

PRESS POINTS

Well there were certainly a lot of spills and thrills and a whole lot of bucking and throwing going on at the donkey basketball game on Tuesday night sponsored by the Lions Club.

All the fans really enjoyed the event but not half as much as the riders did. They truly enjoyed getting to ride the calm, gentle donkeys.

The turn out for the elections on Saturday wasn't exactly earth shattering, but at the same time was a good showing for the community.

Congratulations to those who were elected, and better luck next time to those who did not win. Now it is time for everyone to pitch in and get together and do the things necessary for the growth and continued prosperity of Gorman.

I received a call on Monday night from a man in Grapevine who was inquiring about possibly opening a barber shop in Gorman and moving to our town.

Sure hope folks are still thinking about trying to get an implement dealer to locate here. This would really save the farmers a lot of time by not having to drive so far to the implement firm or irrigation place.

The oil activity continues at a brisk clip in the area with a number of rigs drilling in the community. This definitely helps the economy of our area and several good wells have been brought in.

We look forward to the continued expansion of our area. The weathermen give us little chance of rain in the next few days in the area, but the weathermen have been wrong before.

Don't forget to attend the All-Awards Banquet in the gym next Tuesday night, the 15th. Let's all attend and show the youth of community that we are behind them in all their endeavors.

And remember to smile - because God Loves You!

Happy Easter to all. I hope all are as lucky as I am about the Easter Bunny I found a nest full of the most beautiful colored eggs he had hidden just for me.

Last weekend Elbert, Cora Lee and Vernon and Aloa from Crane, Betty and Earl from Albany came and we had a nice two hour chat here in my room.

About the middle of March Betty was in Big Spring with her husband, he was teaching Haliburton Truck driving

school to their drivers. Doug Little and Betty went to cemetery where Lela was buried on December 3rd. The artificial flowers that the "Domino Gang" bought and the ones that Check and Vera Hendrson were just as pretty as the day they were bought. I have two pictures here in my room of those flowers. I want to say a special thanks to you again and also, Mr. Foster, the Florist for his wonderful arrangements of the flowers. I am having trouble with

I have drawn many hundreds of dollars in dividends in the last 40 years. I wrote and told them that. They wrote back and said I was never in the Army. was eight. We were sweating. Burlus began to get cold. He said he going after his coat. He started in a trot for the house to get his coat. Mabel asked him what he was doing. He told her he wanted his coat. As he was cold and it was going to snow. That Elmer and George said so. She got a cotton stalk and said she would warm him. He went to work. We sure took a lot of rough talking.

## Summer is just around the corner.

So here are some tips to get ready for it.

1. Have a qualified serviceman inspect your home's air conditioning unit. His help before summer arrives can save you money later on.
2. Trim grass and shrubs away from the outside compressor. Without obstructions, your unit can operate more efficiently and for less money.
3. Check your air conditioner's filter. It should be cleaned or replaced once a month.
4. Caulk and weatherstrip around doors and windows. The cool air will stay in, and the hot air will stay out.
5. Make sure your attic has adequate insulation. No sense letting the cool air you pay for escape through the roof.

For more energy-saving ideas, call Texas Electric and arrange to attend an Operation Tighten-Up meeting near you.
