

TWO MEN CRUCIFIED IN NEW MEXICO

3 HELD IN KILLING OF W. U. OPERATOR IN FORT WORTH

International News Service FORT WORTH, March 30.—Clarence Putney is charged with murder here today in connection with the death of Scott Nichols, brother of W. W. Nichols, speaker of the New Mexico house of representatives.

Putney, Nichols, Phillips and the woman were all drunk, according to the statement of the woman, who declared that she was invited to Putney's house on the afternoon of the shooting.

Phillips has a family of a wife and seven children. He resides in Arlington Heights where he is employed as manager of the West Side Water company.

Nichols has a widow in Tucson, Ariz., and a brother for the Western Union here. He formerly worked in El Paso and San Antonio.

HARDING LAYS WIRES FOR TWO 4-YEAR TERMS

By BASCOM N. TIMMONS. Times Special Correspondent. WASHINGTON, March 30.—Warren G. Harding is a very human man. He is also a good politician, and to say that he is a good politician is no discredit to him.

Therefore, many, or in fact, most of the Harding appointments look like political appointments, designed to keep the way clear for a Republican victory in 1924.

For the first two weeks a surprisingly large number of the Harding appointments were from Ohio. Starting with the "Marion" club, from which he took his secretary, George Christian; his physician, Dr. C. E. Sawyer, and made him a brigadier-general; C. R. Crissinger, an unknown lawyer-banker to succeed John Skelton Williams as comptroller of the currency, and Charles Patton for a White House place, President Harding ranged through Ohio for many of his appointments.

Indeed, it was the number of Ohioans and former Ohioans appointed that led to the Washington hotel lobby joke that any job-hunter anxious to guarantee his success should learn to sing "Beautiful Ohio." One or two Marion men are yet to be given important posts, including Ed Steiger, former secretary of the Ohio Liquor License commission, an Ohio wet leader, and many other Ohioans will be appointed.

But from now on the President's attention will be devoted to guarding the weak spots. The organization will name the men and the organization must be responsible. By the organization is meant the state committee, the national committee, the senator and the congressman from each individual state.

Up to this time the President has seen a remarkably large number of party workers. But one Republican senator, fresh from the White House, predicted today with seeming authority that the President soon will end the conferences on partonage which take up seven or eight hours of his time each day. Manifestly, this senator said, the President must look after a lot of things other than patronage.

Therefore, in his affable but no less firm way, Mr. Harding will tell the state organization leaders that the different factions must get together, make up their slates and bring them to the White House. He has already taken this course in Oklahoma, where various factions are trying to put over slates and have made life miserable for him.

Both the woman and Phillips declared that Putney threatened them if they did not keep their mouths shut.

Phillips drew his pistol and told us that something else would happen if we ever uttered a word about the killing, declared Phillips. "I recognize that I did wrong in not telling the police but I was afraid to say anything for I knew that Putney would shoot me if I did."

The body of Nichols in its horribly decomposed state was buried last night following examination by Justice of the Peace J. W. McCain. A bullet wound was found through the heart. Nichols' clothes were intact. The body and face were so swollen that identification was impossible, except by the cuff links, signet ring and dental work.

AIRPLANE FLIGHT RESTORES MAN'S VOICE

WASHINGTON, March 30.—H. A. Renz, a former service man, is today able to speak, thanks to an airplane flight. Renz lost his voice several months ago. Specialists were unable to help him. He decided upon an airplane flight and was aloft an hour. On landing Renz rushed to the telephone and called his mother, who heard his voice for the first time in six months.

The Non-Partisan party will hold a mass meeting and political rally at the Summer Garden tonight in which the candidates for offices of commissioners and mayor will state their views on questions of local moment. Arrangements have been made for seating visitors to the hall.

All voters are asked to be present at the meeting regardless of their political beliefs in city politics.

THREE HEIRS SHOOT CRAPS FOR RESIDENCE WILLED BY UNCLE

HAMILTON, Bermuda, March 30.—Richard Darrell won "Norwood," a fine residence property on the shore of Hamilton Harbor and one of the show places of Bermuda, by drawing lots yesterday with two other persons in compliance with the provisions of an unusual will of his uncle.

Henry Darrell, former owner of this estate, could not decide which of his three nephews he would make his heir, so he stated in his will that they should throw dice and let fate decide the matter. But in the interval, his sister, Miss Harriet, was to retain a life interest and continue her residence at "Norwood."

Edwards Not Dead as Reported

FIGHTING FOR HIS LIFE IN HOSPITAL BED

Wife Is Being Held in Jail Charged With Murderous Assault.

(The Times erred yesterday through misinformation in stating that Edwards had been killed. When the report was received it stated Oklahoma City for confirmation, but the answer that Edwards was still alive, though dangerously wounded, did not arrive until after the paper had been printed.)

Special to the Times. OKLAHOMA CITY, March 30. Billy Edwards, who was shot Monday by his wife, Anna Belle Edwards, was fighting death at a city hospital this morning.

Physicians reported little change in his condition, but that he had a chance to recover. His wife is still held at the county jail pending his recovery or death.

Edwards, convicted in Ardmore on a gambling charge and later pardoned by Governor Robertson, and alleged to be the man behind wholesale bootlegging in Oklahoma City, was shot and probably fatally wounded here Monday afternoon by his wife.

The shooting occurred in their home, 910 1/2 North Dewey. Edwards was taken to a hospital across the street from where the shooting occurred. He was operated on at once and authorities say he has a chance to recover. The shot entered his stomach.

Mrs. Edwards has refused to make a statement but her mother gave out a statement today which said she shot in self-defense after Edwards had beaten her and had thrown his hand toward his hip. She said after the shooting they talked together about the wound and thought it not serious. Then they called an ambulance.

Mrs. Edwards is held in the county jail on a charge of assault with a deadly weapon with intent to kill. If Edwards dies the charge will be changed to one of murder. County Attorney Forest Hughes says the prosecution is expected to try to prove Mrs. Edwards took keys to Edwards' safety deposit vault after he was shot and took \$1,000 and diamonds from off his person. Mrs. Edwards says she had no money on her person and all his property is made out in his mother's name.

'HOT DOG' STAND OWNER FINDS BIG FORTUNE; BANKS SAY 'THANK YOU'

KANSAS CITY, March 30.—Charles Maradocis, owner of a "hot dog" stand, wonders whether honesty pays.

Charles found \$7,500 worth of negotiable securities in his "hot dog" stand this week and turned them over to the authorities. The bonds were returned to banks in Chicago and Boston, having been part of the loot of a \$29,000 mail robbery at Centerville, Iowa.

He was not rewarded. "Honesty is the best policy, even if it didn't pay me anything," observed the "hot dog" man.

WIFE'S DEADLY AIM SENDS MAN TO COURT FOR HELP

DETROIT, March 30.—John Bogen, who is suing his wife, Rosa, for a divorce, told Judge Dingeman that his beligerent spouse made a practice of throwing boards, skillets, poker and other household necessities at him and appealed to the court for an injunction restraining his wife from "beating him up."

The injunction, the first of its kind in the history of Wayne county, was granted.

MAN SAYS "HOPE I DIE." AND DIED 2 HOURS LATER

WELCH, West Va., March 30.—Two hours after he had expressed the wish that his life be taken if he had made a statement attributed to him by witnesses in a suit over the sale of cattle here, Mark Dillon dropped dead.

"I hope God will strike me dead if I made that statement," witness said Dillon declared as he left the courtroom. Friends said he was apparently in good health.

LADY NICOTINE GAINING FOLLOWERS AMONG GIRLS

NORTH BALTIMORE, March 30.—Youthful feminine fancy here is beginning to lay heavily on those various shaded and intricate-colored little boxes that contain twenty "white soft" snails.

FLAT RATES ON SANITARY SERVICE IN EFFECT SOON

The rate for sanitary service where residences are not connected with the city sewer will shortly be placed on a flat basis of \$1 a month to be paid into the city offices in advance; the rate at the disposal plant will also shortly be fixed at 25 cents for each of these rates were fixed in ordinances passed to the second reading yesterday by the city commission.

The body also passed an ordinance repealing a former ordinance that assessed certain property for paving costs. The paving will not be done along those sections where the assessments were suspended. This means that the city paving program is now almost complete, and no new work will be started. All that remains to be done is to place the brick on Hume, Oak and Walnut streets and finish paving the Main street railroad crossing.

More Efficient Basis. The sanitary company appeared before the commission and asked that the ordinance effecting the flat rate of \$1 a month be passed because it believed that the service can be put on a more efficient basis under that plan. Under present conditions the company does its own collecting in advance at the time the service is given and it has found the system unsatisfactory.

Under the new arrangement, when it becomes effective, householders under penalty will be forced to pay the bill into the city offices each month and the company can arrange a system whereby it will not be necessary to visit one house today and the one adjacent next day, as is now the case.

AUSTIN RY'S IN HANDS OF RECEIVER

By Associated Press. AUSTIN, March 30.—Duval West, United States district judge, entered an order yesterday granting a receivership for the properties and business of the Austin Street Railway company on an application by the Rochester Trust company of Rochester, N. Y.

William J. Jones, president and general manager of the company, was made receiver. The application for appointment of a receiver alleges in substance that the company is indebted \$788,000, due and unpaid on its first mortgage bonds. Among other details it holds the company is unable to pay its debt now due, and that soon to be due and that its financial operations are greatly embarrassed.

JOHN BURROUGHS WILL BE BURIED PRIVATELY WITH SIMPLE CEREMONY

International News Service. POUGHKEEPSIE, N. Y., March 30. John Burroughs, famous naturalist, who died yesterday on a train en route from California, will be buried on Sunday, the day on which he would have been 84 years old, at Roxbury, near the spot where he was born.

Funeral services will be simple and private, according to Burroughs' wishes.

Thomas A. Edison, Henry Ford and Harvey Firestone, for several years his camp companions, will attend the funeral.

Clark formerly was a court reporter at Abilene and has been in the Caddo postoffice about a year. The shortages are said to cover a period of six months. It is alleged that his books are in perfect order, but the cash is missing.

VIENNA, March 30.—One of the many families who live by the gradual sale of antique family possessions decided to sell a very old desk. While it was being removed a secret compartment opened and disclosed a pile of gold coins.

LONDON, March 30.—It is reported that the Hungarian ministerial council has decided to crown Charles, the former emperor of Austria, king of Hungary within two or three days, according to a Central News dispatch from Vienna today.

Advices from other sources made a mystery of the whereabouts of the former emperor-king of the dual monarchy, but the Central News correspondent reported that Charles was at Steinmanger, near the Austrian frontier, consulting arriving army officers and civil officials.

NAVAL PLANES SEARCH SWAMPS IN FLORIDA FOR MISSING BALLOONIST

International News Service. PENSACOLA, Fla., March 30.—Naval airplanes and dirigibles today are searching swamps near Apalachicola for the five naval balloonists who have been missing since Tuesday a week ago. However, naval authorities here believe that if the men descended in a swamp they have perished. The big dirigible C-7 equipped with wireless left this morning to join in the search.

Naval officials here believe that the cries heard coming from a swamp near the Jackson river late Tuesday came from the missing men, but doubt if they have survived.

BRUISED, BLEEDING, HUMAN SACRIFICES BOUND TO CROSSES

Bloody Rites Part of Ceremony Carried Out by Religious Order on Good Friday in Observance of Holy Week.

By Associated Press. ALBUQUERQUE, N. M., March 30.—Two men were crucified at Penitente, a village of Abiquiu, Northern New Mexico, on Good Friday in observance of Holy week in rites performed by members of Hermanos de Luz (Brothers of Light), a religious order, according to P. J. Nordfelt, artist, of Santa Fe, N. M., who arrived here Tuesday. Nordfelt said he was a member of a party of two dozen tourists who witnessed the crucifixion and flagellation ceremonies connected with it.

50 REDS LOSE LIVES IN WAR WITH POLICE

International News Service. BERLIN, March 30.—Fifty communists were reported to have been killed in a fight between security police and Reds today at Gabelsburg, in Westphalia. The police casualties were not given. Two officers of the security police and ten men were reported killed in a fight at Groebers.

The Reds were armed with machine guns, which they used so effectively that the police were compelled to retreat.

Attempts of the Reds to make headway in this city and to bring about a general strike seemed today to have failed completely. The Reds had planned a riot and disorders to further their plot but the city has remained comparatively calm. No outbreaks of violence have occurred.

There have been a few minor walk-outs but nothing like the demonstrations planned.

It is estimated that the Red prisoners captured now total well over 2,000. The government is in a quandary as to what to do with the rank and file of the communist prisoners. They have refrained from executions, for fear of inflaming the working class and adding fuel to the disturbances. The suggestion of wholesale executions has been abandoned.

SURGEON IN WHEEL CHAIR TAKES BULLET FROM PATIENT'S BRAIN

OSSINING, N. Y., March 30. For the first time in four years, Leon Dowski awoke today without suicide being his first thought.

The warm sunlight that flooded his room seemed to soothe him, and he felt as if a terribly oppressive cloud had been lifted from his brain.

For four years Leon Dowski has carried two bullets in his brain, received in a street fight in Schenectady. One of these bullets—the one which shattered his nervous system so that for the past two years he has been confined to prevent him killing himself, was removed last Tuesday.

In the prison hospital here, in the presence of eight eminent surgeons, he was the subject of one of the most phenomenal operations in medical annals.

Dr. William Chapman, who performed the operation, is himself an invalid. He achieved the feat sitting propped up beside the table in a wheel chair. So little hope was held out for the success of the operation, the patient received the last rites of the Catholic church.

"I'm taking a fighting chance," he said. "I'd be better off dead than as I am, anyhow."

But he lives today and is glad for his life. Doctors are confident that Dowski will completely recover.

International News Service. WASHINGTON, March 30.—Attorney General Daugherty's forthcoming recommendations concerning a pardon for Eugene Debs, socialist leader, probably will include recommendations with regard to general amnesty for political prisoners, it was said here today.

The attorney general refused to say definitely whether or not he had discussed this matter with Debs on his recent trip here, or whether Debs had recommended amnesty.

SAN ANTONIO MAN TO HEAD TEXAS ROTARY

Two Ranger Delegates Attending District Conference at Paris.

Special to the Times. PARIS, Texas, March 30.—George Holmgreen of San Antonio was elected district governor of Rotary clubs, embracing the state of Texas, at the annual conference Tuesday. Mr. Holmgreen succeeds H. J. Lutzer.

Among the subjects taken up were the teachings of the I. W. W. and the Non-partisan league, which, it is feared, will soon invade Texas, as they have Oklahoma and Colorado.

Resolutions were passed during the co-operation of the Rotary clubs with other clubs in the promotion of civic interests. It was recommended that the University of Texas and other institutions of learning adopt a course in boys' leadership and train leaders for boys' work, and advocated supporting girls' welfare work.

Prominent speakers urged the extension of boys' work in an effort to reduce juvenile delinquency. It was pointed out that the Rotary club could best accomplish this end. Walter Strong of Chicago told the conference that the double purpose of Rotary is "making the child fit for the world and making the world fit for the child."

Robert Vinson, president of the University of Texas, appealed to his fellow Rotarians to arouse a sentiment that will bring about the engagement of the University of Texas, and to appeal to the Texas communities to use more care in the selection of the teachers.

Governor Neff was urged to sign a bill appropriating \$1,350,000 for the purchase of additional land for the University of Texas, in a resolution passed at the conference.

A. R. Troh of Chicago, another speaker, urged the delegates to go back home and preach optimism. Troh's subject was "Rotary's Relation to the Farm," and he urged that Rotarians lend their assistance to the farmer.

SPORTS

MERCILESS MAULING IN SEVENTH PUTS DETROIT 'WAY OUT IN LEAD

Seven Hits Give Seven Runs After Two Are Out; Columbus Leads Tigt Game Most of the Way; Ty Cobb Fails to Hit.

Twelve hundred folks turned out yesterday to see Ty Cobb and his Tigers combat Rowland's Senators. They got a run for their money that should draw them back today. They saw six innings of high class baseball and one of the most sensational batting sprees ever staged, though most of the crowd wanted Columbus to win, and didn't enjoy that to the full. The final score was 9-3, Detroit.

The massacre in the seventh broke the suddenness of a nitro blast. One moment the sun was shining, the next the sky was overcast with flying horsehide, propelled by the war clubs of the Tigers. Two men were out, one man on second. Columbus was one run to the good, and Ty's gang was getting nervous. Then Flagstead caught one. It looked like a fly to deep right center, with two raven tenders racing to catch it. But it soared on and on, and suddenly the fielders lost interest. The pellet was long gone over the wall. That made it 4-3, Detroit, with nobody on. Still a tight game. Cobb rapped a high bouncer toward second. Burrus went over to take it and his fancy stab missed. It would have been an easy out if Dick had stuck to his bag. Yesterday followed with a clean single by first and Heilmann, with two strikes on him, caught another for a circuit clout down the same hole that Flagstead had rammed in the atmosphere. That was enough, but four more Tigers came up, and everything that three of them hit went safe. Everybody had butter-fingers and possible chances to retire the side went untried. Burrus even threw his bat half way to the pitcher's box in rapping a dirty little fly that fell within a foot of second. Altogether, seven scores rolled across the pan before Leonard ended the inning by striking out.

Columbus made a game try in the same round. With two down, Campbell, Herzog and Taggart hit safely. Taggart's blow was a short liner to center, which Cobb rushed in, took on the bounce and heaved to the plate without stopping. It was a swift and accurate return and Campbell wisely backed up after rounding third. Burrus missed a chance to be a hero by inches. His long drive down the left field line was ruled foul. The next one was high and outside and he promptly hit it to the same territory, but Veach had shifted from left center to the line, and it was an easy out. Both teams scored in the third. Ainsmith led off for Detroit by bumping a two-bagger over the right field wall. Ehmkie smacked a safety to right and Ainsmith counted. Young and Flagstead walked. Ty Cobb was up with three on. He drove a long fly to Taggart and Ehmkie scored.

pleasure at being here, and wished the Nitros well. Ty told a few stories about himself, including one about his early experience at Detroit. One day, Ty said, he was sent up with orders to "get on." Two strikes zipped over and he set himself for a curve. Instead, it was straight over and hit him square in the head as he leaned over the plate. He finally staggered to his feet and meandered toward first. "That's the way to put the wood against it, Ty," somebody yelled at him from the bleachers. Olaf Wilson, billed for some "Conservative Observations," passed the buck to Clarence Rowland, and "Pants" responded by expressing appreciation of the treatment he and his men had received and of the facilities here. He lauded the Texas climate and said that if the Ranger grounds were put in shape, any club would be glad to train here.

Mayor Hagaman closed the gathering with a brief talk, extending best wishes to the Columbus and Detroit teams.

JAIL MATRON PLAYED CARDS WITH PRISONER; DISMISSED BY JUDGE

UPPER SANDUSKY, Ohio, March 30.—That Sheriff John Swartz daily allowed Samuel Duvall, convicted in Toledo as a gunman, to visit the living rooms in the jail; that Duvall helped Mrs. Swartz to cook when the sheriff was absent, and that one Sunday evening the three were playing cards with dollars, the sheriff going to the cellar for wine for Duvall, were among charges made today in testimony at a hearing to oust Mrs. Swartz as matron of the jail.

The ouster proceedings were begun by Sheriff Swartz.

It was charged that Sheriff Swartz occasionally took Duvall with him on trips once for a Sunday dinner, and that he once took him and Mrs. Swartz to an entertainment in a nearby town.

It also was testified that on his return from official trips late at night he frequently found Duvall with Mrs. Swartz seated on the parlor sofa.

The hearing was closed tonight with Judge Charles H. Close dismissing Mrs. Swartz as matron.

THAT BANK MATTER.

Reopening of the First National
bank would be the greatest step to-
ward a return of normal conditions
that could be made in Ranger. That,
at least, is the opinion of banker,
lawyer, business man and worker. It
is the event to which all minds have
turned and for which all hearts have
hoped.

How Judge Starnes and his co-
workers arrived at their plan is not
specifically stated, but undoubtedly
it is based upon an exhaustive probe
into the bank's condition and the qual-
ity of its paper, taken in conjunction
with existing conditions.

Well informed men say that dis-
tressing conditions and bankruptcy
will result so long as this bank is
closed. They point out that an open,
going bank can care for customers
who may be perfectly good but un-
able to pay off their obligations at
this time, except by enormous sacri-
fices. They point out that the funds
of this bank can be used as new busi-
ness, if it is an open, going institu-
tion. They point out that several
hundred thousand dollars will be re-
leased immediately for the use of de-
positors, instead of being tied up in-
definitely.

These are advantages of the plan to
open the bank. Under a receivership,
this bank would be in liquidation. It
would have no day by day income to
meet expenses of collection. It would
collect notes, take the necessary part
of the capital thus obtained for ex-
penses, and the rest would be in gov-
ernment hands at Washington, until
such time as the receiver thought best
to distribute it. Thus it would be
where it could do the community no
good.

In collecting notes, a receiver's pol-
icy of necessity would be to "get the
money." No terms could be extended
to borrowers. There would be suits
and liens on property and its forced
sale at a sacrifice, when such a pol-
icy would be totally unwise from the
economic standpoint.

There would be suits, with judg-
ments, under these circumstances, and
the aggrieved debtor, seeing losses
thrust upon him, would forget his
moral obligation to pay, and beat the
debts if he could; whereas, with a go-
ing bank, his moral obligation would
still hold good—and bankers say that
is the big factor back of every loan,
even if well secured.

These are some of the considera-
tions depositors must keep in mind.
Naturally they will not like it over-
much that they are not guaranteed
100 per cent of their deposit. That
they should be in justice. That they
are, in state banks, which in turn
means that never again will deposi-
tors lose money in Ranger banks.
They are all state institutions here
now.

However, depositors have a guaran-
tee of two-thirds of their deposits, in
cash or negotiable paper. They have
a chance for the other third through
the new association taking over all
paper and endeavoring to collect it.
And over a period of years they are
more in a position to collect this than
a receiver who must either close the
affairs of the institution quickly or
eat up the capital with overhead ex-
penses.

The proposition is up to the deposi-
tors. They may not altogether like
it, but it is the best solution offered,
and gives them a better chance to
"come out" than does a receivership.

THE WOMAN WHO SAW

Do many New Yorkers know, I
wonder, of the quaint and beautiful
Easter custom that still obtains in
Chelsea Square?

"Very early, as it begins to dawn"
the chimes on the church which is
part of the old General Seminary be-
gin their carolling—ringing out the
still air of Easter morning the old
and familiar hymns, and the students,
climbing to the belfry, high above
the city streets, add their voices to
the harmony of the chimes.

These melodies matins, rising over
the noises of the river craft and
streets, hurried for the time.

Then the bells begin their tolling,
on the dawn of Easter day.

A True Story.
Yesterday the Woman lunched with
the mother of 4-year-old Bobby. The
small boy, just home from kindergar-
ten, was allowed to come to the table
for dessert. He was chiefly seen
not heard until he had finished his
last spoonful of ice cream. This
pleasure over, he sat back in his chair
and, with the air of being responsible
for the guest's entertainment, he
demanded: "Want me to tell you a
story?"

Of course the Woman did but she
was hardly prepared for what came.
This is the story:

"Little Billy went to school. Went
by fruit store. Every day, saw in
the fruit store large, rosy-checked
shiny (emphasis on this word) ap-
ples. Little Billy bought an apple every
day 'n ate it up. One day Little
Billy got sick. Mother not know
what little Billy got. Father not
know what little Billy got. Call the
doctor. Doctor say little Billy have
tuberculosis. (His pronunciation of
this word was marvelous. He lingered
on each syllable, as if loving to
say it.) Little Billy have to go way
to hospital. Have to sleep outdoors.
Have to eat lots of fresh eggs; have
to drink lots of milk. Doctor not
know where little Billy got tubercu-
losis. Mother not have tuberculosis.
Father not have tuberculosis. Bro-
ther and sister not have tuberculosis.

"One day doctor go by fruit store.
What you s'pose he saw in front of
fruit store? (Pause) A dirty
(scornfully) fruit man! (Pause) Spit
(more scornfully) on dirty cloth-
ing, on dirty clothes—make ap-
ples all shiny—all gummy (most
scornfully). What you s'pose fruit
man have? (The Woman was too
inwardly convulsed to voice a guess.)
Tuberculosis."

"That is a wonderful story, Bob-
by."
The auditors could hardly talk for
laughing.

"There's s'more," interrupted Bob-
by, gleeful, as is any old hand at
story telling when his story is appreci-
ated, but worried lest he omit the
climax. "Why you s'pose little Billy
got tuberculosis?"

"Why?" we asked.
"Cause his mother never wash the
tuberculosis germ off his apples, too."

Kingpins!
The Woman has one friend who in-
sists that women never receive the
consideration that men do. The Woman
and she have many arguments about
it, and the other day this friend had
the better of the debate.

"I've said a dozen times that my
cook will hardly give me enough to
eat when Fred's husband doesn't
come home to dinner. Now let me
tell you about a little motor trip
we've just been taking. My hus-
band took his junior partner along
with him, so we were two men and
one woman!"

"One first stopping place was at a
little country hotel. We were really
fically hungry and the warmth of the
place and the smell of coffee were
very comforting.

"Dinner ready?" my husband asked.

"In a minute," answered the sole
waitress in the dining room. "You
can have ham or steak cooked to or-
der."

"We decided on steak as a good
beginning. The waitress nodded and
walked off to open a dumb waiter
door at the end of the room. Then
we heard her say distinctly, and if
this doesn't prove my point I give
you up as a hopeless case—'Say Jerry,
will you send up three portions of
beefsteak? And say,' she added,
'for two men and one woman!'"

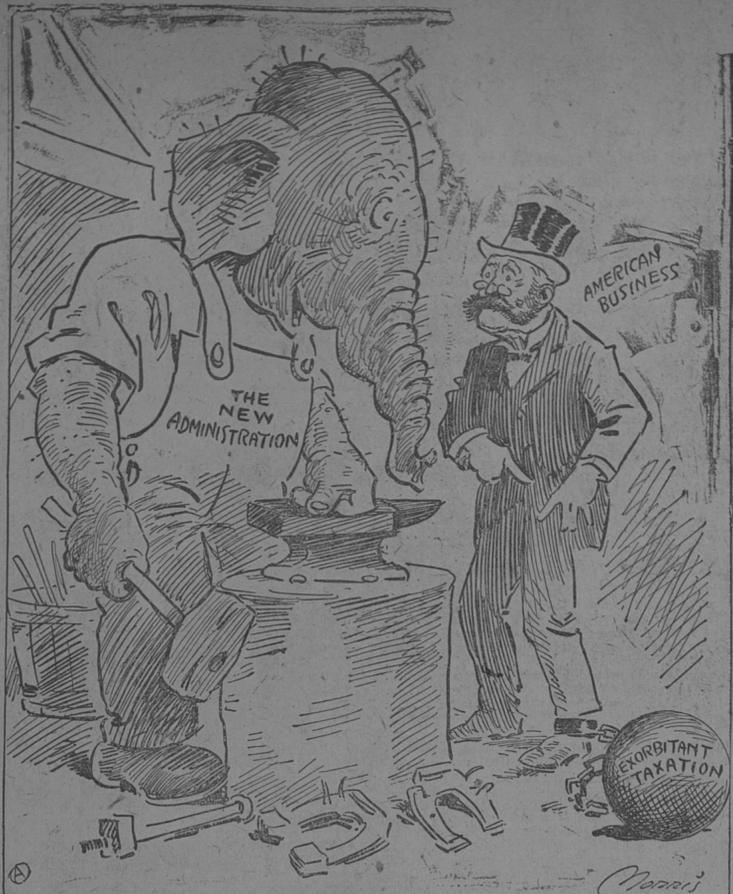

RIPLING RHYMES
By WALT MASON

I always use Goosh Brothers' Soap
to wash my nose and ears; I've read
their advertising dope for years and
years. The dealer sometimes says "It's
grand, that much is understood, but
it is the little brand here's something
just as good." And then he'll talk
of Jimson's soap and give it quite
a blurb, and through the language
he will grope for adjectives superb.

"The Brothers Goosh," I make reply,
"have advertised for years; their soap
is made from wholesome lye, and fat
from moral steers. They've built a
national renown for making soap of
worth; they wouldn't let its fame go
down for anything on earth. Their
advertising wouldn't pay, their name
would lose its charm, if any customer
used that kind of soap, my grand-
daddy did the same, and I will buy that brand
I hope, until I quit the game. And
when the water goes kerswoosh into
the bathtub warm, I'll use the soap
that's labeled 'Goosh' to cleanse my
swanlike form. And when I come to
buy a thing whose fame long years
has stood, I do not like to have you
spring some junk that's just as good."

"Tinker Bob" Stories
by Carlisle H. Holcomb

MR. LAGOS AT THE SPRING.

"Howdy, howdy, howdy!" This
was the greeting of Mr. Lagos to
Mr. Ant Bear when he met him at
the spring. You see Tinker Bob and
Silky had followed them (that is Susie
and Mr. Lagos) until they had ar-
rived at the Wonderful Spring of
Healing. Mr. Lagos wanted to make
a good impression on Susie's father
so he spoke to him after that manner,
but strange to say Mr. Ant Bear did
not make a friendly reply.

"I know what you want," said he,
"but you can't have what you want."
"O Mr. Ant Bear, you don't know
what I want. I want so much to take
a bath in the Wonderful Spring, for
I need it and can not wait longer."

"Why do you need a bath in the
Spring? It is only for old creatures
and those who are sick. You don't
look as though you are sick."

"O Mr. Ant Bear you don't know
how sick I am and how much I need
a bath in the spring. I tell you I
am some sick fellow, and if I don't
get a bath soon I will die. I want
someone to help me into the spring."

"Let him die father," said Susie
Ant Bear, "if he can't get into the
spring alone. No one would care much
anyway if this fellow did die."

"Mr. Ant Bear looked at Susie in
surprise for he thought that this fel-
low wanted to marry her, and he also
thought that she wanted to marry him,
and to have her talk in this way was
indeed startling. Then he began to
be worried a little bit. "Now Susie,
you would not want as good a fellow
as this one to die because no one
would help him into the spring. Pray
tell me Mr. Lagos what made you so
sick that you feel like you are going
to die? Surely there must be a rea-
son for all of this sickness."/>

"I know what you want," said he,
"but you can't have what you want."
"O Mr. Ant Bear, you don't know
what I want. I want so much to take
a bath in the Wonderful Spring, for
I need it and can not wait longer."

and those who are sick. You don't

said he knew of no plan to limit pa-
tients to five gallons of beer monthly.
Special permits would be required, he
said, for breweries to dispense medi-
cinal beer, and there would be no dif-
ficulty regarding the manufacture, as
much of the "near-beer" sold legally
was made in the old-fashioned way,
containing from 3 to 5 per cent alco-
hol, then reduced in alcoholic strength
to half of one per cent.

The state director said sales of such
beer would be made only at drugstores
on prescriptions of licensed physicians
and laughed at the suggestion of soda
fountain sales.

Mr. Mellon said he believed wines
would be prescribed as freely as beer
under the Palmer ruling.

He and Director O'Connor agreed
that the federal ruling would not be
effective in dry states in superseding
the state laws.

Dr. Hays said that certain classes
of patients required far more than
five gallons monthly. Aged persons,
who could not take much nourishment,
he said, found beer to be a tonic, and
he often had prescribed 15 gallons a
month.

In hundreds of insomnia cases, he
said, he had prescribed beer, but the
amount should be left to the physician.
The small amount of alcohol in beer,
said Dr. Hays, was necessary as a
preservative, as it kept beer from
souring.

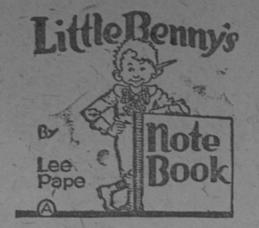

FAIR DAMSEL SAYS
UNANIMOUS DECISION
DISGRACE TO WOMEN

NEW YORK, March 30.—It is a
disgrace to insist that a jury com-
posed of women render a unanimous
verdict, according to Miss Mary L.
McNichols, 48 South Walnut street,
East Orange, N. J., who performed
her first jury duty yesterday.

The jury, the first drawn under the
statute signed by Governor Edwards
March 9, had to hear two complicated
contract cases in the East Orange
district court. Two business agents
of a machinists' union in Newark
brought suits against George A. Oil
& Co. of Newark, claiming that two
groups of workmen had been deprived
of wages totaling \$666, through a
wage reduction in violation of con-
tracts. They went to the jury at 4:40
o'clock in the afternoon.

Forty-three minutes later there was
a knock on the door and Miss Mc-
Nichols asked Sovereign-at-arms Over-
miller if the decision of the jury
had to be unanimous. Informed that
it must by all means be unanimous,
she replied:

"That is a disgrace. There are
twelve women on this jury. How can
we be unanimous? Each one has a
right to a different opinion. We now
stand seven to five and I don't see
how we can agree."

U. S. GATHERS
STRONG FORCE
AT HAWAII

Army Chiefs Insist No Thought
of Any Nation As
Enemy.

International News Service.
WASHINGTON, March 30.—Army
chiefs are insisting that the mobiliz-
ing of reinforcements aggregating 125
per cent for the defenses of Hawaii
and nearly 300 per cent for the Pan-
ama Canal Zone is being neglected
without reference to any other nation
as a probable or possible enemy. But
it has developed that the War Depart-
ment started its plans when it be-
came apparent that negotiations be-
tween American Ambassador Morris
and Japanese Ambassador Shidehara
were being attended with little prog-
ress and when jingoism became ram-
pant in Japan.

There are now 12,000 officers and
men at Hawaii and 7,000 at Panama.
These forces will be increased to 27-
000 at each place.

Staff officers read with interest the
article by Joseph Timmons in the
Hearst newspapers setting forth the
results of his investigation of Japa-
nese activities in Hawaii and the for-
mer German islands in the North Pa-
cific. They pointed out that this ar-
ticle confirmed recent dispatches from
Washington stating that the Caroline
Islands and the Marshall group were
being fortified by Japan and that the
Japanese had exacted pledges of alle-
giance from the peoples.

In addition to these developments,
it was cited that as the island of Yap
lies just southwest of the American
outpost at Guam, neither the military
nor the diplomatic relations of Japan
and the United States could be made
any more complete by the insist-
ence of her right to fortify Yap.

The sending of reinforcements to
Hawaii and Panama will continue un-
til Congress interferes. There is no
intimation that Congress will inter-
vene, however, especially in the light
of news from all quarters as to the
activities of Japan.

The Hawaiian island of Oahu, it
was explained by army strategists, is
the immediate key to the situation. As
they put it, "Whoever holds Oahu can
hold the islands." None of the oth-
ers, however, is important in the event
of war.

It was admitted that a weakness
has been found in the former theory,
as to the safety of Oahu from exte-
rior attack. The defenses at Pearl
Harbor have long been regarded as
impregnable against sea attack. It
was also thought that the little hill or
mountain range on the sides of the
island opposite Pearl Harbor could not
be crossed by any force to take the
fortifications in rear and flank.

That theory has been exploded, ac-
cording to a report at the War de-
partment, which shows that when the
American navy held maneuvers to de-
termine that point it was demonstrat-
ed that the hills could be crossed.
American soldiers crossed them easi-
ly. An attack from that direction,
it is admitted, would be fatal to a
land fortification whose turrets and
fourteen-inch guns are fixed to fire
seaward. One suggestion, which prob-
ably will be carried out, is that the
reinforcements shall consist of mobile
artillery for coast defense at Oahu.

CUSTOMER'S CHECK FOR
HALF HUNDRED ONLY
FOR HALF MILLION

LOS ANGELES, March 30.—Sam
Silverman, advertising manager for a
local business house, underwent an
investigation that had the third de-
gree backed off the mat; engaged in
a verbal duel with the cashier and
paying teller of a local bank, and
then—

Was handed \$499.50 more than he
thought was coming to him.

Here's how it happened:
Promptly at 10 o'clock Silverman,
with brisk businesslike step, strode
into the bank bearing an order for
\$500. He tapped his foot impatiently
on the marble floor and frequently
consulted his watch as the cashier re-
garded him with suspicion and asked
numerous questions.

"Say, how come?" Silverman finally
demanded. "I'm a busy man and
I gotta get back to work." The cash-
ier sighed and "O. K." a check, Sil-
verman rushed to the paying teller.

The questioning and suspicious
looks were repeated.

"Looka here, young fella," Silver-
man began heatedly, "how much of
this monka's checks I gotta get to
stand for?" The teller proceeded to
count out \$1,000 bills. "Don't you
think I ever got \$500 out of this bank
before?"

"Five hundred dollars!" shouted the
bank employe, "the check is for \$500-
000!"

Silverman's cashier had made a
slight mistake in the memorandum
she handed her employer about the
money order from New York.

AIRMAN LEAPS
24,400 FEET;
LANDS SAFELY

CHAMPAIGN, Ill., March 30.—A
world's record for parachute leap was
established when Lieutenant Arthur
G. Hamilton fell 24,400 feet, nearly
4 3/5 miles, from an airplane at Chanute
field. He made the ascent in a
plane piloted by Lieutenant Harry
Weddington and descended in a regula-
tion parachute. He slept during the
hour and twenty-six minutes required
to make the ascent, but was much
awake during the descent.

"It was just like any other leap,"
was Lieutenant Hamilton's only com-
ment after establishing the record.

Special arrangements were made
for the feat. The plane and motor
were tuned up by the best experts at
the field. Lieutenant Weddington was
dressed for an altitude flight, but
Lieutenant Hamilton wore only the
regulation outfit. He occupied the
rear cockpit. He was wrapped in
blankets and the cockpit was covered
with a canvas.

A view from the canvas to Lieuten-
ant Weddington's seat was used by the
pilot to release the covering. The
rush of cold air awoke Lieutenant
Hamilton, who stepped upon a plat-
form at the side of the cockpit, and
when the plane was in proper posi-
tion leaped off into space. The para-
chute opened perfectly.

Lieutenant Hamilton landed seven
miles northeast of Chanute field.
There was little wind when he leaped
from the plane, but at an altitude of
18,000 feet a strong current carried
him along. He said this current was
no different from that encountered in
previous parachute descents. He de-
clared there were no peculiar sensa-
tions at any time during the descent.

Another airplane followed Lieuten-
ant Hamilton during his descent and
carried him back to Chanute field.

It is declared at the field that the
record will stand as official. Before
the flight was attempted the para-
graph was set at zero and sealed by
Lieutenant J. L. Stromme and Lieuten-
ant H. A. Shovlin. They took
charge of it and will send it to Wash-
ington to be calibrated.

"No further attempts will be made
to better this record unless another
field breaks it," said Lieutenant
Stromme. Lieutenant Hamilton held
the previous record, which was 20,900
feet, made at Carlstrom field, Arcadia,
Fla.

NEGRO BUTLER WINS
ART PRIZE AGAINST
MANY COMPETITORS

CHICAGO, March 30.—What Paul
Lawrence Dunbar contributed to
American poetry, and Blind Tom to
music, another negro has given to
photographic art.

King D. Ganaway, negro butler on
the Chicago Gold Coast, won first
prize for his photograph, "The Spirit
of Transportation," at the John Wan-
amaker exhibition at Philadelphia,
which will close next week.

He had 900 competitors to beat—
most of them professionals.

Another picture of his received hon-
orable mention. It is called "Children
in the Country" and shows a boy and
girl on a teeter-totter under an old
apple tree.

This young artist was born in Ten-
nessee. For 17 years he has been em-
ployed by Mrs. Edward F. Lawrence.

NEFF DECLARES DISTRICT
COURTS NOT MUCH GOOD

AUSTIN, March 30.—Governor Neff
today declared a considerable number
of district courts in Texas should be
abolished. He said more money is
wasted by idle courts than in any
other department of the government.

EXALTED RULER LEAVES.

C. J. Dietrich, exalted ruler of the
Ranger lodge of Elks and district deputy
for West Texas, left last night
on an inspection trip to El Paso. He
also will visit the Big Spring lodge.
Mr. Dietrich will be away about a
week.

"REASON" TO DECIDE LIMIT
ON BEER UNDER PALMER'S
RULING, DRY EXPERTS THINK

NEW YORK, March 30.—The ques-
tions of when patients, on prescrip-
tions, may obtain beer containing
more than one-half of one per cent
alcohol, what limit might be imposed,
and when and what would be a rea-
sonable quantity to prescribe for a
patient have been answered by three
men familiar with the situation, al-
though final official determination
must be made in Washington. The
answers, epitomized, follow:

"I think the quantity of beer con-
taining more than one-half of 1 per
cent alcohol that will be sold to pa-
tients on prescriptions will be limited
to amounts reasonable in the dis-
cretion of the physicians and I ex-
pect such a ruling to be in effect April
1," says Charles R. O'Connor, director
of prohibition for New York state.

"I expect real beer to be sold on
prescriptions in any quantity that the
physician, in good faith, believes to

### BLACK SAW NO CHANCE FOR ELECTION, HE SAYS

S. R. Black, who yesterday had his name removed from the city election ballot as a candidate for mayor, said in a statement this morning that he withdrew because he "had sense enough to see he had no chance to be elected."

His signed statement reads: Believing that I owe my friends a reason for withdrawing from the race for mayor I wish to state publicly that I withdrew because I had sense enough to see that I had no chance to be elected, and if I had stayed in it would have caused us to have a mayor who was not elected by a majority vote and I would have been responsible to a certain extent.
