## Quarterback Club Wants Applicants For Summer Job

Members of the Santa Anna Quarterback Club met in a called meeting Monday night and set Monday, March 14, as the closing date to receive sealed bids for the summer job they are offering.

The club wants to employ a man to act as coach and general manager for the Pony and Little League teams for the summer. They have received two bids thus far and anyone else who is considering the job is requested to be sure and have your application in by March 14, when the regular monthly meeting of the club will be held. They will decide that night who they will employ.

The organization has requested the Fire Department, Lions Club and the City of Santa Anna to join them in sharing the expense of the summer program. The Lions Club and Fire Department have already indicated they would help and it will come before the City Council at their next regular meeting.

Any other organization in town who might want to participate in the program is invited to do so. Even if your club cannot contribute but \$5.00 or \$10.00 it will be appreciated and will go that far toward helping to get the summer program over. The estimated cost for the three months has been set at \$650, but no one knows or has much idea just what the cost will eventually be. This is the first year a program of this kind has been attempted and the members of the Quarterback Club certainly want to have some kind of recreation for the young boys during the summer months.

Also at the March 14 meeting of the club, new officers and directors for the coming year will be elected and the annual membership drive will get under way. This meeting will close the first year of activities for the Santa Anna Quarterback Club.

## BILLY STAPLETON VISITS HERE SATURDAY

Billy Stapleton of Lubbock, a 1938 graduate of the Santa Anna High School, was a pleasant visitor in the News office Saturday afternoon. This was the first time Billy had been in Santa Anna in about 15 years.

Billy learned of the homecoming shortly after the last year's event and since that time has showed considerable interest in the affair.

## Benny Garrett's Condition Improving

Mr. and Mrs. Bob Garrett returned home from Houston at the week end, after visiting their son, Benny Jack, on his birthday. Benny has been a polio victim since the latter part of August last year and has now started on the road to recovery.

Mrs. Garrett said he had gained 10½ pounds in weight since he began recovering and that now he is allowed to stay out of any kind of apparatus to help him breathe for 8½ hours each day. He still sleeps on his Rocking Bed and is continuing his studies.

He would have been a member of the Senior Class in the Santa Anna High School this year. Plans are now being made for him to be brought to Santa Anna for the graduation exercises, in order that he may graduate with his class. Mrs. Garrett said there was also a good possibility that he would stay here when he comes for the graduation, depending, of course, on his condition.

Mr. Garrett is now in the process of building an extra room on his home for Benny. Blue prints for the room are furnished by the hospital. It will be 18 feet by 24 feet with a almost completely glass front and glass double doors. Considerable extra equipment will be needed in the room, such as the rocking bed, wheel chair, lounge chair and equipment needed to care for a polio victim.

## Schools To Observe Public School Week

R. K. Green, superintendent of the Santa Anna Public Schools, said this week that the local schools would take an active part in the observance of Public Schools Week, March 7 through March 12. He extended an invitation to every citizen of this area to visit the schools during this week.

Green particularly urged parents of students attending the schools to visit their children's classes and to become better acquainted with the teachers. Considerable improvement has been made in the Homemaking department during recent months. A new double tennis court has been completed between the high school and the gym and numerous other improvements have been made. Green urged everyone to visit these and the Agriculture Department and Band Hall.

He also invited citizens to join the students by eating a meal in the Lunchroom during your visit to the school. The cost for each meal would be 30 cents including a drink, such as coffee or milk.

The responsibility that rests on the public schools of today is great, and is increasing each year. The school leaders must stay abreast of the times and keep up with the growing needs. It is big job and everyone is urged to visit the schools and see the progress being made there.

## Neva Jean Rehm Is Librarian At TSC

Stephenville — Neva Jean Rehm, daughter of Mr. and Mrs. Tony Rehm of Rockwood, has been elected librarian of the Tarleton State College Choir.

Neva is a college freshman majoring in business. She is a 1954 graduate of Santa Anna High School where she was a member of the band.

How long have you read the Santa Anna News? A good citizen here has read the News since April of 1891 and would like to know if any one has read it longer.

City politics seem to be dragging about as usual, with the middle of the week passing and no one has definitely said they are filing their names to seek the places of five aldermen and the mayor of the City of Santa Anna.

Filing deadline for a person to have their name printed on the official ballot is Saturday, March 5, at 12:00 o'clock noon. Anyone desiring to have their name appear on the ballot must file by that time.

We understand that all the present councilmen are considering seeking re-election and possibly some of them have already filed, but their names have not been released as yet.

In order to create the interest in the operation of the city affairs that every local citizen should have, we would like to see at least ten persons file for the aldermen positions and two for mayor. Where there is a contest for political positions, it makes the people take more interest in the city affairs and thus more people will cast ballots, assuring the ones that are elected that the primary part of the citizens of the town favor their handling the city affairs.

## Are These For Sale By You?

**ONE CROSS:** Nearly new. I cannot carry it and keep up with the world and its crowd.

**ONE TALENT:** New. Except slightly shelf-worn. It has been laid away for several years.

**ONE BUNDLE OF CHRISTIAN OPPORTUNITY:** (1) that of going to church every Sunday; (2) Another the opportunity of being a soul winner.

I seldom use these opportunities and so have decided to let them go on sale.

**ONE BADLY USED INFLUENCE:** Prayer may be able to repair it if carefully handled.

The above mentioned items are in the basement of my house, located at the corner of Careless Avenue and Neglect Street.

Some people live as though they will live forever and this life is the only one that matters. But as Cicero said: "Long life is denied us; therefore let us do something to show that we have lived." And the great use of life is to sacred it for something that outlasts it.

To that one that was talked to this week: Won't you find your home in Christ Jesus, by taking out your faith in Him. He has the answer to all your problems. Don't sell your precious soul to sin any longer. Can't you see where it is carrying you?

Worship God this week in the church of your choice.

In the Methodist Church Sunday two special services will be conducted. The pastor will be gone to Italy to preach the Dedication Sermon at the opening of the new Annex that was started while he was pastor there. Mr. Ed. Curry of Ballinger will speak at the 10:50 a.m. service. And the Young Adult Sunday School class will conduct the 7:00 p.m. service with Kenneth Bowker speaking. We are looking forward to a great day. Won't you be with us?

That's why new Super-Refined Gulf NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts! You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

Always remember: Octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile.

That's why, instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new NO-NOX.

Just look at the plates in the photo above, and see what a difference Gulf super-refining makes!

**This is GULF'S PLEDGE to the motoring public**

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own super No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

**R. M. Lykins' Observe Golden Wedding Sun.**

Mr. and Mrs. R. M. Lykins celebrated their Golden Wedding anniversary, Sunday, February 27th, in their home at 316 West 8th Street in Coleman. They formerly lived in Santa Anna.

Mr. and Mrs. Lykins were married on February 25th, 1905, in Caney, Kentucky, and moved to Texas soon afterward. They have lived most of the past 50 years in or near Coleman.

The table for the occasion was laid with lace over gold damask. The center piece was a potted arrangement of gold chrysanthemums.

Among the beautiful gifts received by the couple was a "Pot of Gold" at the end of a ribbon rainbow. This was an old fashioned iron pot painted gold

in which was deposited 56 silver dollars.

Besides the friends who called the following members of the family were present for the day: Mr. and Mrs. G. H. Summers of San Antonio, Mr. and Mrs. E. B. Lykins, Doyle, Carolyn, and Junior, Mr. and Mrs. R. M. Lykins Jr. and Albert, Mrs. Jimmy Lee Alvey, Catherine and Linda, all of San Angelo, Mr. and Mrs. M. R. Friday, February 25th, was an important day for the Santa Anna Self Culture Club. They met at the Grille at 6:00 p.m. for a dinner which included fried chicken, vegetables, hot rolls, apple or cherry pie and coffee. The linen laid tables were decorated with yellow flowers, daffodils and jasmine.

Following the meal the group adjourned to the home of Mrs. Hardy Blue, where Mrs. Ingrid Griggs of Sweetwater, a native of Norway, spoke on that country, telling of its beauty and some of its trials when occupied by other countries. She passed articles and pictures of Norway. She was wearing a regular Norwegian costume. A white blouse, with large full sleeves, a jumper style dress, with red upper part, and dark skirt of heavy material. Mrs. Griggs' mother, visiting her from Norway, Mrs. Aslang Bakken, was with her.

She had spun the thread of the costume, wove it into the material, dyed the material, as thread, made the garments, and embroidered the skirt in an all over floral design.

Mrs. Griggs, besides her very interesting talk answered many questions asked by those attending.

Members attending the dinner were: Mrs. Joe Matthews, Mrs. Norval Wylie, Mrs. Nona Woodruff, Mrs. Preston Bailey, Mrs. C. L. Eeds, Mrs. Charles Evans, Mrs. B. L. Sparkman, Mrs. C. D. New Life in Christ

Lesson for March 6, 1955

THE human race is a strange mixture of friendship and quarrels. People can't get along without one another, or with one another either. People flock together in all sorts of clubs and organizations and yet many of these gatherings of people either spend their time fighting some other groups, or even fighting among themselves. The trouble is that most bonds uniting men are neither deep nor strong enough to stand the strains of life placed on them. Business partnerships break up at the breath of failure, political combinations are as fragile as old china, while as for international alliances, most people have now forgotten that ten years ago Russia was counted one of our best friends and Germany our worst enemy.

Dr. Foreman

The True Center

There is one fellowship, and just one, which is world-wide, which has cemented persons and peoples of the most diverse kinds, which has endured past the dying of innumerable other bonds and unions. This closest of all the bonds known on earth is the fellowship of Christian love. If some romantic person rises to ask if the bond of love between man and his wife is not the strongest tie between human beings, it must be pointed out that the records of the divorce courts show that the marriage bond is much less likely to break down where husband and wife are both practicing Christians, — that is to say, it is Christian fellowship that keeps marriage-fellowship from breakdown! Now what makes the fellowship of true Christian love so strong? It isn't that Christians are so much more lovable than other persons. The secret is not in the Christians, it is in Christ. Why do iron filings gather so closely together around a magnet? Take the magnet away and they

Col. and Mrs. L. Gene Hensley of Oklahoma City, came to spend the week end in their home here. He returned home but Mrs. Hensley remained for a longer stay.

Mrs. Bunk Wagner received a card Monday announcing the birth of a daughter to Mr. and Mrs. Virgil Verner in Houston on February 24th. The little one has been named Shirley Ruth, and weighed 6 1/2 lbs. at birth.

scatter easily. Take Christ out of the church and it soon falls apart in indifference and even bitter quarrels. "We love, because he first loved us," is the secret of right Christian fellowship.

Breaking Barriers

We have many barriers in modern life which divide us into tight groups, misunderstanding and often undermining one another. There are management and labor, urban and rural, adults and adolescents, white and Negro, high and low salary-bracket, and so on. The fact is that none of these barriers is anywhere nearly so strong as was the line, in early Christian times, between Jew and Gentile, or between master and slave. These were simply uncrossable barriers. Master and slave, Jew and Gentile, were not class distinctions, they were iron-clad castes. The most astounding thing about the Christian church, in its fresh early years,—astounding even to leaders like Paul—was that these caste-lines had been erased in the Christian fellowship. Jew and Gentile remembered only that they both loved the same Christ who had died for all. Master and slave met as brothers when they became Christians. The sharpest human divisions faded in the light of the cross. So it is today. People who live in segregated churches, whether the segregation-line is economic of Christian fellowships that cross these human lines by the divine force of Christian love.

Questions for Church Members

The final test of a church, whether it is a true church,—whether a particular congregation has a right to call itself a part of Christ's true church,—the final test is that of fellowship. It would be a good idea for church members to give themselves a stiff examination on this line. Do the members of this church treat one another in a more brotherly way than outsiders do? Are social, racial, economic class-lines drawn between this and other churches, even inside the church itself, or is this one place where all meet on one common ground? Do the members share with one another, and if so, what do they share? Is there for example a sharing in prayer? If one member has had a high experience, do others hear about it? If one needs the other's prayers, is he free to say so, and why? Would a stranger to this church get the impression that this is a group gathered for convenience only, or a genuine fellowship of love?

Mrs. Verner will be remembered as Frances Bryan. She lived here in Mrs. Wagner's home for five years and worked for her when Mrs. Wagner was in business.
