Who's Who Among Americas Teachers In 1996

Lake Forest, IL-A select group of America's teachers are being honored by their toughest critics...their former students, in the fourth edition of Who's Who Among America's Teachers 1996.

All of the 120,000 teachers being honored were selected by their former students who themselves are currently listed in Who's Who Among American High School Students, or The National Deans List, publications which recognize 5% of our nation's high school and college students respectively. Paul Krouse, publisher of Who's Who Among America's Teachers said, "there is no greater honor teachers can receive than to be recognized by their former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students".

The students were requested to nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented on the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly."

Local educators honored in Who's Who Among America's Teachers, 1996 include...Eastland--Miears, Judy Brown, Eastland HS, Gorman--Wilson, Vicki Vineyard, Gorman HS

James New Candidate For Commissioner

James New, Candidate for County Commissioner, Precinct 3 of Eastland County seeks your support and vote to be elected to that position at the general election on November 5, 1996.

James has been married to Jean, Owner and operator of the Palace Drug store in Rising Star, for 43 years. They have two children, Paula Tatum of Abilene and Jason of Rising Star. They are members of the First Baptist Church where he has served on several committees such as Sunday School Superintendent, Finance Committee and Pulpit Committee and is currently serving on the building and grounds committee, is a Church trustee and assistant Sunday school teacher. He is owner of the Jaden Co. a dirt contracting company which has been in business for 19 years.

James first moved to rising Star in 1943, and graduated from Rising Star High School in 1959. He also graduated from Odessa College in 1959 with a degree of Associate of Science in Business Administration and majored in accounting. He also studied at Howard Payne University for 1 year majoring in accounting and studied business law.

James served in the U.S. Army during the Korean conflict as a radar machanic. His work experience after that included: Assistant branch manager for a large finance co., Warehousing foreman, Office manager and Head of an accounting department. For 10 years prior to moving back to Rising Star he worked as Warehouse foreman for El Paso Products Co. and then as head of Purchasing and Materials Warehousing department for the company that purchased the plant. He left that and went into a partnership in a home building and remodeling co. for about two years before accepting a job in Rock Springs, Wyoming as Office manager administrator. Due to the school situation there he and his family moved back to Rising Star in 1976 when He started the dirt contracting business. He owns a farm in the Sipe Spings area and a small place in Eastland, County.

James has been interested in local governments for many years and feels the commissioners should work more closely with other factions to help improve Eastland County as a whole and the cities within the county, especially those in their precincts. It is the job of the county commissioners to manage the business and financial affairs of the entire county and not just that of their precinct. It is, however, the responsibility and duty of the precinct commissioner to properly maintain and keep in good repair all county roads and bridges of his particular precinct. With precinct 3 being primarily a rural community and with roads and bridges being one of the largest single items of the county budget they command and deserve to receive the highest priority. James states that the dozer part of his business requires him to travel over many of the county roads and that even though the roads in precinct 3 are of a pretty good repair there is a need for lots of improvement and with his experience with heavy equipment and dirt work for the last 19 years qualifies him for the part of the commissioners job. With the county budget being

They will really have to have a great game this Friday night when they travel to Santa Anna for a crucial District 8 A game. The Mountaineers are fresh off a win over Rising Star and will be a tough opponent for the Big Red. So let's all follow the Panthers to Santa Anna and back them to Victory.

Willing Workers Class Meets With Mrs. Billie Bennett

Willing Workers Sunday School Class of First Baptist Church met on Tuesday at noon in the lovely home of Jack and Billie Bennett on October 8 for our regular business meeting and fellowship. We always enjoy our time together. Most of our class members have been together for many years and feel like Family in Gods Kingdom.

It is such a blessing to have Frankie Joe Shipman for our Teacher and Jana Grice as her assistant. She attended our meeting, also our Pastor Bro. Craig Rhoten and wife Linda. Bro. Craig brought our devotional reading, several scriptures and admonished each of us as older members to be an encouragement to our younger ladies and our new Christians. It is good to know that there is still things as the older ones can to do for give and encourage others.

Those enjoying this time of fellowship were Mayvis Lasater, Grace Townley, Lavenia Sherrod, Annie Faye Foster, Euna Porter, and Irene West, and our hostess Billie Bennett.

Our honored guests were Bro, Craig and Linda, Mrs. Hanes, and Jana Grice. We missed Wynelle Browning as they were out of town to be with her daughter who is ill. We pray that they will have a safe trip home. We were dismissed in prayer by Jana Grice.

approximately \$3.5 million it is one of the largest businesses in the county and we need someone that is qualified and desires to more effectively manage our county's business.

His education and experience in General and Cost accounting, Finance, Office management and business management will be a great asset in helping improve the management of county business. He feels that he is the most qualified for the job of County Commissioner.

James states that in addition to more effectively managing county business as it is now being run that he desires to and will work with any City Government, Organization, Association or Development Committee for the growth and betterment of our cities and county.

This is your opportunity as voting citizens of precinct 3 to make the difference.

VOTE FOR JAMES NEW FOR COUNTY COMMISSIONER.

SS Trust Funds Growing Long-Term Problems

The Social Security trust funds are solvent for more than three decades into the future, according to the 1996 annual board trustees report. The 1996 report reflects little change from the board of trustees reports for the past two years. commissioner Chater has noted, how ever, that contrary to what many people believe, SS would not be "broke" in 2029. "While there are long-range financing problems for SS," Commissioner Chater said, "there is also ample time to discuss alternatives and to find a resolution that has the full support of the American people.

JOE BENNETT - PUBLISHER

The weatherman is cooperating with most of the farmers with sunshine and dryer weather. However some peanut growers are needing moisture to dig their crops or they are having to irrigate to dig. This weather this year has really been crazy. We've had all kinds it seems. It seems as though it has been too wet or too dry, to cold or too hot. A nutty season.

The farmers are reporting short crops this year because of the peanuts not maturing good. Again it first depends on the area you are in. Most are going ahead with harvesting and just getting what they can.

There was a large group of Exes at Homecoming this year. The Exes Association has done a great job of planning and doing everything they could to make the homecoming great for the Exes. We will try to get all the information for the paper. Jake is gone this week, so things are a little (?) out of whack. So if we haven't gotten all the news, etc. in the paper, blame Jake!

The work is nearing completion in the curb and drainage project on Hwy. 6. I hear that there is more work to come and we will have more on this later, but for now the workers are cleaning up the project and leveling the ground around the curbs.

Have received some letters recently. Here they are: Gatesville is great! We are delighted with our house under 10 minutes to Scott & White Clinic and hospital, Wal Mart, HEB (they are building a new "Super Store"). Miss lots of Gorman folks But medical facilities are wonderful. Sold the Toyota, farm and Fisher St. house.

REFLECTIONS ON TIME

There was a time long ago
When as a child it always seemed
My imagination knew no bounds
And time was measured in my dreams.

Christmas came but once a year
And childhood wishes would never appear
It seemed that time would never pass
Yet these special times would come at last.

As time passed on to later years
Different fancies would appear
The fairer face, the warm embrace and wistful glance
Did in deed, my life enhance.

Then time would take another turn
Life's plan I was soon to learn
No longer could I avoid the task
Of seeking answers to questions asked.

And time assumed a torrid place
The realities of life I had to face
The children grew and left the nest
Those were the times I remembered best.

But when the younger were all gone
And my wife and I were left alone
The silent house and emptiness
A mute tribute to our lives so blessed.

It takes time to be a neighbor
And time to be a friend
It takes time for wisdom to be gained
And time for hearts to mend.

There's a time for everything under the sun
Time for laughter, love and fun
A time for all things to end and start
A time to reflect and grieve
As friends and loved ones depart.

Yet time can be our enemy
Or it may be our friend
When our journey's almost over
Or the prime of life begins.

But what is time when it's time to leave
And our lives in retrospect we see
We must give our thanks for time received
For time is lost in eternity.
