

Cammack Wins Race for County Judge

TRAIL DUST
 By DOUGLAS MEADOR

Blue Chip stocks must be a consolation to their owners. The world is surely your oyster if you read the ticker tape, or peek market, pour a cool one, and know that your wealth is growing. On the other hand I would prefer land for security, me soil to squeeze in my hands, waving grass and grain, a tree of my own, and the tangible security of rain and sun from the storm and sunshine on a Buttercup.

Reader's Digest Award Received By Karen Elliott

Karen Elliott, valedictorian of the graduating class of Matador High School, has been given the Annual Award of The Reader's Digest Association for students who give promise of school work give promise of attaining leadership in the community, it was announced last week by Wayland Moore, principal.

Miss Elliott will receive an honorary subscription to The Reader's Digest for one year and a personal certificate from the Editors, "in recognition of past accomplishment and in anticipation of unusual achievement to come."

The Reader's Digest Association is presenting these awards in senior high schools throughout the United States and Canada to the highest honor student of the graduating class.

Hillbillies Stage Top Entertainment

From the moment the shooting began, to open Act I, until the last curtain, "Feudin' Fightin' and Fussin'" presented Friday night in the auditorium, by the senior class, was acclaimed top entertainment. Sponsor Willie Myers, directed the play.

The all-star cast of characters ran the gamut of hillbilly lore and seemed to be enjoying it all as much as the audience. It was an "anything goes" performance, and if anyone forgot his lines, who was there to know?

The libretto and re-creation had did get built by the Kendalls and Fernheisers.

ROGERS LOSES SENATE RACE

LATEST available report on the 30th Senatorial race, with only one small box in each of three counties, Dickens, Foard and Briscoe still unreported. Ray 3,856, Hightower 21,146 and Rogers 14,044.

DEMOCRATS WERE BUSY Saturday in polling approximately 1,000 ballots in Motley County and nominating Bryan Cammack for the office of County Judge and Ex-Officio County Superintendent with a majority of 213 over Glen Brotherton. Both candidates live in Matador.

At Roaring Springs Milton Brooks (137) won the Commissioner's race over two opponents, Clyde Clifton (61) and Omar Parks (52) without a runoff. In the race for County Democratic Chairman Furman Vinson was elected (471) over W. D. Lipscomb (312).

Motley County has a new State Senator, Jack Hightower of Vernon, who defeated an opponent who has been in the Legislature for 18 years, Andy Rogers of Childress, for the 30th Senatorial District. The new district extends from Wichita Falls to the New Mexico line and is two and three counties wide, with a total population of over 300,000. Hightower carried all of his old counties with the exception of Dickens and also won Motley and Hall (place of his birth). Hightower carried Motley with the small margin of 409 to 399 (Hale County candidate James Ray carried only his own county and received a total of less than 4000 votes. He received 71 in Motley County).

Here in Matador Warren Clements received 448 for the office of Justice of the Peace. For the same office at Roaring Springs a write-in candidate J. D. Mitchell won (150) over announced candidate B. N. Owens (93). Mitchell has been Justice of the Peace in Roaring Springs for more than 30 years. Roy Grundy received 564 votes here for Democratic committeeman.

Unopposed Malcolm Turner of Flomot, received 78 votes for County Commissioner in his home precinct and 50 in White flat. Sam Ross received 77 votes as Flomot Democratic committeeman and in Roaring Springs C. L. Marshall received 235 votes.

NOTE: To conserve space unopposed candidates: White, Calvert, James R.W. Calvert, Smith, Greenhill, Denton, Walter Rogers, Heatty, Ratliff, Sheridan and Fuller will not be listed.

MATADOR (552 votes): Connally 412, Woods 87, Hackworth 9, Preston Smith 441, Hollowell 42, Carr 428, Willoughby 57, Martin 294, Calhoun 21, Spears 90, Sadler 407, Williams 58.

Tunnell 358, Haring 23, Ervin 59, Onion 200, McDonald 223, Rogers 196, Ray 37, Hightower 259, Cammack 368, Brotherton 173, Lipscomb 172, Vinson 285.

LOW NET PLAY DAY

Play day was for low net — 20 above and 20 below — with 17 members out for play. Jerry Campbell, Mary Renfro, Maude Ferguson, Faye Clements, Winifred Darsey, Vivian Campbell, Mickie Bostick, Shirley Thompson, June Keltz, Billie Barnhill, Louise Barton, Lucretia Grundy, Catherine Bird, Laverna Price, Mary Meason, Greta Smallwood, and La Voe Thacker. Laverna and Shirley tied for the ball ABOVE 20 (Shirley was lucky in the draw), and La Voe won the ball with 20 BELOW.

GET YOUR GOAT TOURNAY

begins . . . and will last until our last play day of the season . . . However for some it won't last long! The challenges are underway. La Voe made tokens of goats and gave each player five . . . It's a nine-hole handicap play . . . here's who has gotten whose goats: Laverna got Catherine's and Lucretia Grundy's; Catherine got Lucretia's; Mickie got Vivian's and Shirley's; La Voe got Mary's and Louise got Billie's and June's. Greta, Laverna, Billie, Shirley, Mickie and Vivian played another nine hole round . . . June K. practiced on No. 1 until she gave out and went for a Coke . . . Billie holed out on No. 4 . . . La Voe birdied No. 7 and guess who had 10 putts — CATHERINE, sell your putter, PLEASE!

Several beggars! Louise just went 56 on the "Play Yourself Tourney" — low woman on the Totem Pole. Pyramid has made the change — Catherine forfeited to Vivian. Vivian went to Laverna's place; Laverna to Lucretia's place; Louise to Vivian's . . . and Vivian challenged Mary and LOST HER GOAT, the top of the pyramid, a Coke, and a bunch of golf pride. Mary is still on top!

Roy Grundy CHAIRMAN OF GREEN'S COMMITTEE put a new cup on No. 7; son nice to clean out — no digging. Thanks! How about No. 4, Roncho? We like You! (These notes from Vivian — Thanks for all the help.)

Proclamation:

GREETINGS: The citizens of our State recognize the earth is the Lord's and we are His servants charged with caring for it and developing it to the best of our ability. The soil and water, the trees, the grasses and wildlife, in their

beauty and their infinite combinations and products, were put here for all of us, to help us grow together in dignity and wisdom, peace and service.

We cannot afford loss of land, waste of water, distortion and spoilage of human life. The countryside is a wealth of enormous values and unending uses with benefits and responsibilities for Americans everywhere. It provides food and outdoor recreation, wood and water, and it is the home of agriculture and forests, parks and wildlife, trails and highways, and deserts and wilderness.

The change underway on all sides imposes new tests on soil stewardship and requires the assertion of leadership by those who take seriously their responsibilities to God for the soil, water and other resources entrusted to us.

Soil and Water Conservation Districts, sponsoring Soil Stewardship Week, have expressed their commitment to this challenge.

THEREFORE, I, as Governor of Texas, do hereby designate the week of May 15-22, 1966, as SOIL STEWARDSHIP WEEK in Texas.

In official recognition whereof, I hereby affix my signature this 20th day of April, 1966.

Patton Springs School Prepares For End Of Term

Patton Springs School faculty and pupils are preparing for school activities, as dates announced for Baccalaureate Commencement exercises. Baccalaureate will be held at 8 p.m. Sunday, May 15. Speaker will be Rev. Don Hancock, new pastor of the Afton Baptist Church. Commencement exercises for the 14 graduates will be at 8 p.m. Friday, May 20.

The senior class has returned from its trip to Colorado, making a trip by bus. They were accompanied by their sponsor, Coy Morris, and Mr. Morris, who drove the bus.

The annual Junior-Senior banquet was held last Saturday at the Patton Springs remaking room, and was a success.

The school yearbook, "The Tiger," arrived last week and is enjoyed by the students, teachers and patrons.

YOUNG HOMEMAKERS IN CALLED MEETING

The Patton Springs Chapter of Young Homemakers of Texas met in a called meeting on Tuesday, May 3.

New and old business was discussed and secret pal gifts were exchanged.

At the next meeting, to be held on June 8 at 1:30 p.m., officers for the new year will be elected.

Patton Springs NEWS

Mrs. Baxter Layman and daughter of Lubbock, visited recently with her mother, Mrs. Paul Bennett and Mr. Bennett. Other recent visitors in the Bennett home have been Mr. and Mrs. Herman Franklin of Haskell, Mrs. Grace Franklin of Wellman and Mr. and Mrs. B. D. Clifton of Afton.

Mr. and Mrs. Rawleigh Adeock and family have moved to Dickens from the Patton Springs school campus. Mr. Adeock, who formerly supervised the custodial job at Patton Springs school, has assumed management of a service station in Spur.

Sympathy is extended the D. I. Loe family on the recent death of Mr. Loe, who, with his family, once lived in this community.

Mrs. Tacoma Draper of Big Spring, visited recently with her brother, R. H. Springer and attended the funeral of Mrs. Etta Simpson, in Roaring Springs.

Mr. and Mrs. B. F. Burt were guests last Sunday of Mr. and Mrs. Pete Knight of Matador.

Recent visitors of Mr. and Mrs. T. B. Haney were Mr. and Mrs. Duck Dobbs of California, and Mr. and Mrs. George Hicks of Muleshoe, who also visited with other friends in the community.

Oil Continues Important Factor In The Economy Of Motley County

As Texas celebrates its 100th anniversary as an oil-producing state, Motley County shares in the development that made the Lone Star State the No. 1 energy source for a booming American civilization.

In 1866 Lyne T. Barret - a man most history books forgot - drilled the first Texas oil well near Nacogdoches at a depth of 106 feet. In the one hundred years that followed, the search for oil and gas spread to every county in Texas, and today Motley County is one of 210 which produce oil or gas.

Barret and other pioneers Texas Oil men left a legacy for Motley County that can be measured at approximately \$975,000 a year, based on statistics compiled by Texas Mid-Continent Oil & Gas Association.

During Texas' first century of oil production (29 billion barrels), Motley County has contributed approximately 2.5 million barrels, its record dating from 1957.

The latest U.S. Bureau of Mines figures (1964) show Motley County produced more than 329,000 barrels of crude oil valued at \$974,000, and 8 million cubic feet of natural gas worth about \$1,000. The 1965 output would be approximately the same, preliminary estimates indicate.

Motley County ranks 163rd among the Texas counties producing oil and gas.

Payrolls, distribution of royalty checks to local landowners, new drilling ventures and tax payments are some of the ways by which oil gas revenues are injected into the Motley County economy.

One of the most important "crops" harvested by Texas ranchers, farmers and other landowners is the royalty interest from oil and gas operations. These payments are at the rate of approximately \$122,000 a year in Motley County. Many more thousands a year are paid in lease rentals and bonuses on acreage which operators hope will some day yield oil or gas.

In addition to sharing the tax load for local schools and levels of government, oil and gas producers and royalty owners send some \$45,000 a year to the State Treasury in severance taxes. Oil taxes account for \$45,000; gas \$69,000.

Triggered by the first discovery in 1957, the search for oil in Motley County is still under way. The Oil and Gas Journal reported 3 wells were drilled in the county last year. All of these were "wildcats" seeking new fields or production from new strata - and all were dry holes. Cost: \$207,000.

COUNTY AGENT PALLMEYER SAYS:

Do you believe these false tales about insects?

Termites can always be spotted by the piles of sawdust they saw up people's eyes. Praying mantis and grasshoppers spit tobacco juice in people's eyes causing blindness.

Termites leave no sawdust except drywood termites found in some areas in Florida and California. They consume the tiny chips they carve in their tunneling, so if you wait until sawdust can be seen, it is too late. Dragonflies also called blue bottle flies are harmless, as they neither bite nor sting, much less saw up eyelids. How much tobacco is there for grasshoppers to chew in this area?

Other misconceptions are: Sand fleas are common at the beach, but they don't exist. You may be bitten by a flea at the beach, but it's probably a dog or cat flea raised from an egg dropped from a passing pet that hatched in the dirt or trash. More likely, it was a mosquito, mite or gnat bite.

Spiders are generally disliked, but they're harmless with a few exceptions such as the black widow or brown recluse. Their daily consumption of other insects actually makes them good friends.

The 17 year locust isn't a locust at all but a cicada. Moreover, the so-called plague of locusts that hit the American plains was actually migrating grasshoppers.

Don't believe that moths can't survive in a cedar chest, as after the chest is old it may make your clothes smell nice, but the only way an old chest can hurt a moth is for the lid to fall on him.

Matadors Clinch Second In Dist.

by Karen Elliott

Matador clinched second in district baseball, Tuesday night, May 2, by routing the Quitaque Panthers 31-0 in a no hit ball game pitched by Charles Meador and Don Cox.

The game was a rousing reversal of the Matador's first encounter with the Panthers when they fell 13-4. In the first inning the home team scored six runs; then Meador took the mound and struck out three straight. This sequence recurred in each inning until the fourth.

In the fourth inning, the Panthers loaded the bases on two walks and an error but failed to score as Meador struck out the next batter to retire the side and end the scoring threat. From this point on, successive strikeouts by relief pitcher, Cox, never allowed a man to get past the batter's box.

Meador was credited with 11 strikeouts and Cox 2.

Lucero, the losing pitcher, was relieved in the second inning and followed by a parade of hapless hurlers who allowed the Matadors to continue to hit safely and drive home runs on almost every play.

It was Matador's biggest hitting spree of the season. Moore slammed home runs over the left field fence in the first and third innings. Ronnie Cox sent one over center field in the second and Meador's home run to left field came in the third.

Matador earned 13 hits and 31 runs on 33 times at bat as compared with no runs and no hits for Quitaque for 16 times at bat.

Charles Meador batting 500, is the team's big slugger. Don Cox, freshman and first baseman for the team, is batting 400.

Patton Garners Win
The team meets the winner of an afternoon bout between Jayton and Patton Springs, tomorrow (Friday) night at 7:30 on the Matador diamond, to determine a district winner.

Patton Springs earned the right to enter championship play by downing Guthrie 15-9, Tuesday afternoon, prior to the Matador-Quitaque game.

Locals Lose To Owls On Errors

In a non-conference clash Friday afternoon, May 6, in Matador's Forrest Park, the Matador nine, plagued by errors, bowed to Silverton 3-0 for their second loss of the season.

The Silverton Owls hold the crown in District 3-A.

Charles Meador struck out four of the eight men who came to the plate during the first two innings and allowed only two hits. Relief pitcher, Don Cox, held the Owls to only one more hit, a seventh inning single by Comer.

The two run lead earned in the fourth inning, coupled with the two-hit hurling of Leland Wood, proved fatal for the host nine. Steals by Moore in the fifth and seventh innings constituted Matador's only serious scoring threats. Both drives were thwarted just short of success by a strike out and two successive grounders to second.

The final run for the victors came in the seventh inning on a series of errors.

FFA Judging Teams Compete at Tech

by Janie Killingsworth

Matador chapter of Future Farmers of America was represented by two teams at the annual Texas Tech judging contest, Saturday, April 30, in Lubbock.

The livestock team, composed of Larry Bostick, Terry Keltz, and Joey Meador, competed with 152 other teams from over the plains. Meador was one of ten boys in the event who had a perfect score in judging beef cattle.

Steve Bostick, Coy Franks, and Charles Meador were members of the Dairy Cattle team which competed with 122 other high school teams.

Although both teams scored high, neither qualified for the State Judging Contest.

"Competition was keen as one can see by the ten perfect scores in beef cattle judging and the twenty-three perfect scores in sheep," Bill Moss, sponsor of the group said.

COME TO CHURCH SUNDAY

Shelley Stevens Named Drum Major

by Ann Marshall

Shelley Stevens was chosen drum major for the Drum and Bugle Corps, following tryouts held Monday afternoon, May 1, at the high school.

A junior, she has been in the corps for three years, serving as a majorette each year. A former feature twirler for the corps, she scored 98 on twirling and was selected as a majorette, an honor she declined to become corps leader.

Shelley became the third of the Stevens sisters to be honored with the post. Sandra (Mrs. Vann Francis) and Sue, a Hardin-Simmons University student, both served as drum major while in high school. They are daughters of Mr. and Mrs. John V. Stevens.

Frances Martin, Sue Robbins, Barbara Slover and Brenda Wason were named majorettes for next year. Miss Martin, a junior, is a veteran corps member and served this year as a majorette. She is the daughter of Mr. and Mrs. Clifford Martin.

Receiving the honor for the second time since entering high school, Miss Robbins, a freshman and daughter of Mr. and Mrs. Scott Robbins, brings with her one year of experience. Misses Slover and Wason, both tyros in the corps, complete the quartet of twirlers. Miss Slover, daughter of Mr. and Mrs. Billy Ray Slover, will be a sophomore, and Miss Wason a freshman. Miss Wason is the daughter of Mr. and Mrs. Billy Wason.

Judge for the event was Jim Boyd, band director for Floydada High School. He was accompanied to Matador by Dan Hale, drum major for the Floydada Whirlwind band.

Storey Places In Track Meet

by Karen Elliott

Ruby Storey took two places in the Texas High School Girls Regional Track Meet in Snyder, Monday, May 1. Miss Storey, a senior and Matador's only regional qualifier, earned a third and a fifth in competition with the fleetest fens in Region 20.

There were no preliminaries in the track events with only one heat of Class B girls in both the 60 and 100 yard dashes. The Class B division included both the Class A and B schools.

Miss Storey, who ran a 12.9 to win second in district, placed third in the 100 yard dash. Winning time in this event was 12.3.

Carrying with her the best time in the district in the 60 yard

dash, a 7.7, Miss Storey managed only a fifth at the regional meet. A swift 7.3 took first in the event.

Although this was Matador's first year to participate in girls track, Miss Storey is a four year track veteran.

Mrs. Reece Timmons, girls P. E. teacher, coached the Matador High School track team.

Literary Land

by Harold Meason

Lord of the Flies, by William Golding, is an objective examination of human nature through symbolism. The persons under study are a band of British school boys, all under thirteen, isolated from civilization by miles of ocean. The author selects a mixture of personalities, among them a Christ symbol, an intellectual and an innate leader.

As the margin between civilized man and savagery grows thinner, all the boys begin to degenerate except Piggy, who is shunned because of his obesity, poor health, and dull personality; and the Christ symbol, Simon, who excludes himself from the group voluntarily.

At the story's climax, Simon goes into the mountains alone to seek a "beastie" the boys have created in their minds and is tempted by the Lord of the Flies, who tries to convince him to "take the easy way out" and "go along with the others." When Simon flees to the beach after discovering the beast is a parachute of a dead paratrooper, he, like Christ, is murdered by those he sought to help.

The boys are eventually rescued by a British warship.

The main theme of **Lord of the Flies** is an attempt to trace the defects of society back to the defects in human nature. Although the arrival of an adult on the island ends the savagery of the children, it proves the weakness in human nature. The officer condemns the children for being too rough in their make-believe war, yet his own mission on the warship is one of continuing a world-wide war of destruction. This is an example of the hypocrisy found in adults.

Golding asserts that man not only corrupts society, but society corrupts man. The very young boys, exposed the least to modern social rules, are the first to lose the traits of civilization.

LONG HARD DRIVE — Tim Green, third baseman for the South Plains College team, knocks a long hard drive to short stop in the first game against Amarillo. Tim is son of Mr. and Mrs. Luther Green of Matador. —Photo by Warren (Butch) Waybourn

They will eat anything, live in filth, and forget how to talk, yet are actually free of evil. The older boys do not change as quickly, but at length they do become savages, possessing the lust of greed and even more innocence to social demons, and then assumes an added evil: hypocrisy.

The book is saturated with symbolism. The most important and complex image is, of course, the Lord of the Flies. It represents Satan, mankind, and adulthood all in one repulsive object. It is in reality the fly-covered, rotting head of a sow, an animal symbolic of lust for filth and trash.

It speaks in the conceited voice of a schoolmaster and claims to know Simon better than Simon knows himself. As the image explains to the boy, it is the seed of all evil in each person and must be controlled by resistance.

Charlotte Johnson, Ricky Carson, Brenda Taylor and Ronda Williams, SECOND grade students, were absent from school last week, due to illness.

FOURTH grade students are studying plants and animals. To supplement their studies, the students are giving reports on animals and growing several

species of plants.

Richard Hacker brought an ant farm to school and gave talks about the farm to two classes.

FOURTH grade winners in the District Interscholastic League Meet were: Mike Berryman, second in declamation, and Paula Palmeyer and Glenda Stockton, second in spelling.

Janice Hurt enrolled in the SEVENTH grade, Monday, May 2. Janice, who moved here from Dallas, raised the class enrollment to thirty-three.

Several EIGHTH grade students placed in the District UIL Meet held in Flomot, Saturday, April 30. Winners were: Debra Stockton and Jan Higginbotham, second in spelling; Patty Edwards, fourth in ready writing and boys volleyball, first.

Beginners Spotlight

Victor Gonzales, son of Mr. and Mrs. Catulo Gonzales of Whiteflat, was born in Matador, December 23, 1957.

Victor, an appealing boy with black hair and brown eyes, said that he liked school very much and that his favorite subject was reading. He also likes playing on the slide, eating "lots of beans" and playing baseball.

Victor added that he liked Mrs. Gilbreath very much and when he grew up he was "going to be a farmer."

The low-priced high-price car.

Low-priced because it's a Catalina with a sticker that's within reach of a lot of low-priced car buyers. High-priced because it has the Pontiac name and everything that goes with it. Like a full 121 inches of road-leveling wheelbase. And 50 more standard horsepower than those low-priced cars offer. And steady Wide-Track ride and handling. With luxurious interiors you practically sink up to your knees in. (And, of course, standard safety items like a padded dashboard.) All backed up by Pontiac's legendary resale value that makes such exciting reading in the record books year after year. Makes you wonder why anybody would buy a low-priced car when you can get a Pontiac Catalina for the same money.

Wide-Track Pontiac Catalina (A big, powerful Pontiac for less than \$3000*.)

*Manufacturer's suggested retail price for Catalina 7 and 8 door sedans and 8 and 4 door hardtops are all less than \$3000. These prices include excise tax and suggested dealer delivery and handling charges. Transportation charges, title and license fees, accessories and optional equipment additional.

TO BRONTE
 Mrs. Frank Pohl spent Mother's Day week end in Bronte with her mother, Mrs. C. L. Knerim. She was accompanied to Sweetwater by Mrs. Velma Fuller, who spent the week end with her sister and brother-in-law, Mr. and Mrs. Claud Wilson. Mrs. Wilson is able to be up, and uses a wheel chair most of the time, while making the effort to walk again. She appreciates hearing from friends and her address is 1309 East 12th Street, Sweetwater, Tex. 79556.

WEEK END VISITORS

Visiting Mrs. Claud Jeffers for Mother's Day were her children, Mr. and Mrs. George Jeffers and daughter Linda Beth, of Panhandle; Mr. and Mrs. E. H. Jeffers, Tanya and a friend, Sheila Blakemore of Pampa, and Mr. and Mrs. Kenneth Jeffers of San Angelo. Another son, Jim Jeffers talked to the family Sunday afternoon, from his home in Dallas.

IN APPRECIATION

I wish to thank each of you for your cards, food and flowers when I was in the hospital and since my return home. May the Lord bless each of you.
 Mrs. Clayton Bridge.

THANKS TO FRIENDS

I wish to take this means of thanking my many friends for their thoughtfulness of me during my stay in the hospital. Every visit, the kind deeds rendered, gifts, and many cards and flowers, which were a great help to me. Thanks to the Christian people for their prayers, and to Dr. Stanley and his staff of nurses for their kindness to me. May God bless each of you.
 Mrs. P. M. Cooper.

CARD OF THANKS

Your many acts of loving thoughtfulness in our time of sorrow will remain with us as

precious memories. The food prepared and served for us, the beautiful flowers, your messages of comfort and other kind deeds were a solace to us. We wish all of you to know of our deep appreciation.
 The Family of Hub Giddens (1)

IN APPRECIATION

Beloved friends and kinsmen. Again thank you for your love, and PRAYERS THAT HAVE BEEN ANSWERED! So many flowers and many, many dishes of food — then dozens of lovely cards and letters, all of which indicated your love for us. There are no greater words than love and service. You have been the fulfillment of both. We love and thank you for your concern, and we pray God's blessings on each and every one of you.
 Gussie and Clarence Jenkins.

CARD OF THANKS

I wish to take this means of expressing my sincere thanks and appreciation to all my friends in Motley County, who were so thoughtful in remembering me with cards, letters and flowers during my recent surgery while in the U.S. Naval Hospital, San Diego.
 Capt. Chas. R. Keith, 71715 Sunnyslope Dr. Twentynine Palms, Calif.

SKIN ITCH DON'T SCRATCH IT!

Scratching spreads infection, causing more pain. Apply quick-drying ITCH-ME-NOT instead. Itching quiets down in minutes and antiseptic action helps speed healing. Fine for eczema, insect bites, foot itch, other surface rashes. If not pleased, your 48c back at any drug store TODAY at Bob Stanley Pharmacy.
