## A Second Glance

Clay Hart recently had a trailer of cotton burn up at the Flomot gin. They say that once cotton starts burning it is almost impossible to put out. I have heard that on occasions it has been known to burn underwater.

The community of Crowell almost never has a good cotton crop, but this year they did. Then fire struck the Crowell gin last week. It destroyed 429 bales of unginning cotton 55-60 modular bales of cotton and about 90 trailers at the Farmers Co-op Gin.

Other fires the same day (and fanned by the same 25 mph wind), hit gins at Throckmorton and Haskell. The blazes destroyed an estimated 200 trailers and some 1,000 bales of cotton. In all fires were reported in 10 North and West Texas cities destroying property valued at an estimated \$400,000.

The fire department warns people to watch their cigarettes. With cotton lint and burrs piled up on the highways and near gins and with dry weather conditions the possibility of fire is even more increased.

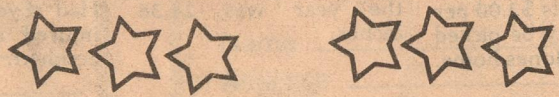

I received a letter this week from Allen H. Balch, in charge of communications on Senator John Tower's staff. He said Tower was going to be sending out a weekly column and wanted to know what subject areas were likely to be of greatest interest to the readers of the Tribune.

To help me answer the letter give us a call at 347-2400, and tell us what subject you would like for Senator Tower to discuss. Possibilities are energy policy, national defense, economic policy, agricultural policy, foreign policy, government regulations, health and education policy, status of major legislation, and major bills introduced in Congress.

If you wish you can write directly to Senator Tower at 142 Russell Senate Office Building, Washington, D.C. 20510.

**COOLING THE WALL** -- Billy Wason watches as Alton Marshall sprays down the outside of his stock room during the fire which destroyed a tool shed behind the Matador Hotel. When firemen arrived the fire was threatening the grocery business. (Photo by Leon Watson)

## Local Men Named To Connally Committee

Harold Campbell and E.B. Marrs, both Motley County residents, have been named to the John Connally for President Steering Committee as announced by State Organization Director Jim Campbell.

The local group is part of a massive statewide delegation of more than 2,700 citizens who have

voiced their approval of Governor Connally's effort.

"We are extremely proud that these outstanding Texans have joined the growing list of persons nationwide who recognize the leadership qualities of John Connally, and the need for that leadership in the White House at this

time," Campbell said.

The committee includes Harold Campbell and E.B. Marrs, both of Matador, Texas.

The Motley County School announces the students who made the honor roll for the second six weeks in the 1979-80 school year.

**1ST. GRADE:** David Aguilar, Antonio Gonzales, Billy Lefevre, Jose Llamas, Trent Willmon, Natalie Burkes, Shawn Cox, Donna Golden, Ginger Martin, Brandee Nichols, Bonnie Richards, Amy Stevens, Teresa Zarate, Brenda Zungia.

**2ND. GRADE:** Jack Carlson, Brand Cruse, Todd Cummins, Jarrett Jameson, Rusty Willmon, Brandi Barton, Chandra Brown, Yolanda Campbell, Prissy Roys, Cindy Shorter, Paige Williams.

**3RD. GRADE:** Lance Barclay, Bart Bynum, Kenneth Jackson, Brent Marshall, Brian Marshall, Dax Rattan, Will Richards, David Stafford, Chris Payen, Paka Barton, Regina Cruse, Tricia Palmer, Janeile Long, Ann Nimmo, Tammy Taylor.

**4TH. GRADE:** Shannon Campbell, Lejeanna Martin, April Vandiver.

**5TH. GRADE:** Kenneth Garst, Jade Jones,

## Fire Destroys Shed Threatens Businesses

Fire destroyed a tool shop and storage shed Saturday and at one time threatened Billy's Grocery store and the Matador Hotel. Quick reaction by the volunteer fire department saved the grocery store, but they were unable to save a Buick and a Cadillac parked in the shed.

The structure, belonging to W. W. Clements and located behind the Matador Hotel and adjoining Billy's Grocery, had been designated as a fire hazard by the fire department. "It was a tin building insulated with flattened cardboard boxes," Rodney Williams said. "There was a wood stove in the shed also."

Firemen had pre-planned how to fight a fire in the shed two months ago, but could not enforce any fire safety regulations because the City of Matador does not have a fire code.

When firemen arrived, shortly after 11:40 a.m. Saturday, the structure

was already completely engulfed in flames, a telephone pole was burning beside the rear door of Billy's and flames were against the south wall of the grocery store stock room.

"Richard Clements had built a fire in the wood stove," James Gillespie said. "The best we could tell the fire started in the north end of the shed in the vicinity of the wood stove. This building was nothing but a fire hazard."

Firemen said Matador was full of fire hazards but they were powerless to do anything without a city fire code. "We can make fire inspections if the owners ask us, and we can make recommendations," Williams said. "But we can't enforce the recommendations. We can't even pre-plan a building unless the owner gives us the okay."

City Fire Marshall Don Warren submitted a fire code to Mayor Kirby Campbell over a year ago but firemen said the city

council has to pass the code before it becomes effective.

"We ordered the standard Southern Fire Code," Warren said. "Dude Speed and I went through it and took out everything that we thought didn't apply to Matador. The rest we submitted to the Mayor. I've asked him about it several times and he doesn't think we need one here."

Mayor Campbell said the council never did get into the code. He said it was presented in book form and contained too many ordinances which the people of Matador couldn't live with.

"We are going to have to go through the code and adapt some of it and reject some of it," Campbell said. "For example, if you bought some lumber you couldn't stack it without violating the code. You couldn't have anything around your house. One of the privileges left in a little town is being able to avoid getting into a lot of

red tape like the larger cities have. The code presented to the council for passage contained a whole bunch of stuff the people couldn't live with."

The mayor said he was sure there were some things in the code which the city needed, but a revised code would have to be submitted before the council would act on it.

Without a fire code firemen complain they are handicapped in their fire prevention efforts in the city. Until a code is accepted as a city law, firemen must continue to scout and pre-plan fire hazards and hope to avoid a repeat of a 1914 fire which destroyed an entire city block.

Any resident or business wishing for a fire inspection may contact Warren, Sheriff Alton Marshall or any member of the fire department. They will inspect your buildings free of charge and make safety recommendations.

**HOT SPOTS** -- Clay Jameson and Sonny Russell drag out smoldering wood to expose hidden flames for the fire department. The brick wall of Billy's Grocery became so hot it melted and set ablaze cups inside the stock room. (Photo by Leon Watson)

**FINAL WORK** -- Firemen wash down the last embers showing in the tool shed which was destroyed by fire. The fire destroyed two automobiles. (Photo by Leon Watson)

## Motley Co. Honor Roll For Second Six Weeks

Calvin McCauley, Shannon Vinson, Selma Aguilar, Koree Campbell, Shawna Campbell, Dena Renfro.

**6TH. GRADE:** Cody Christian, Darryl Perryman, Richard Potts, Kimberly Hand, Kim Phillips, Esther Zarate.

**7TH. GRADE:** Chad Stephens, Tracey Jackson, Kimberly Moore.

**8TH. GRADE:** Thomas Garst, Cris Gwinn, Wade Vandiver, Carla Christian, Holly Hobbs, Renee Renfro, Melea Taylor, Yolanda Zarate.

**9TH. GRADE:** Brent Campbell, Bill Luckett, Robert Potts, John Russell, Roy Thompson, Darla Dempsey, Deanna

Durham, Traci Green, Kayla Johnson, Trina Long, Dixie Nimmo, Delynn Timmons, Alicia Zarate.

**10TH. GRADE:** Wesley Stafford, Kim Campbell, Derinda Cruse, Shelly Jackson, Carlene Luckett, Jeanette Moore, Susie Payne, Rhonda Stephens, Martina Vega.

**11TH. GRADE:** Charles Cammack, Dwight Campbell, Kenny Holt, Angie Green, Brenda Hurt, Cindy Johnson, Linda Palmer, Kelli Taylor, Lydia Vega, Bunni Zabielski.

**12TH. GRADE:** Jeff Braselton, Dennis Gwinn, Randy Hunter,

Bezell Moore, Bill Palmer, James Stephens, Pam Francis, Kay Phillips.

## Carols to be Sung By Community Group

A good ole time Christmas Carroling will be held this next Monday night, Dec. 17 for all students, parents and other interested citizens of the community. The community activity is sponsored jointly by the Motley County P.T.A. and the Matador Lions Club.

Everyone is asked to meet at the school at 7:00 p.m. and transportation will be furnished by the Lions Club.

Refreshments will be served by the P.T.A. in the school cafeteria following the carroling.

This will take the place of the monthly P.T.A. meeting for December.

## SANTA CLAUSE TO VISIT SCHOOL

Santa Clause will visit at the Motley County School on Friday, December 14 at 2:00 p.m. Parents are reminded to bring their children for the visit.

## Patton Springs To Have Christmas Lighting

By Sarah Houston Reporter

The Patton Springs Young Homemakers are inviting everyone to a community Christmas tree lighting, Wednesday the 19th, at 6:30 p.m. at the homemaking cottage.

Everyone is invited. Santa will be there to talk to the children and pass out candy.

The Patton Springs FHA will also be there to help out with the Christmas carols. So be sure and come and see Santa Clause.

## Christmas Lights Contest Announced

Christmas lighting on residences and businesses will be judged next week by members of the Matador Lions club, with first place plaques to be presented in both divisions.

The Lions Club will announce the winners in the Matador Tribune and

the winners will be invited to a Lions meeting for lunch and to be presented the plaques.

The lighting contest is open to any business and resident within the city limits. Those interested in participating are asked to have their lights up before next week.

**HIGHER VOLTAGE** -- Electrical crews from P and B Construction in Childress spent more than a week in Matador changing downtown voltage lines from 23 to more than 70 to accommodate the new housing to be built northeast of the Motley County Courthouse. The new apartments are scheduled to be built in 1980, and will house average income residents. On the crew were the boss John Stedman, Butch Titsworth, Gene Richardson, Calvin Saunders, John Cunningham and Clyde Kain.

**Christmas Pagent**

The First United Methodist Church of Matador would like to invite you to a Christmas Pagent and Candlelight Service celebrating the birth of Jesus Christ.

The pagent will be performed by the children of the church. The Apage' Sunday School Class will sponsor the pagent on December 16 at 6:00 p.m.

Refreshments will be served in the Fellowship Hall by the Young Adult and Mrs. Aaron's Sunday School class after the celebration.

**Traweek Receives Promotion**

Dr. Frank C. Traweek, son of Dr. and Mrs. Albert Traweek of Matador, was recently promoted to the rank of Colonel in the United States Army in ceremonies at Fort Gordon, in Augusta, Georgia.

Colonel Traweek, a 1956 graduate of Matador High School, completed pre-dental requirements at Texas Christian University and graduated from the University of Texas Dental Branch in 1963. He completed a two year residency in the specialty of prosthodontics at William Beaumont General Hospital in El Paso.

A Diplomate of the American Board of Prosthodontics, Colonel Traweek's military decorations include the Army Bronze Star and the Army Meritorious Service Medal. He is presently assigned to the United States Army Regional Dental Activity at Fort Gordon.

**News About Local People**

Recent visitors in the home of Mr. and Mrs. Dowell Garrison were Mrs. Ann Robinson of Dallas, Mrs. Howard Gilchrist of McDonald, N.M., and Miss Meleta Scrivner of Tatum, N.M.

Mr. and Mrs. John V. Stevens spent last week end in Irving, visiting his mother and other relatives.

Mrs. Mark Hall, accompanied by Mrs. Elgie Evans and son, Roger, visited in Slaton Sunday with Mrs. Hall's sister and husband, Mr. and Mrs. F.H. Martin. They also visited Mrs. Evan's cousin, Mrs. Ellen Hacker, and with Mr. and Mrs. Bill Scott, relatives of Mrs. Billie Self.

**Revival Continues At Assembly of God**

Revival Services are in progress at the Matador Assembly of God Church. Rev. Don Martin and the Singing Martin Family are conducting the services, which begin at 7:00 p.m. each evening through Dec. 16. T. L. Lillard invites everyone to attend.

**Roaring Springs News**

By Odessa Mullins

Mr. and Mrs. Tom Yeates attended the funeral of Paul G. Braddock of Afton, Saturday. Mr. Braddock was a long time friend of the couple.

Gary Yeates and his son, Gary Pat of Brownfield, Ricky Yeates of Midland, Scott Yeates of Lubbock were visitors of their grandparents, Mr. and Mrs. Tom Yeates, Saturday.

Mr. and Mrs. Milton Brooks and Mrs. Edith Brooks of Roaring Springs and Mrs. Ruby Whitaker of Brownfield visited Mr. and Mrs. Jess Smallwood and family in Plainview Sunday.

Mr. and Mrs. Clyde Clifton attended funeral services for his aunt at Hale Center, Wednesday.

Mr. and Mrs. Jim McCleskey visited from Friday until Sunday with their son and family, Mr. and Mrs. Herman McCleskey, Audra, Al and Gary.

Mrs. Bessie Saulcy of Hereford spent the weekend with her daughter and family, Mr. and Mrs. L.A. Mullins, and Ross Odell and attended the Memorial services for Mrs. Georgia Lee Ho-Gland.

Mr. and Mrs. J.D. Mitchell spent Thanksgiving week with Mr. and Mrs. Clyde Williams and Jamey, Mr. and Mrs. Bill Williams and Melissa of Granbury, TX. They were met there by Mr. and Mrs. Les Kingery and Janetta of Okla. City.

Mr. and Mrs. Olen Cook of Cloude visited last week with their daughter and husband Mr. and Mrs. Ted Sedgwick.

**R.S. Guild Meet**

The Roaring Springs Guild met in the home of Miss Lula Swim for their installation of officers and Pledge service. Mrs. Lillian Thacker gave the opening prayer. Miss Freda Keahey was installing officer for the following officers, President: Mrs. Clyde Clifton, Vice President: Mrs. B.L. Peacock, Secretary: Miss Lula Swim, Treasurer: Mrs. Opal Bradford, Reporter: Miss Freda Keahey.

Miss Keahey was leader of the pledge service. Refreshments were served to those mentioned and Mrs. Ruby Burt.

**R.S. Predicta Study Club Holds Meeting**

The Roaring Springs Predicta Study Club met in the Depot for their regular meeting time on Thursday night Nov. 15. Miss Kathy Burk, home economist from Light-house Electric in Floy-dada was introduced by Mrs. Tommy Wilson. Miss Burk presented an informative on making Christmas candy, cookies and snacks using your electric appliances.

Mrs. J.D. Palmer and Miss Lula Swim were hostess and those attending were the following: Mrs. James Bearden, Mrs. Dale Bumgardner, Mrs. Ossie Lee Brown, Mrs. Bob Clem, Mrs. Charles Crouch, Mrs. J.N. Fletcher, Mrs. Tommy Wilson, Mrs. Lem Miller, Mrs. L.A. Mullins, Mrs. C.W. Palmer, Mrs. B.L. Peacock, Mrs. Teddy Sedgwick, Mrs. M.S. Thacker, Miss Freda Keahey and Miss Lula Swim.

By Earlene Jameson

**Friendship Social Honors Mr. and Mrs. A.L. Lindsey**

Mr. and Mrs. A.L. Lindsey, who are moving to Canyon to make their future home, were honored with a "Happy Trails To You" party, Saturday night, December 8 at the Flomot Community Center.

Hostesses for the party were Mesdames Rex Johnson, Ray Cruise, Morris Stephens, Dan Kingston, Virgil George and A.D. Moseley.

The table was covered with a white cloth centered with a drift-wood floral arrange-

ment. A pair of ceramic cowboy boots and a paint palette with two brushes and dabs of paint were at each end of the table to complete the western motif. Refreshments of doughnuts, cookies, coffee and fruit punch were served to the many who attended.

Guests musicians, Dr. Charles Overstreet of Dougherty, Lewis Stapp and Dal Brewer of Lockney and Morris Stephens of Whiteflat added to the night of enjoyable entertainment.

**New Pastor**

The First Baptist Church of Flomot announced Wednesday night, December 12, following church services, that the Rev. Terry Wayne Jones of Welch accepted the pastoral duties and will assume his responsibilities, Wednesday, December 19. The Rev. and Mrs. Jones and daughters, Christi and Julie are welcomed to the community.

**Attend Bridal Shower**

Mr. and Mrs. Harrison George attended the bridal shower of Miss Jana Marilyn Moody of Lubbock, bride-elect of their grandson, Bee Barrett in Bovina, Wednesday afternoon, November 14.

Miss Moody is the daughter of Mrs. Lavena Moody and Arther Moody of Louisville, Kentucky and Bee Barrett is the son of Mr. and Mrs. J.B. Barrett of Bovina. The wedding ceremony will be Saturday, December 15 at 5:30 p.m. at the Trinity Baptist Church in Louisville, Kentucky.

Recent visitors of Mr.

and Mrs. Dan Kingston were the Rev. and Mrs. Bill Pritchett of Madrid, Spain, Mark Moore of Lubbock, Truett Pritchett of Claude and Mr. and Mrs. David Pepper, Barbara and D.L. of Lovington, N.M.

Mr. and Mrs. A.D. Moseley visited Mr. and Mrs. C.D. Dunn in Dimmitt, Sunday.

Mr. and Mrs. Harrison George visited recently in Marble Falls with their niece, Miss Mary Ann George and enjoyed the tourist attractions. Joining them there to visit was Mr. George's brother and family, Mr. and Mrs. Roy George and daughter, Janie of Mathis.

Friends and relatives from the area have visited Malcolm Turner, a patient in the Methodist Hospital in Lubbock, and with his family who are at his bedside.

Visiting in the home of Mr. and Mrs. Wayne Hunter and Randy are Mr. and Mrs. Ray Moss, Tawnya and Shanna of Decatur. Other recent guests were Mr. and Mrs. David Hunter and son, Ross of Midland and Carol Biebers and Joy Trachtenberg of Austin.

**Lions Roast Aggies**

In the absence of a scheduled program Tuesday of last week, Matador Lions Club members enjoyed an impromptu "Aggie Roast."

Program chairman Lion Vann Francis announced that the club would honor several members all of whom had one thing in common, and named Lions Frank Price, Sonny Russell and John Stevens. One club member observed that they all wore glasses, but Lion Francis declared that

they were all graduates of Texas A&M University. This evoked a number of Aggie jokes at the expense of the "honor group."

Lion Ronnie Vandiver announced committees for the annual Christmas party for children of the community and those in school, which the club sponsors. The party will be held at 2:00 p.m. December 14, at the school, it was announced. Santa Clause will be there to visit with the children immediately following the party.

The Greeks derived their idea for coins from the ancient Hittite method of weighing pieces of silver.

## Letters To Santa

Dear Santa,  
Hi, my name is Lacey Parks and I have a little sister named Kasey Joy. I would like a Pink Car, a baby doll and a guitar.  
My sister would like Bucky the Horse and a baby Doll.  
We hope to see you Christmas Eve and milk and cookies will be under the tree for you and the reindeer.

Love,  
Lacey and Kasey

Dear Santa,  
Please bring me a baby doll and a pair of earrings. My brother, Anthony, wants a C.B. and a truck.

I love you Santa.  
Love,  
Michelle & Anthony Watson

Dear Santa,  
Here is my Christmas list:

Barbie Star Travler Motor Home, Barbie's Dream House, Cover Girl Darci, Sun Loving Malibou Ken and Barbie, Monopoly, Pay Day, American Dream, Connect Four, Lazer Attack, Hang Man, Twister, Life, Tape Cassette Player.  
Thank You.

Melissa Mendes  
242 Purchase St.  
New Bedford, Mass. 02740

Dear Santa Claus,  
I want a 63 spinout and roller skates. I wish I could have a little puppy.

Love,  
Amy Stephens

## Couple Observe Golden Wedding Anniversary

Mr. and Mrs. Jesse M. Browning of Turkey were honored, Saturday, November 24 with an open house reception from 4:00 to 6:00 p.m. at their home in observance of their 50th wedding anniversary. Mr. Browning and the former Dona Mullins were married December 14, 1929 and have lived in Motley and Hall Counties.

Hosts for the occasion was their daughter and family, Mr. and Mrs. Ray (Tommy) Cruse of Flomot and son and family, Mr. and Mrs. E.J. Browning of Flomot.

Granddaughters, Mrs. James (Darla) Gwinn of Matador and Miss Derinda Cruse of Flomot presided at the crystal punch service. The table was laid with a white lace cloth over yellow and centered with an arrangement of spider mums, yellow carnations and greenery, flanked by yellow candles. A three tiered wedding cake, adorned with a dainty gazebo and doves with a cascade of wedding bells was served with fruit punch.

A white lace cloth over yellow covered the table with a gold coffee service which was centered with a fall flower arrangement. Presiding at these appointments were grandchildren, Miss Dell Browning and Miss Regina Cruse of Flomot. Chocolate cake, mints and nuts were served with coffee.

Mrs. Larry (Deidra) Clifton of Matador, granddaughter of the Brownings, registered the guests. Out of town guests attended from Whita, Kansas; Hobbs, N.M., Chickasha and Oklahoma City, Okla.,

Marionville, Lakeview, Gatesville, Arlington, Friona, Kellar, Mansfield, Levelland, Irving, Groom, Hereford, Loraine, Mexia, Flomot, Matador, Lubbock, Amarillo, Tulia, Silverton, Lockney, Plainview, Estelline, Quitaque and Memphis.

### Pre-Reception Luncheon

Guests in the home of Mr. and Mrs. Ray Cruse and Derinda, Saturday for a luncheon before attending the wedding anniversary were Mr. and Mrs. O.P. Browning of Chickasha, Okla., Mr. and Mrs. Marvin Brace and Mr. and Mrs. Cole Brace and children of Wichita, Kan., Mrs. Vay Kuykendall and Mrs. Vera Hardy of Oklahoma City, Mr. and Mrs. Jesse Browning and Mrs. John Lane of Turkey, Mrs. Dean Puckett of Mansfield, Mr. and Mrs. Buster Mullins of Mexia and Mrs. Delbert Smith of Gatsville and local relatives and friends.

## Letters to the Editor

Quitaque, Tex  
Dec. 8, 1979

Dear Editor:

Once again to say I appreciate your editorials with your firm dedicated loyalty to our country and all it stands for.

My love and loyalty to America is deeply embedded in my heart and we have the best country, if we do have some corrupt people in charge at times.

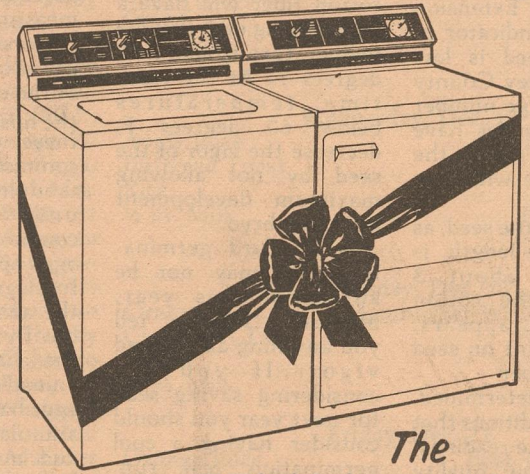

I broke my hip 9th of Oct. and had surgery. Am now able to walk again, Thank the Lord.

Keep up the good work on the Tri Lateral. The hour may be later than we think. We sure don't want communist rulers.

I want two gift subscriptions for Christmas gifts. One to Robert W. Brown and one to Carl Brown.

Thanks,  
Austella Brown

## Give A Practical Gift For CHRISTMAS....

The Frigidaire Laundry Pair

Washer offers dependable cleaning power — even lets you conserve hot water and detergent

No need to waste hot water. This Frigidaire Washer features a Water Level selector that lets you match the amount of water to the size of your washload.

Depend on Frigidaire to keep lint from settling back on your clothes with the Lint Filter which snaps in and out for easy cleaning.

New horizontal cleaning action passes clothes under the recirculating filter 8 to 14 times each cycle. The new system is equally effective for small, average or large loads.

Dryer puts big drying capacity within easy reach

For easy loading and unloading, the big oversize door opening — one of the largest in the industry — is positioned a comfortable 18 inches off the floor.

For efficient drying, without hot spots that can damage fabrics, Frigidaire gently pulls air through your clothes.

For big-family wash loads this Frigidaire dryer provides gentle fabric care for up to 18 pounds of laundry.

### Low Mike Cotton Can Mean Low Seed Quality

Cotton producers in Motley County who are considering saving cotton seed for planting next spring, should consider having their seed tested for vigor, reports Jerry L. Cummins, County Extension Agent. One indicator of low vigor seed is low mike. In Motley County this year a large number of cotton samples have come back from the classing office with low mike readings.

The size of the seed, as well as staple length, is determined about 3 weeks after the cotton bloom first appears. From that point on seed quality and fiber strength is determined. The same conditions that cause low mike readings, also cause low quality seed.

There are two major factors which determine the mike readings. These are genetics and temperatures. Different varieties have different genetic capabilities as far as producing low or high mike cotton. Therefore selection of the proper varieties is important to the mike and seed quality. Temperature plays a major role any time it falls below 60

degrees F. Temperatures below 60 degrees F stop the production of cellulose (sugar) rings inside the fiber. The thickness of the cellulose rings is what determines the mike readings. The cotton fiber will have a distinct ring each day the temperature is above 60 degrees F. At the same time, temperatures below 60 degrees F, decrease the vigor of the seed by not allowing maximum development of the embryo.

A standard germination test may not be sufficient this year, because it will not tell you anything about seed vigor. If you are considering saving seed for next year you should consider having a cool germination test run. The cool germination test is based on the fact that cotton seed subjected to cool temperature for a period of time will cause decreased germination and growth rate of weak, low vigor seed. Therefore the cool test will give a good indication of seed vigor.

The addresses of the seed testing laboratories are available at the County Extension Agent's office.

## Dangerous Bot Insect Attacks Horses

The horse bot is an important insect parasite that attacks horses in Texas and now is an excellent time for control measures.

Horse bots are the larval or immature stage of the common bot fly or the nose bot fly. In Texas, these two species are commonly encountered as adults from late spring until late fall. The common bot fly deposits eggs primarily on the forelegs and shoulders of the animal and the nose bot fly deposits eggs on the hairs around the animal's lips. The bot eggs hatch when they are stimulated by warmth and moisture from the horse's mouth.

After hatching, the bots crawl into the horse's mouth or are licked off the body, where they burrow into the tissues of the mouth. They remain in the mouth for 3 to 6 weeks, after which they pass into the horse's stomach or intestine where they attach. In 10 to 11 months, the bots have completed development and are passed out of the

horse. The bots burrow into the ground, transform into adults, and emerge in 2 weeks to 2 months. The adult flies seldom lives longer than 2 weeks, but females can deposit 160 to 500 eggs in this short time.

Horses that are irritated by the flies will bob their heads as they walk, or occasionally break into a run, attempting to flee the flies. The horses are unable to graze while fighting the flies and after several days may lose weight and suffer from lack of proper nourishment.

Newly hatched bots that burrow into the mouth tissues cause severe irritation and itching. To relieve this pain, the horse may rub it's lips on the ground or a fence, which can lead to injury.

After the bots have left the mouth and moved to the stomach or small intestine, their attachment may cause inflammation which interferes with digestion or food passage. The degree of damage caused is

proportional to the number of bots present. On occasion, perforations in the stomach wall caused by bots have resulted in fatal peritonitis.

During the winter, no eggs are being laid because the adult flies are dead, but the bots are present in the stomach. Virtually every horse is infected with bots this time of year, but there is no way to diagnose the presence of the parasites in the stomach.

It has been traditional to administer control

measures one month after the first killing frost. Dr. Ed Murray, at Spur says that a single treatment is usually adequate, although colts and horses of extreme value such as race horses, may benefit better from several treatments a year. Trichlorfon and dichlorvos are recommended for bot control but the label should be carefully followed concerning dosage and frequency of application.

For more information, contact your veterinarian or the Extension office in Matador.

#### SPANISH CREAM

- 2 envelopes unflavored gelatine
- 1 quart milk
- 3 eggs, separated
- Dash salt
- 1/2 cup sugar
- 1 tablespoon McCormick/Schilling Imitation Vanilla Extract

Dissolve gelatine in 1/2 cup of the milk. Beat egg yolks, salt and 1/4 cup of the sugar and stir into remaining milk. Heat mixture until it comes almost to a boil. Add softened gelatine and stir until dissolved. Remove from heat; add vanilla. Cool. Beat egg whites until foamy. Continue beating, slowly adding remaining sugar. Fold into milk mixture. Pour into 2-quart mold and refrigerate until set. Remove from mold. This will have separated into two layers. Garnish with orange slices, tangerine slices, sliced peaches, raspberries or blueberries.

#### DOUBLE STRAWBERRY CAKE

- 1 package (2-layer size) white cake mix or pudding-included cake mix
- 2 packages (3 oz. each) or 1 package (6 oz.) Jell-O strawberry flavor gelatin

- 1-1/2 cups boiling water
- 1 package (10 oz.) frozen quick thaw strawberries, partially thawed
- 1 container (8 oz.) frozen whipped topping, thawed

Prepare cake mix as directed on package, adding 3-1/2 tablespoons of the gelatin to the mix before beating; bake in two 9-inch layer pans. Cool cakes in pans 10 minutes; then remove from pans and finish cooling on cake racks.

Dissolve remaining gelatin in boiling water. Measure 2/3 cup; set aside. Chill remaining gelatin until slightly thickened. Add strawberries with syrup to measured gelatin, and stir gently until fruit thaws and separates. Let stand at room temperature to thicken. Blend thickened gelatin into 1 cup of the whipped topping; spread between cake layers. Frost sides of cake with remaining whipped topping, spooning or piping a decorative border around edge of top layer. Spread gelatin-strawberry mixture on top layer, inside the border. Chill until glaze is set, at least 2 hours.

In high altitude areas, for either cake mix, increase egg whites to 3 and water to 1-1/2 cups; add 2/3 cup all-purpose flour; bake at 375° for 30 minutes.

### Western Texas College Offers Academic Courses

The extension center for Western Texas College of Snyder, located in Crosbyton, is here to serve all the surrounding area. It offers academic courses for college credit, vocational-education courses for upgrading present career skills, and continuing service courses which are taken for personal improvement.

It is in the process of trying to gather representatives from the surrounding area. It is vital that anyone interested in any of the above mentioned courses attend this area meeting in Crosbyton. This will be an open meeting. We are anxious to have a brain storming session on improving enrollment and course offerings. Enrollment must improve in order for Western Texas College to continue to serve this

area. Anyone interested in college, vocational, and or continuing education courses should attend this meeting. These courses are brought to our area at a minimal cost to serve us.

The meeting will be held at the Crosbyton School Lunchroom at 7:30 p.m. on Monday, December 17, 1979.

Contact Chet Dye, Community Education Coordinator, for any further information. 806-675-2618.

#### Western Texas College Tentative Schedule Spring 1980

- Anthropology--Wed.
- Biology--Wed. & Thurs.
- History--Tues.
- Math--Thurs.
- Philosophy Ethics--Wed.
- General Psychology--Thurs.
- Personnel Management--Monday
- Internship--TBA

### Prevent Holiday Fires

Prevent holiday fires with simple safety steps, cautions Claudia Kerbel. Ms. Kerbel is a consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Here are the safety steps to remember:

- 1) Keep the Christmas tree away from fireplaces, radiators and heaters. Place it in a water stand and water it daily. Dispose of the tree when needles begin to fall off in large quantities--a sign it is dangerously dry.
- 2) Use only flameproof decorations.
- 3) Don't set up electric trains--or similar equipment--near the tree.
- 4) Check labels before buying outdoor lights--to make sure they're weatherproof.
- 5) Check tree lights and outdoor lights each year before using. Look for frayed wires, loose connections, broken or cracked sockets and spots where bare wire is exposed. Repair them or

throw them away. Be sure all lights have been tested for safety and have a "UL" Underwriters Laboratory seal.

6) Place the tree so its lights turn on and off with a switch located away from the tree.

7) Don't leave tree lights burning while away from home -- or after going to bed.

8) Don't overload electrical outlets. Don't put more than three sets of lights on any extension cord.

Also, keep connections away from the water supply of a live tree.

9) In decorating, use a balanced ladder--never a box, bench or chair.

10) Never use wax candles on a tree, near it or near other flammable items, such as pine boughs.

11) Teach children the importance of these safety steps. Make an emergency plan to use if fire breaks out anywhere in the house. Be sure each family member knows what to do.

### Services Held For Grady Purcell

Funeral services for Grady L. Purcell, 68, of Quitaque were held, at 3:00 p.m., Tuesday, December 4 in First Baptist Church in Quitaque with the Rev. Frank Robinson, former pastor, now of League City, officiating.

Burial was in the Flomot Memorial Cemetery in Flomot under the direction of the Quitaque Funeral Home.

Purcell died Sunday evening at Health Sciences Center Hospital in Lubbock after a short illness.

The Motley County

native had lived in Briscoe County all of his life and was a member of Fairmont Baptist Church. He was a gin operator.

Purcell married Leona Mosely on Nov. 16, 1935.

Survivors include his wife, four sons, Howard and Weldon, both of Quitaque, Dean of Morton and David of Palestine, a daughter, Arlene Hinkle of Pensacola, Fla., four brothers, Cecil of Flomot, Otis of Albuquerque, N.M., Virgil of San Antonio and Dean of Dumas and 12 grandchildren.

### Ralph G. Cooper Rites Held Monday

Funeral services for Ralph G. Cooper were conducted on Monday, December 10, at 2:00 p.m. in the First United Methodist Church in Roaring Springs. Rev. Kenny Kirk, Pastor officiated. Burial was in the Roaring Springs Cemetery under the direction of Seigler Funeral Home.

Mr. Cooper, age 76, passed away on Saturday, December 8, after a lengthy illness. A native of Motley County, Mr. Cooper was born on October 17, 1903 to the late Mr. and Mrs. Jesse Willis Cooper. He had lived nearly all of his life in Motley County, except for a few years when he

lived in Clayton, N.M. and in Uvalde, Texas. He was a retired rancher.

Mr. Cooper was a member of the First United Methodist Church of Roaring Springs.

Mr. Cooper is survived by 3 brothers; Polk of Roaring Springs, Willis of Lubbock, and Joseph A. (Gus) of Albuquerque, N.M. Two sisters; Mrs. Orville (Fay) Doak of Portales, N.M. and Mrs. Carl (Frances) Nevenheim of Anchorage, Alaska.

Pallbearers were Dean McInroe, Jack Davis, Mike Hoyle, Buck Marshall, Frazier Watson and Buzz Thacker.

### Funeral Services Held For Mrs. Georgia Lee Ho-Gland

Funeral services for Mrs. Georgia Lee Ho-Gland, 75, were conducted on Saturday, December 8, 1979, at 2:00 p.m. at the Roaring Springs Church of Christ. Officiating was Cline Paden, of the Sunset Church of Christ in Lubbock, and Billy Joe Whitaker, minister of the Roaring Springs Church of Christ. Burial was in the Roaring Springs Cemetery under the direction of Seigler Funeral Home of Matador.

Mrs. Ho-Gland passed away on Thursday, December 6, after a lengthy illness, in the Northwest Texas Hospital in Amarillo.

A native of Acme, Hardeman County, Texas, she was born on October 20, 1904 to the late Mr. and Mrs. George Washington Chaney. She married John Wesley

Ho-Gland on August 26, 1919 in Roaring Springs and had lived there ever since. She was a member of the Roaring Springs Church of Christ. Mr. Ho-Gland passed away on March 6, 1966.

Mrs. Ho-Gland is survived by 3 sons; John Wesley of Bacliff, Bill Jr. of Amarillo, George W. of Roaring Springs. Three daughters; Mrs. J.L. (Ona) Bell of Hereford, Mrs. Houston (Onie) Bell of Plainview, and Mrs. Joe (Marie) Bridges of Amarillo. Two brothers; Leolan Chaney of Lafayette, Colorado and Calvin Chaney of Otis Orchards, Washington. Two sisters; Mrs. Lena Cook of Matador and Mrs. Lona Gerbig of Lubbock. Twenty-one grandchildren and 31 great-grandchildren. Grandsons served as Pallbearers.

'Tis the season to gather 'round the punch bowl and raise a glass of good cheer. For an eye-catching centerpiece that looks good enough to drink, serve Sparkling Strawberry Daiquiri Punch at your holiday gatherings. Welch's Sparkling Strawberry Soda gives this festive recipe a fruity punch. Surround the punch bowl with a wreath of holly or greens for a delicious holiday decoration. Merry makers of all ages will love the fresh strawberry taste of this sparkling holiday punch.

#### SPARKLING STRAWBERRY DAIQUIRI PUNCH

Makes 20 (¼ cup) servings

- Strawberries
- 1 lime, thinly sliced
- 2 6-ounce cans frozen daiquiri mix, thawed
- 6 12-ounce cans Welch's Sparkling Strawberry Soda, chilled
- ¼ cup light rum (optional)

Make a fruited ice ring by freezing strawberries and lime slices in strawberry soda in ring mold. When ready to serve, place ice ring or ice cubes in chilled punch bowl. Pour over undiluted daiquiri mix, soda and rum.

- #### APPLE CRISP
- 4 medium apples, peeled, cored and sliced (4 cups)
  - 1 package (4-serving size) butterscotch flavor pudding and pie filling
  - ¼ cup butter or margarine
  - 1/2 teaspoon cinnamon
  - 1-1/2 cups 40% bran flakes

Combine apple slices and half the pudding mix in greased shallow baking dish. Cream butter with remaining pudding mix and cinnamon; add cereal. Sprinkle over apple mixture. Cover and bake at 375° for 30 minutes, or until apples are tender. Serve warm or chilled. Makes 8 servings.

## FUELED UP FOR FITNESS

### CONVENIENT CHICKEN A BASIC BARGAIN

If you lead an active life, you may become a meal skipper or find yourself headed for the convenience food aisle in your supermarket. Great timesavers, convenience foods are ready to serve with minimal work. In terms of nutritional quality, you may need to add some vegetables, fruit or a salad. Learn to read labels carefully. If you are trying to cut down on your intake of saturated fat, avoid breaded entrees or those in gravies and cream sauces.

If you spend lots of time working out, put convenience to work for you by developing a file of adaptable, easy recipes for foods which will keep you fit. Chicken and Rice is a good example of a basic dish, which, like a basic wardrobe, can be dressed up or down, depending on the occasion. Less than an hour to prepare, it is ideal for unexpected company since you are likely to have most of the ingredients on hand. A glass of wine, a spinach salad and a cheese-fruit board are the elegant touches your guests will appreciate. Bread or rolls could be served with family-style meals.

Chicken, a good buy from both the nutritional and economic standpoints, is the low-fat focus of this meal-in-one dish. Fleischmann's Corn Oil Margarine and spices add flavor, without saturated fat. At only 500 calories a serving, you will find Chicken and Rice a basically satisfying and nu-

tritious dish, fitting your active schedule.

#### CHICKEN AND RICE

- 2 tablespoons Fleischmann's Margarine
- 2 tablespoons vegetable oil
- 3 pounds chicken parts
- 1 can (1 lb. 3 oz.) tomatoes, chopped
- 1 cup chicken broth
- 1 cup sliced onion
- 1/4 cup chopped parsley
- 2 teaspoons salt
- 1/4 teaspoon pepper
- 1 medium bay leaf
- 1 medium clove garlic, minced

Heat margarine and oil in Dutch oven or large heavy saucepan. Add chicken and brown well. Add tomatoes, chicken broth, onion, parsley, salt, pepper, bay leaf and garlic. Cover and cook over low heat 25 minutes. Add rice and cook 10 minutes; stir occasionally. Add peas and cook 10 minutes longer, or until done and all liquid is absorbed. Makes 6 servings. Contains about 500 calories per serving.

**FOR A SMALL MONTHLY CHARGE, SHE COULD'VE ANSWERED IT BY THE DRYER.**

Every time Barbara Phillips' phone rings, it's long distance—the distance from her to her phone, that is.

If you spend a lot of time running to the phone, maybe you're in the running for an extension phone. For much less than you'd expect, you can start reaching for your

phone. Whether you're stuck in the laundry room, glued to the TV or deep in sleep.

What's more, you know you've got a phone that's as reliable as the phone company. So the next time you run to the phone, call your General Telephone business office. And make it the last time.

**ASCS News**

By Emilio Aguilair

**County Committee Election Results**

On December 5, 1979 the Motley County ASC Committee tabulated the ballots for the ASC Committee Election. The results are as follows: Franklin Jameson was elected to serve a three year term; Larry Bynum was elected First Alternate and Larry Pierce was elected Second Alternate for one year terms. The elected committeeman and alternates will assume their duties January 1, 1980.

On December 13, 1979, the County Committeemen will meet to organize the 1980 Committee.

Mr. Edgar Lee will be leaving the County Committee after serving 9 consecutive years as your County Committeeman. Mr. Lee has been an outstanding Committeeman and has done an excellent job working with this office and working for the betterment of the county and the farmers in many ways. WE ALL WILL MISS HIM. On behalf of the County Committee, office staff and farmers, our sincere thanks and appreciation to Edgar for a fine job he performed in representing ASCS and the farmers in Motley County. We will certainly miss him, however we are looking forward to working with Franklin Jameson and welcome him to the Committee.

**1980 Feed Grain Program**

Provisions of the 1980 Feed Grain Program have been announced by the Secretary of Agriculture and are as follows:

1. There will be no set-aside or diversion requirements.

2. All producers of corn, sorghum, and barley will be eligible for target price protection and price support loans.

3. The 1980 feed grain loan levels will be at least as high as those in effect in 1979: \$2.00 per bushel for corn; \$1.90 per bushel for sorghum; \$1.63 per bushel for barley; \$1.03 per bushel for oats; and \$1.70 per bushel for rye.

4. Target prices are estimated at: \$2.08 for corn; \$2.46 for sorghum;

and \$2.35 for barley. 5. Current law does not provide for disaster payments for the 1980 crop of feed grain.

**Emergency Feed Program**

The Emergency Feed Program is available at all times to livestock owners who meet all program requirements. In the case of drought, the County Committee is authorized to implement the program only after it makes a determination that an emergency condition exists and the State Committee concurs in such determination.

**1979 Cotton Production**

A cotton production reporting card has been mailed to all producers with cotton for harvest. The production reports are required for low yield payment determination and for future program benefits and farm yields.

Accuracy is a must. We will be required to spot check the reports. An incorrect report could result in loss of program benefits that might otherwise be earned.

**Agricultural Conservation Program**

We have received a portion of our 1980 funds and have already obligated most of it. The ACP has been designed to assist farmers in solving conservation problems. A practice that has been started prior to approval by the COC is not eligible for cost-sharing.

**Facility Loans**

Producers who need more storage for their crops should contact the county ASCS office. The present interest rate is 10 1/2 percent. The amount of any loan shall not exceed \$50,000 or 85 percent of the net cost of needed storage structure.

**Holiday**

This office will be closed December 25, 1979 in observance of Christmas. Merry Christmas and a Happy and Prosperous New Year to all.

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, creed, color, sex, religion, or National origin.

**Social Security Tips**

By Virginia DeWitt  
Social Security Representative

**QUESTION:** I've heard that it would be to my advantage if my doctor accepts assignment of the Medicare medical insurance payments. What difference does it make whether he gets the Medicare reasonable charge payment or I do.

**ANSWER:** When doctors (or suppliers) accept the assignment method of payment they also must accept the Medicare reasonable

charge as their total charge. They can bill you only for 20 percent of the reasonable charge (plus any part of the deductible you haven't met). If you file the claim for payments, the doctor (or supplier) can bill you for his or her actual charge, even if it is more than the Medicare reasonable charge.

For further information please contact the Social Security Office, 1401-B West 5th Street, Plainview, telephone 293-4371.

**Agricultural Briefs**

**EARLY CROP FERTILIZATION CAN PAY--** Texas farmers might be able to save some money as well as get a jump on the 1980 crop year by fertilizing cropland early, says a soil chemist with the Texas Agricultural Extension Service, Texas A&M University System. The possibility of shorter fertilizer supplies and much higher costs next spring should provide some incentive for farmers to put out fertilizer early. With higher fertilizer prices expected, farmers should make good use of soil tests and other available agronomic information.

**IMPORTANCE OF QUALITY HAY--**High quality hay or winter grasses can go a long way in keeping cattle herds at or above a maintenance level during the winter season, notes a beef cattle specialist with the Texas Agricultural Extension Service, Texas A&M University System. Grasses or hay with a crude protein content of 6 to 7 percent are adequate for maintaining cattle condition. But if the protein content is less, supplemental feed will be needed for all classes of cattle. Cows nursing calves and growing cattle need 10 to 12 percent protein in their feed.

**PORK PLENTIFUL, PROFITS DOWN--** Pork should be plentiful and therefore should

continue to be a good buy for consumers for the remainder of 1979 and the first half of 1980. However, pork producers are losing money due to record hog supplies, says a livestock marketing specialist with the Texas Agricultural Extension Service, Texas A&M University System. Through September 1979, hog slaughter has been estimated at 13 percent above a year ago. And there are no indications that producers intend to significantly reduce inventories.

**LIGHTING HELPS HORSE'S HAIR--**A light bulb can do wonders for a horse's hair coat, points out a horse specialist with the Texas Agricultural Extension Service, Texas A&M University System. As daylength decreases during fall and winter, a horse's hair will grow longer. To get a horse's hair coat short and in shape for the stock show circuit, use a light bulb and an automatic timer so that the animal is exposed to 16 hours of light a day. A 200-watt bulb about 10 feet over the horse's stall will do the job.

**COOPERATIVE INTEGRATION AND FAMILY FARMS--**A major challenge to cooperatives in the 1980s is to develop an integrated cooperative grain and livestock marketing

**SSA Forms Effect Employers**

Employers should file Copy A of Form W-2, "Wage and Tax Statement," furnished to their employees with the Social Security Administration (SSA) and not with the Internal Revenue Service. Texas employers should send these copies of the wage statements by first class mail to Social Security Administration, Albuquerque Data Operations Center, Albuquerque, NM 87180.

Form W-3 should accompany all mailings of Form W-2 to the SSA. Both Forms W-2 and W-3 are available from local IRS offices and should be filed by February 29, 1980 for wages paid in 1979.

If an employer's payroll includes several individual business establishments, the copies of Form W-2 should be grouped separately for each establishment. Each

group should then be sent to the SSA with its own Form W-3.

An employer may use several packages if the number of forms to be mailed is unwieldy. The number of packages being sent should be written below the title on Form W-3 and placed in the first package. The employer's name should be put on each package which should also be numbered in order.

Employers who wish to learn more about Federal employment tax responsibilities can attend Small Business Tax Workshops co-sponsored by IRS and area colleges. Call IRA toll-free for further information about the Small Business Tax Workshops.

**Screening Clinic To Be Held December 17**

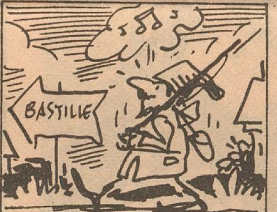

The Texas Department of health will hold a Multiphasic Screening Clinic at the Motley County Courthouse in Matador on December 17th. The time for the clinic will be from 10:00 a.m. to 4:00 p.m.

Preventive health services available to adults will include: blood pressure check, vision and hearing check, diabetes screening, blood test, Pap test, and others. All screening services will be given without charge.

system that assures family farm survival into the next decade. Future cooperative involvement in grain and livestock marketing will be affected by increased producer and U.S. dependence on grain exports, fewer and larger grain traders, a tighter world grain supply-demand balance, and an integrated livestock industry, says an economist with the Texas Agricultural Extension Service, Texas A&M University System.

**ACCIDENT CONTROL--**If small children will be visiting during the holiday season, give your home a once-over for hazards that could threaten them, advises the Texas Agricultural Extension Service, Texas A&M University System. Make sure toxic products, sharp objects and similar materials are safely out of reach.

Although Irving Berlin wrote "God Bless America" during World War I, he waited until 1938 to have it published.

"La Marseillaise," the French national anthem, was written during the French Revolution in response to a remark that French soldiers had no spirited marching song.

Individuals under age 18 must be accompanied by a parent or guardian.

**Harvest Hotline**

Barry Love reports

**Central High Plains Results**

Again this year Pioneer® brand seeds are delivering outstanding yields in field after field. But we know it takes more than one year's performance to tell the whole story. Look at these results, then ask your Pioneer dealer to show you records from several years. You'll see for yourself why Pioneer brand seeds have become famous for their consistency.

**PIONEER 3311**

In 48 comparisons across the Central High Plains during 1979, this outstanding corn hybrid averaged 10,821 lbs./A. to show a yield advantage of 495 lbs./A. over competitive hybrids. 3311 has shown excellent drought tolerance. It adjusts kernel depth to match growing conditions. And stalks and roots provide very good standability, too. With a proven record of top performance in this area, 3311 is sure to be a top choice for 1980.

**PIONEER 3184**

Farmers rate this as one of the most desirable hybrids for Central Plains conditions. And this year's performance proves why. In 47 comparisons in this area, 3184 averaged 10,390 lbs./A. Recognized as one of the most consistent and dependable yielders in the area, 3184 has strong stalks and roots that contribute to its performance ability. Again next year, make sure 3184 is part of your corn growing plans.

**PIONEER 3183**

This corn hybrid is relatively new to many area farmers, but it's a well-established favorite of many across the U.S. In 43 tests on the Central High Plains, the reasons for its popularity were dramatically shown. 3183 averaged 257 lbs./A. more than competitive hybrids with an average yield of 10,759 lbs./A. Excellent drought tolerance and very good seedling vigor with strong tolerance to head smut and MDMV make 3183 a good hybrid for this area.

**IT'S THE LAW!**

Did you know that a woman cannot be disqualified for a loan because she is pregnant? That public assistance benefits are considered income and cannot be discounted when applying for a loan?

Did you know that elderly people cannot be denied a loan simply because of age? Or that a creditor cannot require reapplication or terminate an account because of a change in the applicant's marital status or retirement?

Did you know that if you are turned down for credit you have the right to know why?

CUMIS Insurance Society, Inc., thought you should know the facts. You as a consumer do have rights. Consumer legislation is designed to help, but, unfortunately, many people do not know or cannot keep up with all the regulations.

As the world's leading provider of credit union bond insurance, CUMIS is doing something about it. It has been conducting consumer legislation seminars designed to keep credit union personnel abreast of the latest legislative changes. This way, consumers can be assured of their rights when they come to a credit union. Last year over 1,000 attended the sessions. This year even more attended as the seminars moved to such places as New York City and Minneapolis, Minnesota. Know the facts before you sign. The headache you save may be your own!

To accelerate the baking of a potato, first boil it for about ten minutes.

**Keeping The FAITH MY RELIGION**

"I cannot imagine myself without religion. I could as easily fancy a living body without a heart. To one who is deaf and blind, the spiritual world offers no difficulty."

This statement by Helen Keller, a legend in her own time, occurs in her fascinating book *My Religion*. Overcoming severe handicaps which would drive most of us into despair, Miss Keller chose to live and to devote her life to the service of others, always stirring our sense of the heroic.

But how and where did this remarkable woman find such undaunted courage and perseverance? What gave her the inner resources of faith to transcend a world of silent darkness?

Her access to the spiritual world came from reading the works of Emanuel Swedenborg, 18th century scientist, theologian, and philosopher. The knowledge gained from her discovery of the unseen world, to which so many are blind, enabled her to provide leadership and encouragement to countless thousands. Of Swedenborg, she wrote: "It was as if light came where there had been no light before; the intangible world became a shining certainty."

With poetic beauty and deep understanding, Helen Keller describes in *My Religion* the spiritual odyssey that brought her to a faith unhampered by narrow sectarianism. It is a powerful and inspiring legacy from one of the century's greatest personalities.

Copies of *My Religion*, clothbound and in large print, which the Rev. Norman Vincent Peale called "a rich blessing," may be obtained by sending \$5.50 (postpaid) to: Swedenborg Foundation, Dept. PMR, 139 East 23rd St., New York, N.Y. 10010.

"He who has health has hope and he who has hope has everything."  
Proverb

"Common sense is genius in homespun."  
Alfred North Whitehead

Hang handbags and belts from large shower curtain hooks on closet rods.

**THERE'S A LOT TO CONSIDER...**

in choosing a source of agricultural credit.

**Rolling Plains Production Credit:**

- Understands agriculture, your needs and your problems.
- Provides a line of credit adapted to fit your operation.
- Has adequate loan funds from the nation's money markets.
- Is currently making loans from \$20 to \$2 million to qualified borrowers.
- Has capital structure to finance any size operation.
- Treats every operator with the same sincere courtesy.
- Has been pacesetter for agricultural credit for more than 45 years.
- Is owned 100 percent by its farmer-rancher borrowers.
- Uses all profits in building financial strength and lowering your interest cost.
