41-NO. 45 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, JANUARY 19, 1936 PRICE SEVEN CENTS

Die When Car Misses Curve

Matador-Turkey Highway Tragedy Brings Family Total Dead To Six Within 30 Days

DEATH motored back into Motley county Saturday afternoon, claimed two lives in a serious automobile accident, put two seriously injured teenagers in the hospital, and brought the county's total highway fatalities to six within 30 days.

William Norrid Offield, 25, of Silverton and his brother-in-law, Malcolm McKay, 15, of Turkey, were believed to have been killed instantly when a 1935 Buick failed to negotiate a curve. Scene of the tragedy which put Bobby Perkins, 19, also of Turkey and Malcolm's sister Rosie Fay McKay, 14, identified as the driver of the car, in Stanley Hospital as seriously injured, was Texas Highway 70, about 16 miles north of Matador, just north of the North Pease River bridge. There were no witnesses. First to reach the disintegrated automobile and mangled bodies was Rancher Wilburn Barton and his daughter, Mary Ellen. Time was set at between 4 and 4:30 Saturday afternoon.

Sheriff John Stotts said the car missed the curve traveling at "120 miles per hour." Wheel marks indicated the automobile traveled 425 feet partly off the paving before it began rolling. It turned over five times before coming to a stop and the two rear wheels were flung 90 feet away into a field.

All four persons were thrown from the car and nearby telephone wires gave evidence that one or more of the victims had been hurled against them, breaking four lines. Officers said one of the car's occupants pressed the girl's foot down on the accelerator as a joke. Rosie Fay, who, investigating officers said did not have a driver's license and whose father was quoted as saying she "had never driven a mile in her life", gave the following account of the wreck to Sheriff Stotts and a Texas Highway Patrolman.

Offield had been visiting in Turkey and the two McKays and Perkins were taking him home about 4 p. m. Rosie Fay told officers she was driving 60 miles per hour when Offield, who was (continued on back page)

DEATH WAS A PASSENGER in this automobile which was reduced to a mass of crumpled metal in a few fatal moments, Saturday afternoon, about 16 miles north of Matador. Two died in the tragedy when the car missed a curve traveling at 120-mph and turned over five times. A telephone worker can be seen in the background repairing lines broken in the accident.

Will Ehrle Enters Race For Office Of Representative

William L. (Will) Ehrle has authorized the Tribune to announce his candidacy for State Representative of the 88th Legislative District, composed of Motley, Donley, Hall and Childress counties, subject to the action of the Democratic primary in July.

In releasing his announcement Ehrle said, "I believe at no other time in the history of Texas has the need been so great for capable, efficient, and particularly for honest men in our State government."

"During the past few years we have been shocked by the vast, scheming political empires in South Texas. Our newspapers have been filled with scandals of various kinds, and Texans have received nationwide notoriety for corrupt and inefficient government."

Quitaque Service For Mrs. H. C. Kell

Funeral services were conducted Friday at 2:30 at the First Baptist Church in Quitaque for Mrs. H. C. Kell, pioneer area resident.

Rev. Wesley Daniels, pastor of the Methodist Church at Lefors, officiated, assisted by Rev. Claude Withrow.

Lu Ella Welch was born January 10, 1875 at Cleburne, Texas. She came with her family to Floyd County in 1892, making their home four miles west of Flomot, where the old Welch place now stands. She was married to Henry C. Kell, January 8, 1899 at Whiteflat.

To this union were born three sons and two daughters. The sons died in youth, and Mr. Kell died May 17, 1927. Mrs. Kell moved to Quitaque in 1945 and resided there until her death. She passed away at 10 p. m. Wednesday, Jan. 11, 1936, at the age of 81 years and one day, at Traweek Hospital, Matador.

Mrs. Kell was converted in the summer of 1907 and united with the Flomot Methodist Church, where she still held membership at her death.

She is survived by her two daughters: Mrs. Mattie May Cogdill and Mrs. Texie Clark of the Fairmont community; four grandchildren and five great-grandchildren; one brother, Henry Welch of Pampa; and two sisters, Mrs. Ola Orr of Pampa and Mrs. Annie Kell of Tulla.

Burial was in Flomot Memorial Park beside her late husband. Pallbearers were: John Pigg, Silverton; Wayne Pigg, Krass; C. C. Moss, Anson; Jack Chandler, A. L. Morris, Orville Cobb, Orbe Payne and Jeff Sperry, Quitaque.

I. W. FISH RITES ARE HELD HERE

Funeral services were held at 10 a. m. Saturday in the Methodist Church for I. W. Fish, 61, prominent county rancher who died of a heart attack Thursday morning while talking with friends in the post office.

Final rites were at the graveside by the Masonic Order. He was a 32nd Degree Mason and a Knights Templar. He was also a World War I veteran.

Rev. W. V. O'Kelly, Methodist pastor was in charge of the church services, assisted by Rev. Ray Manning, Baptist pastor.

Pallbearers were, Robert Darsey, Furman Vinson, Glenn Woodruff, Elmer Stearns, J. R. Whitworth, Dr. S. Stanley, Ralph Stapleton and State Rep. Elbert Reeves, with other Masons serving as honorary pallbearers. E. J. Seale Funeral Home was in charge of arrangements.

Lifelong Resident I. W. William Fish was born in Floyd County, June 20, 1874.

Livestock Show Date Announced

Date for the annual Junior Livestock Show has been set for Saturday, April 21st, it was announced this week by County Agent Bill Palmeyer. The show will be under the supervision of Orville Harris, Roaring Springs VA instructor, Bill Moss, Matador VA instructor and Agent Palmeyer. Projects will be shown by 4H and FFA boys and girls of Motley county.

Classes will be provided for beef steers, fat lambs and hogs. Rules for feeders are as follows: All calves must be weaned at least 90 days before the show. Only steer calves will be shown and all must be dehorned. Steer and barrow classes will be divided into two even groups, depending on final weights as the factor determining dividing weight. Lambs will be taken off milk at least 90 days before the show.

Owners will exhibit their animals unless they have more than one in a class, or are physically unable. In these instances proxy exhibitors may be secured.

Exhibitors desiring to sell animals are required to notify their agricultural teacher or the county agent by April 16, so that necessary arrangements for transportation may be made.

Rep. Elbert Reeves Seeks Re-Election

The Tribune is authorized to announce the candidacy of State Representative Elbert Reeves of Matador for re-election from the 88th District (Childress, Hall, Donley and Motley counties) and subject to the action of the Democratic Primary, July 28.

Rep. Reeves, acknowledged as one of Texas' outstanding statesmen, needs no introduction to the voters of his native Motley county. His record since he has been in Austin is testimony of his sterling character, high principles and honest representation for the citizens of his district.

The influence of his work in the House of Representatives is reflected by benefit to every community in Texas. His experience in agriculture and school problems has been of incalculable value to the entire state. Rep. Reeves is dedicated to the duties of his office and to the service of his people.

In making his announcement this week, he made the following statement: "I want to thank the citizens of Childress, Hall, Donley and Motley counties for the splendid cooperation I have received in conducting my duties as your representative. I want to thank every voter in the 88th District for the votes and influence which elected me to this high office. In seeking re-election as State Representative of the 88th District, I pledge to give all my time to the duties of office as I have done in the past."

BAND SCHEDULES BENEFIT SUPPER

Sponsors of Matador's drum and bugle corps, "The Tornadoes" will conduct a benefit chili supper in the Legion building Monday evening, January 23, between 6:30 and 7:30 p. m. Proceeds will be used to buy additional uniforms and instruments.

Bill Waybourn was re-elected president of the organization at a meeting held in the Legion building Monday evening. Other officers elected included John Barnhill as vice-president, Mrs. Chant Lee as secretary-treasurer, Mrs. Frank Pohl and Dr. Earnest Denney each as 3-year directors.

Baptist Services Start At Flomot

A series of evangelistic services are in progress at the Flomot First Baptist Church, with Dr. Ivyloy Bishop, teacher in the Bible Department at Wayland College, Plainview, preaching. J. R. Manning of Plainview is leading the singing.

The meeting began Wednesday night and will continue through Sunday, according to the pastor, Rev. Dintzel Leonard, who extends a cordial invitation to everyone to attend the remaining services.

IN LUBBOCK HOSPITAL

Stevie Sims, young son of Mr. and Mrs. Ray Sims, has been receiving treatment for an ear infection, this week at St. Mary's Hospital in Lubbock.

County Responds to Polio Funds Appeal

Whiteflat Reports \$143, Lions Step-up Drive In Matador

RESPONSE in Motley county to the nationwide appeal for funds to continue the fight against polio, is encouraging, according to Ward Hattan, fund campaign director.

In a report made Tuesday at the regular meeting of the Matador Lions Club, Mr. Hattan said that Whiteflat had reported \$143 from the drive in that community.

Joe Speer, chairman of the drive at Flomot, had reported that his committee had been busy since Saturday. The Flomot volunteers are: Mmes. Jack Landry, John Jones, L. B. Isbell, Harmon Moseley, Alfred Martin, Billy Meyer, Furman Vinson and Frank Johnson.

Here at Matador the campaign was stepped up at the Lions meeting where members found checks at their plates awaiting signatures and amounts. Superintendent Bert Ezzell, Matador chairman said more than \$150 was received at the luncheon, with many businessmen waiting until reaching their offices to write company checks.

Roaring Springs will stage an amateur program and food sale January 31 in the high school gymnasium with the proceeds going to the polio fund.

Matador mothers will conduct their annual porchlight drive for funds on Monday evening, January 30th. The drive is under the sponsorship of the Matador Garden Club.

Mr. Hattan said he felt the traditional generosity of the citizens of Motley county would carry the drive beyond its tentative goal of \$1200. He said the response had been excellent in every community and that volunteers were making an attempt to solicit every resident before the campaign is concluded.

REPORT MADE OF \$2226 IN DRIVE

Total contributions amounting to \$2226 have been reported in the annual Matador Community Chest drive according to an announcement made Tuesday by J. E. Edwards, president.

Since the Community Chest will include the Red Cross drive this year, directors feel that more funds may be needed, although a balance remained in the treasury from last year, Mr. Edwards said.

HOME FROM VISIT

Mrs. E. F. Springer returned home Sunday night from a visit in Teentun, New Jersey with her daughter and family. Mr. and Mrs. Gus Waldow. She made the trip by plane, and Mr. Springer drove to Amarillo to meet and accompany her home.

Area's Economy Aided With Irrigation Wells

Economy of the farming area below the Cap Rock is beginning to reflect a more stabilized position as new irrigation wells are developed in Motley county and along the boundaries of Briscoe, Hall and Dickens counties.

S. J. Braselton, Jr., manager of Braselton Implement Company of Roaring Springs said this week that his firm has a number of new locations "booked" for development and that several new wells have been "brought in" recently.

Motley county now has 42 irrigation wells, Braselton said, and approximately 100 wells are located within a 30-mile radius of Matador. He said, however, that within another year or two, the area will begin to reflect a more distinct benefit from irrigation.

"It is true the sands in this area do not produce the large water volume found on the Plains," Braselton said, "but we do not need to drill so deep and the expense of developing a well is much lower than most of the Plains. We have been able to find irrigation water in many sections of the area where it had not been previously located."

"Through the use of the sprinkler-type of irrigation we can put water on almost any kind of terrain and there is a marked economy in water use. In other words a small well will irrigate more land when the sprinkler system is used instead of ditch irrigation."

Experienced Driller "Recently our firm, cooperating with Wade (Mutt) Berryman of Matador, has developed three fine wells. Mr. Berryman is experienced in drilling in the type sand found here and has modern equipment for the work."

A 6-inch producer was brought in last week on Bob Cooper's place 1 1/2 miles east of Roaring Springs, from which he expects to irrigate 100 acres.

A new 500 gallons per minute well has recently been developed for Avery Payne, five miles east of Roaring Springs. The well is 150 feet deep.

Braselton Implement Company and Berryman have completed another well inside the north Dickens county line, one mile east of Glenn. The well is 109 feet deep and John Belaska, the owner, believes it will irrigate about 60 acres.

Birchfields Move To Potter County

Mr. and Mrs. Wm. K. (Rusty) Birchfield moved to a suburb of Amarillo last week where they will make their future home. Mr. Birchfield has accepted a position as a government hunter on the Bivins and HL ranches and has been assigned a territory which extends about 20 miles north of Amarillo.

NEW WILDCAT

The Star-Telegram Tuesday said the General Crude Oil Co. would drill a 5,000-foot wildcat oil test 19 miles southeast of Matador. It will be the No. 280-1-E Swenson, 1,960 feet from the north and 660 feet from east lines of section 280, BS&F survey A-1533.

COME TO CHURCH SUNDAY

Elementary Elim

The Diary of Mary White

where, but they all got eaten. Had to get up at 6:00 p. m. and wade through the rain and give a sick baby a penicillin shot. Temperature 103 and the mother walking the floor and absolutely no one else will give these shots. They think I know how. I gave my first shot after I came to Elim and that by reading the instructions on the box. You can when you must. The trouble with some people is that they can always put someone else in the "must" position. I run from it but I seem to get caught anyway.

The mail plane couldn't get in today on account of the rainstorm. I got no letters and the village got no film. We were all disappointed. Went to bed feeling that if daylight never came again it would be all right with me.

October 1, 1955, Saturday
A sunny day with a gentle breeze just like last Saturday. The weatherman seemed to be saying, "Sister, you have utterly no excuse for not washing that pile of dirty clothes." So I grudgingly dumped the silk into the bath tub and began the rub-a-dub-dub. I was wringing the last piece when in came Ed and Alice Medford from Moses Point. Aha, there was my excuse!

We talked for a while then got to the business at hand. That, of course was Dewayne, his five year old son who had spent the past week living with us and going to school. I told them that the child was not ready for school, tired easily and that there would be little accomplished by sending him to school this year. The only possible advantage would be his association with other children. He grabbed at that straw and begged me to let the boy stay even if he waited until next year to do first grade work. His argument was, "Alice is so busy with the baby she just doesn't have time to do much for him." The baby is four months old and Alice lives in a nice two-bedroom home with furnace, water and electricity furnished by the government line. That is the extent of her work. I teach school all day, have two children of my own, besides keeping a hot lunch program and a clinic in operation. I sat there with my mouth open wondering why he didn't tell me his real reason. He never did, so I just surmised that something was wrong and for the child's sake I let him stay. He seems perfectly happy. I've spanked him once and put him to bed on two different occasions but he takes it in his stride, so we get along fine.

R. W. went back to Moses Point with them, so I souped the kids and spent the afternoon catching up with letter writing. Alice sent me a frozen chicken and package of brussels sprouts when R. W. returned. Made me sort of homesick to go shopping in Safeway at Colville.

Note in A Letter Dated Oct. 1
There has been a native in the village who had his own plane. He made good money doing bush jobs. He was killed last spring in a crash. I've heard the natives two or three times say, "The children are really going to miss him". Finally I asked enough questions to discover why. He always provided the treats at the community tree. Now there will be no treats because the natives simply have no cash for such. Would some group in the church like to be responsible for getting treats mailed up here in time for Christmas, or, do you think they would be interested? The mailing expenses would be high but so would the blessing.

doing trying to teach that girl to find the circumference of a circle? She needs some teaching no doubt but I have a feeling Arithmetic ain't it!

Was glad when the school door closed on the last one going out. Worked with my two little boys tonight to teach Roger to read, and Dewayne to say R and to tell up from down. Tried to help Theretha with her percentage problems. Poor kid, I don't like them any better than she does. It's much more fascinating to read — and there are many good books here.

I'm reading in a hop, skip and run sort of fashion, a book called "Christ the Leader" by Russell. It was written to be used as a text on the life of Christ and to be taught in a Catholic University. . . . it is a very excellent book. The chapter entitled "Glad Hearts Sing" is worth reading and re-reading. The author is bringing more to bear on the subject than just intellect and it sends question after question through my mind.

But I don't know the answers and besides that, my leaves of bread are done, so I am going to bed.

September 30, 1955, Friday
Felt like anything but a school teacher when I awoke this morn. Everything and everybody was wrong today so I painted a sign on the schoolroom door NO SCHOOL TODAY, and went back to bed. . . . I let my family forage for themselves. It was quite a deal but they all survived. The beans for the lunch room had already been put to soak the night before, so Theretha proceeded to cook them and then distribute them around the village. Beans, beans every-

mas decorations down and put up snow scenes all around the room. They cut out and colored the snowmen themselves.

Mrs. Coldiron's first grade class has a new member. His name is Anastachia "Stucky" Alcozer.

Second Grade:
Taught by Miss Reeves, has also gained some new students. They are Patricia Turner, Teresa Sexton and Steve Sims. Steve has been here before and we are glad to have him back and also all the other new students.

While we are gaining all these new students, at the same time we are losing some. Remember Linda and Gwendia Bailey? Well, these cute little twins are gone and next week Bobby Matney is moving.

Seventh Grade:
Molly Garcia and Dora Dritz are two new pupils recently enrolled in the seventh grade. Before moving here, they attended school in Lockhart, Texas.

For a mid-term theme, Mr. Fair has assigned his students to write a friendly letter to someone with whom they are acquainted.

Eighth Grade:
The topic of conversation seems to be basketball and tournaments. They are planning to hold one here themselves.

The grade school boys won consolation in the Quitaque tournament. Although the girls didn't place, Jan Barton made all-tournament team.

"I MUST GO SHOPPING"
One of these days I must go shopping! I am completely out of self-respect. I want to exchange some self-righteousness I picked up the other day for some humility, which they say is less expensive and wears better.

I want to look at some tolerance, which is being used for wraps this season. Someone showed me some pretty samples of peace—we are a little low on

that—and one can never have too much of it.

And, by the way, I must try to match some patience that my neighbor wears. It is very becoming on her, and I think it might look good on me.

I might try on that little garment of long suffering they are displaying. I never thought I wanted to wear it, but I feel myself coming to it.

Also, I must not forget to have my sense of appreciation mended. And look around for some inexpensive, everyday goodness. It is surprising how quickly one's stock of goodness is depleted.—Selected.

Church and Society

Program Is First In Series With Religious Theme

First in a series of three programs on the subject of Religion was given at a meeting of El Progresso Club, Thursday in the home of Mrs. W. F. Jacobs.

Following discussions on "Hinduism" by Mrs. Fred Simpson, and "Buddhism" by Mrs. Ben Keltz, Mrs. Glenn Woodruff led the club in an open discussion of the program. Closing prayer was by Mrs. J. R. Whitworth.

With Mrs. J. L. Woodruff, president, presiding a brief business session was conducted preceding the program. Mrs. Woodruff announced that in an executive meeting, it was voted to recommend that the club sponsor improvement and maintenance of the City Park, with the cooperation of other local organizations.

Part Two in the series on Religion will include Basic Beliefs of the Chinese and Islam, and Part Three will embrace Judaism and Christianity, with a resume of the religious series.

Mrs. Traweck Is Hostess To Club

Matador Garden Club met in the home of Mrs. A. C. Traweck, Jr. Monday at 3 p. m. with Mrs. Bob Martin as leader. The home was decorated with several arrangements of very early spring flowers. The program was the study of the Hemerocallis or day lily.

Mrs. W. N. Pipkin was to have shown a film on the subject, but was unable to secure one. Instead, she showed an informative as well as beautiful film on orchids, showing many varieties and colors growing in their native surroundings of South and Central America.

Mrs. W. W. Clements gave a very instructive paper entitled "Hemerocallis of Tomorrow," pointing out the great change

and development of the present flower with its long blooming season and the many colors, over the old yellow ones known in grandmother's day. She also pointed out that it would grow almost anywhere, was entirely disease proof, and would grow for six or seven years without being divided, having large and more beautiful flowers every year. Another point in its favor is that very few, if any insects bother the plant.

Since the hemerocallis has so many good qualities suitable to this climate, it was agreed that more of them should be cultivated in local gardens.

Pied 'Pimions' BY MRS. J. M.

According to The Dayton News we see where our littlest niece, Susan, appeared recently on a TV program at Houston. The item says, in part: "Little Susan Marie Tipton, daughter of Editor and Mrs. B. A. Tipton, was about one of the happiest little five-year-old girls in Dayton last Thursday when her mother received a telephone call from Miss Guinn, at the Romper Room, Station KTRK-TV, in Houston. Susan visited the Romper Room program in September with her mother. Miss Guinn invited Susan to be a guest on the 9:00 o'clock program Friday morning. . . on the program with five other little guests about the same age, Susie sang songs, played games and listened to the morning story from a Fairy Tale Book."

Knowing Susan, we feel that she isn't shutter-shy due to the fact her dad has "shot" her in various poses almost since her birth, and she possesses little, if any inhibitions; in addition to which, she has a lovable disposition—a rare trait in a Tipton, according to Mr. M.

Friday the 13th will return for repeat performances in April and July this year. In this household, Tuesday the 10th proved

Miss Barbara Fay Thornton Is Bride Of Harley Ragland In December Rite

Miss Barbara Fay Thornton became the bride of Harley Ragland in a double-ring ceremony read at 7 p. m., Dec. 31, 1955 at the home of the bride's parents, Mr. and Mrs. W. L. Thornton of Ralls.

The bridegroom is the son of Mr. and Mrs. W. F. Ragland of Roaring Springs.

Mr. Lewis Garnett, Church of Christ minister, performed the ceremony. Mrs. Bud Stephens, pianist, accompanied a group composed of Mr. and Mrs. J. O. Phillips and Mr. and Mrs. Cleo Phillips of Millsap as they sang "Whither Thou Goest". Mrs. Stephens played traditional wedding music, and "The Lord's Prayer" during the ceremony.

Given in marriage by her father, the bride wore a ballerina length gown of white lace over taffeta, fashioned with sweetheart neckline and three-quarter length petal point sleeves. The fitted elongated bodice joined a full skirt. Her fingertip veil of imported French illusion descended from a Dutch cap of pleated lace. She carried an arrangement of pink rosebuds atop a white Bible. Her jewelry was a single strand of pearls and a pair of pearl earrings.

Attending her niece as matron of honor, Mrs. James Fox of Weatherford wore a ballerina length dress of pink net over satin with a pink rose corsage.

Gib Ragland of Slaton served to be most disastrous for Mr. M. He first gashed his thumb in five places on the cheese grater; while washing dishes; then got stabbed in an ankle vein by our Puddy-Kat which resulted in an unbelievable loss of hemoglobin. Didn't know whether to send the cat's head, or Mr. M's, off for an analysis.

Birthdays have a way of slipping up on one, and unless one is young, one isn't usually prepared to welcome the event. We understand some 39 youngsters had a happy time Saturday night celebrating birthdays for Daphne Lynn, Carolyn Pohl and Janie Waybourn, 14, 14 and 13 years old, respectively. The party was at Carolyn's and we were invited on account of we share Janie's natal day. Can't even remember our own 13th birthday, but someone was kind enough to guess this one to be our 39th. (Even as Jack Benny yet?)

his brother as best man. Candle lighters were Linda Thornton, sister of the bride, and Dickie Kendrick, nephew of the groom.

At a reception which followed in the home, the table was laid with a linen cutwork cloth over pink and featured a three-tiered cake topped with a miniature bridal couple.

Mrs. Charlie Kendrick, Mrs. Albert Clines, Miss Sue Clines and Mrs. Jack Frazier assisted with hospitality.

For a wedding trip to Ruidoso N. M., the bride chose a charcoal grey wool suit with black and pink accessories.

Mrs. Ragland is a 1954 graduate of Ralls high school and was employed at the Lubbock Cotton Classing office. Mr. Ragland is a 1949 graduate of Patton Springs high school and is engaged in farming. He is also bookkeeper at the Afton gin. He served two years in the U. S. Army.

Mrs. Gib Ragland of Slaton presided at the bride's book, which was made and presented by Mrs. Albert Clines.

Others attending the wedding were Mrs. Carrie Phillips of Weatherford, grandmother of the bride; Sharon Ragland of Roaring Springs; and Janie, Rickey and Teresa Phillips of Millsap—Ralls Banner.

Annual Census Of Schools Underway

Annual census of Motley county schools is now underway according to County Judge and Ex-Official County Superintendent Vance H. Glibbreath. All parents in any of the county district, having children of school age, are urged to fill out the census forms.

School qualification is: A n y child who will be six years of age and under 18 on September 1, 1956, is to be reported on the census.

Special attention is called to filling out the forms, with urgent requests that all information sought is supplied. The superintendent may reject any form which fails to carry all information requested.

All census information must be in the proper school by February 1, or it may be taken in the superintendent's office in the courthouse.

The Teepee Flat-Darden Canyon Quilting Club met in their club house Tuesday with Mrs. J. L. Farris as hostess. A covered dish luncheon was served to 14 ladies. Two quilts were quilted. The club will meet with Mrs. L. E. Kingery next week. The quilting club resumed activities and started the 1956 season in a meeting held Jan. 12 at the home of Mrs. J. L. Farris. Two quilts were finished for Mrs. Burnett, who was also presented with "friendship" quilt blocks with names of the club members stitched on each, as well as a number of other individually made gifts, as farewell remembrances. The Burnett family will move this week-end to Levelland. The group planned to bring similar gifts to the next meeting to be mailed to a former resident Mrs. I. D. Merrill, now of Broken Bow, Okla. The club is now using the Merrill house as a meeting place. Announcement was also made of a bridal shower to be given Jan. 21 honoring Mrs. Finis Keele, the former Gladys Holcomb. The shower will be in the home of Mrs. Ben Masey.

HONORED AT PARTY

The Homemaking girls, Ag boys and seventh grade were hosts at a party at the high school gymnasium, Thursday evening, Jan. 12, honoring Anita Betty and Jim Burnett. There were lots of guests, lots of fun and lots of food. The honorees were presented with gifts from the three groups. The Burnetts are moving to Levelland at mid-term. They will be greatly missed by the school and community.

Are You Losing IN THE Farm Gamble?

YOU CAN Always Win With IRRIGATION!

YOU gamble your work, your time and your money when you farm without irrigation. You know how the game has gone for four or more years. In many instances farmers in this area would have realized more profit if they had left the land unplowed. There is only one answer to the gamble of dry weather.

The entire area below the Caprock has irrigation possibilities. Water is being found in many new localities. It is true the wells are not as large as those on the Plains, but they are helping farmers make money. They provide the needed water at the crucial growing and fruiting period. It is not necessary to have a large cotton acreage if you can irrigate your crop on fertile soil.

Why not let us explain the irrigation method to you? Let us show you wells that are taking the gamble out of farming. Let us explain the cost and financing of an irrigation system on your farm. We can supply a "turn-key" job. You merely turn the ignition key, start an engine and begin farming for profit — every year!

PROFITABLE DEVELOPMENT!

Wade (Mutt) Berryman of Matador does the drilling of the wells we contract. The value of his experience and understanding of drilling problems has proven profitable to our customers. We work closely to make each well a profitable development.

Tribune

(continued from page one)
was made of every photograph taken, without charge to the Tribune. Unfortunately a number of Lions did not appear for the special photographs and have been delayed in an attempt to secure engravings of all members.

In the Tribune's agreement with the Woltz representative recently, he agreed to have the photographer make pictures of Lions members (those who failed to be photographed in the first group) here February 1. The day will be reserved to making pictures of children, but Lions may have their pictures made after 5 p. m. There will be no charge, unless extra prints are wanted. The Tribune recommends the Woltz Studios. They have expert photographers and good equipment. A representative will later offer to send pictures to each person (or parent) who has been photographed but there is no obligation to buy. The only profit the Tribune receives is the engravings and payment for the display advertising. The pictures will be made in the Legion building.

TWO DIE IN

(continued from page one)
riding in the front seat with her, put his foot on top of hers apparently as a joke, and mashed the accelerator to the floor.

Turned End Over
The car picked up speed and "was doing about 120 miles an hour when it left the road." The car shot across the road and went about 425 feet before overturning. It turned end over end once and then apparently rolled four more times for another 180 feet. One body was thrown 90 feet from where the car stopped. The other body was hurled about 50 feet and Perkins was apparently tossed through a barbed wire fence.

Telephone lines running alongside the highway were knocked down by the wreckage. Repairmen restoring the lines later found fresh on them indicating that one or both bodies had come in contact with the lines.

Both the injured youths were reported improving yesterday. Mrs. McKay suffered a fractured left thigh and some bruises. Perkins was recovering from severe cuts and bruises on his face and jaw, and multiple cuts over both arms and chest. They were brought here by a Eudy-Seals ambulance.

Offield was a self-employed mechanic at Silverton. Survivors include his wife, the former Miss Lillie McKay, and two daughters of Silverton. Other survivors are his parents, Mr. and Mrs. Charles Offield, Silverton, a sister, Mrs. Ethel Reeves, of Plainview, and two brothers, Robert Offield, Haskell and H. A. Offield, Ranger.

McKay, a high school student at Turkey, is survived by his parents, Mr. and Mrs. C. M. McKay, Route 1, Turkey, and his sisters.

Double funeral services for the victims of the tragedy were held Monday morning in the First Baptist Church of Turkey.

Will Ehrle Enters

(continued from page one)
standing leaders in Texas and in our government who are sincerely devoted to public service," Ehrle declared, "but their work has been terrifically hampered by the crafty maneuverings of shady politicians. If I can fill one more seat in the House of Representatives with honesty, integrity, and a conscientious desire to serve the best interest of the people then perhaps I can help make progress toward a better Texas government."

Ehrle was born December 11, 1922 and has been a resident of Childress county all his life. He attended public school in Childress and graduated from high school there in 1940. Ehrle received his bachelor's degree "with honors" from McMurry College in Abilene, Texas, and served honorably for 28 months with the U. S. Marine Corps. He was released from active duty in November of last year with the rank of first lieutenant.

Including his statement Ehrle said, "I will always endeavor to give the people of this district the sound legislation to which they are entitled and the type of democratic government which they have a right to expect and of which they can justly be proud."

I. W. FISH RITES

(continued from page one)
and came to Motley county a year later with his parents, who homesteaded the Fish ranch in the northwest part of the county. Lifelong resident of this vicinity he had operated the property for a number of years. He died on January 12, 1956, at the age of 61 years, 6 months and 22 days.

Two former pastors of the Flag Springs Baptist Church officiated in the service. They were Rev. T. R. Shaunon, Altus, Okla., and Rev. L. Stonecipher, Wellington. Pallbearers were: Gene Webb, Frank Webb, Billy Ray Webb, Bennie Goss, Bill Palmer and Jack Prather. Burial was in the Roaring Springs cemetery with Eudy-Seals Funeral Home, Matador directing arrangements.

The former Cora Ann Franks was born in Montague County, Jan. 29, 1881, and died January 11, 1956 at the age of 74 years, 11 months, 21 days. She was married Nov. 7, 1897 to L. D. Webb at Saint Jo, and they moved to this area in 1921, living for a time at Spur before settling in the Teepee Flat community in the southeast part of the county. They moved to Matador about 10 years ago and had made their home here since that time. Mrs. Webb was a member of the Flag Springs Baptist Church.

Survivors are her husband, two daughters, Mrs. E. L. Mitchell, Roaring Springs and Mrs. Byron Crego, Albuquerque, N. M.; five sons, Ray Webb, Matador; Floyd Webb, Floydada, R. L. Webb, Albuquerque, Clifford and Eldon Webb, Los Angeles, Calif.; 28 grandchildren; 23 great-grandchildren; and 2 sisters: Mrs. Lizzie Gibson and Mrs. Dora Lankford, both of Saint Jo.

E. W. Blackburn visited in Albuquerque, N. M. during the week-end with his daughter and family, Mr. and Mrs. Jack Lunty.

WE ARE DEEPLY GRATEFUL
To those who shared our days of watchful waiting and hours of grief, and for your many kindnesses expressed in so many thoughtful ways during the illness and death of our loved one. Your comforting expressions of sympathy and the lovely floral offerings can never be forgotten. Surely God will bless those that were so kind and thoughtful.

Lions Show Director Starts 'Talent Hunt'

Outstanding talent to be found among the 90 members of the Matador Lions Club will appear in the club's annual show production scheduled late in February. The announcement was made Tuesday at the club's first regular luncheon in 1956 by Show Director Bill Seale.

Lion Seale said he will cast the most dramatic characters in the leading parts, but that in reality it will be an "all star" cast since all members will take part in the production. Date for the opus is still open until all conflict with other community affairs has been eliminated.

After making a survey of the membership Lion Seale said he was amazed at the fine talent which will be at his disposal. He declined, however, to announce his selection for the leading parts. He said a "draft system" is being worked out with the Tallwister in event modesty prevents some members from accepting the parts assigned them.

Final Rites Held For Mrs. L. D. Webb

Final rites for Mrs. L. D. Webb, 74, longtime resident of the county, were held at 2:30 p. m. Friday in the Roaring Springs First Baptist Church. Mrs. Webb died Wednesday evening at her home in north Matador, after a lingering illness. She had been bedfast since suffering a stroke in October, 1954.

Two former pastors of the Flag Springs Baptist Church officiated in the service. They were Rev. T. R. Shaunon, Altus, Okla., and Rev. L. Stonecipher, Wellington. Pallbearers were: Gene Webb, Frank Webb, Billy Ray Webb, Bennie Goss, Bill Palmer and Jack Prather. Two new members were welcomed into the club at the Tuesday meeting. B. F. Simpson, a former member, was reinstated, and Franklin Price received membership credentials.

Lion Bill Palmeyer announced that a junior rifle club for boys and girls between the ages of 9 and 13 will be sponsored by the Lions. He said the club would be self-supporting (through dues) and that its main objective would be safety in the use of a rifle.

Visitors welcomed at the meeting included seven members of the General Telephone office personnel who maintained service during the recent strike. They were: Mmes. Allie Cox, Dorothy Knight, June Meador, Inez Bailey, Elizabeth Fletcher, Elwanda Simmons and Ferne Simpson.

County Agent Work Summary Reported

In accordance with Extension Service requirements, below is a summary of the work done by County Agent Bill Palmeyer from the period of Dec. 1, 1954 through Nov. 30, 1955.

A total of 716 farm and home visits were made, with total mileage for the year of 18,852 miles. In addition to the farm visits, there were 3,000 office calls and 3,300 telephone calls. The agent appeared on 4 radio programs, and distributed 12,412 bulletins. He wrote 2,533 letters in connection with Extension work.

In addition to the individual work, 146 meetings for adults and 146 meetings for 4-H members were held. A total of 3,848 people attended the adult meetings, and 13,665 were contacted during the 4-H meeting. (Figures include duplications, as many attending more than one meeting.)

A total of 293 days were worked, of which 175 were devoted to adult work and 118 to 4-H work. A breakdown of these days is as follows: livestock, 125; crop production, 32; soil and water conservation, 32; farm management problems, 19; farm building and machinery, 7; safety, 8; farm economics, 4; health, 2; wildlife, 1; marketing, 1; community development, 1; extension program planning and training, 37; miscellaneous items, 24.

4-H club work which has been covered in an earlier report consisted of work with 326 boys and girls who were members of 7 clubs that represented all county schools.

Internal Revenue To Offer Service

Trained tax men will be available to answer taxpayers' questions at the Plainview office each Monday morning from 8:30 to 12:30 it was announced this week by D. L. King, manager of the Revenue Service's Plainview office. The service will be available until April 16, Mr. King declared.

About 720,000 refund checks are mailed each year, out of 1,250,000 tax returns filed in the Dallas office. Thousands of other taxpayers owe practically no tax at all. Over 50% of our taxpayers enjoy a refund check instead of signing a check for Uncle Sam. The taxpayers should file immediately Mr. King said. Residents of the district should make checks payable to, and send returns to the Dallas Director of Internal Revenue, 2101 Pacific Avenue, Dallas, Texas.

Mr. King said employers can help employees file early. Business concerns that issue W-2 tax withholding statements now make it possible for their employees to file their returns early. This assures quick returns for thousands. Taxpayers are urged to study their instruction

booklets so that when W-2 statements are issued they can get their refunds without delay.
