SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, OCTOBER 14, 1955

NUMBER 41

Pictured above are the operating staff of The Santa Anna Hospital and Clinic. The hospital is now owned by The Texas Conference of Seventh-day Adventists and is operated by a Board composed mostly of members who reside in Fort Worth. Also on the Board are one of the doctors and W. Tilden Jones, who is the hospital administrator. The Clinic is leased to Drs. William E. Tryon and Raymond C. Kraft.

Pictured from left to right are: Dr. William Tryon; Mrs. Mary Irick, clinic nurse; Mrs. Ada B. Ehrler, floor nurse; Elmo J. Kirby, Technician; Mrs. Paula Robinett, receptionist; W. Tilden Jones, Administrator; Marion Brown, maintenance; and Dr. Raymond C. Kraft.

New office hours for the clinic are from 9 to 12 a. m. and from 2 to 6 p. m. Sunday through Thursday and from 9 a. m. to 2 p. m. on Friday. Emergencies are accepted at any time.

Bargain Days Are Friday and Sat.

Friday and Saturday of this week are the monthly Community Bargain Days for the Santa Anna Merchants. Throughout the pages of The News you will find many worthwhile bargains at prices well below the usual selling prices. Be sure to check through the pages of The News, and plan your shopping tours accordingly.

J. F. Goen Passes Suddenly Wed.

J. F. Goen, long time resident of Santa Anna, died of a heart attack at about midnight Tuesday at his home. He had not been well for several months and had had several attacks. Mrs. Goen brought him up town late Tuesday afternoon and he visited awhile with his old pals at the depot. A fuller write-up will appear next week.

Mrs. W. F. Holt of Abilene has been visiting her sister, Mrs. J. T. Oakes, who has not been well for some time, but is improving.

Mountaineers Drop First Conference Game

The Santa Anna Mountaineers lost their first conference game of the season to Bangs last Thursday night by a 27-0 score. The Mountaineers penetrated the Bangs 20 yard line only one time, early in the fourth period.

Ronnie Bauer scored three TDs for the Dragons on runs of 16, 54 and 6 yards. The other TD came on a 12-yard pass from Ronald Hollford to Tommy Snow.

Other teams in the district had a fair weekend. Llano won over the tough Mason eleven by a 21-13 score in their first conference game; Burnet won over Thorndale by a 7-0 score in a non-conference game and Goldthwaite tied Class AA McGregor 7-7 in another non-conference game.

Mr. and Mrs. Fred Rae of Lubbock have been visiting with friends in Santa Anna and her daughter, Mrs. W. F. Gipson and family of Coleman. Mrs. Rae is the former Mrs. Annie Childers of Santa Anna.

Band Places Third In HPC Clinic Sat.

The Santa Anna Mountaineer Band attended the annual Band Clinic at Howard Payne College last Saturday and were awarded a third place in Class A Division which was represented by seven Class A Bands. Mason placed first, Cross Plains second, and Santa Anna third.

Plans are being made to crown the Football Sweetheart and Band Sweetheart at the game Friday night during the half-time activities. The Band Sweetheart's identity will be kept a secret until it is time for her to be crowned.

The band is also planning some entertainment for the ex-students who will be present for the game.

Mrs. C. D. Bruce, local postmaster, announced this week that the time set for mailing packages to the Armed Forces overseas has been set from October 15 to November 15.

The Post Office Department urges you to mail your overseas packages as early as possible in order that you will be assured it will be delivered before Christmas. If a Christmas package is late in being delivered, it doesn't help your relations overseas through the lonely Christmas season.

If in doubt as to how to wrap the package or what kind of package to send, you are invited to inquire at the post office. They will give you all the help necessary. Be Sure To Mail Early.

Eddie Hall Suffers Fatal Accident Friday Morning

Funeral services were held at the Hosch Funeral Chapel Sunday, October 9, at 3:00 p. m. for Hiram Eddie Hall, 46, who died about 9:30 Friday morning as the result of an accident suffered earlier that day. He died in the Santa Anna Hospital while under treatment for injuries suffered when he was thrown from a gravel loader he was operating on the Seybold Rowe farm south of Santa Anna. Mr. Hall was thrown into the hydrolic gear on the front of the machine and suffered a severe leg injury, and apparently from the shock of the injury suffered a heart attack after arriving at the hospital.

Mr. Hall was born in McCullough County December 8, 1908 and lived at Winchell most of his life before coming to Santa Anna in 1941. He was married to Miss Mattie Beatrice Gilbert, April 18, 1934, in Brownwood. He is a son of the late Mr. and Mrs. Parm Hall of Comanche County.

Survivors include his wife, Mrs. Beatrice Hall, one daughter, La Dell Hall, and one son, Orvel Hall, all of Santa Anna; two brothers, Leslie Hall of Fort Worth and Frank Hall of Winters; and four sisters, Mrs. Rena Plemister and Mrs. Ruby Russell of Fort Worth, Mrs. Lillie Bynum of Portland, Texas, and Mrs. Elsie Richardson of Comanche. All were present for the services. A number of nieces and nephews also survive. One son, Edwin Hall, age 8, preceded him in death in 1945.

Mr. Hall had worked with heavy machinery for a number of years, having been employed by the City of Santa Anna before accepting employment with Precinct No. 2 at the beginning of this year. He had a large number of friends throughout this area and always had a friendly greeting for everyone.

Flower bearers were Mrs. Sue Walker, Mrs. Gladys Haynes, Mrs. Vergie Loudermilk, Mrs. Mace Blanton, Mrs. John Gregg, Mrs. E. E. Blanton, Mrs. Otho Owen, and Mrs. Alton Taylor.

Interment was in the Santa Anna Cemetery under the direction of the Hosch Funeral Home.

Several hundred former students of the Santa Anna schools are expected to visit here on Friday and Saturday of this week for the annual Homecoming of all Ex-Students of the local schools. Indications are that about 500 will be present.

Elaborate plans have been made to entertain the former students, with plenty of time allotted for their visiting with each other. A tea will be held in the lunchroom from 9 to 11 a. m., honoring all students of classes ending in "5". The band will play a concert in the high school auditorium from 1 to 1:30 p. m. and the general assembly will be held at 2 p. m., when a variety program will be presented. Immediately following the program, the business meeting will be held. At 5 p. m. a barbecue supper will be served just outside the lunchroom and beginning at 8 p. m. a dance for all students will be held in the Armory building with the Faren Twins from Brownwood being the entertainers. Also at 8 p. m. a dance will be held in the gym for graduates of the high school this year and for the last four years. The Speech Class of the high school will present a comedy drama in the lunchroom at 8 p. m. for those who do not wish to attend the dances.

Jr. Mountaineers Win Fourth Game

The Junior Mountaineers won their fourth game in five starts Tuesday night at Goldthwaite when they uncorked a fast scoring three plays in the final minutes of the game to win 19-13 over the Junior Eagles.

The Mountaineers scored twice in the first period and made one extra point, to lead the first quarter 13-0. During the second period the Mountaineers were deep in their own territory and attempted a pass. It was blocked and then intercepted and the Goldthwaite boys only had to cover about 6 yards for the TD. Goldthwaite scored again in the fourth period to even the score.

With three minutes left in the game, the Mountaineers were on their own 40 yard line. In three plays they scored and racked up the game. The scoring plays were one long pass and two long sweeping runs.

Next Tuesday night the Juniors entertain Bangs on the local field at 7:30 p. m. They have beat Bangs once, by a close 6-0 score. Those of you who like to see good football should make every effort to see this game.

Fire Prevention Week Being Observed Here

This is National Fire Prevention Week, and members of the Santa Anna Fire Department are observing the week in a rather quiet but effective manner.

Doug Moore, local Fire Marshal, received a film a few days ago on Fire Prevention and it was shown at the Lions Club Tuesday and will be shown at high school auditorium at 2:00 p. m. Friday, October 14. All students of the school will view the film and the Fire Department requests that every citizen of Santa Anna who is interested in Fire Prevention be present to see the film. It is in color and has to do with how a town in Arkansas got rid of all their fire hazards in a two day period. It is very interesting and informative and everyone should see it.

The local Fire Department is not sponsoring the poster contest they have for the past several years.

There has been some misunderstanding concerning the tea. The directors of the association voted to honor all the students of classes ending in "5" this year and then in each succeeding year, the classes of the last figure in the present year will be honored. Next year the classes ending in "6" will be honored, then "7", etc. Everyone, including citizens of Santa Anna who are not ex-students, are invited to attend. Especially are all former students urged to attend. This two hours will be devoted mostly to visting among the former students, as very little program is planned during this time.

The Homecoming will actually get underway Friday night at the football game between Santa Anna and Goldthwaite on the local field at 8 p. m. Following the game, an informal gathering will be held in the gym for students to visit with each other. No program is planned at this time.

Lions Wearing Red Whisk Brooms

Every member of the Santa Anna Lions Club is supposed to have a red whisk broom with him at all times for the next week, with the exception of Saturday and Sunday, advertising the Broom and Mop Sale which will be held Thursday, October 20. The whisk brooms were issued the members at the Tuesday meeting and already a number of them have been fined 25 cents for being caught without them.

A display of all the items that will be on sale has been fixed in the west window of the Stockard Building just west of the Service Cafe. During the evening of Thursday, October 20, members of the Lions Club will canvass every home in Santa Anna and ask you to purchase some of these items.

Mohey derived from the sale of this merchandise will be put in the Lions Club fund for sight conservation. All items to be sold are made by Blind Workers of Texas.

The Texas Blind Shops Caravan Truck will arrive in Santa Anna Thursday morning and will be parked near the bank building. Sales will be made from the truck during the day. Business houses will be canvassed during the afternoon hours and the big selling job will start about 4:30 in the afternoon.

Be sure to watch for the Lions with their red whisk brooms.

Improvement In Credit Services Announced By Farmers Home Director

Further improvements in credit services to farmers are being made by the Farmers Home Administration, Walter T. McKay, the agency's Texas state director, said today.

Improvements in the management of the agency's operations were discussed at a training meeting held in St. Louis, Missouri, last week which Mr. McKay attended. A new employees training program, careful calendaring of state and county office work, public information responsibilities of agency employees, and how to get maximum use from administrative funds were discussed.

Farmers Home Administration officials attending the meeting were urged to take every step possible to further increase the participation by private lenders in the Insured Lending Program. These funds advanced by private lenders and insured by the agency along with funds appropriated by Congress are used by farmers to buy, develop and operate family-type farms.

"With the expansion in our activities that has taken place in the last two years it is more important than ever before that we place our operations in high gear and give prompt and careful attention to every loan application," McKay said.

During the past year the agricultural loans made and insured by the agency reached a record total of \$293,190,000 throughout the United States. Loans in Texas totaled \$47,480,000.

The increased cost of developing farming systems that will make full use of a farm family's land and labor resources and provide a good income, and the emergency conditions brought on by the drought, were the main reason for the increased credit activity.

Farmers in Texas are served through 135 county offices located throughout the State.

MRS. ED JONES FINDS RATTLE SNAKE IN GARDEN

Mrs. Ed Jones was working in her garden last Friday morning in her sweet potato patch when she found a small rattle snake, about a foot long and having four rattles.

She killed the snake with a butcher knife and was showing it to local residents in town soon after the kill.

Mrs. Charles Yancy and daughters, Linda Kay and Connie Jean, returned Sunday morning to their home in Lufkin after a visit with her grandmother, Mrs. Joe Cochran, since the Monday previous. Mrs. Yancy is a daughter of Morris Nabours of Nacogdoches.

Compulsory School Attendance Law Reminder to Area

Since the Compulsory School Attendance Law requires that every child in the State of Texas who is seven years and not more than sixteen years of age must attend school for a period of not less than one hundred and twenty days. Parents of children within the compulsory school ages not yet enrolled in school are reminded to enroll their children at once.

School officials of Coleman County will welcome a report on any children within the compulsory attendance age group not enrolled in school.

Gonzales Warm Springs Foundation belongs to the citizens of Texas, being built and maintained by their support. It now has a bed capacity to accommodate from 140 to 150 patients; thus meeting the increasing demand for treatment and care of the physically handicapped people of our state.

Mrs. Sarah Evans of Waco, was a week end visitor with her aunt, Mrs. M. L. Guthrie, Sr. She came with Miss Kathryn Baxter.

Mr. and Mrs. Otis Bivins left Tuesday morning for Meeker, Colorado, on a ten days hunting trip with friends there. This is Mrs. Bivins's first hunting trip there, though she has been to Colorado before. They are prepared for cold weather and will hunt elk and deer.

Sonja Dunn Receives Treatment For Polio

Gonzales — Sonja Sue Dunn, one of Coleman County's young citizens and daughter of Mr. and Mrs. J. A. Dunn of Santa Anna, is currently undergoing treatment at Gonzales Warm Springs Foundation for Crippled Children.

Sonja was referred to this hospital of physical medicine and rehabilitation following a siege of polio suffered July 26, 1955, and was admitted September 19, 1955.

Applications Being Accepted To Take Postmaster Exam

An examination for Postmaster at Santa Anna, Texas, paying \$5,056 a year, will be open for receipt of applications until November 1, 1955, the Civil Service Commission announced today.

The Commission is taking all possible steps through special publicity to civic and other community organizations to encourage well qualified persons to apply for the examination.

Competitors for the postmaster vacancy in this city must have at least 2 years of experience showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise employees so that customers are satisfied with the service.

Competitors must show that they can deal with the public agreeably and effectively and that they are reliable citizens who would command the respect and confidence of patrons of the post office.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, ability, and character. There is a 1-year residence requirement and all applicants except those entitled to veteran preference must be at least 25 years of age. There is no maximum age limit.

Complete information about the examination requirements and instructions for filing ap-

plications may be obtained at the post office for which this examination is being announced. Application forms must be filed with the U. S. Civil Service Commission, Washington 25, D. C., and must be received or post-marked not later than November 1, 1955.

Santa Anna 4-H Club Organized

On September 24 the 4-H Club met with Mrs. Jike to organize and elect officers for the coming year. The officers elected were: President, Carolyn Carpenter; Vice President, Kay Beasley; Secretary - Treasurer, Donna Lee Walker; Reporter, Jo Ann Wallace; Council Delegate, Mary Ford; Recreation Leader, Sandra Hartman; and the adult leader, Mrs. Robert Markland.

The 24 girls present repeated the 4-H Motto, Pledge and Prayer, and it is our goal to learn these.

On October 5th the Club met with their adult leader and five new members were present. The Year Books were passed out and Mrs. Markland discussed using a meat loaf salad as a main dish, showing the way it is prepared and planning a supper around it. She also showed the proper table setting.

Members of the club are to prepare a meat salad for our families, remembering the importance of protein foods.

Our next meeting will be on October 19.

Christian Women's Fellowship Meeting

The C. W. F. of the First Christian Church met in regular session on Wednesday, October 5th, in the Annex.

The meeting was opened by singing "Love Divine". Mrs. Oscar Boencke was in charge of the devotions, based on "The Great Spirit."

"Bridges Between Two Worlds" was the topic for discussion, in a continuing study of the North American Indian. The government, churches, Indian Tribal Councils and other organizations, are helping to build bridges between the two worlds in which Indian Americans live today. The government still puts up millions of dollars annually in caring for the Indians. The good in both Canada and the U. S. is toward enrolling Indian children in public schools.

Mrs. Bill Pritchard, the president was in charge of a short business session, when routine business was conducted. Plans for the bake sale on October 14 were completed. The Fellowship voted to assume responsibility of paying to get the church and annex grounds kept in good order. Those present besides those mentioned were: Mrs. J. R. Gipson, Mrs. Charles Benge, Mrs. Tom White, Mrs. Doug Moore, Mrs. Clifford Stephenson, Mrs. Preston Bailey, Mrs. Norval Wylie and Mrs. A. L. Oder.

Mrs. Vanderford Host To 20th Century Club

The 20th Century Club met on Friday, October 9th, with Mrs. W. E. Vanderford. Autumn flowers decorated the living room and regular business was attended to.

Mrs. Edd Jones read an article entitled, "Straight Talk", by Tom Anderson in a recent Farm and Ranch. The article touched on waste in the Federal government and gave information how it could be cut down. It was voted to continue secret pals and they will be drawn at the next meeting.

The hostess served white cake squares, potato chips, candy, coffee and punch. The next meeting will be with Mrs. J. F. Goen on November 4th.

Those present besides those mentioned were: Mrs. Warren Aldridge, Mrs. Bill Pritchard, Mrs. Dough Moore, Mrs. Clifford Stephenson, Mrs. Arthur Talley, "Ma" Stanley, Mrs. Sam Rutherford and Mrs. A. L. Oder.

It was voted to resume meeting at 2:00 p. m. each time beginning with November.

Mrs. Carl Horne and Gaylynn of Waco, came Sunday for a visit through the week in the home of her mother, Mrs. Fred Turner and family.

Miss Sarah Ramsour of Dallas is visiting with the Misses Florence, Ruby and Elsie Lee Harper.

Ellis-Stewardson Engagement Announced

GAYLE DEANE ELLIS

Mr. and Mrs. Raymond Ellis of San Saba have announced the engagement and approaching marriage of their daughter, Gayle Deane, to William Burgess Stewardson, son of Mr. and Mrs. W. T. Stewardson of Santa Anna.

Miss Ellis was a member of the 1955 graduating class of San Saba High School.

Mr. Stewardson, who graduated in 1954 from Santa Anna High School, is engaged in the ranching business near Santa Anna.

The wedding date has been set for Saturday, November 5th, at 5:00 p. m. at New Hope Presbyterian Church at Sloan, near San Saba. The couple will make their home on his father's place south of Santa Anna.

Garden Club Met With Mrs. Sam Collier Friday Afternoon

The Mountain City Garden Club met in regular session on Friday afternoon, October 7th, with Mrs. Sam Collier.

Fall flowers attractively arranged were used for decorations in the living room and dining room.

The Care and Culture of bulbs was the program theme.

Mrs. J. Edd Bartlett discussed, "Know Your Bulbs." Mrs. J. R. Gipson, talked on planting and care of bulbs. Autumn is a good time for planting most bulbs.

The club has completed their project of putting caliche on the streets in the cemetery. The county and especially Walter Holt, rendered fine assistance on the project.

The next project on the agenda is the landscaping of the school grounds with several clubs cooperating.

There were about 15 members attending the meeting.

Mrs. Paul James of San Antonio and her daughter, Evelyn James, of Texas Tech, Lubbock, met here for a weekend visit in the home of Mrs. James' parents, Mr. and Mrs. Rex Golston.

Mr. and Mrs. Reynold Buse attended funeral services for Mrs. Will Davis in Bangs on Tuesday afternoon of last week. Mrs. Davis was a grandmother of Mrs. Buse.

First Baptist WMU Has Royal Service Meeting Monday

The W. M. U. of the First Baptist Church met in the church annex Monday afternoon, October 10th, at 2:45, for the first missionary program for the New Year.

Mrs. Seth Risinger, Program Chairman, was in charge of the meeting. The program topic for October is "Come Women Wide Proclaim."

The meeting opened with a hymn, "I Love Thy Kingdom Lord."

Prayer by Mrs. Dovie Chapman and next was the W. M. U. Watchword in unison, 1 Cor. 3:9.

Devotions, "Come Women! They came in Bible Days," Matt. 28:1-8, Mrs. Purvis Song, "Hark the Voice of Jesus Calling", by the group. Talk, "Come Women! Wide Proclaim", Mrs. Carl Autrey; Talk, "Come Women! Follow in their Train," Mrs. Stacy; Talk, "Come Women! Sisters from many lands", Mrs. Paul Pembroke; Talk, "Come Women! Speak", Mrs. John Brown; Song, "The Kingdom is Coming."

There was a good attendance, about 18 or 20 being present for the interesting program. A business meeting in charge by the president, Mrs. Paul Pembroke, was held at the close of the meeting.

Epsilon Sigma Alpha District Meeting In San Angelo

Representatives from Brady, Brownwood, Coleman, Orona, San Angelo, Santa Anna and Stephenville, attended the District Seven meeting of Epsilon Sigma Alpha at the Cactus Hotel in San Angelo, on October 2nd. Registration began at 11:00 a. m. with coffee served demitasse style.

At 12 o'clock Emma Lou Brinks of Coleman gave the invocation and steak with all the trimmings was served in a private dining room of the hotel. An autumn theme was carried out. Autumn leaves, grain and ears of different kinds of corn, flanked avocado green candles, centered the tables. Place cards were colored autumn leaves.

The business meeting convened with the president, Margaret Poulter of San Angelo, presiding.

A new district project was discussed. It was voted that the district help in the support of the Handicapped Children's Treatment Center in San Angelo.

Neil Stearnes of Coleman and Margaret Green of San Angelo, were appointed to find the centers most urgent needs.

A film on the Center will be shown at the next district meeting to be held in Stephenville, January 15th, 1956.

Those attending from Santa Anna were: Mrs. Charlotte Burney and Mrs. Billie Guthrie.

Miss Alice Anna Guthrie of Sherman, was a visitor here with her parents, Mr. and Mrs. M. L. Guthrie, Sr. Alice Anna is Assistant H. D. Agent of Grayson County.

Mr. and Mrs. Charles Benge visited Sunday afternoon in San Angelo with his mother, Mrs. Lura Benge, who is in her 80's.

General K. L. Berry, State Chairman for the 1956 March of Dimes, and Maurice Heath, veterans in the fight against polio, point the way to the 1956 March of Dimes planning for Texas. Maurice, age 7, after 5 years of treatment hopes to discard braces and crutches soon. General Berry again leads the fight against polio in 1956.

Second Sunday Singing Held At Christian Church

The regular Second Sunday Singing was held in the First Christian Church on Sunday afternoon beginning at 2:00 p. m.

Because of the funeral the attendance was not so large, but the singing could not be called off on account of so many who attend from a distance.

Mr. and Mrs. Bertrand of Cross Plains were with us again. He taught a singing school in this vicinity more than 50 years ago. Mr. and Mrs. F. E. Meek of near Brownwood were here also. He taught a singing school near Santa Anna many years ago and our good school here last summer. There were a number

of fine singers and leaders from Brownwood, some from Coleman, Mr. and Mrs. Walter Stacy and others from Trickham and those from out of town. Rev. Rodney Hitt, pastor of the church, led one song, very acceptably and his wife sang a solo.

Mr. Meek announced an all day meeting next Sunday at Clear Creek School House on the old road between Bangs and Brownwood. The affair is sponsored by the Cemetery Association. Viewing the graves before noon and dinner at noon are features with singing all afternoon. Mr. Curry announced there would be no singing at Buffalo next Sunday afternoon and singers from there would go to the Clear Creek singing.

HINTS ON FALL CARE OF LAWN OFFERED

College Station — Lawn grasses will remain green longer in the fall and grow off earlier next spring if given an application of a complete fertilizer at least 30 days before the first expected hard freeze.

Too, E. M. Trew, extension agronomist, says when the lawn grasses go into the winter in a healthy, vigorous condition, winter weeds have less chance to grow and are less of a problem.

If the fertilizer application is made too late, Trew points out that some grass may be lost from a hard freeze and also that the fertilizer cannot be fully utilized by the grass before it goes dormant.

The specialist recommends a fertilizer of the 2-1-1 or 1-1-1 ratio. Application should be made at a rate to supply two pounds of actual nitrogen per 1,000 square feet of lawn. This amount of nitrogen would be supplied by 20 pounds of 10-5-5 or 10-10-10 or 25 pounds of 8-8-8. He adds that some soils do not need potash but since the cost is small, it is good insurance and may give excellent results. Trew recommends dividing the

fertilizer, that is, apply half then spread the remainder at right angles to the first application. This, he says, will help insure even distribution.

Give the lawn a good soaking after the fertilizer has been applied. The grass can't use the plant food without moisture. Soak the soil to a depth of at least six inches or better until the moisture meets. If the soil is wet when the fertilizer is applied, wash it off the grass onto the soil.

Bermuda lawns are sometimes overseeded with ryegrass to keep the lawn green during the winter but Trew says unless the ryegrass is kept closely clipped, it competes with Bermuda for light, moisture and plant food in the spring. Italian or annual ryegrass should be used if overseeding is practiced for these plants die in the spring. Finally, Trew says, give the lawn good care now and enjoy its beauty next spring.

Free Pamphlet Tells How To Wrap Pkgs. For Best Mailing

Helpful facts about wrapping and shipping packages are contained in a well illustrated pamphlet entitled "Packing and Wrapping Parcels for Mailing" available free at the Santa Anna Post Office October 15, 1955. Postmaster Bruce announced today.

A new publication from Postal Manual, this pamphlet describes the types and sizes of cartons best suited for outer and inner shipping containers; gives details for the internal protection for goods being shipped; lists hints on wrapping chinaware, stemware, framed pictures, books and other goods; and gives instructions for marking various types of parcels to insure the quickest possible delivery. Written instructions are high-

lighted by numerous illustrations showing how to wrap and tie packages securely. Drawings of various types of containers and boxes and the best way to use protective material to guard goods against breakage are also used.

"If used in conjunction with the free pamphlet, "Domestic Postage Rates and Fees", issued a few months ago, this pamphlet should answer practically all questions any user of the mails might have on fees, rates, special services, and protection of parcels in transit," Mrs. Bruce commented.

The postmaster emphasized that much of the delay in delivery of parcels, particularly at Christmas, and most of the damage enroute is due to lack of knowledge of basic rules to follow in mailing packages.

"I hope patrons of the Santa Anna Post Office will avail themselves of these two free pamphlets: "Packaging and Wrapping for Mailing," Post Office Department Publication No. 2; and "Domestic Postage Rates and Fees," Publication No. 3; which will answer most of their mailing questions, demonstrate the best methods of packing goods, and help the postal employees throughout the nation in their important work of moving the huge volume of Christmas parcels," Mrs. Bruce said.

Mrs. Mark Davis returned to her home Saturday morning from Houston, where she had been a patient in Anderson Hospital for several weeks. She had surgery twice and other treatments. She is reported to be greatly improved. She came by train to Brownwood and Mr. Davis and Patricia met her there and brought her home. They had been with her in Houston until last week.

Mr. and Mrs. Charles Scarborough and Carol Ann, Mr. and

Mrs. C. W. Stephenson and Gary of Abilene, and Mr. and Mrs. Gerald Pruitt and Kenneth, and Mr. and Mrs. Jackie Pruitt and Jackie Jr., of Dallas, were weekend visitors in the Clifford Stephenson home. The Pruitts attended the Bruton family reunion in Bangs Sunday. Eighty-one direct descendants of the N. T. Brutons had dinner together and more than 100 registered. Mrs. Gerald Pruitt and Kenneth remained in the Stephenson home for a visit through the week.

Mrs. Eva Kerr and her daughter, Kathryn, of Coleman, visited on Saturday with Mrs. Annie Munger and her daughter, Mrs. Bettie Sackett. On Saturday night and Sunday Mrs. Munger and Mrs. Sackett visited with their daughter and sister, Mrs. Jim Williams in Brownwood.

Mr. and Mrs. Louis Zackary were in Brownwood Sunday afternoon to visit his cousin, Mrs. Lovell Richardson, in a hospital there. She seems to be doing as well as could be expected with the leg which was broken lately. She is a bed patient, but can be put in a wheel chair.

Mr. and Mrs. Winston Conley of Temple came on Thursday of last week and took some of the household goods of his mother, Mrs. Eva Conley, back with them. While here they visited briefly with the Clifford Stephenson's and the W. E. Vanderford's.

Frances McClellan was home for the weekend from Denton, where she is a senior at N. T. S. C.

Mr. and Mrs. Sam McCrary have sold their farm south of town to Raymond Kelley of Coleman. Mr. and Mrs. McCrary will be moving into Santa Anna when they can find a suitable place. Mr. McCrary has not been well of late and they are retiring from farm life.

Miss Bettie Blue returned to her home Saturday from a visit of several weeks with a nephew and niece, M/Sgt. and Mrs. William C. Spencer at Fairchild near Spokane, Wash. While there Miss Bettie made the acquaintance of a new son of the Spencers, named John William Spencer. They have another son, Tommy, age three. Miss Bettie came by Snyder and the Oran Henderson's brought her to Santa Anna and they visited over the weekend with her parents, Mr. and Mrs. Hardy Blue.

Mr. and Mrs. Ellis Densman and their three children, Bobby Joe, Denny and Brenda, left on Sunday morning for McGregor where they will make their home. Mr. Densman has been employed there for several weeks. Their relatives and friends hope the move is only temporary. The boys took their sheep and goats with them.

Kenneth Grant, son of Mr. and Mrs. Sam Grant, left Sunday for Great Lakes, Ill., having volunteered for the Navy. He hopes to make the Band, having had 8 years experience, playing in bands. If he doesn't make the band, he will volunteer for another branch of the service.

Mr. and Mrs. Richard Smith are making some extensive improvements on their home on Crockett Street. Two rooms are being added on at the rear, which when completed, will give them a six room and a bath home, which includes 3 bedrooms and a separate kitchen and dining room.

Mrs. Leo Healer and Mike of Brownwood were Sunday visitors with her parents, Mr. and Mrs. A. Hefner.

Mrs. J. F. Simmons is visiting her granddaughter, Mary Jee Minx at Earth, Texas, for 10 days or two weeks.

Small Business Loans Available In Disaster Counties in State

O. C. Jones, Acting Regional Director of the Small Business Administration for the Southwest area, today announced that SPA is now prepared to make drought disaster business loans in officially designated drought areas.

Under the law enacted by the last session of Congress, the Small Business Administration is given authority to make drought disaster business loans at 3 percent interest to firms able to show they have actually suffered economic injury attributable to the drought.

Mr. Jones said 493 counties in the Dallas region have been officially declared as drought areas by the Secretary of Agriculture. They include all counties in Texas, Oklahoma and Arkansas; 49 counties in Louisiana; 27 counties in the lower half of Mississippi and 3 counties in Alabama.

Business firms in these areas are eligible to apply for a drought disaster business loan, if they can show that their business has been injured because of drought conditions. Such presentation may be in the form of comparative operating statements, excessively large accounts receivable, a decline in sales volume because of the drought, or similar information. The loans may be made for a term of 10 years, and the proceeds must be for the most part, confined to working capital. However, refinancing of indebtedness (except bank loans) on which delinquencies are directly attributable to the drought, is permissible. No drought disaster business loans will be made for the expansion of facilities, and collateral requirements are the same as for other types of disaster loans. Loans will not be made where credit is otherwise available, nor, generally, to any business established during a drought period. Farmers and stockmen are not eligible for drought disaster business loans. They should apply to the Farmers Home Administration for

assistance.

Mr. Jones emphasized that banks in the area have been invited to participate in the new drought disaster loan program. Active participation by the banks will not only help assure loan applicants of quick service, but will also greatly reduce the cost to the Government of making the loans. Banks are urged particularly to aid the Small Business Administration in disbursing and servicing the loans. Many banks have already indicated that they will cooperate in the program as a public service to their communities, helping firms hard hit by the drought to obtain credit not otherwise available, Mr. Jones said.

Businessmen eligible for a drought disaster loan should apply to their local bank, or to the nearest office of the Small Business Administration. The Dallas Regional Office of the Small Business Administration is located at 1114 Commerce Street. Branch Offices are located at: Houston, Oklahoma City, Little Rock and New Orleans.

Schools Should Have Health Programs

Austin — Every school should have a definite school health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the schoolroom, and the personal practices of the teachers and children are the bases of the school health program, said Dr. Henry A. Holle, Commissioner of health.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in schools and are under the supervision of school staffs

for a substantial part of the day for approximately half the days of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone however cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, it is fortunate that many people and groups, in addition to schools, are greatly interested in promoting health. Parents have a prime responsibility.

Physicians, dentists, nurses, health officers, social and welfare workers and their official organizations, such as medical, dental and nursing societies, health departments and voluntary health agencies are all rightly concerned with health activities in their communities.

EYES SHOULD RECEIVE EXPERT CARE

Austin — Emphasizing the urgent need for parental supervision of all phases of child health, Dr. Henry A. Holle, Commissioner of Health, said today, "Much of the impaired eyesight of advanced years could be prevented if sufficient interest in early life were applied and a temporary correction by means of glasses made when required."

Parents should be watchful for conditions in the child such as frowning, squinting, persistent headache, eyeache and watery eyes. If the youngster reads too closely or too far away from the face, that situation may also be

significant of trouble.

No child fancies wearing glasses. Nevertheless, it is the obligation of those responsible for the future of young folks to have their eyes examined by a reputable specialist if any doubt rises that normal vision does not exist. It is much better for a child to wear glasses for a few years during early school life than to have permanently defective vision in later life.

According to the Commissioner

of Health, any acute condition of a child's eyes calls for immediate treatment by person that specializes in diseases of the eyes.

Dr. Holle said neglect of the eyes by no means is limited to children. Many older persons, some through vanity, indifference or carelessness fail to give proper attention to the care of their eyes. Penalties, he warned, are bound to occur for such inexcusable negligence.

The eyes of the young, middle

aged and older persons represent perhaps, one of the most priceless of bodily possessions, the Commissioner asserted. To take care of them promptly and properly is a responsibility that should never be sidestepped.

Mrs. John McIntire and son, John, of Odessa, came Sunday night for a visit of a week with her son-in-law and daughter, Mr. and Mrs. Ray E. Martin and children.

JOHN WHITE RAPS SENDING FARM SURPLUS, MACHINERY TO RUSSIA

State Agriculture Commissioner John C. White claims, in his current newsletter to citizens, strong public support for his stand in a Pleasanton speech, opposing the sending of American agriculture machinery to Russia. White also said he is opposed to marketing our surplus farm products in the free world are hungry.

"Russia apparently is being slowed in military preparations by the failure of collective farming to produce enough food and fiber," White said. "We should give the matter some mature consideration before we aid in building up their agricultural potential. After all, food and fiber are as basic to warfare as

guns and planes. Until we are certain of Russia's intentions, I think we should proceed with extreme caution."

White's view is realistic. When we were at war with Germany and Japan, no one came forward with plans to aid the Germans and Japanese, which in turn would have aided Hitler and Hirohito in their conquests. We are engaged in a cold war with Russia, which may break into a shooting war at any time that Russia feels she can win. Communists are engaged in world conquest.

Obviously one of the compelling reasons for Russia's making peace overtures now is to gain time to quell the restlessness of her people at home. The Russian people are restive because of the shortage of consumer goods.

Are we to provide the machinery for light industry to rescue Russia before we even know what the Communists are planning?

As White said, caution is best until we know their intentions. These intentions must be proved by acts, not by propaganda.

Farmers Have Two Questions Concerning Social Security

"Judging from our mail and personal inquiries, most farmers of this area have two questions to ask about the new social security coverage," says Ralph T. Fisher, Asst. Mgr., of the Abilene Social Security Office.

He answered the query on possible employer-employee relationship between the landowner and the tenant, as follows:

"The tenant is self-employed if he agrees to produce a crop or live-stock on the land of another, with the crop or its proceeds to be divided and with the amount going to each depending upon the total of the crop. It does not matter whether the tenant or the farm owner pays the expenses of raising or harvesting the crop. Seed, feed, fertilizer, tools, machinery, insecticides, etc., may be shared or provided by either the farm owner or the tenant. A "share-cropping" arrangement bears some likeness to a partnership, but usually there is no intent to form a partnership, but merely an agreement for a sharing of the crop or proceeds. Many of the usual indications of a partnership are lacking, such as joint liability for debts, joint bank accounts, holding out as partners, etc."

The question on employer-employee relationship between the farm operator and harvesting or other crews, is answered this way:

"Employees are often made available to farmers by a 'labor contractor' or 'crew leader'. Some are the employee agents of the farmer; others are acting on their own and thus self-employed in their own right."

"If the farmer has the right to control and direct the crew leader in his work, then the crew leader and members of the crew are employees of the farmer."

"Where the crew leader agrees to perform an entire farming operation such as harvesting

4-H'ers Eliminate "Accident Havens"

How many hazards can you find?*

SAFETY, a crop to be harvested on every farm and in every home, is receiving special attention from more than one-half million 4-H Club members taking part in the 1955 National 4-H Safety Program.

As a part of their 4-H Club work, members in all 48 states are correcting hazards such as those seen in the above drawing. They are attempting to reduce the Nation's annual farm toll of 14,500 lives, 1,250,000 injuries, and an economic loss of about a billion dollars.

4-H'ers, working as individuals or in groups through their local clubs, conduct surveys to locate hazards, then correct the unsafe conditions. They give demonstrations on hundreds of topics pertaining to farm, home and highway safety. Members present talks before group meetings and over radio and television; put displays in store windows; and build booths at fairs.

To assist the Cooperative Extension Service in conducting the 4-H Safety Program, General Motors has just published a new "4-H Safety Handbook for Local Leaders," which provides how-to-do-it ideas for carrying out successful safety programs. Copies of the manual will be distributed to volunteer 4-H leaders through County Extension Offices.

In addition, GM provides incentives in the National 4-H Safety Awards program which is arranged by the National Committee on Boys and Girls Club Work. Medals are made available to four county winners; an all-expense trip to the National 4-H Club Congress in Chicago is given to the state winner; and \$300 college scholarships are presented to eight national winners.

*In the drawing, there are more than 35 accident hazards or unsafe practices shown. Don't let them occur on your farm or in your home.

Mrs. J. C. Morris Dies In Dallas Sat.

Funeral services were held on Monday morning in Dallas for Mrs. J. C. Morris, who died on Saturday, after a long illness. She had undergone brain surgery about two years ago and had been in failing health since. She had gotten worse on Friday before her death. Some of these details were learned when Ruth Morris phoned Mrs. Sam Collier Sunday. Elizabeth and her husband of Detroit, Mich., had arrived on Friday. Mr. and Mrs. Morris and the two daughters lived in Santa Anna for many years, a part of the time in the house near the hospital, now occupied by the Milton House family. Mrs. Morris was a member of the Baptist Church and was known and loved for her sterling qualities. Ruth, the President of the State Technological Society, was employed at the Terrell Lab. in Fort Worth. She has continued to live with her parents and makes the trip from Dallas each day.

grain, fruit, cotton, or any other crop, and is not subject to control and direction by the farmer, he is self-employed. Members of the crew or group used by the crew leader are his employees, and the taxpaying and reporting duties are his, as he himself is self-employed."

Farmers wishing more detailed information are invited to write for the free booklet, "How Social Security Covers Farmers" from Social Security Administration, Box 1641, Abilene, Texas.

HOW TO MINIMIZE RISKS

Whenever you are asked to sign something, your signature should be a warning signal that in some way you may become legally obligated by what you sign.

Usually you are asked to sign something as a result of a business transaction, such as a contract, a receipt, an order, a release, an option, a mortgage or

Everett Hickman Is Owner Of Farm No. 26

Mystery Farm No. 26, the home of Mr. and Mrs. Everett Hickman, is located 1½ miles west of Santa Anna on the new highway now in the process of being completed. The Hickmans have lived on the farm since the fall of 1919, when they purchased it from Mrs. Hickman's parents estate.

Mr. and Mrs. Joe Green, Mrs. Hickman's parents, came to this county in 1900 and purchased the 80 acre tract of land for 50 cents per acre. The following year they built a home on the farm and the Hickmans tore that house down in 1950 and built a complete new home. The farm was put in cultivation by the Greens.

Mr. Hickman has also built a tank on the place in recent years and in 1938 purchased an adjoining 80 acre tract from the Withers, making his farm a total of 160 acres.

Hickman and Miss Allie Green were married in Coleman in 1911. He is a member of the Baptist Church and she is a member of the Christian Church.

The Hickman's primarily do small grain and row crop farming. They have 45 acres in cotton this year and have already ginned five bales and expect to get about five more bales. He put 100 acres of the farm in small grain but did not feel it would be profitable to harvest the small amount that finally made. He made about 400 pounds of maize to the acre on a small maize field.

Mr. Hickman said he sure was proud of the new highway being put through his part of the county.

THE HOME OF MR. AND MRS. EVERETT HICKMAN

ANNOUNCEMENT

The Self Culture Club will meet on Thursday afternoon, October 13, in the home of Mrs. F. Z. Payne, at 4:00 p. m. instead of the regular time, Friday at 3:30 p. m.

Mrs. Lola Lightfoot visited awhile Sunday with her mother, Mrs. Mary L. Fletcher in a nursing home in Brownwood. Mrs. Fletcher, who received a broken hip in a fall last December, is still not able to walk alone. She spends part of the time in a wheelchair. Other wise is a bed patient.

You can decrease your legal risks by always taking these precautions before you sign anything: Know what you are signing and what the document contains. Understand clearly what it means. Don't be confused by its title — a "statement" may be a release of all your claims, or a "contract" may be a negotiable promissory note. "Co-signing" a note may result in your having to pay it.

Read EVERYTHING in any document. Clauses in fine print may be important. Remember, too, that oral promises not included in writing may be unenforceable. Take nothing for granted.

Check and verify the document. Be sure the dates, prices, names and conditions filled in are correct. You are bound by what it says, not by what you thought it said. Ask questions. Inquire about conditions and items of importance to you. Don't sign unless you understand what it means. Language clearly stating what you want can be inserted. If large sums are involved, consult with your attorney.

Retain a copy. Be sure the proper persons sign. Request and retain a copy. Record it, if necessary, with the proper public official. Like your fingerprint, your signature is unique. No one else has one exactly like it. Only you can sign it, and affixing it may set into motion events of great legal consequence. Treat it with the importance it deserves, and do not bestow it carelessly. If in doubt, seek information and advice.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Thrill-A-Second at State Fair Show

Split-second timing and death-defying stunts are the ingredients of the exciting Joie Chitwood Thrill Show, to be presented in 25 performances in front of the Grandstand during the 1955 State Fair of Texas, Oct. 7-23. Top, a precision driving exhibition at speeds up to 60 miles an hour; center, a head-headed daredevil, strapped to the hood of a speeding car, crashes head-first through a flaming barrier; bottom, the thrilling and dangerous ramp-to-ramp jump by one speeding auto while another car zooms underneath.

RATTLER ANGLE ALERTS HUNTERS

Austin — Dove hunters have reported so many narrow escapes from rattlesnakes that the Executive Secretary of the Game and Fish Commission cautioned city folks unfamiliar with the outdoors against "walking without watching."

"There probably are no more rattlers but just more hunters," observed the Executive Secretary. "Anyway, it won't hurt for the folks to be more observing about snakes as well as everything else. Thus they will protect themselves and get more generally from their fall contact with nature."

A Texarkana hunter got some sport from a hassle with two rattlers. He lined up their heads and got both with one shot.

Mrs. Mabel Frances, postmaster at Brady, and Mrs. Margaret Jordan, postmaster at Placid, spent Sunday in Santa Anna. They attended services at the First Baptist Church and were

dinner and afternoon guests of Mr. and Mrs. C. D. Bruce.

Paul Van Dalsen, who suffered a leg break just below the hip on May 5th, is still not able

to be out of the house. He gets about over the house in a wheel chair or crutches and is able to help with the house work. Mr. Van Dalsen who always kept his grounds, flowers, berry vines,

fruit trees and pecans in tip-top condition, finds it hard now not to keep up with his type of work.

Oil's Progress

There are three reasons why America's petroleum industry has been able to supply the ever-increasing demand for energy called for by our mechanized way of life: 1, it has fearlessly invested its capital in the hazardous search for oil and gas; 2, it has steadily expanded its facilities; and 3, it has conducted endless research to find better, more efficient ways to make the oil products America needs.

Research! That's the key to the petroleum industry's progress. And the Humble Company assures itself a place of leadership in this field with two great research laboratories.

In the Humble Research Center in Houston scientists and engineers study all phases of finding, producing, and conserving oil and gas.

In the Research Laboratory at Humble's Baytown, Texas, Refinery, highly skilled technicians seek to develop new and better petroleum products, to improve those we already have, and to develop methods for making these products more efficiently.

Just as America's progress depends on oil, so oil's progress depends on research.

CHRISTIAN SCIENCE LESSON-SERMON

Man's responsibility to make religion practical in his activities throughout the week will be emphasized in the Lesson-Sermon entitled "Doctrine of Atonement" at Christian Science services Sunday.

Scriptural selections include Paul's advice to the Hebrews (4:14): "Seeing then that we have a great high priest, that is passed into the heavens, Jesus the Son of God, let us hold our profession."

Also pointing up the need for emulating the master Christian is the following passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (37:22-25): "It

is possible, — yea, it is the duty and privilege of every child, man, and woman, — to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."

SON TO MR. AND MRS. WISE

Mr. and Mrs. Collins Wise of Anson announce the birth of a son, Wednesday, October 5. The baby weighed 9 pounds and 12 ounces and has been named Russ Wess. He has a brother, Ronnie, and a sister, Randy.

Mrs. J. W. Wise of Rockwood is the grandmother of the new baby.

Success is just a good idea coupled with hard work.

Mystery Farm No. 25 Is Home Of Willie Wheat

Mystery Farm No. 25, as appeared in The News two weeks ago, is the home of Mr. and Mrs. Willie Wheat, who live 5 1/2 miles north of Santa Anna on the Farm to Market Road going toward Coleman.

The farm is owned by J. E. Wheat, father of Willie, and he purchased the farm in 1918. Willie and family have lived on the place for 20 years and there has been four generations of Wickets on the farm. They are not sure as to when the farm was put under plow, but guess it to be around the turn of the century.

They built a new home on the farm in 1949, have enlarged a stock tank and terraced 215 acres of the 320 acre farm.

Willie Wheat and Miss Baird Jackson, both living west of Coleman, were married at Norice in 1918. They have two children, Sidney Wheat, who lives neighbors to them and Mrs. Dorothy Huddleston of Springtown, Texas. They also have six grandchildren. The Wickets are members of the Baptist Church of Coleman and are members of the Coleman County Farm Bureau.

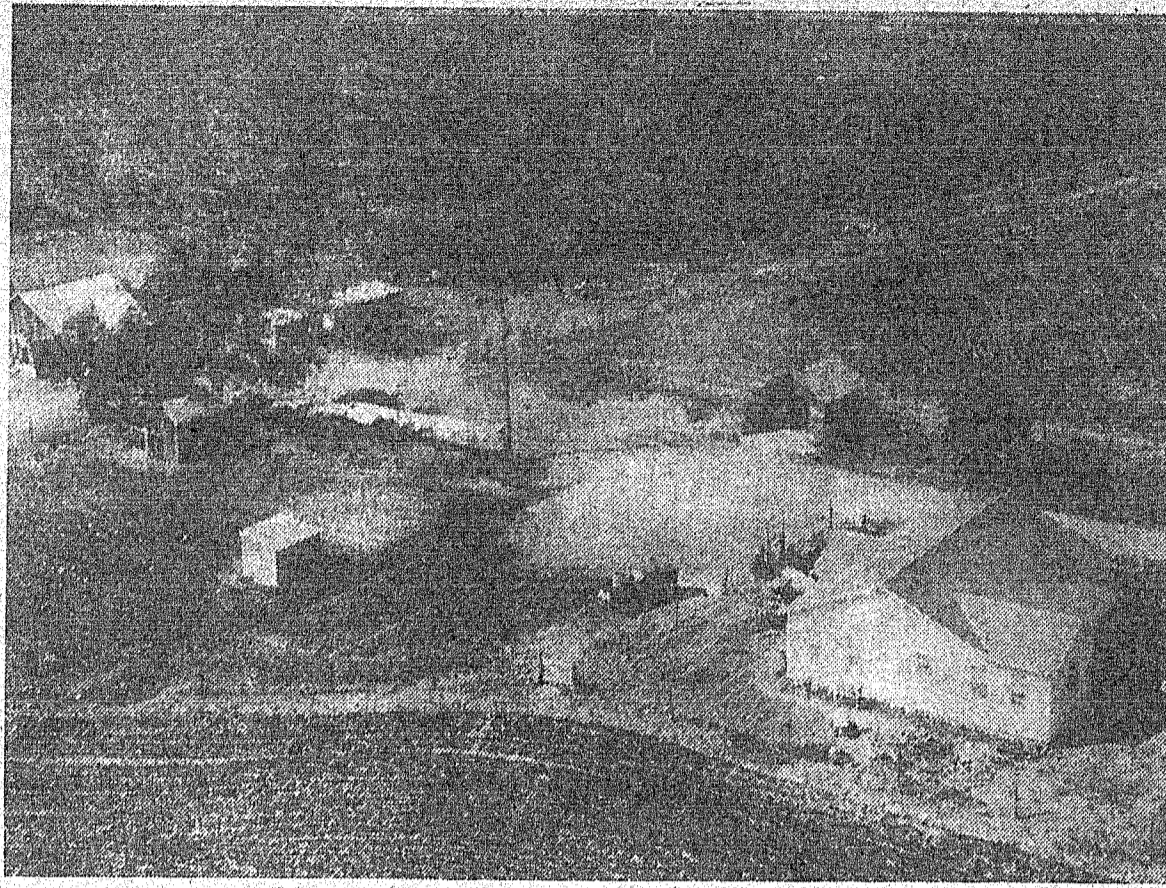

Mrs. Wheat has a hobby of raising pheasants. She started with two hens and one cock last year and now has about 20 head.

Small grain is the Wheat's favorite crop, but they also raise some cotton and other row crops. Their cotton looks rather poor this year.

They also raise whiteface cattle and other breeds, but do not go in for registered cattle.

The world's third largest known cave is Texas Longhorn Cavern near Burnet. The other two are Mammoth Cave in Kentucky and Carlsbad Caverns in New Mexico.

State Capital NEWS

Austin — A big political question this week was what effect Lt. Gov. Ben Ramsey's new job as national Democratic committeeman from Texas will have on his and Texas' political future.

Ramsey, quiet-mannered and nearly 52, was elected at a Fort Worth meeting of the state executive committee last week. He succeeds Wright Morrow of Houston.

Often mentioned as a prospective candidate for governor, the San Augustine lawyer was catapulted into the committee job without advance fanfare. He was labeled a surprise "compro-

mise" nominee after agreement could not be reached on 14 others.

Some viewed it as positioning him on the inside track in the governor's race with firm conservatism support and maybe some "loyalist" backing. A few seemed to consider the job a political blind alley. A few thought Ramsey already had made up his mind against running for anything and welcomed the committee post to stay in public life.

Ramsey himself said he was "grateful and happy", but kept mum on personal political aspirations. He said his only purpose was to help get the best man

for the Democratic nominee and to assist in electing him president.

Both House Speaker Sam Rayburn and U. S. Sen. Lyndon Johnson promptly expressed approval of Ramsey's selection. Their approval had been part of the requirements laid down by national party leaders for an "acceptable" committee from Texas. Morrow had not been recognized nationally since his bolt from the party ticket to support Eisenhower.

Johnson said Ramsey can do the kind of a job that should unite Texas Democrats. Rayburn called him "a good man for the place."

Shivers Sees Victory Gov. Allan Shivers has launched his drive for conservative control of next year's Democratic Party conventions.

Executive committee members planned convention strategy

behind closed doors at Fort Worth last week. Then Shivers took the rostrum for a stirring speech at a \$10-a-plate barbecue and rally.

He challenged those who agree with him on party principles to capture next April's precinct conventions.

He said Texas votes in the national convention may be the decisive ones. "We cannot allow — we must not allow — those votes to be cast against the interests of Texas by a delegation representing a minority of Texans," he said.

"We must fight on if we do not want to see the hand of federal power reach further into the classrooms of our children. We must fight on if we are to hold the right to enforce our own laws and police our own communities.

"The time for quitting has not

come. We have won before and we are going to win again."

ROYAL SERVICE PROGRAM AT ROCKWOOD

The Woman's Missionary Society met at the Rockwood Baptist Church Monday afternoon in a Royal Service program directed by Mrs. Lon Gray. Opening hymn was, "I Love Thy Kingdom Lord" and Mrs. Ray Steward brought a special song, "Here Am I, Send Me."

All members participating on the program. Present were Mrs. Evan Wise, Mrs. Bryan Hodges, Mrs. Curtis Bryan, Mrs. Bill Bryan, Mrs. Ray Steward, Mrs. Matt Estes, Mrs. Joe Wise, Mrs. F. E. McCreary, Mrs. Lon Gray and Mrs. Goldie Milberger.

Jesus Is Baptized

Lesson for October 16, 1955

THERE is one notable day the church does not celebrate. We have a day for the birth of Jesus, one for his presentation in the Temple, a whole season (Lent) to recall his temptations, a day for the crucifixion, the resurrection, the ascension. But for remembering his baptism, no day is set aside. So it is well that the Sunday schools should do what the church does not do; for the baptism of Jesus was one of the most important events in his life. The reason why the church does not care to celebrate this event, may be that the church does not know quite what it means. We know what other Christian festivals mean,— Pentecost Sunday, Christmas, Good Friday and so on. But what does the baptism of Jesus mean?

Dr. Foreman the church does not know quite what it means. We know what other Christian festivals mean,— Pentecost Sunday, Christmas, Good Friday and so on. But what does the baptism of Jesus mean?

Surely Not for His Sins
The heart of the difficulty is just this: Jesus was baptized by John, and John's baptism, we read over and over again, was a baptism of repentance. So we can put the dilemma this way: Was this baptizing of Jesus also a baptism of repentance, and if so, what could he have had to repent of? Or was it altogether different, and if so, then what did it mean if it did not mean repentance? Since the Bible does not answer this question clearly, and since the church has no standard or "orthodox" explanation, perhaps the best thing this column can do is to run over a few answers to that question: "Why was Jesus baptized? The reader is invited to think about these and take his choice. One answer, which has three forms, the church has thought about, but generally has not taken seriously. It is the theory that Jesus was baptized, like every one else there at the Jordan, in token of

repentance for sin. One extreme form of this theory is that Jesus repented of his own sins. Only a person who thinks of Jesus as an ordinary man could believe that, and the church does not believe it. Another form of this idea is that Jesus repented of his sinful nature; the idea being that if it had a really human nature it must have been a sinful one even if he never sinned. (Just as one may have a weak constitution that never breaks down.) This again the church has overwhelmingly opposed.

"To Fulfill All Righteousness"
Jesus himself gave a reason for being baptized. The trouble is, he did not explain what he meant. He said he did it "to fulfill all righteousness." (Matthew 3:15). It is quite plain that he meant he would not be doing right if he were not baptized. But just what does "fulfilling all righteousness" mean? The explanation most widely accepted in the church is that being baptized was part of the Jewish law at the time, and that Jesus as a loyal Jew observed this as he observed other laws of his religion. There are two weak spots in this theory. One is that there is little or no evidence that baptizing or being baptized was a regular religious observance among the Jews, and the other is that Jesus did not feel obligated to keep strictly all the laws, otherwise he would hardly have had the attitude toward the Sabbath which we know he had.

Friend of Sinners
Still another explanation which is impressing a large number of Christians today, is that Christ, by insisting on being baptized, over John's protests that he did not need it, in a dramatic way was taking the side of sinners. We think of Jesus taking our part and representing us on the Cross. But, it is asked, when did Jesus first identify himself with sinners? Not until his last Friday morning? On the contrary, the suggestion is that Christ there at the Jordan had the opportunity to take his place, publicly and for all to see, either with those who despised sinners and made it hard for them and were proud of themselves, or with those who by being baptized were honest enough to confess their sins and to express their deep desire to be rid of them. So Jesus identifies himself once and for all with the repentant,—not that he himself needed to repent, but to show that the repentant are his people. First to last, he was the Friend of Sinners.

State Health Dept. News Service

Austin — Digestive disorders rank second only to the respiratory diseases, primarily colds and influenza, as the leading cause of time lost on the job, declares Dr. Henry A. Holle, Commissioner of Health. Even though indigestion may not make one actually ill, or miss work, it may hinder your work, or interfere with your sleep and pleasure in living. It may turn one into a grouch.

The digestive tract, especially the stomach, is very sensitive to disturbances in other parts of the body. Indigestion can be due to one or more of many causes which makes self diagnosis pretty difficult. Don't try to doctor yourself but see your physician if you have repeated attacks.

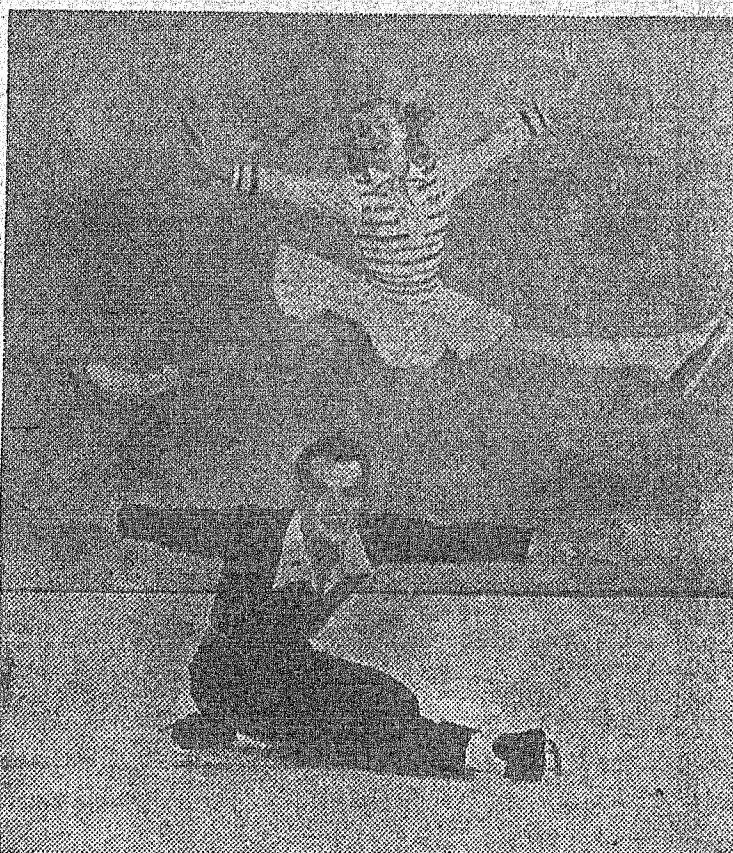

The cause of indigestion may be irregular habits of eating and drinking. It may be a symptom

of a disease of the digestive system such as gall bladder, appendix, ulcer or cancer. It may be caused by nervousness or emotional tensions. Sometimes the beginning of a disease of the heart, kidneys, liver and other organs is indicated by indigestion. In children a sudden upset stomach may be the advance notice of a cold, influenza or some other contagious disease.

If you want to avoid indigestion, take a look at some of your everyday living habits. Do you eat a variety of well prepared foods at regular meal times? Having good companionship at meals helps you to relax, and have a good time. Rest a little while before eating if you are overly tired. Balance your work with a reasonable amount of play, so that you have the recreation you need. But do not over do it; get plenty of rest and sleep each night.

A person can probably eliminate recurring indigestion by us-

ing common sense living habits; if indigestion persists, see your doctor and follow the treatment he prescribes. You will then feel ready for work, meals and recreation.

HABITAT GAIN BOOSTS QUAIL

Austin — Texas hunters this fall should be able to notice gains in the quail population because of favorable weather and general habitat improvement, reports the Director of Wildlife Restoration for the Game and Fish Commission.

He said the primary cause of the popular game bird's comeback has been increased rainfall and consequent benefits to cover and feed. However, the Director noted that public interest in habitat improvement has been a factor which should become more pronounced from now on.

"We are going to have some pretty good quail shooting in places this fall," said the Director. "Field men report substantial increases in many areas. One of the favored places in the Fandhandle."

The Game and Fish Commission lately has encouraged its wardens to consult with sportsmen's groups and landowners on restoring quail habitat.

Mrs. R. B. Archer went to Abilene on Friday of last week and visited until Sunday with her son-in-law and daughter, Mr. and Mrs. H. A. Williams. They brought her home on Sunday and all together visited other members of the family, Mr. and Mrs. Preston Dick and family of Brownwood.

Farmers Cautioned On Child Labor During School Hours

Farm youngsters under 16 years of age are expected to be in school when the fall term opens in this community in September.

Regional Director William J. Rogers of the Department of Labor's Wage-Hour Division in Dallas says the child-labor provisions of the Federal Fair Labor Standards Act generally prohibit the employment of children under 16 years of age in agriculture, during hours when the local school is in session.

So children under 16 cannot legally be employed for farm work, such as cotton picking, etc.,

during local school hours if the farm products concerned go into interstate or foreign commerce. Farmers are responsible under the Federal law if they hire under-age children to do farm work during school hours. And the law applies equally to local resident children and to migratory children.

He said "school hours" means those hours when school actually is in session for the school district where the child under 16 is currently living.

The law, he said, sets no minimum age for employing minors on farms before or after school hours, or during school holidays or vacations.
