North County Well Has Report Of Oil Showing

REPORT in Thursday's Lubbock Avalanche that a Motley well had logged a showing of oil created a mild furor until a later paper (October 22) reported that dead oil had been found. The well is being drilled by the Operating Company of Abilene, and the location is No. 10, one mile south of the Hall county line and 18 miles due north of Matador.

The first report said: "Two-hour drillstem test at the Motley well investigated an interval from 4,426-51 feet. Recovery was 720 feet of oil-cut mud and 30 feet of filtrate. Operator was preparing to take another test at total depth of 4,712 feet. There are no production or dry holes near the venture. Exact location is 660 feet from north and 1,980 feet from west lines of Section 95, Block 3, T&P survey."

The second newspaper article, said in part: "First test had tool open two hours to recover 720 feet of dead oil and 30 feet of mud. There was no water. "Flowing pressure gauged 70.375 pounds, with a 30-minute shut-in pressure of 1,965 pounds. "Second test from 4,704 to 4,712 feet recovered 2,140 feet of salt water in two hours. No pressure were given. "Operator used a straddle packer test from 4,627-41 feet. Two hour investigation at the interval found 2,300 feet of salt water. Flowing pressure was 465.1,390 pounds, with no shut-in pressure reported. Operator was drilling ahead at 4,443 feet in Canyon Reef formation."

The Republicans drill too many holes in the old Ship of fools they are going to discover not in dry dock.

International friendship is not a personal friendship. If it is bought it is worthless.

Light snow clung to his old slicker and melted in little puddles on his horse's withers as Slim cowboy rode away. He looked back as he vanished the smoke of a campfire in the storm. For a time I could see the plodding of hoofs beat the sod and the chime of the bell as the gentle mingling of falling snow. I close the wire gate and rubbed the snow from my hands, accepting the sentiment that our paths did not cross again. His was the heart of a vagabond and the life of his life were running.

Riding often through the areas of poverty, his life had been rich and full, with a share in an honest portion of the land and fear. He would not be led if the trail went straight through the uncertain waters of life. The silence paused for a sound of a horse's whinnying as an echo out of the wintry

is the substance of human behavior. It alone brings the peace to the troubled by indecision; it can quench doubt.

Some interesting discussion is made public regarding the advantages of courtship in a marriage. The vehicle served its purpose, like the wagon cart, but it is doubtful if it stamped it with his approval. In fact transportation is essential to a love affair especially in an emergency measure to escape a climate of privacy.

Automobile with its latitude of distance, warmth and music made courtship so easy that challenge remains.

County Talent Revealed in Presenting Programs

According to population, Motley County probably has more talent per square mile than any other county in Texas. Its size, if home-talent programs can be considered a criterion, is being revealed in the recent programs at Roaring Springs and Matador bear out the opinion, which is Flomot, Northfield, and other communities in the county also have outstanding reputations in the entertainment field.

Roaring Springs Exes Saturday staged a unique program for the community. The program featured a variety show which was presented by the Harmonians, a quartet by the Harmonians, selected music by The Hep Cats, Chorus Line directed by Joanne Darsey with Frank Traweck, accompanist; A Hawaiian Scene, companionist; High School Choir members of the Joanne Darsey with Sue McCaghen accompanying, and Finale by entire cast.

Matadors Clip Eagles For Second Conference

By Johnny Bert Ezzell

Co-captain Richard Hamilton scored four touchdowns Friday night to lead the Matador Matadors in 40-15 decision over the Lakeview Eagles here on Burleson Field. It was the Matadors' fourth straight win and their second conference victory. Hamilton scored runs of 37, 22, 14 and 40 yards.

Matador defense held the visitors scoreless until the third quarter. Garland Cartwright and Clay Jameson were outstanding on the Matadors' defense.

Matador opened the scoring on the second play of the game when Fullback Arvin Ellithorp rambled 73 yards for the longest run of the game and the first touchdown. Pat Green converted.

Hamilton then ran 37 yards for the second score after the Matadors had recovered an Eagle fumble. Garland Cartwright set up the next score when he intercepted a pass and returned it inside the Lakeview 20-yard line. Ellithorp made the score with Green converting.

Matador's fourth score was on a 22-yard run by Hamilton. Green kicked his third of four conversions during the game. Hamilton went 15 yards for his third TD in the second quarter.

Matador's final score came in the third quarter on a 40-yard romp by Hamilton. Russell Sams went 20 yards for the Eagles first score in the game. Lakeview scored a safety when Leon Hughes, in attempting to punt, was tackled behind his own goal line. Ronnie Bailey ran 20 yards for the Eagles final score. He also ran the extra point.

1,000 Prizes In Lions Carnival

Approximately 1,000 prizes have been ordered for the Lions and Scouts carnival to be held here Saturday, November 4th. Freddie Welling, general manager of the carnival said yesterday that the order of prize material had been shipped.

Approximately 22 booths will be in operation, beginning at 1 p. m. and open until about 11 p. m. The attractions along the midway will include pop and coffee stand, hot dogs, candied apples, shooting gallery, fortune telling and two performances of Magician Tom Tilson's show (3 p. m. and 8 p. m.). The carnival will be held on the Jackson Estate property, back of Stanley Pharmacy and on the vacant lots east of the City Barber Shop.

One feature of free entertainment will be continuous music by the Hep Cats, Matador's youth orchestra. Prizes will be given in most of the games. Approximately 40 members of the Matador Boy Scout Troop 60 will help Lions operate the one-day carnival.

All net proceeds from the carnival will augment the Lions general fund and aid Scouts in their various programs.

TO JOIN HUSBAND

Mrs. Emmie Lee Holt left this morning to join her husband, 2nd Lt. R. L. Holt, at Ft. Eustis Virginia, where he is stationed. She has been visiting here with her parents, Mr. and Mrs. A. Q. Carson.

SIX FEET IN THE AIR—Matador pep squad leaders, above, are not that high from Burleson Field turf, but all of their feet were off the ground when the above photograph was made Friday night during an exciting moment in the Matador Matadors—Lakeview Eagle game. Exuberance of the girls kept the pep squad and most of the spectators cheering the Matadors through the conference game which resulted in a 40-15 Matadors victory.—Photo by Douglas Meador.

BEAUTY ON THE GRIDIRON—Miss Sara Kay Carpenter, center, was being introduced as the 1955 Roaring Springs Yellowjackets sweetheart when the above picture was made Saturday night. Her escorts are co-captains, left, Bobby Dan Lewis, and right, Roy Mathis. In the foreground, holding the sweetheart's bouquet, is Billy Nichols, mascot. Pep squad and audience sang "Let Me Call You Sweetheart" after which each of the co-captains kissed the charming Miss Carpenter. The ceremony was held at the half while the 'Jackets still led the Jayton Jaybirds. The homecoming and conference game ended in heartbreak with the 'Birds winning by three points.

Toreadors Going To Game Tonight

The Toreadors, Matador's colorful drum and bugle corps, will go to Roaring Springs tonight in support of the Roaring Springs Yellowjackets in their game against Patton Springs, forecast as being one of the top six-men grid games in the area this season.

It is expected that a large delegation of Matador fans will attend the game. Many who attended the Roaring Springs-Jayton game at Roaring Springs Saturday night said it was one of the most exciting grid contests ever witnessed.

GRAVESIDE RITES HELD FOR INFANT

Graveside rites were held Saturday at 2 p. m. in Matador East Mound cemetery for the infant son of Mr. and Mrs. Kirby Campbell, who was born Friday night at 10:15 in Traweck Hospital. The baby lived only a short time. He weighed 7 lbs. 4 ozs and was given the name James Mark.

Gordon Downing, Church of Christ Minister of Floydada conducted the service.

Besides the parents, the baby is survived by the grandparents, Mr. and Mrs. Turner Campbell, Mr. and Mrs. Turner Campbell, Mr. and Mrs. Jessie Allen of Paducah.

Relatives from out of town who attended the service were Mr. and Mrs. Allen and sons, William, Truman and Johnnie, all of Paducah, and Mr. Campbell's sister and husband, Mr. and Mrs. Tommie Moneyhon of Abilene.

Ex's Name Goodwin President

Maurice Goodwin of East Afton Saturday afternoon was named President of the Roaring Springs Ex-Students Association. David Campbell was elected vice-president and Clyde Williams as secretary. Approximately 250 registered for the homecoming held at the school gymnasium.

Corsages were presented out, standing teachers and ex-students Miss Bees Medlen was honored for the longest teaching record in Roaring Springs schools and Mrs. J. M. Carpenter had the distinction having the most ex-students present.

A musical program tracing 40 years of history was presented in ten-year sequences. The program was arranged by Mrs. Buzz Thacker, Miss Freda Keahy, Mrs. Milton Brooks and Mrs. Charles Long. Music was by Mrs. Devonne Dillard and the script was written by Mrs. W. A. Lewis.

A barbecue supper was prepared near the Pioneer pavilion, with the large quantity of food being donated by the community.

Jackets Lose Game Only note of discord in the otherwise memorable homecoming was sounded in the final minutes of the conference homecoming football game when the Jayton Jaybirds forged ahead of the valiant Roaring Springs Yellowjackets. The game ended with the 'Birds in the lead, 37-34. Charming Miss Kay Carpenter was presented as Football Sweetheart at the half-time. She was escorted by Captains Bobby Dan Lewis and Roy Mathis, who were well compensated for the courtesy. Each boy kissed the queen. The royal carriage was a new Mercury supplied by the Matador Auto Company. Approximately 650 wildly cheering fans attended the exciting game.

Rusty 'Equalizer' Found In Matador

Some of this pioneer cowtown's colorful past was brought to light Sunday when County Agent Bill Pallmeyer found the rusty remains of an old Colt's 45 six shooter. The old "equalizer" was found in the alley south of his home in northwest Matador. It had been uncovered by the city motor grader dragging the alley. At first Mr. Pallmeyer thought the rusty object to be part of a toy gun. Rust and years of exposure have destroyed much of the barrel. No trace of the handles remain and part of the hammer has either been eaten away by rust, or was filed away. The cylinder, trigger and trigger guard are intact. At least five of the cylinder chambers are empty. The old gun's past must be left to conjecture and imagination. It was lost, thrown away or buried, but in any event it probably had a role in Matador's pioneer history.

Meet A Teacher

This week Matador Public Schools present to you one of the first grade teachers of Matador Grade School, Mrs. Minnie Coldiron.

Miss Minnie Stroup was born

Tribune, Matador, Matley County, Texas, Thursday, October 27, 1955

February, the ninth, in Hendrix, Oklahoma. She attended school at Southeastern State College in Durant, Oklahoma. She was married to Taylor Coldiron in 1931. They have one son, Bobby who is a senior at the University of Texas in Austin.

Mrs. Coldiron has now lived in Matador for five years. She has taught school for thirteen years and has taught in Harjo, Elmore City, Bokchito, Oklahoma and Matador. Mrs. Coldiron has taught the first, second, fifth, and sixth grades in high school. Her favorite subject is arithmetic.

Mrs. Coldiron's favorite book is "Little Princess", her favorite color is red, favorite actor is Bing Crosby, actress is Judy Garland, and her favorite food is Irish potatoes. She likes the song "San Antonio Rose". In her spare time you will probably find her sewing, canning vegetables, fruit, reading and listening to radio programs. The sports she likes best are basketball and baseball.

Commandments For Teen-Agers

The Boston school committee has adopted what it calls commandments for pupils in Grades 7 through 12.

The committee directed that the "commandments" be read bi-weekly to all pupils of those grades, and a copy be posted in each classroom.

1. Don't let your parents down. They brought you up.
2. Stop and think before you drink.
3. Be smart, obey. You'll give orders some day.
4. Ditch dirty thoughts fast or they'll ditch you.
5. Show-off driving is juvenile. Don't act your age.
6. Pick the right friends to be picked for a friend.
7. Choose a date fit for a mate.
8. Don't go steady unless you are ready.
9. Love God and neighbor.
10. Live carefully. The soul you save may be your own.

Letters Received From Matador Exes

Oct. 20, 1955
Amarillo, Texas
Mrs. Hazel Walton Donovan
Sec.-Treas. Ex-Students Association
Matador, Texas
Dear Hazel:
Your invitation to the Homecoming arrived and I do appreciate the fact that you still remember me, as you know it has been several years since I was in

Matador. I really do wonder if there are many who count back that far???

I would like to come to the meeting and renew some friendships and meet new people and I will, if the opportunity comes my way. In the meantime it will be good to look forward and anticipate that visit.

I remember you as a high school girl, your mother, Dr. McKenzie as well as your sister who were good friends in those days.

Sincerely,
Miss Maude L. Fletcher,
Director of Art Education
Amarillo Public Schools

Dear Mr. Edwards and Mrs. Donovan:

How I'd love to be present for the Homecoming on November 11. It is just too far for me to make the trip at this time. I believe that my brother, Reuben, and sister Grace, are planning to attend. Reuben had such a wonderful time last year.

The Pirtle family certainly enjoyed living in Matador. There are and were so many wonderful people there. I loved my teaching there. I went from Matador to teach in Clarendon College in the fall of 1921. From there (CC) I went to head the Speech Department at Texas Tech, Lubbock in 1925. I taught in Texas Tech until I married in August, 1941. I do so wish I could come back and bring my handsome, fine husband and have everyone meet him and have him meet my many good Matador friends.

May you have a wonderful Homecoming and get-together this year. I shall be thinking of you all and wishing I were there! Good luck and love and best wishes to you everyone. I'm enclosing a check for one dollar to apply on expenses for the occasion.

October 18, 1955
Most Affectionately Yours,

Dear Hazel:
Some of these days I surely want to attend a Matador Home-

coming—but unless some unexpected opportunity arises, we won't make it this year.

All of you there are doing a most commendable job in promoting this annual occasion. I just wish I didn't live so far away, so I could help you a little as well as attend.

Best wishes for a most successful celebration and don't forget we are still looking forward to having you and Rose Carolyn visit us—anytime.

Dear Hazel:
It is indeed nice to be remembered with an invitation to the Ex-Student's Homecoming.

It would be a pleasure to attend, and visit with the classmates we once associated with. We won't be able to attend the day program, but we may come down for the evening program.

I am enclosing a draft for our dues.

Thanking you for remembering us, we are

Dear Jake:
I am enclosing a check for \$2. for membership dues for Mose and me. We will try to be there for the ball game.

Our six-weeks exams are just now over. Report cards are going out today. I am a little believe me. I have 12 in Plane Geometry, and 47 in sections of Algebra I.

Hope to see you the 11th.
Sincerely,
Frankie (Walton) Darnon
(Mrs. Mose Darnon, Canyon, Texas).

Dear Friends:
Sure want to be there and try to, some way or another supposed to be in Lubbock Shrine Ceremonial on that night for a part of it. Hoping it will be a big and sure it will be.

CONSTRUCTION TO START IN NOVEMBER SAM RAYBURN LIBRARY BUILDING

November 4 at 10 a. m. a group of contractors' bids on a building in Bonham, Texas, will be opened, and shortly thereafter Sam Rayburn's long time dream of a gift to the people of Texas will start becoming a reality. The gift is the Sam Rayburn Library, into which the Speaker of the U. S. House of Representatives will put the treasure of his records, books and memoranda which he has amassed in his near half-century he has served the people of Texas and country.

The library will be open to students, scholars, and just plain people interested in one of the finest collections of documents.

mented U. S. history available anywhere. One of the library's four rooms will be an exact replica of the Speaker's office in the Capitol Building in Washington, D. C. Rayburn has himself purchased the actual furnishings of the office and will move them to Bonham when the building is completed.

Work toward realization of the library started six years ago when Collier's Magazine presented Mr. Rayburn with a \$10,000 achievement award for his efforts in Congress. Rayburn used the money to start the library fund with its total goal of \$800,000, about half of which will be used to construct the library, with the rest going toward maintenance.

The one-story building, with a three-quarter basement, will contain four rooms, a vestibule and foyer. Visitors entering the marble foyer will find the Speaker's office in Washington, D. C. It will adjoin Rayburn's secretary's office. On one side of the foyer the Library of Personal Reminiscences will be located, containing cases of Rayburn's mementoes. It will feature a mantel which Mr. Rayburn purchased from the White House when it was recently remodeled.

Across the foyer there will be the Library of Records, which, besides containing all the books in Rayburn's library will also serve as the main reading and study room.

The basement will house work rooms and public rest rooms.

According to Congressman Wright, Rayburn's collection of data on the workings of Congress and his Texas books comprise the finest records in this area to be found anywhere in the United States outside the Library of Congress. "Texas school children for countless years to come," Wright said, "will benefit from the easy accessibility to

the great history of our times. Thanks to Mr. Sam's generosity."

In 1957 Rayburn will complete his present term as congressman from the 4th Texas Congressional District — a nod will round out 50 years in service to his fellow people. He began his public career as a representative to the Texas Legislature in 1907, and in 1912 was elected to the U. S. Congress. He has been re-elected 21 consecutive times.

Rayburn has brought further signal honor to his state of Texas in serving under seven different presidents, and under three of them—Roosevelt, Truman and Eisenhower—as Speaker of the House. 1955 marked Rayburn's 11th year as Speaker—longer than any other man in history. Henry Clay was Speaker in 1811-14, 1815-20 and 1823-25 was the previous record holder.

Mr. Farmer Our Gin EQUIPMENT

WILL HELP YOU RECEIVE

More Money Per Bale FOR YOUR COTTON!

WE have installed a Moss Lint Cleaner in our gin plant and your cotton is processed through the machine without extra cost. Hundreds of cotton growers everywhere have testified that they receive more money for their cotton when it is processed with this equipment. The grade is improved so much that the bale is classified to earn more money for the producer.

We want you to be the judge. If you have not tried our gin since the installation of the Moss Cleaner, we invite you to try a bale and compare it with customary ginning. Compare the actual dollars and cents you receive.

Our policy has always been to try to help our customers earn more money from their work and investment. We believe you will be convinced the Moss Lint Cleaner is at least part of the answer to the cotton-grower's problems. It will help him receive more money for the cotton he produces.

COUNTY AGENT PALLMEYER SAYS:

PRUSSIC ACID POISONING OFTEN FATAL TO CATTLE

We are now approaching a critical time of the year as far as prussic acid poisoning of livestock is concerned. It is important that the facts about this condition be understood so that farmers may be able to utilize the grazing efficiently and not be misled by false information that has become established in some areas. As you know prussic acid is a chemical that forms in members of the grass family, particularly Johnson grass, sudan grass, and members of the sorghum group, following wilting. The old belief that second growth sorghum grazing is particularly dangerous is not necessarily true. The only difference between second growth and first growth grazing is that there are apt to be young, rapidly growing lush sprouts at a time of the year when frost or drought is likely to cause wilt. If the material is not wilted, it is no more dangerous than first growth.

It is important that the farmer be made familiar with the indications of prussic acid poisoning so that help can be summoned as soon as the first indications of poisoning appear. This disease allows no time for mistakes. In fact, even with early warning, some animals may be lost. The first signs of prussic acid poisoning are rapid breathing and a staggering gait. Bloating does not necessarily precede or go along with prussic acid poisoning. In many instances death occurs so rapidly that bloating never develops.

"When tillage begins, other arts follow."—Daniel Webster.

Cautions should be used in putting animals in on susceptible plants following frosts.

It is important that the farmer be made familiar with the indications of prussic acid poisoning so that help can be summoned as soon as the first indications of poisoning appear. This disease allows no time for mistakes. In fact, even with early warning, some animals may be lost. The first signs of prussic acid poisoning are rapid breathing and a staggering gait. Bloating does not necessarily precede or go along with prussic acid poisoning. In many instances death occurs so rapidly that bloating never develops.
