Mountaineers Lose Last Game Of The Season To Powerful Mason, 55-0

The Santa Anna Mountaineers ended the 1954 football season last Friday night when they played the Mason Cowpunchers on the Mason field. Although they lost by a 55-0 count, the boys played a good game, especially in the second and third quarters, when the high scoring Cowpunchers only scored one touchdown in each quarter. Mason scored three touchdowns in the first and fourth periods.

The season end shows the Mountaineers won only one game, and that was over the Early Longhorns, who went the entire season without a win or a tie. Early in the season the Mountaineers tied the Brownwood "B" squad. The win and tie gives the Mountaineers a season standing of .150 and a conference standing of .143 for the season.

It was known at the beginning of the season that the Mountaineers would be more-or-less an inexperienced team and thus did not stand much chance this year. Then they were put into a district where most of the schools are much larger than the Santa Anna schools, which has also been a handicap. However, the prospects look much better for next year and two years from now the prospects look very good.

Mason To Play Bastrop In Bi-District Game Friday Night

The Mason Cowpunchers, undefeated and untied winners of District 23-A, will engage the Bastrop Bears of District 24-A in bi-district play in Mason Friday night, Nov. 26, at 7:30 p. m. Bastrop has a 9-0-1 record.

This contest marks the first time in 23 years a bi-district tilt has been played in Mason. A large crowd is anticipated from Mason and surrounding towns as well as from Bastrop. However with the regular seating capacity more than doubled plenty of seats should be available. About 1000 tickets were sold in Mason Saturday after two o'clock when they were placed on sale. Prices are 50 cents and \$1.00 for general admission tickets good for bleacher seats, and \$1.50 for grandstand seats.

Rites For Miss Ola Roberts Held Sunday Afternoon

Funeral services were held on Sunday, Nov. 21, at 2:00 p. m. at the Northside Baptist Church for Miss Ola Roberts, 65, well known in this vicinity.

Rev. C. L. Carroll of Crews, a former pastor and Rev. Francis Pruitt, pastor, officiated.

Miss Roberts died in the Santa Anna Hospital at 7:30 p. m. on Friday, Nov. 19, where she had been a patient only a few days. She had suffered a stroke several days prior to entering the hospital.

Miss Roberts was a member of the Baptist Church.

She lived on a farm north of Santa Anna with a half brother, Johnnie Brusenhan, who survives her. Another half-brother, Lawrence Brusenhan of Rockwood, also survives and the late Fred Brusenhan of Santa Anna was a half sister.

Also surviving are four sisters, Mrs. Henry Curtis of Pecos, Mrs. Edd Jones, who moved to Santa Anna this week from Lake Brownwood, Mrs. Grace Butler of Kerrville, and Mrs. Minnie Gray of Arizona.

Flowerbearers were Lloyd Price, Luther McCrary, Neely Evans, Floyd Reynolds, Roy West and Dru Vinson.

Flowerbearers were Mrs. Lloyd Price, Mrs. Bud Evans, Mrs. Neely Evans, Mrs. Roy West, Mrs. Vernon Campbell and Mrs. Luther McCrary.

Burial was in the Santa Anna Cemetery with Wright's Funeral Home in charge of arrangements.

Mrs. C. D. Bruce was in Austin Sunday and Monday attending the Republican State Executive Committee meeting, which she is a member of.

Proposed National Farm Program Suggested by TFBF

A national farm program designed to eliminate surpluses and discriminatory acreage controls will be recommended to the American Farm Bureau Federation, according to Maynard Gaines, president of the Coleman County Farm Bureau.

The plan was approved at the Texas Farm Bureau's convention November 10 in Galveston, Gaines said. It will be up for consideration by the AFBF at its national convention December 12-16 in New York City.

Under the Texas plan, acreage control would be set up on the basis of a farm's total tillable acreage. The present law places control on the individual commodities. According to the plan, the percentage of acres to be retired from production would be determined by the over-all production of all agricultural commodities in this country.

The percentage of acreages for surpluses would be taken out of commercial production. According to President Gaines this has been found to average from 5 to 15 percent of the nation's total cultivated acreage. If the percentage amounted to 10 percent, then each farmer would be required to divert 10 percent of his tillable acreage from production, he explained.

A farmer would have to comply with this provision in order to be eligible for price supports. Good soil conservation practices would also be required for the idle acres. This would be encouraged by soil conservation payments.

Under the plan, a system of price supports would be instituted to encourage the shifting of production from crops in surplus supply to crops in short supply, Gaines said.

The Texas Farm Bureau believes that its plan, if administered fairly, would enable farmers to earn full parity for their crops with a maximum of freedom in their operations. Since the government would be concerned with policing only a small percentage of acres on each farm, the cost to the tax payers would be much less than for the present farm program.

Mrs. Burgess Weaver is expecting her son, A. G. Weaver and family of Dallas, for the Thanksgiving holidays.

New Heidelberg Printing Press Installed In Commercial Dept. of The News

A new Original Heidelberg automatic printing press was installed in the commercial printing department of The Santa Anna News over the past weekend. The press will print almost anything you can think of that will go on a sheet of paper within the size range of the press. This press is large enough to adequately care for most of the printing needed in this area.

Some seem to have mistaken the new press for a newspaper press, but it is not for printing our newspaper on. It is for commercial or job printing alone.

The press was manufactured in Heidelberg, Germany, and was distributed through the Heidelberg Southern Sales Co., with offices located in Houston, Tex. It is sold under patents of the United States. For the past 104 years the best in printing machinery in the world has been being made in this German town.

This is a new series press with 33 of the latest improvements known to the printing industry combined in the press. The nearest press like it is located in Dallas. Maximum speed of the press is 5,000 impressions per hour and a large number of small forms and most all envelopes can be printed by the press two at a time making it possible to print as many as 10,000 impressions per hour. That may be Greek

Band To Present Concert At High School December 16

The Santa Anna High School Band, under the direction of Louis Graves, will present a Christmas Concert at the high school auditorium Thursday night, December 16, beginning at 7:30 o'clock. No admission charge will be made.

The program will consist of a large number of Christmas songs and a variety of other selections. On Saturday, December 4, the band will go to Abilene to enter the State Marching Contest.

The Scott Wallace Children Recovering From Polio Attack

Scottie and Barbara Wallace, children of Mr. and Mrs. Scott Wallace of Mission, became afflicted with polio about two weeks ago. Barbara was the first to be afflicted. They are patients in the Valley Baptist Hospital at Harlingen. They were isolated for 10 days. Their parents got to see them last Sunday. They are assured the children will be all right. It is thought Scottie can be back in school before Christmas. His affliction is in an arm. Barbara has a leg affliction and also the muscles of her stomach are involved. She will have to remain in the hospital until after the first of the year.

Mrs. W. E. Wallace, the grandmother here, and members of her family are relieved to hear the children will be alright.

Donald Ray Owen, son of Mr. and Mrs. Ray Owen, observed a birthday last Sunday, November 21, when the members of the family and others enjoyed a nice birthday dinner his mother had prepared. Guests were his grandfather, Charlie James of Tricham, Carolyn Woods and Mary Bibbes. Afternoon visitors in the Owen home were Mr. and Mrs. Charlie Bowden of Brownwood and Mr. and Mrs. Alvie Ennis of Colorado City.

Mrs. J. Frank Turner returned home last Friday night, from a trip of about six weeks. She visited with a sister at Freeport, other relatives in East Texas and Louisiana and with her son, John Franklin Turner and family in Fort Worth.

Mrs. C. W. Rasberry left at noon Tuesday for a visit in San Angelo with a sister and at Odessa with her son-in-law and daughter, Mr. and Mrs. Orry Earnhart.

Lions Club Pancake Sale To Be Held Friday, Dec. 3rd

The annual Santa Anna Lions Club Pancake Sale will be held in the National Guard Armory building Friday, December 3, the day of the big Christmas Opening here. Pancakes will be sold from 11:30 a. m. to 1:30 p. m. and from 3:00 p. m. to 8:00 p. m. Pancake mix will be furnished by the Quaker Oat Company and Aunt Jemima in person will be here to supervise the serving of the pancake mix sold under her name.

Committees were appointed at the regular meeting of the club this week.

A goal will be erected and George Johnson and F. B. McPeak will be the goalers. All Lions must wear Lions Club hats all day, regardless of whether they are in their place of business or on the street or cooking pancakes. If caught without them they will be placed in goal and fined. Most likely the goalers will find something wrong with all the Lions before the day is over and will have them in goal.

The members of the club have been divided into two teams of ticket sellers. The Lion President, R. K. Green, heads one team and Cullen N. Perry heads the other team. The team selling the least number of admittance tickets to the Pancake Sale will furnish transportation for Aunt Jemima in the Christmas Opening Parade. Proceeds from the Pancake Sale will go into the Lions Club Charity Fund for the purpose of local sight conservation and for the Crippled Children's Home at Kerrville.

Admission to the Pancake Sale is 60 cents for adults and 35 cents for students, which entitles you to all the pancakes you can eat. All the regular trimmings will be served with the pancakes.

Christmas Opening Parade Set For Friday, December 3; Santa To Be Here

With the approach of the Christmas Season, plans are being completed for one of the biggest Christmas Opening seasons in the history of Santa Anna. At least four bands and possibly more will be in the parade and a large number of floats are in the process of being made for entrance in the parade. Cash prizes amounting to \$232.00 will be awarded to participants in the parade and in the decoration of windows in the down-town area.

Bands already assured for the parade are from Coleman, Bangs and Howard Payne College. The Santa Anna Band will lead the parade and there is a good possibility of one or two other bands being in the parade. A large number of school children and school organizations are planning to take part in the parade, and it is hoped that all rural communities in the Santa Anna area will have at least one float in the parade.

Committees responsible for the day's activities are: Parade and Windows, Mrs. Blanche Grant-ham, chairman, Mrs. W. B. Griffin, Louise Purdy, Ruby Harper, Mrs. Frances Everett and W. B. Griffin; Prizes to be awarded at the Christmas Opening and on Christmas Eve, O. L. Cheaney, chairman, J. K. Barton, W. B. Griffin, Louise Purdy and Mrs. Frances Everett; Entertainment committee for the Holiday Sea-

son, Walker Tatum, chairman, Joe Harvey and Norman Hosch; Parade Marshal, Cullen Perry; Traffic Control, Clifford Stephenson; Judges to decide who will receive the awards have been selected, but their names will not be made public.

The parade participants will begin assembling at the City Hall on Avenue B not later than 2:00 p. m. and the parade will start at 2:30 p. m. and will follow the usual parade route: east from the City Hall to North Lee Street, then south to Wallis Avenue, then west to Fourth St., then east to First Street, then south to North Santa Fe Ave., then west to Second Street, then North to between the bank and hotel buildings, where the parade will disband.

Santa Claus will arrive in Santa Anna at about 2:00 p. m. and will be one of the big features of the parade. Immediately after the parade he will try to see most of the older children and then he will go to the Stockard Building next door to the Service Cafe, where he will personally see all the children, seven years of age and under. Santa will have a varied assortment of goodies for the children. Parents are requested to cooperate with the committee and help keep the meeting with Good Ole St. Nick as orderly as possible.

All local merchants are urged to have their windows decorated with the Christmas Theme and citizens of the town are urged to have their homes and yards decorated with the Christmas Theme. Prizes will be awarded in both the above divisions.

News Wants Letters To Santa Claus

It is the time of year when all youngsters begin thinking of what they want Santa Claus to bring them for Christmas. The Santa Anna News would like to have a Letter To Santa Claus from every child in this area, including all the surrounding communities, for publication in the Annual Santa Anna News Christmas Greeting Edition.

Parents of children who are not in school are especially urged to see that their children get their Letter To Santa Claus in the News Office at least by the middle of December.

Mr. and Mrs. Cecil McCreary of Sweetwater spent the weekend here with her mother, Mrs. R. F. Miller and with her sister, Mrs. Jim Lovelady and family.

4th Annual Coleman County Hereford Sale To Be Held In Coleman Tuesday

The Fourth Annual Coleman County Hereford Association Calf Sale will be held Tuesday, November 30, at the Coleman Rodeo Grounds, with the sale starting at 1:00 p. m.

Eighteen consigners have entered 59 calves in this sale, 13 Polled bulls, 12 Polled females, 14 Horned bulls and 20 Horned females. These are top calves 10 to 15 months of age from outstanding herds. They are suitable for show, herd bulls, commercial bulls and foundation females.

The judging will begin at 9:30 a. m. on November 30, with Don Van Gilder of Flat Rock, Illinois, as judge of the cattle.

The sale starts at 1:00 p. m. with Walter Britten of College Station, Texas as auctioneer.

Consigners are: W. B. Barret, Comanche; J. L. Boggus, Santa Anna; Bowen Hereford Farms, Coleman; A. V. Bullard, Burkett; Dale Burselon, Coleman; J. C. Dibrell, Coleman; Ozro Eubank & Sons, Santa Anna; Jim and Fay Gill, Coleman; Dorothea C. Griffin, Lawn; Hilburn Henderson, Santa Anna; Holly Stock Farms, Coleman; C. T. McClathery & Sons, Bangs; D. L. Newman, Santa Anna; Carl Sheffield, Brooksmith; Thornton Hereford Ranch, Boerne; Vance Golden Hoof Farms, Coleman; Joe Weeden, Grosvenor; and M. D. Willhite, Dallas.

Many cattle in the sale are very closely related to the 1954 National Champion Polled Hereford Bull, JFG Domestic Mixer, owned by Jim and Fay Gill, Coleman, Texas, and John M. Lewis & Sons, Larned, Kansas. This national champion bull is a son of BR Proud Mixer, Register of Merit sire, from the Arledge Ranch, Seymour, Texas, and out of a Jim and Fay Gill-bred cow, JFG Ivory Mischief.

Well-known grandsires and sires of herefords in this sale include WHR Proud Mixer 21st (Hardy Grissom Ranch high register of merit sire), Domestic Mischief 6th (a Halbert & Hoggett-bred bull that did so much for polled herefords), HG Proud Mixer A (Bowen's register of merit sire), Domestic Mischief 97th (Jim and Fay Gill's senior herd sire which has a top show and breeding record) TR Zato Heir (one of the most popular bulls of all time), Dandy Domino 91st (C. T. McClathery's herd sire), C. Domestic Mischief 23rd, (Carl Sheffield's promising young polled herd sire), S. Prince Elation (J. C. Dibrell's bull that has sired grand champion steers) and JFG Domestic Mischief 26th (the bull that has made such a record for Vance Golden Hoof Farms.)

Sale catalogues have been mailed into all 48 states and a large attendance of cattlemen is expected for the sale.

Rites In Colorado For Mrs. J. B. Dodgen

Funeral services were held in Denver, Colorado on Saturday, November 20, for Mrs. J. B. Dodgen, who had died on Thursday, after a very long illness. Mr. and Mrs. A. B. Dodgen had been notified on Wednesday she was not expected to live through the day. Upon hearing of her death they left for Crane, where they continued their journey to Denver with their son-in-law and daughter, Mr. and Mrs. C. W. Box and children, Mr. and Mrs. Buford Dodgen, who also live in Colorado, were present for the services with their three children.

Mrs. Dodgen leaves two daughters, aged nine and five years. J. B. has many friends in this vicinity who will sympathize with him and the two girls in their great loss.

Thanksgiving

STILL MEANS

"Thanks!"

Our Pilgrim Fathers conceived Thanksgiving as a day to stop and take stock of all the good things in life. They had, as we do today, a constant threat of enemy danger. They were beset by problems — economic and political, big and small — but they found time, once each year, to thank God and thank each other for all the good things they enjoyed.

We, at the Santa Anna National Bank, are thankful for the great state and nation in which we are privileged to live.

We are thankful, too, for the opportunity we have of bringing dependable banking service to so many citizens of this area. It is our sincere hope that the services rendered by this bank contributes much to your comfort on this Thanksgiving Day.

Electricity Can't Think — But You Can

Every now and then you pick up your newspaper and see a story similar to this: "Prominent local citizen dies in freak auto crash. The victim apparently lost control at the wheel, and his car hit a street light pole. Unhurt from the crash, he was electrocuted as he attempted to step out of the auto. Police say that the bumper touched a live wire in the pole."

A relatively minor traffic accident turned into tragedy—because electricity is always alert and ready. The auto, insulated by its rubber tires, became charged with high voltage electricity as it contacted the live wire in the pole. As the driver attempted to flee, he probably stepped to the street, maintaining contact with the car through his hands or body. He may have safely gotten out, only to turn and shut the door. In whatever manner it happened, his body provided the path for the electricity to follow on its way to

the ground. Should you ever get into such a situation — and we hope you never do — DON'T LEAVE YOUR CAR! It's natural to want to. For after the loud crash as a car plunges into a power pole, there is an almost deathly silence. Then creeping into this silence is an ominous snapping and crackling sound. Wisps of smoke may appear around the tires, or where weeds and grass may be touching the car. This means your car is charged with high voltage electricity. Fight that impulse to get out of the car and away from that "dangerous snapping sound" as quickly as possible. Unless fire breaks out, you are safe where you are. If you feel that you must leave the car, make sure you do it this way: Stand, with your body leaning out through the open door; then jump clear of the car, with both feet landing on the ground. It's very important that at no time you touch simultaneously both the car and the earth. Almost without a doubt, electrocution will result when your body is contacting both the charged car and earth (or street) at the same time. Should you be the first to arrive on the scene of an auto-utility pole mishap, stop and think! Don't touch the car and be electrocuted. A dead hero can accomplish nothing! Tell the occupants of the car to "stay put." Then stand guard until someone else arrives. Send that person for help while you continue your guard. Always remember that electricity can't think—but you can! Mr. and Mrs. Curtis Richardson and daughters, Barbara Ann and Eula Marie, of Abilene, visited Sunday afternoon with his parents, Mr. and Mrs. George Richardson. Attend Church Regularly

Famous Southern Pie for Company

Reputations are made with this luscious pecan-and-Karo filling!

Here's a conversation-making dessert, a pie that's a real stunner! Eyes light up, and requests for the recipe are sure to follow the first bite. Pecan Pie is a Southern heirloom recipe, so delicious that it has gained country-wide fame, simply on the strength of its mellow, luscious flavor. This easier-than-ever recipe makes it as simple to fix as a package dessert.

PECAN PIE

- 1/2 recipe pastry
- 2 eggs, beaten
- 1 cup Karo Syrup
- 1/4 teaspoon salt
- 1 teaspoon vanilla
- 1 cup sugar
- 2 tablespoons melted butter or margarine
- 1 cup pecan meats

Roll pastry 1/4 inch thick. Line a 9-inch pie pan. Mix remaining ingredients together, adding pecans last. Pour into pastry shell. Bake in hot oven (400° F.) 15 minutes; reduce heat to moderate (350° F.) and bake 30 to 35 minutes longer. *If salted nuts are used omit salt in recipe.

**MEATS BIG THING ON
DECEMBER PLENTIFUL
FOODS LIST**

Meats are the big thing on the U. S. Department of Agriculture's December plentiful foods list.

Supplies of turkey, broilers and fryers, beef, frozen shrimp and canned tuna are at record highs, reports Raymond J. Totoro of the Agricultural Marketing Service. Also, supplies of pork are much larger than a year ago.

Eggs as well as turkeys rate as "foods for feature" on the December list because prices are favorable to consumers. Many other foods popular for

holiday cooking are plentiful—dates, filberts, almonds, grapes, grapefruit and oranges.

Rice, pinto beans, salad oils and vegetable oils also will be good buys at the grocer's next month, says U. S. D. A.

20th Century Club Visits Historic Camp Colorado

Several of the members of the 20th Century Club made a trip to Camp Colorado, Coleman County's first settlement and most historic spot, on Thursday afternoon of last week.

The club has been studying Coleman County history of late, and have found it very interesting.

The camp, situated 15 or more miles north of Santa Anna, on the Jim Ned, was established in 1856 and operated until the Civil War began.

Some of the nation's great military leaders were stationed there as a frontier against the Indians.

These notables were Brevet Major Earl Van Dorn, Lt. Fitzhugh Lee, Brevet Captain Theodore O'Hara, poet soldier best known for his immortal poem, "Bivouac of the Dead".

After the camp was discontinued, Henry Sackett bought the grounds and erected a large house from the best of the stores. His daughter, Mrs. Maude Coulson, lives there with members of her family.

The visiting group wandered over the historical grounds and some went down the steep banks of the Jim Ned. A line of rocks can still be seen which bordered the lines of buildings. The old corral with its rock fences is still intact and the guard house, built in 1857, is a part of the residence. The old cemetery with its flat stones on the graves, can still be seen from the road.

Besides its great military history, Camp Colorado was the first County Seat of Coleman County.

In February of 1956 will be the 100th anniversary of the founding of the camp. An observance of some kind would be in order.

The ladies, returning home, stopped near the bridge and enjoyed refreshments of sour cream cookies and cold drinks furnished by the club.

Ladies enjoying the trip were: Mrs. Doug Moore, Mrs. John Perry, Mrs. Arthur Talley, Mrs. Ed Jones, Mrs. Lucie Daniel, Mrs. Clifford Stephenson, Mrs. W. E. Vanderford, Mrs. J. F. Goen and Mrs. A. L. Oder.

SPECIAL THANKSGIVING SERVICE FOR CHRISTIAN SCIENTISTS CHURCHES

Christian Scientists, not only in the United States but in many parts of the world, hold special church services on Thanksgiving Day each year. The service is devoted entirely to the theme of gratitude and thanksgiving to God. The specially-prepared Lesson-Sermon is entitled "Thanksgiving," and is made up of selected passages from the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

The Golden Text of the Lesson to be read this Thanksgiving is from Psalms (50:14): "Offer unto God thanksgiving; and pay thy vows unto the most High."

The following will be included among the passages to be read from the Christian Science textbook: "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more" (page 3).

A portion of the service is set aside for audible expressions from the congregation of gratitude, including testimonies of healing, guidance and protection through prayer.

BILL GIPSON, JR. WELL PLEASED IN ALASKA

Mrs. J. R. Gipson hears from her grandson, W. F. Gipson, Jr., of Kodiak, Alaska, who spent the summer here and with his parents in Coleman. He writes glowing descriptions of the Alaskan scenery and interesting sights in the far northland. He is teaching chemistry and English and working as librarian in the high school on the naval base at Kodiak. His wife, who visited with him here last summer, will receive her degree at Pocatello, Idaho, next spring, and will join him at Fairbanks, where they will continue their studies and remain in Alaska indefinitely.

SEVENTH-DAY ADVENTISTS WOMEN TO HOST COUNCIL OF CHURCH WOMEN

The Santa Anna Council of Church Women is glad to announce that the women of the Seventh-day Adventist Church will be hosts for the regular 5th Monday meeting on Monday afternoon, Nov. 29, at 3 p. m.

The meeting will be held in the Methodist Church and all church women are welcome to attend.

The program will feature "Great Hymns that Unite Us," and there will be several special numbers.

O. T. STACYS MOVE BACK FROM FLORIDA

S/Sgt. and Mrs. O. T. Stacy and Jane came in Saturday from Parker, Florida, where he has been stationed at Tyndall A. F. Base. They spent Saturday night with the Walter Stacys at Tricham. They visited Sunday afternoon with the Clifford Stephensons and left for Waco, where he will be stationed at Connally A. F. Base. They plan to be back here for the Thanksgiving Holidays.

The Stacys are glad to be back in Texas.

Texas TB Association Requests Deer Skins

Austin — Deer hunters are asked again this year to give TB patients in the state hospitals the hides from their season's kill.

Mrs. Mary Alice Coombs, occupational therapy director for the hospital system, says buckskin provided in this way last year is now going into Christmas gifts the patients are making for their families at home.

Austin Taxidermist, L. M. Rathbone, motor freight lines, sports editors, radio announcers and the hunters themselves teamed up with the Texas Tuberculosis Association in a statewide contribution of hundreds of hides, Mrs. Coombs said.

This year the collection is being sponsored by the newly organized Volunteer Advisory Council for State TB Hospitals. Mrs. Helen Smith of Austin, Council chairman, asks the sportsmen to duplicate last year's generous gift to the patients.

Mrs. Smith says the hides should be lightly salted, marked "charity," addressed to the Austin Taxidermist Studio, 2708 South Lamar, Austin and shipped by motor freight. If this procedure is followed, she says, most of the motor freight lines in Texas will transport the hides free of charge.

Speech Class To Present Two Plays

Each and everyone is cordially invited to the Santa Anna High School auditorium Tuesday, Nov. 30, 1954, at 7:00 p. m. for the performance of two one-act plays. The plays will be presented by the Speech Class and no admission charge will be made. The first play is a drama, "The Other Mother," and the second play is a comedy, "A Dash of Pepper."

After the plays are over, if you enjoyed them, you will be given an opportunity to contribute not more than a dime to the Speech Class. This money will be used to purchase equipment for the use of the class, but the contribution is not necessary.

Time of Trouble

Lesson for November 28, 1954

THERE is nothing modern about trouble. Nothing old-fashioned either. You can't be up-to-date in any century if you don't know about the troubles going round. If you met William Shakespeare and Julius Caesar and Buddha and Methuselah all at once, the one thing you could all talk about and understand one another perfectly (provided you spoke the same language) is Trouble.

Dr. Foreman stands one another perfectly (provided you spoke the same language) is Trouble.

Fears

"We have nothing to fear except fear itself," said a great American President. That is, sometimes true, but only when there is nothing really to be afraid of. At any rate, ever since the human race began, people have been afraid both of what was likely to happen and what not likely to happen. They have been afraid of what was really there, and afraid of ghosts born of their own imaginations. Fear is not all bad; when it is no more than knowing the danger exists, it is a good thing. It is good to know that poisons hurt, that there is a ditch across the highway, that the curve ahead is a sharp one. A healthy fear of such things is good and keeps us alive. But there is fear which is paralysis, "butterflies in the stomach," first cousin to panic; and this kind of fear only adds to whatever danger or trouble there may be. Now we can read, in Psalm 46, that poet's pointed words about fear; and it is plain that men in his time had the same terrors as ourselves. One feels here the dread of violent change; and is not exactly that, under its current form of communism, what we are terrified of in our time? One feels in this Psalm also the dread of war; and in our times with the H-bomb and the C-bomb threatening us—not just the boys that go to war, but every man, wom-

an and child on the planet—who can sleep with an easy mind?

Loneliness

Another kind of trouble is loneliness. Psalm 142 brings this out; the writer felt that no one was on his side, no one even cared whether he lived or died. He speaks too of the worst kind of loneliness—or one of the most painful kinds—that is to say, being in "prison." We should remember always that there are in this world today an estimated eighty million refugees, that is to say, people who have literally no home and are, perhaps for the rest of their lives, strangers in strange lands, people who live behind barbed wire, people nobody wants. We cannot forget the millions of others who would perhaps rather be refugees, if they dared, than live where and as they have to live, as slaves of some police state, under the lash of taskmasters from whom there is no appeal. But even if all the cruel governments in the world were abolished tonight; even if all the millions of refugees found home and shelter; there still would be as there have always been, millions who could echo the Psalmist's plaint, "No man cared for my soul." Loneliness—the first men knew it, on dark hunted nights in a wilderness they did not understand and could not yet control; the last men will know it, on a dark hunted day among the skyscrapers fleeing vainly from the invisible poisons of the radioactive air. And in between the first men and the last, where is the human being who has not at some time or other felt himself deserted and alone?

God is Our Help in Trouble

The Psalm-writers knew all this; and yet they could sing. They sang because above all the troubles of time they kept touch with the eternal God. "He will help," they said. How does God help the believer in time of trouble? He does not always help by keeping an umbrella of miracle over the heads of the saints. Not even Jesus was without tears and death. Read these Psalms to see how God was their "help in ages past" as he is "for years to come." Men of faith, they were able to rise under their troubles, they found courage through contact with the God of all. They knew, as we sometimes forget, that God made this world, that it is still His, that above all earthly powers in His sovereign power; that in His own time, in His own way, His will be the victory. Central Colorado Soil Conservation District News

Continued rain showers have stimulated an increase in cover crop planting. Forty-one farmers are planting 1454 acres, according to reports received by Soil Conservation Service technicians this week. Additional acreage is expected to be planted during the remainder of November.

Including among those planting winter peas or hairy vetch are: Bob Hurlbut, Lon Gray, S. D. Cupps, P. R. Ransbarger, Verdes Haynes, E. O. McSwain, H. J. Madgean, David Rhodes, Andy Young, Walter Stacy, Loyd Boyle, Otis Powers, Alva Wilkinson, E. E. Evans, Ralph Edens, L. M. Justice, Bailey Whittington, W. W. West, James Padgett, C. R. Langford, E. B. Bryson, W. H. Bush, A. G. Edgerton, Jim Gill, Roy Blackwell, H. D. Steakley, W. H. Thate, J. F. Terry, Casey Herring, R. C. Williams, H. A. Newsome, Ben Cox, S. E. Langhennig, Fred Stunton, Tommie Connelly, L. B. Kennedy and Irvin Brown.

The value of a cover crop for improving fertility and physical condition of the soil is based primarily on the tonnage of air-dry organic matter returned to the soil. The soil needs 7000 lbs. or air-dry cover crop, preferably a legume, returned to it to obtain the desired improvement. The yield of winter peas is estimated at less than 2000 pounds of air-dry organic matter per acre. The goal for every cover crop should be to return to the soil the maximum tonnage of organic matter which the crop is capable of producing on the soil where it is being grown.

\$4200 Per Year Can Now Be Credited By Social Security Law

(Editor's note: This is another in a series of informational articles prepared by Raleigh T. Tulley, Jr., manager of the Abilene District office.)

\$3,000 was a pretty high annual income back in 1937 when the Social Security Act first became effective, but prices and wages have climbed considerably in the past 17 years. That fact was one of several that led Congress to permit crediting of up to \$4,200 per year for Social Security purposes in the 1954 Amendments.

In 1937, the average annual amount credited to persons covered by Social Security was less than \$1,000. In 1953, that average was nearing the \$3,000 mark, and \$3,000 was the most that could appear for a year on any one record.

By raising the top allowable figure to \$4,200, it was also possible to increase the top limit for an individual retirement benefit from the present \$98.50 to \$108.50 for persons retiring after next year with an average of \$4,200 per year after 1954.

This wage or self-employment income base on which Social Security

benefits can be figured will also serve to increase amounts payable to survivors of deceased insured persons. After 1955, such survivors might have their amounts figured as percentages of \$108.50 instead of the present 98.50 amount.

Mrs. Hattie McKown returned home Sunday night from about a ten days visit with a sister, Mrs. Elmer Lagrone at Cameron, New Mexico, and with her daughter, Mr. and Mrs. Dot Scogins at McDonald, New Mexico, also a son, Bud McKown and family there.

Mrs. Preston Bailey has returned home from a visit of several weeks with her sister, Mrs. John D. Davis at Mt. Vernon, Ill. She also visited in Fort Worth with her son-in-law and daughter, Mr. and Mrs. J. B. Hartman and son.

Mr. and Mrs. Hardy Blue will go to Austin Thursday. Their son, John Hardy Blue of Houston, will meet them there and they will attend the Texas University and Texas A & M football game. John Hardy will return with them for the holidays.

Mr. and Mrs. Jess Griffiths returned home on last Friday from a week's visit with old friends at Lubbock, Mr. and Mrs. L. Wait-hall and family and Mr. and Mrs. R. C. Rahey and family, all former residents of this vicinity. All were well and doing well. The Griffiths saw great fields, white with cotton and much activity.

Mrs. C. A. Kilmer, after a three weeks stay in the Santa Anna Hospital, was moved to her apartment in the home of Mrs. A. L. Oder, Monday afternoon, where she has lived for more than 15 years. She is still a bed patient and quite weak, but had recovered from pneumonia in both lungs. Her daughters, Mrs. Bertha Spence and Mrs. R. L. Flores of California, are still here caring for her. Her granddaughter, Mrs. George Thomas of Abilene, is also assisting.

Travis Harris left Sunday for Marble Falls, where he will be employed several weeks.

As a rule men are more interested in getting their bite than in giving their bit.

Sometimes a man blackens the reputation of his friends in an attempt to whitewash himself.

Lots of men live to see the day they can rejoice because they didn't get what they wanted.

GOVERNMENT OF LAW IS AMERICAN TRADITION

What is "Government of law?" Most of us run across this phrase from time to time, but few stop to think what it means. It has a special significance and is extremely important to each of us as an American citizen.

The implications of the term are broad, but its basic definition is simple: Because legal controversies must be tried and determined in our courts on established and recognized public standards of right and wrong, we call ours a government of law—as distinguished from a government of men.

If judges and juries were not bound by law and precedents—if in each lawsuit, the judge or juror could set up a private standard of rights and duties as a basis for deciding that case—we would have a government of men. No one would know in advance of the decision how he should have acted in a particular situation. Cases arising out of similar circumstances would not be decided on settled principles but on the personal ideas of the trial judge or juror.

Judges get the law by which they decide the legal questions arising in a lawsuit from three sources: federal and state constitutions; federal and state statutes; and from previous judicial decisions and legal writings. Previous decisions state the public standards of rights and duties in matters not covered by constitution and statutes.

Judges have access to these statements of the law and know which apply to the situation in-

involved in any lawsuit. So that justice may be done according to the law, it's imperative that the jurors in each case accept the law as the judge gives it to them. They are therefore required to base their verdict on his instructions as to the law, rather than on their own notions of what the law is, or ought to be.

For somewhat similar reasons there are rules governing the way a case is to be tried in court. These rules prescribe what must be stated in the pleadings, in what order evidence must be

presented, what evidence is proper, what form questions must take, in what order lawyers are permitted to argue, what is permissible and what is not permissible argument.

If it were not for these rules no one could foresee what would happen during a lawsuit. It would be impossible to prepare properly for the trial. No one would know, until the judge had ruled, what he would be permitted to say or do, or in what order. Such a situation would inevitably result in confusion and injustice.

The whole purpose of laws and rules is to insure equal justice by providing a single standard of rights and duties, applicable to all persons similarly situated. This is what we should remember when we hear or read the phrase, "Government of law".

(This column, based on Texas and Federal law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)
