SHORT CROP TRIGGERS SHARP MARKET REACTION

According to D. B. Warren, President, Southwestern Peanut Growers Association, Gorman, Texas.

The U.S. peanut crop in 1980 was estimated by USDA on September 1 at 1,569,000 tons. That projection, if correct, would mean a reduction of 421,000 tons from the U.S. production in 1979.

Approximately 1,300,000 tons from the 1979 crop were required for domestic edible and seed use. Assuming only a 4 percent increase in 1980, about 1,350,000 tons will be required to fill the domestic demand...

SWPGA SUPPORT LOANS AVAILABLE - PEANUT SUPPLIES TIGHT

According to D. B. Warren, President, Southwestern Peanut Growers Association, Gorman, Texas.

Peanut price support storage facilities will be available at marketing points throughout the Southwest peanut producing areas to handle the 1980 crop.

The Association loan program serves growers who by their own choice wish to utilize it. The loan is also available for growers who may produce additional peanuts in excess of the total amount contracted to shellers as well as to growers who plant only the quota fraction of their allotments but produce additional peanuts due to larger than anticipated yields.

The overriding purpose of providing loan availability through the peanut price support program, however, is to establish a floor under the farmers stock market at a level of at least the USDA support rate. All growers are entitled to receive not less than the current support level for their peanuts.

City Working To Secure Block Grant

BY THE MAYOR

For some time now, we have had people asking why we could not secure a Block Grant like De Leon and Dublin had received. I have been checking on this for some time and have now reached the point where I can tell you that we have the possibility available.

On Wednesday afternoon, September 1, Mr. Gary Smith from WCTCOG met with me and talked over some possibilities that we might have for such a grant. He pointed out the various things that they would grade us on such as low income, sub-standard housing, the number of people to be served by such projects, and what parts of town in which we need such projects.

For some time we have been concerned about the southeastern part of town having no water mains for adequate pressure and large enough for fire plugs for safety. You may not be aware of the fact that we have only 2 inch lines in that part of town and no fire plugs at all.

Price support loans will be available this year at the facilities listed below. Growers who encounter marketing problems requiring special attention should feel free to call SWPGA.

The following warehousemen are now approved in Gorman to receive and store loan peanuts for SWPGA: Birdsong Penauts Gorman, Texas De Leon Peanut Co. Gorman, Texas

The Panthers got the ball again on the Bulldog 43 on an interception by David Pettit. Following a beautiful 21 yard run by Jimmy Johnson and a penalty on Loraine, another run added 3 to set the Big Red up at the 10. CITY CHIT CHAT

By Charlie L. Garrett, Mayor

Since the last column for the paper your City Council has met in two regular sessions and one called session.

Jordan home on Sunday. Mrs. Jimmie Wilson and Bobby of New York, Mrs. Maudine Anderson, Craig and Neal of Big Spring and Mr. and Mrs. Ron Eberhardt, Kevin and Kathy of Austin spent the weekend with their parents. Mr. and Mrs. Jim Bennett of Lake Leon and honored the Bennetts with a reception on Sunday afternoon at the Texas Electric Reddy Room to celebrate their 50th Wedding anniversary. A very special surprise for the Bennetts was the arrival of their granddaughter, Kristen and her mother, Mrs. Eric Nilson from Italy where Eric is stationed with U.S. Armed Services. This was four month old Kristen's first trip to the States to see all the grandparents and great-grandparents and other relatives.

Several from Kokomo attended the Bennett's reception. Mrs. Paul Hoy of Plano and Mrs. Kerry Clymer and Seth of Bay City visited during the weekend with Mrs. W. A. O'Neal and Mr. and Mrs. Albert Hendricks and attended the Homecoming activities at Gorman on Saturday.

Mr. and Mrs. Jack Walker of San Diego, Calif. and his mother, Rachel of Gorman visited with Mr. and Mrs. Albert Hendricks on Tuesday night.

Mrs. Vernon Fields and Mrs. Glenn Jordan were in Abilene on Tuesday and Mrs. Roddy Miles joined them for lunch and an afternoon of shopping at the Mall of Abilene. Sheri Miles also joined them after school for a short visit.

Mr. and Mrs. Joe O'Neal and Mrs. Claude Fuller were in Abilene on Tuesday for Mrs. O'Neal's eye checkup. Mr. and Mrs. Wayne Eaton and Chad of Abilene were weekend visitors with Mr. and Mrs. Claude Fuller and attended the homecoming activities at Gorman. Chad remained for a visit this week.

Mr. and Mrs. Richard Nachtigall, Taylor and Trevis of Morgan Mill spent Friday night with Mr. and Mrs. Vernon Fields and Lindell, and attended the football games at Gorman. The lion got out of it's cage at Morgan Mill on Sunday morning was shot to death out in front of the Nachtigall's home.

The kokomo Extension Homemakers club will meet in the home of Mrs. Cullen Rodgers on Monday, October 13 at 2:00 p.m. Visitors are welcome.

The first regular meeting was on September 18. At this meeting all Commissioners and the Mayor were present. We were one member short because of Mr. Cordell having moved out of the city.

At this regular meeting, we discussed the signing of a contract with the County on the keeping of city prisoners. The Attorney General has ruled that Cities must assume the responsibility of their prisoners while housed in the County Jail. We studied the proposed contract which provided for feeding, housing and medical responsibility for such prisoners. The Commission tabled the contract until some more information could be received from the County Officials.

The City's share of \$348.00 per month for the Eastland County Dispatch was approved. The amount did not go up any from last year. As your representative on the Dispatch Board and the president, I recommended that we make the same assessments as last year, which the Board adopted. This will cover our budget for next year.

Also at the meeting on September 18, Mr. Biggs submitted his resignation as Chief of Police to become effective on October 15. The Commission accepted his resignation with regret and expressed our appreciation to him for a job well done while serving the City. We feel that he has been an asset to our City and has made an effort to uphold and enforce the law in a just manner.

The Commission met in regular session on October 3 with the mayor and three Commissioners present. Others present were Mrs. Brinegar, Mr. Biggs, Mr. Funderburg, and Mr. Speck Clark. The minutes of previous meeting were approved and bills were approved.

We had only one Department Head present. Mr. **AMBULANCE SERVICE** 734-2297

An important message for customers of Texas Electric:

Electricity will cost more next year, partly because our biggest contract for low-cost* natural gas expires this December.

Next year, the gas we'll need to use to make your electricity will cost more. The chart below shows how this will affect your electric bill.

| Check your bill; if you use this many kilowatt hours | Expiration of low-cost gas contract will add about |
|--|--|
| 500 | \$ 4.00 |
| 750 | 6.00 |
| 1000 | 8.00 |
| 1500 | 12.00 |
| 2000 | 16.00 |
| 3000 | 24.00 |

We're helping hold down costs by making as much electricity as possible in plants built to use lignite coal — a cheaper fuel.

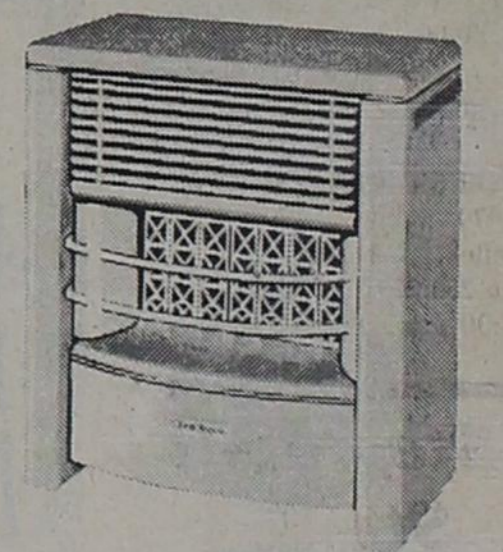

You can help hold down your bill by conserving. Learn how at one of our Operation Tighten-Up workshops. Call us for information on a workshop in your neighborhood.

*This contract will have saved our customers more than \$700,000,000 on their electric bills by the time it expires.

SENIOR CITIZENS

And the rains came, oh so nice and gentle. They were appreciated so much. We are so lucky to miss those awful floods that some have experienced. Tho we could cuse some run off water for the tanks and lakes.

Some have a garden yet. They are lucky as all fruits and vegetables as so high now and it is a hard problem for so many to get by on a fixed income.

Our sympathy goes out to the family of Bill Knight, a War II Vet. I have known Bill most of his life.

"We need a Military Man as President. I am a West Point Man. I need another term to carry out what I have started." I seem to have heard tht on TV more than one time. The U.S. would be a thing of past History. He opposed the Neutron bomb, strategic weapons of all kinds and including planes, subs and getting people in the service that cannot or do not care how they do the jobs. America awake. All he wants is for the Mafia to rule us. I am sincere in these statements. If I have written any thing that is not true I sincerely pray for forgiveness.

I will tell about Floyd Eison and I at Olathe, Kansas in November 1943. In every town in Kansas we would find a "Lincoln Hotel". We got in there after dark. Snowing hard. About 10 degrees, high wind. It was an airfield there to train flyers. All hotels were full. Tho the manager there called several places. Finally, he found a place where we could stay on cots in the hall. Our cots were just behind the shower stall. The wall on the stall was about eight feet tall. The-burned coal and every thing you touched the soot flew. They call it sute.

There was two women in there taking a shower and talking about the sute. So floyd pulled up a chair and look in there and said "The sute is sure bad". He had a way of turning his head to one side and turning up his lip. The women yelled. I told Floyd to get down

The next morning we followed behind a snow plow to Topeka. The wind was high. We found us a place to stay and went to AAA office. There was a call from Wiley, he was head of Castoe Bean threshing. I told him about the weather. He said take it easy. So we went and bought some western books and stayed in side.

We had to go to State Capitol Building and see the secretary about thrashing the beans. The Secretary said "No you cannot thrash them." I said "We are, here is our orders".

He asked me how were liked that Caw River Valley? I told him it was the finest land in had ever seen. Tho I would not live there. I told him I was raised too far South to want my daughter to sit by or next to a colored person. He said "when you live in Rome" I stopped him there and said "I am not going to live in Rome or next to a Dam Yankee". We understood each other.

I told him I served in the 35th Division in War I for eight months.

It was about 40 miles to Manhattan, Kan. I phoned there to see about beans there. Jus tone acre. So we went up and got them in pick up. One ton. graded 80% used same scales and paid same price as peanuts then. They were white Caster Beans. As white as butter beans. They were experimenting with them.

Go Big Red.
Look up, stand tall. Do not be afraid to do the right thing even if they call you "Chicken".
