

West Texas Gets General Rainfall

County Soaked

IT WAS A DREAM rain that soaked Motley County with more than two inches of moisture over the week end.

It started late Thursday night and continued into Monday under ideal conditions, slow and gentle, without wind, hail or thunder. Almost every drop went into the thirsty soil. The total precipitation here in Matador was 2.26 inches, while some areas of the county reported more than 3 inches, especially in the Whiteflat and White Star sectors.

Bob Stanley's rain gauge had caught 2.0-inch the previous week to bring the April total to 2.46 inches as compared with 1.64 during the same month in 1965. The total this year, here in Matador, is 4.01 inches as compared with 2.60 inches during the first four month period of 1965.

The county was dry. Wheat was suffering, as was the range. March had given the county only a trace. February registered 60-inch with January rain and snow producing 90-inch.

Most farmers declared: "We didn't lose a drop." Waves of slow showers started before midnight Thursday and continued intermittently into Monday.

Water ran in the Hackberry Branch of Ballard Creek here in Matador but much of it was runoff from pavements. The outlook has changed abruptly within the past week.

A complete survey has not been made in the county but it is believed the precipitation average will be over two inches. Rains fell generally over the entire Panhandle, with some reports as much as five inches. Flooding resulted in some parts of Lubbock.

72ND YEAR—No. 8 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, APRIL 28, 1966 PRICE SEVEN CENTS

Voters Approve County Hospital District

RAIN SHOWERS did not keep Motley County voters away from the polls Saturday to approve by an overwhelming majority the proposed Motley County Hospital District.

A total of 561 voters went to the polls and 438 of them voted for the creation of the district, with 123 voting against. Only 7 absentee votes were cast and all favored the district.

The five boxes voted as follows: Matador 303 for and 40 against; Roaring Springs voted 82 for and 35 against; Flomot voted 21 for and 34 against; Northfield voted 8 for and 9 against; and Whiteflat voted 17 for and 5 against.

IMPORTANT COMMITTEE WILL BE NAMED SOON

County Judge Elbert Reeves said the vote had been canvassed and that it was expected the all important hospital committee would be named tomorrow.

He said it was hoped that one member would be named from each of the voting precincts. After the committee is named the Commissioners Court will be relieved of responsibility.

The committee will survey the needs, and the possibilities and make recommendations on the most feasible course to proceed.

Voting of the hospital district does not incur any tax increment, but the right to tax has been approved. It will require a second (bond) election to provide funds to acquire any type of facilities. Complete authority of recommendation will rest with the committee, and final authority must come from the property-owning voters.

TRAIL DUST

By DOUGLAS MEADOR

The essence of tranquility may be a kitten on his back in repose, his eyes closed and folded paws, as if on the hearth of eternity.

Centuries move as sluggish water in a deep, clear stream and pigeons fly in pairs above mad intersections of road and vehicles, to soar above high stadium walls. Perhaps these domestic doves once surveyed the winged chariots of Rome and above the dust of the Colosseum.

Pain may be a part of anxiety resulting from being unable to look through a keyhole into the bedroom of private affairs.

Conquest of self is not attained with blaring trumpets, nor the waving of satin banners. Its triumph is solitary, peace of heart.

Walking barefooted behind a row with moist soil wedging the toes is about as close as man can come to the earth, without surrendering to it entirely.

In my generation, youth wore belted trousers, crepe-de-chine shirts and pointed English Walker shoes, with a dash of an Hur toilet water combed with the fingers through rakish pompadour hair. It is a satisfaction to remember that we never went to extremes prevalent among the young of today.

It is possible to look up or look down from any point on this ancient star.

Any protection to be derived from a woman's hat is from the comments of other women.

A stalemate in the progress of the Great Society may be effected by stopping too often for coffee or cocktails.

LaVoe birdied No. 5 and No. 7 and took the honors from Louise and Vivian on "Play Yourself Tourney." Her score is 37.

1-Act Play Wins 2nd at Regional

Matador High School's one-act play, "A Trysting Place," was named alternate Thursday, April 21, at the Region I. Conference contest in Lubbock. The eight plays in Conference B were presented in the University Theater at the Texas Tech campus. Critic judge, Charles Schmidt of Sam Houston State College, Huntsville, proclaimed Meadow High School winner of the competition for their presentation of "The Knight of the Burning Pestle," a play set in early England. Meadow will represent Region I at the State U.I.L. contest in Austin, May 7. Terry Keltz was one of three boys named to the regional All-star cast at the conclusion of the contest. Both the best actor, Duan Hester, and the best actress, Trudy Marchbanks, were members of the Meadow cast. This was Matador's third consecutive year to participate in regional competition. However, this is the first year Matador has been designated as one of the two winning plays. Mrs. Reece Timmons directed the seven member cast: Dale Rector, Terry Keltz, John Barnhill, Kathy Lawrence, Rosanne Terry, Harold Meason and Karen Elliott.

Moore won third with a score of 93. Dale Rector participated in poetry interpretation, John Barnhill in ready writing and Karen Elliott in typing and number sense. Sponsors who accompanied the students to Lubbock were Earl Byerley and Wayland Moore.

South Half Wins Dist. Volleyball

Guthrie and Roaring Springs leapt on the victors dais at the conclusion of the District 7-B volleyball eliminations here Thursday, April 14. Participating in the contest were four teams in both the girls and boys divisions. Guthrie girls whipped down opposition in the south half preliminaries to earn a slot in the finals and triumphed over second place Turkey for the district championship. Roaring Springs boys defeated Quitaque for first in the boys division. Both teams were winners in their division preliminaries.

Panthers Pouch Baseball Opener

Matador High School baseball team, coached by Earl Byerley, fell to its season's first foe, 13-4, on the Forrest Park diamond in Matador, Tuesday, April 19. Quitaque's Panthers sprang to an early lead which wavered only once during the seven innings of play. Trailing 6-0 with three men on in the fourth inning, Matador drew close at 6-4 and then went scoreless throughout the remainder of the game. Larry Bynum accounted for the rally by grabbing one of the winning pitcher's slow balls. Bynum cleaned the bases and raised the score to 6-4 with a grand slam home run. FOUL WEATHER FRIENDS

Wonderful in fair weather, too. When the weather is foul, as it is so often in winter, an automatic washer and flameless electric dryer guarantee a constant supply of fresh-smelling, fluffy-dry clothes. With your own automatic electric laundry, you just pop the family wash in the washer, set the dial and go about your other chores. Drying clothes is no problem either—pop them in—set the dial—then do some other little chore for the family, you have been "putting off." So remember, in fair weather or foul, your best friends are an automatic washer and flameless electric dryer.

He now has approximately 6 miles of terraces, with the first ones completed in 1948. He has his entire cultivated acres terraced and is carrying out a complete conservation treatment of his entire place. He said that nearly all the cultivated acres in Motley county should have terraces.

He plows up his terraces with a mole-board plow at least every other year. Replacing of end-blocks is done in the event they get low or are washed out. He figures with his program for terrace maintenance he will not have to be out the expense of
