PTA Executive Board Prepares For School

The officers of the Motley County Parent-Teacher Association met July 23rd, in the home of Mrs. Francis Hobbs, president of the Association. Standing Committee Chairmen were selected as follows, Mesdames: Tommy Cruse, Parliamentarian; Dell Bearden, Historian and Publications; Nova Dale Turner, Program Chairman; Sondra Francis, Budget & Finance; Melinda Barnes, Membership Chairman; Virginia Nimmo, Hospitality Chairman; and Zona Ruth Cammack, Room Representative Chairman.

The officers of the new items of business were discussed in order to initiate plans for the forthcoming year.

The officers present agreed to assist Mrs. Betty Vandiver in making yearbooks for this year's members. Tentative plans for this year's Halloween Carnival were discussed.

Mr. Johnson advised the group that an ice machine had been purchased and would be installed prior to the school term. The Motley County P.T.A. and high school student council had voted last year to donate funds to be matched by the school system for the purchase of the machine. Other items discussed were playground improvement and programs on "Homework" and "Parents Awareness of Alcohol and Drug Abuse and How it Affects Our Children." Because of the parents previous interest in these items, it was decided they would be turned over to the chairmen of the respective committees for

further consideration and planning.

The Executive Board discussed plans for the U.I.L. Literary Award which the P.T.A. established this past year to become a memorial in memory of Mrs. Grace Arnon Timmons. Mrs. Timmons had been instrumental in establishing this project for the P.T.A.

The Board discussed plans for a "Back to School" community ice cream supper to be held on the football field. The get together will be held in order for everyone to meet the new faculty members, along with a spirit rally to be held by the high school cheerleaders. Ice cream will be furnished by P.T.A. officers and Committee Chairmen and other details will be worked out with Gina Long, head cheerleader and Pam Francis, pep club president.

The first regular meeting of the Motley County P.T.A. will be held September 17, 7:00 p.m.

The Executive Board comprised of these chairman along with officers, Superintendent Charles Johnson and Wayland Moore, principal meet periodically between regular monthly meetings to transact necessary business and plan the association meetings. The board's first meeting was held July 30, in the high school cafeteria. Both old and

Law Changes Right of Way On Ramps and Frontage Roads

AUSTIN—Texas drivers need to know about an important new law which will seriously affect how they drive on freeway frontage roads.

The change is so important that ignoring it could literally become a matter of life or death.

The law, passed in the recent session of the Texas Legislature, gives traffic entering or leaving freeway ramps the right of way over frontage road traffic.

It was signed by the governor on June 11, and becomes effective August 27.

It reads in part: "The driver of a vehicle proceeding on an access or feeder road of a controlled access highway shall yield the right of way to a vehicle entering or about to enter or leaving or about to leave the road to enter the highway."

Many ramps on Texas highways already are arranged that way, and YIELD and other signs are in place on the frontage roads for this kind of operation.

Other places where ramps and frontage roads meet, however, are not. There, the signs presently are arranged to require the ramp traffic to yield.

The situation is especially critical where the frontage road carries traffic in both directions. Ramp traffic both entering and leaving the freeway crosses opposing streams of traffic on the frontage road.

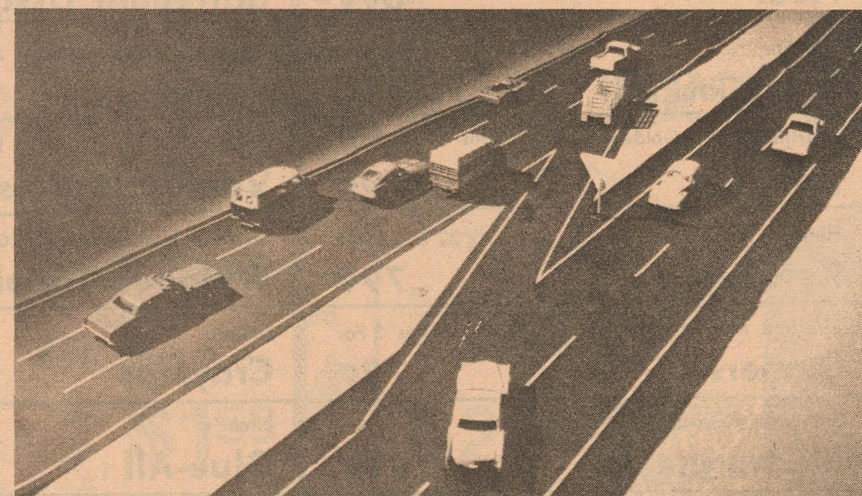

should be alert for any changes in signs on the frontage road he may drive regularly and should be aware that all ramp traffic will legally have the right of

way over frontage road traffic later this summer.

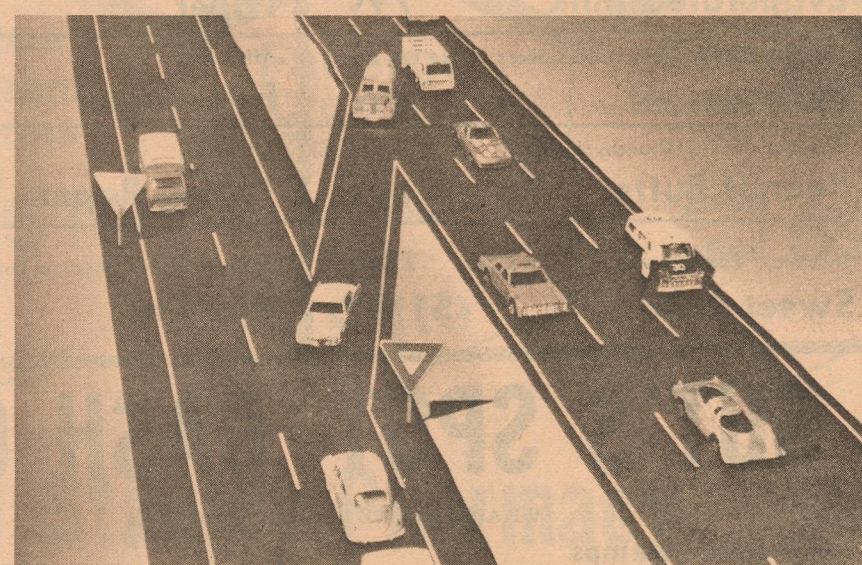

He should also be aware when using freeway ramps that other drivers may not be aware of this law change

and may overlook the new signs.

Signs are being changed now. Drivers should heed new sign arrangements as they encounter them.

Frontage road traffic must yield to vehicles entering the freeway.

On two-way roads, both lanes of traffic yield to vehicles using the exit ramp.

NEW EMPLOYEE—The new face at the Soil Conservation Service is Austin native, James E. Bailey. He comes here from Dimmitt where he spent the past two years as a soil conservationist. He attended Southwest Texas State University in San Marcos and received a BA degree in Range Management.

County Economy Boosted By Oil

The sale of Crude oil and Natural gas from Motley County wells in 1978 boosted the county economy and accounted for \$1.7-million of the \$17.1-billion value placed on the Texas production last year, according to Texas Mid-Continent Oil & Gas Association.

In a report on the economic impact of oil and gas industry operations in the top producing counties of Texas, the Dallas-based Association said the county ranked 187th among the 202 counties having marketed production valued at \$100,000 or more, not including the sale of natural gas liquids.

The county's wells produced 185,000 barrels of crude oil, valued at \$1.7-million, and 16,783 Mcfs of natural gas, valued at \$17,000. Owners of royalty in the county received \$218,000 as their share of the output, the Association said.

"Considering the shortfall in total U.S. petroleum production relative to our nation's energy needs, production from every Texas county is more vitally important today than ever before," said the Association's president, H.B. (Hank) Harkins of Alice, an independent producer and drilling contractor.

In addition to paying local, county, and state property taxes, producers in the county also supported state government through production tax payments estimated at \$80,500, according to the Association. Crude oil taxes amounted to \$79,300, while natural gas levies totalled \$1,200.

In the search for new petroleum reserves in the county, oil and gas operators spent a reported \$588,954 in the drilling of three dry holes.

Members of the class have discussed meeting at this time, but firm plans were not made due to lack of a meeting place.

The Groves family would like to make the PLAYHOUSE available to the class during the 3-day meeting of Old Settlers, and announce an open house specifically during the afternoon of Saturday from 2:00 P.M. until 6:00 P.M. This guest house is located at the Groves home 2 blocks north and 2 blocks west of the Jail House, one block west of the Catholic Church. It was used as a meeting place for high school students during the 'fifties. Call at the Groves residence or call 347-2691 for further information or directions. Due to other pressing duties, only soft drinks to be stored in the refriger-

ator, will be offered as refreshments, but there should be plenty of fellowship. You may also call Elsie Gilbert Thacker, 347-2861, Verdine Neighbors, 347-2785, or Cora Smallwood, 347-2459 about this and other proposed meetings.

Graduating members of the class are Lewis Blevins, Bill Smallwood, and County Judge Billy Joe Whitaker, all of Matador; Rosemary Bloodworth Anderson, Lovington, N.M.; Frances Casey Dixon, Whiteflat; Marcia Gilbert Middlebrooks, Washington Church, Ohio; Ann Harp Crump; Billy Ray Neighbors, Granbury; Patti Pipkin Alexander, Freeport; Shirley Pope Monk, Las Vegas, Nev.; Herbert Norman Seigler, Fullerton, Calif.; Joe Spray, Bowie, June Spray Wason and Don Wason, Plainview; Sarah Springer Waldov, San Antonio; Dorothy Traweek Hanesworth, Houston, and Geraldine Waybourn Key, Childress. Classmates not graduating with the class are also invited to visit with them.

Boys Ranch Rodeo To Be Held Sept. 2--3

At Cal Farley's Boys Ranch, nearly 390 pint-sized cowboys are getting ready for their thirty-fifth annual Boys Ranch Rodeo, a traditional Labor Day weekend event.

In anticipation of record-setting crowds for the two performances on September 2 and 3, the Ranch rodeo arena has enlarged general admission sections that will accommodate an extra 1,500 people. Most sections of the arena have been covered to provide for the comfort of the rodeo guests. Another added attraction will be Texas-sized barbecue beef plates that will be prepared and sold by the boys for only \$2.00.

About 150 boys will be contestants in the rodeo. They will compete in

bareback bronc riding, and also be trying for the best time on Brahma bulls, steers, calves and stick horses. It is the only rodeo of its kind in the nation, as the only contestants are boys riding professional rodeo stock under R.C.A. rules. The rodeo is also a reunion for the approximately 3,000 boys who have lived at the Ranch since 1939.

Reserve box seat tickets for \$3.50 are on sale at the Boys Ranch office at 600 West 11th street in Amarillo. The tickets can also be ordered by calling 806/372-2341. General admission tickets are \$2.50 for adults and \$1.00 for children under twelve. Performances are scheduled for 2:30 each afternoon.

District Fashion Revue Results

Sharlene Smith, Deanna Durham and Tammie Brown participated in the District 3 Fashion Revue held in Abilene, July 31st, and all three received red awards.

Sharlene competed in the Sr. Division, Deanna in the Intermediate

Division, and Tammie in the Beginners Division.

IMAGINE A WORLD WITHOUT COMMUNICATION

Communication is important not only between individuals, but between business and the consumer.

At WTU, we think it's important that consumers know about the services we offer, our billing practices and the details, and all the portions of your bill. We also want to provide you with information on how to use electrical energy in the most efficient manner possible. Conservation of our energy is important to our future and to you as a billpayer. It's also important that you and your family know the proper safety measures required when working around electricity.

These are just a few of the reasons WTU feels it's important to communicate with you on topics that concern and involve you. At West Texas Utilities, we're working to serve you better.
