No. 51

## ELECTION TO MOVE COUNTY SEAT IS CALLED FOR MAY 11

### PETITION CARRYING NEARLY 500 NAMES SIGNED BY COUNTY CITIZENS PRESENTED TO COUNTY JUDGE HAY

### CITIZENS FROM VARIOUS PARTS OF COUNTY UNANIMOUSLY ENDORSE ACTION IN MASS MEETING HELD HERE LAST FRIDAY

Going on record unanimously as favoring moving the seat of Lamb county from Olton immediately, and to be moved to Littlefield, the nearly 500 citizens from all sections of the county gathered in mass meeting at the theatre, in Littlefield, last Friday were enthusiastic in expressing the favorable attitude of the voters throughout the county. Numerous speeches were made during the meeting by leading citizens in all sections of the county, all of which sounded the note of favor for the movement and the opinion that the measure would be carried.

The meeting was its purpose the presentation of citizens from all sections of the county. While there were several Littlefield citizens present, yet the larger number were people living outside this city, some coming 10 to 25 miles from the meeting. There were 20 men who spoke on the subject of county seat moving, all of whom expressed their favorable attitude. Many of them who had a point to discuss the matter with their friends and neighbors, they also were in favor of the movement. A petition, carrying 490 names, was duly signed by free-holders and present-day Judge S. D. Hay, who set May 11 as the day for holding

### ORGANIZATION FOR CHANGE OF COUNTY SEAT BEING EFFECTED

A meeting of citizens held Saturday night in the private offices of the theatre an organization was organized for the purpose of securing the moving of the county seat from Olton to Littlefield. Chesher was elected chairman of the following as members of the committee: J. E. Brannen, E. S. Rowe, W. S. Mitchell, J. T. Wade, Potter, Jess H. Grow, J. E. Norman, McClure, W. B. Denton, Jess

Committee: Jess Mitchell, Harrison, E. S. Rowe, T. Wade, E. A. Bills. Committee: W. E. Jeffries, Pickler, Pat Boone, W. S. Mitchell, Norman, R. E. McCaskill, R. Barnes was appointed to see office for headquarters; F. G. and J. W. Rakekin to obtain necessary furniture and equip-

menting committee, composed of 150 citizens from various sections of the county is to be retained in an active manner and will be efficiently. The members of the committee being in direct contact with the citizens in various sections of the county will be of great help in obtaining direct response to the campaign.

The discussion of the proposed change is entirely favorable as to each citizen present expressed an optimistic manner as to the outlook, and declared his intention to do everything within his power to win the victory. Many citizens from both town and country have pledged their time in behalf of the proposed election change, of which they give any amount of time toward the success of the

### LEVELLAND WON PLAY

The act play tournament was held Saturday, March 30, at Tech., with Mrs. Annah Joe Fendler as director. Levelland won the play "Missions," and also, and won second prize presented "The Killer, win

### ARTICLES OF REVISED STATUTES OF TEXAS RELATIVE TO COUNTY SEAT REMOVALS

"Art. 1595: Election for Removal of: No County Seat situated within five miles of the geographical center of any county shall be removed except by a vote of two-thirds of all the electors in said county voting on the subject; nor shall any county seat be removed from a point more than five miles from the geographical center of any county to any other point more than five miles from such center, nor from a point within five miles of the geographical center to any other point within five miles of such center, except by a two-thirds vote of all the electors in said county voting on the subject. No person shall be allowed to vote except he be a bona fide citizen of the county in which he offers to vote. A majority of said electors, however, voting at such election may remove a county seat from a point more than five miles from the geographical center of the county to a point within five miles of such center; in either event the center to be determined by a certificate of the Land Commissioners."

**Comment—**  
In the present county seat election which has been called in Lamb County Littlefield being situated more than five miles from the geographical center, it will be necessary for Littlefield to receive two-thirds of the votes voting on the subject in order to remove the county seat from Olton to Littlefield.

**Art. 1596: Proceedings for Removal of County Seat:** When it becomes desirable to remove the county seat of any county, the county judge of said county, upon the written application of not less than two hundred free-holders and qualified voters who are resident citizens of said county, shall make a written order upon the minutes of said commissioners' court for the holding of an election at various voting precincts in said county on a day therein named, which shall not be less than thirty nor more than sixty days from the date of order, for the purpose of submitting the question to the electors of said county.

**Comment—**  
On March 29th, a petition containing the names of 532 qualified voters of Lamb County, was presented to Judge Simon D. Hay, which petition requested that an election be called for the purpose of determining whether or not the county seat of Lamb County should be removed from Olton to Littlefield. And thereafter, on the 30th day of March, Judge Hay signed his order ordering said election to be held on the 11th day of next May; and such order was then recorded in the minutes of the commissioner's court, as required by law. The county judge and commissioners'

court have only such authority for calling such election, as is given them by the statutes of the State. Our statutes do not provide any method whereby the county judge or commissioners' court may amend or change any election order, nor are they given any authority to recall an election previously ordered, or to order a new or different election. Neither do the provisions of the statutes give them authority to call an election for any purpose other than that specifically set out in the petition. The power to act in calling such election cannot be exercised until invoked by the petition of the requisite number of voters and citizens of the county, and the action taken must be in accord with the petition presented.

"Art. 1598: Who May Vote and Form of Ballot:—All persons who are qualified voters under the Constitution and laws of the State shall be entitled to vote at said election. On each ticket the voter shall write or cause to be written or printed "For removal to \_\_\_\_\_" (inserting the name of the place); or should the voter be in favor of the county seat remaining where it is, he shall write or cause to be written or printed on his ticket "For remaining at \_\_\_\_\_" (inserting the name of the place)."

**Comment—**  
Under this provision of the statute we think the exact form of the ballot has been set out and that the tickets to be used in this election would have to follow the petition and order for the election and on each ticket there would have to be written or printed, "FOR REMOVAL TO \_\_\_\_\_"

LITTLEFIELD," or "FOR REMAINING AT OLTON." Any other form of ticket or ballot used in said election would be contrary to the statutes and to the purpose for which said election has been called.

"Art. 1599:—Election:—The county judge or commissioners shall order said election at each voting precinct in said county, which shall be conducted as near as may be, as elections for county officers. The officers holding the election shall make return thereof to the authority ordering said election within ten days after the same was held, who shall then proceed to open said returns and count the same, and declare the result, which shall be entered upon the records of the said commissioners' court, and shall also state the name of the place from which, and the name to which, the same is removed. A certified copy of such entry shall thereupon be recorded in the proper record books of such county."

### JONES LEADS THE TICKET ELECTION HELD HERE TUES.

### HARRIS AND McCASKILL ELECTED AS COMMISSIONERS FOR COMING TWO YEARS

There were 266 votes polled in the City election held here Tuesday. Mayor Otto Jones heading two tickets for re-election, received 258 votes; the voting for Commissioners being as follows: S. L. Adams, 89; Wm. J. Harris, 177; R. E. McCaskill, 174; J. H. Lucas, 84.

A meeting of the City Commission was called Tuesday night, at which time the ballots were reviewed, the decision of the voters validated and the new officials duly sworn in for future duty.

### COUNTY AGENT'S REPORT

During the past month County Agent D. A. Adam spent 158 hours in the field, 81 hours in his office, had 36 office calls, 15 telephone calls, wrote 33 letters, visited 53 farm homes, held 16 demonstrations with 669 people present and drove 1400 miles. Most of the work done consisted of terracing, dairying and club work.

### LAMB RANKS THIRD IN GROWING COTTON ON SOUTH PLAINS

For a newly settled county to occupy a high position in the production of any specific crop is a distinction worthy of mention and appreciation, yet that is the honor accorded Lamb county in the recent final report given out by the Department of Commerce, Washington, D. C. According to this report, Lamb county, with a production of 32,741 bales of cotton, ranks third place among all the counties of the south Plains country. Below is given the official report by counties for the years 1927-28:

	1928	1927
Lubbock	35,644	46,418
Lynn	34,217	41,870
Lamb	32,741	14,842
Dawson	28,967	40,666
Crosby	27,730	34,176
Hale	23,187	11,797
Floyd	23,141	9,351
Garza	13,196	22,237
Hockley	10,280	14,749
Terry	9,746	13,268

Hockley and Terry counties as yet have only a small percent of their lands in cultivation, while Lubbock and Lynn counties, much older settled and with many thousand acres under the plow have good records. Lamb county, among the newer settled counties, shows a larger proportionate gain than any other county in the list.

### RARE DOCUMENTS GIVEN BY DUGGAN IN TECH. MUSEUM

Lubbock, Texas, April 2.—A meeting to sponsor a movement for a museum at Texas Technological College has just been held. The geology department of the College has already begun a collection of objects of interest in its own field, and it is the hope of the committee to create and sponsor similar action in every department and to help encourage donations of all kinds, but particularly all those whose origin is in the South Plains country.

A temporary organization was made with the following officers: Mr. R. A. Studhalter, president; Miss Yvian Johnson, first vice-president; Dr. John C. Granberry, second vice-president; Mrs. Mary Dale Buckner, secretary-treasurer; Dr. M. A. Stainbrook, curator.

The plan is to promote collection of materials by schools and departments. Each department will have cases for its own collections placed in the science building with the objects already on exhibit by the geology department. The home economics school will center its activities on the collection of costumes and pottery, but will welcome other donations in its field.

The first gift to the Tech., museum was made in Littlefield three years ago, during a district meeting of the West Texas Chamber of Commerce held here, when Arthur P. Duggan, of this city presented to President P. W. Horn, for the Tech., a large number of very valuable old letters and other documents of a historical nature relative to the State of Texas and from many of the prominent citizens of the early days in the State's existence. Some of these documents were valued up into the thousands of dollars by collectors. Dr. Horn stated at that time that these documents were the first contribution to the institution's future museum.

### LUECKE TO CONFERENCE

Rev. W. J. Luecke, pastor of the Littlefield Lutheran church, left the first of this week for Austin, to attend the annual conference of his denomination.

Ministers of that church from all over the State of Texas will be present for the occasion, also several of the leading teachers and professors of their parochial schools, many prominent members of the clergy being listed on the program.

On account of the pastor's absence there will be no services at the local church next Sunday.

### RECENT SALES OF Y. H. L. COMPANY RUN ABOVE \$83,000

That real estate business with the Yellow House Land Co., during the past few weeks has been good is evidenced by the numerous sales that have been made recently, totaling close to 3,000 acres of land, valued around \$83,000.00.

Some of the very recent sales are as follows:

W. J. Brazil, from Oklahoma, 160 acres; E. D. Ellis, Oklahoma, 177; Alex Lewis, Hall Co., Texas, 177; Rob't Poor, Milam Co., 177; R. L. and N. J. Eubanks, Okla., 354; L. L. Tritheal, Archer Co., 177; T. B. Oliver, Okla., 160; N. B. Oliver, Okla., 80; I. B. Persky, Wichita Co., 354; E. Y. and Ethel Hardin, Okla., 177; C. L. Yarbury, Okla., 719 acres.

W. H. Badger, manager of the Yellow House Land Co., states that the South Plains country and especially the Littlefield territory is becoming widely and favorably known in many adjoining states. Every day brings numerous enquiries from prospective settlers and land-buyers, all of whom are anxious to know more of the virtues of this particular section.

One letter received recently from a banker in an Oklahoma town stated if many more of his old customers kept moving to the Littlefield section he would have to also come out here to keep in business.

Mr. Badger says there is every indication of an exceptionally large influx of settlers into this section during the coming fall, and with the fine season now in the ground, there is every reason to now believe that when they do come they are going to see one of the finest displays of growing agricultural crops they ever witnessed.

### CO. SHERIFF IRVIN GETS A STILL AND MASH TUES. NITE

Sheriff Len Irvin brought in a copper still early Tuesday morning which was taken from a location in the Yellow House canyon about 12 miles southwest of Littlefield.

Usually Irvin gets a man or two along with a still capture, but in this case, after watching the still for two previous nights, no one showed up and the whisky factory was confiscated. It was between three and four miles to the nearest house, and appeared to have been used within the past week or so, about four gallons of mash being left in it.

### IT IS TIME TO MAKE AN APPLICATION FOR CAMP

The opportunity is now offered to young men of Texas to enroll in one of the Citizen's Military Training camps this summer. The most available camps for citizens of this section are located at Fort Sam Houston, Texas, and Fort Logan, Colorado. At Fort Sam Houston the dates are June 14 to July 13; at Fort Logan, July 25 to August 23.

The Government pays cost of transportation to camp and return; also, furnishes free food, shelter, bedding and laundry service while in camp. The camp authorities put on a splendid athletic and recreational program of entertainment. Both the physical and moral welfare of the young men are carefully guarded while in camp.

Applications for enrollment may be received by Paul W. Bohner, Olton, or Dr. J. D. Simpson, Littlefield.

### 4-H CLUB BOYS GET PURE SEED

Pure seed for the field crop projects of the 4-H club boys has been distributed from various breeders and growers of pure seed through D. A. Adam, county agent. Something like a thousand pounds of milo, higeria, kafir and corn has been distributed.

The club boys are taking much interest, and during the next year, with one or two adult pure seed growers, and the 4-H club boys growing pure seed Lamb county farmers should not have to go out of the county to obtain their pure seed.

Chickens and eggs produced in Texas annually are valued at \$35,000,000

**Chamber of Commerce The Only Organization Working Full Time for Benefit of the City**

Team work and loyalty to city and area, a submerginb of personal interests and preferences for the good of the whole community, positive thinking on a broad scale—these are the things that make a city and its trade area grow and prosper. Littlefield has a wonderful future ahead, and will grow and prosper in accordance to the efforts made by its citizens. Littlefield now has an aggressive Chamber of Commerce with a full time experienced secretary which will

mean, with full co-operation of its members and citizens, that a vast amount of progress and prosperity will be added to Littlefield and this section in the next few years.

The Littlefield Chamber of Commerce is the central office of Littlefield's development; it is the moving spirit behind the unfolding of every worthy local project; an organization operated for the sole purpose of selling Littlefield to the world—your Chamber of Commerce supported by

most all of Littlefield's most prominent and influential professional and business men and women, supplies a stimulant that builds up and maintains a civic pride so essential to home life, contentment, and industrial prosperity. The Chamber of Commerce "the organization with a civic duty to perform" will in the future function to its greatest effectiveness through the co-operation of its various committees of service. If you or your friends are not already members of this worthy business organization its your duty to become a member at once. This is the only organization that is working full time for the pro-

gress and prosperity every citizen in Littlefield and its rural community.

**MAKING WHITEWASH FOR POULTRY VERMIN**

College Station.—Lice increase more rapidly in warm weather and it is advisable to thoroughly clean out poultry houses now to kill lice, mites and blue bugs. A whitewash painted or sprayed on the interior of the house is recommended by E. N. Holmgren, Poultry Specialist in the Extension Service. Such a mixture may be made by slacking one bushel of quick lime in 12 gallons of hot water.

dissolving two pounds common salt and one pound sulphate of zinc in two gallons of boiling water, pouring this into the first mixture, adding two gallons of skim milk and mixing thoroughly.

**AN EASTER EGG HUNT**

More than 70 children enjoyed the Easter egg hunt given Saturday afternoon at the home of Mrs. Paul Vause for the members of the junior and primary departments of the Baptist Sunday school.

Various games and out-door diversions were enjoyed in addition to the hunt. After the prizes were awarded the children were served sandwiches and cake.

Officers and teachers of the department assisting Mrs. Vause were Mesdames E. K. Hall, J. E. Brannen, T. Woods, J. W. Woods, Mid Seale, Jess Seale, G. G. Shirley, McNutt, C. O. Griffin and Misses Glenda Shirley, Lucille Killough and Sue Brannen.

**ENTERTAINMENT CLUB**

An entertainment club was organized by Mr. Groves last Thursday, and there are now about 40 members. The meetings which will be called every two weeks on Friday will be very informal and for entertainment only. The officers are as follows:

Gorden Roberts, president; John Adams, vice-president; Jewel Byers, secretary; Ronda Welch, treasurer; Brown Chappell, sergeant at arms; Virginia Stagers, chaplain; Marie Terry, reporter.

—Taken from the Wildcat.

**LUTHERAN LADIES AID**

The Ladies Aid, of the Lutheran church will meet next Thursday, April 11 at the home of Mrs. Richard Kelm.

Very important reports are to be given and there will be an election of officers for the coming year. All members are urged to be present.

**ORDER FOR COUNTY SEAT ELECTION**

THE STATE OF TEXAS  
COUNTY OF LAMB

WHEREAS, on the 29th day of March, A. D. 1929, a petition was presented to me, as County Judge of Lamb County, Texas, by W. H. Harris and 531 others, stating that it is desirable to remove the County Seat of Lamb County, Texas, from Olton, Texas, to Littlefield, Texas, of which number more than two hundred are legal and qualified voters and free holders of Lamb County, Texas, residing in said county, praying that an election be held in Lamb County, Texas, at the various voting precincts of said county, for the purpose of submitting to a vote of the people of Lamb County, Texas, the question of whether or not the County Seat of Lamb County, Texas, shall be removed from Olton, Texas, to Littlefield, Texas; and

It appearing that said petition bears the requisite number of qualified voters and free holders who are residents of said County, and is in every respect in conformity to law:

THEREFORE, I, Simon D. Hay, in my capacity as County Judge of Lamb County, Texas, do hereby grant said petition, and do hereby order that an election be held in the various voting precincts of Lamb County, Texas, on Saturday, the 11th day of May, A. D. 1929, for the purpose of determining whether or not the County Seat of Lamb County, Texas, shall be removed from Olton, Texas, to Littlefield, Texas.

The said election shall be held in Voting Precinct No. 1 in the Court House of Lamb County, Texas; and B. A. Dawson and Mrs. C. M. Owens are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 2 the said election shall be held at the Spring Lake School House and J. F. Kelly and Jack Henson are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 3 the said election shall be held at the residence of H. L. Woody; and Archie Brown and H. L. Woody are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 4 the said election shall be held at the City Hall in the City of Littlefield, Texas; and R. E. McCaskill and C. L. Harless are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 5 the said election shall be held at the High School Building of Sudan Independent School District; and C. C. Preston and J. J. Blowhard are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 6 the said election shall be held at the Pleasant Valley School House; and Fred Deitman and R. L. Robineck are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 7 the said election shall be held at the City Hall in the City of Sudan, Texas; and W. W. Carpenter and J. M. Carruth are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 8 the said election shall be held at the public school building in City of Amherst, Texas; and E. T. Phillips and W. L. Gentry are hereby appointed judges of said election in said precinct.

In voting Precinct No. 9 the said election shall be held at public school house of Fieldton School District; and J. E. Holland and Millard Phillips are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 10 the said election shall be held at Sod House Camp; and Martin White and C. E. Presley are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 11 the said election shall be held at the residence of A. H. Seivally; and E. M. Sullivan and J. B. Blessing are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 12 the said election shall be held at the residence of Fred Groom; and J. L. Dow and Roy Hutson are hereby appointed judges of said election in said precinct.

In Voting Precinct No. 13 the said election shall be held at the residence of J. G. Harrell; and J. G. Harrell and John Lowell are hereby appointed judges of said election in said precinct.

The said election shall be held under the provisions of Chapter 5, Title 33, Revised Statutes of Texas, 1925, and the Constitution and Laws of the State of Texas; and shall be conducted as near as may be in accordance with the general election laws of the State of Texas; and all persons who are qualified voters under the Constitution and Laws of the State of Texas shall be entitled to vote at said election.

Should the voter be in favor of removing the county seat from Olton, Texas, to Littlefield, Texas, he or she shall write or cause to be written or printed on his or her ticket: "For removal to Littlefield, Texas"; or, should the voter be in favor of the county seat remaining at Olton, Texas, he or she shall write or cause to be written or printed on his or her ticket: "For remaining at Olton, Texas."  
A copy of this order signed by the County Judge of Lamb County, Texas,

and certified to by the County Clerk of said County, shall serve as proper notice of said election. And thirty (30) days notice of the time and places of holding said election shall be given by posting true and correct copies of this order in three (3) public places within each voting precinct in said county, and by publication thereof in the English Language in four (4) weekly issues of a newspaper of general circulation which has been regularly and continuously published for at least one (1) year previous to the date of this order in Lamb County, Texas, and the date of first publication of said notice shall be thirty (30) full days prior to the day of election.

It is further ordered that this order shall be spread and recorded upon the minutes of the Commissioners' Court of Lamb County, Texas.

Ordered this the 30th day of March, A. D. 1929.

SIMON D. HAY, County Judge  
Lamb County, Texas.

THE STATE OF TEXAS,  
COUNTY OF LAMB

I, A. H. McGavock, Clerk of the County Court and ex-officio Clerk of the Commissioners' Court of Lamb County, Texas, do hereby certify that the above and foregoing is a true and correct copy of election order issued by the county judge of said county, ordering an election to be held in the various voting precincts of Lamb County, Texas, to determine whether or not the county seat of Lamb County, Texas, shall be removed from Olton, Texas, to Littlefield, Texas, which order is of record on page 444 of Book 2 of Minutes of Commissioners Court of said County.

Witness my hand and seal of said court, this the 30th day of March, A. D. 1929.

A. H. McGavock, County Clerk and Ex-Officio Clerk of the Commissioners Court of Lamb County, Texas.

**WORLD'S TAX RECORD BROKEN DURING 1927**

In 1927 a new world's record in tax collecting was established in this country when federal, state and local governments required \$9,074,000,000 to keep going. This was 12 per cent of our national income, a two per cent increase since 1923. It is believed that when the statistics for 1928 are gathered we will have definitely exceeded this former high mark. Tax records, unlike other achievements, seldom outlast their year.  
An interesting phase of affairs is

that the increase in taxes can mainly be laid at the doors of state and local units of government. Federal economies have kept federal taxes fairly constant. The solution, if we can find one, must deal with the unprecedented generosity—or perhaps prodigality—of legislators and state and municipal office holders.

Progress of course costs money. And civic and state spirit, that wants to outdo everything done before, is more or less commendable. But community expenditures for luxuries and non-essentials may easily bury the taxpayer under a mound of indebtedness that will make progress impossible.

**THIS MECHANICAL AGE**

It has become the fashion in certain circles to deprecate our modern industrial age, on the grounds that it exalts the machine above the individual, and mechanical above human values.

Yet the results seem to differ from the theory. The machine has, for the first time in history, given a vast amount of leisure to the great majority of people. It has increased production and shortened hours of work. It has made possible the wide dissemination of luxuries at prices which fit the average purse.

Motor cars and telephones and heating systems and elevators and endless other mechanical devices have lessened the time necessary to perform the duties of life, that more time may be had for the luxuries.

There can be no question that there are many who use their leisure poorly. But it is not the machine that must defend itself against this criticism. It is human intelligence.

And it is not illogical to believe that the machine will be the means to an end—a time when education and knowledge will be really general and this new-found leisure will create a greater and better-balanced civilization.

## COLLEGE NEWS

The recent fine rains and the nice, warm weather following have had their effect in changing the College campus and the ground just west of it from the dead, gray appearance winter had given it to an expanse of green, reminding us that spring is here and Nature is beginning to unfold before our eyes the grandeur and beauties of her annual resurrection. What a grand and beautiful lesson is brought to us in this if we can take time and have the disposition to look into its beauties and wonders and to contemplate the

source from which they come! How truly must the good man of old have spoken when he exclaimed: "The heavens declare the glory of God And the firmaments show His handi-works;

Day unto day uttereth speech, and Night unto night showeth knowledge." The school is moving along nicely, the students seem deeply interested in their work, and much interest is being taken in preparation for commencement, which is now only a few weeks off. Regular work is being done six days out of the week now, that school may be out a week sooner than was first contemplated. This is being done for two or three different reasons, one of them being that the

(SEAL)  
CORRECT—Attest:  
J. C. HILBUN, OTTO JONES, J. T. ELMS, Directors.

teachers who contemplate attending summer school may have time to get to the places where they expect to attend in time to get located before the work begins.

Dean Oliver A. Burk and Mrs. Burk contemplate attending summer school at Boulder, Colo., and Miss Boyle will probably also attend there again this summer. She attended there last summer. Sam H. Cantrell is planning to attend the Texas University at Austin. Miss Nova Austin, who is teaching art, will probably attend the summer session at Canyon, and possibly others will attend at these or other places, in preparation for higher and better work.

Will Jones, of near Abilene, was visiting with friends here last Sunday.

Mrs. Lewis Graham, of Roscoe, was here last weekend visiting her daughter, Miss Imogene, and other relatives and friends. She was accompanied by Ted Harbour.

Mr. Jackson, of Phoenix, Ariz., was here a few days ago visiting his son, Virgil, who is a member of the Senior class this year. Together they went down to Midland to visit Virgil's family and other relatives and friends for a few days.

J. Frank Copeland, who is now putting in his time in field work for the college, was here last Saturday.

College Inspector S. H. Rider, of Wichita Falls, was here the latter part of last week in the interest of the Association of Texas colleges, and expressed himself as being very much impressed with the beautiful location of Littlefield college and the fine body of land presented to it by the people of Littlefield. He also visited Wayland college at Plainview on this trip.

The semi-monthly meeting of the Dramatic Art club in the assembly hall last Saturday night, was well attended and enjoyed very much by those present. The college young people are not only displaying considerable talent, but are showing rapid advancement along these lines.

Lee Copeland has charge of the Vocal Music class during the absence of his father, and is doing some splendid work with this class.

For the benefit of inquirers, we will say that there will be no summer session at the college this year.

Some members of the Senior class are contemplating teaching next year, and have in their applications for positions in schools where they hope to teach. A worthy ambition, and we hope they may be successful in securing the positions to which they aspire, and may be as successful in their future work as they have been in their work in the college.

Roy E. Hazelton left one day last week for Paris, Texas, where he went to assist Mrs. Hazelton's parents to move here to make their future home. They will reside on the nice little farm four miles north of town, which Mr. Hazelton recently bought.

W. A. Kirk, of Floydada, spent the last weekend visiting with old and new friends here. He contemplates attending the college next year.

N. R. Austin and A. J. Christmas are busily engaged in preparing their college 10 acre farms for spring crops. They have also recently plowed furrows marking off the streets running through the acreage tracts, getting them ready to be graded.

Z. C. Thompson has some oats and barley sowed on his little farm south of the campus facing on the Levelland highway. He has this land all broken and ready for a crop.

A. Cross, who owns one of the College acreage tracts, has been getting his land in shape for planting, and also breaking ground for others who own tracts on the college grounds. He recently moved his family here from near Petersburg to make their future home.

Tennis is the principal game on the college campus now, and the boys and girls enjoy some hot contests these fine, still evenings.

## PERSONAL ITEMS

Mr. and Mrs. Dick Weaver spent Sunday in Tahoka with her parents, Mr. and Mrs. G. E. Hogan.

Miss Azales Berryman teacher in the Whitharral school, was ill last week but is able to teach again.

Mr. and Mrs. T. A. Morgan and daughters, Marguerite and Charlotte, were in Clovis, New Mexico, Sunday.

Mr. and Mrs. W. M. Petticoles of Lubbock, spent the weekend in Littlefield with her mother, Mrs. M. E. Lowe.

Mr. and Mrs. Marcus Bales and children and Mrs. Ethel Ratliff returned to their home in Ballinger last Friday.

Mr. and Mrs. A. H. McGavock, Mrs. Burroughs and Mrs. Knox, of Olton, attended the Eastern Star party given Monday night.

D. F. Beisel returned last Saturday night from a trip to Follett, Lipscomb and Perryton, combining business with visiting old time friends.

Mr. and Mrs. Clifton Davis, and children, Mrs. Lilly Wimberly and Mrs. Mary Alexander returned to the home in Winters last Friday.

J. W. Ware went to Lubbock Monday morning to bring back his wife and babe who have been in a Lubbock hospital for several days on account of the sickness of the little one. It is much improved.

## ESSEX ESTABLISHES RECORD

John G. Callaway, driving an Essex "Chalenger" car last Tuesday, went from El Paso to Pampa, Texas, a distance of 518 miles, averaging 55.1 miles per hour.

Callaway left El Paso at 10:45 a. m., arriving in Pampa at 8:25 p. m., the driving time being nine hours and 40 minutes.

The car driven was a regular stock car taken from the floor of one of the Hudson-Essex dealers.

Don't let the mail order houses deceive you.

## DISHWASHING MADE EASY FOR YOU

IF there's any task which seems to sum up the drudgery of household work it's the washing of dishes. Every meal leaves its quota. We can't suggest any way to eliminate them, but we can suggest a way to put their washing on an efficient basis

First: A sink of the right height so you won't tire from bending; Second: a modern swinging spout faucet with spray; Third (and this almost does away with the whole problem): an electric dishwashing sink. Come in and see our demonstrating model. You will be delighted!

Plumber, Phone 180

## BAPTIST MISSIONARY MEET THREE CIRCLE PROGRAMS

Circle No. 1 of the Baptist church met with Mrs. Lena Howard, Tuesday afternoon at 3:00 o'clock. Mrs. Kemp had charge of the devotional after which Mrs. Howard led in prayer. The ladies answered to roll call with a verse beginning with the letter "A". This was followed by a brief business session.

Mrs. Howard was elected as chairman of Circle No. 1; Mrs. Riser, secretary and treasurer; Mrs. J. H. Lucas, personal service chairman. The Mission book was taught by Mrs. Howard.

Those in attendance were: Mesdames Crow, Stokes, Brannen, Evins, Kemp, Connell, Riser, Jordan, Lucas, Aryan, Otha Key and Mrs. Howard.

The next meeting place will be with Mrs. Otha Key, Tuesday, April 9, at 3:00 p. m.

Circle No. 2 met in the home of Mrs. R. L. Busher. Devotional was led by Mrs. Barton, prayer by Mrs. Shirley. A very interesting lesson was taught by Mrs. J. I. Griffin from the Mission book, "Jew and Gentile." Those present were: Mesdames Morgan, Shirley, Lee, Griffin, Lyman, Lacey, Barton and Mrs. Busher.

Circle No. 2 will meet with Mrs.

## Barton next Tuesday industrial program

Circle No. 2 met in the home of Mrs. R. E. McCaskey in "Stewardship" and attending were: Mrs. Griffin, Corbell, Seal, Lloyd and Mrs. This circle will meet after noon at the church work toward beautiful grounds.

## THURSDAY

A pretty Easter party Saturday by Mrs. was hosted to the club. The talking and the Easter party in the refreshment.

A delicious fruit representing Easter were served to members and guests.

Boone, A. P. Dumas, less, J. C. Hillen, H. Arnett, J. M. S. F. G. Sadler, W. E. Wiseman, A. C. Chastain, T. P. Wright, and the hostess, Mrs.

# Ten Reasons why

# 300,000 careful buyers have chosen the New Chevrolet Six since January 1st

Ever since the date of its introduction, the new Chevrolet Six has swept triumphantly on to greater and greater heights of popularity. Value for value and price for price—buyers have compared it with other cars in the low-price field. And the result has been an overwhelming public preference—over 300,000 buyers since January 1st. And everywhere the enthusiasm is constantly increasing—for the new Chevrolet Six combines, as does no other car in the world, those ten great fundamental factors which careful buyers are now demanding in the cars they buy.

### 6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder valve-in-head motor, the new Chevrolet provides that smooth, quiet, flexible performance which is the distinguishing characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibration. You can ride and drive for hours without annoying rumble or noise fatigue—every mile a delight for both driver and passengers.

### 6-Cylinder Getaway

And in sheer brilliance of performance, as well as in smoothness and quietness of operation, the new Chevrolet Six is a revelation. An automatic acceleration pump results in remarkably fast acceleration whenever the accelerator is suddenly depressed. And a new high-compression non-detonating cylinder head eliminates every trace of "lugging"—even when you have occasion to accelerate swiftly in high gear.

### 6-Cylinder Speed

Naturally, Chevrolet's powerful six-cylinder valve-in-head motor might be expected to provide speed in abundance. But even more important than the speed of the new Chevrolet Six is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide with a feeling

of complete security—and you come to the end of a full day's drive entirely free from the weariness caused by engine noise and body rumble.

### 6-Cylinder Power

The great reserve power of the new Chevrolet Six is a constant delight. The steepest hills are taken with ease. Heavy roads are negotiated without the necessity for frequent gear-shifting. And even at the higher speeds, there is always that feeling of confidence which comes from the knowledge that additional power is at hand . . . instantly available for whatever need may arise.

### Modern Safety Features

The new Chevrolet Six is equipped with every modern safety and convenience feature—typified by a full ball bearing steering mechanism, nonlocking 4-wheel brakes with separate emergency brake, foot controlled adjustable two-beam headlights, automatic fuel pump, theft-proof Electrolock, electric motor temperature indicator, and Fisher VV windshield and adjustable driver's seat in all closed

models. As a result, it is one of the easiest and safest cars in the world to handle.

### Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six would be considered exceptional in any automobile. But in the new Chevrolet it is nothing short of sensational—for here it is combined with operating economy of *better than 20 miles to the gallon of gasoline*. As a result, those who can afford to own *any* automobile can afford to own and operate a Chevrolet Six!

### Exceptional Riding Comfort

Another vital factor that has influenced hundreds of thousands in their selection of the new Chevrolet Six is its exceptional riding comfort. Built on a wheelbase of 107 inches . . . offering the deep-cushioned luxury of bodies by Fisher . . . and with the entire upper structure cradled on four long semi-elliptic shock absorber springs—it travels the roughest highways with amazing comfort. And its balance on turns and curves is equally

exceptional—for the rigid frame and the long springs reduce sidesway to the minimum.

### Beautiful Fisher Bodies

The marvelous bodies on the Chevrolet Six reveal, as never before, the matchless artistry that has made the Fisher name renowned throughout the world for excellence in coachcraft. Longer, lower and roomier . . . finished in attractive, long-lasting colors . . . and upholstered in rich deep-tufted fabrics that give to the interiors an air of custom elegance—they introduce into the low-price field an entirely new measure of style and distinction.

### Proved Dependability

Before the new Chevrolet Six was presented to the public, it had been tested for more than a million miles on the roads of the General Motors Proving Ground. Never did a new motor car go into the hands of its owners more thoroughly proved in every detail. And now, reports of its performance on the highways of the nation pay glowing tribute to its endurance and dependability.

### Amazingly Low Prices

Many people do not realize that this marvelous new six-cylinder Chevrolet is actually offered in the price range of the four. Compare total delivered prices as well as factory prices when determining automobile values. You will find Chevrolet delivered prices include the lowest handling and financing charges available.

A SIX IN THE PRICE RANGE OF THE FOUR

# LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.  
 Subscription: \$1.50 per year; 75 cents for six months.  
 Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office  
 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL.

Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

## THE PARENTS TASK

There's a lot of talk these days about crime waves, and criminals seem to be getting younger and younger. What is the trouble? Well for one thing, failure to teach boys and girls a few simple facts about money matters can be cited. Most crimes grow out of a false notion concerning wealth. They are perpetrated with the idea of securing something valuable without giving any service in return—like gambling. The most logical way to eliminate crime is to teach youth something of the sacredness of money.

One also hears discussions around Littlefield about the antics of the "younger generation." Gin and jazz along with petting in parked autos are frequently featured events. Most of this wildness grows out of misconceptions about money. Young people trained in the proper use of cash find no logic in spending it for bad liquor. The few who do are living examples of parental negligence.

The fact that the U. S. is the wealthiest nation in the world and is adding to its riches at the rate of ten billion dollars a year makes it important for children to understand the truth about money. When these children grow up they will have more wealth to handle than any other children on earth. Parents must make money mean more to their children. The schools hardly touch the problem. The church leaders pass by on the other side. Here is the big task for parents, and they can't start in on it any too early.

Make the children realize that handling money is a responsibility far too important to be glossed over or ignored.

Too bad Robt. E. Peary died before he revealed what brand of cigarettes it was that enabled him to reach the North Pole.

## BLESSED ARE THEY

Blessed are the merchants who advertise, for they believe in their business, for their prosperity shall increase many fold.

Blessed is the woman who sends in a written account of a party or wedding, for she shall see the details and the names of her guests correctly reported.

Blessed are those who do not expect the editor to know everything; but who tell him whenever an interesting event occurs for them, for they shall have a newsy paper in their town.

Blessed are they who get their copy in early, for they shall occupy a warm place in the editor's heart.

Blessed are those who co-operate with the editor in his efforts in behalf of the community, for their town shall be known to all men, far and wide, as a good place in which to live and in which to do business.

Mr. Hoover has been in many a grim famine campaign, but never in anything equal to the present mad rush to the pie-counter.

## FALL IN LINE

Here's the first call for the bucket and mop brigade, the rake and shovel regiment, the paint and whitewash corps and the hatchet and saw recruits. The spring push is about ready to start. The whole nation is arming for its annual war on dirt and rubbish, soot and grime, cluttered up yards and alleys and disease breeding dumps. It's a mighty army that is now forming and it behooves every one in and around Littlefield to fall in

line without further delay.

There's no way of estimating the benefits of a clean house, clean surroundings and a clean community as a whole. It means not only more pleasant living conditions and a pleasant greeting to strangers, but it makes for health and wards off epidemics that might easily claim a heavy toll of death. Starting early means more time for other duties, too, and lightens the job all around.

It is well to remember that no better beautifier and no more effective sanitary agent than whitewash has been discovered. Use it plentifully. It takes but a moment to start, and once you start you'll find your neighbors falling into line. Even our city fathers will join in and give sidewalks and streets the attention they need to put them in shape for spring and summer. Come on—the call is sounding and the whole nation is responding. Roll up your sleeves, whistle if you can't sing, and let's make the old town shine like the noonday sun.

How unfortunate that the only men who know how to handle world problems should waste their time in whittling on dry goods boxes.

## LET FACTS COUNT

Now that an election has been called to move the county seat from Olton to Littlefield there is naturally going to be considerable discussion over the matter. Nothing else is expected but that Olton citizens will make an effort to retain the present location, while on the other hand, the friends of Littlefield and citizens generally throughout the county at large will be using their influence for the proposed change.

The Leader would like to see the campaign carried on as pleasantly as possible. Let it be a discussion of principles rather than personalities. Everyone is entitled to their opinions, and they should be respected. Merely because others should not happen to agree with you is no reason for "blessing them out," figuratively or literally, for in the final analysis facts are the convincing arguments rather than abuse.

There are so many disagreeable people in this world it's a wonder hung juries aren't more common.

## LITTLE LEADERS

Still another thing as sure as death and taxes is that a lot of Littlefield girls would have more satisfactory faces if they could have done their own picking.

Old-fashioned Littlefield parents once worried about getting their daughters married but now they worry about getting them to stay married.

An optimist is a Littlefield boy who believes everything he reads on a circus poster.

Any Littlefield husband has a right to his opinions, if they happen to be the same opinions his wife holds.

The average Littlefield man is just mean enough to regret the things he hasn't done more than he regrets the things he has done.

Some of them may not be physically perfect, but no Littlefield girl ever contracted fallen arches from standing too long in front of a dishpan.

Nobody in Littlefield has yet been able to figure out why a politician or a lawyer calls a man to one side when they want to say something to him.

The true optimist is the man who suffers in a dentist's chair to preserve his teeth for another ten years.

## GRATITUDE

I doubt if people are born with this admirable quality. If an infant smiles at his admirer, he just feels good about something pleasing—that's all; he hardly renders the smile as a recompense; his symptom is one of amusement, when we come to think about it.

I gave my very small grandson some small coins. He hurried with them to his toy-bank and put them in, apparently much pleased at the increase in his wealth. His mother, who saw the transaction, asked firmly, "Now, what do you say?" A very conventional "Thank you" came, wholly meaningless.

Not that I expected something in return for my very trifling generosity—no, not that—but I have always been a student of human nature, accustomed to drawing inferences therefrom.

There are a great many grown-up

children in the same category with my little grandson; they are the recipients of gifts of many times more value than the pennies I bestowed, yet—they forget to say anything.

We are richly blessed in priceless days; in food, clothing, health, loved ones and social contacts with our fellow-men. I cannot think of anything good that may not be mine, if I set about obtaining it in the right way. The wonder is, why do I forget the golden privilege of being grateful, and of saying so.

I could not live a single hour without this wholesome environment of mine. Light illumines my pathway; air revives the weariness from humble though faithful effort; moisture and dryness preserve my physical balance gentle night affords its balmy sources; friends and loved ones awaken the best within me. Who so indifferent as to harbor ingratitude? What do you say?

## JESS' JOSH

Now that the Home Economics class have conclusively proven that a woman may be fully dressed on \$45 every three months, all husbands and fathers should rise up and call them blessed. Surely this is one department of the school worth while. We suggest that the family heads also inspect the display at Cuenod's.

The woman on XIT Drive says that naming the baby Tiny or Cutie isn't going to keep her from growing up and having a shape like a ten ton truck.

Now that Lindberg is soon to be married, it is probable he will live on quite a different plane.

There are folks who say it with flowers before the happy day, but afterwards—they think onions are just as fragrant.

When visiting the grocery, we have sometimes thought if some folks would work their cows less and their butter more they would get a better price for both.

Just because one owns jewelry that formerly belonged to a millionaire—Mr. Woolworth—is no sign it is genuine.

## WHAT IS DOING IN WEST TEXAS

Fort Stockton is experiencing a lively building boom. The new opera house when completed and furnished will represent an expenditure of \$75,000. Brick business houses costing \$20,000 are being built and plans for more made. Many substantial residences are going up.

Contract has been let for the new Silverton high school building to cost approximately \$85,000.00. The building will be completed by September. It will be modern in every respect and will be built and equipped with the latest and most modern of conveniences and material.

Tulia will represent Swisher county at the second annual Panhandle Plains Dairy show in Plainview, April 2 to 5 with 300 citizens headed by the Tulia High School band of 32 pieces. Eighty-six head of dairy cattle are being fitted for the show.

More than 500 car loads of maize, kaffir, and other sorghum grains have been shipped from Tahoka this season. One hundred cars are yet to be shipped. A car load of heads consists of about 20 tons, and bring about \$17.00 per ton.

Ten percent of the farmers in Dickens county took advantage of the poultry and dairy short course conducted by E. N. Holmgren and E. R. Eudaly at Spur, and are putting into practice the knowledge gained. Many farmers have taken up the idea of diversification in farming around Spur.

Forty head of dairy cattle will be taken from Lockney and Floyd county to the Panhandle Plains Dairy show. A Floyd county delegation, composed of farmers and business men of the county, are planning to attend the show in unison on Wednesday, April 3rd. The delegation will be lead by the Floydada band.

## GLASS HIVE EXPOSES BEE

Ordinarily what takes place within the darkened recesses of a beehive remains a mystery, but with a plate-glass hive, known as the Miller observation hive, nearly every stage in the lives of the bees can be seen within the hive, bee experts of the U. S. Department of Agriculture state. The egg-laying habits of the queen can be observed, and the habits of the tiny larvae and the exact manner in which the nurse bees tend them. The regurgitation of nectar and the process of ripening the thin sirup into thick honey can be watched. The bees soon become accustomed to the glass hive and carry on as normally as in a darkened hive. The hive is easily carried around and is a fine help for purposes of nature study.

## A SPECIAL EFFORT TO REDUCE OUR STOCK OF SHOES

We have a wonderful line of Ladies and Misses Shoes in all the very latest styles and designs—but we have too many of them. We are going to make it to your extra interest to buy them by offering

SPECIAL REDUCTION ON ALL NUMBERS

**SHAW-ARNETT COMPANY**  
 LITTLEFIELD, TEXAS

Cabeza de Baca was the first white man to enter Texas. He was shipwrecked on the Gulf Coast in 1528 and reached Mexico City after crossing the southern part of this state.

Leader, and that the following is the best of his knowledge and belief a true statement of the ownership, management, etc., of the above publication for the date shown in the above caption, required by the Act of August 24, 1912, to-wit:

That the name of the publisher, proprietor, managing editor and business manager is Jess Mitchell, Littlefield, Texas.

That there are no bondholders, mortgages or other security holders of any kind.

—JESS MITCHELL

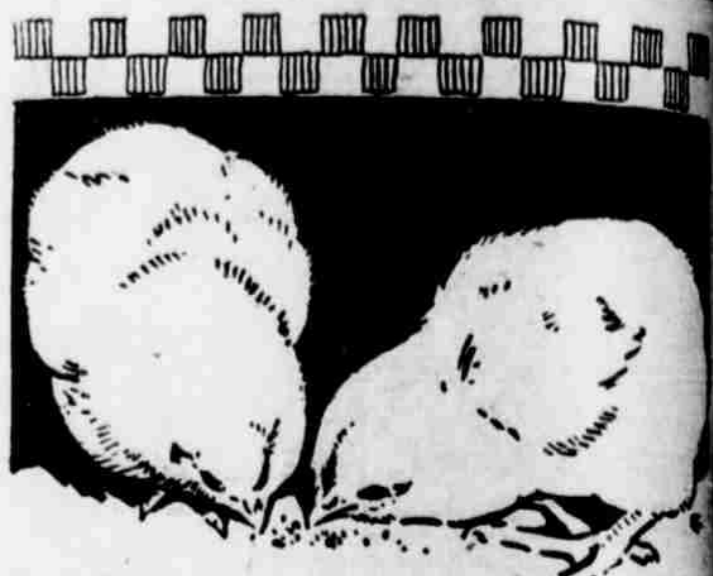

Sworn to and subscribed before me this 3rd day of April, 1929.

(Seal)  
 My Commission expires June 1, 1930.

STATEMENT OF THE OWNERSHIP MANAGEMENT, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, Of Lamb County Leader, published weekly at Littlefield, Texas, for April 1929.

State of Texas,  
 County of Lamb.

Before me a Notary Public in and for the State and county aforesaid, personally appeared Jess Mitchell who having been duly sworn according to law, deposes and says that he is the editor and owner of the Lamb County

## Four Months From Now

WHAT chicks get in their feed will have a lot to do with keeping them alive and growing. More than 2,500 hatcheries say, "Feed Purina Chick Startena." There's a reason.

Every ingredient that goes into Startena is carefully chosen and tested. Startena is rich in life-giving and growth-producing vitamins, proteins and minerals. Every ingredient in Startena has its job to do. Every ingredient does its part in keeping chicks alive and growing.

Start your chicks on Purina...keep them on Purina...you'll get more grown-up chicks and have more money left after all chick raising costs are paid. Tell us how many bags of Startena you need right now.

**EASTERN STAR ENTERTAINS**  
Monday evening ladies of the Order of Eastern Star entertained with an "April Fool" party. The general public was invited, and a large crowd was present.  
Mrs. R. E. McCaskill, in her gracious and pleasing manner, presented the program which was well planned to the very end—"All for fun, and fun for all."  
Pat Boone, with a bunch of chickens, carried off the prize in the peanut contest, while Bob McCaskill, in the "Man, Monkey and Crab" race, made the other contestants look like they were standing still. Other interesting stunts were enjoyed together with interpersions of piano and vocal selections.  
At the conclusion of the program a lovely refreshment plate of paradise salad, nut bread and punch was served. The ladies hope to have more of these entertainments in the future. The proceeds go to a worthy cause. They wish everyone to watch for the announcement in this paper and to make their plans to attend the next one.

**ROTARY CLUB MEETING**  
The Littlefield Rotary club met last Thursday with 25 members present, President R. E. McCaskill, presiding. After the regular routine of business, the members took up the matter of an inter-city meeting to be held at 7:30, June 11th. The secretary was instructed to invite the following Rotary clubs to send a delegation, not to exceed 10 members from each club to participate: Lubbock, Slaton, Ralls, Plainview and Levelland.  
The secretary was called on for a report of the district convention held at Ranger, May 21 and 22. He made a verbal report advising that it was a very interesting and successful meeting there being several nationally known Rotarians attending same. The secretary stated there were something like 350 delegates registered, and they were well entertained by the city of Ranger.

The first Spanish mission was founded at San Antonio in 1718.

**RAINBOW GIRLS SERVICE**  
The Littlefield order of Rainbow for Girls celebrated the anniversary of that order Sunday night at the Presbyterian church.  
Nine Knight Templars dressed in their uniforms marched in and formed an arch, the Rainbow girls then marched under the arch, all dressed in white except the clor stations, which were dressed in the colors of the rainbow.  
Rev. Wm. Fulton sang a solo, accompanied by Mrs. A. P. Duggan at the pipe organ.  
Miss Ray Barber gave a reading on the origin of the Rainbow for Girls.  
The Rainbow girls sang several songs, then Rev. Jack Lewis, minister of First Presbyterian church, Lubbock delivered a sermon on the "Life of Esther."

**PEP WINS RURAL SCHOOL CHAMPIONSHIP IN HOCKLEY COUNTY**  
At the Hockley County Interscholastic meet held at Levelland, March 21st and 22nd, Pep school, of which Mrs. W. P. Lupton is prinipcal, entered contestants in eight of the forensic events for rural schools and won in these events six first places, one second place and one third place.  
Bernie Allison and Louise Lupton made first place in senior spelling. John Richard Allison and Katherine Lupton first place in junior spelling, Wilbert Albus and Alvin Robert Gerik third place in sub-junior spelling.  
Gaines Hanley won first place in senior boys declamation. Katherine Lupton first place in senior girls declamations, Adolphus Jungman, first

place in junior boys' declamation, Gladys Jungman second place in junior girl's declamation.  
Lucille Stengel and Ida Jungman won first place in Music, Memory, making an average of ninety per cent.  
Lucille Stengel won second place in tennis singles competing against class A and class B schools.  
The Pep tennis doubles both boys and girls teams won third places in competition with Class A and Class B schools.  
The points won by Pep Schools casily gave it the rural school championship in the county.

After lustily singing "Home sweet home" at the parties, some folks go out of town to buy their supplies.

**CONSIDER THE COMBINE**  
"Shall I buy a combine this year?" is a question that probably is in the minds of many farmers. For harvesting 100 to 150 acres or more annually, under Corn Belt conditions, the combine is a good investment; for smaller acreages, other methods are more economical, says the U. S. Department of Agriculture. Some advantages are a saving in labor, eliminations of transient labor, early clearing of fields for tillage, distribution of straw on the land, and earlier marketing of grain. On the other hand, a combine involves a large investment; great amount of power, more risk from damp grain. Wheat, barley, oats, rye, emmer, flax, grain sorghums, buckwheat, rice, soy beans, cowpeas, sweet, red, and alsike clovers, timothy, and alfalfa can be harvested with the combine.

**WHEN TO PASTURE COWS**  
In deciding when to turn the dairy cows on pasture, consider both the cows and the grass. Very early pasturing is of little value to the cows the grass is watery and low in nutrients. Neither is early pasturing good for the grass, as the later yields will be reduced and more damage from trampling may occur. Keep the cows off the pasture until the grass is at least several inches high and abundant enough so they can get their fill in a few hours.

**CHIROPRACTIC CHIROPRACTIC**  
Old man Jones hobbled down the street one day. He met old man Smith stepping blythe and gay. "How did you get rid of your rheu-ma-ticks?" Said Jones, as he leaned upon his sticks, Said Smith, "That Chiropractor here I've found Knows how to take the kinks out safe and sound"

## BLOCK OF WOOD 112 YRS. OLD FROM WHITE HOUSE GIVEN THE TECH. COLLEGE MUSEUM

Lubbock, Texas, April 2.—A rectangular block of pine wood which was taken from timbers in the roof of the White House while the structure was being remodeled in 1927 has just been received by Professor R. A. Studhalter of Texas Technological college. For 112 years these longleaf pine beams held the roof of one wing of the executive mansion safely over the heads of twenty-six presidents of the United States.

The wood was originally built into the mansion during the administration of President James Madison in 1815. Year before last when the supporting timbers of the roof were taken down the wood was found to be in perfect state of preservation, although no treatment had been given to lengthen the life of the wood.

In 1814, after the Battle of Bladensburg, the British soldiers with their flaming torches, came thronging up Pennsylvania Avenue and burned the White House, the fire destroying the interior and seriously damaging some of the masonry. President Madison and his famous wife, Dolly, made a

dramatic departure from the executive mansion, fleeing up Pennsylvania Avenue just ahead of the British.

Reconstruction was begun shortly after the fire, the new roof being held in place by sturdy wooden trusses. And these are the same trusses which were taken out in 1927 and found to be in an almost perfect state of preservation, and are an interesting example of early workmanship. The timbers, all hand sawn, are held together not only by hand mortising but with dowels and heavy wrought iron straps pounded out by hand.

Incidentally it is of interest that President Ulysses S. Grant, who occupied the White House in 1873, and to whom the condition of the roof was first reported, was the grandfather of Lt. Col. U. S. Grant, III, under whose direction, as Chief of the Office of Public Buildings and Parks in Washington, the recent remodeling and renovation has been carried out.

Mr. Studhalter is very proud of this relic and will see that it gets a prominent place in the proposed museum for Texas Technological College.

## COMMERCIAL BODY REPORTS CONTINUED GROWTH; MANY MEMBERS OPTIMISTIC IN ADDRESSES GIVEN AT TUESDAY MEETING

A splendid meeting of the Littlefield Chamber of Commerce was held Tuesday in the College cafeteria, 33 being present. Among the number were several Littlefield ladies who are much interested in this progressive organization.

President J. S. Hilliard calling the

meeting to order made an address to the members, referring to the rapid progress and development taking place in Littlefield and community and the wonderful future ahead for Littlefield.

Mrs. R. E. McCaskill announced a meeting to be held in the Baptist church Thursday evening at 8:00 p. m. which committees composed of women would be appointed to take active part in the coming election of locating the county seat in Littlefield.

Clean-up week was discussed, in which C. H. Grow referred to the Boy Scouts taking part in the program.

R. E. McCaskill reported on the progress of the hotel committee stating that details would soon be closed on a new hotel for Littlefield.

Max McClure made suggestions to the members that they invite their former friends as guests to the weekly meetings which met with most hearty approval.

Arthur P. Duggan expressed good pleasure in the progress the Littlefield Chamber of Commerce was making and the good interest evidenced through the efforts of the organization. He referred to the growth our community was making stated no section in the United States was making as substantial a growth.

Report was made by F. G. Sadler regarding good progress of the road committee. E. S. Rowe referred to the coming election of court house and an essay contest which would be arranged soon for the school pupils throughout the county.

Mayor Otto Jones being present spoke regarding the activities of the city and that everything was very bright for Littlefield's future.

Before adjournment President Hilliard stated that the time and moment has come when the strong body of membership citizens should have a clear vision ahead, removing all obstacles from the path of Littlefield's progress. "By doing so we will reach a successful goal which can hardly be realized at this time."

### THE LIVELY CLUB

The Littlefield Home Economics club met Thursday, March 21, and adopted the name of "The Lively Club." Maxine Cooper was elected president.

The club arranged for a fee of 10 cents to be paid each month for dues, and those not having paid their fees by next meeting are not considered a member of the club. The first money collected will go for a class history book in which all records shall be kept.

Committees were appointed for several phases of the work, such as planning the first social event and making plans for initiation. They are composed of Bobbie Faye Davis, Vesta Hardin, Ara Lou Turner, Norma Lee Gattis, Katherine Yohner, Katherine Dunagin, Vertie Lee Mitchell, Bernice Wales, Addie Mae Hemphill, Mattie Middleton and Rowetiah Rainer.

The club girls also decided to order club pins, as soon as the members decide whether to order one.

The next P. T. A. program will be in charge of "The Lively Club." The club is intending to present a short play with the following characters: Mattie Middleton, Avis Dow, Norma Lee Gattis and Maurine Harvey.

Ysleta, near El Paso, is the oldest town in Texas. It was founded in 1682.

### FRESHMAN CLASS PROPHECY

I wandered on and on, weary and sad lest I should lose my mind.

It seemed all my troubles had come at once; not a friend could I find. I wanted to forget my debts and everything that was bad.

I wanted to think of the long ago, yet forget the things that were sad. It seemed I plodded on 'til I came to a tree, and there I sat me down, and strange things did I see:

A great convention, far o'er the way, a great throng of people and each seemed to say:

"Come near, come on o'er, we're your friend, we loved you once, we'll be with you to the end."

The words cheered my soul, with happiness I wanted to cry, Because I saw over yonder the many friends had I.

I think a fairy must have carried me there, because I found myself in a golden chair.

Around me were my friends of Littlefield High, and every member of the Freshman class was nigh.

Professor Harrison took my hand, and then he told me his story. School teaching he had quit, but he was crowned with glory.

For he was now a tamale peddler so fair. "None can make them as he," everyone would declare.

Mr. Boles must have been to the fountain of youth, For his hair was coal black, but dear me, he hadn't a tooth.

The other teachers all came 'round my golden chair; I never heard such tales as each did declare.

Prudence Courtney and Ben Harrison came tripping by. "They're vaudeville dancers," I heard with a sigh.

Frances Blalock and her children 12 spoke to me. And Olga Henson was her maid, I could see.

Estelle McNutt, I was told, washed for the Anderson girl, For her profession was to make straight hair curl.

Virginia Staggers made nickels sewing. And the Davenport twins were forever going

To fortune teller Keithley to see if they would ever have any luck coming their way.

Because they wanted Priest Gibbs to marry them to A. C. and Horace and not to tarry,

For they were tired of being old maids so ill. With Katie and Willie Mae and Rosa Berryhill,

Happy were Ruth and C. L. in their little home, James and Mat were inclined to roam

O'er the earth, and were bachelors at will. And a great host of children had Glendon and Bill!

At Monte Carlo, Ruth Mitchell lived at ease, She was a great gambler and did as she pleased.

Joe Stanley passed, holding in his hand a cup. They told me he was blind but kept his family up.

They related the story of all the class As I sat in my chair and saw each one pass.

But soon each figure gradually slipped away. And I could not hear a word they would say.

All was darkness and still and quiet, and then I awoke and found it was night.

—Taken from the Wildcat.

Have your printing done at home.

## PROMPT FORD SERVICE

Bring your Ford here for that hurry-up job. Maybe it's only a little thing. Big or little, our mechanics will find the trouble in a jiffy and send you away smiling. All labor billed at low flat rate. Ask about the Special \$1.50 Inspection Service.

JOHN H. ARNETT MOTOR CO.

Littlefield, Texas

### FLY TIME COMING AGAIN

Fly time will soon be here again, and an ounce of prevention of fly breeding is worth a pound of fly swatters, sticky fly paper, or traps later on. Manure is a favorite breeding place for flies. Inclosing or screening

the manure pit or bin is a great help in controlling this pest. Tent traps or conical traps, placed over holes large enough to attract flies to the light, may be attached to the top of the pit or bin. Watertight floors are desirable in a stable. Dirt or wooden

floors enable many fly larvae to migrate from the manure to the soil and develop there. Troughs and manure should be kept clean, as surprisingly large numbers of flies will breed in small quantities of material in the corners of such places.

FORWARD-LOOKING PEOPLE WILL INVESTIGATE THIS CAR

# Brakes— another All-American feature that arouses owners' enthusiasm

The brakes of the New Oakland All-American are internal-expanding . . . fully protected . . . unaffected by mud or rain or ice. They are always positive and smooth in action . . . always exceptionally quiet . . . Yes . . . Oakland's brakes are far from ordinary. But the same is true of everything else in the New All-American Six. Come in . . . and we will show you how much more it offers for its price.

Prices \$1175 to \$1275. C. & G. Pontiac, Michigan, plus delivery charges. Special covers and Torsion Hydraulic Shock absorbers included in list prices. Complete and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.

JONES BROS. MOTOR CO. LITTLEFIELD, TEXAS

## The New OAKLAND ALL-AMERICAN SIX

PRODUCT OF GENERAL MOTORS

## The Air was the Testing Ground for Phillips 66

IN an airplane fuelled with Phillips gasoline, Col. Art Goebel flew from San Francisco to Honolulu in 26 hours, winning the Dole \$25,000 prize. . . . And now, in Phillips 66, you get this famous air-tested gasoline adapted for use in modern high compression motors. It's a fuel of Controlled Volatility\* to fit the climate and the season. It starts easily, even on the coldest days—is full of pep—accelerates quickly—has abundant power. . . . Yet it costs no more than ordinary gasoline. . . . Try it today.

### \*Controlled Volatility

Gasoline must vaporize before it can be fired in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. The volatility of Phillips 66 is scientifically varied (controlled) to fit the season, and the climatic conditions of the locality in which you buy it.

## Phill-up with Phillips

O. K. YANTIS, General Agent

Phillips Service Station, South Main Street Day & Night Service Station Arun's Filling Station

## PAINS

In Side and Back

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My house work went undone, for I was not strong enough to do it.

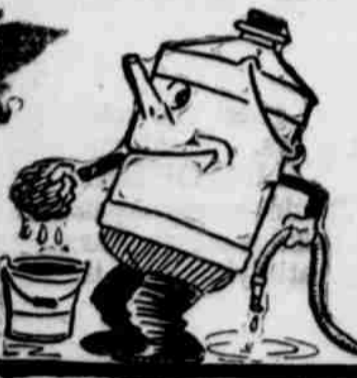

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckler, W. Main St., Salem, Va.

## CARDUI

Helps Women To Health

Take Theford's Black-Draught for Constipation, Indigestion, Biliousness. Costs only 1 cent a dose.

## GASOLINE LIKE

"Now, washing a car causes grief and despair

"Unless it is done with precision and care.

"And since it's a task most car-owners dislike,

"I feature it strongly!" says Gasoline Like.

### SAVING THE SURFACE

Is our first and last thought in connection with the car-washing chore. We bathe the body and leave the lustre. The car-body we're speaking about, of course. And the cost is scarcely considerable.

**APRIL, A CHOICE MONTH**

One of the loveliest months of the year, has a name that is fitting, for it comes from a word meaning "to open." It is the month of opening buds. The special of April is the daisy, and its diamond. At the beginning of April in the north, the snow begins to melt, for the April sun is bright and no snow can melt against it. A season of new life every-

**E. TOWNSEND**

LET ME FIGURE YOUR WORK

192, Littlefield

where. Grass grows green; trees and shrubs that have seemed dry and dead put out tiny leaves. Early wild flowers push their way through the grass on our western prairies. Almost everything that makes spring delightful has started, but the most distinctive feature of April is its showers. Changes from flashing sunlight to pouring rain are frequent.

April has played a curious part in United States history, for nearly every war in which this country has fought began in April—the Revolution, the Mexican war, the Civil war, the Spanish American war, and the World war.

"The first of April some do say, Is set apart for All Fool's Day; But why the people call it so Nor I, nor they themselves do know." April has several special days. The first day is April Fool's Day or All Fool's Day. It is not a holiday, but is a day for mischievous, harmless pranks of children, usually playing "hokey" from school. Easter usually is in April though not this year. In some states there are arbor days for setting out trees.

**SWEATERS PRESENTED**

An assembly was called Wednesday morning, and sweaters were presented by Mr. Harrison to the following: Mr. Tucker, Mr. Boles, Clarence Fox, Leo White, Harry White, Donald Love, L. C. Strawn, Charles Evans, Fly Thornton, J. T. Allen, W. B. Phipps, jr., Willie Romback, Ferrel Burford, J. R. Eagan, Bill Arn, Curtis Heard, and Paul Roberts.

**P.-T. A. MEET FRIDAY**

On account of the rain the P.-T. A. did not meet last week, but will meet this Friday and will have a very interesting program.

There will not be another program given until the delegates return from Floydada, which will be the fourth Wednesday in April.

Everyone is invited to attend the program next Friday.

The world made a marvelous step in advance when it discovered the art of printing. Similarly business concerns make a wonderful progress when they get to using printer's ink.

**MORE PURE BRED ANIMALS BROUGHT TO LAMB COUNTY**

During the past few weeks interest in pure bred dairy cattle has increased, as evidenced by some of the animals that County Agent D. A. Adam has helped select.

O. D. Halsell, of Amherst, purchased five head from a Mr. Phillips, of Lubbock, and with the herd bull that he has, has started on a breeding basis that will mean much to this county as a whole.

Bill Jackson, 4-H club boy of the Spring Lake school, invested his earnings in a bred heifer coming from one of the best herds in Collin county. She was purchased at the Fort Worth Stock show, and will be shown in the Panhandle Plains dairy show this week.

"Dairying is one of the vital points to successful farming and when we have the herd production built up in this county, creameries, cheese factories, etc., will come in and take care of the surplus. At present a cheese factory can be obtained, but the production at present is a little low, and it is only through importation of pure-bred dams, and bull circles that the average production can be built up," states D. A. Adam.

Bull circle work has begun in this county, and before the year is up it is expected that two or more circles will be completed.

**A Saxi Octette Is a Feature of The Revue**

Another feature has been added to the second of the series of Lamb County band attractions, according to Director C. R. Lam.

As a variation the vocal and string music which will be presented in the "Dixie Revue," the Lamb County Saxophone octette will appear with a complete change of program. This group of eight artists were well received in the recent band concert, and have been rehearsing steadily on a group of numbers especially adapted to that type of instrument.

Other features on the program to be given Tuesday, April 17, at the Palace theatre, are burnt cork comedians, chorus girls in three changes of costume, orchestra music, and a color-

ed stringed band. This entertainment is being given for the benefit of the local band.

**HISTORY CLUB**

History class I, organized a "Travelers Club," last Tuesday. The officers that were elected are President, Olga Henson; Vice-president, Estelle McNutt; Secretary, H. B. Hutson, and Reporter, Frances Blalock.

We meet every two weeks. We had several interesting talks Friday and expect better talks the next time.

Although having an adequate water supply at the present time Chikress is preparing for the future by purchasing a tract of 280 acres of land at a price of \$16,000 to be used in drilling water wells. A dam may be built later to make a lake.

**THE STORE WITH GOOD GOODS**

We specialize in a wide variety of Fresh Vegetables for our customers.

Here you will always find a good line of Fresh and Cured Meats. Our stock of Luncheon Meats and other Goods is complete.

Our stock of Shelf Groceries is always fresh.

**DEMONSTRATION, SATURDAY**

A representative of the Brown Cracker & Candy Co., will be at our store all day Saturday to demonstrate the crackers and cakes they manufacture. Everyone is cordially invited to attend this demonstration.

## SAWDUST AND SPLINTERS

Vol. 1 April 4, 1929 No. 4

Published in the interests of the People of LAMB COUNTY by CICERO SMITH LUMBER CO. L. K. WHITAKER, Manager

QUALITY LUMBER IN ANY QUANTITY No matter how much or how little Lumber you may want, we can supply you with it—a single board or a carload—and, mind you, of the right Quality and the right Price.

We like to hear the

newcomers, people who have lived in Littlefield only a short time, speak of it as "Our community."

We are not going to offer to sell you a few things at less than cost and make it up on something else, or by giving you poor quality.

Our idea of wasted energy would be a private exhibition of

the latest styles in ladies hose.

We propose to give you a Square Deal. We are tax payers. Just like you are, we are interested in the prosperity of all in this community, and ask you to give us the preference, provided we treat you right.

If it's Lumber or Building Material—We have it.
