PARTY FOR MOTHERS GIVEN BY W.S.C.S.

On Thursday afternoon, June 14, from 3:30 to 5:30 P.M. the Woman's Society of Christian Service of the Methodist Church entertained its older mothers with a party in the American Legion recreation room.

Mrs. A. J. Daffern, Nelson McMahan and Douglas E. Pitts, Sr., composed the entertainment committee and on entering the building they were greeted by Mrs. Elbel Payne, who registered the names and ages, and Mesdames H. H. Schweitzer and Pat Sheridan, who presented each honored guest with a corsage.

A devotional included an opening song, "Amazing Grace" with Mrs. G. E. Hamilton at the piano and Mrs. W. F. Jacobs as leader; prayer by Mrs. W. V. O'Kelly; and Scripture reading by Mrs. Jacobs.

A corsage of red roses was pinned on Mrs. Ella Freeman of Grand Prairie, Texas, as "Queen for the Day", being the oldest mother registering. Mrs. Payne, president of the organization, made the presentation.

Other features of the program included favorite Scripture quotations by all present; a piano duet, "Over The Waves" by Mrs. Hamilton and Mrs. Walter McWilliams, and readings by Mrs. J. R. Whitworth, "The Watered Lilies" and "At the Soda Fountain".

Mrs. Hamilton entertained the group with "Turkey in the Straw", which received enthusiastic applause. "A sing-song" was then enjoyed, with the group singing a number of old-time favorite songs. Games were directed by Mrs. Duke Lipscomb and Mrs. Fred Bourland.

Mesdames Sterling Price, Fred Simpson, Bill Pipkin, and Mrs. Payne served refreshments of ice cream and cookies to the following: "Older Mothers": Mesdames W. B. Vaughn, W. M. Graham, Homer Sheats, R. P. Moore, C. P. Waybourn, J. M. Jackson,

Jones-Latham Vows Repeated Recently

Miss Martha Jones and Monroe Latham exchanged marriage vows in a double-ring ceremony performed recently by Rev. Bruce Oliver, pastor of the First Baptist Church, Matador.

The wedding was on Saturday, June 5, at 3:00 p. m. in the home of the bride's brother, Loren Jones, 2941 Bomar, in Ft. Worth, Texas. The bride is the daughter of Mr. and Mrs. E. S. Jones of Matador, and parents of the bridegroom are Mr. and Mrs. Jess Latham of Paducah.

Mr. and Mrs. Loren Jones served as the couples' only attendants.

The bride was attired in a street-length dress of pink chiffon over taffeta. The bodice of the dress was fashioned with tiny tucks, miniature rhinestone buttons and pouff sleeves. She wore a white carnation corsage and traditional wedding symbols. For "something old" she wore pink pearl earrings trimmed in rhinestones; "something new" was a white Bible, a gift of the attendants; "something borrowed" was a pink lace handkerchief, and "something blue" was the floral trimming of her hat. She also wore a blue garter and had a penny in her shoe for luck.

A reception was held immediately following the wedding. The table which held the tiered wedding cake and crystal punch bowl, was covered with an imported pink lace tablecloth.

After Mr. and Mrs. Latham cut the cake, refreshments were served to the following: Mr. and Mrs. E. S. Jones, Matador; Mr. and Mrs. Jess Latham and family and Mr. and Mrs. Arthur Carson and family, Paducah; Mr. and Mrs. M. E. Schofield and son, Ronnie, Fort Worth; Rev.

Oliver, and Mr. and Mrs. Loren Jones.

The couple will make their home in Fort Worth, where Mr. Latham is employed with General Motors, Inc. He is a graduate of Paducah High School. Mrs. Latham graduated from Matador High School this spring and plans to continue her studies at T.W.C. in Fort Worth.

"we've talked long enough, Bill"

This little thrush isn't giving her Galahad the brush. She's a teen who's keen about being a good party line neighbor... and she knows how.

She's hep to the fact other folks would like to talk, too. So she spaces her calls and makes them reasonably brief.

If other teens... and their elders, too... would follow her example, everyone would enjoy faster, better service straight down the party line. Telephone courtesy is as important as any other kind.

In his statewide water conservation program, he proposes a plan to build 100,000 small dams in Northwest Texas and a vast canal parallel to the Gulf coast crossing the State's ten rivers as a means of saving Texas from droughts. He said, "The small dams would benefit West Texas particularly and the vast canal would also benefit the entire gulf coast region." "Small dams on the farms of the arid regions of the Western part of the State would establish water banks for use during droughts as well as insurance against soil erosion," he stated.

Johnson also proposes \$100 per month pensions for eligible citizens at the age of 65. He declared that Texas ranks forty-fifth in the nation with an average of \$34 per month old age pension and this "is definitely not an adequate plan."

Johnson was born on a farm near Moulton in Lavaca county. Left fatherless at the age of seven, he worked to aid his family while attending elementary and high schools and later the University of Texas. He is a veteran of World War II, a member of the Baptist Church, and an active worker in Community Chest, Cancer Crusade, Salvation Army, and other community projects. Conoco Super Oil Declared Finest Firm Has Produced

HOUSTON — Approximately 31,000 Conoco motor oil dealers from coast to coast and from the Canadian border to the Rio Grande are introducing Continental Oil Company's New Super Motor Oil, described as "America's first double-duty motor oil."

"New Conoco Super Motor Oil is beyond question the finest motor oil Continental Oil Company ever has produced," Harry J. Kennedy, Conoco's vice-president in charge of marketing, has declared. He pointed out that Conoco has been for many years an acknowledged leader in developing advanced lubricants, and was the first oil company to market an additive motor oil, in 1922.

The new Conoco oil is the product of extensive research and testing, according to Mr. Kennedy. More than 118,000 man hours of research work went into the development of its formula before it ever left the research laboratories for testing, he said. In addition, the oil was subjected to the equivalent of approximately 1,500,000 miles of tests in automobile, truck and tractor engines before being offered to the motoring public.

"Conoco's new oil meets with margin to spare the exacting lubrication requirements of modern day high-compression engines in all types of service, especially the stop-and-go driving that accounts for the biggest part of car mileage," said Mr. Kennedy.

In a grueling stop-and-go road test, conducted last winter in subzero weather in the Colorado Rockies, New Conoco Super Motor Oil's performance surpassed by a wide margin that of other top-grade motor oils available on the market, the Continental marketing chief reported.

"Newspaper advertisements of course will constitute the mainstay of Continental's advertising program for New Conoco Super Motor Oil," Mr. Kennedy stated. "They will be augmented by liberal use of radio, television, point-of-purchase and direct mail advertising, as well as ads in farm and trade papers, and in such national magazines as The Saturday Evening Post and Collier's."

"Jokes On Texas" Ribs "Texas Brags"

Slim, walking into the post office, saw a new sign which read, "Man wanted for robbery in California". At which Slim exclaimed, "Gosh, if that job was only in Texas, I'd take it!"

With this story and many more like it, all good-naturedly lampooning Texas and Texans, John

Randolph has introduced to Texas his new book, "The Jokes on Texas."

"Texas Brags." Randolph's first book, has become a guide to Texans everywhere in pointing out Texas' glories. "The Jokes on Texas" is just the converse, with cartoons, jokes and stories on Texas' weather, geography, habits and inhabitants. Randolph describes the new one as "a healthy companion, or call it an antidote, if you will, for "Texas Brags".

Rib-tickling from cover to cover, "The Jokes on Texas" was compiled by Randolph over a seven-year period, and published to prove to natives and to laugh at themselves as hard as they drag.

OIL-PLATING*

conquers friction wear... because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

Protection 2

ACID-PROOFING

conquers corrosive wear... because this exclusive new discovery gives Conoco Super up to twice the cleansing power of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first *Double-Duty* motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)* to conquer both major causes of engine wear.

The unique **Oil-Plating** additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has been stopped overnight. Thus you get *full-time* protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. **ACID-PROOFING** actually gives new Conoco Super *twice* the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions.

MATADOR ★ TEXAS

CHAS. DEAN . . .

(continued from page one)

"No organization can rise above its leadership and in this instance I feel that the Matador Lions club, with which I have been closely associated for a quarter of a century, will have one of its most successful years. I feel that Lionism in Matador will reach a new crest.

"Beneath the outward appearance of Lionism is the tremendous philosophy which underlies the creed and purposes of the organization. I cite you the world-wide growth of Lions clubs, the unselfish ideals for which Lionism stands and the accomplishments attained. Lionism is based on faith in mankind. Much of the conflict in the world today is the result of straying away from the principals on which Lionism is founded.

"The Creator saw the individual as the subject for a worthwhile civilization and through faith mankind is united in all worthwhile accomplishments. . . . The worth of his work is the central thought of each individual in his community.

Only Work Is Needed
"I am convinced what America needs most of all today is to roll up its sleeves and go to work. Our democracy was founded on the merit system and the greatness of our nation depends on it. I have a personal definition for socialism. It is this: 'Socialism is an apology for failure.'

Other officers installed were: 1st vice-president, John Stevens; 2nd vice-president, Bill Seale and 3rd vice-president, Glenn Woodruff. Two-year directors, H. F. Pipkin and Curtis Graham; one-year directors, Alvin Stearns and Baby Webb; Lions Sweetheart, Miss Rachel Patton; Lion Tamer, Vance Gilbreath; recorder, Pat Sheridan; Talltwater, Ben Edwards and secretary,

treasurer, Jack Norman. New Lions members receiving initiation rites Tuesday night were W. L. McWilliams and Douglas Pitts, Jr. Benediction was by Lion W. V. O'Kelly.

GRANDSON KILLED IN CAR ACCIDENT

Death of a 13-year-old Floydada Negro ended a ball game Sunday at Floydada, in which the young victim was a player.

T. J. Nelms, Jr., son of Mr. and Mrs. T. J. Nelms, Floydada, was struck down while playing baseball on the grounds of a Methodist Church in the Negro section of the city.

He was a grandson of Matador resident, Mrs. Ada Lowe.

Joe Louis Davis, 17-year-old Floydada Negro youth, driver of the death car, was sentenced to 45 days in jail on his plea of guilty to a charge of negligent homicide, first degree.

The Davis youth was accused of driving a car onto a vacant lot where a baseball game was in progress and of striking down the Nelms youth. The victim was pronounced dead at 5:45 p. m. Sunday, several minutes after arrival at the hospital. Officers said Davis drove the car across the church grounds as a "prank" striking Nelms as he crossed.

Dist. Attorney John Stapleton said the youth maintained the foot pedal on the car stuck and he was trying to free it when the vehicle struck the boy.

Besides his parents, Nelms is survived by a brother, 2 half-brothers and 3 half-sisters.
