American Legion Plans Memorial Service May 30

Members of the local American Legion Post are planning a memorial service to be held at the Santa Anna Cemetery on Saturday, May 30, Memorial Day. The post has already received a large number of flags that will be placed on the grave of every veteran buried in the local cemetery.

Earl Irick, Sr., Commander of the post, requested all persons knowing the location of veterans' graves to contact him in the near future and give him the exact location of the grave. They want to place a flag on every veteran's grave and in order to do so, must have the cooperation of everyone.

Ernest Bland Home Destroyed By Fire Tuesday

Fire, of undetermined origin, completely destroyed the Ernest Bland home in the southwest part of town early Tuesday morning. At the time the fire was discovered, the house was almost enveloped in flames and Ernest suffered first degree burns while attempting to get his mother out. Mrs. Bland suffered a broken hip and some burns.

Ernest was released from the hospital Tuesday morning.

No cause of the fire had been discovered late Tuesday. It was thought that the fire started on the southwest corner of the house and was beginning to fall in by the time the local fire department was notified. The building and fixtures were partially covered by insurance.

The telephone line to Rockwood runs on the north side of the Bland home and it was burned into, causing a cable at the telephone office to short out and causing some expensive repairs to be made. Some telephone service was disrupted for most of Tuesday.

Social Security Man In Coleman Tuesday

Mr. Ralph T. Fisher, representative of the Social Security Office in Abilene, Texas, will be at the Department of Public Welfare Office in Coleman, Texas at 1:00 P.M. on Tuesday, April 28. Persons wishing advice or assistance in connection with their social security accounts are invited to call that time. The next scheduled visit will be at the same hour on May 26, 1953.

Local Group To Help Support Missionary

A special meeting has been called for Friday night at 7:30 at the W. E. Griffin home, for all persons interested in helping sustain the ministry of Mrs. Frances Zellers, returned Missionary to Korea. Mrs. Zellers recently was a visitor in Santa Anna, speaking to the congregation of First Methodist Church and to the local Council of Church Women. She is ill at her home in Georgia awaiting the return of her husband, Missionary Lawrence A. Zellers, who was recently released after three years of imprisonment by the communist forces.

A number of families in the local Methodist Church have already registered their intention of helping by a yearly financial pledge for Mrs. Zellers support. It is hoped that other groups within the city might also be interested in her cause.

All persons who are interested regardless of church affiliation are urged to be present at the Griffin home where full details will be given. Refreshments will be served.

Mrs. R. L. Todd visited during most of last week in the home of her daughter, Mrs. Roger George and family at Brady.

Methodist Revival To Start Sunday

Rev. John W. Lindsay

Rev. John W. Lindsay of First Methodist Church, Little Rock Arkansas, will be the guest preacher for the spring revival of the First Methodist Church which begins Sunday. Rev. Gene Chamness of Gustine, Texas, will lead the singing. Rev. Mr. Lindsay will arrive in Santa Anna early Monday morning and for the first two services of the eight day meeting Rev. Mr. Chamness will bring the message.

Special Men's Fellowship Breakfasts are planned for each week day morning beginning at 6:30 and continuing until 7:00. All men are invited to attend these meetings before starting their day's work. Rev. Lindsay will bring a ten minute devotional at each of them.

The evangelist is formerly a Methodist minister in Central Texas having served St. John's Methodist Church in Ft. Worth and Isham's Chapel Methodist Church at Hurst, Texas, before becoming Associate Dean of Men at Texas Wesleyan College. He has been associate minister of First Methodist in Little Rock for two years.

The time of the evening services is 7:30. A cordial welcome is extended to all.

National Guard Activities

By M/Sgt. Charles W. Wristen
Sfc. William M. Power of the Army Instructor Group of Brownwood was present for our drill last Wednesday. Sfc. Power arrived early in the afternoon and spent the evening inspecting personnel records. He remained for the two hour drill period Wednesday night and observed the periods of instruction.

Sfc. Charlie R. Owen was in charge of the first hour of instruction. He had 33 men present for his class on Domestic Disturbances. This period of training was particularly valuable since it dealt mostly with civil disorders in which the National Guard is often called upon to cope with in case of emergencies. For the second hour of training, Cpl. Bruce B. Stark had an interesting class on the Carbine. Capt. Barton and Sgt. Pollock also had a very interesting and educational class on the Cal. 50 Machine Gun.

Jimmy L. Robinett and Donald R. Owen were advanced from Pvt.'s E-1 to Pvt.'s E-2. This means that their pay increases from \$2.60 per drill to \$2.86 per drill. This promotion is automatic upon the completion of 4 months service. Jimmy Lee completed his 4 months service on the 4th of April and Donald Ray completed his 4 months on the 10th of April.

1st Lt. Jess T. Garrett has transferred to Hq. 136th Tank Bn. located at El Campo, Texas. Lt. Garrett's transfer was effective on April 9, 1953. His new assignment will be Adj. and S1 in Hq. 136 Tk Bn.

Mr. and Mrs. Gordon Starns of Brady, visited recently with his mother, Mrs. E. S. Starns.

High School Honor Roll

Mr. Cullen N. Perry, principal of the high school, announces the following students as being on the honor roll for the fifth six weeks period:

High point students taking five subjects are: Bobbie Rehm, Junior 43 grade points; Don Davis, Senior, 40 points; Diane Williams, Freshman, 39 points; Dennis Parmer, Senior, 38 points and Carol McClellan, Freshman, 37 points.

Highest point possible with five subjects is 45.

High point students carrying four subjects are: Kay Steward, Junior, 33 grade points; Olivia McIntire, Freshman, 33 points; Ruth Milligan, Freshman, 32 points; Wess Wise, Freshman, 31 points; Patsy Ann Wagner, Junior, 31 points; Patsy Rutherford, Senior, 31 points; and Viola Wagner, Senior, 31 points. Highest point score possible with four subjects is 36 points.

Other honor students are:

SENIORS: Donnie Simmons, Edria LeDell Hall, Dolores Wise, Melvin Polock, Annabelle Price, Betty Scott, Faye Parks, Bobra Garrett, Wanda Hodges and Rilda Stephenson.

JUNIORS: Patsy Moore and Evelyn Shields.

SOPHOMORES: Shirley Simmons, Betty Clark, Ray Switzer, Carolyn Foster, Odie Clyde Windham and Billy Wayne Lowry.

FRESHMEN: Wally Foster, Martha Ray, Janice Donham, Jo Beth Cooper, Carolyn Woods and Jerry Scarborough.

Word Received Of Release Of Friend Of Local Man

Rev. Jack Payne received a long distance call from Mrs. Frances Zellers of Barney, Ga., last Thursday, stating that her husband, L. A. Zellers, who has been one of seven interned American Missionaries in Korea, has been turned over to American authorities after three years of imprisonment.

Rev. and Mrs. Zellers served the Methodist mission station at Kaesong, on the 38th parallel at the outbreak of hostilities. Mrs. Zellers escaped but her husband was taken along with the first prisoners. She was a visitor in Santa Anna in the Methodist parsonage two months ago. At that time she had heard nothing from her husband.

Mr. Zellers is expected home within the next several days.

Lions Den

All the little girls of the Second Grade, accompanied by their teacher, Mrs. Jim Harris, sang three numbers to the Lions Club at the regular weekly meeting this week. The program was furnished by Lions Norman Hosch and Jim Harris. The program for next week will be a talk by Rev. John W. Lindsey of Little Rock, Ark., who will be here holding a revival meeting at the Methodist Church.

A report was made by the Food Committee Chairman, Ted McCaughan, on their progress on the Ladies Night observance. A meeting of the program committee was held immediately following the regular meeting.

Several announcements were made, including one about the Boy Scout's trip to Abilene on Monday of next week. Lion Harry Crews is Scoutmaster and Lion Walker Tatum is his assistant.

Rufus Farris of Paris, Texas, visited a part of Thursday and Friday of last week with his parents-in-law, Mr. and Mrs. Cal Fuller. He was making a business trip to and from the Campbell Ranch at Talpa.

Ceramic Tile Plant To Be Located Here

American Legion To Meet Monday

The Local post of the American Legion will have their regular meeting Monday night, April 27, at their home in Ranger Park. Plans will be made at this time for a shower for Ernest Bland, who lost his home and all his possessions in a fire last Monday night. All Legion wives, daughters and mothers are urged to be present.

Robert Lancaster was elected Adjutant, to replace George Tucker, who resigned recently.

Local Boy Scouts To Be In Abilene Scout Circus Monday

The fifteen members of Troop 30, local troop of the Boy Scouts of America, will go to Abilene Monday to be a part of the Area Scout Circus to be held at Hardin-Simmons Stadium, Monday night, April 27th, beginning at 7:45. The event will see thousands of scouts and scouters in a demonstration of skill and precision performance.

The local troop plans to leave Santa Anna by chartered school bus at 5:00 p. m. under the leadership of Scoutmaster Harry Crews and Asst. Scoutmaster Walker Tatum. There is room for some ten or twelve adults who desire to go on the bus. Those wanting passage should contact Mr. Crews. Tickets for the circus are on sale by the scouts for 50c. All adults interested in the scouting movement are urged to attend the circus.

Adrian D. Speck Passes Bar Exam

Adrian D. Speck, son of Mr. and Mrs. H. D. Speck of Santa Anna, passed the State of Texas Bar Examination last week in Austin, and is now qualified to act as an attorney in the state.

Soon after Adrian was released from military service, he went to work on his law study. He attended school for two years at San Angelo Junior College and for the past four years has been attending Southern Methodist University at Dallas.

The exam was given in Austin and 179 of 229 who took the test passed it.

Adrian and wife have moved to Houston, where they plan to make their home, and he will be connected with a law firm there.

PUBLIC MEETING TO PROTEST NEW BIBLE

A public meeting will be held in Waco Hall on Baylor University Campus at Waco on Friday, April 24, at 8:00 p. m. to formally protest the New Revised Standard Version of the Bible, which attacks Christ's virgin birth and deity. This is not a fanatical meeting, but a sane, scholarly protest against the new version of the Bible and the liberal bias of the translators, some of whom have been investigated for communist front activities. The general public is cordially invited to attend.

Mr. and Mrs. J. R. Haynes honored Mrs. Haynes' father and sister, Mr. Albert Dean and Ruth with a birthday dinner last Sunday. Fresh vegetables, fried chicken and several other dishes were served besides the beautiful birthday cake, for which Mrs. Haynes is famous in making.

Mr. and Mrs. Doug Moore and Mr. and Mrs. Clifford Stephenson attended services at the First Christian Church in Coleman Sunday night. The Coleman congregation has announced its intention of selling their present building located in the business area and building a fine edifice farther out.

A ceramic tile plant is due to begin production here about September 1st, and will be located in the old Ford Motor Company building in the east part of town. The plant will employ approximately 40 persons soon after production starts and it is planned that some 36 or 37 of these persons will be local people. About half of them will be men, the other half women.

About two years ago, H. L. Markland, President of the Santa Anna Silica Sand Co., Inc., and Bob Fielder, industrial representative for the West Texas Utilities Co., began work on attempting to establish this plant here. The work progressed slowly through the years and now the establishment of the plant is next to a reality. Several weeks ago the stockholders of the firm met and elected directors and applied for a charter. The charter was received last week and the directors met and elected their officers.

H. L. Markland will head the Santa Anna Tile Co., as president and Bob Fielder was elected Vice-President. O. L. Cheaney, Executive Vice President of the Santa Anna National Bank was elected Secretary - Treasurer. Seven directors head the organization with two other local men on the board: W. T. Stewardson and Leroy Stockard. Two out of town men are also directors. Stockholders number about 16 at present and there will be possibly 20 by the time the plant gets into operation. Eleven of these stockholders will be local persons.

The tile this company will make is to be a new product. So far as is known no other plant like it operates in the United States. The product will be a tile that can be applied to most any surface by amateurs and will be considerably lighter than tile now available. The officers said the tile would be sold wherever the market exists.

R. L. Trinklein, a professor at the University of Texas, will be the engineer and general manager of the firm and B. DeGraffenreid of Waco will be head of the glaze department. One and possibly two other men will be all the corporation plans to move to Santa Anna at the present time.

Capital stock of the corporation has been set at \$100,000. Plans for remodeling the old Ford building are progressing rapidly and work should get started in about two weeks. Most of the construction will be done by contract. Purchase of all the needed equipment will take several weeks and will require

traveling over several states. The tile will be made in various colors and will have a high gloss for a finish. It can be applied to most any surface except to paper. It will be thinner than tile on the market at present but will be as durable and will not require expert tile men to lay it. It will be manufactured in such a manner that the general run of person will be able to lay it. It is also being made lighter to save considerable freight expense.

The corporation is not ready to accept applications for jobs yet, but want to get the building completed and the equipment set up for operation before accepting applications.

All materials used in the production of the tile will be shipped in, and by-products from the Santa Anna Silica Sand Co., Inc., will not be used in this venture. The product will be made mostly from clay with a powered silica being used to finish the product.

Rites For Mrs. John Simmons Held Sat.

IN THE MATTER OF THE ESTATE OF CLYDE BUCK, N. C. M.

IN THE COUNTY COURT OF COLEMAN COUNTY, TEXAS.

NOTICE OF APPLICATION TO MAKE OIL, GAS AND MINERAL LEASE.

TO ALL PERSONS INTERESTED IN THE ESTATE OF SAID CLYDE BUCK:

You are hereby notified that on the 20th day of April A. D., 1953, I filed with the County Clerk of Coleman County, Texas, an application, under oath, for authority to make to Douglas V. Marshall, as Lessee, an oil, gas and mineral lease on all of said ward's interest in that certain tract of land containing 160 acres of land, in Coleman County, Texas, known as the John McMahan survey No. 61, described in Patent No. 469, Vol. 11, dated December 1, 1880, recorded in Vol. 112, page 518 Coleman County Deed Records, here referred to, and that the County Judge of Coleman County, Texas, on the 20th day of April A. D., 1953, duly entered his order designating the 4th day of May A. D., 1953, at 10:00 o'clock A. M. in the courthouse at Coleman, Texas, as the time, and place when and where such application would be heard, and that said application will be heard at such time and place.

CARD OF THANKS

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that come to us at the time of our recent bereavement. We especially wish to thank Dr. Henner and his staff and members of the First Baptist Church. May God bless each of you. John Simmons and family. 17p

We wish to thank friends and neighbors in and around Santa Anna for the many kind words, cards, letters, flowers and sympathy shown during the illness of our wife and mother. She suffers a lot, but is patient and does not complain much. Asks about her Santa Anna friends.

We are praying for grace and strength to bear this burden we are passing through, and to be reconciled to our lot. May we ask an interest in your prayers. G. L. McCullough and children. 17c

CHRISTIAN SCIENCE LESSON-SERMON

This Sunday's Lesson-Sermon in Christian Science churches is entitled "Probation After Death." The Golden Text is from I Cor. 6:14, "God hath both raised up the Lord, and will also raise up us by his own power." From Hebrews will be read: "Let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us" (12:1).

According to the Lesson-Sermon you can eventually overcome death by beginning today to overcome the elements of death — fear, ignorance of God, and sin. The Discoverer and Founder of Christian Science, Mary Baker Eddy, says in her textbook, "Science and Health with Key to the Scriptures": "If the change called death destroyed the belief in sin, sickness and death, happiness would be won at the moment of dissolution, and be forever permanent; but this is not so. Perfection is gained only by perfection. They who are unrighteous shall be unrighteous still, until in divine Science Christ, Truth, removes all ignorance and sin" (p. 290).

Dr. D. H. McDaniel of Tilden, Texas, and Misses Stella and Edna McDaniel of Austin, visited the past week-end with Mr. and Mrs. J. Ed Bartlett, Clyde Bartlett of Merkel, also spent Sunday afternoon in the Bartlett home.

UNNECESSARY STOCK VALUE LOSSES

A staggering \$19 million is the approximate figure lost by farmers and ranchmen annually on cattle and hogs sent to market with bad bruises.

According to data compiled by livestock commissions, some 9.8% of all hogs marketed have meat damaging bruises, and 6.9% of all cattle marketed are bruised. This extremely high rate of loss does not include bruise to our sheep and calves.

It would be an error to figure that the packer is the one who takes the loss on the bruised animal he buys. Experience has taught him the ratio of damage he can expect on his purchases and he makes his offers accordingly. He knows that on each hog this loss will amount to a round \$1.59, and on each steer about \$5.88. This is deducted from the price paid to you, the farmer and stockman.

Where do these damages occur? Most of them occur on the farm in various ways. A shortage of feed troughs and hay racks have the same affect as crowding animals for lack of barn space. The construction of these racks also has a lot to do with the ease with which these animals bruise themselves. Horned animals need a lot of room.

We know that because of the nature of the animals, a lot of bruises will occur even under ideal conditions of equipment and housing. Still we could profit by doing the best we can toward limiting these injuries.

A breakdown of the bruised portions of the steer are as follows: shoulders 19%; backs 12.5%; ribs 9%; plates 3%; hips 35%; rumps 12.5% and rounds 9%.

On hogs it is: shoulders 13%; backs 26%; bellies 12%; loins .05% and hams 48%.

How much of this huge loss is due to the human factors of "hurry, hurry-- get it done"? Probably a great deal. The old saying, "Haste Makes Waste" is still true, especially when dealing with balky animals.

The dollars lost on bruises never reach your pockets because of injuries received somewhere along the line— either on the farm, in the truck or in the stockyards. But perhaps a little more caution will add more value to your animals.

BOAT SAFETY IS ADVOCATED

Austin — Recent boating tragedies prompted the Executive Secretary of the Game and Fish Commission to urge greater caution by fishermen and others using watercraft.

He cited the fact that seven persons perished in two aquatic accidents in one week end, just as the summer outdoor season was beginning. Four drowned when a boat powered by an outboard motor was upset. Three men died when their launch burned and sank. Two others barely escaped a similar fate when their boat capsized.

"We are just beginning seasonal enjoyment of our unmatched fishing and boating assets," said the Executive Secretary. "It behooves us all to obtain the maximum pleasure but without losing sight of the dangers resulting from thoughtlessness and carelessness."

He said the increasing development of aquatic sports in Texas as naturally heightens the hazards, particularly because boats propelled by modern motors oftentimes deceive the operators.

The Executive Secretary suggested that persons might well make a few exploratory runs with their new equipment before risking the lives of others going along as passengers. He counseled that persons unable to swim should always be equipped with life preservers.

Many boats, according to the Executive Secretary, are considered unsinkable but when burdened with heavy motors might not remain buoyant especially with boat occupants clinging to them. The recent near tragedy involving two fishermen was attributed in part to the fact that the motor was too big for the boat, both as to power and as to buoyancy when the craft upset.

He said most boating tragedies usually develop from some form of carelessness such as faulty maneuvering or overloading or from persons standing in the craft.

Information For Notary Public Commissions Given

Secretary of State Howard Carney has announced that he will reappoint all persons who now hold Notary Public Commissions and that all such persons must qualify by filing an oath and bond with the County Clerk of their residence between June 1, 1953 and June 10, 1953. The law specifically requires County Clerks to approve Notary bonds and individuals should not send money or requests for commissions direct to the Secretary of State. All Notary matters can only be received by the Secretary of State after the County Clerk acts thereon.

Any person who has not heretofore been a Notary Public should apply to his County Clerk between May 1, 1953 and May 23, 1953, if he desires to have this application given prompt attention in the State Department, as the rush of reappointing all old Notaries may slow up the ordinary process of making new appointments and issuing commissions.

Secretary of State Carney said, "Each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the County for which he is appointed; exact names and permanent addresses should be given to the County Clerk in applying for a commission, as location of the Notary may be necessary long after he has notarized a particular instrument."

DRAFT LAW AND REGULATIONS

(Editor's note: Following is one of a series of articles concerning the Draft Laws and Regulations of the nation and information to men of draft age.)

The draft law requires every man registered with a local board to report any change in personal status to his board.

"Young men have asked us just what they report," Brig. Gen. Paul L. Wakefield, state draft director, says. "Generally, anything which has a bearing on classification should be reported."

The state director pointed to the following things which should be regarded as change of personal status:

1. Current change of mail address should always be sent to the board.
2. Marriage should be reported at once.
3. If a wife becomes pregnant with a couple's first child, a physician's certificate must be sent to the board immediately after the fact is known.
4. All additions to the family must be reported.
5. Any and all deaths in a man's family should be reported.
6. If a man and wife are divorced or they no longer live together, this must be reported.
7. Permanent change of job should be reported.
8. Serious injury or physical defect should be reported.

9. If a man becomes a student in a college or university, this fact should be reported.

10. If a man enters the Reserves or National Guard, he should ask his commanding officer to notify his board. He should assure himself that it is done.

11. If a man has attempted to volunteer for armed forces service and has been rejected, he should advise his local board.

ANNOUNCEMENT:

Dr. Charles Henner has promised to fill the pulpit at the First Christian Church next Sunday morning at 11 o'clock, unless some emergency prevents. Bro. Wylie is still confined to his bed.

Highlights and Sidelights State CAPITOL

Austin — The legislative spotlight centered this week on the question of whether or not public school teachers are going to get an increase in pay.

The teachers won an advantage when the Senate passed a bill giving them an increase of \$600 a year.

Senator A. M. Aikin Jr. of Paris sponsored the bill, which has the support of the Texas State Teachers Association.

In passing the bill the senators heard a warning that it will force a tax increase of about \$30 million a year.

In the House, meanwhile, the teacher pay bill bogged down last week in a mass of technicalities.

Representative Lamar Zivley of Temple, sponsoring the bill in the House, ran into trouble from the economy-minded members every time he tried to make progress with it.

For example, when Zivley attempted to get the bill transferred from the house appropriations committee to another committee which he considers more friendly, Representative Joe Kilgore of McAllen brought up the point of order that no such transfer may be made without first giving six days' notice.

Speaker Reuben Senterfitt sustained the point of order.

Zivley could not muster enough votes to suspend the rule. Nor could he get a motion passed instructing the committee to report immediately on his bill.

Representative Max C. Smith of San Marcos, chairman of the House appropriations committee, rose to deny that his group is unfriendly to the teachers bill.

"I know from talking to some of the members that they are willing to vote out some kind of teacher pay raise bill," Smith said. "I don't know which one. It is possible that we could vote out a bill that wouldn't require a new tax."

Zivley's bill, said Smith, was delayed pending certification by the state comptroller that the money will be available for the general appropriation of \$166 million for the next two years.

Shortly thereafter, Comptroller Robert S. Calvert said the appropriations bill is within anticipated state revenue.

Smith mentioning a bare possibility that teachers could be given a raise without an increase in taxes, said it might be done by passing Representative Kilgore's bill, which reallocates some taxes and puts a greater burden of school costs on the local districts.

Governor Allan Shivers had recommended a plan of this nature. But after last week's legislative skirmishing on the measure, the governor commented that a teacher pay increase bill without new taxes would look "like an empty gesture." The only other recourse apparently is settlement of the pending gas tax suit in favor of the state. This would provide \$45 million dollars. Shivers' stand is definitely against any new taxes.

The governor, however, said that this legislature is, so far,

"one of accomplishment." He expressed hope for passage of these measures:

1. Seven propositions dealing with water conservation.
2. A judicial redistricting bill.
3. Submission of Senator George Moffett's constitutional amendment to use the Confederate Pension fund surplus for new state buildings.
4. Co-ordination of higher education.
5. Action on a toll road program.
6. Classification of state jobs, and provision of higher pay for professional and technical employees.

Before the House went a judicial redistricting plan, aimed at the political organization of George Parr of Duval County.

The house judiciary committee approved a bill for redistricting without a dissenting vote.

The bill would reshuffle the strife-weary, four-county 79th judicial district of South Texas.

Affected in the changes would be Duval, Webb, Starr, Zapata, Jim Hogg, Jim Wells, Nueces, and Brooks counties.

Charges against Judge C. Woodrow Laughlin of the 79th District were aired in the Senate.

Judge Laughlin, a friend of Parr, was summoned on a resolution by Senator William H. Shireman of Corpus Christi. The resolution calls for an investigation of Judge Laughlin's conduct in office.

The judge had previously appeared before a House committee on the redistricting bill, and before a State Bar Association committee which was probing charges seeking to remove the judge from office.

A bar committee member reported "a very nice hearing."

The judge commented: "Now I know how an innocent man feels when he goes to trial."

A House bill by Representative Bert Hall would increase the permit fees of beer and liquor dealers and set up a fund to fight Alcoholism.

Half a dozen witnesses appeared for the bill at a session of the house committee on revenue and taxation.

Art Stein, director of the New Mexico Commission on Alcoholism, testified that his state is providing clinical treatment for alcoholics at a cost of \$140 per patient, and is effecting cure or rehabilitation in 80 per cent of incipient cases.

Former Speaker Homer Leonard, representing the beer industry, raised the objection that the tax would fall on wet counties, while much of the state is legally dry.

In the House is a bill that would bring about changes in the election code passed by the Legislature two years ago.

Passed by committee was the bill, which would repeal cross filing, remove the requirement that candidates file their expense accounts, and provide for polls to remain open until 8 p. m.

Visitors at the capitol the other day were the Perricone quadruplets of Beaumont, the

only male quads in the world. The 23-year-old brothers, Anthony, Bernard, Carl, and Donald (ABCD) are on duty with the Air Force Reserve. They have just completed a tour of duty in Korea.

Short Snorts: The Senate has a bill, already passed by the House, that would cut off salaries of state employees refusing to testify about their communist connections on the grounds that such testimony might incriminate them. — Dual control of state hospitals — administrative and medical — is provided for by these salaries in the appropriation bill: executive director, \$15,000 a year; mental hospital director, \$12,500; tuberculosis hospital director, \$12,500; administrator, \$8,700; educational director, \$7,500; and design engineer, \$7,500 — Texas is going to have an official duck-calling champion, to be selected at Beaumont during the South Texas Fair. Making it official is a proclamation by the governor.

QUESTION:
What is the cause of and treatment for severe pain in the neck and upper back?

ANSWER:

I presume you mean soreness at the base of your head, going down the leaders into the shoulder blades. This is commonly called occipitocervical neurofibromyositis, just "a pain in the neck" to you but a real problem. In that it begins in early middle age, becoming progressively more painful and stiff with the passing years until it leaves its victim hump backed with a stiff forward curving neck. It is caused by careless posture in youth or early adulthood, clerical or stooping work, many worries or cares. Muscles placed in attitudes of strain, overwork, insufficient regular rest, and recreation along with early degeneration stiffen the muscle fibers pinch the tiny nerves, and produce chronic inflammation in the muscles.

The treatment is practical and effective but not curative — heat and liniment with deep vigorous massage for half an hour twice daily, better posture, regular relaxation, personal adjustment to the disability of the disease.

Texas Livestock Shipments Drop Below January Level

Austin — Total February shipments of Texas livestock dropped 26 per cent below January and 13 per cent below February, 1952, the University of Texas Bureau of Business Research reports.

Declines from January included hogs (77 per cent), calves (53 per cent, sheep (45 per cent), and cattle (16 per cent). In the February, 1952-February, 1953 comparison, hog shipments receded 96 per cent, calves 50 per cent, and cattle 5 per cent. Sheep shipments were up 17 per cent.

Woman's Council Met In The Annex

The Womans Council of the First Christian Church had an interesting meeting in the annex, which included another splendid study on Africa, taught by Mrs. Preston Bailey. Mrs. J. R. Gipson read scripture selections from Revelations. There was a circle of prayer and a quiz on "Our Church." Mrs. L. O. Garrett asked us to meet with her for the next meeting, May 6th. Among other things there will be features honoring Mother and a social period. All women of the church are always welcome to attend these meetings, and are urged to do so. The president urged, those that could to do some visiting before next meeting. Those present were Mrs. Bailey, Mrs. Gipson, Mrs. Oder, Mrs. Garrett, Mrs. Oscar Boenicke, Mrs. Bill Pritchard, Mrs. J. B. Scott and Mrs. Clifford Stephenson. Some were kept away because of illness.

A Saint

Lesson for April 26, 1953

A SAINT: what picture does that word call up? A haggard figure in a loud-colored robe, sitting in a stained glass window? A hermit in a lonely cell, praying incessantly to God? All wrong. Saints have pretty stormy lives, as a matter of fact, and it often happens that the people who boarded with them did not realize they were saints at the time. Our famed St. Paul is no exception. He was, as we remember, a missionary; and missionaries have their troubles. They are something like salesmen; and like most salesmen, they are not selling in a vacuum. They are selling against some pretty keen opposition and competition. The story of Paul's work is like a series of fights. Dr. Foreman indeed at the end of his life he summed it all up by saying, "I have fought the good fight."

Dr. Foreman

Big Cities Are Bad

Paul was up against it all the time, one way or another. A good sample of the sort of thing that made his work hard was his stay in Corinth, not to mention his troubles with the Corinthians ever after. Corinth was one of the great cities of the Roman Empire at that time. It was a transfer point for cargoes bound from the east to the empire's capital, Rome. It was a center for professional athletics. Everybody in the place had the idea of getting rich as fast as possible. It was not noted for culture or for religion or morals. Indeed it was so bad that its morals would make a Roman policeman blush. When Paul wrote Roman I he was living in Corinth, and the horrible picture he draws is no more than he could see, so to speak, looking out of his window. Now big cities contain much good. They are the centers of world-wide Christian ac-

tivities, in many cases today. But big cities are bad too, as everybody knows, and for much the same reason that Corinth was bad. The one god worshipped there, by the majority of its citizens, is Mammon, Money. Why do people crowd into big cities? Most of them are there, directly or indirectly, because they hope to make money faster than they could back home. What chance has the gospel of love in such a place? A real chance; but it has to fight.

Half-Religion

Paul stuck to cities for his missionary work because he was, after all, a city man and understood city people. But still it was a fight. Besides the indifference of people who cared for no god but themselves, there was bitter opposition from people who already had a religion, and a right good one. Paul suffered sharper attacks from the Jews than he ever did from downright pagans. People who already have something good are more likely to be fanatical against what is better than are people who have nothing. For instance, nowadays the great new revision of the Bible is getting more bitter opposition from people who have a good but old translation—the King James—than from people who don't have Bible at all.

Highbrows

In Acts 17 there is told at some length what is only hinted at in Acts 18—the kind of trouble Paul had with the Greeks. In dealing with Greeks he was up against the true highbrows of his time. The Jew had a very practical mind; but the Greek mind was always worrying with very difficult questions, to which the answers have not all been given even down to this present day. Paul had to argue with these people—he couldn't just knock them over the head with Bible texts; the Greek mind didn't bash in easily. And Paul won some of them. Indeed he was more successful with them than he was with his own people, somewhat to his own astonishment. But that is one hurdle that Christianity meets everywhere: the opposition of people who want to have all their questions answered before they will consent to believe. There is surely nothing wrong in having a bright mind, and nothing at all wrong in having the best education one can absorb. But any person who insists on God's explaining himself to him before he, the man, will give his heart to God, is demanding the wrong thing. God's grace is for the humble.

BAR GIVES TIPS FOR WITNESSES

Serving as a witness in court is one of the most important civic duties a citizen may be called upon to perform. When contacted with a request to testify, every person should try to comply, if for no other reason than that the fate of a case of his own may some day hinge on the willingness of another to come forward and tell what he knows.

Lawyers know that a witness does not always have a happy time. It may not always be convenient to leave his job or home and spend a day in court. But some day the shoe may be on the other foot. People who refuse to volunteer as witnesses for others are, in the last analysis, injuring themselves.

It is not always easy to be an able and truthful witness. Your answers may be objected to at every turn by an opposing counsel—and properly so. There will be many questions that may confuse an unthinking witness. The law's insistence on compliance with the rules of evidence is necessary but often confusing to the uninitiated.

A properly prepared witness

is better to meet the impact of cross-examination. That is why able trial lawyers carefully instruct each witness on proper courtroom procedure. Here are eight golden rules to follow if you are ever summoned to court. They may make the difference between success or failure on the witness stand.

1. Never argue with the opposing counsel, or flare up in anger. You are helpless the moment you lose your self-control.
2. Talk slowly on the witness stand—regardless of your natural rate of speaking. A slow spoken, deliberate witness, who will not be stampeded or diverted into side paths, is disconcerting to a rapid-fire cross-examiner.
3. Take pains to listen attentively to each question. Never guess at the meaning of a question. Don't be ashamed to state frankly, "I don't know."
4. Don't be long-winded. Give no more information than is asked. Brief, to-the-point answers have their own rewards.
5. Stick to the facts. You're on safe ground so long as you tell only what you saw—not what you think happened or what you heard someone say took place.
6. Never hesitate to admit frankly that you don't remember certain physical facts such as measurements, distances or colors.
7. Never, never, memorize a story. First, it will sound too pat; second, the moment a slight dent is made, the whole structure collapses.
8. Don't be forced into a "yes" or "no" answer. If you can't honestly answer a question yes or no, say so and asked that it be

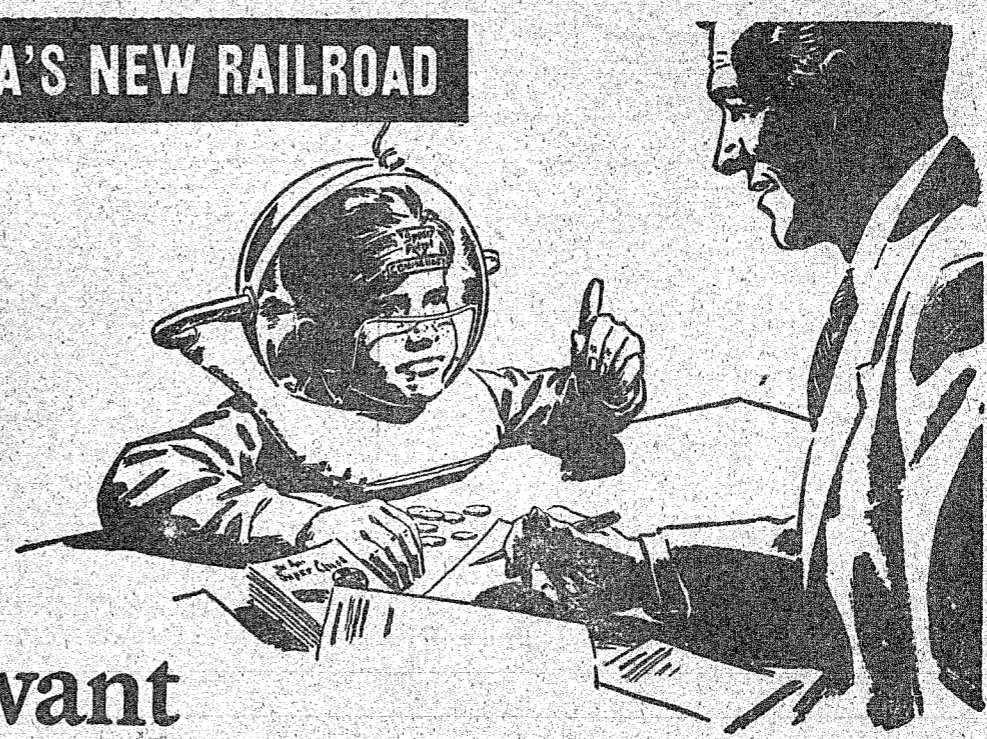

reworded. No court system can work without witnesses. Persons who object to testifying in court when they possess valuable evidence are simply weakening a system of justice designed to protect them as individual citizens.

(This column, based on Texas law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Mr. and Mrs. Edd Jones report a nice trip to Austin lately. Walter Jones and family of Houston, the O. P. Strauss family of Kerrville, the Nye Reid family, Allene Jones and Carol Jean Craig of Austin, and the Edd Jones' met in Bastrop Park on Sunday, April 12th, for a picnic.

AMERICA'S NEW RAILROAD

"I want a ticket on the Atomic Texas Chief!"

Well, sonny, just hang on to that dream. By the time you're a full fare, it might come true!

Of course there is no "Atomic Texas Chief" . . . yet.

But, don't sell American ingenuity and progress short. At the rate things grow new for you on the Santa Fe, you only need to squint your mind's eye just a little to see tomorrow streaming toward you down the track!

You can almost feel the future of Santa Fe in the quickened tempo of its progress in the recent past.

Just count the growing number of Santa Fe diesels that speed your freight and smooth your ride today.

Nineteen years ago there weren't any. Today there are 1422 units. By year's end there'll be 97 more. Steam is disappearing fast. And more than 250 coaling and watering stations have hit the dust.

Santa Fe folks just don't dally when it comes to building new.

For today the Santa Fe is America's new railroad. And it's going to stay that way by growing newer every day—in every way that can mean new safety, better service, new comfort and dependability for you.

It costs millions of dollars to serve you so. But it doesn't add a penny to the taxes you pay. Santa Fe folks are proud of that; too—proud that the newness of the Santa Fe is a part of American progress that pays its own way.

All Day Meeting For Liberty Home Dem.

The Liberty H. D. Club met in an all day session at the community building on Tuesday April 14th.

Mrs. Edna Weed, the County agent, gave a demonstration on making hammered aluminum trays.

Most of the women worked on trays and several were finished.

Mrs. W. H. Pittard, the president, was in charge of the business session.

Mrs. John Perry gave a short program on "A Good Breakfast". A covered dish luncheon was en-

joyed at noon.

Those enjoying the day were: Mesdames Pittard, Perry, Olin Stringe, Cecil Curry, Howard Norris, Virgil Lancaster, J. D. Howard, Lee Smith, Truman Fletcher and Ben, and Weed. Next meeting will be Tuesday, April 28th.

Junior - Senior Affair Lasts All Night

The high point of the high school fun was reached last Friday night when the organizations of the town joined the junior class in feting the seniors.

The juniors were hosts at the banquet in the dining room of the new Grammer School. Roses were in bowls on all the tables, while the speakers table had a centerpiece of roses and gladioli.

Mr. Cullin Perry gave the invocation and Jay Steward, class president, was master of ceremonies. Billy McClellan gave the response. Donnie Oakes of Winters, long time member of the junior class played a cornet solo, and Mr. R. K. Green gave the main address.

Melvin Pollock sang, accompanied by Patsy Moore at the piano. An octette of junior girls sang the seniors' song, "A Perfect Day."

The group changed clothes from formals and suits and ties, to blue jeans and play clothes.

The Garden and Home Demonstration Clubs entertained with a treasure hunt, followed by refreshments in the gym.

The Queen Theatre staff, and Mrs. M. D. Pinkerton, opened the theatre for a midnight show, "It Grows on Trees."

The Self Culture Club and Epsilon Sigma Alpha were hosts at a game party in the gym from 1:30 to 5 a. m.

Directing the games were Mrs. James Dockery, Mrs. M. L. Guthrie, Jr., Mrs. Cecil Richardson, Mrs. Jake McCreary, Mrs. Allyn Gill, and Miss Patricia Davis. Mrs. H. L. Markland and Mrs. Tom Kingsbery served refreshments.

Chapel services were held at the First Baptist Church at 5 a. m. and were led by Billy McClellan and a song service was held.

Breakfast at the Ranger Park was sponsored by the American Legion, Firemen and National Guard. On account of the cold, breakfast was served in the building.

About 90 students and 80 adults participated in the festivities.

Hospital Auxiliary Plans Open House

The Hospital Auxiliary met at the Santa Anna Hospital Tuesday, April 21st, at 2:30 p. m., with the president, Mrs. Edd Jones, in charge.

She introduced the hospital manager, W. Tilden Jones, who made an excellent talk along the line of accomplishments and needs of the hospital. He stated 15 more beds have recently been placed in the hospital and that other equipment is being secured earlier than they had expected. He expressed appreciation, as Dr. and Mrs. Henner have previously done, for the fine cooperation the people of Santa Anna and other nearby communities are giving the hospital. He and Mrs. Jones announced the open house that will be held at the hospital on Sunday afternoon, May 10th from 2 until 5 p. m.

Hospital Day falls annually on May 12th, but the observance is to be held here on Sunday, as more people will have the opportunity to attend on that day.

Mrs. O. J. Albro read the minutes of the last meeting.

Committee members, Mrs. Melvin Lamb and Mrs. John Brown, made good reports on sewing and mending. They and others agreed to meet Wednesday and sew.

The flower committee and others placed lovely flower arrangements in the lobby and in all the rooms having patients on Easter.

Mrs. Jones appointed committees for the open house on Hospital Day, May 10th. All people of this area are welcome to attend and go through our hospital and see its great improvements and how things are carried on.

There were 23 patients in the hospital Tuesday, and others waiting to see the doctor.

Mrs. J. F. Goen dismissed the meeting with prayer.

Ellen Richards Host To Local H. D. Club

An interesting H. D. meeting was held on Friday April 17th, in the home of Ellen Richards, with Mrs. Clifford Stephenson in charge. Pledge and prayer were given, minutes read and financial report given. Mrs. John Perry led the singing of the songs, Sarasponda, and Morning Comes Early, and gave the Council report.

The week of May 11th., will be H. D. Week, with exhibits in Coleman.

On April 25th and 26th the Old Folks Home in Coleman will hold open house. The Santa Anna H. D. club will be cohostesses, Saturday afternoon our merchants will assist in the affair, by furnishing drinks.

There will be a Rags to Rugs demonstration in Coleman on May 14th.

Mrs. Perry and Ellen gave an interesting program on "Salads", and distributed literature on same. The hostess served an attractive refreshment plate of congealed pineapple and carrot salad with appropriate accessories.

Mrs. Robertson will visit her sister, Miss Alta Lovelady and other members of the family in this area. Mr. and Mrs. Snodgrass will visit her sister, Mrs. R. R. Lovelady and Dr. Lovelady in Coleman. Mr. and Mrs. Snodgrass will take a trip to Washington D. C., New York and Canada, and will visit her children in San Antonio and Houston.

Farmers Being Falsely Accused For High Prices

Waco — Farmers are being falsely blamed for high food prices and indulging in "get-rich-quick" schemes at the expense of consumers, J. Walter Hammond, president of the Texas Farm Bureau Federation, declared this week.

The state farm leader referred to an announcement by W. B. Balm of Dallas, marketing administrator for the North Texas milk area, as an example of what often happens in the case of food prices. The announcement appeared in the April 8th edition of the Ft. Worth Star-Telegram.

Balm reported that milk producers in North Texas will get 44 cents less per hundred weight for Class 1 milk in April than they received last month. The newspaper report stated that the April price of \$5.85 was down 77 cents or about 1 1/2 cents less per quart, from the February price; yet, there has been no reduction in the price paid by consumers.

"This is an excellent example of what is happening to the farmer's share of the consum-

er's dollar," Hammond said. "Farm prices have tumbled, but the retail prices are staying up."

The Farm Bureau president pointed out that retail prices do not reflect accurately the farmer's share of the food dollar. "Last year the farmer received only 45 cents out of every dollar's worth of produce he sold. The consumers should concern themselves with the 55 cents difference between prices paid to the farmer and prices paid by the consumer."

Jack A. De Rusha Serving Aboard Carrier Midway

Sixth Fleet (FHTNC) — The attack carrier USS Midway was engaged in "Operation Rendezvous" in the Mediterranean Sea from March 17th to 25th.

Aboard the Midway is Jack A. De Rusha, aviation machinist's mate airman, USN, of Route 1, Santa Anna, Texas.

"Operation Rendezvous" was a NATO maneuver designed to maintain a standard of readiness and battle efficiency of General Ridgeway's European Defence Forces. Naval forces of France, Greece, Italy, Turkey,

the United Kingdom and the United States participated in the operation.

The flattop is commanded by Navy Capt. Frank O'Reine and is the flagship of Rear Admiral Stuart H. Ingersoll, USN, Commander Carrier Division 4. She was one of the key warships taking part in the exercise.

The entire exercise was conducted under simulated wartime conditions with the Midway's aircraft engaged in all types of air operations and tactical ground support flights.

Emmet Niell is reported to be in the Corpus Christi Hospital, suffering from a heart attack.

Mr. C. C. Cole of Tyler has rented one of the Baxter apartments and becomes a Santa Anna citizen. He is employed by an old company.

A CARLOAD OF THE NEW SERVEL ICE MAKER REFRIGERATORS is unloaded in Coleman for the Jones Electric Service, while W. L. (Bill) Jones and his staff look on. See advertisement elsewhere in The News, announcing the new refrigerator and a mammoth sale. The company is offering \$50.00 credit on a new television set to the first five persons from Santa Anna who purchase one of these new refrigerators.

New Refrigerator On Display At Jones Electric In Coleman

Coleman County will soon get its first glimpse of a revolutionary refrigerator that completely eliminates the need for ice cube trays.

Jones Electric Service in Coleman announced today that the new 1953 Servel "automatic ice-maker" refrigerator will be on public display in its store starting Saturday.

According to Bill Jones, this latest Servel model actually freezes ice cubes without trays, stores them in a basket, and automatically replaces them as they are used.

"It's almost unbelievable," Mr. Jones said. "Whether you want a single ice cube or a handful of cubes, you just reach into the basket, and remove as many cubes as you need. They're cold and dry, and do not stick together. When the level of the cubes in the basket falls below a certain mark, the 'automatic ice-maker' goes to work and automatically fills up the basket again."

Even the traditional shape of the pieces of ice has been changed in this new Servel refrigerator, Mr. Jones pointed out. Instead of the usual cubes, Servel now freezes ice in the shape of half-moons — or "ice-circles."

Servel's "automatic ice-maker" feature is available with a choice of three different types of freezing systems, the local dealer revealed. In addition to silent gas absorption models, which Servel has made for over 25 years, the 1953 line will include motorless electric absorption models and hermetically sealed electric compression models.

Time To Start Fly Control Now

Austin — Early spring is the best time for a community to start a fly control program, declared Dr. George W. Cox, State Health Officer. That is before the fly population has a chance to multiply. It is estimated that one pair of flies, under favorable conditions, could have countless ancestors before winter.

Every time you kill a fly early in the season, and destroy breeding places, you stop whole colonies of flies before they can start. The most effective way of preventing swarms of flies is to destroy or make inaccessible to flies the organic material which attract flies by their odors, and which are essential to them as food and breeding places.

Individual householders should make it their responsibility to clean up their own back yards. Garbage cans should have a tight fitting lid and they should be leak-proof. Inadequate facilities for storage of garbage and refuse usually result in widespread fly breeding. Uncovered garbage containers produce odors that attract a large number of flies. Good window screens will do a lot to keep flies out of buildings, thereby protecting food from contamination by fly-borne disease organisms.

There is no substitute for good sanitation in fly control. Every spot in town must be cleaned of garbage and trash. If a few dirty places are left, swarms of flies will breed. A neglected stable on the edge of town will furnish a plague of flies for the entire neighborhood. After garbage and trash have been removed, insecticides will help to reduce the fly population in local spots. It is a temporary protection, however, and should be regarded only as a supplemental or emergency means of control. Insecticide spraying will be effective

only if sanitary conditions are maintained throughout the summer.

North Side Baptist Church News

The North Side Baptist Church observed The Lord's Super Sunday. There was a very good attendance with several visitors being present. The text for the morning service was "Has Christ Risen in Vain?" The text for the night service was "Pure Religion."

Both sermons were very inspiring and enjoyed by all. We wish to welcome each and every visitor from time to time.

A Daughter For The Preddy's

Born to Mr. and Mrs. Tommie Preddy of Coleman, on April 10th, at 1:19 p. m. in the Santa Anna Hospital, a daughter named Sandra Jane. She weighed 8 lbs. and 2 1/2 ozs. at birth. Grandparents are Mr. and Mrs. W. L. Payne of Santa Anna and Mr. and Mrs. J. F. Preddy of Coleman.

Mrs. C. W. Rasberry and son Billy Mack moved last Saturday from Lee St. to one of the Monroe apartments. Mr. and Mrs. L. W. Wallace and children moved into the place Monday, which they had purchased.

Mr. and Mrs. Albert Dean and granddaughter, Ginger Haynes, visited Mrs. Dean's father, Mr. Kit Casey and Thelma, in Coleman late Sunday afternoon and attended church services at the North Side Baptist Church in Coleman Sunday night.

Our WASHINGTON Letter

CHANCES FOR A BALANCED budget during this session of the Congress were improved last week when the House Appropriations committee whacked one big money bill 61% below what was requested to operate 23 Federal agencies during the next fiscal year, beginning July 1. The Committee approved a cut amounting to \$721 million.

This is but one of a dozen appropriation bills that will be considered. But the committee action does indicate forbodings of things to come. It shows that the committee is economy-minded and is willing to do something about it.

A highlight of the committee action was a decision to eliminate completely the New Deal-born Nation-wide socialized public housing program. This alone will save the taxpayers untold millions of dollars annually — if the wise action of the committee is sustained.

The Truman budget called for 75,000 new socialized housing units to begin during the next fiscal year and then President Eisenhower requested a total of 35,000. Then came the committee action to cut it out entirely. That's a real economy step with some meaning to it, and it is also a blow at what is generally considered to be the most socialistic activity — and most unnecessary — in which our government has engaged in recent years.

While the Appropriations committee was wrestling with the money bill last week, the House passed a Mexican Labor bill. This measure would extend the law which permits our government to negotiate with Mexico for a labor agreement. The present law expires at the end of this year, and if the contracting of Mexican aliens is to be continued in 1954 it is necessary that an enabling law be passed at this session. The present arrangement for the employment of aliens in areas where there is a local labor shortage has been fraught with many inequities and a dread tape. The hope is that when a new agreement is negotiated this time, a more workable plan can be obtained. I voted for this bill.

A Son For The Morris McFadden's

A son named Stephen Lynn, was born to Mr. and Mrs. Morris McFadden at 5:48 A. M., April 10th, in Abilene. Maternal grandparents, are Mr. and Mrs. Roy Stockard, of Santa Anna. Paternal grandparents are Mr. and Mrs. A. A. McFadden Sr., of Abilene. The mother is the former Bevel Stockard.

Mr. and Mrs. W. E. Vanderford left at the week end for a visit among their children, Mrs. Chic Watson and family at Irving, and Mrs. Robert Turner and Mr. Turner at Denison.

Girls, you can't make your husband feel like a Pagan God by placing burnt offering before him at mealtime.

Mr. and Mrs. Willie Griffith of Rising Star and Mr. and Mrs. John Griffith of Bangs, were Sunday dinner guests in the home of their brother, Jess Griffith and wife.

Sunday dinner guests in the Clifford Stephenson home, were Mr. and Mrs. George Richardson and their guests Mr. and Mrs. Raymond Donnell of Seguin, Mr. and Mrs. Willis Richardson, Darrell and Miss Rena Bozarth, and Mr. and Mrs. C. W. Stephenson and Gary, all of Abilene.

Mrs. C. D. Bruce and Tom Stewardson represented Santa Anna at the luncheon given in honor of Jack Porter in Brownwood last Friday. The largely attended affair was held on the roof garden of Hotel Brownwood. There was a Republican County officials meeting after the luncheon.

Mrs. Travis Starkey, Johnnie and Frankie and Mr. and Mrs. Elmer Haynes were visitors in the Glenn Haynes home recently.

Mr. and Mrs. Bill Parker of Canton, visited a part of last week here with Vernon and wife. They brought Al/c and Mrs. Dewey Dunn and Kyle back from a visit with them of several days.

Mr. and Mrs. H. W. Walker and children of San Antonio were week end visitors with his nephew, C. F. Walker and family. Mr. and Mrs. George Brooks and Freda of Abilene were Sunday dinner guests in the Walker home.
