needed water and wastewater services to low-income rural communities in such areas as community education, water and wastewater system planning, funding acquisition, and operation and management assistance. CRG is a private, non-profit corporation which has been providing technical assistance on water and wastewater systems to rural communities for over 10 years. Virtually all of the services to be provided to targeted communities will be at no charge. Services include:

* Community Education: Including such topics as community organizing, the basic components and operation of water and wastewater systems, project management, regulatory issues, etc.

* Technical Consultation: On-site assessment of water and wastewater problems; water conservation possibilities; and exploration of various alternative solutions.

* Information: On obtaining and using professional services; financing and managing expansion, upgrading, and new

system development; complying with local, state and federal legal and regulatory requirements; and alternative institutional structures.

* Operation and Management Assistance: Utility rate structure analysis; improving billing, accounting and collection; preventive maintenance programs; and debt service programs.

* Financing Assistance: Finding, qualifying and applying for loan and grant funds; predevelopment and private financing alternatives; and grant funds; predevelopment and private financing alternatives; and grant administration.

* Alternative Technology Assessment: Investigation of alternative and low-cost technologies for communities where conventional systems are impractical or too expensive.

For more information on this project and the services which CRG can provide to your community, contact:

HYDROTEX, Dept. 2985-G, Dallas, TX.

Notice

PRELIMINARY NOTICE

The Farmers Home Administration (FmHA) has received an application for financial assistance from the City of Roaring Springs, Motley County, Texas. The specific elements of this proposed action is to replace the existing potable water system, consisting of the construction of 2 water wells, 100,000 gallon standpipe storage tank, approximately 25,200 feet of 4 inch to 8 inch water lines and appurtenances to serve approximately 160 households. Portions of the proposed water distribution lines will be located within the floodplain as designated by the U.S. Department of Housing and Urban Development Flood Hazard Boundary Maps.

FmHA identified the following locations where the distribution lines will cross the designated floodplain:

1. where Broadway crosses Chinnery Draw - approximately 300 feet;
2. where Dundee Circle crosses Chinnery Draw northwest of the intersection of Fifth Street - approximately 500 feet;
3. where Chinnery Draw crosses Fifth Street - approximately 300 feet;
4. from the intersection of Fifth Street and Locust north along Locust - approximately 200 feet;
5. where Chinnery Draw crosses Third Street - approximately 350 feet;
6. where Chinnery Draw crosses Second Street - approximately 200 feet.

FmHA has determined there is no practical alternative to the laying of the water distribution lines within the designated floodplain and that service in these designated areas will be limited to only those existing occupied residences and/or businesses that may be presently located in the floodplain.

Any person interested in commenting on this application or the proposal's feasibility and alternatives to it, may do so by providing such comments to FmHA within 30 days following the date of this publication to Mr. Charles B. Hart, Community Programs Section, Farmers Home Administration, 101 South Main, Suite 102, Temple, Texas 76501.

The application and proposal are available for review at the Farmers Home Administration District Office, 5015 College Drive, Room 6, Vernon, Texas 76384.

INVITATION FOR BIDS

The City of Roaring Springs, Texas will receive Bids for construction of Water System Improvements until 11:00 a.m. on the 20th day of February, 1990, in the City Hall, Roaring Springs, Texas, at which time and place all bids will be publicly opened and read aloud.

Bids are invited upon the several items and quantities of work as follows: construction of a welded steel standpipe water tank, diameter 19 feet, height 63 feet, including foundation, painting, and appurtenances.

Contract Documents, including Drawings and Technical Specifications, are on file at the office of Ober J. Engineering, Inc., Wellington, Texas.

Copies of the Contract Documents may be purchased at the office of Ober J. Engineering, Inc., P.O. Box 726, Wellington, Texas, 79095, Phone Number 806-447-2503, at a cost of \$20.00 for each set so obtained. This fee is not refundable. Materials suppliers may obtain unbound copies of the new specifications and bid sheets only by contacting the Engineer.

A certified check or bank draft, payable to the order of the City of Roaring Springs, Texas, negotiable U.S. Government bonds (at par value), or a satisfactory Bid Bond executed by the Bidder as an acceptable surety in an amount equal to five percent (5%) of the total Bid, shall be submitted with each Bid.

Attention is called to the fact that not less than the federally determined prevailing wage rate, as issued by the U.S. Department of Labor General Wage Decision and Texas Department of Commerce and as set forth in the Contract Documents must be paid on the project and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

Attention is called to General Condition 141 "Restrictions on Public Buildings and Public Works Projects". The bidder certifies by the submission of its bid that it:

1. Is not a Contractor of a foreign country included on the USTR list.
2. Has not and will not enter into any subcontract with a subcontractor of a foreign country included on the USTR list.
3. Will not provide any product of a foreign country included on the USTR list.

The total project cost is \$439,000. Of that amount, \$219,500 or 50% is federal funds from the United States Department of Commerce, Economic Development Administration. Thirty-five percent (35%) or \$154,594 is funded through the Community Development Block Grant Program administered by Texas Department of Commerce.

The City of Roaring Springs, Texas reserves the right to reject any or all Bids or to waive any informalities in the bidding.

Bids may be held by the City of Roaring Springs, Texas for a period not to exceed thirty (30) days from the date of the opening of Bids for the purpose of reviewing the Bids and investigating the qualifications of Bidders, prior to awarding of the Contract.
