TRAIL DUST

By
DOUGLAS MEADOR

The fragrance of truth frequently perfumes the premises where it has been as dried sage crushed on a dusty floor.

One thing for which I am thankful is that it will never be necessary for me to study the history of France and remember the names of the republic's presidents.

Summer would be nice if it could provide enough shade, comfort and leisure to extend from the last cool day of spring to the first cool day of autumn.

Habit is the soil which nourishes character. It may grow with equal abundance, flowers and thistles; fruit and poison.

Stupidity may strike down a normal person like disease, but ignorance is a chronic condition that refuses to accept change.

A man who sows deceit may well expect to harvest what he has sown.

Song of a mockingbird swaying with the thin branches of a tall elm tree brings tranquility to the restless night. The singing is as a catalyst that recovers joy from old dreams. Surely no other creature on this old star asks so little and gives so much as a mockingbird.

When a man is humbled by his mistakes he has found the only way above them.

The women of the church will stay after church to remove books, bench cushions and smaller items.

Church will be held in the Educational Building while the remodeling is in progress.

Flea Market Scheduled

The Motley County Arts and Crafts will be holding a "Flea Market" Saturday, June 3 on the slab where the old Day Cleaners used to be. Booths are \$5.00 for anyone who is not a member of the Arts and Crafts Club.

Everyone is welcome to set up a booth. For more information please contact Mrs. Travis Jameson at 347-2473 or Mrs. Bill McKelvey at 347-2866.

Baccalaureate Sermon Tells Class How To Face An Uncertain Future

The uncertain times and how to cope with them were outlined Sunday night in baccalaureate services for the 1978 graduating class of Motley County High School. Speaker was Rev. Jerry Golden, pastor of the First Baptist Church. The program was presented in the high school auditorium starting at 8 p.m.

Reading verses from four chapters in the book of Philippians, Rev. Golden used as his subject, "How to Face An Uncertain Future," and cited the Apostle Paul's experiences as examples.

"Paul was in prison, facing an uncertain future, just as you, as graduates are facing today," Rev. Golden declared. "While you are facing great opportunities, you are also facing great problems, such as inflation, energy crises, and the break-down of family life . . . Paul's faith sustained him, as reflected in these scriptures."

"To face an uncertain future, you must have victory in living and dying through Christ," the minister pointed out in reading Phil. 1:21, 'For me to live is Christ, and to die is gain.' . . . you must look to Christ as a perfect Christ (Phil.

2:5). Before you become a leader of tomorrow, you must become a servant today. To face an uncertain future, keep your lives focused on Jesus Christ: 'I press toward the mark for the prize of the high calling of God in Jesus Christ.' (Phil. 3:14) and you must receive your strength through Christ - 'I can do all things through Christ which strengtheneth me' (Phil. 4:13) . . . do not be satisfied with your work, but always strive to do better.

In conclusion, Rev. Golden pointed out that "the common denominator of these verses is the name of Jesus Christ. You need him to face the future . . . with Christ you can face the future with faith, not fear."

The service opened with Invocation by Rev. L. F. Phillips, pastor of the Macedonia Baptist Church. Scripture reading was by Bryan Timmons, who read the 6th chapter of Ephesians. Congregational singing was led by Bryan Faus, First Baptist Church music director and benediction was by W. E. Burkham, minister of the Church of Christ.

Mrs. Bennie Dillard played for processional and recessional.

Commencement For Motley Grads

Commencement services for the Motley County High School seniors of 1978 were held Monday evening with 28 students receiving their diplomas.

Three students were presented scholarships of \$100 at West Texas State University. They were Bryan Timmons, who was also the senior class president this past year, valedictorian Ricky Turner and salutatorian Todd McCandless. Turner also was presented a \$400 math scholarship.

Following the processional by Mrs. Bennie Dillard and invocation by Rev. Malcolm Neyland, the class sang "Climb Every Mountain," their class song.

In his salutatory address McCandless said research workers are constantly trying to measure the capabilities of high school students. "They want to identify talent early in life and sort people out according to what they are best fitted to do. They want to find out how much a person can do in comparison to what others can do." But he added that researchers can not measure how much a person enjoys what he is doing.

Shelley Seigler played a piano solo, followed by Turner's valedictory address. He asked the questions: "What do we want out of life and what can we give the world?"

The presentation of honors was made by Arnold Parker, principal, and Superintendent of Schools Charles Johnson presented the class to Board of Trustees member S. J. Braselton, who presented diplomas. Benediction was given by Mrs. Agnes Aaron.

ASCS Extends Signup Date

THE FINAL DATE for signing an intention to participate in the 1978 farm program has been extended to May 31, it was announced this week by Emilio Aguilar of the Motley County ASCS office.

This is the second extension on the signup and it also applies to the deadline for certification of 1978 wheat, barley and other small grain acreages which is extended to May 31.

"The signup is looking good," Aguilar said Monday. "Almost all the farmers have signed up. We only need 12 more farmers to signup now. The ASCS office will be closed May 29 for Memorial Day, so that doesn't leave many more days."

Aguilar explained that the signup date was extended on the 1978 farm program because of changes in the program announced after the program sign-up began, and to allow producers ample time to consider the options.

Aguilar also said the President has signed into law the Emergency Agricultural Act of 1978, and under provisions of this act, the estimated price for wheat and the loan rate for upland cotton will be increased for 1978. The changes will make the wheat established price \$3.40 per bushel, and the upland cotton loan rate 48 cents per pound.

Aguilar said last Monday was the target date for planting cotton, and for most farmers the good general rains received recently will provide the assurance needed to bring up the crop.

"On May 8, we received a general rain throughout the County that averaged two inches," Aguilar said. "Last Friday and Saturday the county averaged over one inch."

Afton Cemetery Association To Meet

The Afton Cemetery Association will have its Annual Memorial Day meeting Tuesday, May 30 at 10:00 a.m. under the Arbor.

Following the program, directed by Glenn Sanders, a business session will be called by Buck Hughes, president of the Association. Reports will be given and officers will be elected for the forthcoming year.

All interested persons are urged to attend.

Church Announces Anniversary Plans

First Baptist Church, Matador, will observe its 85th anniversary, Sunday, June 4, it has been announced by the pastor, Rev. Jerry Golden. This also marks the 40th year the church has met in the present building, and this fact will also be celebrated in the services on that occasion. Plans have been underway since February when a homecoming committee was named by the pastor.

Two services, morning and afternoon, have been arranged, but there will be no evening service. Several former pastors will be present for the observance and will participate in the programs.

The church was organized May 8, 1893 by six charter members, Mr. and Mrs. J. L. Burleson, Mrs. Lee Anderson, Mr. and Mrs. T. N. Cammack, and Miss Rosa Cammack. The Burlesons and her sister, Mrs. Anderson had come here from Comanche County, and the Cammacks from Williamson County.

During the past 85 years, the church has been served by 25 pastors. In 1957, led by Rev. Ray Manning, the 18th pastor, the church celebrated with a 64th anniversary observance and Homecoming. At that time, a history of the church, listing all previous pastors to that date, together with highlights of church activities through the years, was distributed.

Since that time, seven other pastors have served: Gene Hawkins, Miller Robinson, James Hancock, Larry Heard, Gene Joplin, Leonard Sims, and the present pastor, Jerry Golden.

Rev. Larry Heard was serving as pastor when the church observed its 75th (Diamond) anniversary in 1968.

The Historia was made possible by the late Mr. and Mrs. J. R. Moore. Mrs. Moore was a daughter of two of the charter members, Mr. and Mrs. J. L. Burleson. Her sister, Mrs. Margaret Newman, who is 96 and a patient in a nursing home in Hamilton, Texas, is the oldest and earliest member still living, on the membership roll of the church. The church records show that she was baptized in August of 1895. However, she later lived elsewhere for a time, and returned here in 1934, when her membership was again placed here. She has a granddaughter and great-granddaughter living here, who are members of this church. They are Mrs. Charles Renfro, the former Mary Newman and her daughter, Brenda.

Earliest continuous member of the church is Mrs. T. E. Cammack, who resides in a Lubbock nursing home. She was baptized August 10, 1901 and has been a member since that time.

Hospital Fate Is In Limbo

Motley County residents responded with a favorable but close vote on whether they wanted to see the Motley County General Hospital remain open or shut its doors.

Residents were sent a notice (ballot) stating that the hospital was in serious financial trouble and may be forced to close because it can not remain open without financial support.

The reason residents were asked their opinion on this was that the only feasible means to get the capital needed was from the public through the increase of hospital district taxes.

"The vote was nearly 500 for keeping the hospital open and approximately 440 against," hospital administrator S. J. Braselton said this week. "The law reads the hospital district can tax on full market value, which is set by the county commissioners court. At present the hospital is taxing on one-third full market value or 25 cents on the hundred dollar valuation of all taxable property within the hospital district."

The law requires that the tax levied for county purposes using the county values and the county tax roll not to exceed 75 cents on the hundred dollar valuation, 50 cents more than the market value the county is taxing on now.

"Our question to the Attorney General is whether or not we could legally tax on anything other than the tax roll," Braselton said. "I think within two years the situation would be completely turned around, but right now we are living day by day."

The matter is resting in the hands of the Attorney General now. His decision will determine whether or not the hospital will have the funds to remain open.

"In 1975 approximately 30 families would have moved to the county or retired in Matador had the county had a hospital," Braselton said.

The fund problem came about during the seven years the hospital was closed. The tax collected was just sufficient to cover insurance and payments on bonds. No capital for securing physicians or facilities was built up when the hospital reopened.

Youth Bible Study To Begin

"Youth Bible Study" at the First Baptist Church in Matador will begin this Sunday night at 7:30 p.m. and continue through Thursday night, June 1.

Directors will be Rev. Jerry Golden, pastor, and Rob Lackey, summer youth director. They would like to invite all youth in grades, seven through high school to attend the interesting and informative Bible Study.

Bradshaw Named Head Football Coach

Ronnie Bradshaw, 26, has been named head football coach for the 1978-79 school year by the Motley County Independent School Board of Trustees.

Bradshaw graduated from Memphis High School in 1970 and attended Texas Tech University for two years before graduating from Howard Payne University in 1975. He played offensive guard for the Howard Payne Yellowjackets.

He began his teaching career in the Motley County school system January 1976 serving as assistant football coach, boys junior varsity basketball coach as well as teaching four math classes.

His father, C. D. Bradshaw, served as head football coach of the Matador Matadors from 1956 through 1958 when Ronnie was only a youngster. His father remains active in the field of coaching and is currently on the athletic staff at Tahoka High School.

Bradshaw will be replacing Randy Hicks who resigned to accept a position at Kermit as defensive co-ordinator. His wife, Marilyn, will be teaching home economics in the Kermit school system also.

15c Stamp To Go On Sale Monday

MEMPHIS, Tenn. The Monday morning sale of an orange stamp bearing an eagle and the letter A will make Memphis the first city in the nation to sell a U.S. postage stamp with no price printed on it.

"Whenever a new stamp comes out, it is always put on sale in one city before it goes out anywhere else," Harold Fortner, public relations officer for the Memphis post office, said Friday. "It's quite an honor for Memphis to be chosen for the issuance of a unique stamp like this."

The stamps were printed in 1975 and in 1976 but until now, Postal Service officials hadn't figured out what to do with them.

While there will be no price printed on the stamp, the Postal Service has decided to give it a 15-cent value and issue it for first class postage until regular 15-cent stamps are available to accommodate higher postal rates effective May 29.

The Postal Service Board of Governors, rejecting President Carter's recommendation to keep a citizen rate of 13 cents for personal letters, Friday approved the 2-cent increase in the rate for first class letters.

A party honoring the 50th wedding anniversary of Mr. and Mrs. E. M. (Pete) Timmons will be held Sunday from 2 p.m. to 5 p.m. in their home at Northfield.

The Timmons were married in Matador on May 31, 1928. The anniversary party

is being hosted by their children: Mr. and Mrs. Reece Timmons of Matador, Mr. and Mrs. Wayne Timmons of Sapulba, Calif., Mr. and Mrs. N. L. Cook of Northfield, Mr. and Mrs. Paul Cruse of Justin, Mr. and Mrs. Eddie Timmons of Dalhart, and Don Timmons of the home.

Eternas Jr. Study Club Installs New Officers

The Eternas Jr. Study Club met Thursday, May 18 in the home of Mrs. Morris Burkes for the installation of officers. Mrs. Harold Campbell presided at the meeting and discussed the meaning and purpose of the Texas Federation of Women's Clubs. Before installing the new officers, Mrs. Campbell gave special recognition to Mrs. Kelly Jackson for her outstanding work as president of the club.

"Wheels of Progress" was the theme of the installation. Mrs. Campbell explained that the club was like a wheel with the President the hub, the officers, the spokes, and the club members the supporting rim.

Officers selected for the coming year are, President, Mrs. Larry Hoyle; 1st Vice-President, Mrs. Clay Jameson; 2nd Vice-President, Mrs. Neal Haralson; and Secretary-Treasurer, Mrs. Jesse Perkins.

Mr. and Mrs. Luther Green visited this past week end with their son and wife, Dr. and Mrs. Tim Green, and Jolie in Midland. Tim is a teacher in the junior college there.

Local sisters, Mrs. Kathleen Smith, Mrs. Viola McBride and Mrs. Margie Smauley visited last week with another sister and nephew, Mrs. Salina Barnes and W. A. of Kopperl. Their nephew, W. A. had just returned home from Hico Hospital where he had been a recent patient.

They also visited a cousin and husband, Mr. and Mrs. Lester Herod of Duffaw; and other friends, Mr. and Mrs. Ott Crumpler and Mrs. Kate Todd of Anson; and Mrs. Geneva Matthews of Dublin.

HALLS HOST SUPPER

Mr. and Mrs. Mark Hall hosted a hamburger supper in their home Saturday night honoring special guests, Mr. and Mrs. Wes Hall of Albuquerque, N.M. Other friends and relatives joined in the preparation of the meal and visited with the Halls.

These were: Mr. and Mrs. Robert Birchfield of Midland; Mrs. Donnie McDonough of Canyon; Mr. and Mrs. Dean Osborne, James Dean and Robert of Floydada; Miss Betty Sue Markham of Pasadena; Mr. and Mrs. E. E. Markham and Larry, Mrs. Betty June Bearden and Jackie, Mrs. Billy Self, all of Matador.

Mr. and Mrs. Wes Hall returned home Sunday after visiting during the week end their home in North Matador.

Sr. Citizens Attend Olympics

Area Senior Citizens between 600 and 700 strong, some limping, on canes, crutches, wheelchairs and blind attended the "Fun Day" May 17 at the Fair Park Coliseum in Lubbock to honor a great number of Senior Citizens who were outstanding in various communities. C. L. Abernathy, Plainview, recognized the chosen Senior Citizens and presented each one with a plaque. J. D. Mitchell, Roaring Springs, and Vinie Keltz, Matador, received these honors as they were seated on the stage facing the audience. Mrs. Keltz was escorted by her daughter, Grace Campbell of Matador. Mr. Mitchell had two car loads and four members on the Mini bus and his wife Eva, backing him.

Although the Roaring Springs group arrived late for the lighting of the torch signifying the beginning of the Senior Olympics, they did make it in time for the entrants to participate in the chosen events. There were no first place winners from Motley County but the following qualified for T-shirts presented by State Savings of Lubbock: Walking Marathon — Brown Hinson; Bean Bag Toss, Bea Sedgwick, Beth Hinson, and Minnie Dye; Balloon Bust, Eliza Kingery, Mae Fletcher, Vada Campbell and Amy McIlroy.

The group was entertained by the Levelland "Kitchen Band." They sang old time popular songs and some religious songs. Special guests were introduced by Judge C. L. Abernathy: They were: Burl Greaves, State Savings and Loan; Truett Mayes, Executive Director S.P.A.G.; Judge Glenn Thompson, President S.P.A.G.; Joe Bernel, Reg. Dir. VI of Action from Dallas; Vernon McDaniel, Ex. Director on Governors Commission on Aging from Austin and George Makiji of Action from Washington D.C.

Along with the events, program, and picnic lunch, the group enjoyed visiting with members from other area Senior Citizens clubs.

Possible Uses Of "Old School" Are Announced

More than 300 persons have signed a petition to save the building, and donations totaling \$818.75 have been received from former residents, mostly ex-students and teachers, according to Mrs. Howard Traweek, who is serving as treasurer.

In a financial report released by Mrs. Traweek (elsewhere in the Tribune), Receipts totaling \$2,061.60 include proceeds from a bake sale and barbecue supper in addition to the donations. Expenses have amounted to \$522.04, leaving a balance of \$1,539.56 in the bank.

To date, several local organizations have indicated an interest in occupying and maintaining rooms in the building, should they be available.

On the strength of the letter mailed to the voters by the Motley Independent School Board, pledges of up to \$150.00 per year have been volunteered by a number of citizens. It was pointed out Thursday at a meeting of El Progreso Club, that if 100 persons would pledge as much as \$100.00 per year this would amount to less than \$10.00 per month and would be adequate for maintenance of the building for a year, with funds left over for other purposes.

In answering the questionnaire sent out by the school board, most voters declined to commit a pledge without knowing the approximate amount which would be involved in the upkeep of the building.

A number of possibilities for uses of the building have been investigated with encouraging results, the committee reports.

Leon Harris, Dean of the continuation education and extension program of South Plains College at Levelland was contacted in regard to satellite college classes which could possibly be held in the building. His office, The Regional, Occupational, Technical and Vocational Education Center, is housed in Plainview and works with Wayland College on this program.

Mr. Harris said that a number of basic related courses could be offered — as many as would be needed.

Bill Seale, former resident of Matador, has been contacted as to the possibility of Snyder College offering college courses, and he is checking with responsible parties at the college. Local auto mechanics, art instructors, and teachers might be able to be used in this program.

It has been confirmed that a film distributing company would be able to supply full length Walt Disney movies as well as other family-type films on a rental basis. Movies could be shown in the auditorium once or twice a month, depending on the response, and would be shown primarily for the benefit of children of school age. However, adult tickets would also be sold.

Dr. Richard Weaver, head of the drama department at Texas Tech University, has informed the group that his department takes their plays on tour to small area towns for audience approval. Cost would be on a percentage basis of box office receipts. Tickets could also be sold by local organizations to buy the house for one night.

Class Parties In Plainview

The MCHS Sophomore class and their class sponsor, Coach Danny James, had a roller skating rink party in Plainview, Monday afternoon, May 8. Coach James commented he had never had a girl fall as hard or as many times for him as Gwen Calvert did that night and afternoon. She and "Jelly" Walker were voted as the future Olympic skating stars of the class. The group enjoyed a Pizza supper before returning home with bruised elbows, knees and other unmentionable parts of the anatomy.

+++

Members of the MCHS Junior class, Mrs. Connie Shorter and Melvin Pitts had a party in Plainview, Thursday, May 18 that included fun at the miniature golf park and the roller skating rink. After the enjoyable activities, they satisfied their ravenous appetites at the Pizza Inn before returning home tired but happy.

TEXAS STADIUM WELCOMES MR. ROSS

Walter T. Ross has just returned home from visiting his daughter, Mrs. John Andestad in El Paso, and his son, Jim Ross in Dallas.

While he was in Dallas he visited many relatives and old friends. One friend he visited was Judson Beale, whom he had not seen since 1898, when they were friends in Franklin, Texas (Robertson County). Mr. Beale lives in Lancaster, a suburb of Dallas.

Jim took Mr. Ross to see the Texas Rangers beat the Milwaukee Brewers at

Arlington Stadium. The highlight of the evening was huge scoreboard, "TEXAS STADIUM WELCOMES WALTER ROSS OF MATADOR, TEXAS, WHO IS 92 YEARS YOUNG." Mr. Ross certainly enjoyed the evening.

Without Duke Lipscomb to take Mr. Ross to Lubbock where he catches his flights to make all these trips, he would not be able to have all these wonderful experiences. Duke not only drives Walter Ross to Lubbock, he meets the plane when he returns. That is true friendship.

15 Cent Stamp . . . from page 1

Starting Monday the cost of mailing a first-class letter will increase from 13 cents to 15 cents in a step expected to bring an additional \$1.9 billion a year to the deficit-plagued Postal Service.

The mail agency said it will start selling stamps with no price printed on them. These will be worth 15 cents and are being used because of a shortage of 15-cent stamps.

The boost was approved by the Postal Service's board of governors 5-1 at a secrecy-sloaked meeting Friday.

The new rates were adopted after the board voted 4-2 against seeking to save a so-called citizen's rate.

The Carter administration had sought to retain the 13-cent rate for individual citizens. Under the citizens' rate proposal, the cost of a stamp would have remained 13 cents for individuals while rising to 16 cents for businesses.

Shortly after the board's decision, the new postal rate was challenged in the U.S. Court of Appeals in Washington by the National Association of Greeting Card Publishers, which had supported the citizen's rate proposal.

Pep Club Elections

The Motley County Pep Club elections for the 1978-79 term were held May 5, in the school gymnasium. The following people were elected: Belinda Simpson, President; Sharla Green, Vice-President; Pam Francis, Secretary; Tanya Simpson and Bunnie Zabielski, Concession Stand Managers.

Rainfall

A series of rains starting here Friday night and spreading over most areas of Motley County through late Saturday have greatly improved the agriculture and stockraising outlook.

Various amounts have been reported in different areas. The amount registered by Bill Pallmeyer, County Agent was 1.5 inches.

The rains have been accompanied by storm conditions over the South Plains area. Scattered tornado alerts were issued in area counties, but no damage has been reported.

ACCEPTING APPLICATIONS

The Texas Agricultural Extension Service is now accepting applications for Insect Scouts for the Boll Weevil Management Program. Must have vehicle. Contact Bill Pallmeyer, CEA, for further information.

Courthouse Vigil Ends

For Juveniles

Two young girls currently residing with relatives in Kirklind ended a 20-hour vigil today at the Childress County Courthouse when District Judge George Miller of Floydada ordered their father released from Childress County Jail and remanded the girls into his custody pending a custody hearing in Ohio.

The two girls locked themselves in the automobile about 4 p.m. Wednesday on the west side of the Courthouse, and refused to open the door for anyone, until 11 a.m. today when Sheriff J. E. Benham received the decision of Judge Miller, and the girls opened the car doors.

The man was taken into custody by Sheriff Benham after Judge Miller earlier had issued a warrant for the man's arrest on charges of contempt of court. The judge had ordered the man to release the two girls to relatives in Ohio.

The two girls reportedly locked themselves up because they did not want to return to relatives in Ohio, as ordered by Judge Miller.

The two girls, aged 13 and 15, remained adamant in their refusal to unlock the car doors or even roll down the vehicle windows more than halfway, in spite of pleas from relatives and friends to do so, throughout their ordeal.

Beef Blade Steaks Make Tempting Cookout Treat

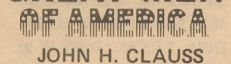

Beef blade steaks are an excellent and economical grill choice. Costing considerably less than loin cuts, these steaks from the beef chuck are somewhat less tender. But marinating the steaks provides opportunity to add a complementary flavor and has a tenderizing effect.

For a tasty example of just how good blade steaks can be, try Beef Steaks Mediterranean. The spicy marinade, sweetened with orange marmalade, gives that good beef flavor a delicious accent, says Reba Staggs, National Live Stock and Meat Board home economist.

- Beef Steaks Mediterranean**
- 2 beef blade steaks, cut 1/2 to 3/4 inch thick
- 3/4 cup lemon juice
- 3 tablespoons orange marmalade
- 2 tablespoons salad oil
- 1 1/2 teaspoons salt
- 3/4 teaspoon oregano
- 3/4 teaspoon hot sauce

Combine lemon juice, orange marmalade, oil, salt, or oregano and hot sauce in saucepan. Bring to boil, reduce heat and cook slowly 5 to 10 minutes, stirring occasionally. Cool. Place steaks in a flat pan or plastic bag. Pour marinade over steaks, turning to coat all sides. Marinate in refrigerator 4 hours or overnight. Place steaks on grill or on rack in broiler pan 4 to 5 inches from heat. Broil at moderate temperature for 7 to 10 minutes on each side, depending on degree of doneness desired (rare or medium). Brush with marinade before and after turning. 4 to 6 servings.

GREAT MEN

JOHN H. CLAUSS
One hundred years ago, John H. Clauss, an immigrant from Solingen, Germany, established his first cutlery factory, with six employees in a one-room building in Elyria, Ohio. Today, the company he created turns out many thousands of shears and scissors every day.

Recent visitors of Mrs. Henry Ford were former residents of the county, Mr. and Mrs. A. L. Smith and his father, Talma L. Smith of Washington, D.C.

Rites Held For E. T. Moore

Mrs. Wm. R. (Bill) Moore and her daughter, Miss Billie Beth Moore, former residents of Matador, have returned to their home in Fort Worth after attending the funeral of Mrs. Moore's brother, B. T. (Tillman) Walters.

Mr. Walters, a native of Nacogdoches County, had been a Tyler resident since 1919. Funeral services were held at the Lloyd James Funeral Home in Tyler with a graveside service and burial at Redland (former Walters) Cemetery in Nacogdoches County. Redland Cemetery is adjacent to the old Walters home place which has been owned and maintained by the family since 1839.

Mr. Walters was a former school teacher and had served for 26 years as secretary-treasurer for Wadel-Connelly Hardware in Tyler having retired in 1971. He was Smith County auditor from 1938 to 1944 when he held the first budget for Smith County.

Mr. Walters, who was 81 at the time of his death, had served as a Tyler School Board member from 1931 to 1940, was a past board member for Tyler Rotary Club and was a 50-year Master Mason. He was a 32nd degree Mason and a charter member of Sharon Shrine and a member of St. John's Lodge No. 53. He was a member of the First Presbyterian Church in Tyler and was in the Navy during World War I.

Mr. Walters attended North Texas State Normal College and was a graduate and former teacher of Tyler Commercial College.

Survivors in addition to Mrs. Moore (nee Velma Walters) and her daughter include Mr. Walters' wife, Mrs. Minnie (Allen) Walters of Tyler; one daughter, Miss Ruth Margaret Walters of Tyler; one son, Robert B. Walters of Houston; one brother, T. E. Walters of Houston; two sisters, Mrs. Viva (Walters) Young of Mesa, Ariz., and Mrs. R. E. (Oberia Walters) Spaulding, Sr. of Dallas; one grandson, Robert Mark Walters of Whitehouse, Texas; two granddaughters; two great-grandchildren; and several nieces and nephews.

Velma (Walters) Moore and Billie Beth Moore are the wife and daughter respectively of the late Wm. R. (Bill) Moore whose sisters, Mrs. Olive (Moore) Russell and Mrs. John (Josephine Moore) Hamilton still live in Matador.

A Father's Day Tradition Marks Silver Anniversary

Father's Day is a time of tradition -- a special day set aside to recognize a very special individual.

This Father's Day, June 18, marks the 25th anniversary of another tradition, Beef for Father's Day.

"Although fathers have been enjoying beef on this occasion for more than 25 years, it was in 1953 that the American National Cow-

Belles first began to promote the idea," says Mrs. Barbara Parks of the Foothill CowBelles.

Since that time, beef for Father's Day has grown into a national event, with beef having been recognized as the official Father's Day entree by the Father's Day Council.

"The good taste of beef is what has made it America's traditional Father's Day food," Mrs. Parks says. "But there are a lot of other reasons for liking beef."

One big reason, she says, is beef's contribution of iron, protein, zinc, B-vitamins and other nutrients important for good health. "Because beef supplies so many of these nutrients, in comparison to the calories it contains, nutritionists call it a 'high nutrient density' food," she says. "A 3-oz. serving of cooked lean beef contains only 10 percent of the average man's daily calorie allowance, while giving 45 percent of the protein, 32 percent of the iron and 59 percent of the vitamin B-12 needed each day."

Beef is versatile, too. With over 100 different cuts to choose from, there is a beef dish for any budget. Today's sirloin tip roast is tomorrow's barbecued beef sandwich, according to Mrs. Parks.

The Foothill CowBelles, along with the Beef Industry Council of the Meat Board, are cooperating in the annual Beef for Father's Day campaign.

Beef certificates for Father's Day may be purchased at the First State Bank in Matador.

YAHTZEE PLAY

Thirteen players reported May 11, and Geneva won the ball for having the winning Yahtzee score. Others were Frances, Lucretia, Louise, Mary, Leona, Kathryn, Loys, Rita, Dorothy R., Winifred, Dorothy D., and Hazel. A stiff west wind made for many out of bound balls... especially on No. 6. One foursome appeared (almost) like they were hunting Easter eggs in that field. Most everyone had penalties...

Enjoying hamburgers, salads and such at El Matador were Geneva, Loys, Frances, Lucretia, Leona, Louise, Dorothy D., Mary, Dorothy R., Winifred and Hazel.

La Voe and Buzz were in Fort Worth recently visiting Jana and Johnny and children, and followed several rounds of the Colonial National Golf Tournament that week end (12-13) on the scenic tree-lined fairways of the Colonial Country Club. They also had a visit with Clyde Williams of Comanche and his son, Bill, of Granbury who were watching some of the Colonial play. Nona Williams and daughter-in-law were there Saturday.

LADY GOLFERS ENTER LUBBOCK TOURNAMENT

Entered in the Lady Golfers Partnership Tournament at Lubbock Country Club Tuesday, May 16, were 116 players competing in the four flights.

La Voe, Nell, Geneva and Louise played -- and Winifred and Hazel were social entries. All players received balls as they registered, and guests received fragrant soaps and foam bath items by "Charlie."

Enjoyed coffee and rolls upon arrival and visiting with friends -- Maxine Galloway and Minnie Stewart from Spur, Finnie Seale from Snyder, Margaret (Crews) Norman of

Amarillo -- and others.

In the Championship flight Neva Abell and Janet McPhail (Ralls) won third place (67); in first flight, Finnie Seale and Billie Hargrove (Snyder) won first (65); and in third flight, Louise and Geneva were in fourth place (64) and were defeated by only one point for winning third place.

Winifred and Hazel had fun -- watching some of the play, shopping in the pro shop and visiting with Mary Payne of Slaton and Mary Farris of Lubbock (who had just returned from a trip to England and Scotland and related, vividly, some of the highlights of her and her husband's tour -- playing golf on Wee St. Andrews course -- said she didn't put any balls in the North Sea (but her husband did!)... sorry that Lillian had to miss this fun day with us.

Following play, a most delicious lunch was served and thoroughly enjoyed.

Several errands were run before departing Lubbock... and on the way home we stopped by Floydada CC to visit Francine (who is still working there) and exchange bits of news... making for a long day -- but a fun one.

OUR GUEST DAY

Twenty-seven players entered the tournament Thursday, May 18; From Paducah were Nancy Ryan, Doris Piper and Mildred Hamrick; Childress -- Jean and Shirley Hassell; Spur -- Frankie McAlpine, Sandy Dubois, Minnie Stewart and Jean Hoover; Ralls -- Neva Abell and Tommie Anderson; Dougherty -- Donna Pernel, Sue Ward and Brigid Bostick; Locals -- Frances, Kathy, Tommy, Geneva, Loys, Kathryn, La Voe, Nell, Mickey, Mary, Leona, Dorothy and Hazel.

La Voe was medalist (83); In championship flight, Neva won first (84) and for second -- a tie between Mickey and Nell (90); Nell was winner in a playoff by card.

First flight -- 1st, Geneva (96) and 2nd, Loys (102); Second flight -- 1st, Tommy E. (105) and 2nd, Nancy Ryan (111). Kathryn won long drive on No. 9 and Nell won closest to the pin on No. 3.

LUNCHEON -- We met at the Depot in Roaring Springs for luncheon. Decorations were most attractive in a red and white color scheme. Tables were centered with red bandana flower pots of cacti and handmade red and white flowers -- created by Leona, Mickey and Dorothy R. At

the head table was a yellow flowering cactus. Red bandana motif also in napkins, cups, plates n'all.

All the tournament prizes of dried floral arrangements and some silk flowers, were from Matador Floral (Debbie Haralson).

A grand selection of door prizes were awarded. Frances and Lucretia had worked hard at collecting merchandise for these gifts

and we are most appreciative of the following merchants who have donations -- Spray Auto & Farm Supply, Thacker Supply, Ronnies, Stanley Pharmacy, Spot Cash Gro., Household Supply, Billy's Gro., Matador Variety, Barbara's Dugout, Matador Floral, Matador Hair Fashions, Matador Tribune, Higginbotham's, and Campbell Ranch -- and also thanks to all the members contributing money.

LOTS OF PLANNING and hard work and time spent made for a most successful tournament. Leona, as president, and Loys and tournament chairman managed all details and thought of everything (and are making great officers.)

BIG THANKS go to so many for all their help, namely -- all the committees: Menu, decorations, prizes, arrangements, snacks, cleaning the carts and hangars; Roaring Springs for the use of the Depot; the kitchen crew; the Drop-outs -- Marvin, Howard and Clay -- for all their assistance, handling the carts and loading the golf bags on them, fighting the players, parking our carts after play was finished -- and being so handy and helpful all the time; and to ALL the men who furnished their carts for our use -- and everyone else who helped in any way... even the weather cooperated and gave us a beautiful day.

AND the course was in great condition... all groomed for the tournament mowing by Alton Marshall and marking supervised by Mickey, of the rules committee. Thanks to y'all.

+++

SIGN ERRECTED -- The Airport Country Club sign with rules of the course on the side next to the course has again been erected after a year or two of being down... giving the golf course a new look... thanks to Joe Campbell and Roy Hobbs, who enlisted the aid of Jud Neighbors to do the painting. The sign now has a new coat of white paint and neatly lettered in black. Thanks to these for this renovation.

County Agent Pallmeyer Says

BOLL WEEVIL PROGRAM GETS GREEN LIGHT

The in-season boll weevil management program designed to assist the producers in Motley and other counties under the Caprock became a reality when final plans were completed at a meeting held in Dickens on May 22nd, it was announced by County Extension Agent Bill Pallmeyer.

James Bearden, Matador, was hired to assist with the program, and supervise the 4 scouts to serve in Motley, parts of Floyd and Briscoe counties under the Caprock. Bearden's title is Demonstration Assistant.

According to Pallmeyer, practically all Motley County cotton producers observed the May 20th or later planting date, and enough producers put up the 20c per acre to allow the scouting program to become a reality.

Past experience has shown that most of the boll weevils that have survived through the winter emerge by the middle of June, and the delayed planting date prevents the presence of 1-3 grown squares for the emerging weevils to lay their eggs in, thereby preventing an early buildup of weevils in fields below the Caprock. All weevils don't emerge by this date, therefore the scouting program to detect the late emerging weevils. When these weevils are found, the producer will be contacted, and advised if control measures are advised, based upon the recommendations of Emory Borning, Area Entomologist, Vernon. The decision as to whether to apply control or not will rest with the individual producer.

Priority of scouting cotton

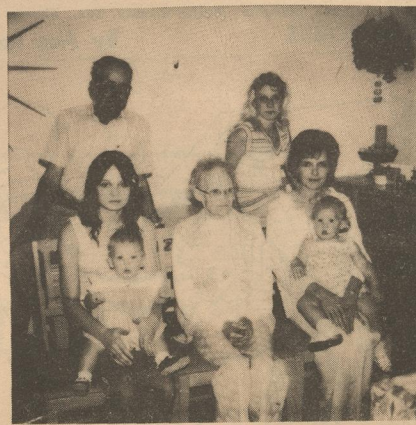

home of Mr. and Mrs. Joel Lummus. They attended a bridal shower honoring their niece, Karen Lummus in Dumas, Saturday.

fields will be as follows. First, known fields where emerging weevils have been detected first in the past, normally near favorable overwintering spots; Second, adjoining fields which can easily be infested from the fields in the first category; Third, fields where producers have found weevils; and Fourth, other fields as time permits.

This program is designed to protect local producers on this year's crop, and to supplement the Diapause Boll Weevil Control program, which is scheduled to start later in the year, thereby reducing acreage that will need to be sprayed then to reduce the number of weevils that will go into hibernation for the winter.

Pallmeyer also added that areas where there was no participation in the program will not be included in the scouting area, even though this will mean the reduction of the overall effectiveness of the program. In marginal participation areas, actions of non-participating producers by May 31st, will determine if these areas are included or not. He also states that those who have been waiting to see if the program became a reality or not should leave their checks at Lee's Feed & Seed, Roaring Springs; the First State Bank, Matador, or Caprock Gin, or Flomot Co-Op Gin, Flomot immediately.

The County Agent also stated that for those who had said "they would check their fields" do so, and if infestations are found, controls will be applied. In the near future, Cotton Insect Control Guides will be mailed to all producers, along with a request for information on planting dates, and information as to previous emergence of boll weevils in the producers fields. This information will assist the scouts do a better job.

SBA Offers Disaster Loans To Farmers

On April 11, 1978, 102 Texas counties were declared as disaster areas by A. Vernon Weaver, Administrator of the Small Business Administration. Most counties were declared because of extreme drought conditions, but other reasons include hail, high winds, and excessive rainfall.

A disaster declaration automatically activates SBA's Farm Disaster Loan Program. Farmers and ranchers in the declared counties and the 82 adjacent

counties who were adversely affected by these disaster conditions may be eligible for low-interest SBA loans. These loans are available for losses not already covered by insurance or ASCS disaster or deficiency payments.

The following formula is used by SBA in calculating the amount of eligible loss on crop damage: $ACRES\ PLANTED \times ESTABLISHED\ NORMAL\ YIELD \times PERCENTAGE\ OF\ LOSS \times MARKET\ PRICE = RECOVERY = ELIGIBLE\ LOSS.$

We pay maximum rates and interest is compounded daily!
