## RALSTON'S TURN FOR TRIAL OF STRENGTH

### JULY FOURTH WILL BE GALA DAY IN RANGER

Parade Will Start at 10 A. M., Oration Following; Athletic Events in Afternoon

Commencing at 10 a. m. tomorrow, the Carl Barnes post of the American Legion will have the keys to the city of Ranger. An all-day celebration was planned for the Fourth of July and the odds and ends in arrangements are being attended to today. Everything is in readiness for the grand opening at 10 o'clock tomorrow morning when a grand automobile parade will start from the fire hall, located on Elm street. All entrants in the parade will meet at the fire station and be assigned to their stations. The parade committee, Dr. C. C. Craig and Abe Shaw, announce that they have had the utmost cooperation from the merchants of the town and that a grand turnout will be had. The different organizations of the town were invited to participate and responses have been received from the majority of them accepting the invitation. Every one who wants to enter the parade must be on hand by 9:30 a. m. at the latest.

Leonard Withington, managing editor of the Fort Worth Record, will deliver the feature address immediately after the parade from the American Legion float in front of the Gholsion hotel on Main street.

Immediately following lunch athletic events will constitute the program starting at 1:30 at the park. There will be potato races, dashes, walking races and popularity contests.

Starting at 3 o'clock at Leveille-Maher Motor Co., bicycle races for the kids will take place. A ball game is slated to take place between Ranger and Desdemona at Nitro park at 3:30 and dashes and ball throwing contests between the members of the teams.

At 4:30 starting from various places on Main street different events are scheduled to take place. Hurdle races, burro races and relay races will hold the center of the stage.

Main street, between Rusk and Austin streets, will be roped off and a gigantic street carnival will be staged. Confetti, horns, whistles, etc., have all arrived and are waiting for the public to turn them loose tomorrow night. The concessions will all be handled by the legion and Ranger people. A street dance will be held at the lower end of the block and music will be furnished by a local orchestra.

### ADVERSE WEATHER AND MENACE OF INSECTS ARE SETTING BACK CROPS

DALLAS, July 3.—Adverse weather conditions and the menace of insects to growing crops had a marked effect on business conditions in this section of the country during May, according to the monthly review of business and industrial conditions in the eleventh federal reserve district issued by the Federal Reserve bank of Dallas.

"Farmers," the report states, "have not only been greatly delayed in the planting of row crops but also have found it exceedingly difficult to obtain a good stand of cotton."

The report points out that the damage by insects to crops "seems to be more serious than a year ago."

Wholesale merchandising was retarded during May, the report continues. "Conservatism and hand to mouth buying were the keynote of trade reports."

A steady decline in the volume of charges to individual accounts and a similar decline in building activity is noted.

An improvement was recorded in the district's failure record, however. Condition of the cotton crop was not very optimistic, the condition May 25 being 69 per cent, which with but two exceptions is the lowest figure during the past 10 years.

The livestock situation has a more optimistic tone, ranges being greatly benefited by the timely rainfall.

The daily average production of petroleum showed a slight decline during May, the report states.

That financial conditions are brighter is shown by the fact that savings deposits show an increase.

### President Confers With His Political Campaign Advisers

WASHINGTON, July 3.—President Coolidge today was engaged in a series of conferences involving republican plans for the coming campaign and the government's attitude toward Europe. Alanson B. Houghton, ambassador to Germany, and Charles G. Dawes, author of the Dawes reparations plan, and the republican vice presidential candidate, were guests at the white house while Executive Committee Chairman Butler was here. The opportunity to get together on foreign political affairs was seized by the president.

### BOYS AND GIRLS ORGANIZE CLUB FOR GOOD WORK

Eastland county boys and girls organized a federation at a meeting held in Cisco last Saturday, the purpose being to prepare a greater and better community exhibit at the fair.

### Planning Greater Community Exhibit at Cisco Fair.

Cisco, Texas, July 2.—To the Editor: Am sending you a write-up of our club news:

A few of the delegates from the clubs met at Eastland Saturday, June 29, at 3 o'clock to organize a boys' and girls' federation.

Mr. Bush opened the meeting with an explanation as to why we were to organize a federation. Better work can be done by everyone working together, and we are planning to have a greater and better community exhibit at the fair.

Officers were then elected: Will Joe Starr, president; Elizabeth McMullen, secretary, both of Dan Horn; and Tom Overby, banker, of Eastland, treasurer.

It was decided that the two delegates from each club should be directors; also the adult leaders should serve as honorary directors.

The program for the encampment, which will be held July 10, 11 and 12, was then planned and we hope it will be a great success.

The meeting was then adjourned to meet July 11, at 10:30 o'clock at the encampment, and we want to urge every officer and the delegates especially to be present.

### BOOT AND SHOE OPERATIVES MAKE NON-STRIKE RECORD

LONDON, July 3.—The world's non-strike championship is claimed by the National Union of Boot and Shoe Operatives of England.

This union has a record of 29 years without a strike—and it challenges any other labor union in any country to show an equal or better performance.

T. F. Richards, president of the union, also claims that it is the only organization in the world that maintains with its complete, a guarantee fund against strikes.

This fund amounts to \$5,000 and is raised by mutual assessments upon the workers and employers. The agreement is that should a strike ever occur the matter will be referred to mutually appointed tribunal to decide which side is at fault, and then forfeit from that side's deposit enough money to compensate the other side for all losses it sustained because of the strike.

### METHODIST MAY POSTPONE FINAL ACTION ON MERGER

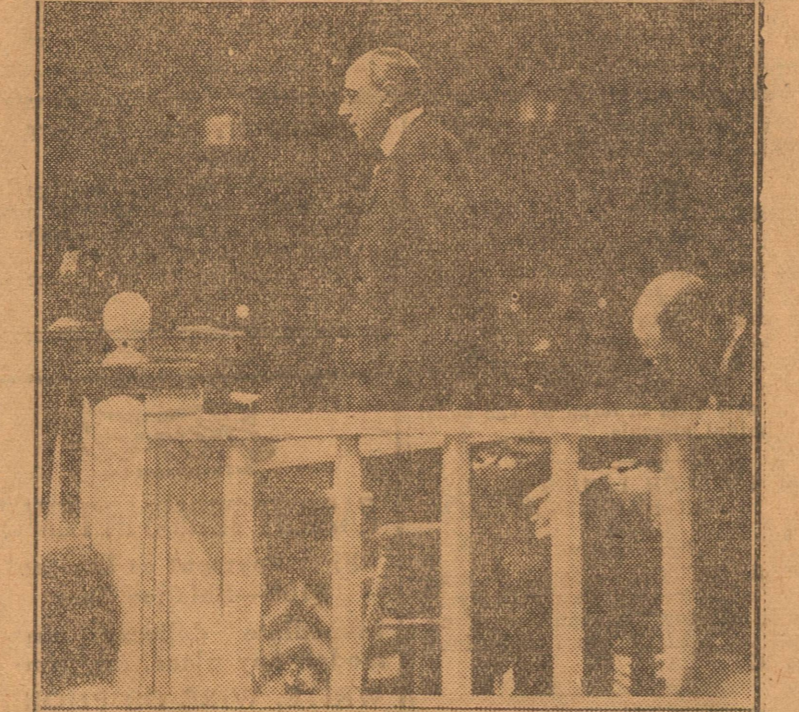

CHATTANOOGA, Tenn., July 3.—The southern general convention of the Methodist Episcopal church was scheduled to decide today whether to vote on the agreement for a merger with the northern branch or to postpone action indefinitely.

A resolution introduced at the close of the initial session questioning the legality of unification, proposed adjustment of the conference until next May so the regional conference would have opportunity to act first.

### IMMEDIATE ACTION WANTED

CHATTANOOGA, Tenn., July 3.—A motion to delay action to next May on the proposition to merge with the northern branch was defeated today by the southern general conference of the Methodist church. The conference then began preparations for a decisive vote to be taken at once.

### PROCLAIMING PARTY PRINCIPLES

HOMER S. CUMMINGS, OF CONN., READS DEMOCRATIC PLATFORM.

### CHAMP CLARK'S DAUGHTER SEES BRYAN DERIDED

Daughter of Man Commoner Kept from Presidency Gets Measure Revenge.

MADISON SQUARE GARDEN, NEW YORK, July 3.—Twelve years a young woman with dreams of having the white house as her home and her father as head of the nation followed, day after day, the ballot in the democratic national convention where her father had a majority. After years of patient struggle in political circles, the highest honor in the land seemed within her father's grasp. Then a wrathful spirit descended and the dream was broken, and the young woman saw her father hurled from the heights, and he returned to her crushed and weary and with ambition gone.

In Baltimore, in 1912, Genevieve Clark, daughter of Champ Clark of Missouri, speaker of the house and leading candidate for the democratic presidential nomination that year, sat in front of the platform and saw her father defeated by the speech of one man. Clark was beaten and Wilson nominated.

The law of compensation rules and in the heat of the fight yesterday, when Bryan again spoke, the young woman who had dreamed for 12 years stood in front of the platform. She heard the old warrior almost hissed from the platform, heard expletives hurled at him by men once his ardent followers, heard him laughed at and saw him finish his speech not with the flourish of former days but with his ardent spent and his warlike plumes dragging in the dust.

### BRITISH ROUND-THE-WORLD FLYER REACHES SHANGHAI

LONDON, July 3.—Winging his way eastward with scarcely a break in his schedule, Major MacLaren, British round-the-world flyer, has arrived at Shanghai. He plans to proceed immediately to Kagoshima on the southwest coast of Japan.

### LEAP YEAR JUNE BRIDES ARE FEWER IN NUMBER

FORT WORTH, July 3.—Leap year isn't running true to tradition in this city so far. June brides numbered only 275 or an average of nine a day. In June last year 310 brides were registered at the license bureau.

### PREPARING FOR DIRIGIBLE CROSS-COUNTRY FLIGHT

SAN ANTONIO, July 3.—Approximately 1,400 gas cylinders that have been at Marfa and Nogales since 1922 are to be sent to Fort Worth, to the government helium plant, where they will be used in filling the giant dirigible, Shenandoah when it makes its trans-continental flight. The cylinders were placed at Marfa and Nogales when the army dirigible C-2 made its cross-country flight in 1922.

### MESSENGER BOYS QUIT WORK AND WIN THEIR CONTENTION

PORT ARTHUR, July 3.—This city's most unusual strike lasted but 15 minutes. Messengers for the Western Union company balked at pedaling bicycles over the hot streets with heavy uniforms basted up about the neck. So they quit.

A quarter of an hour later, officials of the company, capitulated and permitted the boys to leave off the coats.

### MEXICO CITY LEGAL LEADER SHOT BY GIRL

Judge Jose Rincon is Near Death as Result of Attack Claimed for Revenge.

MEXICO CITY, July 3.—Judge Jose Maria Rincon, widely known Mexican jurist, was shot and probably mortally wounded by Senorita Hester Ricardo, a pretty 18-year-old Spanish girl. She surrendered to the police immediately afterwards and said she had shot the judge because he had attacked her.

"He has been making love to me for some time," she told the police. "I always repulsed him, for he was too old and I didn't like him. Yesterday he telephoned to me and under a pretext induced me to enter a house, where he attacked and outraged me. Then I decided to kill him."

She waited outside his house this morning in company with a Spanish widow, Senora Huerta. The judge came out and the three conversed a moment. Then the judge entered his automobile, but as the chauffeur started the car the girl fired two shots and the judge collapsed.

### Albright Will Ask Mandamus To Place His Name On Ballot

Ernest G. Albright, candidate for congress, was in Ranger today, coming from Abilene, where he is making headquarters. Regarding his campaign and the legal angle that has come up about placing his name on the ticket, Mr. Albright gave out the following statement:

"The fact that several counties have kept my name off the official ballot by reason of a protest sent the county chairmen by my honorable opponent has caused me to ask for a mandamus to test the law. I made my application in time to have it acted upon by the county committees but the law provides that same shall be filed with the district chairmen, and this I failed to do. About 10 counties have placed my name on the ballot.

"I shall be in the race until the end. I realize that it is going to be a handicap with my name left off in several counties, but I shall ask my supporters to write it upon the ticket. I am making a clean race. I think that a man who asks the people to elect him to the high office of representative in congress should not on the demerits of his opponent."

Mr. Albright will speak in Ranger about the twentieth of this month, he said.

### EXCESS IRRIGATION IS FOUND INJURIOUS TO SOIL AND CROPS

FORT COLLINS, Colo., July 3.—Belief that the millions of dollars spent on irrigation of arid lands of the west may accomplish no permanent good unless drastic measures are taken to enforce proper methods of distribution of water has been expressed by Dr. Charles A. Lory, president of Colorado Agricultural college.

"In some of the older irrigation districts," Dr. Lory said, "water has drained the natural salts from the soil, profoundly affecting its character. It also has caused an increase in a bacterial flora which takes nitrogen from the air, giving an excess to the ground."

Nitrogen, Dr. Lory explained in proper quantities is beneficial to soil, but applied in excess may sterilize it.

No satisfactory means of combating this soil sterilization through excessive and improper irrigation has been found, Dr. Lory said. He pointed out that hundreds of thousands of acres of reclaimed lands throughout the west have actually deteriorated from year to year and will eventually become worthless under present care.

Much of the Greeley potato region has become unfit for the crop, due to long years of irrigation, Dr. Lory said, and Rocky Ford cantaloupes, famous throughout the country for their quality, are being infested with disease, due to over-irrigation, Lory alleged.

Figures presented by Dr. Lory warned farmers that unless they find some means of correcting present irrigation procedure, much of the plains region of Colorado and other western states may within a few generations again be the stamping ground of buffalo, antelope, coyotes, and rattlesnakes, making their homes in deserted farm property.

### JAPANESE PROTECTING AMERICAN INTERESTS IN CITY OF TOKIO

LONDON, July 3.—A strong guard of Tokio police has been thrown about the Imperial hotel and office of the Japanese Advertiser, and other precautions taken to safeguard Americans as a result of the tearing down and theft of the American flag from the American embassy property by an unidentified Japanese. The newspapers in Japan are not permitted to publish any account of the incident and Premier Shidehara had sent an apology to the American charge d'affaires within three hours after receiving a letter requesting information on the subject.

While the affair is looked upon as serious, it is regarded as an individual matter and not a national one.

### TEXAS UNIVERSITY HAS LARGE INCOME FROM RENTALS

AUSTIN, July 3.—An annual income of approximately \$66,000 is now being received by the University of Texas from rental of residences. The property is kept in excellent repair by the university, and the net income goes to the credit of the building fund of the institution. These residences are situated on the property that was recently purchased for the enlargement of the university campus to make possible the carrying out of the building program planned for the future expansion of the institution. There are 150 residences on the newly acquired property, and all are rented, bringing an income to the university of approximately \$5,500 per month. Many of the residences are occupied by their former owners. In addition to that income, the university receives approximately \$500 per month from the rental of the cottages on the Breckenridge tract to campers. There are now 90 tenants on the land.

### FIRE CHIEF URGES CARE IN HANDLING FIREWORKS IN CITY

All persons are warned not to throw lighted firecrackers, etc., at people, in awnings, in automobiles, etc., that will in any way be dangerous by Assistant Chief of Police L. E. Davenport, and Fire Chief Murphy requests that the people be especially particular about the awnings, as a fire downtown would be doubly dangerous on account of the celebration attracting a large number of people to the business district.

### CONVENTION IN FAST DEADLOCK EARLY TODAY

Leaders Suggest Favorite Sons Withdraw So They May Test Their Strength.

MADISON SQUARE GARDEN, NEW YORK, July 3.—Deadlocked hard and fast. This describes the democratic national convention as it stood shortly before noon today after the forty-fifth ballot had been taken and no nomination made. Three ballots had been taken this morning up to that time and virtually no change in any of them. One or two or three votes were switched back and forth, but they gave no indication of any change of sentiment about to take place.

Replying to charges by leaders of some favorite sons that the two leading candidates, McAdoo and Smith, were tying up the convention and should withdraw, the leaders of two factions replied that they had the best right to stay in the race, being favored by more than two-thirds of all the delegates, and if the favorite sons would be withdrawn for a few ballots and let the delegates judge which of the two leaders was preferred, it could quickly be determined whether either of them could obtain the necessary two-thirds majority to elect, and, if neither could, then both might be withdrawn and leave the field free for favorite sons.

The convention was proceeding during the morning hours today before galleries that were almost empty. There have been numerous threats to clear the galleries if better order was not preserved in them, but such a threat was not necessary as there were not enough in the galleries to stage any disorder.

### PROGRESSIVE PLATFORM TO CALL FOR REFORMS

CLEVELAND, July 3.—The platform of economic reform calling for greater recognition of claims of labor has been drawn for adoption by the progressive convention.

The convention of 1,000 delegates representing progressive groups in every state, plan, it was learned today, to permit LaFollette a free rein in his race against the republican and democratic candidates. A telegram asking LaFollette to express his wishes in an open letter was forwarded to Washington by William H. Johnston, machinist union leader and chairman of the convention. Johnston will deliver the keynote speech at the opening session tomorrow.

The Ku Klux Klan issue, which split the democratic convention, will not even be mentioned and the entire platform will deal exclusively with demands for economic reforms.

The program of legislation for which the progressives fought in the last congress will be embodied in the declaration of principles and will coincide with the platform offered by Cooper of Wisconsin in the minority report to the republican convention. Normal taxes, higher surtaxes, revision of the Esch-Gummins law for lower rates, and government marketing aid will be demanded.

### SENATE COMMITTEE IS CHECKING UP CAMPAIGN RECEIPTS AND EXPENSES

WASHINGTON, July 3.—The senate committee appointed to supervise campaign expenditures this year has gone into action to insure publicity of receipts and expenditures by all the major political parties.

A request for full information from the republican national committee today was received by Chairman William Butler from Senator Borah, chairman of the committee. He asked for a statement of cash on hand July 1, how much it was expected to raise and spend for the campaign, the limit of contributions, and also any information he might have on the financial plans of opposing parties.

### DEMOCRATIC CONVENTION YET TIED UP

Indiana Man Leaps Into Place Among Leaders While Tom Taggart Smiles.

MADISON SQUARE GARDEN, NEW YORK, July 3.—Having carefully planned his campaign to 52 ballots in the democratic national convention, Tom Taggart began to bring out Ralston this afternoon as a compromise upon whom the democrats can agree for the presidential nominee. Starting with 30 votes of Indiana on the first ballot, Ralston held that generally through two days and nights. Then on the forty-ninth ballot today Mississippi switched 20 votes to him. On the fifty-second ballot Missouri crashed through with 25 and Ralston totaled 93. This put him in third position.

Instead of increasing his strength, McAdoo fell away during the day and registered only 41 1/2% on the fifty-second ballot. Governor Smith is still clinging close to his original figures and had 32 1/2% on the fifty-second ballot.

There was Ralston talk throughout the hall. As he began to gather strength, Ed Moore of Ohio became panicky for fear some of the Ohio delegates would slip. Ohio has voted throughout for Cox and Moore told them:

"The only distinction Ralston would bring to the party would be the doubtful honor of leading the party to a worse defeat than did Cox."

Tom Taggart sat smiling in his chair. "I haven't asked for a vote," he said. "It's entirely spontaneous."

### Fifty-Second Ballot

McAdoo 41 1/2, Smith 32 1/2, J. W. Davis 63, Underwood 39 1/2, Ralston 93, Glass 24, Robinson 42, Cox 54, Ritchie 16 1/2, Salisbury 6, Owen 4, Walsh 1, Bryan 4, E. G. Battle 20.

### MARION SQUARE GARDEN

NEW YORK, July 3.—Having broken the record of the Baltimore convention when it took its 48th ballot for presidential candidate shortly after 1 o'clock today the democratic national convention settled this afternoon for real war.

McAdoo and Smith were hopelessly deadlocked Thursday afternoon. Their totals did not vary much.

Nominations by starting now appears to be the only solution. The Smith and anti-klan forces are determined to starve the McAdoo supporters not only as to votes but also as to food. As it appears now it is McAdoo forces against the field with the opposing faction working in relays. The McAdoo supporters are required to be on the floor continually to hold the vote down and consequently are eating as they can.

### Forty-third Ballot

The forty-third ballot, the first taken this morning, gave the following results: McAdoo 48 1/4, Smith 31 1/4, J. W. Davis 71, Underwood 40, Ralston 31, Glass 24, Robinson 44, Cox 54, Ritchie 17 1/2, Jonathan Davis 3, Awen 4, Salisbury 6, Walsh 1.

### Forty-fourth Ballot

The forty-fourth ballot showed no change among the leaders. It stood: McAdoo 48 1/4, Smith 31 1/4, J. W. Davis 71, Underwood 39, Ralston 31, Glass 25, Robinson 43, Cox 54, Ritchie 17 1/2, Jonathan Davis 3, Salisbury 6, Owen 4, Edwards 1, Walsh 1 and 1 not voting.

### Forty-fifth Ballot

John W. Davis gained 2 votes on the forty-fifth ballot and Underwood lost 2 votes. Glass lost 1 vote and Robinson gained 1. Otherwise the ballot was like the two preceding. It showed: McAdoo 48 1/4, Smith 31 1/4, J. W. Davis 73, Underwood 38, Ralston 31, Glass 24, Robinson 44, Cox 54, Ritchie 17 1/2, Jonathan Davis 3, Salisbury 6, Owen 4, Walsh 1.

### Forty-sixth Ballot

McAdoo 48 1/2, Smith 31 1/2, J. W. Davis 71, Cox 54, Underwood 38 1/2, Ralston 31, Glass 24, Robinson 44, Ritchie 16 1/2, Jonathan Davis 3, Salisbury 6, Owen 4, Walsh 1.

### Forty-seventh Ballot

McAdoo 48 1/2, Smith 32 1/2, J. W. Davis 70 1/2, Underwood 38 1/2, Ralston 31, Glass 24, Robinson 45, Cox 54, Ritchie 16 1/2, Jonathan Davis 3, Salisbury 6, Owen 4, Walsh 1.

### Forty-eighth Ballot

McAdoo 48 1/2, Smith 32 1/2, J. W. Davis 70 1/2, Underwood 38 1/2, Ralston 31, Glass 24, Robinson 45, Cox 54, Ritchie 16 1/2, Jonathan Davis 3, Salisbury 6, Owen 4, Walsh 1.

### Fiftieth Ballot

McAdoo 46 1/2, Underwood 40 1/2, Ralston 58, Glass 24, Robinson 44, Cox (Continued on page two.)

**"OIL" TROUBLING ITALY.**  
Italy is going through a similar experience to that of the United States, and the bottom of the trouble seems to be "oil" and the Sinclair interests.

On June 10 the Italian Socialist Deputy Giacomo Mattotti was seized by four men in a public street, and dragged into a waiting automobile. He may still be alive, but, if so, he has not been able to communicate with his family or his party, of which he was the secretary. An expert in financial matters, he was a legislator on whom his countrymen had counted and therefore was a menace to the party in power. Many clues point to a political crime, not the least of which is the attempted flight of prominent members of the fascisti, some of whom are under arrest.

Like the oil scandals in Washington, this outrage has touched the ruling faction very closely. As in the United States, the minister of the interior, accused of having accepted money from the same American oil company, has resigned. As in the case of Daugherty the perfect of police has been forced out of office. In both countries editors of newspapers supporting the administration have become involved. In each country full and even-handed justice has been promised by the head of the government, and it is a strong tribute to the force of public opinion that a dictator like Benito Mussolini cannot afford to ignore it any more than an American president elected by a record-breaking majority. There are certain limits beyond which it is not safe even for the most highly placed politicians to go in any country.

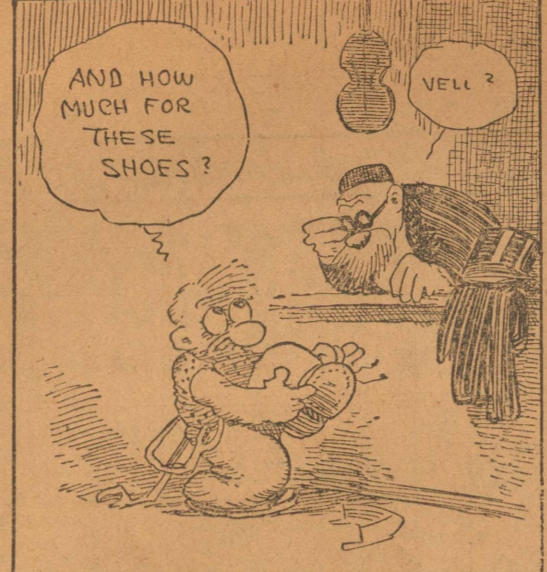

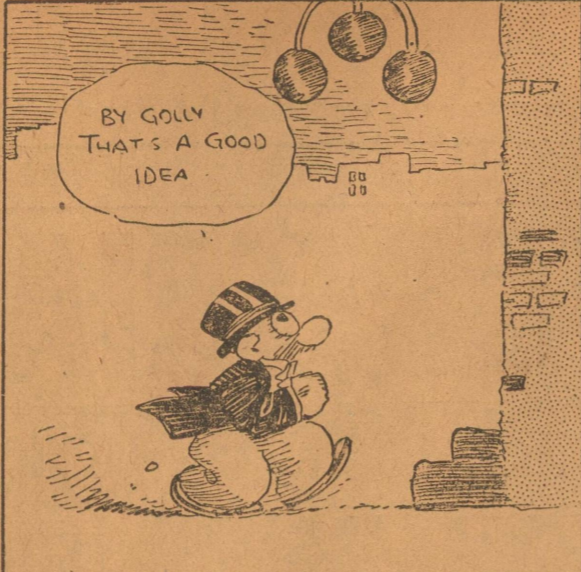

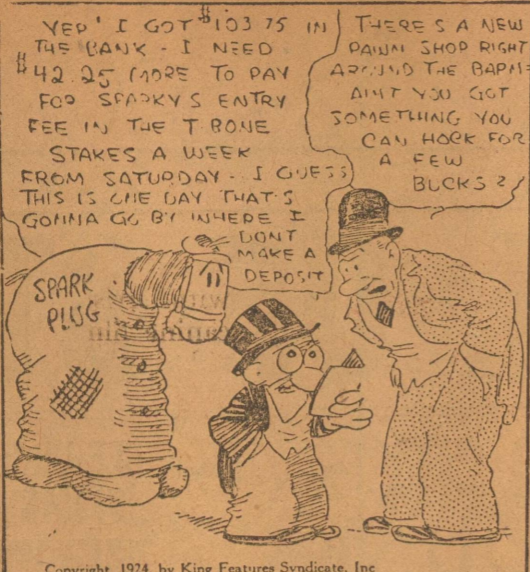

**THE SOUTH AFRICAN REVOLT.**  
Last week the people of South Africa were called upon to decide between the South African party, headed by Gen. Jan Smuts, and the labor-nationalist past headed by General Hertzog and Colonel Cresswell. The fundamental issues at stake in the election go far back into history. Four years after the Boer war, in 1906, a constitution was established in the Transvaal whereby a Dutch majority under General Botha and General Smuts assumed responsibility for the government. Two years later a South African convention drew up a constitution federating the four South African colonies into a single union, which was passed both by the South African and British parliaments. This constitution, however, was more than a successful piece of federalism, it was a concordat between the British and Dutch in South Africa that they would bury the hatchet of their radical quarrels by ceasing to be a Dutch Transvaal or British Cape colonials and accepting equal citizenship in a new South African nationality.

The nationalist party has recently pushed secession into the background, and now stands for opposition to its rival, the South African party, and for South African development according to Dutch rather than British, ideals and aspirations.

There was, however, a third element in the election and that was the labor party, led by Colonel Cresswell. The labor party stands for more or less socialistic creed that is common to other labor parties.

As a result of the election the nationalist and labor coalition now have a majority of 24 in the new parliament. Four ministers have been defeated including General Smuts. General Hertzog will become prime minister of native affairs.

**CISCO.—Called to a dying man.**

Dr. Graham, Cisco, drove 23 miles in 24 minutes in a vain effort to save the life of Clifton Fife, injured in a runaway. Fife died a half hour after the accident.

Electrification of the Pennsylvania railroad from New York to Philadelphia and Washington and from Philadelphia to Pittsburgh has been decided upon and general plans for this work completed. This electrification will be started as soon as funds are available. Railroad men consider that because of steep grades in the vicinity of Altoona, the Philadelphia to Pittsburgh route will be the first portion to be electrified.

Three electric motor-driven escalators have been installed in the Bank of England station of London's famous "Tuppenny Tube" subway system. These replace five elevators or "lifts" as the British call them. Each escalator is driven by a 45-horsepower electric motor at a speed of 90 feet a minute and carry 8,000 passengers an hour.

**CONVICTED MAN GETS NEW TRIAL AND LIBERTY ON BAIL**

FORT WORTH.—The second trial of Tom Archer, recently released from jail after 469 days confinement, has been set for July 14. Archer was sentenced to 40 years imprisonment after conviction on charges in connection with the murder of G. W. Lawley here. ## DAWES PLANS WHIRLWIND CAMPAIGN.

CHARLES G. DAWES. ILL.

This is the latest posed photograph of General Charles Gates Dawes, of Chicago, Republican Vice-Presidential candidate, who plans a whirlwind campaign all over the country.

## FIRST PROTESTANT TO BE PRESIDENT OF FRANCE.

GASTON DOUMERGUE. ILL.

Gaston Doumergue, President of the French Senate and Moderate Radical, elected President of France after the resignation of President Millerand, is the first Protestant ever to hold that office in the French Republic.

## Radio Sales Executive Reviews Broadcast Developments

Are Now Reaching Peak of Perfection in Service, Says E. E. Bucher.

New York—Recently vast improvements have been effected in both the broadcast transmitter and the receiver, says E. E. Bucher, Manager of the Sales Department of the Radio Corporation of America. During the past year broadcasting

E. E. BUCHER. U & U

stations have increased in number; the power and the radiating efficiency of many of them have been improved; and this, together with the marked progress made in the operating efficiency of the radiating receiver, has increased the reliable working range of the radio broadcast transmitter very materially.

The past year has witnessed the development of a group of radio receivers requiring neither aerial

nor ground connections. These sets operate from a compact coil of wire placed inside the cabinet, making it possible to deliver a radio set to the home, complete and self-contained, ready for immediate operation.

Equally important have been the improvements effected in the design of radio receiving sets of the antenna type. New circuits have been developed whereby such sets become "non-radiating," giving greater sensitiveness and a degree of selectivity unapproached by former types of two-circuit and three-circuit receivers.

Sharpness of tuning has been increased so that substantially all broadcasting stations within range can be received individually without interference from others. This means that the programs of local stations can be eliminated if the broadcast listener so desires, and that out-of-town stations can be heard regularly no matter how near the listener is located to the local station.

Of equal importance has been the perfection in quality of acoustical reproduction. Astounding progress has been made in that direction, and thus we obtain more faithful reproduction of broadcast voice and music.

Receiving sets having reached such a high degree of perfection, further improvements in the art will come principally from the broadcast transmitter. The use of Super-Power may be looked forward to, thus assuring a signal strength of sufficient intensity to swamp out the interferences commonly called "background noises," produced by sources other than the broadcast transmitter. It is conceivable that one such station can furnish programs the greater part of the year throughout the United States.

Radio is now established as one of the great industries of the Nation.

## Murder of Socialist Stirs All Italy.

Above: ALDO FINZI. Below: ITALO BALBO. ILL.

The kidnaping and slaying of the Socialist Deputy, Matteotti, has stirred all Italy. Under Secretary of Home Affairs Aldo Finzi, has resigned to fight charges that he instigated the plot. Finzi had been threatened with exposure by Matteotti in connection with oil land leases. Generalissimo Italo Balbo, leader of the Fascist militia, is reported to have led several thousand of his followers into Rome.

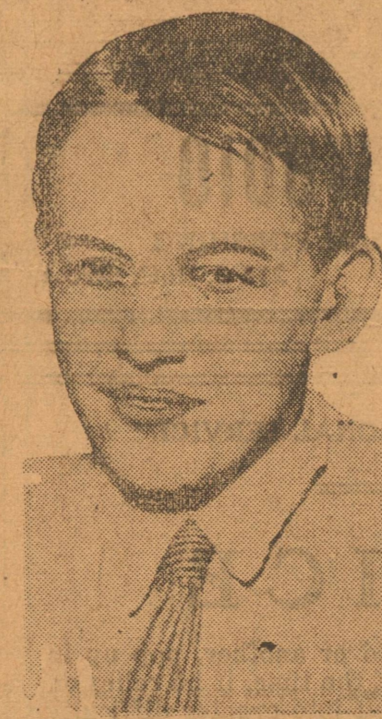

## Beauty and Politics Do Not Conflict.

MRS. LE ROY SPRINGS. ILL.

That beauty and politics do not conflict is strikingly proved by Mrs. LeRoy Springs, Democratic National Committeewoman from South Carolina, who was delegate-at-large from her State to the Democratic National Convention in New York City. Her husband also was a State delegate.

## Missing Boy May Be Kidnaped.

PHILIP DENNY. ILL.

Philip Denny, 13-year-old Chicago schoolboy, has been missing from his home more than a month. Two of his school chums told his mother, Mrs. S. E. Denny, they had seen him with John C. McLean, former janitor of the school he attended, two weeks after his disappearance. McLean is under arrest, but denies knowing the boy's whereabouts.

## MEN AND WOMEN IN NEWS OF THE DAY.

Above: MRS. CHRISTOVAL RUSSELL & PRINCE CAETANI. Below: MRS. E. LEITSCH & HARRY GREB. ILL.

Interrupted by a near riot, 3,000 Italians in New York City unanimously adopted a resolution asking President Coolidge to dismiss Prince Gelasio Caetani, Italian Ambassador, because of the "kidnaping, mutilation and brutal murder by the Fascist of Deputy Giacomo Matteotti in Italy." Harry Greb, of Pittsburgh, retained his title as middle-weight champion of the world in a 15-round fight to a decision in New York City against Ted Moore, of England. The Hon. John Hugo Russell, heir to Lord Amphill, formerly Viceroy to India, has withdrawn his London divorce suit and thereby recognized the legitimacy of the famous "demon baby," which now becomes heir to the title. Opening a package mailed to her from Lakeland, Ky., where her married daughter lives, Mrs. E. Leitsch, of Chicago, was horrified to find a dead baby. Her daughter and son-in-law were arrested.

## WHEN IT'S 90 IN THE SHADE

IN the good old summer time, when you wear this chic large-brimmed bangkok hat to keep the sun away, you will doubtless also want a printed crepe scarf to keep you from catching cold, at least so we gather from this interesting and prophetic sketch from Cheney's Paris ateliers. Be that as it may, this brightly printed crepe scarf is adorned with a trimming of plain green crepe worked in pleats in a manner reminiscent of our kindergarten days, and is quite irresistible. Naturally, the lady has used the same trimming idea on her hat.

The bangkok hat is almost de rigueur for warm weather wear. It is more often found in the small modified cloche shapes, but occasionally one sees a wide-brimmed one like that sketched. All colors are worn, but white is perhaps the most fashionable, and the smart but simple trimming is usually a printed silk band to match the scarf.

## Boy Knight Of A New Crusade

"Jackie" Coogan, with "Irish" canine film star, aids in the nationwide campaign of the Near East Relief to fill a million dollar foodship on which "Jackie" will sail this summer as the representative of the children of America, on a Crusade to help war and famine victims in the Near East Relief orphanages in Bible Lands.

## THE THREE IN ONE COSTUME BIDS FOR FAVOR

ALL is not plain sailing in the new fashions. One can no longer be confident that an approaching creation on the avenue is a suit. For, on the wearer passing us, one perceives the all in oneness of a coat. Or vice versa. And then, after we have been reduced to a pleasing state of bewilderment, it turns out that the costume is really a coat frock.

"It is quite a feature of this year," writes Henri Creange from Paris, "to see a coat frock looking like a straight gown at the back and like a tailor made with a short or long jacket in front, or the contrary. I even had the surprise the other day of seeing a mannikin jacking off this already amazing garment to show a little dress underneath: it was an unexpected coat."

The costume of beige Krisal-kreps which has just been relayed to us from Cheney's Paris ateliers, shows all these ideas, and, besides, the very novel one of opening suddenly a high fastened jacket to show a brilliant colored waist.

Even when the front of the jacket is demurely closed, as shown in the small sketch, a gay note is added to the costume by the chic plaid bows tied around the throat and wrists, for the chic Parisienne to-day is as beplumed as any Highland lassie.

## MEN AND WOMEN IN NEWS OF THE DAY.

Above: MISS MARY MALONE & BOBBY JONES. Below: EDWIN GOULD & CARDINAL HAYES. ILL.

Bobby Jones, of Atlanta, Ga., former open golf champion of the United States, has been married in his home city to Miss Mary Malone, his childhood sweetheart. Patrick Cardinal Hayes, of New York, was selected to open the Democratic National Convention in New York with prayer. Frank J. Gould, son of the late Jay Gould, has opened a court fight in New York to have his older brother, Edwin, removed as trustee of their father's estate, alleging he is delinquent in his duties.

## CHIEF FIGURES IN NEWS OF THE DAY.

Above: COL. E. M. HOUSE & F. H. LA GUARDIA. Below: MAJOR WM. HENSLEY, JR. & BILL BRENNAN. ILL.

"Bill" Brennan, former heavyweight fighter, has been shot to death in his cabaret in New York City by gunmen, who also murdered a State Trooper in the place. True to his promise to have dinner with his parents in their home at Columbus, Neb., Major William N. Hensley, Jr., commander of Mitchel Field, Long Island, flew 1,900 miles in 15 hours and arrived in time. In a speech in New York City Congressman F. H. La Guardia, Republican, representing the 20th New York Congressional District, bitterly assailed the Republican policies in the party platform, and defied the leaders to read him out of the party. Colonel E. M. House, former confidential adviser to Woodrow Wilson, has issued a demand that the Democratic convention adopt a plank urging the United States at least to become an Associate Member in the League of Nations.

BOXING BOUT TONIGHT TO BE FAST AFFAIR

Six Scrappers in Pink of Condition and Promise to Give Good Exhibition.

Promptly at 8:30 o'clock tonight, the preliminary scrap between "Pug" Seale, Ranger, and Mac McCleskey of Eastland, scheduled to go six rounds, will start the fireworks for the 24 rounds of fighting billed at the Liberty theatre, Ranger. "Pug" says that he is ready to go and is in the pink of condition. Reports from the Eastland camp are that McCleskey is "rain" to go and will prove to Sealy who is the better man in tonight's scrap. Both battlers went to a six-rounds draw last July and a battle royal is looked for.

"Doc" Curry of Ranger, who is booked for eight rounds with Grady Ross of Denton, is expected to furnish the thriller of the night. Doc had plenty of experience with the tough ones during his stay in the United States navy and a long string of scalps hang from his belt. Ross, of Denton, is coming here with a crack reputation of being a whirlwind on his feet and a long string of fights to his credit. Curry is not saying much about his end of the decision but expresses plenty of confidence that he will be on the long end of the decision when the final count is made.

"Shorty" Houghton, of Ranger, says that he will put Gene Wood of Eastland away for the count before the end of the tenth round of the main battle. Houghton is the local boy who deals much misery to the carnival scrappers who visited Ranger in the hopes of finding easy pickings, but were very disagreeably surprised. Reports from Wood's camp are that Shorty will have the battle of his life if he expects to put their man away and that he might be on the short end of the count himself if he isn't careful.

All of the scrappers went through a light workout and muscle limbering exercises yesterday and are in the pink of condition.

TEXACO CLUB AT PARKS CAMP TO WELCOME IN THE FOURTH

The Texaco club of Parks camp plans to dance in the Fourth of July and announces that there will be a dance at the camp tonight with music furnished by Brown Tomme's troubadours of Brownwood.

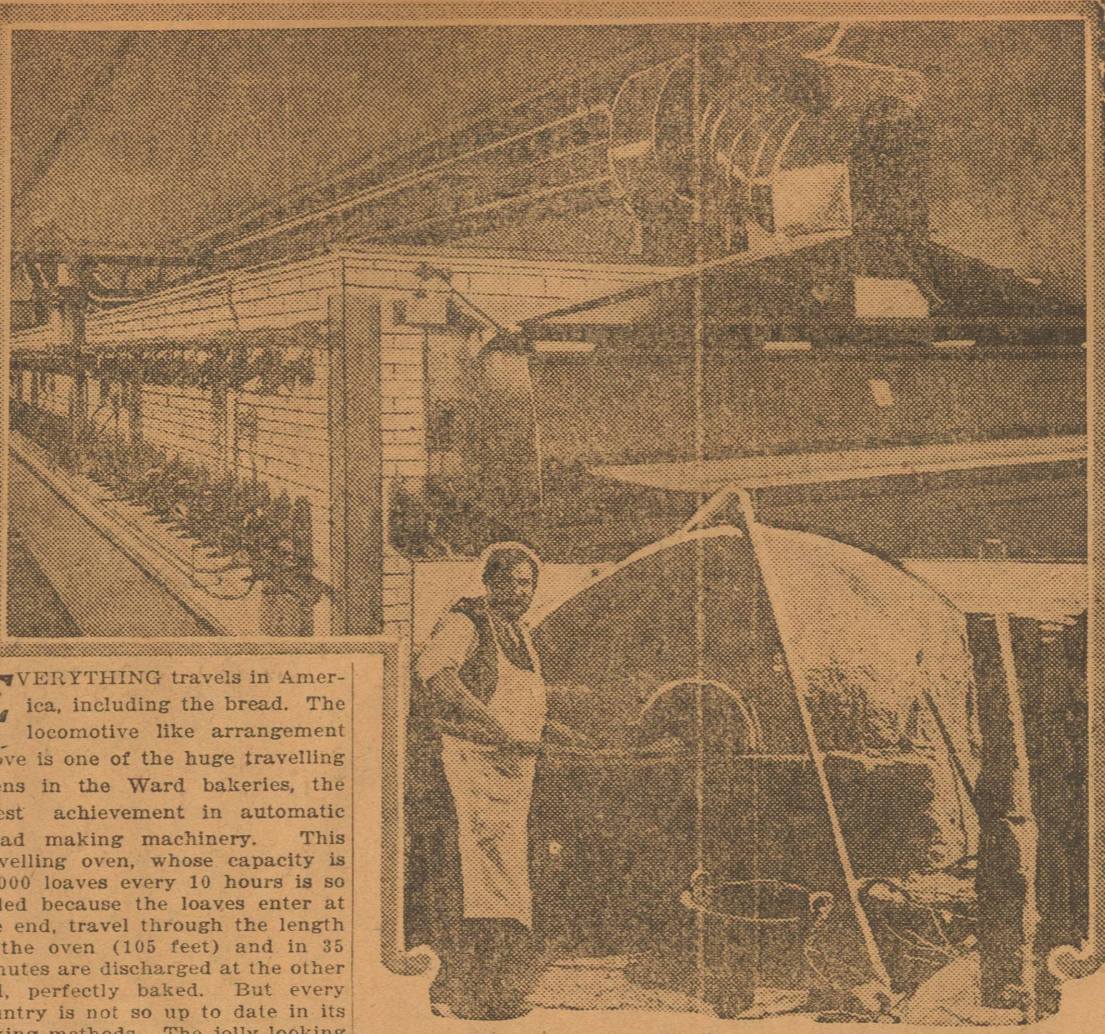

PRIZE FOR BABIES.

BUENOS AIRES—A decree has been signed by the minister of education and justice insinuating in the name of the ministry a prize for "the woman who by her self-devotion does the most honor to maternity," the prize to consist of \$500 annually and to be awarded by a committee which will select the prize-winning mother.

CRIPPLED "NEWSIE" TO HAVE CHANCE TO GET WELL

EL PASO.—Through the kindness of El Pasosans, Sidney Colie, crippled "newsie" will leave here this week for Los Angeles, where he will undergo a major operation, destined to restore his ability to walk. A fund of \$640 was raised by citizens to pay the crippled lad's expenses.

The Travel Urge Reaches The Bakery

EVERYTHING travels in America, including the bread. The locomotive like arrangement above is one of the huge travelling ovens in the Ward bakeries, the latest achievement in automatic bread making machinery. This travelling oven, whose capacity is 50,000 loaves every 10 hours is so called because the loaves enter at one end, travel through the length of the oven (105 feet) and in 35 minutes are discharged at the other end, perfectly baked. But every country is not so up to date in its baking methods. The jolly looking Chilean farmer at the right is not stoking a furnace but merely looking to see if the daily batch

of bread for the family is baked. These outdoor ovens invariably have a place alongside the adobe huts of the farmers in Chile, where apparently American ideals of scientific baking are unknown.

YALE BOATMEN RANK HIGH FOR OLYMPIC RACES

By FRANK GETTY (United Press Staff Correspondent)

NEW YORK, July 3.—America's colors will be swept over the Colombes-Argenteuil course on the River Seine in the Olympic nautical sports this month by as great an eight-oared crew as ever represented this country.

Yale's varsity eight smashed the Olympic record by 12 full seconds in the tryouts on the Schuylkill, in which the Ells took the measure of the navy officers. The race was not at the exact Olympic distance, but careful compilation of the Blue's time at the 2,000 metre mark showed the record smashed.

Of course, conditions on the diagonal course at Philadelphia may have been somewhat different from those on the Brussels canal, where the navy made the existing record in 1920, and may be different from those to be encountered on the Seine. But the showing of Ed Leader's oarsmen is mighty cheering and places them above the navy eight of four years ago, in the opinion of the experts.

The English crew, which is expected to furnish the main opposition, is in for a hard race, and Yale may start to favorite at Paris. We do not know yet which of several excellent crews will be sent from England, or whether a special Olympic crew will be made up. They row for the Grand Challenge cup on the Thames July 5, and the date of the first heat of the Olympic trials is July 10. Any oarsman knows what this means. If the winners of the grand are to go to Paris, they will have to pack up hurriedly, cross the channel and get into some stiff competition on the Seine before they are fairly acclimated. And if England wins in the heats, its crew may have to row four times in a week.

The alternate would be for England to make up a special eight for the Olympics, which would, of course, weaken several of the crews which are entered for the Grand Challenge cup.

The English might stand a beating by Yale, but it would be a sorry blow for the British lion if its oarsmen were to lose to some other country through too much work in too short a space of time, which well might happen.

Ed Leader is hopeful that the sweep-swingers he took to Paris will register a victory for the United States. It would be another feather in the cap of this serious young man from the west, who made Yale rowing what it is today, after turning out a magnificent lot of oarsmen at Washington University.

The Yale crew which went abroad immediately after the race with Harvard in June will scatter over Europe after the Olympic games are over. Captain Rockefeller and E. Sheffield will continue on eastward around the world.

DESDEMONA TO PLAY RANGER, AT NITRO PARK

Teams Will Meet Tomorrow in Ranger, Contest Beginning At 3:30 o'Clock.

Nitro park will be the scene of a battle royal tomorrow afternoon when the Ranger Nitros tangle with the Hogtown crew from Desdemona at 3:30 o'clock in the Fourth of July exhibition game.

Weatherford will in all probability do the heaving with Hensley on the receiving end for Ranger as Desdemona will probably start "Slick" Moore, the spitballer who has had the Nitro crew eating out of his hand whenever he worked against them. Ranger has not scored on "Slick" as yet, but they are busting the old apple at a terrific rate at the present and Mr. Moore will be surprised tomorrow, indications are at the present time.

Desdemona is coming here determined to wipe out the defeats handed them by the Nitro crew recently and to add to their victories over Ranger. Moore is scheduled to start the game but the Ranger wrecking crew, who dealt much misery to the renowned Blankenship of Breckenridge, who shut the Olden crew out recently, are of an opinion that he will not last the game.

tionship of landlord and tenant, whereby the defendant rents from plaintiff a room in the above mentioned building to be used as an aforesaid, defendant being then by occupation a surveyor and maker of blue prints, maps and other related activities; the rent agreement made between plaintiff and defendant was a month to month contract and was verbal and defendant agreed and obligated himself to pay to plaintiff the sum of \$15.00 per month for the use of said office for the full length of time he occupied same; said sum of money being payable in advance on the first day of each month. Said defendant used the above mentioned office room continuously from the first day of March, 1922, to and including the 31st day of January, 1924, for which he owes plaintiff the sum of \$180.00 per month for the use of said office for twenty-two months, aggregating the total sum of \$396.00. Said defendant refused to pay same and defendant though often requested to pay same has heretofore failed and refused and still refuses to pay the same or any part thereof, to plaintiff's damage in the sum of \$396.00.

That on or about the first of February 1924, defendant left Cisco, Texas, permanently and is now residing somewhere in the State of New York. Said defendant has and was the owner of the hereinbefore described personal property, which is located in the rented premises and is now in possession of plaintiff and upon the plaintiff's demand has refused to return to plaintiff the same. Plaintiff is the sole and exclusive owner of the same said property being described as follows, to-wit:

Berger Transit Complete, Garley Transit, German silver Vernier Protector 50" straight edge 30" and 54" transparent blade T square 36" common T square, 4 irregular curves 6 triangles all size, election iron for blue prints 100' chain, 50 vara chain, 300' chain with reel, set of chaining pins, lock level, 5 paces, 5 paces, 100' level, 4 feet steel tape, drafting table, map holder and surveyors seal, Deluxe XII for small tracings, Fease blue print machine electrical No. 961637, Blue print wash pan with hose and spray, blue print drying rack and cutting table, gas stove, chemical tin with brushes and ink well.

That said defendant as hereinabove mentioned does not reside in the State of Texas, and upon the plaintiff's demand has refused to return to plaintiff the same. Plaintiff is the sole and exclusive owner of the same said property being described as follows, to-wit:

Wherefore, plaintiff considered, plaintiff prays that defendant be cited to appear and answer herein according to law, and that upon final hearing plaintiff be decreed judgment of the court, foreclosing her lien upon the property hereinabove described, that the same be ordered sold under the seal of said court, and the proceeds thereof be applied to the payment of the costs of this suit and the expense of selling the same, and that the balance if any be held and disposed of as the law directs, and for all other and further relief, general or special, legal or equitable, as she may hereafter justly be entitled to.

G. W. DUNAWAY, Attorney for Plaintiff. Herein Fall Not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Eastland, Texas, this 10th day of June A. D. 1924. ERNEST H. JONES, Clerk County Court at Law, Eastland County, Texas. June 13-20-27, July 4.

### "Watch Your Step" Salute the Flag In Right Way Altimes

Local business men who are not sure as to the proper way to display the American flag on July 4 or other patriotic occasions can soon call in their children from the public school and get immediate and authoritative counsel, according to Dr. W. C. Palmer, commander of the Carl Barnes post, American legion, of Ranger.

As a result of the campaign waged by the Texas department, American legion, led by State Commander M. W. Sherwood of Temple, standard flag rules are to be taught in all public schools in Texas. The rules are to be made a part of the course in civics according to a recent decision of the state text-book commission, Dr. Palmer of the legion post said.

"Not many Americans, loyal as they are at heart," declared Dr. Palmer, "know what to do when Old Glory comes by in a Fourth of July parade. Nobody intends to show any disrespect to the national banner, but most of us go merrily on as the flag is passing in parade—just as though it were no more significance to us than an elaborately decorated float."

"When the flag is passing in parade everybody should come to attention until the colors have been carried by. A man should lift his hat with his right hand and place it over his heart; the woman should place her right hand over heart."

"That is just one of the many rules to be taught in the public schools of Texas—thanks to the successful campaign of the Texas department, American legion—many before many years have passed nearly all people, particularly the young people, will be thoroughly familiar with the standard rules to be observed in displaying and paying proper respect to Old Glory."

#### STEADY WORK ONE MAN'S RECIPE FOR LONG LIFE

**WAXAHACHIE.**—No wonder people age rapidly. The elixir of youth, according to C. R. Gibson, 52-year-old paragrapher of the Waxahachie Daily Light and the Weekly Enterprise, is nothing but "hard work."

"Uncle Charlie" has had an interesting life as a statesman, philosopher and journalist. Recently he celebrated his eighty-second birthday and took occasion to give some views and observations that he has had occasion to make during his life so far.

"Hard work never hurt anything but a fellow's feelings," said "Uncle Charlie."

And just to prove he practices what he preaches he shows up at the Daily Light office every morning long before his youthful associates. His chief interests are in his work in religion, in fraternal work and in sports—especially football.

He drinks coffee three times a day, smokes five or six cigars daily besides his pipe, in which he has smoked the same brand of tobacco for 50 years.

As for the world in general "Uncle Charlie" has this to say:

"I think the world will never be what it ought to be until we live according to the teachings of the Master."

"And," he added with a twinkle in his keen eyes, "vote the democratic ticket."

### Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere.

"Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural readjustment of muscles and nerves during pregnancy and child-birth. Start using it today. Mrs. E. E. Kerper, Clayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., B-76, Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.

#### MARY JANE PARTY THIS EVENING AT TIFFIN

There will be a Mary Jane party tonight at the Tiffin school house for which all women and girls attending are asked to wear bonnets and gingham dresses, all men and boys to wear straw hats, seersucker pants or khaki which will be admitted as duck. Anyone not so dressed will be charged 25c admission. Everyone is invited and a merry evening is assured.

#### TIFFIN P. T. A. HAS UNUSUAL ENTERTAINMENT

The Parent-Teacher association of Tiffin had an enjoyable meeting recently when the men of the community provided the refreshments which they themselves served. Songs and games arranged by the young people of the community added to the enjoyment of the evening, making it an event which it is hoped will be soon repeated.

#### PRAIRIE DANCE CLUB POSTPONED ONE WEEK

Announcement has been made that the next dance of the Prairie club will be held on Saturday evening, July 12, instead of the first Saturday in the month. Members are asked to notice this change and report to other members.

#### SPECIAL SERVICE SUNDAY AT ST. MARY'S CHURCH

Rev. Frank H. Stedman will be in Ranger on Sunday and will conduct a communion service at St. Mary's Episcopal church. He will also discuss the recent conference held at St. Mary's college, Dallas, in the interest of church advancement and will have many things of interest to report. The service will be at the usual 11 o'clock hour.

#### PERSONALS

Doris Murray is spending the week end in Fort Worth with her aunt, Mrs. Hottman.

Margaret and Elizabeth Dillingham are visiting in Winters.

Mrs. C. W. Alworth, accompanied by her daughter, Miss Eleanor, and son, Rexford, left Sunday for an extended trip through Ohio, Michigan and New York. They expect to be gone about a month.

Mr. and Mrs. L. McNeill and children are leaving today in their car for a few days' outing in Fort Worth.

The home electric idea has reached South Africa. At the Johannesburg agricultural show, a model home was exhibited showing electrical installations for dining room, bedroom, kitchen, and workshop, these being supplied from an independent home lighting unit.

Sacramento, Cal., is anticipating the largest steam-electric generating station in northern California, next after San Francisco and Oakland. The unit will deliver something more than thirteen thousand horsepower of electric energy.

### C. L. (Clyde) Garrett In Race For County Court-at-Law Bench

To the Voters of Eastland County: I take this method of announcing my candidacy for judge of the county court-at-law, subject to the action of the democratic primaries.

I have been a resident citizen of Eastland county my entire lifetime, 33 years, having been born and reared on a farm between Gorman and Carbon. Other than farming I have taught school, served as your county clerk from 1912 to 1918, during which time I endeavored to serve you honestly and efficiently. During the latter part of 1921, while active in the First State bank of Eastland, as vice president, the city commission of the city of Eastland, without the least solicitation on my part, appointed me city manager, which position I held until 60 days ago when my resignation as such was accepted.

During the time that I have resided in Eastland county, which has been all of my life, I have naturally made a record as a citizen and public official. If that record is such as would entitle me to your further confidence as a public servant I shall appreciate your support and influence. It is not necessary for you to go out of Eastland county to investigate my record, for it has been made here with you and by your aid, which is not true with reference to my opponents, for they are practically new men in Eastland county, neither of whom, as far as the tax rolls show, are property tax payers in this county.

If I was not convinced that I am thoroughly qualified to discharge the duties of this office I certainly would not offer myself for the place. Also if I did not know that I was not broad enough, conscientious enough and honest enough to discharge the duties of this office fairly and impartially to every man alike, regardless of his views on any matters, I would not ask for your support, neither would I be entitled to same, for, in my opinion, honesty is the first and main qualification of any public official.

I find it impossible to see every voter personally, but I trust that you will consider this as a personal solicitation of your support. Most of you know me as well as the record I have made as a citizen and official, but to those of you who do not know me I earnestly invite you to make a thorough investigation concerning same and if after you have made such investigation you find the facts justify and warrant your consideration and support I assure you that it will be appreciated.

Respectfully,  
Signed: C. L. (CLYDE) GARRETT.

OLDEN, July 3.—A meeting will begin on the night of July 4 at the Church of Christ tabernacle, conducted by E. S. Fitzgerald of Weatherford. The song service will be Mrs. J. A. Moore and Miss Eleanor Robertson have left to spend the summer in California.

G. L. Russell and sons, Hubert and Arthur, left Tuesday for the harvest fields in the west.

Mrs. O. P. Young has been very ill this week.

Several friends enjoyed ice cream and cake at the O. P. Young home Monday night.

Mrs. B. F. Cayce is on the sick list this week.

Mr. and Mrs. Ted Cox are the proud parents of a nine-pound girl, born Wednesday morning.

U. S. Serrell, who was pastor of the Methodist church here for several years, is in a hospital at Dallas where he underwent an operation for appendicitis.

Master Clyde Wheeler got his leg broken at his grand father's home, L. D. Sharp, Sunday.

Mrs. M. A. Stamford of Florence, Texas, who has been visiting her son, E. J. Stamford, left Sunday for Hico to visit a few days before returning to her home.

Mrs. J. C. Vanhebbler has returned to her home at Putnam, accompanied by her mother, Mrs. T. I. Evans.

Mr. and Mrs. C. L. Mitchell left Tuesday for Rotan, where Mr. Mitchell is working.

Mrs. I. L. Vaughn is very ill after an operation.

Mrs. Lee Bourland, who has been very ill, is reported improving.

Truman Horn is having a new windmill put up this week.

Mrs. C. D. Frye, who has been visiting relatives in Olden, returned to her home at Dallas Wednesday, accompanied by her niece, Margaret Hodgen.

The boy or girl who is always conscious of their pimply, blotchy, inflamed or rough skin, and really drawing more attention to it when they keep making excuses for not looking good, don't get any sympathy because folks now know that it is not necessary to keep putting up with this sort of thing.

Since Black and White Ointment and Black and White Soap, where introduced in this country, thousands of people who had been troubled with pimples, blotches, dark, rough skin, full of bumps, for years are now happy, because they find it gets rid of them so quickly.

Black and White Ointment is economically priced, in liberal packages. The 50c size contains three times as much as the liberal 25c size. All dealers have both the Ointment and Soap.—Advertisement.

Mrs. J. D. Peeler of Vernon, Texas, is here visiting her sister, Mrs. J. L. Haynes.

Mrs. Norwood and daughter, Louise, who have been visiting Mrs. Norwood's sister, Mrs. J. L. Haynes, returned to their home at Bridgeport, Tuesday.

Mrs. R. M. Hammett, who is ill in Gorman, is reported improving.

**MILLIONS SAVED DAILY.**  
Arthur Brisbane, famous American editor, says:

"Americans are saving money as never before, and prohibitionists will find comfort and ammunition in that."

"Savings bank deposits increased last year \$1,140,000,000—a good deal of money, and that is only a small part of it."

"Other hundreds of millions were invested in real estate, stocks, bonds, etc. In the world's history there is nothing like the way in which the American people both spend money and save money."

"Savings average \$30,000,000 a day—about 30 cents a day for every man, woman and child—not bad."

### JUDGE DAVENPORT HAS CLEAR FIELD IN BEDFORD ENGAGEMENT

Judge Geo. L. Davenport, candidate for re-election as judge of the 91st district court, filed a speaking engagement at Bedford, about four miles northwest of Eastland last night. Judge Jones, Mr. Davenport's opponent, was not present.

Other candidates present and making their announcements were, Ernest E. Wood, candidate for county clerk, and Frank Judkins, candidate for county attorney.

Mr. Davenport spoke along the line of former speeches delivered in the campaign, pointing out that of the many hundred of cases tried by him since he went on the bench, his opponent found fault with only one, the Starnes ouster suit. He went into details and explained his every act in connection with that case quoted the law giving him authority for each action taken.

**CARD OF THANKS.**  
We wish to express our sincere appreciation for the assistance rendered us at the time of the death of our husband and father. Also for the floral offerings.
