450 Attend Open House Saturday

Pictured above is the front of the local National Guard Armory where an open house was held last Saturday, in honor of the completion of the new building. About 380 registered during the afternoon hours and it was estimated that over 450 were in attendance.

Members of the local National Guard expressed their sincere appreciation to all who had any part in making the open house the grand success it was. Everything went off as planned, and lots of compliments were passed on the building.

Plans are being made to make this building available for the use of the public, and anyone needing a building of this size for public use is invited to contact Capt. Jesse K. Barton or M/Sgt. Charles W. Wristen.

Santa Anna Cubs Lead Little League Teams

They have two tie games to mar their record. The first game of the season they tied with the Coleman Giants and the second game of the season they tied with the Coleman Tigers. They have won games over the Coleman Red Sox, Talpa Yankees and Novice Braves.

On Friday night of this week there will be a double header on the local field. In the Little League game, the local Cubs will play the Coleman Giants and in the second game the Santa Anna Teen Agers will play the Talpa Teen Agers. All Little League games begin at 8:00 p. m. 3 Voting Places In County For Wheat Referendum

Chairman Bullard of the Coleman County Agricultural Stabilization and Conservation Committee has designated three voting places in Coleman county for the wheat referendum to be held June 25.

Here are the places where the eligible wheat growers of the county will indicate whether or not they want the wheat marketing quota program to continue in operation for the 1956 crop: Gouldbusk, Santa Anna, Coleman. The polls will open at 9:00 a. m. and close at 7:00 p. m.

Wheat growers have been notified of their wheat acreage allotments. All wheat producers who will have more than 15 acres of wheat for harvest in 1956 are eligible to vote. The marketing quota program does not affect those who will have 15 acres or less of wheat for harvest in 1956. The program will be in operation only in the commercial wheat states.

If two-thirds or more of the nation's wheat growers voting in the referendum approve, marketing quotas will continue in effect for the 1956 crop. This will mean that price support within a probable range of 75 to 82 percent of parity will be available to those who stay within their farm's wheat acreage allotment. Those who exceed the larger of the farm allotment of 15 acres will be subject to a penalty equal to 45 percent of parity on the excess production, and price support will not be available for any of their 1956 wheat crop.

If more than one-third of the growers voting disapprove, marketing quotas will not be in effect and price support will be available at 50 percent of parity for those farmers who stay within the wheat acreage allotment for their farms. Those who exceed their farm wheat allotments will not be eligible for price support.

Rev. Fisher Returns To Local Church

When the appointments were read out early last week, at the Central Conference meeting in Fort Worth, Rev. Nolan Fisher was reassigned to serve the First Methodist Church in Santa Anna as pastor.

It seems the pastor, the congregation, and the public, are all quite pleased that the Fisher family will be with us another year.

Barbara House left recently for Fort Stockton to spend the summer with her grandparents, Mr. and Mrs. B. K. Riggs. She is furthering her knowledge of music by studying organ under a prominent teacher there.

New High School Principal Employed Monday

The Santa Anna Independent School Board met in a called meeting Monday night and employed Mr. James Weldon Simpson of Rule as the new High School Principal. Twenty-two applications had been received for the position and they had been sifted to three by the time the board met on Monday night.

Mr. Simpson has six years teaching experience, the last five years has been as the High School Principal at Rule. He has a BA degree from NTSC at Denton with a major in Mathematics and a minor in business administration. He also has his Master's degree from NTSC with a major in Secondary Education and minors in mathematics and business administration.

Simpson, 31, is married and has a 3½ month old child. He received his high school education in Ballinger. They are members of the Methodist Church. His father is an employee of the Humble Oil & Refining Co. at Ballinger.

Simpson will assume his duties here on July 1. He replaces Cullen N. Perry who accepted the position as superintendent of schools when R. K. Green resigned that position to accept the same one at Post, Texas.

The board voted on Monday night to employ still another teacher in the high school and they are also taking applications for a teacher in the primary department to replace Mrs. Kenneth Bowker, who has resigned.

Editor and Family Return From Enjoyable Trip

Your editor and family returned to their home here late Saturday evening, after visiting with Mrs. Gregg's folks in Joaquin, Texas, most of last week.

As we said last week, this might be the time our luck would change, so far as fishing was concerned. We can't say we didn't catch any, because we did. When we got there Mr. Cole (Mrs. Gregg's father) had three trot lines already out and baited, so we decided to wait until morning to see what was on them. We actually got one blue cat that might weigh a pound off the three lines and one alligator gar that would weigh near 20 pounds. After running the lines four more times, we managed to come up with two other little fellows, all of them together might weigh four pounds.

Feeling pretty low, we went by to see a man there who makes his living by catching and selling fish. Sure enough he didn't have any fish either. So we did not feel too bad about not catching any.

We saw lots of beautiful crops around through the Waco area, but over in deep East Texas it is just about as dry as it was here before we started getting the good rains a short while ago. The Sabine River was way below normal and the entire area was suffering pretty badly.

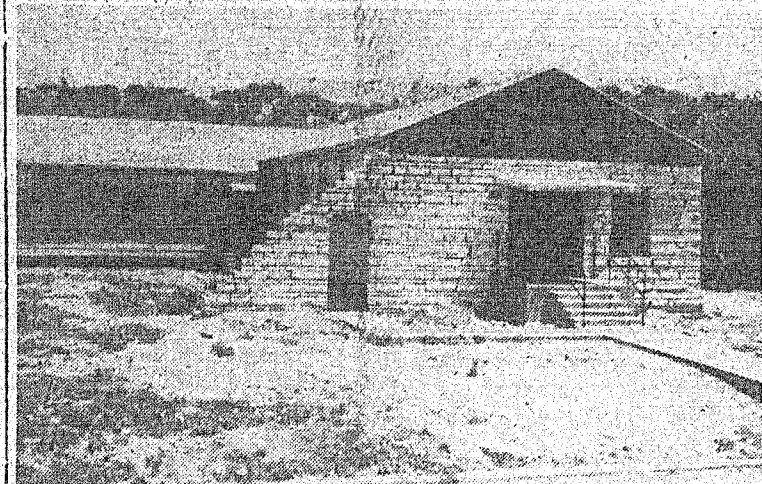

We understand good rains fell over most of the state while we were away, but none fell there.

However, the Coles did have a good garden and we really filled up on good home-grown vegetables, and from the number of canned goods Mrs. Gregg brought home with her, it is doubtful if they have very many home canned goods left.

We all certainly did enjoy the short vacation, and again wish to express our appreciation to all our correspondents and advertisers for making it possible for us to make the trip.

Janice and Terry Upton of San Antonio and Lartha Thibbe of Abilene have been visiting their grandparents, Mr. and Mrs. Lee Boardman.

Rites For Horace Tabor At Kilgore

Mr. and Mrs. J. W. Tabor and Bert of Santa Anna and Mr. and Mrs. Eldon Tabor of Owens, left Monday for Kilgore to attend funeral services for their son and brother, Horace Tabor.

Horace and wife were spending the week end at Vivian, La., with relatives. He retired at about eleven o'clock Saturday night in good spirits. A heart attack at 4:00 a. m. Sunday, caused his death before a doctor could get to him.

Funeral services were held at Kilgore Tuesday, June 21st, at 3:00 p. m.

Besides the parents and brothers, he is survived by his wife, the former Miss Thelma Taylor, who took nursing training here in the Sealey Hospital.

These squash, extra large in size, are actually grown together, making siamese squash. There are two sets of them and they were grown on different vines.

POTATOES

George Wells was showing off a nice bucket of potatoes Monday morning. He raised them in his garden and said they were planted before the freeze in late March. When he realized it was going to freeze, he covered the vines with dirt and it did not effect them. He said he was going to make a lot of the best potatoes he had ever made in this part of the country.

Elsewhere in this issue of The News you will find the history of the farm where Mr. Rowe lives. One of the other Mystery Farms, No. 9, has also been identified and there is also an interview published this week on the history of the farm. Mr. Fred Strange is living on the farm and it is owned by his mother, Mrs. M. W. Powers of the Liberty Community received the Free Subscription for guessing the identity of this farm, as she was the only one who guessed it correctly.

Those who guessed the identity of the Seybold Rowe farm are:

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

The outlook wasn't very bright for the home team with the score tied, two opposing players on base and only one out. "Spec" Tator, a rabid fan, leaned forward on his seat in the left field bleachers. The pitcher got his signal, the ball sped toward the plate.

Then came two sharp cracks. The first was the bat on the ball. The second was the ball on Spec's head. Spec was seriously injured.

To recover damages for his injuries and medical bills, Spec filed suit against the baseball club. He charged it with negligence in failing to put a wire screen in front of the bleachers where he sat and in failing to warn him that batted balls might come into those bleachers and injure him.

But the court said, "No" to Spec. He had chosen to sit in the unscreened bleachers in preference to sitting behind a screen where the tickets cost more. Therefore, he had "assumed the risk" of being hit by a batted or thrown ball during the playing of the game. No recovery was allowed.

In such cases, the courts say that the spectator is an invitee to whom the invitor (the ball club) owes the duty to exercise ordinary care to render the premises reasonably safe for him. "But," says the courts, "the invitor is not an insurer of the

safety of the invitee; neither is the invitee protected against all hazard, nor relieved of all duty to himself for his own safety. And to the extent that the duty of self-protection rests upon the invitee, the duty of the invitor to protect is reduced."

The same rules as to "assumption of risk" are applied to most places of amusement and amusement devices. A swimmer must anticipate that a diving board will be wet and slippery. A person who rides on an amusement device and sees flying sparks takes the chance that a flying spark may strike his eye.

And one who goes upon a revolving floor device for the purpose of being thrown from it, accepts the dangers inherent in the sport so far as they are obvious.

On the other hand, if the danger is not apparent or obvious, the operator of the device has a duty to warn the rider or spectator. It is the ordinary risk that is assumed, not the unusual. Where, for example, a device was operated on a particular occasion at an especially fast speed so that it jerked and jolted violently, a rider who was injured by these unusual conditions was permitted to recover.

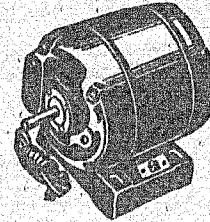

A patron of a place of amusement is entitled to be protected from hidden dangers, but he cannot go into a place of danger

which he appreciates and understands, and then recover damages if he is injured.

State Capitol NEWS

Austin — A luncheon that didn't happen in the Governor's Mansion on Monday had statewide repercussions. It could affect the fate of Texas' Democratic delegates at the presidential convention next summer.

Democratic National Chairman Paul Butler completed a six-day tour speaking of Texas at Houston. It was billed as an effort to restore harmony between the liberal and conservative Texas Democrats.

Mrs. Hilda Weinert of Seguin, loyalist national committeewoman, joined in inviting Butler to Texas. But she boycotted his numerous banquet meetings because, she said, the loyalist Democratic Advisory Council's chairman, Judge Jim Sewell of Corsicana, took over, and froze out contacts with the conservatives.

Gov. Allan Shivers invited Chairman Butler to a luncheon with state officials at the Mansion, to be held June 20. Butler replied that his schedule was "too tight" but he'd be glad to see Governor Shivers in any city where he was billed to appear.

That angered liberalist John McKelvey of Electra, who had arranged the reconciliation conference of Shivers and Butler in Washington in May. He resigned from the Democratic Advisory Council.

Austin politicians were studying the effect of Butler's speaking tour. Some of them thought there had been considerable "double talk," as Butler's statements could be interpreted to suit any view.

At Waco last week, Butler abandoned the "open door" theme of trying to lure back the Democrats who had voted Republican in 1952. He invited the Democratic Advisory Council, his host on the tour, to "organize" the 6,000 Texas precincts with loyal leaders, for next year's showdown.

A significant feature of Butler's tour was that four prospective candidates for governor on the liberal ticket basked in the photographer's flash-bulb limelight.

At Dallas, Supreme Court Associate Justice Will Wilson appeared in his former home city as master of ceremonies at the Butler rally of over 1,000 liberals.

John C. White, commissioner of Agriculture, sat at the head table.

Ralph Yarborough of Austin, strongly rumored as ready for a third try as the governor candidate of the liberals, started out with Butler at Lubbock and showed up at nearly all his meetings.

And Senator Jimmy Phillips of Angleton showed up at a Waco rally for Butler.

Present also were several other Senators who aren't prospective candidates for governor — and half a dozen House members.

Butler's Houston appearance was before the state convention of the Young Democratic Clubs. Virtually all the potential candidates for governor on the liberal ticket showed up there too. White delivered the keynote address at the opening business session and Yarborough also spoke.

Land Office Flaws A 95-page audit documenting investigations of irregularities in the Veterans Land Board has been released by State Auditor C. H. Cavness.

Cavness emphasized throughout his report the need for additional field supervisors and investigators — who can check continually to prevent irregularities in the \$100,000,000 loan program.

The audit covered the period from Sept. 1, 1951 to Jan. 4, 1955 (the last day Bascom Giles was

commissioner of the General Land Office and chairman of the Veterans Land Board). Land Inquiry Shifts

After winding up its sixth week of investigation before Justice of the Peace Travis Blakeslee in Austin, the court of inquiry into overall operations of the General Land Office moved to Corpus Christi.

Twenty land office geophysical inspectors stationed in Corpus Christi will be questioned there this week.

Rains Boost Crops

Unusually favorable moisture conditions throughout Texas have brightened the crop outlook considerably, says the U. S. Department of Agriculture.

Feed crops have made good development, according to USDA reports. Corn prospects are especially promising. Cotton prospects are "very promising".

Rains in scattered areas of central, eastern and northern Texas interrupted the harvesting of commercial vegetables, tomatoes in Central Texas and onions in North Texas.

Crops larger than last year are predicted for cantaloups, onions, potatoes and watermelons.

Defense Alert

William L. McGill, director of the state's civil defense organization, reports Texas' 1955 "alert" successful and highly realistic.

Had it been the real thing, Civil Defense Co-ordinator R. E. Dysart, said there would have been no casualties in Ft. Worth, but more than one-fourth of Houston's population would have been wiped out. Lubbock would have been a victim. El Paso would have been saved. Also Bergstrom Air Force Base near Austin.

High praise was given Nederland and its 5,000 citizens for moving "successfully and smoothly" in a mass evacuation.

Turnpike Bonds

"Biggest issue of 'municipal' bonds in Texas history, was sold in Austin at an interest rate fractionally above 1.9 per cent.

Several investment groups joined in buying the \$58,500,000 revenue issue of the Texas Turnpike Authority — first of its kind in Texas — and re-offering them to the public.

The money will build Texas' first toll road, between Dallas and Fort Worth.

ICE CREAM AND SPUDS PLENTIFUL IN JULY

College Station — Potatoes and ice cream are headlines on the USDA's plentiful foods list for July.

"In checking food stocks in

this area to determine what should be on the plentiful list, we found supplies of fresh fruits and vegetables larger than any time since last fall," says John J. Slaughter, field supervisor, Agricultural Marketing Service.

They include limes, lemons, watermelons, cantaloups, tomatoes, green beans, cabbage, lettuce, beets and sweet corn.

Also, canned and frozen lemon and lime juice, small size dried prunes and pinto beans are in good supply.

Beef, frozen halibut, broilers and fryers are the only meats on the July plentiful foods list.

Milk and related dairy products as well as rice, lard, vegetable fats and oils continue plentiful.

First Christian Church News

The month of June is the month for the election of officers for our church. New officers recently elected are: Oscar Boenicke, Chairman of General Board; D. H. Moore, Vice-Chairman; and Tom White, Secretary. Functional Committee chairmen are: Mrs. Norval Wylie, Christian Education; Mrs. Oscar Boenicke, Missions; Mrs. C. W. Stephenson, Worship; Mrs. Tom White, Service; Mrs. Coy Brooks, Evangelism; and Mrs. J. R. Gipson, Stewardship.

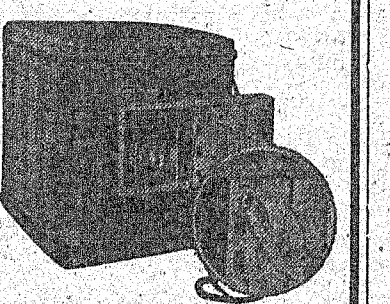

The Functional Committee chairmen will meet with the chairman of the General Board and the minister in the near future to choose the remaining members of each of the committees. Some of our members have already expressed their willingness to serve in any capacity that would help the church.

Plans are being made to put on a religious drive in the community, with the hope that every family will begin active participation in services of worship.

During the past month we have had four additions to our church. These came by confession of faith and baptism. They are: Sue Pritchard, Nelda Driskill, Harold Walker and Robert Pritchard. We had two services of Christian Baptism. These were evening services by cross light. Mr. Melvin Pollock was the soloist at the first service and Miss Lois Shields was the soloist at the second service, which was held the past Sunday night.

V. L. Grady, who was quite ill recently and placed in a Brownwood hospital, is reported this week to be improving. Mr. and Mrs. Ross Kelley and Mrs. R. C. Gay, a nephew and niece, visited Mr. Grady last Sunday. M. L. Guthrie, Sr. and Oscar Cheaney are looking after Mr. Grady and usually one or the other goes each day to see him. Mr. Grady, 87, will be having a birthday in early August. He has a very fine garden at his home awaiting his return.

Blanche Grantham Installed as Worthy Matron of O. E. S.

Blanche Grantham was installed Worthy Matron of Santa Anna Chapter No. 247, O. E. S., to the highest position in the subordinate chapter. Blanche took her station in the East with grace and dignity.

The Masonic Hall was previously decorated for this occasion.

The settings, decorations and appointments were in keeping with the Worthy Matrons theme of "Music". Upon entering the hall, attention was immediately focused on the background in the East, where a wrought iron musical score was centered around with myriads of pink roses and musical notes. Large silver harp entwined with fern and pink roses were placed in the windows under which burned tall pink tapers.

On the piano was a bowl of lilies centered with a silver Glocksenspiel. The secretary's desk was decorated with an arrangement of white shasta daisies in a crystal basket flanked with pink and white candles in crystal holders.

Each pedestal held a silver container of pink roses. Each chair was backed with silver lyre.

White urns of cadulium and tall baskets of white gladiola in the east finished the decorations.

The officers were attired in beautiful white floor length formal dresses decorated with silver star sequins. They wore rhinestone necklaces and corsages of pink roses. Each carried a small white Bible topped with a silver metallic nosegay, centered with a pink rose, with shower of pink, silver and white ribbons.

The program began with a candle lighting ceremony. Barbara House and Lois Ann Shields were candle lighters. They also were attired in white formal gowns.

The Bible was presented by

Lillian Herndon, after which followed the Lords Prayer, in unison, then the pledge of allegiance to the flag and "The National Anthem".

The welcome address was given by Virginia Shields, outgoing Worthy Matron, after which she presented the Installing Officer, Carmen Donham, who in turn, introduced the Assisting installing officers: J. Edd Bartlett, Installing Patron; Zuda Henderson, Installing Marshal; Retta Bartlett, Installing Secretary; and Fannie Bryan, Installing Organist.

The outgoing officers then retired, each taking with them a candle burning short to represent the year past. They marched out as Lois Ann Shields sang, "Day is Dying in the West", the outgoing Matrons closing ode.

The installing ceremony began with a march of the incoming officers led by Zuda Henderson, the installing Marshal. They were seated in the west in semicircle. Each was instructed in her duties, properly installed and escorted to her station.

The chapter jewels were presented to the outgoing Worthy Matron and Worthy Patron by the incoming Worthy Matron and Patron.

Then followed the address of the newly elected Worthy Matron, Blanche Grantham, in which she gave reason for selecting her years theme of "Music". Through music our universal language we are able to make ourselves known to all nations and all creeds. In this world and the next, music is our heritage and it is altogether fitting that we enjoy the inspiration and the challenge of the Symphony of Fraternalism.

Her scripture taken from Psalms 147:7 was, "Sing unto the Lord with Thanksgiving, make melody to our God, upon the Lyre." Motto: Harmony through Music. Emblem: "The Lyre." Colors: white, silver and pink. She explained her choice of these colors as being white for purity, silver for the sweet note of the lyre, and pink for the blush of a new dawn and from her chosen flower the pink rose.

In closing her address, she spoke briefly to her new officers and committee members, likening each to a musical note in a symphony, reminding them that each little note operated the law of harmony, which caused persons and things to work together without friction or discord. She then introduced the newly elected Worthy Patron, Jack Bostick, who gave his address, heartily endorsing this years theme and briefly touched on the benefits and pleasures derived in serving his capacity. As the installation

grew to a close, Lois Shields sang "May the Good Lord Bless and Keep You", as the new officers retired in beautiful march.

An informal reception followed with Worthy Matron, Blanche Grantham and Worthy Patron, Jack Bostick, leading the way to the table, where punch and angel food cake was served from a lace over pink cloth with all crystal appointments.

Teague-Johnson

Rev. Taylor Henley read the ceremony before an arch of greenery, yellow gladiola and blue carnations.

Wedding music was supplied by Miss Anna Hagelstein, organist and Bob Henderson, soloist.

The bride, entering the Church with her father, wore a gown of white lace over taffeta. Her circular white tulle veil was attached to a white half hat. She carried white flowers on a white Bible.

Maid of honor was Miss Janice Donham of Santa Anna, who wore a dress of yellow net over taffeta and a short sleeved lace jacket. Her fan bouquet was of yellow flowers.

Miss Carol Stone and Miss Lina Johnson, bridesmaids, wore blue dresses designed identically to the maid of honor. Diane Henderson of Sweetwater, flower girl, wore a dress of blue net over taffeta.

Following the ceremony a reception was held in the home of the brides parents.

After a weeks trip to Galveston, the newly weds will live in San Angelo where the groom has employment with a construction company.

There will be a Wedding Shower Saturday night, June 25, at 8 o'clock at the community building, honoring Mr. and Mrs. Clayborn James, who recently married here and are now living in Fort Worth.

Plans were completed Sunday morning for our revival meeting that begins Sunday morning, May 28th. The Church building will be air-conditioned and used for the meeting instead of using the Arbor as we usually do. Brother James Gilbert, Presbyterian Pastor of Houston, will be the evangelist with the other pastors helping.

Seybold Rowe's Own Mystery Farm No. 10

Seybold Rowe, who lives on Santa Anna Route One, 6 1/2 miles southwest of Santa Anna, in the old Line Community, is the owner of Mystery Farm No. 10, that appeared in last week's issue of The Santa Anna News.

The Rowe's purchased the farm from the C. B. Verner's in about 1940 and have lived there since that time. During this time he has built seven out buildings and put up a water tower, completely remodeled the house and improved the surroundings around the house and terraced all the cultivated land on the farm.

Very few unusual events have taken place during the time they have lived there, except for about a month ago when a heavy hail beat the roof off the home and lightning struck in the house, but did very little damage and did not set anything on fire.

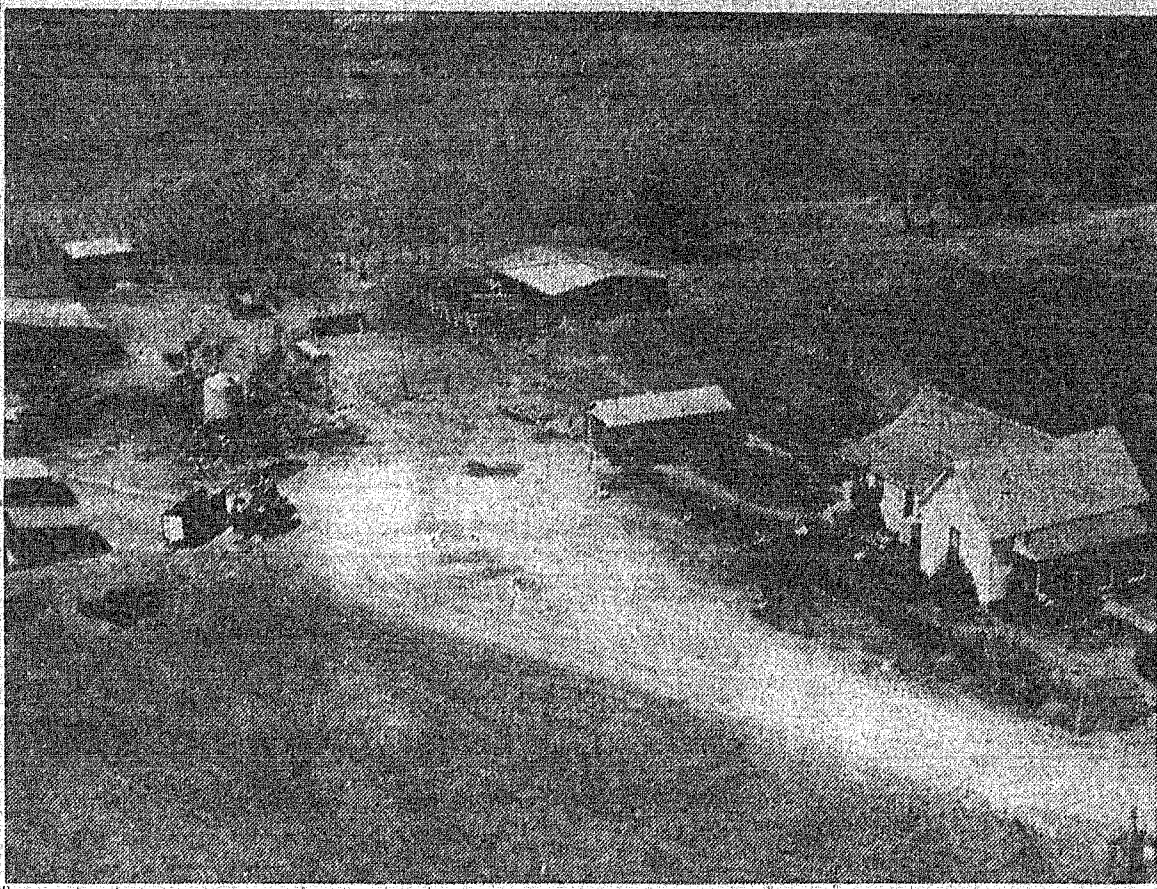

Asked what his hobby was, Mr. Rowe said, "Sleeping and going to the cellar lately. And I was sure glad I was in the cellar the night the hail storm did the damage to our home."

Mr. Rowe and Mae Petty were married in Santa Anna in 1918. To this union were born two sons and one daughter. The oldest son, Vernon, is now living at Balmorhea, Texas, where he is engaged in irrigated farming. He is married and has two children, Byron, 9, and Carolyn, 6. Jack Rowe is living in Carlsbad, New Mexico and he and wife have one daughter, Janice, 7. Hazel Jean, their only daughter, is married to J. E. Watkins of Corpus Christi, and they have two children, Jill, 2 1/2 years and John David, 4 months.

The Watkins family have been visiting the Rowes this week and all of them plan to visit the boys over the weekend and a part of next week.

Mr. Rowe said he prefers small

THE HOME OF MR. AND MRS. SEYBOLD ROWE

grain and stock farming, but since the drought he has had to curtail the grain farming and try to raise a few head of white-face cattle, as they are about the only way he can make the farm pay. He put 130 acres of his 200 acres in cultivation in grain this year, but the late freeze and drought got most of it. He took a chance and dry planted a part of it in sudan and is now grazing it. He has other row crops planted on most of the other cultivated land, except about 22 acres, which he has in cotton. He is also working 20 acres of cotton for Curtis Collins. About 110 acres of his farm is in pasture land.

He said he tried to keep his cultivated land planted and arranged in such a manner as to get as much grazing as possible from all of it. He uses most of

the feed he raises for carrying his cattle through the times he has to feed them.

Mr. Rowe said as soon as he gets another good underground season in this part of the country he was going back to the small grain farming. He hopes this is the year that will come about.

FINE ATTENDANCE AT BUFFALO SINGING

There was a fine attendance and some real good singing last Sunday afternoon at the Buffalo Baptist Church. More than the usual number attended from Santa Anna, Brownwood, Bangs, and other places were also well represented.

Old songs and new ones were featured with plenty of leaders and pianists. The next Third Sunday Singing will be held on July 17th in the Buffalo Methodist Church beginning at 2:00 p. m.

Don't trust in the ponies and you'll never have occasion to join a "Don't Worry Club."

Mr. and Mrs. Boyd Rainbolt of Fort Worth came on last Friday and visited until Sunday with her parents, Mr. and Mrs. W. A. Standly. Mr. Standly enjoyed their Father's Day thoughtfulness. He is able to be up town and around now and is looking quite well.

When the Mooneys were here recently from San Antonio, they took her mother, Mrs. B. M. McCain and Louie to Rankin, where they visited with Murray McCain and family. Murray is recovering from a serious illness. His wife and children brought them home and they visited in San Angelo with Mrs. McCain's brother, Angus Peoples.

Mr. and Mrs. Ernest Norris returning home recently to their home at Van Horne, from a visit with his mother at Anderson, Ind., and with other relatives at Fortville, Ind., and East St. Louis, visited a while with Mrs. B. M. McCain and Louie.

Fred Strange Identifies Farm No. 9

Fred Strange, who lives on the D. Strange home, one mile south of the Santa Anna-Bangs Highway, on the Coleman-Brown County line, identified Mystery Farm No. 9 as the home where he now lives and where his parents raised their family. Fred is now farming the farm and Mrs. Strange owns the farm.

Mr. Strange said he knew this farm had been in the family for 40 or 50 years, because he had lived all his life there, but did not know who his father had purchased the place from. It was partly put under plow in the early part of the century and up until about 1920 the land had gradually been put in cultivation. During recent years a few terraces have been built and more barns have been built. Repairs and general upkeep have also been kept up on the home and other out buildings.

In 1937 Mr. Strange was married to Miss Clara Rhodes. They have one daughter, Mary Helen, age 5, who will start to school in the fall. They are members of the Church of Christ. Both Mr. and Mrs. Strange have hobbies. His is making furniture and hers is raising flowers.

He has 675 acres in the farm and this year has 90 acres in

wheat, 50 acres in hogan and the remainder in oats and speltz. He also raises Hereford cattle for market. He usually sells when his cattle weigh about 600 pounds each. Cattle seem to be his favorite because they make the living when often times crops fail.

Before the drought Mr. Strange built some terraces and tanks, but as the drought got worse, his improvements were gradually dropped. Now since the good rains he plans some more terraces and tanks. However, he said he doesn't think he will change his crops. He said each farm is adapted to certain crops and he thinks it will do as well to plant the same crops each year, as it will to change them around. He does not hire any labor and at present does not have any additional building program in mind.

He said if the farmers had had a little money along, probably a lot of changes would have been made in farming. It looks like they have a good chance for the summer and fall crops now.

Lyle Pearce returned to his home at Louisville, Ky., on Tuesday after more than a weeks visit here with his mother, Mrs. John R. Pearce and other members of the family. He delivered a series of sermons each week night last week in the First Baptist Church under the theme of "God's Love".

God and Nations

Lesson for June 26, 1955

GOD is not an American citizen. He is not even Americanized. He is not and never has been a citizen of any country in the world. And yet, strange as it seems, all down through history, he has been thought of as if he belonged to one particular race or nation. A Scotch woman, in the era when France and the United Kingdom were more or less always at war, was reminded by her pastor that maybe there were God-fearing French women who were praying for victory for their nation too. "Oh," said the old lady, "who could understand those jabbering bodies?" The simple truth is that God is the God of all nations. The Bible is as clear on this as it can be.

Dr. Foreman God-fearing French women who were praying for victory for their nation too. "Oh," said the old lady, "who could understand those jabbering bodies?" The simple truth is that God is the God of all nations. The Bible is as clear on this as it can be.

God Controls

Three mistakes are commonly made at this point. One is that God is not interested in nations, only in individuals; that He cares a great deal what individuals do, but is quite indifferent to the doings of nations. The truth is that God is as much interested and concerned about what men do by the million as what they do by one. He is as much concerned with acts of Congress as he is with acts of congressmen; as much concerned with honesty in treaties as with honesty in personal contracts. Another mistake is to think of God as wanting to control the affairs of nations but not being able to do so, almost as if he read the headlines with as much alarm as you and I do. Another mistake, just the opposite, is to think that God controls nations the way a checker-player controls his men. They move when and where he moves them, they have no choice. Now the truth is that God does control nations, or else the Bible is all wrong. He

does not dictate all their actions, for God is never the author of sin. But when we read what is going on in the world, we must not read with despair, for God never lets nations out of his control.

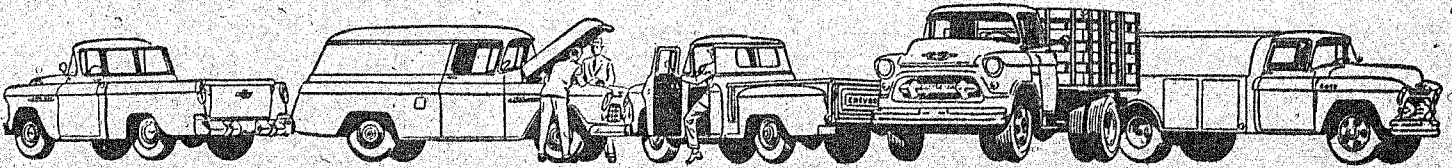

God Judges

If God literally dictated and brought to pass every happening in history, then God could be the judge only of himself. But he does judge the nations, as he judges individuals, for what nations do of their own free will and consent. Nations, as nations, can make right choices or they can make wrong ones. It has been often remarked that the mortality rate among nations is 100%. As the Bible sees it, the death of a nation is the judgment of God upon it. Now the point so often overlooked, indeed the point the average citizen of ancient Israel and Judah conveniently overlooked, is that God judges all nations alike. He is not like a referee who calls fouls on one team and never sees a foul if his favorite team makes them. He is not like a parent who brings some of the children up carefully and spoils his favorites. No person can be just, and God cannot be just, if his justice is only for some and not for all. We all know what to think of a judge who "fixes tickets" for his friends who violate traffic regulations. God, the Judge of nations, never fixes anybody's ticket. Let us put this into plain English in terms of our own American situation: If an act of another nation is "bad," really bad in the sight of God, then the same kind of act on America's part is just exactly as bad, maybe worse if (as we claim) we know God's will better than anybody. Or if what our nation does at any time is "good," really good in God's eyes, then the same act done by another nation is good too, and we ought not to resent it.

God Rewards

The prophet Zephaniah says what all the other prophets write in their own way, namely that God rewards nations that follow his laws. God does not of course reward nations in heaven, as he does people one by one. The reward of a nation is continuing peace and happiness—and sometimes power—on this planet. The reward of nations is to become the safe home of men and women who know and love and serve God. The reward of nations is to be the living evidence of the justice of a God who loves justice.

The makers of Super-Refined No-Nox, the clean-burning gasoline, now bring you a new super-refined motor oil...

New Gulfpride H.D. Select

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30. Lets you follow your car manufacturer's recommendation for each season.

...the only motor oil in the world super-refined by the Alchlor Process for modern high-compression engines.

Not a compromise, multi-viscosity oil that tries to be an "all-season," "three-grades-in-one" oil. Contains no artificial thickeners that break down in your engine and increase oil consumption.

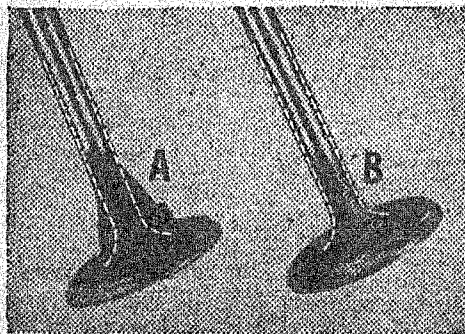

This completely new kind of motor oil—made possible by Gulf's exclusive Alchlor Process—is available in 3 grades to give you the finest protection, the best oil mileage for your make of car—in every season.

- Controls carbon—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- Combats corrosive acids, rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- Assures lower oil consumption than the multi-viscosity "all-season" motor oils, because it has natural viscosity and contains no artificial thickeners that break down in your engine.
- Provides the toughest protective film ever developed in a motor oil... assures better engine protection for all cars under all driving conditions.

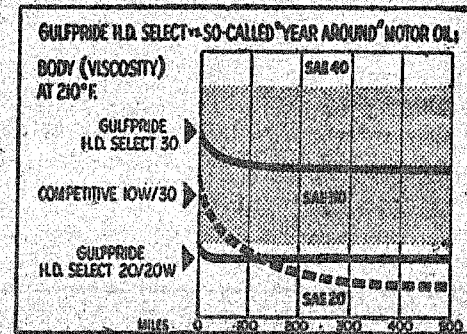

Now! For the ultimate in working octane performance and engine protection, always use Gulf's super-refined gas-oil team...

New Gulf No-Nox Gasoline
New Gulfpride H.D. Select Motor Oil

"Coked" valve "A" is from engine using a so-called "all-season," multi-grade oil. Coke-like carbon deposit is a cause of sluggish performance and ultimate valve failure. Clean valve "B" is from engine using new Gulfpride.

See how Gulfpride H.D. Select holds its "body" (viscosity). This new oil contains no artificial thickeners that break down under heat and pressure. But note how quickly a typical multi-viscosity 10W-30 oil starts to lose its body.

Wheat Growers Urged To Vote In Saturday Referendum

Quotas or no quotas is the question wheat farmers will decide in their wheat marketing referendum on June 25.

The vote, according to the Texas Agriculture Stabilization and Conservation Committee, will have an important effect on the marketing and price-support programs for the 1956 wheat crop. If two-thirds of the farmers voting approve quotas, quotas will continue in effect for farms with more than 15 acres of wheat along with marketing quota penalties of 45 percent of parity on the production from acreage in excess of the farm allotments. Price support on the crop in the commercial states, which includes Texas, will be available at 76 percent of parity or at a minimum national average of \$1.81 cents a bushel.

If more than one-third of the voters cast ballots against quotas, there will be no quotas or penalties on the 1956 crop but the available support price to farmers who plant within their farm allotment will drop to 50 percent of parity as provided by law.

The Texas ASC Committee points out that wheat acreage allotments are not being voted on. Regardless of how the vote goes in the referendum, acreage allotments will continue in effect. They may be dispensed with only in time of emergency, adds the committee.

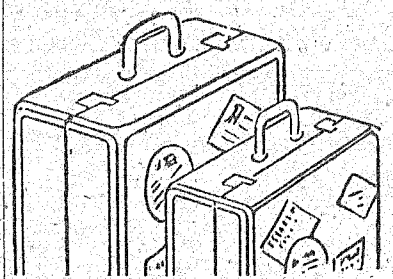

The committee points out that wheat supplies are now 66 percent more than the normal supply and large enough to meet current needs for domestic use and export for the next two years. Marketing quotas, by law, must be proclaimed by the Secretary of Agriculture when the total supply of wheat exceeds the normal supply by 20 percent.

Finally, the Texas Committee urges every eligible wheat producer — in Texas includes wives — to vote in the June 25 referendum. The decision is an important one. Growers with unanswered questions should contact their local ASC office for more information.

Doug Moore, Cliff Herndon and A. D. Pettit, of the local Fire Department, were in Dallas from Monday until Thursday of last week attending the Firemen's Convention.

Carl Ray and family, who have been living in Brownwood for quite awhile, have moved back to Santa Anna and are again occupying their home on South 2nd Street and Avenue D. His mother, Mrs. Lilly Ray, continues to make her home with them.

Going On A Vacation?

Don't forget your suitcase and luggage!

Now that sounds silly doesn't it? But strangely enough the records show that thousands leave their suitcases, handbags, hat boxes, purses and other personal items behind in bus stations, train depots and other terminals where persons come and go each year.

But more important than these is the fact that many persons leave behind those things that will give enlightenment and vision to life. When you go vacationing this summer don't forget your Bible and your daily devotional guides such as the Upper Room. (If you need a devotional guide call 372.)

Where are you going on your vacation? Sight-seeing? Why not try to have a new vision of God's will for your life while you are away.

Going Visiting? Why not visit with God in a new personal way and come to know Him better.

Going Fishing? Why not let Him, who said "Follow me, and I will make you to become Fishers of men," teach you the art of abundant living.

Going Camping? Why not let God show you how to pitch your tent of life in the land of the living.

Going Away? Don't forget your luggage! But most of all don't forget God. He never forgets you, nor overlooks you. He will keep him in perfect peace whose mind is stayed on Him.

County 4-H Leader Attends National Camp in Washington

Nancy Jo Adian of Fisk was one of the four Texas delegates to the National 4-H Club Camp held in Washington, D. C. June 15-22, who were honored for their achievement in 4-H work during a dinner held in Dallas June 14.

Miss Adian, one of the state's outstanding 4-H Club members, is the daughter of Mr. and Mrs. R. S. Adian.

F. B. Winbery, Dallas district manager of United Gas Pipe Line Company, host at the dinner, praised the accomplishments, enthusiasm and high ideals of 4-H Club members, expressing special pride in these delegates to the national camp. During a brief ceremony, Mr. Winbery presented framed certificates of merit to the honored guests.

United Gas, in cooperation with the Texas Agricultural Extension Service, sponsors a 4-H Junior Leadership Training program which annually awards 148 expense-paid trips, including these trips to the National 4-H Club Camp, in recognition of outstanding achievement in 4-H activities. The company sponsors similar programs in Louisiana and Mississippi.

Miss Adian, who will be a sophomore next term at Texas Technological College where she is studying home economics, has been a 4-H Club member for nine years. During that time she has held every elective office in her local club, including two terms as club president, and last year was named co-chairman of the Texas 4-H Council.

Other significant awards she has earned include a trip to the National 4-H Club Congress in Chicago, the Texas Home Demonstration Association's Maggle W. Barry Scholarship, the Gold Star award and numerous other honors and medals.

Her parents have been adult 4-H leaders in Coleman County for the past 10 years, and Miss Adian has a younger brother and sister who take an active part in 4-H Club work.

The other delegates to this year's National Club Camp are Margie Sellers, Whitesboro; Tommy Elledge, Mabank, and Roy J. Millhoan, Wildorado.

During their visit to the nation's capital, the 4-H delegates from throughout the United States had an opportunity to learn something about functions of the government, visit with members of Congress and other high officials, and see many historical shrines, including Mt. Vernon which was reached by a boat trip down the Potomac.

Among the Texas Agricultural

Extension Service personnel who attended the dinner at Hotel Adolphus honoring the young people were G. G. Gibson, director of the service; Floyd Lynch, State 4-H Club Leader; and Miss Mildred Harris, Assistant State 4-H Club Leader. Mr. Lynch and Miss Harris accompanied the 4-H delegates to Washington.

Mr. and Mrs. Tom Bowers and Cora, from Edgewood, were visitors at the week end with her sister, Mrs. Cecil Curry and family. The Currys son, Robert, of Cisco visited with them on Wednesday of last week.

Mr. and Mrs. Jesse Oakes and children, Francis Louise, and Jesse Carl, came last Friday from Corpus Christi for a visit with her parents, Mr. and Mrs.

Arthur Talley and Nell. When the parents returned home the children remained for a longer stay. Arthur Dean Talley, from the Air Force Base, Kingsville, was also a week end visitor with the home folks.

Mr. and Mrs. J. W. McClellan went to Austin on Thursday of last week where she will stay indefinitely with her daughters, Frances and Joan, while she is recuperating. She will also be with Mr. McClellan's sister, Mrs. S. E. Damon. Mr. McClellan returned home the same day.

Martha Goen returned here early last week from a trip she took with her aunt, Mrs. Jim Gill and husband of Coleman. The trip took them into Mississippi and nearly to New

Orleans. On Wednesday of last week the Gills entertained a group of F. F. A. boys from Murfreesboro, Ark., for lunch at their place north of Coleman and Martha and Joan Goen assisted in the courtesies. When the two girls were brought back to the home of their grandparents, Mr. and Mrs. J. F. Goen here, Kathy Goen went for a several days visit with the Gills.

Mr. and Mrs. Robert Spence of Dallas have been recent visitors with his mother, Mrs. W. A. Featherston and other relatives in this vicinity.

Miss Kathryn Baxter came home Monday from Waco where she has been teaching and will be living this summer in her home here.
