

WILDCATS LAUNCH SPRING BASKETBALL TRAINING MONDAY

Approximately 30 boys reported to Coach Forrest Martin in the high school gymnasium Monday afternoon at 2:45 for the first practice session of the Spring basketball training that is now underway at the school.

The Wildcats lost only three players off this season's team so prospects are looking up for the locals. Co-Capt. Joe Walden, Freddy Howard and Frank Frye are the three that will be lost to the Cats'. Co-Capt. Keith Streety will have one more year to play for the locals as will regulars, Garland Thornton and R. L. Rhoten.

The spring football training was postponed for two weeks, hoping that the winds will stop somewhat if early April brings any rain.

Football training will start as soon as the two weeks basketball period comes to an end. The grid training will be allowed thirty days of training instead of just two weeks.

Workouts are from 2:45 to 4:45 each day. Coach Martin has no assistant Coach during Spring training but Coach Hester will probably help next season when regular play gets started.

Bar Track Team To Lubbock Friday

The track team will take district track meet to Lubbock Friday, April 4. Taylor states that he is at the meet because he has prevented the team from last year. Wormly a 10 second dash man and Lynn moved to Marshall.

NOT STYMIED AT ALL
MIAMI (AP) — The famed race horse, Stymlie, ran as a juvenile 13 times before he won a race. The first offspring of Stymlie, however, fared much better. Our Cricket, a filly, won in her first start recently at Hialeah. She belongs to Mrs. E. D. Jacobs who also owns Stymlie.

JUNIOR CARRIES THE MAIL
SARASOTA, Fla. (AP) — Johnny Cooney, Jr., 25, son of the Boston Braves' first base coach, is a mailman here where his dad lives in the off season. Young Cooney quit baseball in 1949 when he tore a knee cartilage while playing with the Miami Sun Sox. He was a third baseman.

Mrs. B. D. Garland Jr. and Mrs. J. Don Eagan were in Lubbock Monday.

WINNING ANOTHER FIRST — Max Buhrman, the busy bee from Muleshoe, is shown, at left, breaking the tape first in the 100-yard dash at Saturday's District 4-A track meet at Texas Tech. This was one of three first places won by Buhrman, who paced the Mules to the championship as the meet high scorer. M. C. Northam of Littlefield, extreme right, was nosed out for second by Lackey of Morton. Shown to Northam's left. Hyles of Tahoka was fourth.

Streak-Stopping A's May Surprise Again

By FRANK ECK
AP Newsfeatures Sports Editor
WEST PALM BEACH, Fla. — Following Jimmie Dykes' round a golf course is one of the easy things in life. He takes few extra strokes and shooting in the mid-70s is pretty good for a 55-year-old manager, as even Dykes admits.

For instance, take the first hole at one of the municipal courses here. It's about 500 yards, a par 5. Dykes made the green with his second shot. He needed a 20-foot putt for an eagle. He just missed. "Nice birdie," said John Hillerich, the Louisville bat man.

"But I was putting for an eagle," replied Dykes. "Let's talk baseball."
A Real Education
Walking nine holes with the former infielder is an education in golf and baseball. Reminded that his Philadelphia Athletics had the third best winning percentage in the American League for the last 77 games of 1951, Dykes came back with one of his usual gems.

DISTRICT TRACK MEET HELD AT LUBBOCK SATURDAY . . .

Wildcats Fail To Gain Any First Place Honors

Muleshoe, paced by sensational Max Buhrman, walked off with the District 4-A track meet at Texas Tech Saturday, rolling up 47 points to beat five other schools.

The Mules beat Levelland, closest pursuers, by nine points. The Lobos had 38 points, while Brownfield was next with 27½. Morton was fourth with 20½. Tahoka picked up 13 and Littlefield brought up the rear with eight points.

Buhrman raced to firsts in the 100 and 220 yard dashes, added another first in the broad jump and picked up a point and a half by finishing on the second place 440-yard relay team and the mile relay team.

Altogether, the busy Buhrman picked up 16½ points. Lackey of Morton was second with 12½ points. Langford Sneed, Levelland's great athlete, picked up 10½, and George Branch, another Lobo, was fourth with 10 points.

But the biggest upset and surprise in the entire meet came late in the day when Bob King, running most of the time in Buck Johnson's shadow, came through with a first place in the mile.

King, who ran for the Mules at Big Spring because Johnson was ailing, overtook his teammate in the back stretch and put on a great finishing kick. It carried him past the tiring Johnson and across the finish line with his first triumph over his rival.

Levelland took an early lead in the meet, piling up points on a one-two-three finish in the shot put, won by Sneed with a heave of 48 feet, 3 inches. Campbell was second

and Branch came in third. Levelland also finished the same way in the discus, with Sneed winning on a toss of 128 feet. Branch was runner up and Bentley came in third.

By winning 10 of the top 28 places, the Muleshoe squad qualified the highest number of trackmen for the regional meet, which will be held April 18 or 19. Muleshoe also qualified two relay teams, while Levelland had eight cindermen and one relay team; Morton, four cindermen and one relay team; Brownfield three trackmen; and Tahoka two men for the regionals.

Lloyd Williams was the only Wildcat that qualified for the regional meet. He won second place in the 440 yard dash. Only first and second places are eligible to go to the regional meet. M. C. Northam won first place in the 100 yard dash in the morning preliminaries, but paced only third in the finals.

Track results:
100-yard dash—won by Buhrman, Muleshoe; second, Lackey, Morton; third, Northam, Littlefield; fourth, Hyles, Tahoka. Time—10.2.

220-yard dash—won by Buhrman, Muleshoe; second, Halamicek, Tahoka; third Hyles, Tahoka; fourth, Hinson, Brownfield. Time—22.8.

440-yard dash—won by Branch, Levelland; second, Williams, Littlefield; third, McIntire, Brownfield; Brumley, Brownfield. Time 54.7.

880-yard run—won by Boyd, Brownfield; second, Henson, Levelland; third, Richards, Muleshoe; fourth, Elder, Muleshoe. Time—2.11

Mile run—won by King, Muleshoe; second, Johnson, Muleshoe; third, Bailey, Brownfield; fourth, Morrison, Muleshoe. Time—5:07.

440-yard relay—won by Morton (Faulkner, Bolton, Cooper, Lackey); second, Muleshoe; third, Tahoka; fourth, Levelland. Time—46.9.

Mile relay—won by Levelland (McCasland, Leatherman, Henson, Branch); second, Muleshoe; third, Brownfield; fourth, Littlefield. Time—3:45.6.

120-yard high hurdles—won by Harrison, Muleshoe; second, Stockton, Brownfield; third, Moore, Muleshoe; fourth, Black, Brownfield. Time—16.1.

180-yard low hurdles—won by Stockton, Brownfield; second, Harrison, Muleshoe; third, Black, Brownfield; fourth, Davis, Littlefield. Time—21.0.

Pole vault—won by Lackey, Morton; second, Donaldson, Muleshoe; third Key, Morton; fourth, Harvey, Muleshoe. Height—9 feet, 1 inch.

Shot put—won by Sneed, Levelland; second, Campbell, Levelland; third, Branch, Levelland; fourth, Rhoten, Littlefield. Distance—48 feet, 3 inches.

High jump—won by Tekell, Tahoka; second, Henson, Levelland; third, Black, Brownfield; fourth, tie between Bailey, Brownfield, and Cook, Morton. Height—5 feet, 9 inches.

Broad jump—won by Buhrman, Muleshoe; second, Lackey, Morton; third, Bolton, Morton; fourth, Phelan, Levelland. Distance—20 feet, 4¾ inches.

Discus throw—won by Sneed, Levelland; second, Branch, Levelland; third, Bentley, Levelland; fourth, Hinson, Brownfield. Distance—128 feet.

WAY OUT IN FRONT—Don Harrison of Muleshoe, leading the 180-yard low hurdles in this picture, finished second to Jackie Stockton of Brownfield, already past the photographer. Max Black of Brownfield finished third and Keith Davis of Littlefield was fourth. Muleshoe won the District 4-A meet at Texas Tech Saturday, piling up 47 points in beating Levelland, Brownfield and Morton, which finished in that order. Stockton and Harrison were well ahead of the pack when this picture was taken at only the second hurdle jump.

LITTLEFIELD, TEXAS

Mexican Labor . . .

The President has signed the new immigration bill which paves the way for the opening of negotiations between the United States and Mexico for a new contract for the importation of Mexican agricultural laborers into this country.

Texas farmers and ranchers, big users of the labor from south of the border, hope for a better agreement this year than the one under which they had to operate last year and under which they still are operating.

The agricultural interests of Texas and Mexico recently have agreed on the need for a simple and workable program.

The agreements of the past few years have been smothered in red tape, making it almost impossible to hire the needed labor and the farmers have had

little recourse.

The days of illegal Mexican labor, the "wetbacks," are over. Farmers and ranchers realize that, and they want to proceed in a legal manner, but they don't want to be hamstrung by a law.

Since the farm leaders of the two countries have agreed as to what will be needed, it should not be asking too much to have their ideas included in the negotiations for the new contract.

After all, the laborers are coming from farms in Mexico to work on farms in Texas and the farm leaders from Texas and Mexico should be well qualified to determine what kind of agreement will work best both for the worker and the farmer who depends on the Mexicans to help him harvest his crops.

Easter Cards Sing Serenades To Spring

This year's cheery Easter cards are rippling with Springtime gaiety. Their richly colored designs sparkle like the rainbow after a sudden April shower—as if to remind us that Easter Sunday, after all, does fall on April 15!

Easter card verses, generally speaking, are paying warm-hearted tribute to what has always been "the season of romantic sonnets and bright new bonnets." As one card addressed "To You, SWEETHEART, at Easter" happily confesses, winter is definitely on the run, and—

It's wonderful to be
In love when Spring
Is on the way . . .
When Easter bonnets
Fill the shops and
Hearts are light and gay!

More than half the cards are radiant with gay floral scenes. A band of playful cherubs frolic in a garden of yellow jonquils. Rich red roses lift their heads above the brim of a small wicker basket. Orchids and tulips are delicately reproduced on perfumed satin puffs. And a few of the de luxe Easter cards are enhanced with artificial corsages that may be detached and worn—to brighten milady's new ensemble.

Easter card designers have found the annual Easter Parade is surprisingly rich in subject matter for their creations. Smartly clad little chicks and bunnies vie with human figures in a frivolous "dress rehearsal" of fashions both zany and demure. Pointed reminders to look your best on Easter Sunday are versified like this—

When we "parade" on Easter
I'll be puffing up with pride,
'Cause the sharpest guy
In town will be . . .
The fellow at my side!

Spring fever, alas, seems to have caught up with the generous Easter Bunny. He's shown dozing in the trunk of a tree—blissfully unaware of a jaunty little duckling who cocks one eye, then quips—

Easter's coming, Yes-irree!
Hope yours is all . . .

It's quipped up to be!

Most beautiful of all the 1952 Easter cards are those inspired by the Resurrection. Guardian angels in white robes stand before the opened tomb on one typical religious greeting. Two of Pontius Pilate's soldiers kneel in awe before the Risen Saviour on a plastic-covered card, colored in the familiar style of stained glass church windows.

Modern churchgoers are pictured as they listen attentively to surplined choirs singing Easter hymns. There are cut-out Easter cards in the form of Bibles, altars, and the symbolic cross. Many of these religious greetings are coupled with scriptural quotations.

Actually, only 100 years have gone by since the people of Northern Germany began exchanging quaintly cluttered drawings, with religious scenes and Biblical texts—the first of all Easter cards!

By 1880 the Easter card custom had spread throughout Europe, and was firmly established in America. Surrounded with luxurious silk fringes, our first Easter cards were rare models of painstaking craftsmanship. Many were mounted on brightly-hued velvet or satin fabrics, with a silk cord and tassel attached to hang them on the wall.

In recent years, a definite trend toward this old-fashioned mode of elegance has been observed by designers. Many of our modern Easter cards are decorated with lace scrim, tiny pressed flowers, satin ribbons, and illuminated manuscript lettering.

Public preference, nowadays, is pretty evenly divided between the truly reverent, the nostalgic, and the serenade-to-Spring types of Easter cards. Most of us, however, are asking for, and getting, greetings with a sincere, heart-to-heart quality.

Something like—"Nothing fancy, DAD, just Happy Easter" or "Hi, SISTER, Enjoy your Easter" or a romantic "Happy Easter to My LOVEABLE WIFE." Ministers and priests, neighbors and in-laws, teachers and even "the boss" all rate these individualized Easter cards. This year, moreover, there are distinctive "Easter Greetings to YOU in the Service" for the first time since World War II!

Will Address Tech Graduates

DAN K. THORNTON

It will be old home week May 26 when the class of 1952 at Texas Tech, Lubbock, graduates.

Gov. Dan K. Thornton, governor of Colorado and an ex-agriculture student at Tech, will give the commencement address. He is the second ex-student to speak to the graduating class at Tech.

The ceremony starts at 8 p.m. in Jones Stadium.

The glomeruli, where the ingredients that be used again are separated and sent on back to the veins.

The rest, the waste material, enters those tiny glomeruli, flows on through the larger stumpy tubes known as the calices, into the palm like basin called the pelvis, on out the kidney and down the thin arm called the ureter into a stretchable ball called the bladder. Here the urine collects until the bladder is full and the urine is then expelled from the body through another small tube called the urethra.

The Latin word for kidney is *renes*, which becomes renal in medical description. The adrenal cortex is the cap that sits on top of each kidney, regulating that kidney in some fashion. The Greek word for kidney is *nephros*; through the years words of Latin origin have become standard to name the different parts of the body, while words of Greek origin have become standard in describing diseases of different parts of the body. Thus kidney disease becomes nephritis when the disease is due to inflammation in the kidney, or nephrosis when the disease is due to a change in the structure of the kidney such as the hardening of some portions or scarring.

The amount of blood and the water content of the body are regulated by the kidneys. There is not a great deal of difference between the plasma part of the blood and the urine that is eliminated from the body. The kidneys function as a regulator of the quantity of blood and also of the quality, being charged with keeping the proper balance between the acids and the salts in the blood stream.

There are certain conditions which may be considered as creating extra work for the kidneys since they increase the amount of urine in the body. These are an increased intake of fluids, a jump in the blood pressure due to activity or to a high blood pressure condition, cold weather, certain drugs including caffeine, emotion, and a form of diabetes.

The conditions which are often responsible for a decreased amount of urine include diminished intake of fluids, low blood pressure, congestion within the kidney, fever, some types of Bright's disease, and an increased loss of body fluids by other means, such as sweating profusely in hot weather, loss of blood by hemorrhage, and loss of fluid by diarrhea.

HOME OWNERS' QUESTION BOX

Q—What is the best finish for hardwood veneer furniture?
A—No single finish is best for every species of wood and for all kinds of furniture pieces. If there is a rule to follow it is that a natural-looking finish is always desirable. The only reasons for finishing furniture are to enhance the natural beauty of the wood and to protect it from dirt, grease, liquid stains, and heat. Thick or extra shiny finishes should be avoided.

Q—What preparation is necessary before repainting hot-water cast-iron radiators?
A—First, remove loose particles of rust, paint and dust by rubbing vigorously with a wire brush. Then wash with turpentine to remove all traces of oil and grease. Any oil paint or enamel can be used for the new finish, but flat wall paint usually is more resistant to blistering and peeling than other finishes.

Q—Is it necessary to provide a base for a concrete walk?
A—If there is good natural drainage and the soil is loose enough for the water to sink, the concrete can be poured directly on the earth. There should be a six-inch foundation of clear gravel or cinders where drainage is poor and water is likely to collect under the walk.

"THAT LITTLE GAME" Inter-mat'l Cartoon Co., N.Y.—By B

Local High School Invited To Take Part In Annual 'Play Day' At Portales

Girls from more than 30 high schools in New Mexico and West Texas have been invited to participate in the annual "Play Day" May 3, sponsored by the Women's Athletic Association of Eastern New Mexico University at Portales, N.M.

The program will include individual and team competition in volleyball, softball, track and field events, badminton, tether ball, and tennis—as well as group stunts and "mixer" games.

Ida Williams, Encino senior, is president of the Women's Athletic Association. Miss Fae Witte, assistant professor in physical and health education at ENMU, will supervise the activities.

New Mexico high schools receiving invitations include Forrest, Rogers, Floyd, Dora, Elda, Ranchvale, House, Tatum, Hobbs, Causey, Ft. Sumner, Melrose, Portales, Tucumcari, Roswell, Lovington, Carlsbad, Grady, Texico, Clovis, Jal, Eunice, Artesia, Roy, Mosquero, and Cloudcroft.

Texas high schools include Levelland, Littlefield, Denver City, Muleshoe, Farwell, and Friona.

Southwestern Cattlemen at Fort Worth fired a blast at price controls and governmental regulation as they closed their meetings at the 75th annual convention of the Texas and Southwestern Cattle Raisers Association.

More than 2,000 members and guests from the southwestern beef-producing area were in attendance at the convention which was held in Hotel Texas March 17-19.

New officers were elected during the session.

New officers are, to right, Jack Ray, Texas rancher, president; Standing, Henry Bell, stock manager; Judge J. R. J. Kibberg, Ranch, Kingsville, vice-president.

MODERN LIVING IS ELECTRIC LIVING

I NEVER KNEW CLOTHES COULD BE SO FLUFFY UNTIL WE GOT OUR ELECTRIC CLOTHES DRYER!

Nothing is quite as stiff as a line full of frozen clothes. There's nothing softer, fluffier about clothes dried in a freezing March wind. But there's no need for this old-fashioned drying method any longer. Automatic electric clothes dryers dry the clothes the way you want them—soft and fluffy—ready to put away or damp-dry for wearing, whatever your choice.

Married Blonde Other Girls How

OUR MARTIN
Betty Cooper, 29, who has 11 different husbands: "Honey, I don't want any more publicity. I didn't get married for publicity and I don't get divorced for publicity. I got married every time, thinking 'This is it.' You don't get married unless you think it's going to work."

Words roll out of Betty's scarlet lips with machine gun rapidity. "Now, Honey, I don't want any more publicity. I didn't get married for publicity and I don't get divorced for publicity. I got married every time, thinking 'This is it.' You don't get married unless you think it's going to work."

No shrinking violet, Betty says she likes to have a good time. "I like to dance and have company and when you marry and are told 'you can't do this' why then things just don't work out."

Betty, about five feet, seven inches tall and the "right weight" won't talk about her former husbands. Says she: "They're all nice boys. That's why I married them. If things didn't work out. Maybe it was me, some."

She is reluctant to talk about herself, saying: "I've got a good job (selling costume jewelry) and I don't want to take a chance on doing anything that would hurt me on it. Besides, all this publicity might hurt me the 13th time."

Reminded that she had been married 12 times already, she said, "Oh yes!"

Is there any secret to attracting men and marrying?
"Just be yourself," says Betty, adding: "I'm like any other girl. I was raised in a good family, have a good job and a nice career opportunity and go to church."

Mr. and Mrs. Vernon Eagan and Mr. and Mrs. Jack Foust and daughter Judy, are planning to leave today (Sunday), for Dallas, where Mr. Eagan and Mr. Foust will attend the annual state winners convention. Mrs. Eagan plans to stop at Olney and visit relatives, and Mrs. Foust and daughter will visit in the home of Mr. and Mrs. Wayne Arnold and family, who live in Dallas. They are former Littlefield residents.

First Aid Courses Taught By Red Cross Executive Secretary

Approximately 22 boys from Boy Scout troop 39, and two from troop 41, attended and signed for a series of first aid courses, when a meeting was held at Lamb County Youth Center, Tuesday night. The classes are being taught by Mrs. Lyle Brandon, Red Cross executive secretary.

The junior class, made up of young persons between the ages of 11 and 14, will meet each Tuesday and Thursday afternoons, at 5:30 o'clock. Advanced classes or explorer group were to have their first meeting Friday night at 7 p.m., when a definite schedule was to be worked out. This class is made up of boys of 15, 16 and 17 years of age.

Included in the first aid course.

LAMB COUNTY LEADER, THURSDAY, APRIL 3, 1952

is "what to do until the doctor arrives," how to splint broken bones, give artificial respiration, etc.

Mrs. Brandon says there will be four classes each week, and the courses are to be completed in approximately five weeks.

Little Rickey Miller, five year old son of Mrs. Venita Miller will undergo a tonsilectomy at Littlefield Hospital Friday morning.

Want a lot of mileage for your money?

WE'LL admit that the price tags of automobiles—all automobiles—aren't what they used to be. But it's just as true today as ever before that some price tags are lower than others, and some cars cost less to own than others. So let's see how a Buick SPECIAL fits into the picture. Take first cost. If you put the price tag of this Buick against price tags of cars that have always been tagged as belonging in "the low-priced field"—you'll find that, in actual dollars, a Buick's surprisingly close to these cars of lesser size and horsepower. But that's just the beginning. What you're getting here is Buick quality—this SPECIAL comes down the

same assembly line as SUPERS and ROADMASTERS. Its heft tells you it has extra sturdiness in frame and structure. Its Fireball Engine delivers extra power. It is an eight, a valve-in-head, with high compression, and the miles you can get from a gallon of gas make it a thrifty performer. You get Buick's Million Dollar Ride, which protects you—and the car—from jars and jolts. Even the tires are bigger—which, any tire man will tell you, lengthens their wear. And if you pay a bit extra for Dynaflo Drive* you're easing the strain on the engine, the rear end, the tires—and eliminating clutch repair bills.

So when we talk about "mileage for your money" we're talking about the miles you'll get from your car—including the unused miles that are what you have to sell when you trade it in. Maybe that's why Buick's doing so well in the present market. Why not come in and see what a great car this is for you? *Standard on ROADMASTERS, optional at extra cost on other Series.

Sure is true for '52

South Plains Co-op Hospital, Amherst, Sunday afternoon, where he had been a patient since last Thursday, suffering from a lung infection. His condition is improved.

Mrs. Elton Hauk and daughter Monya spent last week end at Hamlin visiting in the home of her sister, Mrs. Bert Fomby and family.

Geraldine Harlin, who has been a patient at South Plains Co-Op hospital at Amherst for the past several weeks, was dismissed from the hospital, February 13, and is convalescing at the home of her parents, Mr. and Mrs. J. J. Harlin of near Littlefield.

TODAY'S BIRTHDAY

By AP Newsfeatures

Iva Kitchell, born March 31, 1912 at Junction City, Kan., as Emma Baugh, daughter of a soldier.

A dancing satirist, Iva Kitchell is her own choreographer and creator of her own costumes. Critics have hailed her technique and talent from New York across the United States and Canada and to Hawaii and South America. She started in the Chicago Opera ballet at \$35 a week.

Dorothy McCullough Lee, born April 1, 1901, in Oakland, Calif., daughter of a Navy medical officer. First woman mayor of Portland, Ore. Mrs. Lee was elected in 1948 with a two-thirds majority over six opponents. A lawyer and wife of an oil company official, she served in both houses of the Oregon Legislature, Portland's City Council and as commissioner of

public utilities.

James Preston Kem, born April 2, 1890, in Macon, Mo. Republican senator since 1946, he has been an outspoken critic of his fellow Missourian, President Truman. A graduate of Bles Military Academy, the University of Missouri and Harvard Law School, Kem practiced law for many years in Kansas City. He was an infantry lieutenant in World War I and is a member of the bar in Missouri, Texas and Wyoming.

George Albert Jessel, born April 3, 1898, in New York, son of a playwright. This actor, motion picture producer, song-plunger and popular toastmaster has earned the label of "a favorite son of vaudeville, since 1910." George began singing as a boy to entertain customers waiting for his grandfather, a tailor, to press their pants. He hit the stage with two other boy singers—Jack Weiner and Walter Winchell.

Adolph Joachim Sabath, born April 4, 1866, in Zabori, Bohemia, one of 11 children of a poverty-stricken butcher—the only Jew in a town of 400, seat of a Catholic diocese. This dean of Congress went to Washington from his Chicago district in 1906 in the administration of Theodore Roosevelt and has been there ever since. Re-elected 21 times, Sabath stands on his record.

Melvin Douglas, born April 5, 1901, in Macon, Ga., as Melvin Hesselberg, son of a Russian-born pianist and a Kentucky-born mother who wanted him to be a lawyer. But Douglas chose the stage. Husband of Helen Gahagan Douglas, he has long been a figure on Broadway, in Hollywood and in politics. He served in both World Wars and has been a center of controversy because of his liberalism.

When you have a prescription calling for capsules... think of them as Capsules of Health. And when you bring that prescription to us for compounding, think of it as the best that money can buy.

Meeting Opens At Amherst Assembly Of God

David Chesney of Clovis, N.M., who is a traveling evangelist for the Assembly of God church is the speaker in a meeting at Amherst, which opened Sunday at the newly organized Assembly of God church. Rev. Ray McNeal, pastor, stated that Chesney preached the old time gospel and that God is using him for healing powers.

From Amherst he will go to the church conference in Roswell, N.M., and the Amherst pastor will accompany him to Roswell for the conference.

The time for the services each evening is 7:30 o'clock.

Junior High Teacher Is Patient In Amherst Hospital

Mrs. A. Y. Doherty was admitted to the South Plains Cooperative Hospital at Amherst last Wednesday, for medical treatment. She was scheduled to be dismissed yesterday. Mrs. Doherty is a math teacher in the junior high school.

Eighteen Year Olds May Register At Court House In Littlefield

Anthrax Disease In Livestock Worst Since 1946

Agriculture Department records show the current outbreak of anthrax disease in livestock in the worst since 1946 and may even surpass the huge number of outbreaks that year. Since Jan 1 of this year, outbreaks have been reported on 242 farms in 107 counties in seven states. The worst of these is the heavy livestock producing state of Texas where 194 outbreaks already have resulted in 27 fatalities. The number of deaths this year has not been reported.

Second worst hit state has been Ohio. Twenty-seven counties have reported that 87 farms have animals stricken with the disease. Twenty-five Illinois counties have reported on 35 farms and Indiana has had nine outbreaks on nine farms.

Although 1951 figures are not yet compiled, anthrax in 1950 killed 595 cattle, horses, sheep and swine. The disease broke out in 55 counties in 12 states. Sixty-one farms were affected.

Louisiana was the hardest hit two years ago, suffering 324 animal fatalities; mostly cattle, on 13 farms. It was also in Louisiana that the most serious outbreak in past several years occurred. In 1946, an estimated 3,000 animals died from the disease. The national total that year was more than 4,000 on 163 farms.

The disease has not been nearly as serious in recent years as it once was. Investigations on organisms that cause anthrax began as long ago as 1888 when serious losses were reported in many states.

The Pasteur method of vaccination was used in this early work with varying degrees of success. But at the turn of the century, a new serum and vaccine which have been much more effective in controlling the disease were developed.

Those serums, along with newer antibiotics, are still in use. Dr. Bennett T. Simms, chief of the Bureau of Animal Industry said, they offer "fair" protection. But the depart-

AUSTIN, Texas, Mar. 28—Boys who reach the age of 18, required to register with the nearest draft board, can register in Littlefield with Miss Betty Timian, Miss Peggy Cook, and Billy Herring at the county clerk's office in the courthouse.

The nearest draft board is local board No. 4, Muleshoe, which has jurisdiction over Bailey, Cochran and Lamb counties.

Services of these registrars enable Lamb county boys to register in their own county without having to go to the expense and trouble of travel to Muleshoe.

A local board is maintained for the three-county area because one board can take care of it under present circumstances and thus help keep down the cost of government.

Brib. Gen. Paul L. Wakefield, state Selective Service director, said today that "people should appreciate the services these registrars are rendering the people of Lamb county. They do this job without pay as a patriotic service to the country."

All males are required to register under the draft law on their 18th birthday or within five days thereafter.

Maximum penalties that can be applied for failure to register is \$10,000 fine, or five years in prison, or both.

Dr. And Mrs. Meers Leave On Trip

Dr. and Mrs. Weldon B. Meers left Tuesday morning for Brownwood. They also plan to visit in San Saba, Gatesville and Temple, Texas.

Dr. Meers preached in the Central Baptist church at Gatesville on Wednesday evening. They will return to Littlefield the later part of the week.

Lowell Fulton, who has recently surrendered to the ministry, brought the Wednesday night message to the Littlefield Missionary Baptist church in the absence of the pastor.

Jimmie Garrett will have charge of the Young People's service on Thursday night and will bring the message.

New Business Opens At Earth

A new business opened in Earth and J. O. (Bill) Pope is the owner, and is operating as Earth Auto Parts located in the new McCaskill building.

The store is carrying a complete parts coverage on all types of automobiles, tractors and irrigation motors.

ment admits the job of getting rid of the anthrax spores is tough once they've rooted themselves in the soil.

The department plans to hold hearings soon on recommendations of the U.S. Livestock Sanitary Association to ban imports of unsterilized bone meal and to control interstate shipments of the product.

Some state livestock specialists believe the spores have entered the country from abroad in bone meal which is fed to livestock.

Shoe with a Future

Shoe with a future because you'll want to wear it always . . . because there's such a forward look to the design. Pancake sole, very open, utterly cool. White leather, and red leather.

Dr. Weldon Meers Named President Of Church Fellowship

Dr. Weldon B. Meers, pastor of the Littlefield Missionary Baptist church, XII Drive and 8th St., was elected president of the Top-of-Texas Fellowship of Fundamental Baptists which convenes once each month. Rev. Harold Webb, pastor of the Fundamental Baptist church, of Decatur, Texas, was the outgoing president.

Earth Junior Livestock Winners Are Announced

There were 60 entries in the livestock division of the stock show and rodeo held at Earth Saturday, March 22, jointly sponsored by the FFA and 4-H Clubs. In charge of the show were Travis Scott, Springlake vocational agricultural teacher, and Bill Rogers, Amherst, assistant Lamb county agent.

Top winners in the livestock division were:

Earth Youth Winner
Hereford, Clifford Bills, Earth; Duroc Barrows, Mike Burgess, Earth; Duroc Gilts, Wendell Tarpley, Earth; Duroc sows, Melvin Harris, Springlake.

Lamb, Eddie Hayden, Hart; Beef cattle, Lexie Branscum, Muleshoe; dairy cattle, Lexie Branscum; rabbits, Myers Ogletree, Earth; Poultry, Donald Williams, Springlake.

The over-all champion in the rodeo events was Ed Workman of Olton. He was also judged the best all round cowboy. Bill Hill took first place in the bull riding contest and Lexie Branscum in the calf roping and tie-down.

Saturday's top winner in rodeo features was Loyd Davis; the ribbon roping, Dolan Fennel, Friday's top winner was Eddie Hayden.

Earl Keller won the Peewee bull riding contest. The senior boot scramble was won by Jerry Connell and the junior boot scramble by Gene Connell.

Bob Wade won the bareback horseriding contest. General superintendent of the rodeo was Douglas Lewis.

Put Your Best Foot Forward

. . . in a calm and cool low pump, its toe festive with a star-studded perky bow. You'll love the way it looks just right with every costume in your warm-weather wardrobe. Fresh white butcher linen.

SIZES 3 1/2 TO 10 \$3.50

Buckles in Triplicate

A new and novel accent to summer's favorite sandals . . . gleaming buckles catching a trio of twin straps all to one side. Pancake-flat sole, lots of breeze-way. White leather and multi-tone.

Preacher Builds Church And Congregation, Too

SINGLE-HANDED — Preacher John D. Smith (inset) started all by himself to build this church in East Ridge near Chattanooga.

AP Newfeatures

CHATTANOOGA, Tenn.—A hosiery mill worker-turned Church of God preacher—has become something of a 20th century Johnny D. Smith who plants churches. When John D. Smith heard the call to preach seven years ago, he had no church and no congregation. With 10 friends who formed his original flock, he set out to

build his own church.

Some of the friends had connections in the construction business. They were invaluable in the building of a stone structure which was named the Alton Park (Chattanooga) Church of God.

Smith, who had never before laid a stone, was on the job every day as a laborer.

The new preacher's sermons and spirit attracted followers rapidly. But when the congregation had grown to 351 members, three years ago, Smith set out for new fields. He chose the nearby East Ridge district, where he had been born.

Smith borrowed money to buy a lot. A short time later he was offered a \$900 profit for the property. He sold it and bought several lots.

Again without a congregation, he erected a tent and held Sunday meetings, working weekdays on the foundation of his church.

He had never laid a brick but one of his new followers gave him lessons. Soon he was working late into the night. Youngsters of the neighborhood dropped by to watch and Smith persuaded them to mix mortar and carry bricks.

The church was completed recently, three years after it was started. Smith says "If the church has 50,000 bricks in it, I guess I

Sister Of Mrs. W. H. Heinen Dies Thursday

Mrs. W. P. Lupton, 73, pioneer Lubbock county resident, who died at her home near Shallowater Thursday morning at 4 a. m., was a sister to Mrs. W. H. Heinen of Littlefield, and mother of Mrs. Lewis Owens of Pop.

Funeral services were pending at the time of going to press Friday night, but McDonald Funeral Home at Lubbock said the rites would probably be conducted Saturday at 10 a. m. at St. Elizabeth's Catholic church, Lubbock, with Rev. Ft. Wm. P. Blakelee, pastor officiating. A Rosary was read at the McDonald Chapel Thursday at 8 p. m. and another Rosary was read Friday at 8:15 p. m. Burial will be in Lubbock Memorial Park cemetery. Mrs. Lupton died after an illness of several months.

Deceased had been a resident of Lubbock county since the turn of the century. She was well known in the Shallowater area and was one of the county's early rural school teachers.

She was born at Ballydehob, County of Cork, in Ireland, April 7, 1878. She came to America in 1888 with her family. She moved to Lubbock from Marshall in East Texas in 1900.

Survivors include her husband, the above mentioned daughter and sister, and four other daughters, Mrs. Roy M. Snyder of Reserve, N.M.; Mrs. James J. Lynch, Berkeley, Calif.; Mrs. R. B. Crockett, Lewisville and Mrs. J. H. Kimes

laid 45,000."

Members of the congregation, now grown to 254, estimate the value of the building at \$75,000. Smith, who doesn't count his own labor, says the cost to his followers will be \$35,000.

The congregation had expected Smith to settle down after building a church in the place of his boyhood. A few days ago, however, they were surprised by an announcement:

Their preacher is leaving to build up a church near Decatur, Ala.

TRUMAN HARRY LIKES IKE — Truman Harry, 35, a San Angelo meat cutter and chicken farmer, gets a lot of static from people who think his name is a joke. He says he's for Ike this time, "if he'll run" even though

he voted for Truman in 1948. He's shown here checking his mail box with sons Johnnie, left, and Ray. There's another presidential quirk in the family too—Harry married a girl whose maiden name was Hoover. —AP Photo

Jr., Lufkin; and two sons, Walter Lupton, Shallowater and Richard Lupton, Tullia; two other sisters, and one brother, and 35 grandchildren.

Cubs Of Pack 41 Receive Achievement Awards

Cub Scout Pack 41 met in the Presbyterian church Thursday night with 65 parents and cubs

present. The theme of the program was "Things that Grow," and each cub was dressed to resemble a vegetable.

Achievement awards were presented by Buster Owens Jr., to Berry Walker, and Steve Sullins, who received the bear badge, and gold and silver arrows, and to Pat Diersing who was presented the wolf badge and a gold and silver arrow. Ralph Mauer and Eugene Reeves were presented wolf achievement badges.

Your Child WILL LIKE THIS NEW COUGH HELP

For coughs and bronchitis due to colds you can now get Creomulsion specially prepared for children in a new pink and blue package and be sure:

- (2) It contains only safe, proven ingredients.
- (3) It contains no narcotics to disturb nature's processes.
- (4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.

CREOMULSION FOR CHILDREN

relieves Coughs, Croup, Colds, Acute Bronchitis

"turns out she was right after all"

"Jane kept harping about not having hot water enough for her new automatic washing machine. I said nonsense—we have a good water heater! But to keep peace I called our plumber. Only ONE automatic water heater heats fast enough to run these modern appliances," he said, "and it's Gas. It's 3 times faster than any other all-automatic fuel." He said also a Gas heater would be cheaper to buy, install and run. Must say I've got hotter water for shaving, too!" Ask your plumber—he'll tell you there's nothing like Gas for automatic water heating.

"I. B. McKinley, Sr. Master Plumber 2720 19th Street Lubbock, Texas

This is a Coleman automatic Gas water heater... one of several fine brands on the market today. Your merchant plumber or Gas appliance dealer will gladly advise you about the right size for your family.

And there's nothing like Gas for automatic cooking... refrigeration... house heating... air-conditioning... clothes-drying... incineration.

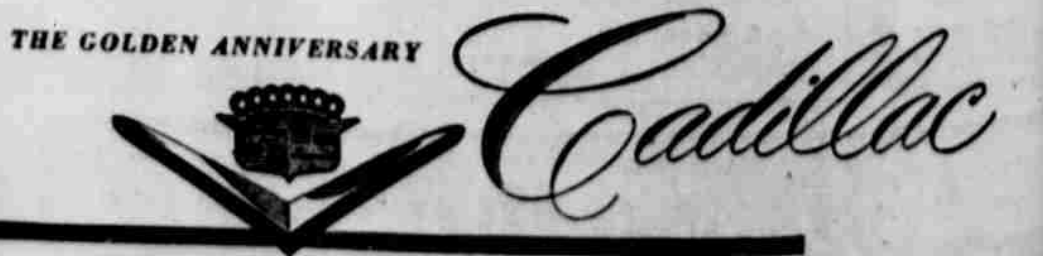

West Texas Gas Company
HELPING BUILD WEST TEXAS SINCE 1927

Ahead—the Nicest Miles in the World!

Well, the day has come! You have your beautiful Golden Anniversary Cadillac—and are off on that cross-country journey you've so eagerly awaited. You're full of hope and anticipation—but almost afraid it's too good to be true. Can any car perform and handle the way people say *this* one does? You come to the end of the street that opens into the cross-town thoroughfare—and the big, easy-acting brakes settle you down to the softest, smoothest stop you ever experienced in all your life. You touch the throttle, and the great engine starts you out like the flight of an arrow—smoothly and swiftly and quietly. Almost before you know it, a light turns red—and, once again, that easy, velvety stop. And then the green—and again that swift, eager move into action. Stop and go—red and green... and pretty soon it dawns upon you that you never dreamed of driving a car that handled and performed like this. Wonderful in city traffic—no doubt about it!

And then the cars thin out about you—the traffic lights stretch farther and farther apart—and you find yourself on the open road. Instinctively, your foot goes down on the throttle; but, quickly, it eases up again. For you find yourself really rolling in a couple of hundred feet! So you do a little experimenting until you find the spot where the accelerator belongs for sane and sensible driving—and then you settle back and relax. You scarcely seem to be moving at all. You handle the wheel with the weight of your hand. You're comfortable—resting—at peace with the highway! The sun rises higher and the road beckons on. "Where did we plan on stopping tonight?" "Better take a look at the map and see what's on down the line. We're going to get a lot farther than I ever dreamed we could!" Yes, it's true what they say about Cadillac. Better come in and see it—and drive it—while you're in the mood!

Jones Motor & Tractor Co.
EAST EIGHTH STREET AND LEVELLAND HIGHWAY LITTLEFIELD, TEXAS

Receives Letter Of Appreciation One Of Its Readers, Carl Timmins

Timmins was proud to receive from one of its readers, Carl Timmins, formerly of the community, who is with the Air Force, Wyoming. Friends will also be interested in reading the following:

ward to receiving it. It is a real pleasure to come to work every Monday morning, and find a copy of the paper on my desk. I have been in the Air Force for a year and a half, and away from Littlefield for that length of time. I am still very much interested in what goes on in Littlefield, and your fine publication supplies the news for me.

Wyoming is a wonderful place and the people are really nice, but it just isn't TEXAS. I have had the good fortune of being able to stay at Francis E. Warren AFB, for well over a year now. Many of the fellows I know aren't so fortunate. What I am really trying to say is "THANKS" an awful lot to some really swell people. Here's hoping that things will work out so I will be able to see you when I take my leave in November.

Sincerely,
Carl E. Timmins
Sgt. USAF

FOOD TESTER'S

By JOE F. KANE
AP Newsfeatures
MINNEAPOLIS—Getting paid to eat in these days of budget-busting food prices keeps 1,600 housewives whistling at their work in kitchens across the country.

The 1,600 are home testers who serve as "grass roots" critics for new recipes being developed by General Mills, Inc.

If enough of the home testers report their families are enthusiastic about the new foods, the recipes are distributed nationally—along with feasible ideas for improvements made by the testers.

The firm pays an average of two dollars for each recipe tested by women from different income brackets. Many of the home testers are farm wives.

Money paid "the home testers more than covers the cost of ingredients used in the recipes," said Janette Kelley, director of the General Mills home service department.

"The home testers get a lot of satisfaction just in trying something new. They love to work with food—and to talk with their neighbors over the back fence about being on the inside of a new development."

Home testers are picked from areas in which high or low altitudes affect the baking time of light cakes and pastries.

The willingness of housewives to take part in the home testing is verified by the fact that General Mills has a waiting list of several thousand women who have asked to be added to the corps of home testers.

"Our waiting list will last us years and years," Miss Kelley said. "We just can't add any more names to it."

Charting the Stars

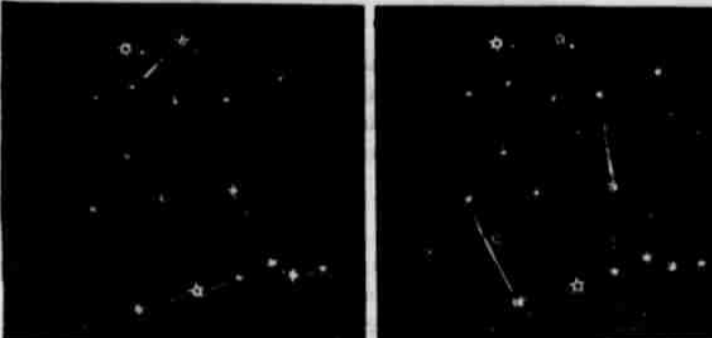

AP Newsfeatures
STAR GAZING has interested men for so long that its beginning in antiquity cannot be traced. Through the ages they have tried to group stars in "constellations", many of which are linked to ancient myths. Charts drawn to show these constellations have puzzled moderns. H. A. Rey was one who was puzzled. "There is a better way to chart the stars," he said, and produced a book to prove it. Known for his children's books, his "The Stars" reduces the problem to its simplest terms for both children and adults. Here are four illustrations of the old and new charts taken from Rey's book. His charts are at right.

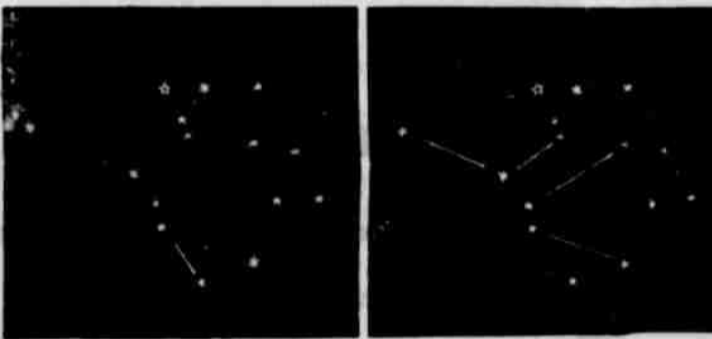

GREAT BEAR—This star group which contains the Big Dipper is one of the best known in the northern sky. The two stars farthest from the handle of the Dipper point to the North Star around which Rey groups his charts of the stars. The Bear is visible all year.

HERCULES provides a picture of the hero with a club when Rey charts it. Best seen May through October.

TWINS are best seen December through May.

PEGASUS can best be seen August to October.

Four hundred Minneapolis women make up a special group of testers. They are divided into small groups to do the original home testing. In addition to sending written reports on their success with a new recipe and its popularity with the

family, the women send in actual samples of their finished products. Mr. and Mrs. Bill Lyman spent the weekend in Amarillo visiting with her parents, Mr. and Mrs. J. H. Utterback.

Patients At South Plains Co-op Hospital Amherst

Those who were registered as patients during the past week, are as follows:

Mrs. S. G. Perkins, A. Crain, Ken-

neth Rowland, George Kirk, Jimmy Hall, J. R. Busby, Carl Weddle, Frank Sturgis, Larry Don Bills, W. P. Kirk, C. E. Hukill, Onard Upton, H. A. Harvey, T. W. Coffman, Betty Julian, Mrs. John Muller, Bena Merrell.

What to look for if you want a better 1½- or 2-ton truck

"Our Dodge 2-ton models have done a remarkable job for us."
... says S. W. TANNER
Veteran's Gas and Service Co., Pueblo, Colorado

In all-round satisfactory performance, dependability and economy, our Dodge "Job-Rated" 2-ton trucks have done a remarkable job for us. In fact, one truck has 80,000 miles on it, and the only replacement has been a new jet in the carburetor. That's economical maintenance you just can't beat! My partner, Eric Samuelson, swears by Dodge, too. Says our 2-ton trucks handle just like a passenger car."

Look first for the truck that best fits your job!

Look for strong, rugged load-carrying units—frame, springs, axles, wheels, and others—engineered to provide the strength and capacity you need. Look for load-moving units—engine, clutch, transmission, and others—engineered to meet the most severe operating conditions.

Look, too, for a powerful engine, easy steering, short turning ability, and extra payload capacity.

You'll get all these advantages when you choose a Dodge "Job-Rated" 1½- or 2-ton truck.

Yes, look for the best in a 1½- or 2-ton truck, and you'll find it in a Dodge. Come in today.

Big Power at a Saving. Dodge "Job-Rated" 1½- and 2-ton trucks feature a high-compression 109-h.p. engine. For outstanding economy, you get 4-rang pistons, chrome-plated top rings, and other advantages.

Exceptional Handling Ease. Champion Truck Roadco contestants choose Dodge "Job-Rated" trucks because you can cut sharper, maneuver easier, park faster—thanks to wide front tread and short wheelbase.

Fast Delivery Work. There's a 5-speed transmission available on most models for higher road speeds—greater pulling power. And low loading height simplifies the job of loading and unloading.

See us today for the best buy in low-cost transportation...

Garland Motor Company

Littlefield, Texas

Feelable new power guaranteed with RISLONE in your motor oil

... Frees sticking valves for full compression and power... by dissolving gums and sludge instantly

Rislone "motor magic" works in cars of any age. And cars of every age need Rislone.

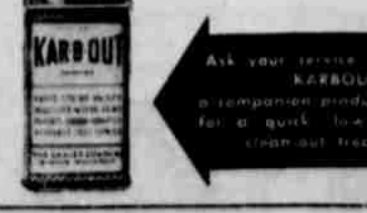

Rislone is a super-lubricant itself, with no harmful ingredients. Keep it in your car all the time — to keep your motor-oil doing a good job. It dissolves gum and sludge immediately, prevents new deposits. Actually it cleans your engine as you drive; protects it with full, instant lubrication; gives you new power. Count on Rislone to keep your car running "like new," to pep up sluggish motors, to eliminate slow-speed jerkiness and poor starting. Put it in new cars, to avoid slow-speed break-in and permit driving at normal speeds immediately — with safety.

Money-Back Guarantee!

- Make this test today:
1. Have your regular service man put a quart of Rislone in your oil today.
 2. Drive 10 miles. Watch for these feelable improvements: smoother, quieter power; new "get-up-and-go"; power-surge pick-up.
 3. If you don't actually feel this difference in just 10 miles — return to your dealer for a full refund.

Make this test today!

The Shaler Company
WAUPUN, WISCONSIN

Ask your service man about KARD-OUT carburetor cleaner. It's a complete product to Rislone for a quick, low-cost carbon clean-out treatment.

Look for this sign when in need of tube repairs and let a man who knows how repair them with genuine Shaler Hot Patch — the safest tube repairs known.

Wayland College Students Contribute \$1700 To World Mission Enterprise

Because one girl at Wayland College, Plainview, wanted to do something for the world mission enterprise and gave her watch, over \$1700 has been given this week for missions by citizens of the plains, faculty, and students at the college.

The student's contribution of the watch was made during Mission Focus Week sponsored by Wayland. After hearing messages from missionaries to Formosa, China, Japan, India, Columbia, France, Nigeria and Latvia, she went to Dr. J. W. Bill Marshall, Wayland's president, and told him that she had no money but she would like to give her watch that it might be sold and the money used to help send the Gospel to other nations. Moved by her sacrifice and the needs around the world, many students gave all they had to further Christian missions in Korea, Japan, Formosa and Italy.

Holder of three world records in track, Sam Allen, now publicity

field representative at the college, gave the medals he had won at track meets. Realizing these medals were only gathering dust, Mr. Allen said he wanted to sell them to help further the Gospel. One of the freshmen basketball boys gave \$449.50 to the fund. He stated that this money had been saved to go to college but since he has a basketball scholarship he could give this money.

Another student, stating that he had no money, gave his Bible and pledged to earn \$20 for the fund. The manager of the Wayland World Press, a student and mission volunteer himself, pledged to give \$25 a month until he finishes school and is appointed to the mission field.

The manager of the Wayland barber shop pledged all the profits that the shop makes. The money that she had been saving for a new Easter outfit was given by one girl and another gave her high school

class ring to be sold. Dr. J. W. Marshall, president gave a check for \$50 a month to the fund. Mr. Boudin, director of relations at Wayland, who is to Italy this summer. In talking about the fund, Mr. Boudin said, "I have had no possible excuse for not going to Italy. I must go to Italy to give the Gospel to those people." Sam Choy, director of students at Wayland, is going to preach in Korea. Mr. Choy has sold his car to pay his expenses in Korea. Bob Bratton, a student, will be speaking at a public school on the mission soon. He will appear at public schools on the mission. The amount of \$1700 is not included in the \$100,000 from Japan was used for the war, plans to go to the country this summer to work with missionaries.

Reddy Needs Help At Plant

Operators and maintenance men are needed at Plant X, the Southern Public Service Company's new generating station, four miles south of Earth, N. Drake, plant manager, is forming his crew and is looking for men with a high school education and mechanical ability to fill the jobs.
