Petit Jury
Sits Friday

The April session of district court will be opened by Judge E. A. Bills this week.

Up for investigation Thursday by the grand jury are 13 cases.

It is likely that several indictments will be returned from this list of work, and petit jurors for district cases requiring juries have been ordered to report for service Friday.

The petit jury list is comprised of the following: Mrs. E. H. Bradshaw, Wendol Christian, Clarence Johnson, David Settiff, Glen Mingus, Mrs. Sam Aldridge, Joe Blair, O. L. Rankin, Mrs. E. M. Ware, W. P. Elliott, O. D. Spitzer, T. E. Rhodes;

Gene Smith, L. H. Nettles, Billie Sudderth, Mrs. H. J. Charles, Mrs. Von Bowen, Van K. Crume, Melvin Trieder, Eugene Ellis, Mrs. J. W. Wright, Mrs. Earl Derrick, Ernest Osborn, Mrs. Guy Cox;

Mrs. E. E. Woelfel, Mrs. Joe Wilson, Mrs. H. H. Briggs, Fred Carthel, Mrs. Ernest Anthony, Elbert Nowell, Billy B. Sides, E. L. Fairchild, John Hand, Bill Woodley, John W. Renner, Mrs. A. D. Cumpton, Lacy Hardage, C. M. Coffer, Ansel Ashford;

Mrs. Leroy Berggren, Homer Lindeman, Mrs. Jack Woltmon, Lee Jones, J. H. Clay, Marvin Lawson, Ed Walters, A. L. Battey, Johnnie Horn.

Names on the grand jury panel include:

G. D. Anderson Jr., Bruce Parr, Reaford Wenner, J. T. Ford, Kenneth O'Brian, Woodrow Lovelace, James Mabry.

Buck Ellison, H. T. Edwards, A. L. Hartzog, Kenyth Cass, Clyde B. Monk, C. R. Brandon, Dalton Caffey, R. B. Seaton, Thomas Lewellen.

THE STATE LINE
TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

City
Election
Tuesday

Tuesday will be city election time in Farwell next week. A mayor and two new commissioners are to be chosen by local citizens.

Karl J. "Smokey" Gast is the only nominee for the mayoralty. He is now a city commissioner.

Only two men have been nominated to fill the two vacancies on the commission, also. They are Billy Dollar and George Magness. Neither have served an elected position previously.

Ending a term as mayor this year will be Sam Aldridge. Besides Gast, the other commissioner whose time will run out is L. E. McMillip.

Farwell residents who have paid their poll tax, and are otherwise qualified by state statutes, will be eligible to vote. It will not be necessary for them to own property as a matter of fact is not a stake.

The polls (City Hall) will be open from 8 until 6.

Miss Winnie Pool
Dies In Portales

Funeral services for Miss Winnie Pool, former Texico resident and sister of Lenton Pool of Farwell, were Sunday in Portales.

Miss Pool, who had served as home demonstration agent at Portales for 15 years, had been ill for about 3 1/2 years. She died Saturday morning at Roosevelt Hospital in Portales. She had been in active in her work since last July.

Services were at First Baptist Church in Portales, where she had been a member and had served as a Sunday School teacher before her illness. Rev. L. A. Doyle, pastor of the church, was in charge of the rites and burial was in the Portales cemetery.

Survivors include her mother, Mrs. J. S. Pool of Portales; one sister, Mrs. Floyd Golden of Portales; two brothers, Lenton of Farwell; and John Russell of Vaughan.

Miss Pool was well-known here, having taught in the Texico Schools from 1936 until 1939.

Jack McManigal of Farwell served as a pallbearer for services. Among those attending services from here other than local relatives were Mrs. McManigal, Mike McManigal, Darlene Hromas, Bob Anderson and Nell McBride.

District, County Trustee
Voting This Saturday

No contest appears to be in prospect for Parmer County school trustee elections this year, but as usual there will be some lively activity in district voting when citizens go to the polls Saturday.

Clyde Magness of Farwell, J. L. Shaffer of Friona, and Joe Wilson are unopposed as county trustees. The Lazbuddie trustee post is not open this year, nor is the office of trustee-at-large.

On the local ballot at Bovina are B. L. Marshall, Tom Beauchamp, Earl Ware, Tom Caldwell, Jack Patterson, Dean McCollum, and Roy Fuller. Trustees whose terms expire are Wendol Christian, Ovid Lawlis, and A. D. Cumpton.

Two new board members will be elected at Farwell this year. On the ballot are John Armstrong, A. H. Haseloff, Joe Magness, J. H. Curtis, and James Ussery. Lee Meeks and Haseloff are the members whose terms are running out.

In Friona, Fern Barnett, James Fortenberry, John L. Ray and James Mabry are on the ballot. Barnett and Fortenberry have been nominated for re-election.

At Lazbuddie, Robert Jones, Harold Wilson, W. G. Harlan and Jess Pendergrass are on the ballot. Two places are to be filled, as the terms of Jones and Wilson expire.

Milsteads Buy
Cafe in Farwell

City Cafe in Farwell is under new management and should be in operation by next week.

Alton Milstead, who has operated Texico Hotel Cafe in past months, has bought City Cafe from Shirley Kesner, who had operated the business for about 7 years. The transaction was effective April 1.

The new owners are now busy painting the interior of the building and hope to be in operation some time next week. They plan to keep the Texico Cafe in operation for a short while.

The Milsteads have been in the cafe business for about four years. City Cafe will remain under the same name.

Kesner's plans were indefinite early this week.

Williams Is Ill

Jack Williams, superintendent of Farwell Schools, was admitted to the Clovis hospital early Tuesday morning and was reported to be seriously ill. Family members say he is receiving no visitors at this time.

Young Men Turn
Do-It-Yourself
Thief Catchers

Three enterprising young men, students at Southeastern Oklahoma State College, Altus, put on a do-it-yourself thief catching act Sunday morning that not only got back their own belongings which had been stolen but numerous other items of several Bovina residents.

About 2 o'clock Sunday morning Bob Berry and Mr. and Mrs. Clinton Fry stopped at the James Laney home near the school in Bovina to pick up the Bovina young man. All, who are SOC students, were planning to go to Albuquerque to visit friends during the Easter holidays.

Clothes for the trip had been hung in the car and during the few minutes they were in the Laney home someone entered the car and removed the clothes.

An odd twist was that suspicions were first aroused that something was wrong when a cat, belonging to Mrs. Fry, appeared at the door of the home. It had been shut up in the car, and the young people could not understand how the animal had escaped. A few minutes later they found the reason when they missed their clothes.

The young men got into their car and thought they'd do some checking around, since the crime had occurred only a few minutes before they discovered it. This enterprise paid off.

They ran onto some other persons, who, trying to be helpful said they had seen a white and orange 1951 Chevrolet cruising around town about that time. This information was passed on to Henry Minter, who

in turn notified Sheriff Chas. Lovelace. The car was believed traveling in the direction of Farwell, so Sheriff Lovelace notified Clovis police to be on the lookout also.

Meanwhile, the students decided they might have a chance to overtake the thieves themselves, so they sped out of Bovina down Highway 60 in hot pursuit. This is where good fortune dealt them a winning hand. Just as they were passing through Texico they overtook a car which did not match the description of the one they thought they were seeking at all. It was a green 1950 Ford.

However, they could clearly see that the back end of the car was loaded down, and on top of the pile they spied their stolen clothes. Unable to get the mysterious car to stop, they pulled into the port of entry station and word was relayed ahead to the Clovis police who stopped the car. Sure enough it was full of stolen goods.

In jail and charged with theft are James Rountree, 20, and Franklin Scalf, also 20, who are both airmen at Cannon Air Base. They admitted taking not only the clothes but many other pieces of property on their late-hour spree in Bovina.

Among the contraband taken over by Sheriff Lovelace were four tires stolen from Paul Jones' Service Station, tools from pickups parked around town, batteries, battery cables, and a case of oil. Also found

(Continued on Page 6)

LAST DAY LINEUP--Busiest place in town Tuesday was the office of Lee Thompson, Parmer County assessor-collector, in the courthouse. The occasion was deadline time for car and truck licenses. As can be seen, the line extended from the windows of Thompson's office out into the hall.

New Equipment Added
At Grain Exchange

New laboratory-type equipment has been installed at the Farwell Grain Exchange to make it a complete testing station for protein content of wheat.

The delicate and complex-looking equipment has been in the process of being installed during the last month. This past week finishing touches were made and Bill Prince, exchange owner, says they're ready to go.

This will give the Twin Cities their first complete seed testing facilities. The only other testing laboratories as com-

plete as those of the Farwell Grain Exchange are in much larger cities, the two nearest being Lubbock and Amarillo.

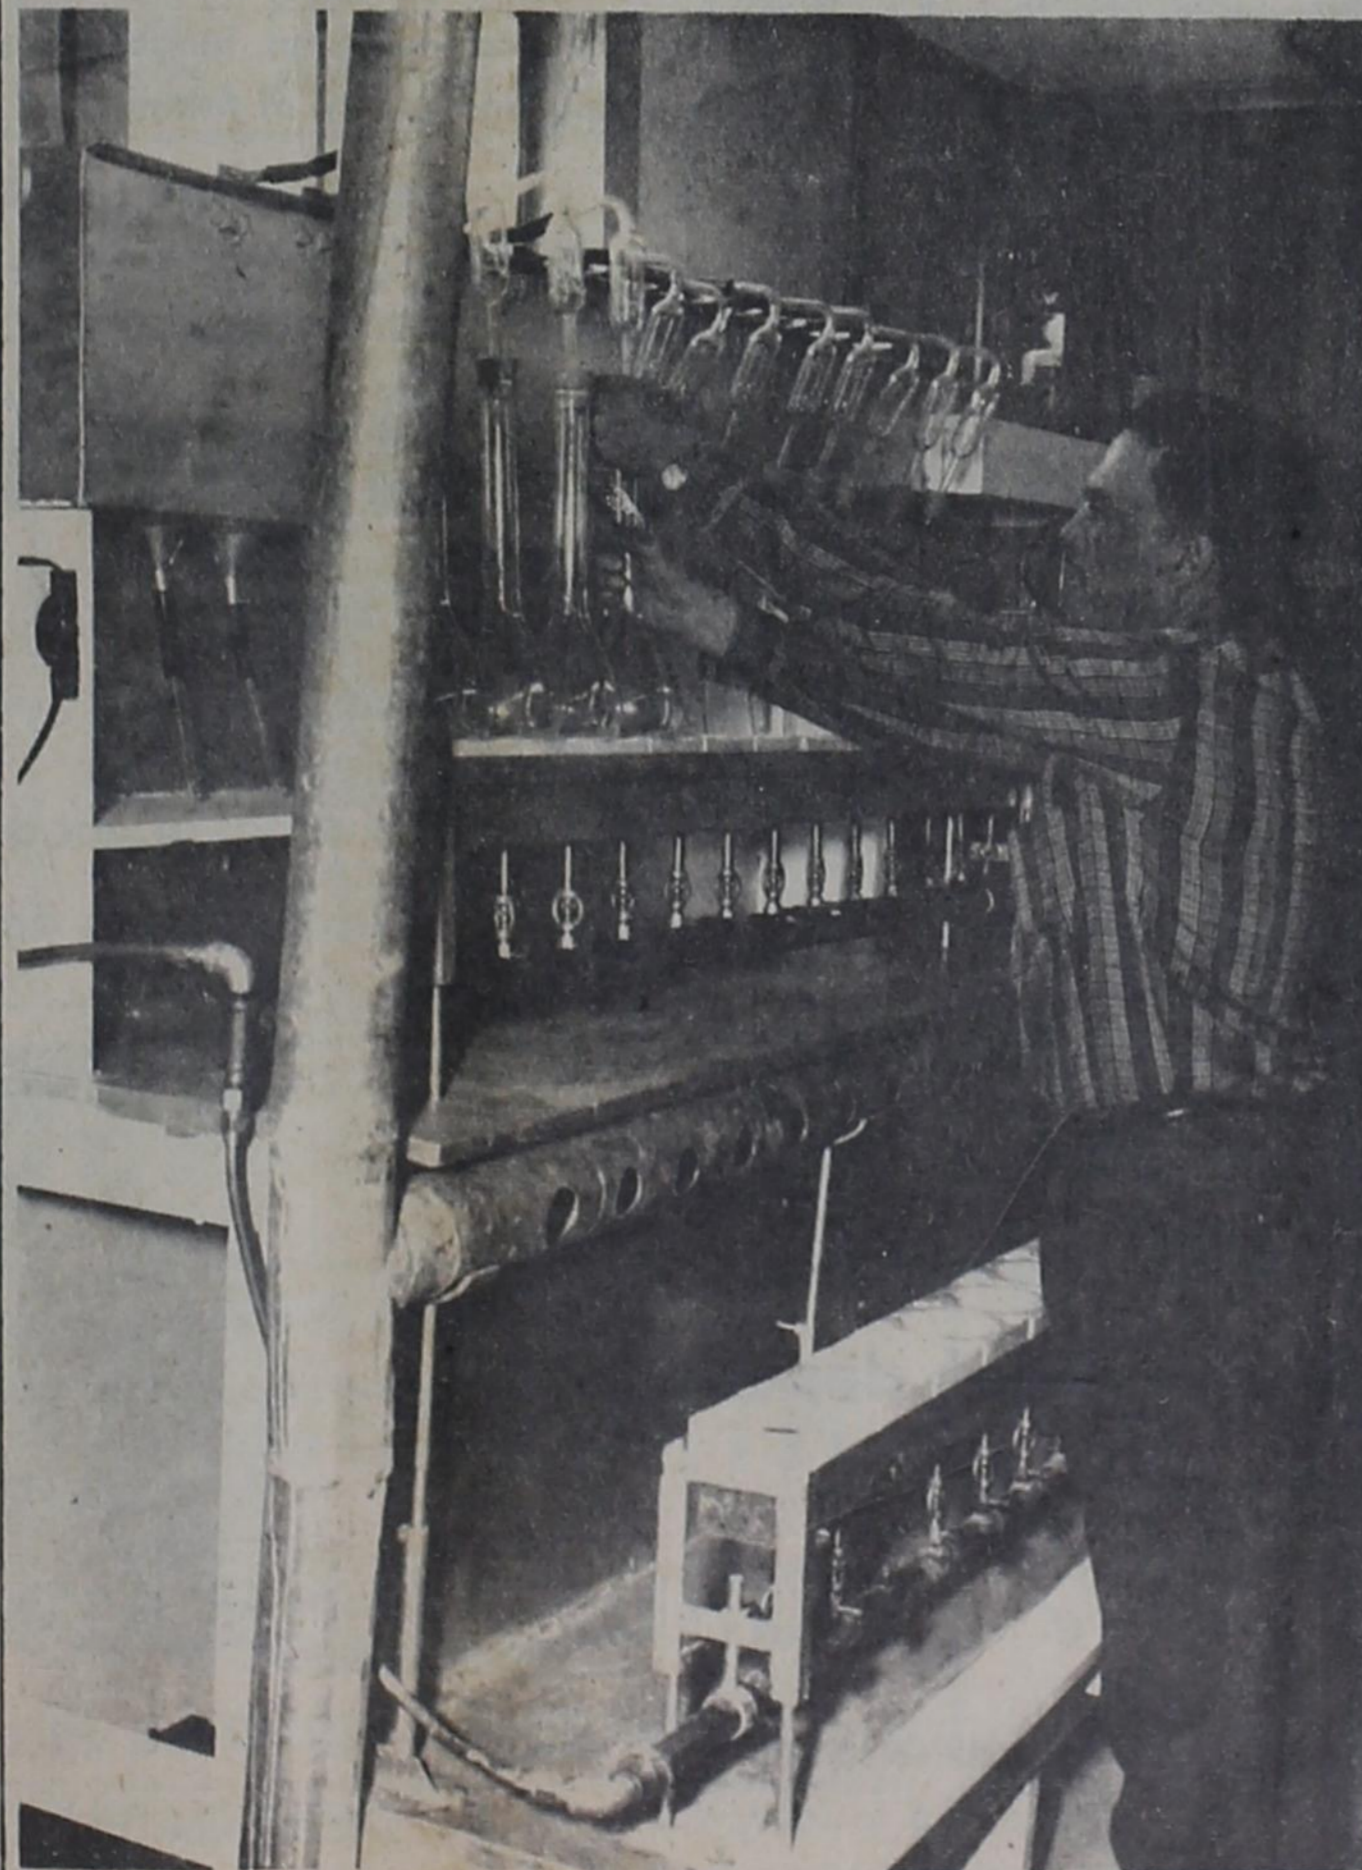

The complex local business is a service-type concern and its existence is made possible by the large amounts of feed and seed grown in this area, and by the fact that Texico-Farwell serves as a focal point in the shipping of these commodities.

Prince is an independent businessman, but is licensed by the federal government to do his exacting work and his report on a test is the refere considered

"official."

Most of the work done in his laboratory previous to the installation of new equipment fell in the germination testing and quality reporting category. Now that additional facilities have been installed to determine the protein content of wheat, he has "full-line" seed testing laboratory to offer the grain trade.

Business for the Farwell Grain Exchange comes from local elevators, Clovis, Melrose, Fort Sumner, Tucumcari, Portales, Roswell, Bovina, Friona, Muleshoe, and other cities in this part of the Southwest.

FARWELL'S ONLY LEGAL STILL is this cooking unit in the offices of Farwell Grain Exchange, located in the City Hall building. Bill Prince is hooking up a flask to a network of tubing which collects vapors that rise from the grain and acids which are placed on the still. (See additional photos on Page 6)

Car Prospects
Looking Up

A new car give-away as a trade stimulus appears a definite possibility this week as local boosters talk up the idea among merchants. Reports are that from 15 to 20 merchants have indicated they will go along if enough participation can be found to keep the cost within reason.

The idea of giving away a new car to stimulate trade arose at a meeting of the Farwell Chamber of Commerce a week ago. Originally, Chamber workers were trying to revive the trade-day idea that has had its hot and cold moments in past years.

Trades day as a promotion fell on too many half-deaf ears, however, and the Chamber went off on another tact: this time the new car prize.

Giving away new cars isn't exactly a new idea to this community either. Four or five have

been offered as trade incentives in years past. However, if the particular promotion now being worked on gets off the ground, it will be the first time that the Chamber has ever officially connected itself with such a plan.

Clay Henson, Chamber president, confirmed this week that workers are encouraged by the attitude of merchants. "It seems like there's quite a bit of interest in it," he says.

By next week a decision is expected to be made as to whether a new car give-away will be held, and if so, when. Forms are being mailed out to all businessmen to ask if they desire to participate. If they do, they will pledge themselves to support the promotion.

If not enough join in to make finance the project, it will be dropped.

Texico Track
Boys Win Meet

Texico track team has participated in two meets the past week -- winning one easily and placing fourth in a seven-team contest, says Paul Frederick, school principal.

"We took one carload of boys to Albuquerque Saturday" says Frederick. Raymond Hadley, one of the mainstays of the local team, couldn't go because of a bad knee.

Leslie Dyer placed first in the broad jump, 3rd in 100-yard dash and 5th in the 220; Wesley Engram was 5th in discus; second in high hurdles;

Bobby Walker won 4th in high hurdles and fifth in low hurdles; and Bobby Stover placed 4th in the 440.

At Melrose Tuesday, the Texico boys swept the competition with 87 points; Melrose had 55 and Grady, 10. Dyer was in good form winning the 100-yard dash, the 220, and broad jump with a record 21' 1/2".

Hadley didn't run, but placed first in shot, discus and javelin competition. Other firsts won by the locals were: Engram, low hurdles; Jerry Bowers, pole vault; and Dyer, Walker, Stover and Don Johnson, 440-relay.

Other places won were: Kenneth Murdick, second in discus; 4th, 880; 4th, javelin. Stover: 2nd, 440 and 220. Walker: 2nd, low hurdles; 3rd, 440.

Monte Singletery: 2nd, half mile.

Gary Singletery: 3rd, mile. Ursel Doran: 3rd, discus. Engram: 4th, discus.

This Saturday, the junior and senior high teams go to Tatum for relays.

Motor Scooter
Hits Side Of Car

Injuries were minor when two youths on a motor scooter rammed into an automobile in front of Lee Meeks service station in Farwell Monday noon.

The two youngsters were Don Caillouett and Jeff Jenkins, says Chas. Lovelace, Parmer County sheriff who investigated the accident. Gaston Landrum, who was driving the car, was making a left hand turn when the scooter hit the side of the auto, Lovelace says.

Texico Junior
Play Postponed

Illness of two cast members has made it imperative that the date of the Texico junior play be changed, according to school officials, and students will presently be on April 21. Previously announced date was April 3.

MRS. HAROLD CARPENTER

EASTER EGG HUNT HELD AT NORTONS

Dinner guests in the home of Mr. and Mrs. L. L. Norton Easter Sunday were: Mr. and Mrs. Roy Hawkins and Mr. and Mrs. N. E. Bonds.

In the afternoon, the following gathered in the Norton home for an "egg hunt" and visiting: Mr. and Mrs. Harold Hawkins and family of Bovina, Mrs. Ernest Foster Jr. and family of Clovis; Mr. and Mrs. Pete Davis, Bovina; Mr. and Mrs. Jim Walker and children of Roswell; Mr. and Mrs. Bob Barton and daughter of Abernathy; Mr. and Mrs. Herman Gerdes; Mr. and Mrs. Derrell Norton and family, Mr. and Mrs. John McFarland and family, Mr. and Mrs. E. L. Cochran and Mrs. Vernon Jamison of Lariat.

After the hunt, cake, pop and coffee were served.

BRANTLEYS HOST "42" PARTY THURSDAY

Mr. and Mrs. Curley Brantley were hosts for a "42" party in their home Thursday night. Present were Mr. and Mrs. W. P. Shelley, Mr. and Mrs. Gerald Bass, Mr. and Mrs. Grady King, Mr. and Mrs. Roy Lee Farley, Mr. and Mrs. T. J. Brantley, Mrs. Blondie Puckett of Muleshoe; Mrs. Louella White, Mrs. Merrill Rundell and girls, Mrs. Joyce Humphreys of Clovis, and Mr. and Mrs. Bill Bradshaw of Bovina.

DINNER HONORS OKLAHOMA GUESTS

Bro. and Mrs. Garland Billingsley and sons of Lindsey, Okla., visited with Mr. and Mrs. Sam Billingsley Thursday through Saturday. They were honored with a dinner Saturday given in the home of his parents, the Sam Billingsleys.

Others attending were Mr. and Mrs. Bobby Glen Billingsley and family of Friona, Mrs. Etta Billingsley of Amarillo, Mr.

and Mrs. Jim Billingsley and Zel, Mrs. Annie Jones, Claude Primrose, Mr. and Mrs. Melborn Jones and family, Mr. and Mrs. Lee Jones, LaVon Jones of West Texas State College of Canyon, and Mr. and Mrs. Merrill Rundell and girls.

SIXTH BIRTHDAY CELEBRATED EASTER

Loy Beth Christian celebrated her sixth birthday Easter Sunday with a birthday party and Easter egg hunt.

Those present were: Roy, Larry, Zella and Dorris Donaldson; Bradley and Gaylen Hromas; Phyllis Christian; Ruth Ann Blankenship; Mike and Pamela Grissom; Trummie and Charles Christian; Nancy, Shirley, Peanut and Jimmy Putman; Jackie, Janet, Johnny and Stephen McGuire and LaNell and Gwendolyn Christian.

PERRY SPEAKS

The Oklahoma Lane Baptist Brotherhood met March 19 at the church with Bro. Leon Perry of Muleshoe, guest speaker. He talked on the 13th chapter of 1st Corinthians.

Present were Jimmy McGuire, Harold Carpenter, Frank Doshier Jr., Walter Verner, Jeter Garner, J. B. Sudderth, Z. T. Byers, Bernard Nelson, Neil Stewart. Visitors were J. D. Perry and Paul Wallace.

FARMERETTES MEET TUESDAY

Farmerettes met in the home of Mrs. Donald Christian March 31. Roll call was answered with "my favorite season of the year and why."

Ice cream and pops were served to Lily Christian, Lois Billingsley, Joyce McGuire, Louise Christian, Avis Carpenter, Charlene Grissom, Marjorie Watkins, Bonnie Warren.

Next meeting will be in the home of Mrs. Troy Christian April 28.

FORMER RESIDENT DIES SATURDAY

Word has been received here of the death of John Klepper, former resident of Oklahoma Lane. He passed away Saturday at Chehalis, Wash. He is an uncle of Mrs. Cecil Winegeart. Funeral arrangements were in charge of Pickling Funeral Home in Chehalis. Services were Wednesday. Mrs. Winegeart left over the weekend to attend services.

SON BORN

Mr. and Mrs. Don Verepto announce the birth of a baby son born Monday, March 23, at Parmer County Community Hospital in Friona. He weighed 8 lb. 10 1/4 ozs. and has been named Ricky Don. Paternal grandparents are Mr. and Mrs. Frank Verepto and Mr. and Mrs. Floyd L. Reynolds of Lubbock.

Mr. and Mrs. Kenneth Johnson left Monday to be at the bedside of his mother, who is seriously ill in the hospital in Abilene.

Mr. and Mrs. J. D. Hicks of Munday spent Easter Sunday with her parents, Mr. and Mrs. Dan Routon.

Mr. and Mrs. Clarence Johnson and family spent the Easter holidays visiting his brother, Russell Johnson of Clayton, N.M., and Mr. and Mrs. W. M. Turner in Texline.

Mr. and Mrs. Sterling Donaldson were in Tulia Thursday to attend the wedding of a niece of Mrs. Donaldson. Mr. and Mrs. Clyde Perkins attended funeral services of an uncle of Mr. Perkins in Tipton, Okla. Thursday.

Mr. and Mrs. Neil Stewart and family visited relatives in Norton through the Easter holidays.

Mr. and Mrs. Z. T. Byers and family spent Sunday with relatives in Levelland.

Mr. and Mrs. J. M. Morphey Sr. and daughter of Maysville, Okla., visited their son and family, Mr. and Mrs. J. M. Morphey Jr. Saturday and Sunday.

Mr. and Mrs. Glen Hubbard and Jan Ann of Amarillo, visited Saturday and Sunday in the home of their son-in-law and family, Mr. and Mrs. Thomas Young.

R. B. Rundell, Wayne Foster, Merrill Rundell, Thomas Young and Pete Rundell spent March 21 through March 28 fishing at Falcon Dam. They reported "good luck."

Mr. and Mrs. Hubert Ellison of Bovina and Jerry Ellison of Clovis were dinner guests Sunday in the home of Mr. and Mrs. Troy Christian.

Mr. and Mrs. Dee Brown and sons visited Sunday in the home of Mrs. Brown's sister near Hereford.

Mr. and Mrs. Virgil Harmon and Mrs. Chester Elliff and children of Tulia spent Monday in the home of Mr. and Mrs. Sterling Donaldson.

Mr. and Mrs. T. L. Kent, Mr. and Mrs. C. C. Christian and Phyllis were dinner guests Sunday in the home of Mr. and Mrs. Donald Christian.

Pleasant Hill

REVIVAL ENDS

A revival at Pleasant Hill Baptist Church closed Sunday night with six additions. Seventy were present for morning worship and also for night services. Bro. Herb Row of Whiteface was preacher and Keith Lamb of Plainview led the singing.

Sunrise services were held Easter Sunday with Rev. Lamb as preacher. Attending were Bro. Charles Jones, Rev. Row; Sandra and Lucille Lamb; Della and Linda Crocker; Judy and Gwendette Lovett; Mr. and Mrs. Gordon Smith; Gloria Ramsey; Mrs. Jessie Lee Taylor and Freddie and Monte Singleterry.

Spending the weekend in the home of Bro. and Mrs. Carl Lamb were Mrs. Frank Ramsey and daughter, Gloria, of Dallas.

Mrs. Buck Taylor was accompanied to Anton Monday by her daughter, Mrs. Joyce Osborne, to visit her mother, Mrs. Janie Anderson, and a sister, Mrs. Archie Hargrove.

HUNT EASTER EGGS

An Easter egg hunt was held at the home of Mr. and Mrs. Weldon Dane Sunday evening. Present were Lynell Jones, Vicki and Mike, Gwenette and Jerry Lovett, Mr. and Mrs. Arlie Taylor and Johnny Mack, Mr. and Mrs. Clarence Brown, Lena May, Lois and Dale; Mrs. Aline Walker and Sara Beth, Glynice, Jackie, Pat and Wayne Fahsholtz.

Sunday dinner guest in the home of Mr. and Mrs. Jimmie Weatherford was her father, O. J. Dutton from Hale Center.

Miss Lynell Lovett of Wayland College in Plainview spent the weekend with her parents, the Troy Lovetts.

Margie, Dave, Judy and Lynell Lovett and Monte Singleterry were visitors in Clovis Sunday.

Mrs. Juan Eskew accompanied her parents, Mr. and Mrs. Frank Loflin of Springfield, Colo., to Apache, Okla., last week to the Loflin reunion. Seventy-five relatives were present for the reunion. The local people returned home Sunday evening.

Mr. and Mrs. Robert Servatius, Pauline, Billy and Arlene, spent the weekend in Lubbock with his sister and family, the Claud Thomases. Sunday night, they were guests of the Shockleys in Ropesville.

BROTHER DIES IN CLOVIS

Troy and Roy Lovett and Mrs. Maurine Winkles learned Saturday morning of the death of their brother, E. L. Lovett, who died at his home in Clovis. He was 56 years old and had been ill for some time.

Funeral services were Wednesday at the Calvary Baptist Church in Clovis.

Visiting Sunday in the home of the W. D. Waltons were their nieces, Veda and Janet Wilson. The group met some Muleshoe friends, the Wests, at the Clovis park Sunday afternoon, and spent the time visiting.

Eugene Servatius was in Anton from Thursday until Monday to visit his grandmother, Mrs. Janie Anderson.

The E. C. Kerbys of Clovis visited in Pleasant Hill Sunday. Mrs. H. M. Hopper is on the sick list this week.

CROCKERS HAVE PARTY SATURDAY

The Walter Crockers entertained the young people of the Pleasant Hill Baptist Church Saturday night with a fellowship meeting.

Present were Lynell, Judy and Gwenette Lovett, Keith, Sandra and Lucille Lamb; Donna Kay, Gale and Johnny Pierce; Mr. and Mrs. Arlie Taylor, Roy, Freddie and Johnny Mack; Don Lovett; Mary, Margie and Jackie Dane, Robert and Doris West; Mrs. Redford and Dewey; Gloria Ramsey; Bene Nesbitt; Monte and Gary Singleterry; Dale, Lena Mae and Lois Brown; Carol and Ella Mae Brown. After games were played, re-

David Routon Heads Group

David Routon of the eighth grade has been named president of Junior High Student Council at Farwell, which was organized March 13 for grades six, seven and eight.

Other officers are Leon Lovelace, vice president and Patsy Herington, secretary. Lovelace is a seventh grader and the young lady is in the eighth grade.

Members of the council are Barry McCuan, Danny Johnson, Jimmy Berry, Sandra Hendrickson, Routon and Miss Herington, eighth graders;

Also Monte Lesly, Danny Lindop, Janice Prince, Janie Bradshaw, and Lovelace, seventh grade; and Peggy Martin and Shirley Peoples, sixth grade.

Members of the council discussed the playground situation and as leaders, decided to aid officials of the school by carefully observing all rules concerning the areas, as an aid to discipline.

Also on the discussion agenda was the topic of proper discipline in the classroom, with young people talking about student attitudes, care of furniture and neatness in the classroom. They talked about the best way to help cafeteria personnel in the lunchroom, and decided it would be an aid for students to help clean the tables before leaving their places. Also, it was suggested that students pick up paper from the floors and place chairs in the proper places.

According to school officials, the members of the council had thought about various problems before discussion, and believe that the council can in many ways help the school to be better, and at the same time, make it more advantageous for the members of the classes they represent.

The Council will meet once each two weeks.

Refreshments of punch and cookies were served.

IT'S A BOY!

Mr. and Mrs. John Spearman became parents of a son, Monte Lee, born Saturday at Clovis. He weighed 7 pounds, 3 ounces.

Bert Williams Honored At Texas Tech

Bert Williams, a junior chemical engineering student at Texas Technological College, Lubbock, has been elected into Tau Beta Pi, honorary engineering fraternity. He is the son of Mr. and Mrs. Jack Williams.

Bert graduated from Farwell High School in 1956. While in high school, he participated in basketball, track, baseball, was annual editor, band member

for four years and elected outstanding senior.

While at Tech, he has participated in freshman basketball, has been recognized at all-college recognition the past two years, is an active member in Kappa Mu Epsilon, honorary math fraternity and at the present, is also pledging Phi Kappa Phi, honorary all-college fraternity.

IN HOSPITAL
Charles Stockton, son of Mr. and Mrs. C. B. Stockton, was a patient in the hospital last week. He is a junior student in Texico Schools.

Phonorama, Mountain States Telephone's exhibit.

Mobile Display Slated At Texico

C. H. Forester, Clovis manager for Mountain States Telephone Company, says that Phonorama, a mobile display of historical and educational value, has been scheduled for Texico-Farwell April 23.

Consisting of 12 displays and a historical exhibit of the evolution of the telephone, Phonorama was conceived by Mountain States as being the most practical way of letting people in this area witness some of the scientific marvels of the last century.

Phonorama is a 42-foot trailer specially built and equipped with everything from the early models of the telephone up to and including stereophonic sound which was an invention of the Bell Telephone Laboratories.

Ordinarily Phonorama is opened for groups of school children in the morning, and to the adult public and to high school groups

in the afternoon and early evening. Telephone employees from here and nearby communities will act as guides and conduct small groups through the exhibits explaining what each is about.

This paper will carry details on when the trailer will be here and where it will be parked during its stay, so that organizations desiring to be conducted through as a group may make arrangements.

HAS SURGERY
Mark, son of Mr. and Mrs. Bert Williams, underwent surgery on his right foot Thursday at Clovis, and was dismissed from the hospital Friday. He returned to first grade classes Tuesday morning.

HOME FROM HOSPITAL
Mrs. Mark Liethen was a patient in the Clovis hospital Thursday and Friday. She is home now but is on a limited schedule for a few weeks.

\$100 Gained For Red Cross

About \$100 had been turned in early Tuesday for the Red Cross drive in Texico, says Mrs. Elmer Teel, drive chairman, and she expresses appreciation to all those residents who supported the drive in any way.

Workers were still collecting money for the drive during this week, and some had not reported to Mrs. Teel at press time, so a more exact count of donations was unavailable.

Workers included members of the Texico Fire Department, Leslie Dyer, Mrs. D. J. Brown and Mrs. Teel. Mrs. Buck Doran is in charge of the drive at the school.

The drive is in conjunction with the one in the county, Mrs. Teel says.

IS HOSPITALIZED
Terry, 9-month-old son of Mr. and Mrs. Dee J. Brown, has been hospitalized with a severe chest infection, according to relatives. He was admitted to the hospital Saturday.

Hospital Notes

A number of local people have been hospitalized this week as they recuperate from various illnesses.

Mrs. T. J. Glenn, who has been ill for over a week, was slated to be dismissed some time this week; and her mother-in-law, Mrs. Jessie Glenn of Alto, who had major surgery two weeks ago, is still hospitalized.

R. E. Crook of Texico, who returned home recently after a siege of illness, is in Clovis hospital this week. However, he is receiving visitors according to his physician.

Mrs. E. H. Meeks has been ill and is in the hospital.

Terry Yell Jr., 4, son of Mr. and Mrs. W. M. Yell, was admitted to the hospital Sunday as a medical patient.

Take the world as it is, not as it ought to be.
A fool and his money are soon invited places.

Ronald King Teaches In Artesia School

STATE COLLEGE, N.M. -- Ronald A. King of Texico, a senior at New Mexico State University, has been assigned to Artesia High School for eight weeks of supervised teaching experience.

Majoring in agricultural education, he will teach under the direction of John T. Short, vocational agriculture instructor at Artesia.

He graduated from Texico High School in 1951 and is the son of Mr. and Mrs. E. King of Route 2, Clovis. In high school, he was highly active in Future Farmers of America and was chosen State Farmer and Star Chapter Farmer. He also was in dramatics and in band.

At New Mexico State he is a member of Alpha Tau Alpha, national agricultural education honorary.

He is one of six seniors in vocational agricultural education at New Mexico State, assigned to supervised teaching for eight weeks in five New Mexico high schools. New Mexico State's agricultural education program is under the direction of Prof. Carl Howard.

JURY OF VIEW NAMED AT MEET

The depository contract and FDIC pledge covering school funds for 1959-1961 in the First National Bank of Bovina were approved when members of Commissioners Court met last week.

H. A. Hyde, Johnny W. Hand, G. B. Buske, N. E. Wood and Edgar Bogges were named to a jury of view on the H. A. Hyde et al, road petition.

By PAT

If it's all the same to Weather Forecaster Indian Crim, we sure would appreciate a little moisture during April. In talking around the country to other seed dealers most of them are doing very little business at the present time due to dry weather. This writer made a hurried trip under the Caprock over the Easter holidays and found conditions from dry to terrible. Generally, we have found in the past that there is nothing like a good frog strangler to take care of just about any situation in this part of the area.

There has been considerable interest in the possibility of planting corn again in Parmer County, mainly because the outlook for grain sorghums still is not too promising. Tests conducted at High Plains Station during the past year have indicated that the early plantings of corn made from approximately April 8th to April 24th show considerable less lodging or falling due to the corn borer. Golden West Seed Co. has a good supply of Watson's Certified Hybrid Corn in both white and yellow numbers. If you are contemplating planting corn, we suggest getting it in the next 15 or 20 days.

Golden West Seed Co. has for sale three one thousand-bushel capacity metal grain bins. These are 24 gage steel sides and bottom and are built by the Doerr Metal Products Co. of Larned, Kansas. If you are needing extra storage, we would like for you to come by and look at these. We hope to have a demonstration model erected this week.

Come see us.

Mrs. B. N. Graham was a guest of her daughter and family, Mr. and Mrs. Raymond Ross of Morton, and her son and his family, Mr. and Mrs. John Graham of Lubbock, over the Easter holidays.

Mr. and Mrs. E. W. McGuire were in El Paso over the weekend to spend Easter with their son-in-law and family, Mr. and Mrs. Charles Robertson and girls.

Mr. and Mrs. Glenn Williams and family of Booker and Mr. and Mrs. Herbert Williams and Danny of Roswell, were Easter guests of the parents of the men, Mr. and Mrs. E. G. Williams.

There's something about early spring days that gives us a new lease on life. The buds popping out on the trees, pussy willows heralding the forthcoming green season, and return of songbirds remind us of the gardening chores which should be done.

Many gardeners, both old and new, don't realize what "plant early" means. If quick and good results is what you're after, don't wait until the ground warms up before planting anything. Nature plants many seeds in autumn, specially weeds. And what vigorous root systems they develop!

Many flowers and vegetables are as hardy as weeds. The earlier you get started, the better.

Remember to fertilize lawns.

Too many lawns suffer in mid-summer because of too little fertilizer applied too late to get healthy root systems established.

Then there are the areas where you don't want grass (and weeds) to grow—such as tennis courts, driveways, stone walls, etc. If you sprinkle the area with a solution of two cans of lye to 10 quarts of water, you can control such unwanted growth. Repeat spray to stubborn plants.

Spring is the best time to fertilize evergreens. Early nourishment produces harder wood, enabling the tree to better withstand cold during the following winter.

Add two tablespoons of vinegar to a quart of water and use this solution around acid-loving azaleas and rhododendrons.

Soap mixed with aphid-killing insecticide, such as neotome sulfate or Kelthane, aids the killing power because it spreads the chemical over the foliage and makes it stick.

South Plains, Tex., Man Reports — Maize Yields Increased 1800 Pounds Per Acre

Bryan Karr, who farms 600 acres near South Plains, says: "By side dressing my maize with 90 pounds of Phillips 66 Ammonia, I've increased my yields on an average of 1800 pounds of grain per acre. Year before last, the average would have been raised considerably, because I cut a 4050 pound crop after it was beat down by a high wind. I usually side dress my maize around July 1, when the plants are about 6 inches high."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Of Interest To THE WOMEN

MR. AND MRS. ED ROLLAND

Lois Tollison Weds Ed Rolland March 7

Miss Lois Tollison of Clovis became the bride of Edward Rolland of Farwell in a double ring ceremony at the home of the groom's parents in Farwell on Saturday evening, March 7, at 8 o'clock.

The bride is the daughter of Mrs. E. T. Tollison of Clovis and the groom is the son of Mr. and Mrs. D. O. Rolland.

Performing the ceremony before family members and close friends was Nathan Hard-

ing of Odessa, brother-in-law of the groom.

The bride wore a street-length dress of white brocaded satin with a white corsage. Attending the couple were Jimmy Turner of Lubbock and Doris Rolland, sister of the groom.

Coffee and cake were served at a reception following the ceremony. The bride's chosen colors of pink and white were featured in the decorations.

The bride's mother wore a brocaded dress of brown and the groom's mother was attired in a dress of dark grey.

Mrs. Rolland will remain in Clovis until the end of the present school term when she will join her husband in Lubbock to make their home. He is employed by the Lang Transit Company there.

Mrs. Norris Guest Speaker Of WSCS

Mrs. M. L. Norris of Clovis presented a study, "Middle East Pilgrimage" at an all-day meeting of the WSCS of Hamlin Memorial Methodist Church Wednesday, March 25, in the home of Mrs. W. N. Foster.

The timely study concerned what the church can do to point the way to peace and friendship in the Middle East.

A covered dish luncheon was served at noon. Those attending were Mesdames Norris, G. W. Atchley, Anne Overstreet, James A. Cox, Curtis Jones, B.N. Graham, A. D. Smith, Elmer Teel, W. H. Graham, E. G. Blair and Ralph Humble.

Bobby Hart Notes Sixth Birthday

Bobby, son of Mr. and Mrs. Bob Hart, was honored with an Easter party for his sixth birthday Wednesday of last week at the family home.

Young guests were entertained with an egg hunt and served refreshments of cake and ice cream. Bobby's birthday cake was a large sheet cake iced in white with a coconut nest in which nestled large Easter eggs surrounded by seasonal figures.

Attending the party were Sharon Williams, Ronny and Hal Graham; Will, Meredith and Caroline Anderson; Craig, Cindy and Penny Phillips; Terri Edwards, Mark and Barry Williams; Marsha Lovelace; Sherree and Gay Rundell; Brad Jordan, Chris McFarland; Ray and Leslie Norton; and Linda and Sandy Hart, sister and brother of Bobby.

Several mothers of the youngsters were also present for the party.

JOTTIN'S By Jeanne

We've been reading with interest the various comments on the "law-making" that has been going on in the state of Texas. There have been so many stories on taxes, expenditures and other important items that it makes our head swim.

But one item that could make a difference in this county is a particular economy bill. Vern Sanford in his column "Highlights and Sidelines from Your State Capital" says this: ECONOMY BILL MAKING HEADWAY--There's at least one fellow who believes that his type of job is useless, outmoded and unnecessary.

He is George Corse Jr. of Graham, Texas. Corse feels that school money is being wasted by keeping the job of County School Superintendent alive. He wants to dispense with the office and contends that it will save the State a minimum of \$400,000 annually.

"To prove they were economy-minded too, the House passed his bill (HB #101) by Rep. George Wilson of Newcastle) and sent it on to the Senate with their blessings.

"HB #101 would permit the people of a county, by petition of 10 per cent of the eligible voters, to vote on discontinuance of the office of County Superintendent of Schools.

"Corse is county superintendent of Young County."

We have a new household hint to pass on to you women readers. If you hate to clean an oven as much as we do, you'll be trying it right away.

Mrs. Herbert Williams of Roswell, a daughter-in-law of Mrs. E. G. Williams, says there is an easy way to keep a fruit cobbler from running over during the baking process. Just place several sticks of macaroni upright in the pie, and the juices bubble up into the macaroni instead of over the edge of the pan.

Our thanks to Mrs. Williams for telling us about it.

Young People Visit Teels

Mr. and Mrs. Elmer Teel were host and hostess to a group of young people over the Easter holidays.

Their daughter, Miss Sue Ann Teel, and two of her friends, Misses Billie Jo Rogers and Patsy White arrived Saturday afternoon and remained until Monday morning in the local home. The young ladies are teachers in the Aztec, N.M., schools. They also planned to visit in Taos, Santa Fe and Las Vegas, before returning to Aztec.

Allen Teel, son of the local couple, arrived home Wednesday and returned Tuesday. Also here was Miss Linda Usrey of Portales, who was a guest of Miss Peggy Teel in the local home.

Youngsters Hunt Easter Eggs

Twenty-four youngsters attended an Easter egg hunt at the Methodist Church Saturday afternoon, and following the hunt, were served refreshments of peanut butter, crackers and punch.

Adult sponsors were Mesdames Robert Morton, Howard Crooks, Bob Hart, Bill McCowan, Joe White and Wilma Linder.

Rebecca Class Meets Monday

Rebecca Sunday School class of the Baptist Church met Monday night in the home of Mrs. Bill Garrett for a regular business session. Mrs. Garrett gave the devotional on the 23rd Psalm and her daughter, D'Ann, then sang the 23rd Psalm accompanied by Mrs. Shelby Jobs.

Sunshine gifts were then exchanged.

Refreshments were served to those named above and Mesdames Harry Whitley, Hattie Boling, Sterlyn Billington, Elsie Hardage, Jewel Scott, E. G. Williams and the hostess.

Next meeting will be Monday, May 4.

Personals

Mrs. Ted Magness and Kim left over the weekend for Walnut Springs where they will visit in the home of her parents, Mr. and Mrs. Buck Hensley.

Mr. and Mrs. Archy Hamm, Archy Jr., Annette and Timmy were guests in the home of Mr. and Mrs. Felix Monroe over the Easter holiday. They reside in Flagstaff, Ariz. They arrived Friday and returned home Monday evening.

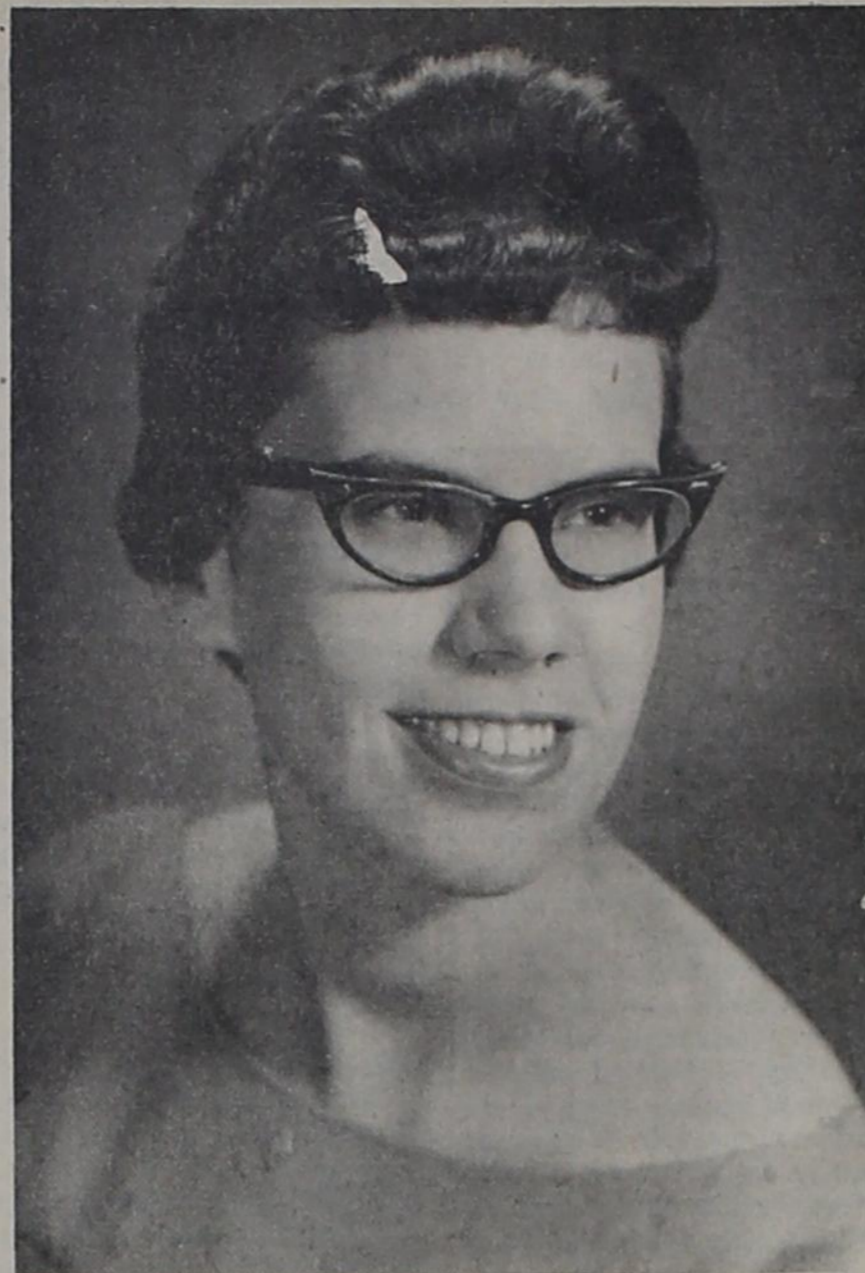

Mr. and Mrs. Bert Williams and Berry were in El Paso recently on a business trip.

Mr. and Mrs. Ken Hanks and Tommy were in Lubbock Saturday where they toured the campus of Texas Tech. Hanks will attend summer sessions at the school.

Mrs. W. H. Graham Jr. and sons were in Silverton Thursday and Friday as guests of other parents, Mr. and Mrs. O. M. Dudley and Connie.

Jimmy Putman of the Texas School of the Deaf at Austin spent the Easter holidays with his parents, Mr. and Mrs. Delbert Putman.

Margaret and Marcella Verner of Lubbock visited with their parents, Mr. and Mrs. W. E. Verner Easter Sunday.

MISS CAROLYN DEAL

Indian Theme Used For Texico Banquet

Juniors of Texico Schools honored seniors with the annual junior-senior banquet at a Clovis restaurant Wednesday of last week with the host group choosing an Indian theme for decorations and program.

Gail Potts gave the invocation, and Ursel Doran of the junior class gave the welcome. Response was given by David Lockhart of the senior class.

Mrs. Agrie Jones expressed appreciation for the past years in which she and her husband had served in the Texico Schools. She is commercial teacher. Superintendent Jones then made comments on his tenure with the school, and introduced the speaker for the evening. Mr. and Mrs. Jones retire this year.

Mrs. Mildred Kimbrough, who has just accepted the position of state elementary supervisor with offices in Santa Fe, was speaker, presenting inspirational views on "Too Much Talk." Mrs. Kimbrough has recently been elementary school principal at Eugene Field Schools in Clovis.

She stated that the sun is a circle and the Indian built his home in a circle. Within his home were health and harmony which in turn brought happiness.

Rays from the sun were signified by four periods in life: infant, youth, middle age and old age. Also listed were the four seasons and four directions as important in his life.

Darlene Day gave the benediction.

Seniors include Jerry Bowers, Darlene Day, Kenneth Doshier, Raymond Hadley, Johnny Hammit, Billy Hammit, David Lockhart, Anita Moss, Jerry Reid, Teddy Roth, Monte Singleterry, Delores Spies, Robert Stover, Billy Thigpen and Joe Watts.

Juniors are: Max Allen, Christina Bowers, Joanne Brown, Fay Chappell, Darlene Danforth, Ursel Doran, Wesley Engram, Anna Gaines, Claudia Cox Gamble, Robert Gooch, Gale Hadley, Glenda Ivey, Linda Ivey, Don Johnson, Phyllis Kelley, Velma Martin, Mary McDaniel, Robert Meier, Valeria Meier, Jackie Morris, Gwendolyn Potts, Larry Powell, Tommy Shearer, Ralph Stand-erfer, LaDonna Stewart, Dean Taylor, Charles Stockton, Paggie Teel, Connie Tharp, Bobby Walker, Harla Wall, Lanelda Wall and Betty Lou Walton.

Local People Visit Amarillo

Mrs. Stanley Stewart and La Donna and Mrs. Ray Tharp and Connie were in Amarillo Friday where they visited Beale Stewart, the son of the local woman. He is employed as art instructor at Robert E. Lee Grade School.

While there, Patrolman Lonnie Bailey, a cousin, took the group on a tour of the jail. They went ice skating Friday night.

Beale then spent the Easter holidays here with his parents.

Jerry Henson To Wed El Paso Girl Meeting Place Changed For Installation

Mrs. Lawrence Deal of El Paso is announcing the engagement and approaching marriage of her daughter, Carolyn to Jerry Henson. Her father is the late W. Lawrence Deal. His parents are Mr. and Mrs. Clay Henson of Farwell.

Miss Deal is a junior at Hendrick Memorial Hospital School of Nursing in Abilene. Her fiancé is a junior ministerial student at Hardin-Simmons University, where he is active in the Baptist Student Union, Ministerial Alliance and is president of Life Service Band. He is a graduate of Farwell High School.

The young people will be married May 29 in Abilene at Crescent Height Baptist Church.

Members of the Companion Sunday School class of Texico Baptist Church are reminded that the group will meet tonight (Thursday) at 8 at the home of Mrs. Tena Roth. A change has been made in the site of the session. It was originally scheduled in the home of Mrs. Frances Boling.

New officers will be installed and Mrs. Roth stresses the importance of the attendance of all members.

THIRSTY IN MALTA

For years past the island of Malta, surrounded by thousands of square miles of the Mediterranean Sea, has struggled with the problem of obtaining a sufficient supply of potable water for industry as well as for drinking. Over the last decade the emergency has deepened, as the wells on the island increasingly showed traces of seepage of salt water into the fresh. The administration has appropriated 2,000,000 pounds sterling (\$5,600,000) for measures to halt the deterioration, and has received approval from the United Nations Technical Assistance board of its request for a Food and Agriculture Organization expert to be sent to help out in the situation. He will experiment with a method originated in the Netherlands, for separating fresh from brackish water.

What's in it for me?

Nothing . . . and everything

It will demand your free time--often when you want that free time for other things. It will demand sincere enthusiasm and concentration.

It will demand money, perhaps . . . certainly hard work and the sacrifice of some personal pleasures and whims.

In return you'll have nothing you can hold in your hand . . . or put in the bank . . . or stick up over the mantelpiece. Nothing but priceless faith. Hardly a specific. But faith is not a specific thing. It comes when you need it most . . . and where.

That's part of its strength - a strength that's as strong as you want to make it.

HERE'S HOW . . .

MAKE AN EARLY AMERICAN WOODBOX

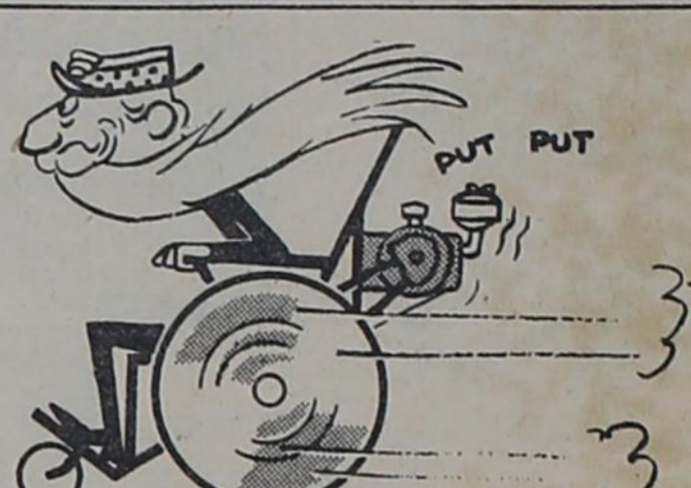

A simulated antique woodbox follows early American design. First make the base, as shown, fastening it with 16-penny nails and glue. The floor and back are of 1 by 10-inch lumber, edge-glued or cleated. Use 2 by 2-inch corner supports. To make the ends, draw a pattern to size, as shown in the section drawing, using measured widths and thickness of the boards. Mark the angle of the front and of the bevels. Use two 1 by 12-inch boards for the front, ripping them to coincide with the chamfer lines of the sides. Hinge the top with a large decorative hinge. Round all sharp edges by rasping and sanding. Add decorative screws or upholsterers' buttons.

NOTE: 1/2" DOWEL JOINTS OR INSIDE CLEATS OF 1" BY 3" STOCK

Labels: 1/2" BLACK UPHOLSTERERS' BUTTONS, 1"x12" STOCK RIP TO FIT, BEVEL EDGES, 45° CHAMFER 56", FULL SECTION, 2"x2" STOCK CORNER CLEATS, 1"x12" STOCK, AIR HOLES, 1"x10" STOCK, 18 1/2"

Youth Treatment

There's a lively, youthful feeling about motoring with Phillips 66 Flite-Fuel. And the reason is: Flite-Fuel is made with extra-lively components.

The extra amounts of high test natural and aviation elements in Flite-Fuel give you easier starting . . . faster engine warm-up . . . quick acceleration. You get the anti-knock benefits resulting from high octane, yet Flite-Fuel actually costs less than many other premium gasolines.

Give your car a "youth treatment." Fill up with Flite-Fuel at your Phillips 66 Dealer's.

You'll like NEW INTERNATIONAL TRUCKS

- FOR THE MONEY.** You get down-to-earth operating economy with a choice of 5 short-stroke, low rpm. six-cylinder engines built for truck work alone.
- FOR THE SHOW.** New dual headlights and anodized aluminum grille mean lasting good looks. Luxurious cab has more glass area, more passenger room. Long-lasting vinyl upholstery stays smart.
- TO LOAD-UP.** New Bonus-Load body (7- or 8 1/2-ft. long) is flush to cab to give you every inch of loadspace possible. Center-controlled tailgate assures easier load handling. Durable, smooth all-steel floor.
- TO "GO"!** You get step-ahead power from a choice of 3 new optional V-8 engines that bring new economy to V-8 operation. They offer astonishing mileage from regular gas, plus low oil consumption.

There's an International Truck for every job!

Pickup with back seat! New Travellette's takes 6 passengers plus full-size pickup load.

New Travelall K. More loadspace than any "wagon," more head and "spread" room for 8.

New medium-duty models. Offered with choice of 4x2 or 4x4 drive, stake or platform bodies.

THE HENSONS

ALL SET FOR an imaginary dogfight at 30,000 feet was Jimmie Winegeart, a Farwell fourth grade student, last week. When he and 49 members of his class toured Cannon Air Force Base as guests of fighter pilots of the 522nd Tactical Fighter Squadron, a broken arm prevented Jimmie's participating in some of the activities of the tour. To compensate for the things he was missing, Air Force personnel had him model a flight suit for his classmates. (Official USAF Photo by A/2C Dave Watts.)

An automobile, properly cared for, is a pleasure to drive. Regular visits to our station for FREE service will pay off for you. It is our pleasure to serve you.

HOPPERS--

form of bloodier, stranger, more sinister plots. Can the mere fact that more than half of the shows are westerns create a following among those who would prefer entertainment on a little higher level? We have our doubts about it. Frankly, except for the diversions that the cartoons offer our children, our household had just as well not have a TV set in it. The moments of really good shows have declined to such a point that it's hardly worth wading through the log trying to find them.

Call this a confession if you will, but our favorite program on television is Captain Kangaroo. Now, we know that the producer has our age group least in mind when he comes out with his daily bit, but so far as we are concerned the Captain's 30 minutes are the most original and engrossing of all. His sheer genius for thinking up something so different each day to hold the attention of the little ones as he does causes us to have the greatest respect and admiration for him.

Here is live entertainment just as fresh and unadulterated as a Sunday school picnic. What's more, the Captain often manages to sneak in a little education, or even a little moral lesson, without the kids hardly

Breakfast Slated By ESA Saturday

Money-making is the object of a breakfast scheduled Saturday morning at the Farwell school cafeteria by members of Theta Rho chapter of ESA, to raise money for the various civic projects that are supported by the group.

Bacon and eggs with hot biscuits, juice and all the trimmings are on the menu, and everyone is invited to attend from 5:30 to 8 a.m. Tickets are 75¢ for adults and 50¢ for children eight years of age and under. Tickets may be obtained from any member, and will also be sold at the door.

Farwell Fire Losses Light

Losses due to fire in the City of Farwell were very light last year. This information has been received by the local department from the State Board of Insurance at Austin. In 1958 the losses have been listed at \$193, which permits the city to receive a special 25 per cent credit (the maximum allowed) on its fire record. This factor saves the property owners of the city one-fourth on their fire insurance premiums. Last year \$31,063 was paid in to maintain fire insurance coverage in the city. The new Farwell Fire Department, active for the first time in 1958, doubtless is due much credit for keeping the fire loss at a very low rate. Up until the city had its department, and protection was from the Texico department, Farwell had a "lucky streak" of many months duration in which losses had also been very low. Firemen frankly observe that Farwell is living on "borrowed time" so far as fires of major disaster proportions are concerned.

David Lindop Injures Eye

David Lindop, 14-year-old son of Mr. and Mrs. Tom Lindop is recuperating well this week, from injuries caused by pellets from a ricocheting bullet. Lindop and a friend were enjoying target practice with .22 rifles tin cans they had set up, and the pellets from one of the bullets went through the bottom of the boy's eyelid, lodging in the lower portion of the eyeball, according to the boy's sister, Jeannette. The youth underwent surgery Thursday afternoon in Clovis and was still hospitalized at press time, although family members thought he would be dismissed soon.

Texico Teachers Go To Meeting

Members of the faculty at Texico Schools were in Clovis Thursday to attend a district teacher's meeting, according to Agrie Jones, superintendent of schools. Classes were dismissed at Texico Wednesday afternoon, noting the Easter holiday, and a regular schedule was resumed Tuesday morning.

Answer Fire Call

Texico Fire Department answered a fire call at the home of Olan Schlueter Wednesday morning, says Otis Huggins, member of the department. The fire was an automobile belonging to Schlueter and was extinguished quickly, says Huggins.

UNDERGOES SURGERY

Mrs. Howard Mayfield of Friona underwent major surgery at the hospital there Sunday afternoon, according to word received here. Mrs. Mayfield, the mother of Mrs. M. A. Snider Jr. and Mrs. Woodrow Lovelace of Farwell, had been ill for about a week.

THIEF CATCHERS--

was property believed to have been stolen in Amarillo the previous week. Both airmen were intoxicated at the time of their arrest. They have been charged on two counts of theft, and County Judge Loyde Brewer set their bond at \$2500 each when they appeared before him Monday morning. On the law enforcement scene, only one other incident occurred during the week. Durwood Eaton, 28, Lubbock, was arrested by Sheriff Lovelace Friday night between Farwell and Bovina and charged with driving while intoxicated. He pled not guilty but waived trial by jury and appeared before Judge Brewer Saturday and was found guilty. His fine was \$100 and he drew a 10-day jail sentence also. His companion, Robert Crabb, 29, also of Lubbock, was fined \$20.50 in J. P. Roy Thornton's court for drunkenness.

THE HIGH PLAINS FARM AND HOME

THE FARMER FARMER

by W. H. Graham Jr.

Soybeans Sure To Advance

(Editor's note: This is the second in a series of articles on new crop possibilities in the Farmer County area. The first was on pinto beans. Corn will be subject to next week's article.)

A trend started in the Farmer County farming area several years ago is almost certain to continue its advance in 1959, now that incentive for planting grain sorghum is, at least at this time of year, less attractive than at any time since big-scale irrigation began.

Soybeans, which occupied perhaps 7,000 acres in the area last year, will in all likelihood increase in acreage this year, as more and more farmers find a place for them in their farm programming.

Soybeans are a versatile crop, and are considered the fifth most important crop in the nation. On the High Plains they have been used on only a limited scale, and their value as a soil building crop has been about as important to farmers as the fact that they can be a cash crop too. Soybeans on the irrigated plains have found their most general use in a rotation program with grain sorghum and cotton.

Because of their comparative newness to this region, the fine points of getting maximum

yields haven't yet become established, but a few definite practices have been outlined. County Agent Joe Jones says that one great fault of most farmers in this area is that they plant the beans "flat" and that for best results planting should be on the ridge so that mature beans will not be lost when combining is done.

Inoculation of seed is important also, and a special chemical is required.

Then, the beans should not be planted too early. Between June 1 and June 15 is recommended for this latitude.

Another point, says the agent, is to keep watering soybeans all through the growing season. Unlike cotton, and even some milo, soybeans will keep on "making" until a killing frost and water helps rather than hinders. Irrigation often continues then even into early October.

"Just because soybeans are a legume, don't consider them a 'poorland crop'" is the county agent's suggestion. He points out that they have their nutrient requirements for maximum yields the same as any other crop.

The use of fertilizer to increase yields has produced extremely variable results. With land of high natural fertility, it might be well that whatever

Up 'til now, we've always felt that we could talk with our cooperative county agent, Joe Jones, pretty well at eye level. But now we feel like we are going to have to start looking up to him, and may soon even be asking for his autograph.

A couple of weeks ago Joe told us he had a good chance to get to Europe this spring as a part of the program being pushed by the Grain Sorghum Producers. We thought this was nice, and was, in fact, a rather notable distinction, considering the few who were being called on for participation.

However, the more we check into this thing, the more surprised we are at the scope of the project, and the more we appreciate the responsibility Joe will have as our representative. For one thing, Joe is to present a paper on developments in feed processing in our area at the International Feed Manufacturers Conference in Rome.

This sounds like mighty big goings-on to us, and we told Joe if we had the job we'd probably be too nervous to talk well. Joe admits that he may be a little shaky, too.

Our agent will leave May 4 and will be gone for a month. He will spend this time in Italy. Besides the Rome appearances he will help out with a grain sorghum exhibit that will be put up at the 23rd Samples Fair at Bologna.

All this is arranged for through the Department of Agriculture and Foreign Agricultural Service. In a nutshell, the idea is to show Europeans how well grain sorghum fits into a balanced feeding program for poultry and livestock, and to encourage them to use our milo in the operations.

The potential of foreign markets is, after all, much greater than our own consumption possibilities here in the United States.

It's still anybody's guess as to what the milo situation will be this fall. There have been 14 bills introduced to correct the miscarriage of congressional intent by the USDA administrative heads, but none is given much chance of passage. Furthermore, the president, who pledges unflinching support of Secty. Benson, probably would veto them anyway.

However, outside of politics things are taking shape a little more definitely. Cargill Crop Reporting Service says planting intentions for 1959 indicate that the sorghum acreage will be reduced somewhat from the record set in 1958.

They are predicting 20.4 acres. That is down three per cent from last year, and even a slight reduction is significant inasmuch as milo acreage had been bounding upward alarmingly during the past four years.

Corn planting, on the other hand, will take a healthy step forward now that acreage restrictions are removed, Cargill believes. They are expecting 84 million acres, which is 12 per cent more than last year.

Soybean acreage is expected to be down seven per cent at 23 million acres. Like sorghums, soybeans have been steadily increasing as a national farm commodity. They expanded acreage for nine suc-

cessive years. It is interesting to note that soybeans occupy more acreage than grain sorghum, which many farmers of the High Plains do not realize.

is shown in the accompanying table carrying results of 1958 tests at the Halfway Station near Plainview.

"There is probably no other soil improvement practice that will return more profit per acre and per dollar invested than applying limestone in areas where it is needed," says Bill Bennett, extension soil chemist. He advises getting a soil test to determine your soil's requirements.

Many questions about soybean production are answered in a leaflet published by the Texas Agricultural Extension Service entitled "Soybeans." It is available from local county agents or the Agricultural Information Office College Station, Texas.

Lee has been established as the most popular variety, although others show promise as

COUNTY 4 H NEWS

LAZBUDDIE SR. 4-H CLUB NEWS

Calvin Mason gave a report on the Lubbock Fat Stock Show. Steven Young gave a report on the meeting on Tractor Maintenance being held at Dee Chitwoods. Carrol Redwine also reported on the Tractor Maintenance School. They meet each Tuesday. The leaders are Mr. Mitchel and Mr. Houston. They have had three meetings. The first was on safety, second on what makes the tractor run; third, tractor lubrication.

FRIONA JR. 4-H CLUB NEWS

Johnny Mabry called the meeting to order and Kim Buske led the 4-H pledge. Rex Wells gave a report on the project tour Saturday. John Taylor, Joey Taylor, Jessy Sherley, Chris Tannhill also gave a report on the project tour. Rex Wells gave a report on the meeting at Hub. The meeting was then turned over to Joe Jones. The county show will be held April 10 - 11 at the bus barns in Friona. The meeting was adjourned.

We have received a nice note of appreciation from Charlotte Seaton, speaking for the Lazbuddie 4-H Girls Club. She thanked us for running the picture of their fine exhibit in that community during National 4-H Club Week.

Folks who go out of their way to thank us for something that we do as a matter of routine have a special place in our heart.

Grasshoppers are likely to be more widespread in the west and midwest this summer but are expected to be less destructive than in 1958, reports the U. S. Department of Agriculture. However, weather conditions between now and hatching time will have a strong bearing on numbers and a check will be made next spring to determine the areas where control measures are needed.

THE FARMER COUNTY IMPLEMENT CO.

NEWS

"The Place Where Most People Trade" Friona, Texas

Wednesday, April 1, 1959

Company at our house for the Easter holidays was our daughter, Mrs. Gay Jordan and children of Lubbock, and another daughter, Doris, who is a student at Eastern New Mexico University at Portales.

People today are chiefly concerned with the higher things in life -- like prices and taxes.

While David watched our neighbor's teen age son doing yard work, he sympathized with him because his parents forced him to do such hard work. Said David, "I think it would be better if we were all widows." The working boy said, "Maybe you mean orphans."

"Maybe so," said David, "I mean without mothers."

Get all the facts about tractor - control, fast hitch, Hydra-touch hydraulics, and other Farmall advantages. Call us for a field trial.

At the annual Recognition Day at Texas Tech last week, where awards are made to outstanding students, Friona was very well represented, Denise Magness sang in the choir and Curtis O'Rear played in the band. They are both senior students. Linda Gee, a freshman, received the Sears Scholarship award and Deann Buske, a senior, was recognized for her leadership in campus activities. Curtis O'Rear received the Socony Oil Company scholarship.

Those from Friona who attended the services were Mr. and Mrs. J. T. Gee, Mrs. Mae

The big power McCormick team-six row middle buster and Farmall 450 will do more work for you, easier and more economically, than any other outfit you can buy. It's easy to handle, too. You are in the field working while others are getting ready. See these today.

Company at our grandmother's house for Easter was Miss Lora Mae McFarland and Miss Min Atchley from Clovis, Mrs. Roy Lee Jones and children from Lovington; and Martha Clements and Katy Osborn.

Martha's and Katy's husbands were in Mexico fishing over the weekend. Our grandmother went home with Mrs. Jones for a visit.

The big switch from man labor and animal power to mechanization has done much to help America's farmer double their output in the past 15 years. This is only the beginning. Agricultural scientists predict that new, bigger and better machines will help offset the manpower shortage on our farms. The American farmer will produce more and more on fewer but larger farms.

Backing the farmer in his drive for efficient production, International Harvester Company this year has introduced numerous new machines designed to cover more ground, perform more work, and do it faster and better than anything previously available. Ask about the new six-row farm tools. We will be glad to bring them to your farm for a demonstration.

Need some good cheap transportation? Does your family need a second car? We have some good used automobiles on our lot that are worth the money. Some have air conditioning which will serve you well this summer. Better stop at the Farmer County Implement Company before buying a used car.

Top guns in the whole wagon world

FORD WAGONS

THEY'RE Double-Value BEAUTIES

Built for people . . .

- Wider doors for easier entry

WANNA BUY A LION?—There are a couple of them on the A. H. Wilson farm in Lazbuddie and, says Wilson who is in the picture, they could be bought from their owner, Victor Cox. This cage is in the Wilson barn.

A COLD-EYED ONCE-OVER is what you get when you look down through the top of the cage at the animals penned inside. The lions' favorite way to worry onlookers is to stick their paws out and try to grab them. They don't have much trouble getting folks to keep a respectable distance.

Lions On Farm At Lazbuddie

Just how African Lions might fit into the Parmer County area livestock picture isn't for sure, but some Lazbuddie folks are at least proving that Parmer County farms can raise lions. There are a couple of the only critters on the A. H. Wilson farm, and the Wilsons don't pay much more attention to them than if they were hogs.

The lions have attracted the attention of a lot of the neighbors, and once a Lazbuddie school bus had to wait while all the kids ran into the Wilson barn to take a peek at the caged animals, but the Wilsons themselves don't get too excited. Actually, the lions belong to Victor Cox of Muleshoe, a horse

breeder, jockey, and promoter of sorts. Cox picked up the lions when they were just cubs. A sideshow and small circus was coming through the country and got into dire financial straits, so Cox bought the young lions.

He bought three, but one died. The other two, though, have certainly done well on their all-meat diet, and now weigh 250 pounds each. They consume about five pounds of beefsteak each day. That runs the feeding bill pretty high.

The lions are in a homemade cage which is in one end of the Wilson barn. They aren't at all bashful and when anyone steps close they will thrust their paws through the steel slats of the cage and work their claws menacingly. Folks soon learn to keep their distance.

Just what will come of the lions isn't known. They'll probably be sold to somebody who has some practical use for them, such as a zoo or circus. But, Wilson says, you can have them yourself if you want them -- and are willing to pay the price.

Twice as many people are engaged in clerical work as in 1940. Maybe we are no more mixed up than ever, but we are getting it all down on paper.

SOIL CONSERVATION DISTRICT NEWS

Tree windbreaks can protect your farmstead and livestock cheaper than most any other method. A lot of your family's time is spent in the house and around the yard. A good tree windbreak protects the farmstead from soil blowing, snowdrifts, cold driving rain or sleet, and dusty spring gales. In this part of the country cold winds cause more discomfort to man and animals than any other climatic factor.

Experiments show that wind-

breaks can reduce your home-fuel costs 15%, or more. Your home will be less drafty and more comfortable. And you will not have as much dust to clean up and worry about.

A good windbreak keeps the driveways, yard, and feedlots fairly free of snow in ordinary winters. This in itself is worth the effort of growing a tree windbreak.

Several types of evergreen and broadleaf trees are suitable for windbreaks. There are tall, medium tall, or dense low-growing varieties which can be used together or in combination with shrubs. A good barrier against the wind is uniformly dense from the ground line to the tops of the tallest trees.

At least one row of Coniferous evergreens such as Arizona Cypress or Red Cedar

should be used because they give year round protection and are long-lived. For spacing of a single row windbreak the row may be a straight line or in a zig-zag fashion. In straight rows, space trees 5 to 8 feet apart; in zig-zag rows, offset alternate trees a maximum of 40 inches from the center row line, and space trees 5 to 8 feet apart as measured along the center line. Spacing of trees and shrubs for multiple row windbreaks are as follows:

Space shrubs 3 to 5 feet apart, Deciduous trees 8 to 10

FARM & RANCH LOANS
Long Term-Low Interest
Ethridge-Spring Agency, Friona
Phone 8811

feet apart, and Evergreen trees 5 to 8 feet apart with 10 to 16 feet between rows.

Water at time of planting and protect from wind during the first blow season. Cultivation is necessary during period of establishment because weed competition is a chief cause of loss of new plantings. Mechanical injury to trees should be avoided by using tools suitable to the job.

Replace death losses at the first planting season following to insure a fully closed and even height barrier.

By now all land owners and operators in Parmer County should have received a copy of the District News letter on "Windbreak Planting" which gives details on species, planting of trees, land preparation, and management of plantings. For more information on windbreaks or any other conservation practices come by the Soil Conservation Service office in Friona.

Soil Conservation is an obligation of every American interested in the preservation of freedom and security for the generations tomorrow.

Bridegroom: A fellow who began by handing out a line and ending by walking it.

In the vegetable picture variety and quality are good for the season of the year. White sweet potatoes are good choices. Collards, mustard, spinach and turnip greens are moderately priced. You may see featured items in the canned vegetable department including peas, tomato products and kraut.

Pork production is up sharp from comparable weeks of year ago. Prices for some cuts have declined and will be reflected in many markets this week. Look for hams (whole butts, shank portions) spareribs, bacon and sausage. Best values can be found in chuck roast.

Large size grade A eggs are an excellent meat alternate low in calories and easy to prepare in a variety of ways.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

A very interesting magazine came to our desk this week. It is the March issue of the "Women's Circle." It had been a long time since we had seen a publication similar to this one and we thoroughly enjoyed reading it.

The entire contents of the paper were of interest to homemakers. There were recipes, cooking hints, sewing hints, household notes, features about unusual women and two pages of letters from readers.

Several of the household hints are being used in this column. Those glass furniture-caster cups can be used to advantage in the sewing room. They will hold such items as pins, needles, buttons, fasteners, etc., and make excellent weights to hold pattern pieces in place.

When making a comforter extend the top and bottom material ten inches beyond the filler. This gives a good allowance for tuck in at foot end. Short

quilts or blankets can be lengthened by adding a piece of material, twofold, the desired length.

Anyone who collects picture post cards has material for beautiful waste baskets. These cards may be glued onto potato chip cans, ice cream containers, or similar cartons. After the cards have been glued onto the proposed waste basket, they should be covered with shellac to keep them clean.

The inside of the container should be waxed to keep dust from sticking to the inside.

If the men around your house are trimming the trees, you may get some material for lovely planters right in the front yard. Take a saw and cut off part of the tree branch just the length you want your planter. Take a drill and drill holes three or four inches deep that interlap inside the planter.

When the holes have been drilled, take out all the trimmings and shape the inside cup like. Leave the bark on the outside and cut a planter from a branch which has had limbs cut off it if you want knot holes on the finished item.

The inside of the planter can be lined with several layers of aluminum foil, the bottom covered with felt to keep from marking table tops, and the outside varnished to give it a finished look.

These planters are especially pretty for growing ivy or other climbing plants. If you want them to hang on the wall, you can smooth one side to lie flat against the wall and add hooks for hangers.

Next time you are invited to a salad supper or luncheon and want something different to take, you might like to try this recipe which was submitted to the Mexico Ledger by Mrs. Raymond Outlaw of Vandalla, Mo. CHICKEN APPLE SALAD
4 cups cold cooked diced chicken
2 cups diced apples
1 cup chopped nuts
1 cup diced celery
mayonnaise
Combine chicken, apples, celery and nuts; moisten with mayonnaise; mix lightly with fork. Serve on crisp lettuce.

Another recipe that would make a wonderful dish for a covered dish meal was submitted to the same paper by Mrs. Donald Harris of Mexico. HAM LOAF
1 1/2 pounds lean pork
3/4 pound smoked ham
1 small onion
1/2 cup soda cracker crumbs
2 beaten eggs
1/2 cup milk
1/2 teaspoon paprika
1/2 teaspoon Worcestershire sauce
1/2 teaspoon dry mustard
Grind pork, ham and onion until fine. Add other ingredients and shape into a loaf. Place in a baking dish. You may place the following mixture in the bottom of pan, if desired:

1/2 cup crushed pineapple
3 tablespoons brown sugar
1/2 teaspoon dry mustard
Bake in moderate oven (350 degrees) for 1 1/2 hours. After 45 minutes baste with 1 cup condensed tomato, celery or mushroom soup several times.

Although St. Patrick's Day has already passed, we are going to give you a good Irish cake recipe that you will enjoy using and serving any day in the week. KILARNEY CAKE
All measurements are level and flour is sifted before measuring.
Sift together: 2 cups flour, 1 1/2 cups sugar, 2 teaspoons double acting baking powder, 1 teaspoon salt. Add: 1/2 cup shortening, 1 cup milk (less 2 tablespoons) 1 1/2 teaspoons vanilla, 2 unbeaten eggs.

Beat with electric mixer until velvety texture. Pour into two 9 inch layer cake pans that have been greased and floured.

Bake in 375 degree oven for 25 minutes. When cool, ice with favorite frosting.

(This cake is as easy as any cake mix, because it is all mixed in one bowl.)

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Farm Bureau Secretary - Treasurer, Roy V. Miller, attended the Texas Farm Bureau president's conference in Amarillo last Thursday. Sixty or

more counties were represented in the meeting which was devoted principally to wheat. Being in the worst condition of all basic commodities, surplus wheat, wheat is getting a lot of discussion in Congress and other areas.

We wonder what you think of the Farm Bureau suggestion for wheat. It was pretty well outlined in the Friday morning Amarillo paper. One point of it would allow a wheat farmer to purchase the amount of wheat he would normally produce on land left out of production from CCC at normal production cost and sell it on the open market. This, it is contended, would prevent continued piling up of sur-

plus while still giving the farmer the same volume of wheat to sell as he would have been expected to produce, had he planted and harvested it.

Farm Bureau policies determined by its members have always been aimed toward highest net income for producers of all commodities. The record bears this out and this aim is still evident in Farm Bureau Policies. Labor costs have always affected the cost of production directly and indirectly. Industrial labor costs are reflected in the cost of farm machinery and supplies. Farm labor costs are reflected directly in the immediate cost of production. These costs must be subtracted from the price the farmer receives for his commodities to get the net.

Right now, labor policies being proposed are threatening your net profits for the immediate seasons of operation. If you have not been paying attention to this factor and writing your congressman as many news items have suggested, we suggest that you do so now. If you do not know what is happening, any Farm Bureau officer will tell you, or you can get the information in the office.

If you have not filed for refund on gas tax exemptions recently, come in and do it now. Remember that your wife can do this for you.

Raymond Schueler was re-elected chairman of the Farm Bureau Weed Committee recently. R. D. Dale is vice-chairman and Vernon Symcox is secretary. They have laid plans for the seasons work and we are sure that if you will cooperate in carrying out their suggestions, another successful year against bindweed will result.

CONSIDER THIS: And as you would, then should do to you, do ye also to them likewise. Luke 6:31

RS 608, a red-seeded sorghum hybrid, is the subject of a leaflet recently released by the Texas Agricultural Experiment Station. Copies of L-426 are available from the Agricultural Information Office, College Station, Texas.

H. D. AGENT'S CORNER

Immie Lou Wainscott

4-H Clubs in Parmer County are thinking about method demonstrations just about now, because they are getting ready for County and District Contests.

I have a good egg custard recipe that was used in a demonstration last Wednesday by Sherry Tannahill and Mary Ann Roberts, at the Friona 4-H Club meeting. The custard is real good, you might like to try it.

EGG CUSTARD
4 eggs
1 cup sugar
2 cups milk
2 T. butter
dash salt.

Beat eggs good, add other ingredients and cook in saucepan until the butter melts. Pour into tin loaf pan and cook in water bath at 350 degrees until

SEW YOUR OWN GARMENTS. Do you have special fitting problems? -- A slim clothing budget? Do you get real satisfaction from sewing for yourself and others?

If the answers are yes, you may want to join the increasing number of women who are making garments for themselves, and other family members, say extension clothing specialists.

The "homemade look" can be avoided by careful construction and pressing. The custom-made look requires patience, accuracy, attention to detail of finishes and good pressing. A job well done pays off with economy, fit and satisfaction.

If you are a beginner in sewing, choose a simple garment for your first try. A pattern of few pieces with simple design, and a fabric of good quality in solid color will give best results.

The pattern, fabric and the bindings should be selected together for harmony. Figure type and purpose of the garment also influence pattern and fabric selection.

Production Tested AUSTIN COTTON Seed Available

Top Yields - Early Maturity - Disease Resistant - 1" Staple - Open Bole. Machines about like Empire - We machine harvested 1082 lbs. per acre from our seed blocks with an extremely high percentage (over 96%) white cotton.

COMPARATIVE RATINGS OF COTTON VARIETIES for disease resistance and seedling vigor

By Dr. Leith Bird, Department of Plant Pathology, Texas A&M College

VARIETY	Comparative Ratings*				
	Bacterial Blight	Verticillium wilt	Fusarium wilt	Nematode	Seed
Lankart	3	3	3	3	3
Paymaster 44	3	3	3	3	3
Northern Star	3	3	3	3	3
Western Stormproof	3	3	3	3	3
Mebane	3	3	3	3	3
Lelapina	3	3	3	3	3
Delios	3	3	3	3	3
Acacia 1517c	4	4	1	1	1
Pima 5-1	2	2	2	2	2
Empire	2	2	2	2	2
Lockett	2	2	2	2	2
Stoneville	2	2	2	2	2
Acacia 1517 BR	1	1	3	3	1
Acacia 1517 BR-1	1	1	3	3	1
Mebane B-1	1	1	3	3	1
Blightmaster	1	1	3	3	1
Austin	1	1	2	2	1

*Disease ratings: 1. Resistant to immune 2. Tolerant 3. Intermediate 4. Highly susceptible
Seedling vigor: 1. Good 2. Intermediate 3. Low

All varieties are more resistant or tolerant to bacterial blight if they are grown in soil with adequate available nitrogen. Also, the varieties would be more susceptible if grown under nitrogen-deficient conditions.

The latest in spacemen landing on earth concerns the sensitive little one who descended on New York recently. Walking by a store window, he looked in and saw a piano.
"Okay, you!" he snarled. "Wipe that nasty smile off your face!"

An old gent was passing a busy intersection when a large St. Bernard ran by and knocked him down. An instant later, a foreign sports car skidded around the corner and inflicted more damage. A bystander helped the old man up and asked if the dog had hurt him.
"Well," he answered, "the dog didn't hurt so much, but that darned tin can tied to his tail nearly killed me!"
