Federal Injunction Is Filed Against O. L. Shannon; Ordered To Appear In Court At Amarillo Friday, November 16

In Federal Court at Lubbock Wednesday, Judge Dooley signed an injunction against O. L. Shannon, of Sudan, which prohibits him selling or otherwise disposing of, leasing and encumbering any assets connected with his mammoth grain storage business.

The injunction also ordered Shannon to appear in Federal Court at Amarillo November 16, at 2 p. m., in answer to claims advanced by Commodity Credit Corporation, in one or more suits. Specifically, he is charged with failure to make delivery on grain stored in his Sudan warehouses, to a reported amount of \$978,364.18.

The petition filed at Lubbock Wednesday states that Shannon stored 30,797,572 pounds of mto, and 47,772 bushels of wheat, under the uniform grain storage agree-

ment. Three storage contracts are said to have been in effect. But the list released for publication following filing of the suit, did not reveal any contract for 1951, the most recent being dated June 1, 1950.

Shannon Big Operator

Shannon is well known in Sudan and Lamb county. He has been active in the grain business in the western part of the county for several years, and has lived in the Sudan area for something like the past 20 years.

Last spring newspaper reports were carried by this and other papers to the effect that Shannon planned to construct and provide and locate in Sudan a huge new elevator, "largest in the state." Some preliminary work has been done on the new structure. Work

was stopped or practically stopped several weeks ago.

It has been reported and rumored among local grain men for the past several weeks that the Shannon storage situation was being checked.

The papers filed in Lubbock Saturday, were by U.S. Attorney Frank Potter of Dallas, A. W. Christian, assistant attorney, and Lee P. Pierson, representing the office of the Solicitor Department of Agriculture.

Shannon was reported as having questioned the government figures, and also reported as stating that Commodity Credit owed him in the neighborhood of \$100,000 for storage.

A receiver is asked for the Shannon properties in the petition filed in Lubbock.

GOOD PUBLICITY FOR LITTLEFIELD

A special honor came this week to a Littlefield merchant, Jerry Quigley, owner and operator of Quigley's Market on Highway 84.

Each week, in a special Curtiss Candy Company edition of Quick Magazine, the company presents two store promotions of Curtiss products.

In this week's edition of Quick

the Littlefield store Curtiss exhibit is presented in photograph.

The same photograph which appeared in Quick Magazine is reproduced above. It shows Mr. Quigley and Ray Brown, aged 2½ years, who happened to be in Mr. Quigley's store at the time the photograph was made.

The special edition of Quick Magazine circulates among Curtiss employees throughout the nation. Therefore, the photograph of the Littlefield store brought national publicity to Mr. Quigley and to Littlefield.

T. G. Shaw, special accounts salesman for Curtiss, expressed his pride in the Quigley exhibit and the fact that valuable publicity was brought to Littlefield through the publication of the picture.

LAMB TAXPAYERS TO PAY \$14,469 LESS THIS YEAR

State Tax Rate Reduced 30 Cents; County Rate Same

The assessed valuation of Lamb County has increased in 1951 by nearly \$1,000,000 compared with the figure for last year. Last year's assessment was on a valuation of \$13,568,605; this year the valuation jumped to \$14,424,506. The increase in valuation for the past year, therefore amounts to \$855,901.

At the same time, due to a decrease of 30 cents on the \$100 valuation by the State, Lamb county taxpayers were billed this year for less taxes to pay than last year. Taxes assessed last year were \$279,728.15; for this year the figure is \$264,258.34. The total assessment for this year, and payable amounts of \$14,469.81, less than was assessed and put on the tax collection rolls last year.

For state tax purposes only, the assessed valuation is \$10,443,366, compared with \$9,752,590 last year, a valuation increase of \$691,776.

Both named valuation increases above, show and prove a substantial growth and building in the county for the past two years.

And on the credit side for the Lamb Commissioners Court is the fact that no rate increases were made. With the increased valuation and the lessened state tax rate, a larger percentage of the taxes collected will go into the county tax coffers—less into the state treasury.

The figures, substantially follow the same trend that a recent resume of City finances revealed, as published last month.

Pat Boone, Jr. To Serve As Chairman In Red Cross Drive

Pat Boone, Jr. will serve as County Chairman of the annual Red Cross Drive, which will get underway in March next.

In an interview with Mr. Boone Thursday, he stated he had been asked to serve in this capacity by

Rev. J. Henry Cox, County Chairman of American Red Cross, Lamb County Chapter; and that a meeting will be held Friday, December 7, at which time it is expected further arrangements will be made and the quota set up.

D. E. Club Plan Lubbock Trip Thursday

Members of the Distributive Education Club accompanied by sponsor, Jesse Foster, will go to Lubbock next Thursday, November 15th, on a Field Day trip. They plan to leave the school building at 8 a. m. and will return to school in time for 1 o'clock classes in the afternoon.

The group plan to visit several places of interest, including the preparation room of window displays in some of the large department stores; shipping rooms, etc.

Lubbock Chamber of Commerce are working with the group and making arrangements.

Cotton Prices Climb \$10 Bale; Second Jump This Week

Lamb county farmers who have been delayed in harvesting their cotton, and therefore delayed in selling it, were hundreds of thousands of dollars richer as a result when the cotton market closed Friday, compared with last Wednesday.

Cotton prices jumped the full \$10 per bale limit Thursday, and jumped another \$10 again Friday, when the closing quotation was 43.75 for December delivery—and exactly 166 points of the price ceiling now in effect.

Local cotton brokers, were actually paying the even higher, full ceiling price for spot delivery on Littlefield streets Friday afternoon. They anticipated that tomorrow's quoted price would be the

ceiling, a further advance of 1.66 points.

With at least a hundred thousand bales almost a certainty for Lamb county this year, practically none of it yet sold, it would be conservative to say that Lamb county cotton growers have made a new \$2,000,000 profit this week.

The reason for the sharp jump in price was release of the U.S. Department of Agriculture cotton forecast for November. It estimated total U.S. production for 1951 as 15,771,000 bales, 1,160,000 less than was forecast only one month ago.

Mr. Stacy is a highly respected farmer in the Anton community. He was born in the town of Wister in the Indian Territory. He served in the 4th Division with the American Expeditionary forces in France during the first World War. He was wounded and re-

Diversification Of Investments For University Permanent Fund Proposed; Voters To Pass On Suggested Plan

Local comment indicates special interest in one of the Constitutional Amendments which will come before Texans in the special election called for Tuesday, November 13. This is the proposal which would allow diversification of investments for the University Permanent Fund.

Under existing constitutional provisions, the fun can be invested only in federal, state, or municipal bonds, the income being divided 2/3 to the University of Texas and 1/3 to Texas A&M College.

The amendment would extend permissible investments to include corporate stocks under prescribed restrictions: (1) not more than 50% of the fund can be invested in stocks at any one time, (2) not more than 1% of the fund shall be invested in securities issued by any one corporation, (3) not more than 5% of the voting stock of any one corporation shall be owned by the fund, (4) stocks eligible for purchase shall be restricted to U.S. Corporation stocks which have paid

Wm. C. Stacy To Be Awarded Medal At Legion Program Nov. 15

J. G. Greer, Commander of the Odus Nelson Post No. 458 of the American Legion, Anton, Texas, has announced that there will be a program in the Anton high school auditorium next Thursday night, Nov. 15 at 7:30 o'clock, to which the public is invited.

The highlight and reason for the program will be the presentation of the Medaille de Saint-Mihiel which has just been awarded to William O. Stacy of Anton, in recognition of his part in the liberation of Saint-Mihiel during World War I. The medal was awarded by

collected the Purple Heart in the battle of the Argonne, recovered from his wounds and was put back in the front lines to participate in the battle to liberate Saint-Mihiel.

Sergeant Huffman of the Marine Corp will exhibit actual combat films with sound effects. Few people have ever had the opportunity of seeing such an exhibition; there will also be music and other entertainment. The program will probably last an hour and a half and the people of Anton and adjoining towns are invited to join in honoring this worthy soldier.

You And Your Congress

The next session of Congress won't look much different but it will sound considerably shriller than the one that has just ended.

The second session of the 82nd Congress, which will open shop at noon on Tuesday, January 8, will debate just about the same things that were discussed during the first session. Unless, that is, a new world war should erupt in the interim.

The discussion, however, can be expected to be at a higher pitch because of 1952 being a national election year. Many a page of the Congressional Record will be filled with campaign speeches or material for same. Discussions of most issues will be weighed more carefully than usual for their political effectiveness.

A checklist of items that the next session will consider includes the following:

Appropriations: These are a perennial item because they are made only a year at a time. Next year the requests will be larger than this, because the plan is for spending to rise. The protests will be louder next year than this because federal spending will be a major political issue. Spending for the current fiscal year is estimated at slightly over \$68 billion, compared to between \$80-\$85 billion in the next fiscal year.

Economic Controls: Assuming a state of national emergency still exists, the Administration will seek renewal of price-wage-credit controls under the Defense Production Act, which expires June 30. It also will renew its fight to eliminate from the DPA the amendments which permit manufacturers to pass along legitimate increases in regular overhead costs and allow retailers to receive their historical profits.

Taxes: This is a touchy election-year subject. But there is no indication that less-essential spending will be cut enough to offset defense spending increases. The alternatives are borrowing or taxing. The only remaining large and untouched revenue producer is a sales tax, which would be as welcome in Congress

next year as ants at a picnic. Any new tax bill in 1952 probably will be aimed mainly at corporations. They can't vote.

Housing: Legislation in the session just ended concentrated on increasing housing in defense areas. In the next session there will be moves to increase federal aid to housing generally. For example, Chairman Maybank (D-S. C.) of the Senate Banking Committee has ready a bill (S. 2342) that would permit up to 20% of the National Service Life Insurance money to be invested in government-guaranteed mortgages on veterans' homes.

Tidelands Oil Dispute: Who owns the oil under the tidelands of the coastal states? The House this year passed a bill which says the states do. But the Administration feels differently, so the House bill has been bottled up in the Senate Interior Committee under the watchful eye of Chairman O'Mahoney (D-Wyo.). The argument will continue, with strong political overtones, in 1952.

Foreign Aid: The Administration has said it will request about the same amount next year as this—\$8.5 billion. This year Congress granted about \$1 billion less than that. It probably will be less generous next year than this—provided conditions remain about the same—because there will be more emphasis on spending reductions and foreign assistance will be a prime target. But politicians will keep in mind the need for maintaining friendly relations with the nationality groups in an election year.

St. Lawrence Seaway: This has been a controversial project for years. Now, however, Canada has announced she'll build it alone if the U.S. doesn't want to help. There were strong but futile Administration efforts during the past session to get a bill through Congress. The House Public Works Committee will reopen its hearings on the project as soon as Congress reconvenes and the argument will resume.

Chrysler Corporation Unveils 1952 Model Passenger Cars At Detroit

Detroit, Nov. 7.—Chrysler Corporation's dual role as a civilian and defense producer will be the keynote of a special press reception here Thursday, November 8, when the company unveils its 1952 model passenger cars and trucks and displays its current defense assignments to representatives of the nation's press, radio, and television.

Highlights of the 1952 Plymouth, Dodge, DeSota and Chrysler models to be displayed will be the advances which have made in the new cars and trucks to the extent permitted by tooling limitations of a combined civilian-defense economy. They include improvements in appearance, performance, safety, and economy of operation.

The widely diversified exhibit of military items to be shown ranges from precision optical instruments to a huge tank display and large aircraft sections. All of Chrysler Corporation's major defense projects will be represented and the displays will include the actual military products or components where security considerations permit.

Typifying Chrysler Corporation's combined civilian and defense program, several of the defense exhibits will represent plants where defense production is being undertaken side-by-side with civilian output. Three types of military vehicles now coming off the lines with Dodge trucks for civilian use will be shown.

Also on display will be a 65-foot assembly of the major hull sections of the Grumman Albatross air-sea rescue plane. The giant Albatross hull is now in production in the same plant with Plymouth passenger cars at Evansville, Indiana.

The defense assignment to build assemblies for the Douglas Globe Master will be represented by a huge mural of the giant aircraft with lighted sections denoting the major tail and wing assemblies to be built by Chrysler Corporation.

This assignment is to be carried out by the Plymouth Division in an 880,000 square foot addition now nearing completion at the company's Los Angeles plant where Plymouth, Dodge, DeSota, and Chrysler passenger will also continue to be produced.

The company's newest defense assignment, to build Hamilton Standard propellers at the Dodge plant in San Leandro, California,

will be represented by one of the steel propellers to be produced for the Armed Forces there. Production of this sixteen-and-a-half foot propeller will occupy a 730,000 square foot addition to the San Leandro plant, where Dodge and Plymouth passenger cars and Dodge trucks also will continue to be produced.

Other Chrysler Corporation defense projects to be represented include a huge tank exhibit in connection with the Chrysler Delaware Tank Plant, now under construction at Newark, Delaware, an actual 17-foot Pratt and Whitney J-48 jet aircraft engine and afterburner to be made in a Navy-owned Dodge-operated plant now under construction north of Detroit, and the Chrysler Division tank engine assignment including an actual engine now being readied at a Government plant in New Orleans.

Also to be exhibited are military and civilian products: Chrysler Motor Parts, Industrial Engine Division Wood Products Corporation and defense work in the country through the sale of small businesses, the subject of a special department.

Caution Urged In Handling Firearms

As the hunting season gets underway Dr. Geo. W. Cox, State Health Officer, urges caution in handling firearms. More than 150 Texans were killed in 1950 as a result of carelessness in handling guns. At a time like this it is more than ever important that we should conserve human life whenever possible.

"It is not enough to deplore the waste of human lives caused by the careless handling of firearms," asserts Dr. Cox, "we should learn from the deaths of these victims the lessons of safety which will prevent this needless and shocking waste. With the price of meat at the present high level there is a possibility of more hunters going into the field than ever before."

The State Department of Health gives the following safety suggestions in handling guns:

- While hunting to be sure that the loaded gun is on safety until ready to fire.
- Never shoot without seeing your target clearly.
- Never crawl through a fence carrying a gun.
- If hunting with a companion stay close to him.
- Do not strike the ground or a wounded animal with the butt of a loaded gun.
- Never scuffle while holding a loaded gun or point it at a person "for fun."
- Always unload a gun before attempting to clean it.
- Always unload guns before taking them into camp or houses.
- All guns should be carefully put away in the home out of reach of small children.

Anton Lions To Present Home Talent Show

There's going to be plenty of fun, at Anton, next Friday night, November 16th, when the Lions club present their annual talent show. E. R. Williams, chairman of the arrangement committee, reported.

The program for the evening, is nearly completed, with a number of outstanding acts on the bill. Lion Boss, Alvin Crews, will be master of ceremonies. On the program are "Fiddle" numbers by Carl Rushing; Vocal solos, Lion's Sweetheart; "Jolson" act, Geneta Spradley; Harmonica selections by Mrs. Kate Collins (nearly 81 years of age); Jews harp solo by D. R. Neal (nearly 87 years old); Short act by Mr. and Mrs. A. E. Richards. Other members will include a mid-gal dance, vocal and instrumental solos, various numbers from school children, and the minstrel from the Lubbock Lions club.

Ushers will include Hank Matthews and H. M. Christian.

The proceeds will go for community work.

The public is cordially invited to attend.

A 1½ to 2 pound chicken will take at least 45 minutes to broil. Turn the chicken from time to time so that all sections of it will cook evenly.

Shake the can of baking powder or container of baking soda lightly before measuring since both ingredients have a tendency to pack down.

TEEN TALK

By VIVIAN BROWN

Christmas is the time when kids who've been separated from each other by school and studies can get together with the pals for holiday festivities. It is wonderful, of course, if you can be on the receiving end of an invitation. But it is fun also to give a party. It does take work—you can't expect your guests to entertain themselves. They must be made comfortable and happy every minute they are in your home.

So if you do plan a party at Christmas, be sure the invitations are pretty, decorations are in the spirit of the day, food is satisfying and entertainment is planned to keep the guests amused. You should have some new Christmas records for dancing, and some for singing carols.

If you want to insure having people accept your invitation, make sure it is pretty and really inviting. You can make a lovely star or small Christmas stocking or Yule tree ornament design out of red or white or green mat paper. Then you can write your invitation on it in either white, red or green ink.

Decorations need not be expensive. Pick up some trailing ground pine in the woods or buy similar vines at the florist and decorate your fireplace or hang a garland at the door. You'll find fresh greens are prettier and less expensive than the crepe paper kind. A row of red, white and green candles across the fireplace or placed on the piano or radio cabinet will lend another touch of Yule to your home.

While it is fun to sit down at a table, it is lots more fun and easier on the hostess to serve a buffet supper. But if you do sit down, cookie place cards would surely make a hit. You'll need a large soft cookie, narrow ribbon, a paper doily, colored sugar and water frosting (2 tablespoons of sugar to 1½ teaspoons of water).

Place cookie on doily. Thread darning needle with ribbon and sew the cookie to the doily. You can do this if you are careful to stick the needle through with ribbon all the way and then back again. Leave about five inches of ribbon ends on each side of the

cookie which you will tie in a bow. Dip a toothpick in frosting to write the name on the cookie.

If you are working on a skimpy budget, serve foods which have plenty of bulk and are filling. You can cream hardboiled eggs and serve them on rice, and that is always a nice inexpensive dish. Add some greenpepper and pimento and the dish will take on a Yuletide flavor. You can cook the creamed eggs in advance, and have them all

ready to serve just by heating with a little additional milk. Hot buns or rolls are good with this dish.

A Christmas quiz would be lots of fun and really keep the guests on their toes. Here are some suggested questions:

1. When was the public singing of Christmas carols forbidden?
2. Did mothers read The Night Before Christmas to their children during the Revolutionary war?
3. What were the names of

Santa's reindeers?

4. When was the first Christmas card sent out and from what country did it originate?

5. How did the legend that Santa Claus comes down a chimney originate?

Answers: (1) During the days of Oliver Cromwell in the Puritan-dominated 17th century. (2) No, because it wasn't written until 1822. (3) Prancer, Dancer, Donder,

Blitzen, Comet, Cupid, Dasher, Vixen. (4) 'Tis said the first Christmas card originated in England during the reign of Queen Victoria. (5) In Teutonic times, Hertha, goddess of the hearth and home, was supposed to descend through the smoke of burning fir boughs. Santa Claus was later identified in the same way. (6) Queen Elizabeth stipulated that her subjects give her Christmas presents.

Mrs. Chas. Askew Honored At Shower; Couple Visiting Here

Complimenting Mrs. Chas. Askew, a recent bride, a group of friends entertained with a miscellaneous bridal shower at the home of Mrs. Johnny Askew, Wednesday afternoon.

Co-hostesses included the bride's aunt, Mrs. Johnny Askew, and Mrs. Grady Bevell, Mrs. B. B. Ivey, Mrs. Bill Cox, Mrs. Eddie Dulin, Mrs. Joel Thomson, Mrs. Patricia Price, Mrs. G. W. Cox and Mrs. Dan Heard.

Mr. and Mrs. Askew were married last June in Wyoming. They stopped in Littlefield enroute to Reslyn Air Force Base where Cpl. Askew will be stationed. They are visiting his parents, Mr. and Mrs. A. B. Askew, and his grandmother, Mrs. A. L. Hood.

A reception was held between the hours of three and five o'clock, when approximately 30 guests called. Refreshments were served from a table laid with a lace cloth over blue, centered with a pretty yellow cake. Yellow chrysanthemums and yellow tapers completed the table decorations. Mrs. Joel Thomson presided at the coffee service, and Mrs. Cox served the cake.

Cpl. Askew has been stationed in Cheyenne, Wyoming, at the Francis E. Warren Air Force base, where he trained as an automotive repairman. He joined the service in February, and is a 1950 graduate of Littlefield high school and played on the Wildcat football squad.

Here's Helena Rubinstein's new long-lasting nail polish to match Stay-Long lipstick!

AMAZING NEW NAIL POLISH HAS BUILT-IN BASE COAT

Helena Rubinstein's Stay-Long lipstick is the first really creamy indelible lipstick used by millions of women. It actually protects lips against dryness, lasts all day after blotting, and won't smear on anything!

What makes it so creamy and moist—and still indelible? Indelibase—an ingredient which combines super-lasting qualities with lubricating emollients.

Now Helena Rubinstein introduces nail polish with the same amazing Indelibase. It lasts much longer than ordinary polish, protects the nails themselves, and requires no undercoat (the base coat is built right in!)

There are 14 magnificent colors—12 matched to Stay-Long lipstick, plus 2 neutral tones.

You'll find Helena Rubinstein's remarkable new nail polish and famous Stay-Long lipstick here today.

100 (also in jumbo-size mirror case 1.50)

Mahon Will Deliver Address Texas C of C. Convention

Mahon, the former farm boy who now is the most influential man in the U.S. Congress, will deliver the address at the convention of the West Texas C of C. at Littlefield, Texas, on Monday morning, November 14.

Eight men who were present at the convention on the evening of November 14 and end of the day are also speakers in the

Neal, acting officer in charge of Mexican affairs of the U.S. State Department; Frank H. King of Dallas, general executive of The Associated Press, and David Rasco of the Amarillo News-Globe, former war correspondent in Korea. Mahon is chairman of the House sub-committee on defense appropriations. That group must initiate the defense appropriations which now are consuming more of the tax dollar than any other type. He has access to some of the nation's top military secrets.

He is the only man who has represented the 19th congressional district of Texas in the lower house. It was created when the state was re-districted following the 1930 census. He defeated several opponents for election in 1934 and began his service in the 74th Congress in 1935. His seat has never been seriously threatened as the biennial elections have come and gone.

His parents moved to the Lorraine community from his birthplace, Mahon, Louisiana, when he was seven. After finishing high school there he entered Hardin-Simmons University where he distinguished himself as a debater and orator. He earned his law degree at the University of Texas and soon was elected county attorney of his home county. Governor Dan Moody appointed him district attorney of the 32nd judicial district in 1926. He was elected for three full terms without ever having an opponent. He resigned that position when he was elected to Congress.

He calls Colorado City home and maintains an office in Lubbock between sessions. He represents the counties of Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hall, Haskell, Hockley, Howard, Kent, Lamb, Lubbock, Martin, Mitchell, Stonewall, Scurry, Terry and Yoakum.

The above picture is easily recognized because it is a scene in a VA hospital of poppies being fashioned from crepe paper— which were sold on the streets here, Saturday by members of the Legion Auxiliary, and the Girl

Scouts. Mrs. Alice Douglass heads the sales committee. In the picture are: John E. Hall, Tulsa, Okla., Clair G. Young, Crawford, Okla., Wilmer B. Reed, Corpus Christi and Jack Standiefer, Elgin.

Texas Farm Bureau Federation To Be Held In Houston Nov. 19 - 21

Program arrangements have been completed for the eighteenth annual convention of the Texas Farm Bureau Federation to be held in Houston, November 19-20-21, it has been announced by J. Walter Hammond, Federation president. Outstanding speakers of national prominence who will address the meeting include Allan B. Kline, President of the American Farm Bureau Federation; U.S. Congressman W. R. (Bob) Poage, vice-chairman of the House Agriculture Committee; Mrs. Raymond Sayre, president of the Associated Women of A.F.B.F.; Dr. W. G. Kammlade, Director of Extension, College of Agriculture, University of Illinois, and others.

More than a thousand farm and ranch men and women from 200 Texas counties will be in attendance, Hammond said. Voting delegates from the grassroots organizations will officially approve the resolutions that will govern the policies of the Texas Farm Bureau Federation for the coming year.

Monday, November 19, will be devoted to open hearings on resolutions and special commodity conferences and committee meetings. The program that evening will give recognition to counties that have made outstanding achievements in membership. The convention proper will get underway on Tuesday morning. The annual banquet and dance will be held that evening, with Dr. Kammlade as guest speaker. The business session on Wednesday, at which time resolutions will be approved, will conclude the three-day session.

Cookie Sale To BE Staged By Girl Scout Leaders

A regular meeting of Girl Scout leaders was held Tuesday morning, at the home of Mrs. Mackey Greer, E. 12th street.

The group discussed the Girl Scout Cookie Sales, to be staged in the near future. Money derived from the sales will be used for the troops to carry on their work.

Scout leaders announced that the troops are badly in need of funds to carry on their work, and any donations will be gladly accepted, and can be made to Nelson Naylor, Girl Scout Council president.

A leaders meeting is held the first Tuesday of each month. The next meeting will be held Tuesday, December 4th, at the Girl Scout House.

Motor Vehicle Safety Leaflets Available At Service Stations

Texas motorists was urged today by Public Safety Director Homer Garrison, Jr., to apply to any gasoline service station for a copy of the state's official leaflet about the new Motor Vehicle Safety Responsibility Law, which becomes effective on January 1.

"This leaflet was prepared," Director Garrison said, "to give the information they should have about this law before it goes into effect. It can be read in five minutes. I hope, of course, that all motorists will really study the facts that are set forth in the leaflet and will keep it in their car for future reference in case they have an accident and are confused about what to do.

"It does not attempt to cover all of the provisions of the law and carefully avoids legal language, so that any layman can understand it easily. It was written to help the great majority of motorists — private passenger car owners and operators and small business firms operating one or two delivery cars. The larger owners of motor vehicles, of course, will want to study the entire law in greater detail.

"The leaflet is free and provides important information about the following subjects: what the law is, who it affects, what to do after an accident, the circumstances that require suspension of both operating license and registration plates, and the several means the

law provides for avoiding this penalty.

"Any motorist can obtain one or several merely by the asking. It may save them a lot of trouble, expense and inconvenience."

"Franz Lehar Operetta, "The Merry Widow" To Be Presented at Show

Stock show fans will find a new attraction at the Southwestern Exposition and Fat Stock Show in Fort Worth Jan. 25-Feb. 3.

A lavish production of the ever-popular Franz Lehar operetta, "The Merry Widow," will be presented as an added entertainment feature during the final six days of the stock show.

The Fort Worth Civic Opera Association will present the operetta at evening performances, Jan. 30 through Feb. 2, and at a matinee, Feb. 3. The show will be staged in Will Rogers Memorial Auditorium, adjacent to Will Rogers Coliseum where the rodeo is held.

Well-known stage, screen and opera stars are being booked for the production to assure stock show fans top entertainment plus a fine musical performance, according to Web Maddox, opera association president.

"We're going all out to give stock show fans a good show during their visit to Fort Worth," Maddox said. "We hope to make this an annual event."

The opera group selected "The Merry Widow" for its first production during the stock show because of its popular appeal. Familiar music interwoven in a light-hearted story of a rich and beautiful widow pursued by a handsome prince includes the famous "Merry Widow Waltz," "Vella," "Maxim's" and "Girls, Girls, Girls." The Fort Worth Civic Opera has gained national recognition for its top quality productions.

ABOUT \$1,540 NET REALIZED BY P-TA FROM RECENT SCHOOL CARNIVAL

As announced by Mrs. J. H. Lee, Carnival Chairman, a total of \$1600 was realized from the carnival sponsored by the P.T.A. association last week.

Mrs. Lee stated that when all expenses were paid a net of \$1540 was realized from the event which was \$200 better than last year, and \$300 more than the year before, or 1949.

She added that the P.T.A. association owe a total of \$1200 on a

public address system purchased last year, and that some of the funds realized from the carnival will retire this debt.

The carnival is the only fund raising project planned this year by the P.T.A.

Mrs. C. O. Greer was Finance Chairman for the Carnival. About 200 women helped in the project, there being twenty committees, with about ten workers to the Committee.

Texas Tech's Red Raiders Have Week Off In Order To Get Ready For Tulsa Game

LUBBOCK—Over the 500 mark for the first time since the season's opener, Texas Tech's Red Raiders take a rest this weekend.

Texas Tech, now leading the Border Conference with three victories and no defeats, next meets Tulsa University of the Missouri Valley Conference in Tulsa Nov.

17. For the season, Tech has won four, lost three.

Latest victim was Texas Western's Miners. The Red Raiders found an aroused opponent celebrating Homecoming but managed to take a 27-7 triumph in El Paso Saturday night.

After the Tulsa game, Tech meets New Mexico University in Albuquerque Nov. 24 and concludes its schedule against Hardin-Simmons University in Lubbock Dec. 1.

Local Student Council Group Attends Gathering

Littlefield high school student council members including Alberta Miller, Jim Doherty, Joyce Sharp, Phonelle Pillion, Bobbie Jo McShan and Edwina Schovajsa, with Miss Lucille Betts counselor, attended the second annual student council conference sponsored by the Lubbock schools, held in Lubbock, Monday afternoon.

If Tech gets by New Mexico, the game with Hardin-Simmons should determine the Border Conference championship. The Cowboys are favored in their remaining games. Although New Mexico is now a member of the Mountain States Conference, games with the Lobos count for or against BC members.

Coach DeWitt Weaver, in his first year at the head of Tech's new coaching regime, is agreeably surprised with the showing of his freshman-studded squad. Besides downing West Texas State, Arizona, and Texas Western in conference play, the Red Raiders blasted Texas Christian, Southwest Conference leader, 33-19.

Tech's losses have been to Texas A&M, Houston, and Baylor.

Approximately 400 high school students from West Texas and eastern New Mexico attended.

Dr. H. C. McKown, editor of School Activities magazine, was principal speaker for the conference which was held to cement friendly relations between schools and to exchange ideas.

Discussion groups included the subjects of The Student Council and School Spirit; Financing the Student Council; Junior High Stimulation of Citizenship; Relations between Council and Faculty; Widening the Scope of Student Councils; Leadership; Promoting Friendly Relations between Schools and Evaluating Student Councils.

GUY C. JACKSON, JR.

HE'LL TALK ABOUT WATER.

Guy C. Jackson, Jr. of Anahuac, president of the Texas Water Conservation Association, will talk about the danger of Federal control on inland waters at the 34th annual convention of the West Texas Chamber of Commerce in Amarillo, November 14, 15, and 16. He is serving his eighth term as president of the conservation association. He is chairman of the Statewide Tidelands Committee. He is lawyer, rancher, farmer and business man.

LOCAL MAN IS HIT BY AUTOMOBILE

Ralph Counts, an elderly local man, was treated Thursday afternoon at the Payne-Shotwell Foundation for abrasions on his left hand and left eye, and bruises on his right hand, sustained, it is reported, when hit by a convertible, driven by a local young man, as he was crossing the intersection at Phelps Avenue and West Third street.

Mr. Counts, after being treated by Drs. Ralph Maurer and F. B. Faust, left the hospital.

dividends for 10 or more consecutive years prior to purchase, and (5) stocks eligible for purchase shall be listed upon an exchange registered with the Securities and Exchange Commission, except for bank and insurance stocks.

Opponents of the measure argue that present government bond investments are sound, and give the best possible protection to the fund in the event of deflation of the economy. Proponents argue that conservative bond investments afford poor protection against current dollar inflation; that the interest income now accruing to the fund amounts to only 2 1/2%, whereas an average return of 6% should be yielded by sound stocks; and that the diversification provided by the measure would provide more equal protection against both inflation and deflation than does the present one-sided concentration.

Other Proposed Amendments

Other amendments facing a vote at the same time include: (1) To authorize an increase in state public welfare spending from 35 to 42 million dollars per year; (2) to authorize a statewide system of retirement and disability pensions for county appointive officers and employees; (3) To authorize a maximum tax of 50 cents per \$100 valuation on property in rural fire prevention districts to pay for fire fighting equipment and personnel; (4) To permit the total amount of bonds that may be issued by the veterans' land board to be increased from \$25 million to \$100 million.

Corporal McGuire attended Littlefield high school prior to his entry into the Army in July 1948. He received his basic training at Fort Ord, Calif., and attended a supply school at Fort Lee, Va.

He also served in Guam, Saipan and Japan. For his service in Korea he is entitled to wear the Korean Service Ribbon with two campaign stars.

Optometrists Aid Establishing Of New School

Tuesday, November 13—election day in Texas—is also Texas Optometry Day, but it won't be a holiday for many Texas optometrists, including Dr. Ira E. Woods, Dr. B. W. Armistead and Dr. B. W. Armistead and Dr. Glenn S. Burk of Littlefield.

They will see patients on that day as usual, but all fees earned will go to help establish a new professional school of optometry at the University of Houston.

It's all part of a campaign led by The Texas Optometrist Association, with Dr. Millard F. Swart of Lubbock as general chairman, to raise the sum of \$100,000 pledged to the school by the profession. In addition to giving one day's income on November 13, many optometrists have already made cash contributions or have pledged monthly payments over a five-year period.

The first optometry college in the Southwest, the new school will have a five-year curriculum leading to the degree of doctor of optometry. Graduates will be eligible to take examinations given by the Texas State Board of Examiners in Optometry, thus qualifying for their licenses to practice.

Approved by the University regents last spring, the new school will begin operation in 1952. A \$2,250,000 building is being planned to house it, along with the University's schools of pharmacy and nursing.

Pfc. James R. Clark Assigned to Base In Newfoundland

Pfc. James H. Solesbee, son of Mr. and Mrs. C. C. Solesbee is home for a 25 day leave, and is visiting his parents.

He joined the Air Force June 1st, of this year and took his basic training at Sheppard Air Base in Wichita Falls and was then transferred to Lowry Air Force Base for schooling as a camera repair man. He recently completed his course, finishing with a second highest class rating.

Pfc. Solesbee has orders to report to Camp Stoneman, California November 15th, and then on to Korea, with the Air Force.

Before entering the armed forces Solesbee was Court Reporter in Birmingham, Alabama. He graduated from Littlefield High school with the class of '49, and plans to continue his education, when he is discharged from the service.

Mr. and Mrs. Solesbee have another son, Bob, who is with the 3rd Infantry Division, stationed in Korea.

MRS. ANNIE MEYER HAS SURGERY; CHILDREN HOME

Pvt. Theodore Meyer, stationed at Sheppard Field, was granted an emergency leave, due to the illness of his mother, Mrs. Annie Meyer, who underwent major surgery at a local hospital Wednesday afternoon. He arrived home Thursday.

Mrs. Meyer's daughter Mrs. J. A. James was in Austin taking state board examination of cosmetology at the same time—and she too was called home.

Mrs. Meyer is employed at Plains Hotel.
