Lubbock Boosters To Visit Matador

Matador will be host to a group of Lubbock business men on Tuesday, Sept. 22, when they are scheduled to arrive here at 11:30 a. m. in a chartered bus to publicize the 36th annual Panhandle South Plains Fair, according to information received this week.

Arrangements are pending with Bert Ezzer, superintendent of Matador public schools, for dismissal of the pupils so they can see the special program the group has planned during its stop here.

The Lubbock boosters will remain in Matador for an hour and a half and have scheduled the city as a luncheon stop.

Thursday, October 1, has been designated as Matador Day at the fair this year to honor citizens of the community and the county.

The fair association has advised the Tribune that free admission tickets will be provided for all Matador school students this year, either by the booster tour or by special representative.

Bulldogs Are Happy With One Point In Furious Night Game

IT WAS a beautiful night in Matador. The fragrance of autumn was in the air—but there was something more than the ideal climatic conditions which prevailed at Burleson Field Friday night. The most promising team of Matadors in more than a dozen seasons emerged from behind the screen of obscure years; from behind old fears and out-crow defeats.

More than 1,200 yelling, cheering, back-slapping fans knew it before the mighty 6AA Spur Bulldogs. The truth dawned on the visitors before 15 minutes of play. It was all there in the papers. The press gypsies foretold that the Bulldogs had been picked to win their district. The scrimmage with the little 2B Matadors would be one of those things.

The Bulldogs took one point lead, 13-12, with relief and went home to lick their wounds. Except for a couple of flukes the out-classed but never out-played Matadors would have chalked up two more touchdowns.

It was a beautiful game that electrified Matador fans. Coach Ray Hopkins' charges were operating like a well-adjusted machine. To Matador fans the score was not important—the old spirit of the Matadors had returned! Strength and training was shown in every play. It was the first game for both teams and both sides chalked up a natural amount of fumbles—but the Matadors were not being out-played.

Matadors Score First

The Matadors received the opening kickoff and after an exchange of punts, marched to a first quarter touchdown. Harold Dean and Dewayne Martin alternated in gaining yardage with (fullback) Dewayne finally carrying the ball over the goal. D. Martin's attempted place kick was blocked.

Spur came back and scored on a fluke in the second quarter. (Continued on back page)

TRAIL DUST Charter Lions are Honored

By DOUGLAS MEADOR

A QUARTER OF A CENTURY of community service is now behind the above seven charter members of the Matador Lions club. Two other charter members, L. C. Harp and C. M. Glenn, were not available for this photograph (made 2 years ago). The club now has more than 80 members and is recognized as one of the outstanding small town civic organizations in the country. Anniversary Meet Marks 25 Years Of Community Service

NINE MEN Tuesday night received signal tribute from the Matador Lions Club. Eight were present and stood before the assembly of Lions and their ladies at the Silver Anniversary banquet-meeting in the Methodist church basement and received specially engraved plaques and certificates for 25 years of continuous service to their community.

In September, 1928, about two dozen men met and applied for a charter for the Matador Lions club. It was an auspicious event which was to mark the beginning of one of the most outstanding service clubs in the nation. The organization now has over 80 members. Nine of the original charter members who have retained continuous participation in community progress and welfare are Dr. A. C. Traweek, Sr., L. C. Harp, Harry Willett, C. M. Glenn, J. R. Whitworth, Douglas Pitts, Sr., Elmer Stearns, Henry Pipkin and J. Farris Fish.

Other charter members who attended the anniversary meeting Tuesday night were Joe Murrell of Plainview, the club's first president, R. A. Day and W. W. Clements, both of Matador who are no longer members. Homer Sheats, retired Matador hardware merchant, who was also a charter member, was unable to attend, and letters of regret were sent by other charter members now living elsewhere, who were unable to return for the event.

In the Tuesday night ceremony Henry Pipkin, whose outstanding service to the club has long been recognized, was honored with a lifetime membership in the club to which he has given so much of his time, his work and his means. (Continued on back page)

New Road To Flomot Completed

Opening ceremonies for the farm-to-market road between Flomot and Quitaque will probably be held next week according to J. E. Monk, commissioner of precinct two.

The Lions club and business firms of Quitaque have made plans for a community barbecue to celebrate the opening. The paving which connects two sections of previously-built farm-to-market road, is completed but the bridge across Los Lingos creek (North Pease River) will require a few more days of work Mr. Monk declared.

The paving will greatly benefit Flomot and the surrounding area which for years was almost isolated during periods of excessive rainfall. The route will also provide another paved outlet to Silverton, Tulia and Amarillo.

Mr. Monk said the ceremonies planned by Quitaque are indefinite since it is not known exactly when the bridge will be completed. The barbecue will probably be held at the bridge, he declared.

Joint Meeting Is Held In Matador

Annual joint meeting of the Caprock and Green Belt Water and Sewer Association was held here Tuesday night at the Legion building with approximately 45 members attending. Lee Burns, President of the Green Belt association served as master of ceremonies.

Preceding the business session the group was served supper at Bob's Cook Shack. Guests of the two associations were Pat and Mike Groves, sons of Mr. and Mrs. Algie Groves. Mike Groves entertained the group with his talented piano playing before the beginning of the business session.

Water and sewer short courses were discussed. The schools will be conducted in Austin and Lubbock during the year. Roundtable discussions on various problems frequently confronting members of the two groups concluded the meeting.

Among those attending from Floydada were Mayor and Mrs. J. A. Patterson, Water Superintendent and Mrs. Al Fuchs, Mr. and Mrs. Charles Horton, Mr. and Mrs. Truett Smith, Mr. and Mrs. V. H. Boteler, Mr. and Mrs. B. V. Carver, Floyd Johnson and Carl Rodgers.

Those from Lockney included the President of the Caprock Association, H. H. Mills and H. E. Musser. From Muleshoe: George Templar and T. M. Bell. H. L. Hall from Roaring Springs. From Spur: Bill Powell, secretary of the Caprock association, and J. V. Steele, H. A. Brady of San Angelo.

Those from Plainview were: L. G. McDaniel, W. D. Finch, Vernon Pierce and Roy L. Warren. E. D. Taylor and Orville Housden of Clarendon, D. L. Blalock and J. A. Carroll of Paducah, A. Haneman, Jr., of Lubbock, representative of the State Health Department, and L. E. Dewbre of Matador.

Press Meeting Held In Berger

Annual fall regional meeting of the Panhandle Press Association was held Saturday in Berger with the Berger Chamber of Commerce, Phillips Petroleum Company and the Berger Herald playing hosts to approximately 50 newspapermen and members of the printing trade.

Among the outstanding speakers on the morning program were Wes Izzard, famous Amarillo editor and news commentator, and Congressman Walter Rogers of Pampa. Luncheon was served in the main dining room of the new and modern Hotel Berger.

Afternoon was devoted to a tour of the vast Phillips Petroleum plants, including the big synthetic rubber plant, located in the area. Transportation was provided on chartered air-conditioned bus. The meeting was concluded with a bar-b-que picnic in scenic Huber Park. Douglas Meador and Earl McBride of the Tribune attended.

W. H. Rogers Dies Of Heart Attack

W. H. Rogers, 63, resident of Motley county since 1924, died suddenly at his home this morning at about 8 o'clock, of a heart attack.

Funeral services are pending until arrangements can be completed.

He is survived by his wife, one daughter, Mrs. Roy Merrell of Long Beach, Calif.; 3 sons: Howard Rogers of Flomot; John Rogers of Logan, N. M.; and Owen Rogers of Morton, Texas; 3 grandchildren, 2 great-grandchildren and 2 sisters.

Mr. Rogers was born in Tennessee, August 23, 1890. He was a member of the Baptist church.

Stockholders Of Loan Group Meet

Annual meeting of Matador National Farm Loan Association stockholders was held Saturday in the Legion building. Stockholders were well represented and as many visitors as stockholders attended.

After a report of the year's activities and other business, the group was entertained by musical numbers by W. V. McWilliams, his daughters and Mrs. H. S. Watson. After readings by Miss Gail McWilliams and Mrs. J. R. Whitworth, refreshments were served.

Officers of the association are President J. L. Woodruff, vice-president Edgar O. Lee, secretary-treasurer J. Tom Hamilton and directors J. C. Burleson, John C. Irwin and James E. Taylor.

AT SISTER'S BEDSIDE

Mrs. Annie Worley of Alamogordo, N. M. is visiting here at the bedside of her sister, Mrs. C. Cartwright, who has been seriously ill the past several weeks. She is confined to her bed at her home in north Matador, and visiting her last week well. N. M. Other visitors in the Cartwright home recently were Mr. Cartwright's daughter and husband, Mr. and Mrs. Jack Steen of Crosbyton, who also visited in the Henry Thompson home. Mrs. Steen and Mrs. Thompson are sisters.

BABY SHOW POSTPONED

The baby show which the Matador FHA had planned to sponsor, as announced in last week's Tribune, has been postponed indefinitely, it was announced this week.

Mr. and Mrs. Bill Mantooth of Ft. Worth and Mr. and Mrs. Sonny Russell and daughters, Marilyn, Linda and Caron of Levelland were visitors last week-end in the home of their parents, Mr. and Mrs. John Russell, and other relatives.

Age is the curfew that rings suddenly when the lamps of dreams begin to flicker.

Above the enchanting sea of blue West Texas skies, perhaps clinging to the lofty weeds of swaying clouds, is the silken cocoon from which my soul emerged.

Among the memories in dusty files of forgotten years is the distant flashing of a bright object in the noontday sun. A signal on the lonely plains, or beyond the Hackberry grove in the grass-carpeted draw, sends its message to solitude. An old windmill wheel, that had been repaired with a new section of gleaming tin, throws kisses to the wind.

Far north on the high plains where enterprise and commerce have lighted the fires of carbon black plants, there is a scar on the horizon's shoulder. The smoke sways with the changing moods of the wind.

Everywhere the black dust settles on the grass and weeds, the homes and the hearts of people. Carbon black that is essential to a nation's economy, is the ugly child of the petroleum industry. Almost within the shadow of a mighty, roaring plant, a small sunflower is blooming beneath the black curse of eternally smoky skies. Its leaves are painted with the greasy black dust and its roots are in soil of an oily swag, but the bloom swings bright and yellow with the wind, like a little star in a little night.

Few people are impressed with tales of where I've been unless I am willing to surrender the conversation so they can discuss their own adventures.

Lubbock Boosters To Visit Matador

Matador will be host to a group of Lubbock business men on Tuesday, Sept. 22, when they are scheduled to arrive here at 11:30 a. m. in a chartered bus to publicize the 36th annual Panhandle South Plains Fair, according to information received this week.

Arrangements are pending with Bert Ezzell, superintendent of Matador public schools, for dismissal of the pupils so they can see the special program the group has planned during its stop here.

The Lubbock boosters will remain in Matador for an hour and a half and have scheduled the city as a luncheon stop.

Thursday, October 1, has been designated as Matador Day at the fair this year to honor citizens of the community and the county.

The fair association has advised the Tribune that free admission tickets will be provided for all Matador school students this year, either by the booster tour or by special representative.

Matadors Score First

The Matadors received the opening kickoff and after an exchange of punts, marched to a first quarter touchdown. Harold Dean and Dewayne Martin alternated in gaining yardage with (fullback) Dewayne finally carrying the ball over the goal. D. Martin's attempted place kick was blocked.

Spur came back and scored on a fluke in the second quarter. (Continued on back page)

First Bale Ginned Here

First bale of 1953 cotton was ginned in Matador yesterday. It was produced by A. L. (Jack) Spray whose farm is located 8 miles northwest of Matador.

Farmers Cooperative gin processed the bale which weighed 542 pounds out of 1,800 pounds of seed cotton. The seed weighed 890 pounds. Ned Shanks, manager of the gin paid 35¢ per pound for the cotton. The ginning (and wrapping) was free. A movement will be conducted today to collect a prize among business firms.

Mr. Spray said he had between 85 and 90 acres of cotton which he believed would yield about one-third bale per acre. The cotton was planted May 20. He said he had four or five more bales open in the field.

First bale last year was also ginned by Farmers Cooperative association. It was ginned on August 19 and was sold at 40¢ per pound.

THE DRAFT LAW

Rules And Regulations

EDITOR'S NOTE: This is the ninth of a series of ten articles on the draft law, its rules and regulations. The series will follow in subsequent issues of the Tribune.

The rights of men registered with a draft board are guarded by appeal regulations. Appeals from local board decisions are heard by four state appeal boards.

Both the national and state directors of Selective Service may appeal from the determination of a local board at any time.

A man registered with a board any person who claims to be his dependent, his employer under certain circumstances, and others may appeal to the appeal board from any classification except a determination of physical or mental condition.

The registered man and others named in the above paragraph, in most cases, are allowed only 10 days from date a notice of classification is mailed to file the appeal. Regulations allow a longer period, from 30 to 60 days, when the man is in certain U.S. territories, foreign countries, or on the high seas.

The local board may allow appeals beyond these time limits if it is satisfied that the failure of the person to appeal within the period was due to lack of understanding or to some cause beyond control of the person.

The person who desires to appeal must file written notice with the board. The notice need not be in any particular form but must state the registrant's name, and identity of person appealing. If a registrant is registered with a Texas board and is working or living in California, for example, he may appeal to a California appeal board if he wishes.

If the registrant is placed in a class available for military ser-

vice (1-A) by the appeal board, and there is a dissenting vote, he may appeal to the President of the United States.

State Moves To Improve Public Eating Places

"Texas health officials are making every effort to improve the sanitary conditions of public eating places, and in addition schools are conducted to instruct foodhandlers. Moreover there are laws, rules and regulations requiring the uses of approved equipment and methods in such establishments. Nevertheless, one of the most forceful influences for sanitation is not being used and this is the public's unfavorable reaction toward dirty and insanitary places," states Dr. Geo. W. Cox, State Health Officer.

"The public cannot do the job entirely, nor can health departments bring about desirable and essential practices without the help of the public. As for hygienic practices, persons serving food and drink should be clean, should not cough and sneeze over the utensils and material served; should keep their hands away from their mouth and nose hair and face; should handle all utensils by the outside instead of putting their fingers on the inside of service utensils. These are conditions a person can see, and unless these safeguards are practiced, disease may result."

Also, milk served can be appraised by the patron. Texas law requires that a milk bottle cap state grade of milk and whether it is raw or pasteurized. However, if milk is brought to a patron in a glass, he cannot know whether it is from a graded supply or whether it is raw or pasteurized, but if served properly in its original container, with covered cap and legal label, the patron can secure from the label the information he should have before ever being willing to drink strange milk.

The patron should note sanitation conditions in food establishments. Are the floors, walls, ceiling clean? Are tables and counters clean? Are pies and other ready-to-serve foods protected from dust, dirt, and flies? Are flies prevalent?

"Be assured that what can be seen as a patron at the table or counter usually will be many times better, cleaner, and safer than conditions in the kitchen and other places out of sight of the patron," Dr. Cox warns.

IN LUBBOCK HOSPITAL

Mrs. Jim Horn was conveyed by her husband to Lubbock Memorial Hospital, Lubbock, Tuesday night for examination and treatment following severe pneumonia in her jaw and neck. Nature of her ailment has not been determined and she will remain in the hospital several days for observation. Her mother, Mrs. U. L. Willie, accompanied by Mrs. Ruby Cooper of Roaring Springs, went to Lubbock today.

PARENTS-TEACHERS CONVENE FOR TERM

Convening for the current school term, Matador Parent-Teacher Association met Tuesday, Sept. 8 for the first program, with approximately fifty parents and teachers present. Mrs. D. L. Damron's sixth grade received the award of \$100.00 for having the largest number of parents present.

Mrs. Gerald Waybourn, P.T. president, held a short business session, and Mrs. Jinks Williams was elected treasurer of the organization.

Mrs. J. E. Edwards, program director, presented a program on "Audio-aids to Learning", and displayed many of her teaching aids which she has collected during her years of teaching. Addressing the group, Mrs. Edwards, Matador schools have an unusual amount of visual aids available to teachers and students, including projectors, maps, charts,

globes, and other materials. She was assisted by Kay Norman and Francine Craven.

At the conclusion of the program, refreshments were served by the hostesses committee comprised of Mesdames Elmo Jackson, Frank Ferguson, Clinton Hobbs, James Renfro, John Irwin, Jack Green and Harold Campbell.

Rose Carolyn Donovan and Barbara Waybourn cared for the small children, and announcement will be made that all children will be taken care of at each meeting by some woman or girl.

Next meeting of the organization will be county-wide, and will be held October 13, at an evening hour. Further details of this meeting will be announced later, officials said.

Math Barkley To Wed Georgia Girl

Mr. and Mrs. L. J. Barkley have received word from their

son, Math Barkley of Macon, Georgia, that he will exchange marriage vows on October 2, with Miss Johnnie Gilchrist, also of Macon.

The wedding ceremony will be performed in the chapel of the First Presbyterian Church of Macon.

Mr. Barkley was reared in Matador. He has his degree from Texas Technological College, Lubbock, in textile engineering and is employed as manager of the Production department of the Atlantic Cotton Mill at Macon. His bride-elect is supervisor of the telephone company in that city.

Following their marriage, the couple will come to Matador for a week's visit with his parents, and on their return to Macon will reside at 123 Buckingham Court.

Chapter To Hold Back-To-School Meeting For Fall

Miss Della Cowans, president of Gamma Eta chapter of Delta Kappa Gamma, will be hostess for the first meeting of the fall at 1002 12th Street, Paducah, Saturday, September 19.

From Roaring Springs, Crosbyton, Ralls, Jayton, Glenn, Afton and Paducah, 26 members

are expected at the "Back to School" meeting.

The theme for the year is "International relations—a means of building world peace." Mrs. Ann Blumberg, chairman of programs, will make final reports on the yearbook before the copy is sent to press.

Hall-Shannon Vows Are Said At Clovis

Marriage vows were exchanged by Mrs. Betty Hazel Hall of Roaring Springs, and Arnold Edward Shannon of Matador, in a ceremony performed Sept. 14 in Clovis, New Mexico.

Accompanying the couple were the bride's mother, Mrs. Ann Cruse of Hale Center, and G. B. Thacker of Roaring Springs, Mrs. Shannon's former employer.

Mr. and Mrs. Shannon are making their home in Matador, where both are employed at Bob's Cook Shack.

BURLINSON CIRCLE MEETS WITH MISS AMY GLENN

Burlinson Circle of the Baptist W. M. U. met in the home of Miss Amy Glenn, Tuesday, September 8 at 4 p. m.

Mrs. Ed Cammack, chairman, conducted a short business session, followed by the Bible lesson on "Women of Destiny in the Old Testament", which was taught by Miss Glenn.

Twelve members and one visitor, were present.

IN APPRECIATION

We wish to take this means of expressing our appreciation to those who helped us during our Association meeting.

Local folks who have teaching positions in this area, return to their homes here for week-ends. Elbert Reeves is teaching at Halls and Mrs. Reeves and son Pat are attending Texas Tech at Lubbock, but return home here each week-end. Mrs. Varner McWilliams has accepted a position as first grade teacher in the Plainview Grade school, and her daughters, Glynda and Gail are enrolled in Plainview High School, while Mr. McWilliams remains at their Whiteflat home to look after farming duties. This week-end accompanied home by this week-end by Miss Patti Pipkin, Homemaker teacher in Plainview High school. Mrs. Albert Rattan, as well as Mrs. Algine Groves, is teaching in the Patton Springs school over the line in Dickens county, and commute daily, the Groves sons, Patrick and Michael accompanying their mother to attend that school. While another familiar face seen "at home" here during week-ends is that of Miss Elwanda Martin, who is teaching at Petersburg, and Joe Berry Meador and Gerald Yeates of the Northfield faculty are in town frequently. Incidentally, the latter received treatment at Trawick Hospital this week for a throat infection.

The Donald Groves' of Hale Center (Donald, Hazel and son, Ronald) visited here Tuesday with his mother, Mrs. J. A. Groves, in celebration of her birthday. They brought a cake decorated with 76 candles for the occasion Mrs. Groves is one of our dearest friends of the family; hope she doesn't mind our telling her age.

Some musical-sounding names for girls, we think, are Celeste, Jennifer and Bernadette. They are daughters of Mr. and Mrs. Roy Craig (Publisher of the Stamford Reporter) of Stamford and just as cute and pretty as their names.

Seems like grandmothers are getting younger. Who, for instance, would look at Judine McCaghen, and guess that she has a grandson—or Ronnie Birchfield, who has just joined this exalted organization. Of course we are usually mistaken for our nieces' grandmas, but then we doubtless look the part. They say one is as old as one

WHY just look and sigh—and pass up so much real automobile? Why—when this big and beautiful new Buick SPECIAL delivers for a figure you'd pay for a "six"?

Could be you're one of those folks who still don't believe that the price of a Buick really is just a few dollars more than that of the so-called "low-priced" cars. So we'll show you the price tag to prove it.

But beyond that—what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coiled-spring cushioning on all four wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling—and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?

"America's Greatest Need"
By Neal Pipkin

As everyone knows, America is in a grave danger. The Communists are trying to take over the government and unless something is done about it they will do so. The greatest need of America today is some sure method of combating Communism. More and more people are turning to Communist and unless something is done our democratic government will be lost. There are Communists in our streets, schools, businesses and other places of our daily lives. I think that the best way to combat this is through education of every individual. Just as the children of Russia are taught from birth to hate democracy, the children of America should be taught to hate Communism. They should be taught the Christian way of life. If the people turn to God, Communism cannot exist. The job is left to

we have to appreciate that cannot be explained by just saying that we have freedom.

To be specific our freedoms are freedom of religion, freedom of speech, freedom of the press, and right of petition.

We so often take for granted our freedom of religion. Most of us go to church on Sunday morning, never even thinking that people in some parts of the world are not allowed to worship God in the church of their choice and if they were caught doing so, they would receive severe punishment. This seems so far away to us that it does not seem possible that it is happening. Yes, we should appreciate our freedom of religion and be thankful for it, but do we?

Our second freedom is freedom of speech. Again we cannot realize that in Russia and those countries under Communist rule the people do not have this freedom. Yet, we here in America, can criticize our leaders, talk about our neighbor, and express our likes and dislikes at anytime we feel like it.

Our newspapers have freedom of the press. By this we mean that they may print anything that they want to, good or bad, about any person, organization, or firm. Our newspapers bring us news of our boys in Korea, news of what is going on in our state and federal government, and news of our local communities.

Matador Defeats Paducah Dragons In Scrimmage 18-6

With only four days practice the Matador Matadors defeated the Paducah Dragons 18-6, in a scrimmage game Saturday, September 5. Harold Martin scored the first touchdown when he ran off tackle for ten yards. Matador's second touchdown was made when Dewayne Martin drove across from the five yard line. A pass from Neal Pipkin to Harold Martin for thirty yards and a touchdown put Matador in the lead 18-0. Paducah scored the last touchdown on a sustained drive of eighty yards. Paducah threatened to score in the early stages of the game but failed against Matador's defense.

Football District Officials Arrange Plans For Season

The member schools of Football District 2B met in Turkey last Monday evening to organize for the coming season. Items of interest that were passed on included the setting of admission prices for all district games at seventy-five cents for adults and thirty-five cents for all school students. This is a reduction of twenty-five cents for the adult tickets and fifteen cents for the student tickets from the past year.

A method of selecting a district champion, in case two or more teams were tied for the district championship at the end of the race, was also divided. All games of the regular district race that end in a tie score shall count as a half game won and a half game lost. In case two teams tie for the title, the team winning the regular season game between the two teams shall be declared the district champion. If they tied during the regular season game then a district fee of \$10.00 to be used to purchase trophies for first and second place teams.

Schools represented at the meeting included Matador, Turkey, Silverton, Quitaque, Estelina and Lakeview. Those attending from Matador included Bert Ezzell, District chairman; Coach Hopkins; High School Principal, M. L. Eide, and Grade school principal and coach, J. E. Edwards.

KAMPUS KLATTER

We were really glad to have Bobbie Coldiron visiting with us Monday. Bobbie is a Sophomore at the University of Texas. It sure looks good to see old familiar faces around M. H. S. Come back to see us again sometime, Bobbie!

We enrolled a new Senior this week. With Barbara Neighbors back in school we have sixteen Seniors. Barbara is by no means new around M. H. S. because she started in the first grade and continued going to school here ever since. It only took Barbara three days at Seagraves to get homesick for dear old M. H. S. Glad to have you back again, Barbara.

Gail and Glynda McWilliams have withdrawn here and started school at Plainview.

We're proud of our new Pep squad mascot. She is Marsha Seale, daughter of Mr. and Mrs. Bill Seale, of Matador. Max Barton ran her a close race for mascot. Say, you all be sure and come to the football games and

our cute pep leaders. We also have a team worth driving a million miles to see.

Since Gail left we had to have a new bass drummer. Barbara Waybourn was elected to take her place. Poor Bill Seale, if Barbara moves now, he'll have to teach another girl to beat the drum.

We started a morning worship Monday morning, September 14, under the direction of Rev. Bruce Oliver, pastor of the First Baptist Church of Matador. This is something new for M. H. S., but it is very worthwhile. Let's really put something into it, for we can't expect to get much out of it if we don't put anything into it.

Bye, Bye, for this week.

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinner time, it's just each to his own taste and everything's "smooth as cream" between them.

Well, traffic piled up, but Tiny paid no heed. Light changed

This demonstration was worth many hundreds of dollars to me!

I thought only a higher-priced car would suit me. But then I found out how much more Chevrolet offered for how much less!

One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide.*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline

with TCP

Boosts power as much as 15%! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!

Here's the most revolutionary advance in motor fuels since the introduction of tetraethyl lead in 1922—new Conoco Super Gasoline with TCP, brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuels.

Now you can actually enjoy the benefits of an engine tune-up—just by changing to new Conoco Super Gasoline. Chances are, by the time you've finished your second tankful, you'll feel the increase in power. And you'll keep that extra power just as long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gasoline. It overcomes the greatest single cause of power loss affecting most of the cars on the road today. Now, you can enjoy all the power that was built into your car.

Why you need Conoco Super Gasoline with TCP

In the average automobile, the by-products of fuel combustion constantly build up deposits on spark plugs and in combustion chambers. These deposits can "cheat" you of power in two ways. First, they actually short-circuit your spark plugs. This causes mis-firing. Second, deposits in the combustion chamber get red hot and cause the fuel to ignite before it should. This is called pre-ignition or "wild ping." The effect of fouled spark plugs and pre-ignition is a loss in power and a waste of gasoline.

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

How TCP works

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

TCP helps your car, whether new or old

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. It will actually increase spark-plug

life up to 150%. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Yes, a great new era in motoring is here for you. Drive into your Conoco station today and fill your tank with new Conoco Super Gasoline with TCP! You'll feel the difference by the second tankful!

Questions and answers about New Conoco Super Gasoline with TCP

- Q. What is TCP? Answer. It is a cresyl compound, originally developed for aviation gasoline and used with great success in both military and commercial aircraft.
- Q. Has TCP been tested? Answer. Yes, for millions of miles, in all kinds of cars, under all kinds of driving conditions.
- Q. What does TCP do? Answer. It overcomes the power loss caused by deposits on spark plugs and in combustion chambers.
- Q. What does TCP do for new cars? Answer. It helps them keep their original power.
- Q. What does it do for older cars? Answer. It's like cleaning your spark plugs and getting a motor tune-up. You'll get back much of the power you're now missing.

MATADORS . . .

(continued from page one)

Bulldog quarterback Curtis Blair was knocked loose from the ball on the Matador three-yard line and the pigskin rolled over the Matador goal when McGinity of Spur fell on it for six points. The conversion attempt was futile.

Bradshaw, the Bulldogs speedy halfback broke loose from his own 22 yard line and ran 78 yards for a touchdown, to place Spur ahead 12-6. McAteer, Spur quarterback, who was injured in a rodeo accident last summer, was rushed in to kick the extra point. At the end of the half the score was 13-6 in the visitors' favor.

The Matadors were not out of the game. They returned in the third and fourth quarters to bring it to the Bulldogs, scoring another touchdown. There was a moment of heartbreak after Neal Pipkin had run 70 yards from scrimmage, to place the ball on Spur's 10-yard line—and time ran out. Spur 13, Matador 12.

Good defensive play was shown by the Matadors, with the entire line doing outstanding work. Kenneth Baker, Wayne Cartwright, Jack Spray and Dick Baker showed marvelous team work as did Speedy Neighbors and Dean Martin in the backfield.

The Matadors will journey to Crowell Friday (tomorrow) to tie into the Crowell Wildcats.

Crowell defeated Seymour last Friday to the tune of 7-0. They advanced to semi-finals last year and possibly have a better team than last year.

LIONS HONOR . . .

(continued from page one)

Chevrons were presented Douglas Meador, for 20-year membership, and J. Tom Hamilton, 10-year membership in the organization.

District Governor Here
Heading the list of distinguished visitors here Tuesday night was District Governor Joe Phillips of Amarillo, who made a brief address.

In presenting the plaques to the charter members, club president, Bill Moss declared, "You are the pioneers in a great and powerful movement to improve communities, render service to unfortunate people, foster peace and advance the progress and welfare of nations. . . we appreciate your courage, your faith and your work and each of you enjoys the respect of the club, the community, the Lions district and Lions International. . . you have worked long and with sincere desire to make this community a better place in which to live. . ."

Program Is Surprise
Entertainment feature of the program was a surprise with Wayne B. Smith, manager of the Plainview Chamber of Commerce remaining in the audience until introduced by program sponsor Bill Seale.

Lion Smith, a talented and popular entertainer, kept the crowded basement roaring with laughter as he appeared to stumble through a talk spiked with diverting jesting. In conclusion he changed his speech with dramatic swiftness to one of serious main in which he painted a word picture depicting the benefits a civic club affords its community.

Tailwister Active
During the entire meeting Tailwister Ben Edwards kept members on edge with his unusual activity. A group of new members being initiated were chained and handcuffed together during the banquet. They were later blindfolded and declared initiated after drinking "fountain of youth" water from a special container.

The group met in the church auditorium to sing "America", led by Lion J. R. Whitworth, with Lions Sweetheart, Miss

Rachel Patton at the piano. Lion Tamer Vance Gilbreath introduced the guests, who included Jess Murrell, who accompanied his brother; invocation was by Lion R. E. Campbell and piano music was provided by Frank Traweck.

Special tribute was paid Methodist ladies' organizations for the excellent banquet and to City Bakery owners, Mr. and Mrs. Roy Smith, for an attractive birthday cake prepared especially for the occasion.

Benediction was by Lion J. R. Whitworth.

THE DRAFT LAW

Rules And Regulations

EDITOR'S NOTE: This is the last of a series of ten articles on the draft law, its rules and regulations.

Ignorance of the law excuses no one.

That is something everybody has heard, and it applies to a draft board's deliberations and actions, as well as to any other agency set up to administer public law.

The law makes it the responsibility of the individual registrant to do everything that the law requires of him. The law requires him to do these things within a certain time limit. If he doesn't do them, he can lose many privileges and rights given him under the law.

"It is the duty of every man registered with a draft board to be alert and protect his rights under the law," advises Brig. Gen. Paul L. Wakefield, state director of Selective Service.

"Certainly it is the moral responsibility of parents to have their sons make themselves aware of the necessity of complying with all provisions of law and regulations," he says.

"It is too bad that registrants, parents, and employers often sleep on their rights until it is too late, or extremely difficult under our regulations, to do anything about their cases," he says. General Wakefield says that sometimes a registrant, parents, or an employer never request

anything at the board until after an order to report for induction is issued.

Registered men, parents, and employers should begin to concern themselves about the Selective Service law and regulations immediately after men register. General Wakefield points out.

The state draft director reminds all registrants, their parents, employers, public officials and citizens in general that the doors of Texas draft boards are always open to tell the people how to get information and help with draft problems.

Mrs. Vernon Latimer, who is employed in Amarillo, spent the week-end here, visiting her son and family, Mr. and Mrs. Loyd Latimer.

Jim Horn has been in Lubbock several days the past week at the bedside of Mrs. Horn, who is a patient in Lubbock Memorial Hospital. Her mother, Mrs. U. L. Willie, accompanied by Mrs. Ruby Cooper of Roaring Springs, has also visited at her bedside during the week.

Ninety per cent of the building brick produced in the United States are either red, buff, or cream colored. In the ten per cent remaining is found almost the complete range of the spectrum.
