School Construction To Begin At Texico

A little less than a year from the time Texico Municipal School District voters approved a bond issue to fund somewhat less than one-third of the cost of a new educational complex for the school system, construction is to get underway on the complex January 10.

Jim Bell Construction Company of Albuquerque with a bid of \$1,217,000 was the low bidder for the project which is to be completed in approximately 300 days from January 10, says Texico School Superintendent James Pierce.

Bell Construction was the low bidder from seven companies who bid on the project in December 1982.

Texico voters approved a \$320,000 bond issue plus a two mill tax levy by a large margin last February 2. The school board then applied for a capital outlay fund grant from the state plus additional funds from a one-year two mill tax levy from the state which is to match the levy approved by voters.

Citizens Bank of Clovis was the successful bidder and purchased the \$320,000 in bonds for the project.

When approval was given for the outlay fund grant and matching levy, wheels began to turn and a meeting with the school's architect Randall Kilmer in late November was the final step before letting construction bids.

The new complex is to be built across the street from the high school building and will help to alleviate a classroom shortage as well as providing room for additional curriculum courses, and a new office for the superintendent.

A multi-purpose room in the building can be divided into three sections, two for lecture rooms with an additional platform area, with a total capacity of 632.

This room will be suitable for many purposes, including graduation programs, film presentations, concerts for band and chorus, and other presentations, with a possibility of three programs going on simultaneously. Each section of this room can be closed off by electronically controlled

folding walls.

The complex will also contain three classrooms, adding space that will enable the school to implement more new programs which have been mandated by the state, says Pierce.

Other pluses will include being able to continue with physical education activities in the gymnasium when other programs are scheduled.

By moving the superintendent's office out of the high school building, space will be available for a counselor's office and conference room in that facility.

While the contract for the project was awarded to an Albuquerque firm, the subcontractors are mostly local and area businesses, and many of the worker's positions will be filled by local persons.

Dependent on weather conditions, a 300-day construction period would put the facility at completion at approximately mid-November. At any rate, Texico school patrons will within the next year have a spanking new building added to their campus with the taxpayers having to foot less than one-third of the bill for the added classroom, office and educational space.

To Polls Jan. 15 - -

Parmer To Elect Water Dist. Officers

Parmer County residents in the High Plains Underground Water District service area (Precinct 3) will go to the polls on Saturday, Jan. 15, to elect a District Director and two Parmer County Committeemen.

A.W. "Webb" Gober of Farwell, who has served ten years, is seeking his sixth term on the Board as a District Director representing Bailey, Castro, and Parmer counties in Water District Precinct Three.

Both Floyd Reeve of Friona and Ralph Roming of Bovina have served eight years as committeemen and are not eligible for re-election when their terms expire in January.

Jerry London of Friona and Grady Sorley of Bovina are candidates seeking their first terms as Parmer County Committeemen.

Voting in Parmer County will be at the following locations:

The County Courthouse in Farwell, Mrs. Albert H. Smith presiding Judge; City Hall in Bovina, J. Sherill, Jr. presiding Judge; and Council Meeting Room, City Hall, Friona, J.L. Witten presiding Judge.

For additional election information contact Pat Kunselman, Water District County Secretary, at City Hall, 323 North Street, Bovina.

Happy New Year. If you like snow and cold you have had a good time in the Twin Cities lately. The inclemencies of the weather haven't been appreciated, but the accompanying moisture has been welcome. We have had a much wetter and colder winter than normal so far and now face the uncertainties of January. This month's weather has a history of ranging from very mild to very cold and we will soon unravel its secrets for 1983.

We equate economists with psychologists and weather forecasters. It seems that they are more often wrong than right. However, the economic forecast is for a business upswing in the forthcoming 12 months. They may be right, but we believe there has to be a fundamental change in some national thinking before true prosperity can return to the country.

We must realize that one segment of the society cannot feast off the rest of the people. There must be a true and real exchange of values in any transaction, be it for goods, services or labor.

Two examples, one good and one bad, are currently in the national news. The new Nissan Motor Company plan in Tennessee is the good news. The closing of the Tackawanna Steel Mills is the bad example.

In the first example a new approach to labor-management relations seems to forecast a virogeous and competitive automobile industry. The shame there is that the ideas and money have to come from a foreign country. This operation the UAW members ought to study closely before they find themselves in the same boat with the steel workers.

Our steel industry in this country is moribund and will take drastic measures to revive. A little history will help in understanding their current woes.

Up to a few years immediately after WW2, the United States produced more steel than the rest of the world put together. This was done by a process using the Basic Open Hearth furnace and was the technology of the 1920's, 30's and early 40's. About that time the manufacture of steel began to be revolutionized by the direct introduction of oxygen into the molten bath. This called for new, better, and more expensive equipment. By and large the American steel producers were not able to respond for two reasons. By that time they were saddled with the highest wage scale in the world, and also, just as importantly, with a tax structure that inhibited capital plan investment. Time, tide, and world competition passed them by.

Those that are today unemployed are, to a large measure, responsible for their predicament. They forced wages out of their industry way beyond the ability of the industry to pay and remain world competitive. They also politically supported politicians who wrote tax laws that sucked the lifeblood of capital from their employers.

Today the domestic steel production industry is in a state of collapse. We think the two factors have played a significant role in that collapse.

This is what we mean by having a fair, to all, exchange of goods, services and labor. We don't want to seem to be picking on the steel industry as such, but it looks like to us that an open examination of their troubles would turn up very similar problems in many of our former bedrock industries in the United States.

Up until a generation ago we led the world in virtually everything. We can again, but it will take soul searching by both management and labor. Congress cannot pass laws guaranteeing prosperity. This can only come from a moral renaissance within each individual.

"I'm Not Sure"

"I'm not too sure about this," seems to be the feeling indicated by Jennifer Johnson's expression as she sits on the lap of her mother, Mrs. William Johnson, as Jennifer is

being enrolled for the upcoming session of kindergarten at Texico School. Kindergarten classes are scheduled to begin Wednesday, Jan. 12, instead of

January 10 as previously announced. George Herrington, elementary principal, can be seen at right as he assists with Jennifer's registration.

Texico Kindergarten To Begin Jan. 12

George Herrington, principal of the elementary school at Texico, announces that kindergarten classes at Texico will begin Wednesday, Jan. 12, rather than January 10 as previously announced.

Because the school must make up two days lost to bad weather in November, the kindergarten schedule has been changed to begin two days later than originally set up.

Student registration for the kindergarten classes is now underway, says Herrington, and will continue right up until classes begin on the 12th.

Children who are eligible to attend kindergarten at Texico are those who were five years old before September 1, 1982. Each student must present a birth certificate and immunization record at the time of

registration.

Supplies needed by the kindergarten students include: box of eight crayons, two No. 2 pencils, pair of rounded scissors, small bottle Elmer's Glue, box of Kleenex, set of water colors, mat or rug for resting, and box to hold the supplies.

Kindergarten hours will be from 9 a.m. to 3:30 p.m.

Farwell Stock Show Slated January 15

The annual Farwell Junior Livestock Show, featuring animals shown by Farwell 4-H Club members and Farwell FFA members, has been scheduled for Saturday, Jan. 15.

This year's show date has been moved forward a few weeks because the Parmer County Junior Livestock Show has been scheduled for the first weekend in February. The Farwell event is traditionally held in February, but was changed to avoid conflict with the county show.

Preston Martin's fertilizer building east of Farwell will be the site of the annual show which this year will feature only swine and steers. Richard Montgomery, FFA advisor at

Farwell High School, says that the show will have six steers and at least 100 swine, but that there will be no lambs shown here this year.

All Farwell 4-H Club members and Farwell FFA members are eligible to exhibit their animals in the event. There will also be a PeeWee Division for youngsters who are too young to belong to 4-H.

Weight-in for the animals will begin at 8 a.m. on the morning of the show with judging to start about 10 o'clock.

Gaines Howell of Dimmitt will judge the animals, and a show superintendent, yet to be named, will be in charge of the event, says Montgomery. He also said that all help in setting up the show and assistance

with the weigh-in of the animals will be greatly appreciated.

Trophies and ribbons are to be furnished by Worley Mills and Security State Bank, with Sherley-Anderson-Pitman Elevator of Farwell paying the judge's expenses.

A concession stand with lots of good things to eat will be provided for the convenience of exhibitors and attendants at the annual show.

Everyone is encouraged to attend the stock show and watch the area youngsters exhibit their livestock. Anyone willing to help with the event is asked to be at the Martin fertilizer barn early Saturday morning.

January 14 - -

'Spirit of '83' Theme Of Texico Homecoming

Texico basketball homecoming activities are scheduled for most of next week with the big finale coming on Friday, Jan. 14, with the coronation of the king and queen, to be followed later in the evening by a reception in the high school library.

The Wolverines will be hosting Tatum for the homecoming games with the boys A team and the girls A and B teams playing that night. The first game will begin at 5 p.m. MST with the B team girls. Following the first game will come the crowning of the king and queen, followed by the boys A team game and the boys A team game.

Presenting the crowns this year will be last year's basketball royalty, Tracy Dobbs, a student at Eastern New Mexico University, and Jeff Day, who attended Chadron College in Nebraska last semester.

Homecoming queen candidates are Ruth Scott, senior, daughter of Mr. and Mrs. Keith Scott; Tammy Powell, senior, daughter of Rodney Powell; Valda Cavallero, junior, daughter of Mrs. Pat Cavallero; Terry Fenn, junior, daughter of Mickey Fenn; Chary Jesko, junior, daughter of Mr. and Mrs. Roger Jesko.

Competing for the honor of homecoming king this year are Tobin Tate, junior, son of Mr.

and Mrs. Phillip Tate; Earl Bibbs, senior, son of Mr. and Mrs. Travis Bibbs; Kevin West, junior, son of Mr. and Mrs. Eddie West; Danny Reid, senior, son of Marsha Reid; and Scott Elliott, junior, son of Mr. and Mrs. Phill Elliott.

The initial homecoming activities will begin on Wednesday with dress up day, with activities for Thursday to be announced later, and Friday will, of course, be green and white day.

There will be an all-school pep rally Friday, Jan. 14, from 9:30 to 10 a.m. in the gym. Featured in the pep rally will be a "mini float" parade sponsored by the Student Council, using this year's theme "Spirit of '83."

A poster contest will be conducted with the entries coming from grades kindergarten through 12. Entries will be divided into categories according to grade level: kindergarten through 5th; 6th through 8th; and 9th through 12th. The winning poster in each category will win free admission to the homecoming games for each class member entering the poster.

On homecoming night, recognition will be given to the oldest alumni, the alumni traveling the farthest to attend, and the class with the most members present.

Following the games, a reception in the high school library will be given for all Wolverines and fans. The coaches' wives will set up the reception area and the cheerleaders will be serving refreshments.

In accordance with homecoming tradition, the junior class members will be selling mums until today, Friday. Mums can be purchased by contacting any member of the junior class or the school.

Prices for the mums are \$8 to \$11.50 for adults and \$5 for a child's mum.

There will also be a spaghetti dinner given in the school cafeteria beginning at 4 p.m. MST, with the cafeteria closing

for the coronation. Advance tickets for the dinner are \$2.50 for adults and \$1.75 for children, 5th grade and under, and will be on sale until noon on Friday, Jan. 14. Tickets at the door will be slightly higher.

Contact any member of the junior class for information on the ticket sales. All proceeds from the mum sales and the dinner will go to the junior-senior banquet to be given later this year.

Still Hangin' Around

Remnants of last week's major snow storm were still hanging around the Twin Cities area this week while temperatures refused to budge much past the freezing mark. Much of the area set new records during the cold spell, going many days without having the ther-

момeter rise above 32 degrees with the nighttime temps falling into the low teens and some nights down to zero. No wonder that the country still looked white, with the major thawing occurring only on the portions of roads and highways where traffic chewed up the

ice in daytime only to have it frozen again by the next morning. Weather forecasters say it will be warmer by the weekend, and at mid-week the sun was shining brightly, raising hopes more than temperatures.

Sheriff's Department Investigating Theft

Parmer County Sheriff's department is investigating a theft reported by Greg Martin of Texico on January 2. Martin reported a 600-pound heifer stolen from five miles east of Farwell, estimating the value of the animal at \$400.

Migel Fabela, 32, of Friona was arrested by Parmer County Sheriff's deputies on January 2 for theft by worthless check. He was fined \$1 plus court costs and restitution

by Parmer County Judge Porter Roberts.

In the 287th District Court on January 3, Juanita Flores, 28, of Friona pled guilty to a charge of welfare fraud, and received two years probation on the charge.

In the same court, the Parmer County District Attorney dismissed the theft charges against Richard Whitson.

Country Club Has Membership Climb

Farwell Country Club gained an additional membership of eight families during the membership drive conducted by the club during December.

Prospective members were asked to pay a \$100 initiation fee instead of the original \$300 fee, plus \$25 monthly membership dues beginning in January 1983.

Persons wishing to join the club during the coming year may do so by paying an initial fee on a pro-rated amount, depending on the month in which he takes membership.

The eight new families joining the 78 members already in the club include Dr. and Mrs. Bill Lewis and Mr. and Mrs. Rick Ketcherside, all of Farwell; Mr. and Mrs. B.J. Charles, Mr. and Mrs. Keith Garner, Mr. and Mrs. Jim Wehunt, and Mr. and Mrs. Keith Knight, all of Bovina; and Mr. and Mrs. Bob Spears and Mr. and Mrs. Loyd Smith of Texico.

Anyone wishing to become a member of the Farwell Country Club may get details by contacting any current member.

Two File For Texico School Board Slots

Only two persons filed to run for the two positions open for election on the Texico School Board. The incumbents, Herman Geries and Johnnie Rucker, are both running for re-election to the board of trustees.

Geries will be running for another full six-year term on the board while Rucker will be running for a two-year term. Rucker was appointed to fill the unexpired term of Mike Spearman who moved to Colo-

rado last year, and the two years will fill out Spearman's original term of office.

The election will be Tuesday, Feb. 1, at the Texico Community Building from 7 a.m. to 7 p.m.

Voters are reminded of the change in polling place since the school board elections are generally held in the City Hall. The change was made so that the city office could conduct business as usual on election day.

Okla. Lane Community Sets Business Meeting

All Oklahoma Lane residents are reminded of the Oklahoma Lane Community Center business meeting set for next week.

Planned for Tuesday night, Jan. 11, at 7:30 p.m. the meeting is a very important one. Some business needs to be

transacted and directors are to be elected.

The meeting will be at the Community Center and everyone is urged to mark this date on his calendar and be sure to attend the reorganizational meeting.

FIRE CALLS

On January 1 the Farwell Volunteer Fire Department ambulance was called to a residence on Avenue C in Farwell to transport a patient to Clovis High Plains Hospital. Farwell firemen answered a fire call at the Security State Bank to extinguish a car fire on January 3.

The Texico Fire Department ambulance was called to a residence on Rose Street on January 2 to transport a minor to Clovis High Plains Hospital.

On January 3 the ambulance was called to 409 Hutson Street to transport Bessie Moore to Farwell Convalescent Center.

Also on Monday, Jan. 3, the Texico firemen received a call to render aid to the Texico dispatcher, however no one was transported by ambulance. Dispatcher Nadine Edge had fainted, but did not require hospitalization.

The ambulance was called to the Port of Entry on January 4 to the scene of a car wreck, but no injuries were reported.

A renewed commitment to our partners

As the hopeful anticipation of 1983 begins, it is time to count blessings and to think about how the accomplishments of the past year will make the new year better.

Only a few weeks ago, an important energy decision made years ago became a reality and commitment to the future of the Southwest.

The decision was made by the customers and the employees of Southwestern Public Service Company, working together as partners to make a difference in the cost of electricity. The reality and commitment was symbolically begun in November, as literally thousands of Southwesterners toured Tolk Station,

the new power plant near Muleshoe, Texas. The first of two electrical generating units at this new facility is now producing electricity—from coal.

Because this and other SPS power plants are designed and built by SPS's own engineering and construction department, the cost to our customers is less than one-half the national average cost for coal-fired plants and less than one-fourth the national average cost for nuclear power plants. SPS is one of only two electric utilities in the United States which can design and build its own power plants.

That's money saved for everyone, especially our customers.

The employees of Southwestern Public Service Company thank you for your understanding, your encouragement, and your support.

As you and SPS enter 1983 together, as partners managing electricity, you can be assured that Tolk Station will make a difference in helping provide you with dependable electric service at the lowest possible cost.

You and SPS, partners managing electricity, make the difference.

 FOUNDED IN NEW MEXICO IN 1904

Finnish Lass Fascinated With New Home

By Anne Norton

Since August, Paula Novsiainen, an exchange student from Kajaani, Finland, has been living with the Ricky Morris family north and west of Texico and is attending school in Texico. Paula is a petite blonde with blue eyes that seem to bounce with a tremendous amount of energy. The Finnish lass says that she has had to make some adjustments during her stay in New Mexico but none has presented a major problem.

The natural landscape and terrain in the Texico area is quite different than that in her native country. Finland is a country of lakes, swamps, and forests. Some Finns refer to their country as "Suomi" which comes from a Finnish word meaning swamp. The country is referred to as "the land of 1000 lakes." About 60,000 lakes dot the countryside and more islands than lakes lie along the rocky shores. The mountainous area of Finland lies to the north where the country extends to Lapland. Finland covers an area only a little smaller than the area of Minnesota and Mississippi but it has a million fewer people.

Paula's father is a principal of a school and her mother is a teacher. She has a 10-year-old brother, Pasi, and her grandmother lives with the family.

Attending school here has been one of the adjustments she has had to make as the

schools in Finland are structured in a different manner. Paula ranked academically at the top of her class in Finland and is on the honor roll at Texico. This is really an accomplishment as she has to have the dictionary by her side to constantly look up words that she is unaware of the meaning or correct pronunciation.

A Finnish education consists of a nine-year comprehensive school system (from seven to 16 years of age). Education in the comprehensive school is free of charge and municipal authorities are obliged to provide free school meals, medical care, and school transportation as well as accommodation if the distances children have to travel are too far. This is often the case in northern Finland. The system is divided into a six year lower level with instruction the same for all students and a three-year upper level where a student has the opportunity to select some of the subject matter.

A Finnish student selects the subjects he must take, and the subjects operate with a flexible schedule. The administration will post the school's schedule in a prominent place every two or three weeks. For example, math may be the first period at the beginning of the school day for two or three weeks, then math may be changed to the fourth period for two or three weeks.

Each Finnish student must read Swedish, English, and Finnish. Two foreign languages are compulsory with the teaching of the first foreign language beginning in the third year of school. This language is predominately English, but it may also be the country's other official language as Finland is a country of two official languages - Finnish and Swedish.

A second foreign language is begun in the seventh year of schooling. A choice is made between German, French or Russian. Some students are able to speak four languages. The Finnish and Swedish languages are used for administration and education; and newspapers, books, plays, and films appear in both languages. In bilingual areas most all signs of identification are posted in both forms.

Before entry is granted into

a university, a student must have a "matriculation examination" from a senior secondary school. A degree course at most of the universities requires from four to seven years.

In conversing with Paula she stated that the Finns love books and sports. Their idea of a good life puts importance on improving both mind and body.

The school's athletic program differs as it is mandatory for Finnish students to participate in each sport. There will be two weeks of classes in ice skating, then two weeks in volleyball, etc. If a student especially likes a specific sport then the student belongs to a club and may participate in the sport after school.

Paula has a love for animals, especially horses. In Finland during the summers she worked at a stable. At the

Morris home she has been very involved with horse shows. Paula has the responsibility of completely training a two-year-old paint colt that she will show this spring. Riding western style was a new experience for her.

Paula participated in the Curry County Fair in September at Clovis. She spent about a month training a lamb to lead and about 40 hours grooming the lamb so they could qualify and enter the Ladies Lead Contest. Paula and the lamb placed and got to go to the New Mexico State Fair in Albuquerque. While there she visited the Indian village and saw her first rodeo.

One innovation the Finns have utilized for generations and is becoming popular and the chic thing to have in the states is a sauna, steam bath, or hot tub. These items are very popular with the Finns and almost every home has a bath house, and there are public bath houses as well.

Paula said, "We enjoy feast and holidays." Gifts are received on December 24 from Joulupukki (Santa) and on December 25 friends and family gather for feasting. The Finns do not have the traditional Christmas stocking, so that is one of the gifts that Paula mailed to her family for Christmas. She went on to say that another festival is the annual celebration of Saint John's Eve on June 23. Saint John's Eve observes the return of summer to Finland and grew out of the ancient Festival of Light.

The only natural resource in abundance in Finland is timber. Forests cover almost two-thirds of the country. Valuable reserves of pine, spruce, and fir trees populate the countryside. With the numerous waterways dotting the country the lumbermen are able to float the timber to mills and ports. The rapids in many streams provide hydroelectric power for industry.

Farms average five to 25 acres with the chief crops being potatoes, oats, barley, rye, and wheat. Long winters keep the cattle indoors for a large part of the year.

First Fair Visit

Enjoying a typical county fair meal of hamburgers and soft drinks on a bright, sunny day at the Curry County Fair

in Clovis last September are, from left, Mark McClaine, Paula Novsiainen [Finish Exchange Student], Billy Star-

buck, and Jackie Morris. This was Paula's first visit to a county fair.

Riding Western

Patches of Wind is the two-year-old paint colt that Paula Novsiainen is training to show this spring. Riding western style is a new adventure being

enjoyed by Paula and the colt which is fondly called Windy. Paula is an Exchange Student from Finland and attends high school at Texico.

Ladies Lead Contest

Looking chic in her all wool ensemble, Paula Novsiainen, right, leads her lamb around the show ring at the New Mexico State Fair in Albu-

querque. Paula's win at the Curry County Fair gave her the right to compete in the Ladies Lead Contest at state.

SCHOOL LUNCH MENUS

TEXICO

MONDAY - Burritos with cheese, buttered corn, fruit gelatin, peanut butter cookie, milk.

TUESDAY - Hamburgers, onions, pickles, lettuce, French fries, fruit cobbler, milk.

WEDNESDAY - Beef and vegetable stew, toasted cheese sandwiches, celery, 1/4 orange, milk.

THURSDAY - Cheeseburgers, onions, pickles, lettuce, French fries, pineapple upside down cake, milk.

FRIDAY - Turkey steaks, buttered rice, tossed salad, hot rolls, pears and cookie, milk.

FARWELL

MONDAY - Taco with cheese, lettuce and tomato salad, carrot stick, plum cobbler, milk.

TUESDAY - Barbecued Polish sausage, pinto beans, mixed greens, cornbread, fruited gelatin, milk.

WEDNESDAY - Enchiladas, Mexican salad, peaches, peanut butter cookies, crackers, milk.

THURSDAY - Fried chicken patties with gravy, mashed potatoes, green beans, hot rolls, peanut butter and honey, milk.

Lori Christian, Wesley Hukill Wed In Double-Ring Ceremony

In a double-ring ceremony on October 9, 1982 at 7:30 in the evening at St. Ann's Catholic Church in Stinnett, Loretta Ann Christian became the bride of Wesley Dale Hukill.

The bride is the daughter of Mr. and Mrs. Roy Christian of Stinnett, and the bridegroom is the son of Mr. and Mrs. W.D. Hukill of Winters, formerly of Farwell.

Rev. Peter DiBenedetto of St. Hyacinth's Catholic Church in Amarillo officiated at the ceremony.

Mrs. James O'Gorman of Stinnett was organist and accompanied the vocalist, Marcus Bradford of Amarillo.

A large bouquet of white pom mums and burgundy carnations was in the background of the wedding setting which was centered with a kneeling bench decorated with burgundy bows. Spiral candelabra holding white tapers flanked the setting as did a unity candle which was lit by the couple after they had repeated their vows. Burgundy bows marked the family seating.

Chris Christian, brother of the bride, was candlelighter.

The bride was escorted to the altar by her father and wore a formal white gown of tulle over satin featuring a Queen Anne neckline. The fitted bodice was overlaid with embroidered lace and the long sleeves of matching sheer lace ended with wide lace bands. Two tiers of ruffles edged with lace encircled the hemline of the skirt which fell to a chapel train.

Her tulle veil was edged in matching lace and was attached to a fitted cap of reemboiled lace and seed pearls.

She carried a cascade bouquet of burgundy carnations, royal blue silk roses, fern, and baby's breath.

Attending the bride as matron of honor was her sister, Mrs. Greg Mullen of Arlington. Bridesmaids were her older sisters, Mrs. Roger Davenport of Claude, and Mrs. Sam Thomas of Alvarado.

Bridesmaids were sisters of the bridegroom, Paula Hukill of Amarillo and Dana Hukill of Canyon.

The bridal attendants were dressed identically in floor length dresses of royal blue featuring scooped necklines and fitted bodices. A pleated ruffle of sheer lace around the neckline formed the short loose sleeves. They wore matching royal blue wide-brimmed floppy hats trimmed with royal blue ribbons, and carried clutch bouquets of burgundy carnations, royal blue silk flowers, and baby's breath.

Serving as best man was Rick Grogan of Desdemona, Tex. Groomsman were Keith Rempe of Wichita Falls, Jimmy Wedel of Muleshoe, Kenny Gabehart of Dalhart, and Chris Christian, of Stinnett, brother of the bride.

Ushers were Ronnie Harris of Borger and Don Hillis of Clarendon.

The bridegroom and his attendants wore silver western cut tuxedos with white shirts and silver string bow ties. The ushers wore western cut burgundy tuxedos.

The flower girl wore a floor length dress of white in pinaflore style with short puffed sleeves and ruffles over the shoulders from waist front to back waist. She wore a ringlet of flowers in her hair and carried a straw basket of burgundy rose petals. The ringbearer was attired in a silver tux and carried the rings on a heartshaped pillow of satin and lace.

The bride's mother wore a long dress of turquoise with a

pleated skirt and lace bodice. Her matching jacket had sheer lace sleeves. She wore black accessories and a corsage of burgundy carnations and baby's breath.

The bridegroom's mother wore a burnt orange chiffon dress featuring sheer chiffon capelet which formed a ruffle at center front and at neckline. Her accessories were black and her corsage was of burgundy carnations and baby's breath.

Following the wedding ceremony a reception at the church honored the couple. Hostesses were Linda Whipple and Tricia Bryan, both of Amarillo, and Mrs. Carl Scott and Mrs. Danny Beets, both of Stinnett. Mrs. Keith Rempe presided at the guest register.

The bride's table was covered with white and was caught at the corners and at the center with burgundy carnations and baby's breath tied with white ribbons. Centering the table was a five-branch brass candelabra holding burgundy tapers and encircled with greenery and baby's breath.

The four-tiered cake of white was decorated with white flowers and doves with touches

of green. The lower tier was encircled with fern and burgundy ribbon, and a fountain was between the first two tiers. Tops of the tiers were decorated with burgundy and royal blue flowers, with a gold cross holding wedding rings inside a circle on the top most tier.

Crystal and silver appointments were used to serve punch, mints, and wedding cake.

The bridegroom's table was also covered with white and was centered with a large burgundy candle in a brass holder encircled with burgundy and royal blue flowers. A large chocolate cake decorated with white flowers was served along with coffee. Champagne was served from a fountain near the bridegroom's table.

For traveling the bride changed to a street length dress of royal blue. She wore black accessories and had a white carnation corsage.

After a wedding trip to El Paso the couple is at home at Route 1, Amarillo where the bride is office manager of Haliburton Services, and the bridegroom is a credit representative for Amarillo Production Credit Association.

MRS. WESLEY HUKILL

Sharon Myers Chosen For T.E.E.N. Pageant

Sharon Myers, age 14, daughter of Mr. and Mrs. Joe Myers of Farwell, has been selected to compete in the AMARILLO MISS T.E.E.N. Pageant to be held at The Quality Inn, February 26, 1983. This Pageant is the Official City-wide Preliminary for the TEXAS MISS T.E.E.N. Pageant to be held in July of 1983 at The Loews Anatole, Dallas.

Contestants from all over Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Childress, Hall, Brisco, Swisher, Castro and Parmer Counties will be competing for the title. All contestants are between the ages of 14 and 18, and must have at least a "B" average in school. They are required to participate in the VOLUNTEER SERVICE PROGRAM of the MISS T.E.E.N. Pageant. Through this program many young ladies are becoming involved in community activities by contributing at least 12 hours of time to some worthwhile charity or civic work.

Among the prizes the winner of the AMARILLO MISS T.E.E.N. Pageant will receive a \$500 cash scholarship and an all-expense paid trip to compete in the TEXAS MISS T.E.E.N. State Pageant in Dallas. The Texas state winner will receive a \$1000 cash scholarship, personal appearance contract and an all expense paid trip to represent

the state of Texas at the NATIONAL MISS T.E.E.N. Pageant in Albuquerque, where prizes to be awarded will total more than \$25,000.

Contestants will be judged on scholastic and volunteer service achievements, appearance, poise, personality, speech or talent, and formal presentation. No swimsuit competition is required. Contestants have the choice of presenting a speech or performing a talent on stage.

Sharon is sponsored by Franse Irrigation, Capitol Foods, Lunsford Auto Parts, Rose Drug, and Markum and Joy Chadwick.

Her hobbies include twirling, basketball, reading and volunteer work at the nursing home.

Holiday Visits And Visitors

Charles Susan, Matthew, and Amy Roberts of Fort Stockton, Tex., visited Charles' parents, Willie and Leatha Jo Roberts in Farwell, during the Christmas holidays.

A surprise visit was paid to the Roberts family on Christmas day when their grandson, Rodney Roberts of Austin, came to spend the day and night. He returned to Austin on Sunday, and Charles and family went back to their home on Tuesday.

Christmas holiday visitors in the home of Charlie and Gladys Hromas in Farwell were their daughter and family, Mike and Darlene McManigal and children, Kent, Jamie, and Christi of Mabelville, Ark., and Mike's mother, Mrs. Audie McManigal of Canyon.

The visitors arrived here on December 22 and returned to their homes on December 28.

Visiting in the home of Mrs. Juanita Hadley, Allan, and Jessica in Texico on Christmas Day were Juanita's mother, Mrs. Edith St. Clair of Muleshoe; Juanita's sister and family, Mr. and Mrs. I.V. Pierce and James of Spearman, and the Pierce's daughter and husband, Mr. and Mrs. Danny Ellis of Lubbock; Juanita's brother and family, Mr. and Mrs. Johnnie St. Clair and Johnny of Muleshoe, and their daughter and family, Mr. and Mrs. Wilton Cox, Trenton, Brandon, and Devon of Midland.

Mildred Erwin of Farwell traveled to Albuquerque for a holiday visit with her daughter and family, Mr. and Mrs. Bruce Burton, Bart and Chris. After spending Christmas there, Mrs. Erwin visited with another daughter and family, Francal and Frank Goff, Mike and Matt, in Farmington, N.M.

Bonnie Warren of Farwell spent the Christmas holidays with her mother, Mrs. Loucile Foster, in Fort Worth.

Mr. and Mrs. Walter Kaltwasser of Farwell had family members as guests in their home over the holidays. Visiting were Mr. and Mrs. Don Madison, Jennifer, Jonathon, and Justin of Arlington; Mr. and Mrs. David Lynn, Kelly, Jeffrey, and Joshua of Texico,

and Kevin John Kaltwasser of Lubbock.

Christmas Eve visitors were Mr. and Mrs. Gilbert Kaltwasser and Mr. and Mrs. Steve Kaltwasser and family, all of Oklahoma Lane, and Rev. and Mrs. Dale McCleskey, Jason, and Jodie of Ruidoso; and Craig Kaltwasser of Canyon.

Also during the holidays the family celebrated the 10th birthday of Jennifer Madison of Arlington. "Her birthday wasn't until January 2, but we took the opportunity to celebrate it with her while she was here," says Mrs. Kaltwasser. "We had cake and ice cream for the immediate family members and it was very nice."

Mrs. Lillian Benderman of Texico returned home Thursday, Dec. 30, from a trip that took her to see relatives in Lubbock and Dallas during the Christmas holidays.

The local woman and her grandson, Sean Benderman of

Clovis, drove to Lubbock on December 19 where they visited a few hours with her sister and brother-in-law, the Olen Herriags, before flying to Dallas. There they visited her son and Sean's father, J.B. Benderman Jr., for a week and two days, sharing Christmas with him. His wife and daughter, Karen and Krista Marie, had gone to Minnesota to be with Karen's family during the holidays.

Flying back to Lubbock on the 28th the local twosome encountered the snow and ice, and Sean rode a bus back to Clovis. Mrs. Benderman remained in Lubbock for two more days visiting her sister and then drove home Thursday through snow and ice, arriving just as another siege of snow hit the Twin Cities.

"It was nice to get home," she said, and added that she intended to "stay inside out of the terrible weather for a while."

"Truth, when witty, is the wittiest of all things."

Management Workshop Offered Farmers, Ranchers

Economic principles which will help farmers and ranchers make profitable business decisions needed to survive the '80's will be taught in a workshop scheduled in Clovis January 10-12.

"The workshop will aid farmers and ranchers in developing the decision-making skills which will be required to survive in the economic climate of the '80s," said Dr. Gary D. Condra, TAEX agricultural economist and farm management specialist at Lubbock.

"It will require a registration fee of \$85 and a 2 1/2-day commitment of time, but it will go far beyond the usual program in providing the tools required for successful farm management, in bad times as well as good," he said. The fee will cover costs of meeting rooms, reference materials

and textbooks; the instructors are provided by the sponsoring Extension Services.

Program participation is limited by available space and advance registration is required. Registration forms may be obtained from county Extension agents in Texas or New Mexico. Applicants may write to Dr. Gary D. Condra, Rt. 3, Box 213AA, Lubbock, TX 79401, sending name and address, first and second choices of location, and a check for \$85 made payable to Farm Management Workshop.

Subjects being covered by this workshop include the role and functions of management, management analysis and economic principles, cost concepts in economics, enterprise and partial budgeting, whole farm planning and budgeting, and cash flow budgeting.

Among the questions to be

addressed will be: Is big really better? When are certain costs not relevant to decisions? How do you decide how much water or fertilizer to apply? How much does it really cost to produce a crop? What budgeting is needed for the whole farm or ranch operation? How can you develop a cash flow plan to take to the bank?

The instructors for the course will be Condra; Dr. Lowell B. Catlett, associate professor of agricultural economics and Extension agricultural marketing specialist, NMSU; and Dr. James B. Libbin, assistant professor of agricultural economics and Extension farm management specialist, NMSU.

The course emphasis is on economic principles that are relevant to short-run and long-run farm management decisions, Condra said. These topics will also provide the necessary background and foundation for a future series of workshops which are planned on farm accounting, marketing, risk management, income tax management, microcomputer applications, and financial planning, he noted.

Texico Student Selected For New Mexico All-State Band

Audrey McCauley, a senior at Texico High School, was recently selected as a member of the New Mexico All-State Symphonic Band as a result of tryouts held in Roswell.

She was to travel to Albuquerque January 5 to participate in the New Mexico Music Educators All-State Conference and clinic.

Audrey was selected on the basis of competitive auditions with high school band students from over the entire state of New Mexico. She has also been selected to participate in the New Mexico All-District Band Clinic to be held in Carlsbad January 20-22.

Jerry Saddyberry is director of bands at Texico Schools.

Electricity tenderizes Texas beef

COLLEGE STATION — The tender steaks you've been buying at the meat counter or ordering in restaurants probably got that way because they were jolted with more than 500 volts of electricity, says a Texas A&M University researcher.

Meat packing plants across the country now routinely stimulate beef carcasses electri-

cally, a procedure developed at Texas A&M that produces tender meat without chemicals.

"The process of electrical stimulation to tenderize steaks and make them more tasty has gained rapid popularity among meat packing plants," said Dr. Jeff Savell, an animal scientist in Texas A&M's College of Agriculture.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES.
BEEBEAM BIBLE SOCIETY
CHICAGO, ILLINOIS 60633

THE BIBLE AND ITS AUTHOR

Back on the shelf she placed the book with a sigh. It was too dull and uninteresting to wade through. She didn't feel like reading anyway; in fact, she was utterly bored, and didn't feel like doing anything.

The next night was different — very different. At a party she had met the kind of man she could really go for. He seemed interested in her too, and in the weeks that followed they saw more and more of each other, until she was sure she loved him.

One night he mentioned something about a book he had written, and somehow the title rang a bell with her. Where had she seen it? It bothered her that she couldn't remember. When she reached home, however, it dawned on her all of a sudden. This was the book she had found so boring. She had not even noticed the name of the author.

Taking the book down from the shelf again, she began reading. As she read page after page, she asked herself: "Why

did I think this book was dry? Say, this is some book! I had no idea he could write—and so well!" And thus, avidly, she continued reading far into the night.

Yes, it makes a great deal of difference if you know the author—and especially if you love him! How many believers in Christ there are whose most precious hours are spent in reading and studying the Bible—a book that once seemed dull and uninteresting to them! The reason? *They have come to know and love the Author!*

Our Lord said: "This is life eternal, that they might know Thee, the only true God, and Jesus Christ, whom Thou hast sent" (John 17:3). But how do we obtain the "life eternal" with which that knowledge is bound up? Our Lord said: "He that believeth on Me HATH everlasting life" (John 6:47). Salvation is, after all, a love story to be believed, and by which we come to know Him who loved us and gave Himself for us.

Steers Take 61-50 Win Over Three Way

In their first action since the Christmas holidays, the Farwell Steers played the Three Way Eagles at Three Way Tuesday night, defeating their hosts 61-50.

The Steers pulled to a 37-18 halftime advantage and managed to hold onto the lead to take the contest by 11 points.

Steer Coach Mike Martin said, "It was a very sloppy

game. We played with very little intensity, but shot the ball well in the first half. "The free throw shooting was terrible. We must improve our effort to be in contention for district."

He also said that Jay Anderson played extremely well.

Anderson had 22 points and 15 rebounds to lead the team in

both categories. Roger Robertson had 14 points for the Steer cause; Johnny Daniel and Alan Eubank had 6 each; Manuel Cantu had 5; Paul Fulcher, 4; and Kevin Owen and Todd Christian, 2 each.

The Steers will see action in the Plains Tournament this weekend and will host the Hart Longhorns in the first district contest on Tuesday night, Jan. 11.

Upcoming Sport Events

Lazbuddie Longhorns will meet the Hart varsity boys, varsity girls, and junior varsity boys at Lazbuddie tonight, Jan. 7, with games beginning at 5 p.m.

Texico Wolverines travel to Floyd today, Jan. 7, with the boys A and B teams and girls A team, with games starting at 5 p.m. MST.

Saturday, Jan. 8, the Wolverine A and B boys teams and the girls A team will host Elida at 5 p.m. MST.

Texico Junior High Wolverines will host Tatum Saturday, Jan. 8, beginning at 10 a.m. MST, with the 7-8 and the 9 grade boys and girls teams playing.

Monday, Jan. 10, Texico 7-8 and 9 grade boys and girls teams will play Melrose at Texico beginning at 2:30 p.m. MST.

Farwell Steers will host Hart Tuesday, Jan. 11, with the varsity boys and girls and the junior varsity boys playing, beginning at 5 p.m.

Tuesday, Jan. 11, Texico A team boys and B team girls will travel to San Jon, with play to begin at 6 p.m. MST.

Lazbuddie Longhorns will play their first district game against Cotton Center at Cotton Center starting at 6:30 p.m. on Tuesday, Jan. 11. The varsity boys and girls will be playing.

Texico Beats Mustangs For 7-1 Record

Fans at the Bovina Mustang-Texico Wolverine basketball game at Texico Tuesday night got their money's worth, with enough excitement just during the final minutes to last a long while.

Scott Parker's Wolverines managed to pull out the 59-56 victory after it had seemed that their early lead in the contest was all for naught.

The key to the victory was Texico's impressive 77 percent

shooting night at the free throw line where the Wolverines put in 17 of 22 attempts while their guests only made two charity shots of five attempts.

Texico jumped out to an 18-10 first quarter score with the inside shooting doing the damage. In the next stanza, the Wolverines stayed ahead by four, Bovina not being able to stay with the Green and White in a man-to-man de-

fense, and the home team led by 33-29 at halftime.

But with 7:05 still left in the third period, Bovina's quick Ricky Shepherd made good on a three-point play to put the Mustangs ahead 34-33 for the first time.

From there on in it was a rough and tumble battle and lots of referee's whistles, with the two teams going down to the wire before the frenetic ending which had Texico once again going to the free throw line for the points needed to ice the game.

Brad Steward led the Wolverines in scoring with 18, while teammate Kevin West put in 16. Joe Steward got 8, Bob Johnson had 7, and Earl Bibbs and Terry Tubbs each had 5.

The Wolverines outbounded Bovina 35-24 and committed 14 turnovers.

Bovina was led in scoring by Greg McClaran who had 22 and Shepherd who had 20.

Texico has a 7-1 record before their next game which will be in district play Friday night at Floyd. Bovina dropped to 12-2 and will also be entering district action next week.

No coaches comments were available.

Steerettes Win By 20 Over Three Way

Farwell Steerettes basketball team went to Three Way Tuesday, Jan. 4, to play a game that started out close but ended with a 20-point spread as the Blue and White won 71-51.

In the first quarter Farwell led Three Way 16-13, and at the sound of the halftime buzzer, they led 36-28. The rest of the game saw them increasing

that lead until the final bell rang showing a score of 71-51 with Farwell taking the victory.

Coach Vester Joiner says, "We played well. The post people (Suzahn Inman and Jennifer Williams) did a good job, and Castleberry played well from the outside. Cynthia Ancira, Sandra Coates, and Kelly Davis shot the ball well from

the outside, and they all played good defense."

Next game for the Steerettes will be in the Plains Tournament this weekend.

Castleberry canned 24 points to lead her team in the Tuesday night game. Inman put in 10, Ancira, Coates and Davis had 9 each, Williams got 8, and Tammy Obenshain scored 2.

Lady Wolverines Beat Bovina Fillies

The Texico Lady Wolverines pulled one out of the fire in the final 27 seconds Tuesday night putting another notch in the win column as they hung on to outlast the Bovina Fillies 49-45 in a game played at Wolverine Gym.

Texico was cold in their shooting in the early going, and the Fillies jumped out to a 8-0 advantage, however, the lead was short lived as the Lady Wolverines came to life and finally hit for 10 points in the first period while holding their guests to that first 8 points.

By halftime the Green and White had their act together and held a 26-18 lead, outscoring the Fillies 16-10 in the second period.

In the third quarter the host team pulled away, at one time enjoying a 14-point margin; however, they were outscored 19-17 in the fourth stanza when Bovina started pressing on defense and the Texico girls seemed to lose steam and

momentum and could not score until almost five minutes were gone in this period.

With 27 seconds showing on the clock the Bovina lasses had pulled to within one, with the scoreboard showing Texico ahead 45-44. Cheryl Scott put in a field goal and then in desperation a Fillie fouled Valda Cavallero who calmly put in both sides of a one and one to give the Green and White the four-point victory.

Ruth Scott canned 8 of 21 field goal attempts and 9 of 10 free throw tries for a 25 point scoring spree. Cheryl Scott had 12, Cavallero got 8, and Karen Snodgrass and Kathy Harrison each got 2.

The team shot 39.6 percent from the field and a whopping 73.3 percent from the charity line, but committed 26 turnovers.

Coach Roy King said he thought his team played well for 3½ quarters, but let up

after Tammy Powell fouled out of the game and the Lady Wolverines then had problems with Bovina's press.

"I was real happy with Ruth's play. She had been struggling the last couple of games," King said.

This weekend the Green and White start district play, going to Floyd Friday night to open district war. They face Elida in another district encounter on Saturday night at Texico.

King said, "Our record is now 8-1, but this doesn't mean a thing. The new season starts Friday."

NOTICE

Blunck Studios will be at Texico Schools on January 12 at 9 a.m. MST for retakes for all school pictures.

Farwell JV Girls Lose To Three Way

Three Way hosted the Farwell junior varsity girls Tuesday, Jan. 4, in the first game since Christmas for the local JV girls.

The Farwell girls started out slow and couldn't seem to catch up on the score board and the score was 12-20 at the half with Three Way in the lead.

Although Farwell never caught up to the Three Way score, they held the point spread to eight points as the game ended with the final score of 32-40 with Farwell on the short end.

"The girls hustled well and are showing improvement," said Coach Mike Martin about the game, adding "We missed

a lot of easy shots."

When asked about the upcoming game against Kress on Friday, Jan. 14, the coach said, "We'll have to play better than we did last time. They're a good team."

Sonia Chisom led the Farwell scoring with 13 in Tuesday night's game. Others adding points were Cheryl Stanton, 7, and 6 each for Sherilyn Thigpen and Alma Nicolas.

Longest Tail Feather

Todd Lingnau, right, was the winner of the Farwell area pheasant tail feather contest held in conjunction with the recent pheasant season. Neil Stewart of Farwell Hardware,

one of the contest sponsors, congratulates Lingnau for his win with the feather measuring 25 5/16". For his first place win, Lingnau was awarded a \$15 check from Security State

Bank. Lingnau's trophy feather won second place in the county competition, beaten only by the winning 25 3/8" feather brought in by Brian Jones of Friona.

Tail Feather Contest Winners Announced

Winners of the local and county pheasant tail feather contests have been announced by Seth Ralston, Parmer County Extension Agent, and spokesman for the Parmer County Game Management Association, and Neil Stewart of Farwell Hardware, one of the contest sponsors.

ended December 27 at noon. Winners in the Farwell contest are Todd Lingnau, first place, 25 5/16"; Bobby Vinton, second place, 24 3/4"; and Gary Gober, third place, 24 5/16".

Lingnau's tail feather was placed in the county contest competition where it won second place. First place in the county event went to Brian Jones of Friona for his feather measuring 25 3/8" in length. Jones will receive a belt buckle

from the Game Management Association.

Prizes for the top three winners in the local competition were donated by Farwell merchants. First prize was \$15 donated by the Security State Bank; second prize was \$10 from Sherley - Anderson - Pitman; and third prize was \$5 from Farwell Hardware.

Locally, the feathers were turned in and measured at Farwell Hardware.

The contest began with the onset of pheasant season the first weekend in December and

Texico JV Basketball

Texico junior varsity boys and the B team girls lost to their counterparts in games played Tuesday night at Texico.

In the opener the Texico girls lost a squeaker 26-25. Helen Jo Boarman was the leading scorer for the B Wolverines, hitting for 11 points. Dana Morris had 5, Chary Jesko and Elayne Horner had 4 each, and Lucia Jesko scored 1.

Texico shot 23.2 percent from the field and 43.7 percent from the free throw line.

Texico led at the end of the first period and third quarter,

but were outscored 10-8 in the final stanza for the defeat.

In the boys game, Texico was outscored 54-47 to bring their record to 3-1 on the year.

Danny Powell was the Wolverines' top scorer with 11; followed by Ronnie Dunsworth with 10; Mark Meeks, Scott Elliott, and Billy Bibbs, 6 each; Tobin Tate, 4; Ronnie Galvan, 2; and Doug Thornton and Opie Kelley, 1 each.
