### Clement Address Set Friday Night

SUDAN (Spl.) — Featured Speaker Gov. Frank Clement of Tennessee and two prominent Texas democrats, three-time gubernatorial candidate Ralph Yarborough and Congressman George Mahon are expected to attract more than 20,000 South Plains and Panhandle area residents here Friday and Saturday when Sudan's annual Fall Festival claims the spotlight.

Governor Clement will deliver a political address in Sudan's Masten Stadium at 7:30 p.m. Friday as a highlight of the festival. The annual Sudan event, featuring the theme "United Nations and World Peace," will be presented through Saturday with the climax at 7:30 p.m. Saturday. Congressman Mahon of the 19th Congressional District will be the featured speaker prior to presentation of the pageant on Saturday night.

Tennessee's dynamic Governor Frank Clement is now serving his second term as that state's chief executive at 36. He is the youngest chief executive in the nation. Governor Clement was the Keynote Speaker at the National Democratic Convention in Chicago this August.

Governor Clement will arrive at Lubbock airport at 4:14 P. M. Friday when he will be met by a delegation from more than 100 South Plains and Panhandle counties. A caravan of some 200 cars is expected to escort Governor Clement to Sudan for his speaking engagement. The spectacular Parade of Nations pageant in which over 100

### Theft, Drunk Cases Keep Sheriff's Officers Busy

The County Sheriff's office Wednesday reported arrests ranging from chicken thefts to shoplifting. Two local Latin-American men were released on \$2,000 bond on charges arising from the theft of 32 prize Bantam chickens Sunday. The chickens, owned by Doc Leonard of Spade, were all recovered and returned to Leonard. Two Negro teenage girls were picked up Monday at Lane's Department Store on shop-lifting charges. The girls, 16 and 18 years of age, were released after paying fines of \$25 each plus costs. They are believed to be residents of Corpus Christi. According to officials they were "requested to leave this county and never return."

### In New York City Meeting WOW Elects Judge Kirk To National Directors Board

Judge Robert L. Kirk of Littlefield, was elected to the board of directors of Woodmen of the World Life Insurance Society Friday at a meeting of the board of directors in New York City. E. D. Rivers, Lakeland, Ga., former governor of Georgia, was elected to succeed De Emmett Bradshaw, St. Omaha, as chairman of the Society's board of directors. Bradshaw resigned and was elected honorary chairman of the board.

### Local Residents Close Behind Bula 14-Year-Old Wins Leader's Grid Contest

Larry Pollard, 14-year-old 8th grade student at Bula School won the Leader's football contest this week in a close battle with two Littlefield residents. With three college upsets and a pair of high school ties on the card this week, the three winners had tough sledding. Pollard picked 14 of the 20 games right, as did Devered Lewis and Mrs. Roy Allen Hutson, both of Littlefield. But Pollard won when his score on the Littlefield-Olton tie breaker game was the closest. Pollard said Olton would win 26-20 in the game, which actually ended in a 12-12 tie. That made him six points away from a tie. Lewis said Littlefield would win 20-13, putting him seven points away from a tie, while Mrs. Hutson picked Littlefield 24-13, putting her 11 points away from a tie. Pollard will get a check for \$5.00 for his winning effort and Lewis will get \$3.00 for second. Mrs. Hutson wins \$2.00. The Bula student, a star quarterback on Coach Claude Morrison's grade school team at Bula, missed on the Maryland-Syracuse, SMU-Notre Dame, Texas-USC, Texas Tech-Texas Western, Olton Littlefield and Whittarral-Amherst games. Another contest is underway this week, with 30 more high school and college games ready and waiting for a winner. Football fans can enter by dropping their entry blanks at any of the 710 stores listed on the contest page in section two. Entries sent directly to this newspaper will not be accepted. The Leader accepts only those entries sent in by the merchants listed on the page.

### More Exploration Slated Here After New Oil Leasing

Two separate areas have been recently leased for more Lamb County oil exploration, it was learned this week. H. W. McCary, local real estate broker, said this week that he and three other owners — Emfinger, Hobgood and Rochelle — have leased three labors for oil exploration about 10 miles southeast of Littlefield. Drilling must start in less than 120 days on their six-month contract. Walter Martin of Littlefield has also leased land about three miles north and three miles east of Littlefield for oil exploration. Drilling must start in not more than 90 days.

### LHS Band Wins Second Place In Lubbock Parade

The Littlefield Wildcat Band marched its way \$50 closer to the trip to the Dallas Fair by winning second place honors in the Parade of Bands staged Monday at Lubbock. The parade kicked off the seven-day Panhandle-South Plains Fair being held at Lubbock. Littlefield was second only to Andrews High School Band in class AAA division. Second-place prize money of \$50 went into the fund for the Band's trip to Dallas on Oct. 8. Leading the Wildcat musicians were Palmer McCown, drum major, and twirlers Carol Squires, Georgia Ann Matthews and Joy Windwehen.

### Campaign Opens Oct. 15 Girl Scout Fund Drive Set

The fund appeal of the Girl Scouts of the newly-formed South Plains Council will be between October 15 and 20. John Nail, chairman of the local drive committee, announced this week. Solicitation, door-to-door canvassing and direct mailing will be used to help the council meet its overall goal of \$37,916 for the South Plains, Nail said. There are some 125 girl scouts in Littlefield, between the ages of seven and seventeen. "The good will and public confidence which the girl scout organization enjoys both here in Littlefield and in communities across the nation is not just a happy accident. It is the result of a well-developed program which fills basic needs of our young people," Nail said in making the announcement. "Your contributions to the girl scouts will help maintain its present program as well as add to the services of professional staff, services of a council in training, program and camping, and to expand this program so that even more girls can participate. Nail added.

### City Will Move Airport Despite Highway Defeat

Littlefield Mayor Ray Keeling said Wednesday that the city will continue with its plan to move the present airport despite the failure of the \$275,000 road bond in Saturday's election. One of the reasons a move had been planned was that a bypass route of Highway 84 may go thru present airport land when, and if the highway is widened to four lanes. "But the main reason we will move the airport is for safety," the mayor said. "Planes are landing daily over the heavily-populated Duggan Addition, creating a safety hazard," he added. The contemplated move would locate the airport west of Littlefield near the Bula Highway.

### Brownfield Game Tickets On Sale

Tickets to the Brownfield-Littlefield football encounter at Brownfield Friday night are on sale at Brittain's Pharmacy, Supt. of Schools Ralph Schilling announced this week. All seats are reserved seats and will go at the price of \$1.25 each. Schilling added. Tickets will be sold here until 4 p.m. Friday. After that it will be necessary for local fans to buy them at the gate, he said.

## DOWN MEMORY LANE

From the files of the Lamb County Leader, September 25, 1924.

Wednesday afternoon a contract was signed by W. L. Elwood, owner of the famous Spade ranch, whereby the entire 175,000 acres of this well known pasture will be eventually placed on the market.

Stanley Watson, of Kansas City, who recently closed a whirlwind land sale for Ewing Halsell, where-in he disposed of 73,000 acres of the Sod House pasture of 12 months time has been appointed general sales manager by Mr. Elwood, and will have supervision of the entire tract.

In keeping with the policy that its name indicates, the Leader is this week making arrangements for larger quarters and increased facilities which will be in keeping with the progress and development of the town and country in general.

This week the City Tailors establishment becomes the sole business of Blaine Odom, who purchased the interest of his former partner, C. H. Rayborn. Mr. Odom, who has always been interested in athletics, says he will make alterations and repairs in the uniforms of the high school football boys this season without charge.

J. E. Brown, living four and a half miles northwest of Littlefield brought the first bale of cotton for the 1934 season. He received from the business men of Littlefield a bonus for the first bale amounting to \$136.00.

## More Boys Should Be In Scouting, Says Dallas Man

Dallas—More Texas boys should have the advantage of Scouting, a top Texas business declared this week.

Despite the rapid expansion of the Scouting program, said Stanley Marcus, still only one out of four Texas youngsters now wears the uniform of a Cub, Scout or Explorer.

"Scouting offers the experience and training which every boy needs as he develops into resourceful, patriotic and worthwhile citizen," said Marcus.

Marcus, president of Nelman-Marcus Company, is state chairman of the steering committee which is coordinating fund-raising

campaigns for the Boy Scouts of America in 23 Texas Scout Councils.

The campaigns begin Oct. 9 in Littlefield and 530 other Texas communities. Funds for Scouting activities in 141 other communities are raised through local Community Chest and United Fund campaigns.

Purpose of the campaigns, said Marcus, is to raise additional funds so that more youngsters can be taken into the local Scout organizations.

"There are 181,000 boys in Scouting in Texas," said Marcus. "But there are more than 700,000 other boys not yet in Scouting. We must do our utmost to see that these boys also have the privilege and advantages of wearing the Scout uniform and of learning and benefiting from the creed and deeds of Scouting."

## Sand Hills Philosopher

(Editor's Note: The Sand Hills Philosopher on his Johnson grass farm is trying to twist international news around to suit his personal needs, his letter this week indicates.)

Dear editor:

According to an article I read in a newspaper yesterday afternoon while I was out here hard at work managing my farm, some people might think it was a queer use of the word manage to be sitting in the shade watching the sky and wondering if a cloud way off in the distance could work itself up into a rain storm, but they're the kind of people who can't understand how a man in town can be managing his store standing out on the curb in front watching the traffic go by or arguing football with some friends, at any rate according to this article, the United States is considering putting up half a billion dollars to pay ship owners not to use the Suez Canal. If they'll go the long way around, the U. S. will pay them the difference in cost.

Now it's not my job to pass on these things or to figure out why it's the job of the United States to rush in and solve every crisis that turns up in the world, although it may be the newspapers' fault, if they weren't so all-fired determined to get all the news and left a few crisis in Washington unreported and Washington never heard about them, the chances are they might fall out on their own, like a tree falling silently in the woods and nobody there to hear it, but when Washington has half a billion dollars to turn loose, I'm interested, doesn't make any difference if I'm not a foreign country.

Here's the thing. I've got a little land in the Soil Bank, but the income from that won't quite see me through. Now I don't have a ship, but thunder, I could start building one, couldn't I? And besides, Washington's not going to deal with a threatening crisis, hang the expense.

For a reasonable figure, I'll agree not to send any ships through the Suez Canal. I'll even do better. I'll agree not to send any the long way around, or anywhere. All I want is a little canal money to go with my soil bank money, until the world situation gets back to normal. I figure I'd have a fixed income from now on.

Yours faithfully,  
J. A.

## Entrance Exams Set November 20

Senator Lyndon B. Johnson has announced that Civil Service examinations for Texas boys seeking appointment in 1937 to the Army, Navy and Air Force service school will be held November 20 at 71 cities and towns throughout the state.

Entrance requirements vary, but all three academies require that appointees be United States citizens. In the case of applicants to be considered by Senator Johnson, they must be residents of Texas. They must be between the ages of 17 and 21 years upon entry, must be single and must pass a rigid medical examination and a physical aptitude test. Candidates for the Air Force Academy must be able to pass the medical examination for flying training and a pilot aptitude test.

Persons interested in taking the competitive examination on November 20 are advised to write Senator Lyndon B. Johnson, Senate Office Building, Washington, D. C., not later than October 15.

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

AUSTIN, Tex.—Activities of the National Association for the Advancement of Colored People have ended, temporarily, in Texas.

A stop order was issued at the request of Attorney General John Ben Shepper by District Judge Otis T. Dunagin of Tyler. Hearings will be held Friday, September 28.

Investigations of the NAACP, a New York corporation with 112 branch offices in Texas, have been going on quietly for several months. Climax came with the filing of charges alleging numerous violations of Texas laws.

Specifically charged were efforts to register Negro students in Texas schools, contrary to the laws of the State; inciting racial prejudice, picketing, riots and other unlawful acts, contrary to public peace; engaging in political activities; operating without a permit; evasion of taxes; practicing law without a license; and coercing Negro students and their parents.

"Transaction of business in Texas, by a foreign corporation, is only a privilege which the State of Texas may confer, extend, or withhold," said Shepper.

This is not "in any manner" a suit against the Negro citizens of Texas, Shepper pointed out. "It is limited to the NAACP as a foreign corporation, and their affiliated organizations. For over 100 years the white and colored races have lived together in Texas peacefully and in harmony. Were it not for the activities of the NAACP they would now, and in the future, continue to do so."

Dr. H. Boyd Hall, state NAACP president, said the move indicated that Texas is entering "an era of persecution." NAACP officials immediately called a 17-state meeting for St. Louis.

Although the principal headquarters of the NAACP is in Dallas, the suit was filed in Tyler because a number of defendants are in that area.

STATE INCOME UP—State income jumped nearly \$75,000,000 during the past year but increasing expenditures are expected to consume it all and more too. Revenues totaled \$913,422,792 during the fiscal year, State Compt. R. S. Calvert reported.

A state budget spokesman said the present spending pattern and new demands will likely require a new tax bill at the next session of the Legislature.

Requiring more money are growths in public schools, junior and senior colleges, prisons and hospitals. Proposals for increases in teacher retirement benefits and aid to disabled persons are to be voted on in November.

Cap is estimated variously from \$5,000,000 to \$30,000,000.

ROAD MONEY EARMARKED—For the first time, right-of-way on Texas' interstate highway system will be purchased with federal-state money instead of city and county money.

An initial fund of \$19,366,100 for such purchases has been established by the State Highway Commission. Texas put up 10 per cent; the federal government 90 per cent.

Included in the current program are 637 miles of new work costing an estimated \$26,000,000.

OIL FLOW CUT—Reduction of 75,160 barrels daily in Texas' permissive oil flow was ordered for October by the Railroad Commission.

This trims the allowable to \$3,279,697 barrels daily with wells operating 15 days during the month. One commissioner, Olin Culbertson, wanted to go to a 16-day pattern. He expressed unhappiness with the depressing influence of imports on the Texas allowable.

JOBS FOR HANDICAPPED—Texas employers put more handicapped persons on jobs last year than ever before—24,445. Applications increased, however, from 5,727 to 14,664.

Laurence R. Melton, chairman of the Texas Committee for Employment of the Physically Handicapped announced the figures.

Gov. Allan Shivers presented merit awards to three employers for their consistent hiring of handicapped persons. These were Sears Roebuck, Hammond Laundry and Machinery Co., of Waco, and Howard Arvo Inc., of San Antonio.

Earl Brown, Jr., Abilene, was designated the handicapped person of the year. A special award went to Adolph L. Stein, Jr., Kelly Air Force Base.

STANDBY RESERVES POLED—Questionnaires are being mailed to all standby reservists but there is no cause for alarm. Morris S. Schwartz, state selective service director, says it's just for inventory.

Standby reservists cannot be called to service unless an emergency is declared by the Congress, he said.

Based on information in his questionnaire, each standby reservist will be placed in one of three categories: I-R, available for service; II-R, deferred because of civilian occupation essential to maintenance of national health, safety or interest; or III-R, deferred by rea-

son of extreme hardship of dependents.

CRIME ON INCREASE—There has been an estimated 13 per cent increase in crime in Texas cities, reports the Department of Public Safety. Rural areas show a 2 per cent decrease.

Major increase in both areas was in theft, up an estimated 14.8 per cent. Auto theft showed a 4.2 per cent gain; burglary increased 6.5 per cent.

Decreases were in rape, 18.3 per cent; murder and homicide 1.2 per cent; robbery 1.5 per cent; and aggravated assault 7.6 per cent.

SHORT SHORTS—Motorist are being urged by the Highway Safety Council to "police themselves" as an extra precaution against football weekend traffic hazards. H. H. Coffield of Rockdale is the new chairman of the Texas Prison Board. Fred Shields of San Antonio now is vice chairman and Dr. Geo. Beto of Austin is secretary. Prison authorities will ask the Legislature for \$8,825,000 for new buildings and improvements. Gov. Allen Shivers has warned of increased forest fire hazards in the East Texas drought areas. He urged hunters to be particularly careful of camp fires and lighted cigarettes. Commercial hatchery production in Texas rose 25 per cent in August over a year ago the U. S. Department of Agriculture reported. Output was 8,837,000 chicks, 93 per cent for the broiler market. Gov. Allan Shivers has designated this week as Business Women's Week, and Oct. 14-20 as Mirabeau B. Lamar Week in Texas. Organizational meeting of the new state Democratic Executive Committee has been set for Oct. 4 in Austin. A budget of \$50,000 has been set up by the Texas Foundation for promoting the state's attractions, beginning Jan. 1. Elimination of slum sections in large cities would cut Texas' tuberculosis and pneumonia cases to one-third their present figure, according to State Health Commissioner Henry A. Holle.

ROUGHAGE PROGRAM UNDER WAY—After numerous delays drought-hit Texas farmers now are getting federal aid to buy roughage for cattle.

Certificates good for \$7.50 per ton are being issued through nearly 200 county offices of the Farmers Home Administration. Hay, cottonseed hulls, corn shucks and corn cobs are classed as roughage. Already a price rise in hay has been unofficially reported.

One million dollars was allocated for the program. Some farm leaders have predicted this will not be enough, but FHA officials say more money would be forthcoming if needed.

CROP FORECASTS DOWN—Dwindling prospects in dryland areas have caused the U. S. Dept. of Agriculture to revise downward its estimates of Texas' 1936 cotton crop.

Other forecasts: sorghum, 88,428,000 bushels; corn 25,528,000 bushels; wheat, 28,275,000 bushels; pecans, 25,000,000 pounds. Texas' 1935 pecan crop was 38,000,000 pounds.

Lipstick Logic... Some friends have named their dog Lucky.

He's a funny-looking purp, serawny but tough. They didn't want him, but couldn't offend the donor. They keep him chained in the backyard because he returns to his first home at every chance. They wouldn't mind, only the donor doesn't want him back.

He got his name, they say, because he was the runt of the litter and for hours seemed dead. A persistent member of the household massaged and worked with him until he came to. Also, once when he was running away to his first home a car hit but didn't kill him; just broke his leg. So he's lucky to be alive.

It makes us wonder about luck. This poor brute is practically unloved, and is clearly unhappy. Maybe luck for him would have been not to survive.

Luck is a strange commodity. We hear about beginner's luck, fool's luck and other varieties. Some of the good that comes to folks unexpectedly is pure chance, or luck. But a heck of a lot more of it results from careful preparation. And some that appears on the surface to be good luck has a backhanded way of slapping from the rear.

Take the woman whose spouse persuaded her to go deer-hunting with him. She took a book to finish reading. Arrived at the deer stand, she sat down, a rifle across her lap, to read while her husband went in quest of game. Soon she heard a noise, looked up to see a five-point buck, raised her rifle and shot him through the heart. Her husband returned empty-handed.

Beginner's luck? Fool's luck? We say she's darned unlucky. Who wants to live with a man who'll always believe that only a meow woman could have pulled such a trick?

## THIS WEEK -In Washington

With Clinton Davidson

When you put the Democratic and Republican farm platforms side by side the most surprising thing about them is their remarkable similarity. You would almost need a label to tell them apart.

The only real farm issues are (1) which party is more responsible for low farm prices, and (2) which would do more to restore fair prices and income.

Both state as the major objective 100% of parity prices and income for farmers. They differ only moderately over the level of price supports. Democrats would fix price supports for cotton, wheat, corn, rice and peanuts at 90% of parity. Republican supports for those ranging from 82% to 85% of parity.

It is only natural that in an election campaign each party should attempt to place the blame for low prices on the other. Fact of the matter is prices were going down before the Democrats moved out of the White House, and they've been going down most of the time since then.

The reason for that decline is less political than it is economic. Both parties have hesitated to take the drastic measures that a big have been necessary to force a big

cut-back in production. Under both parties U. S. prices have been above world market levels because costs of production were higher than in other producing countries. Other than price support levels, there is little difference between what the two parties promise to do if elected. Both recognize surplus as the biggest farm problem, and each promises to take pretty much the same steps to remedy the situation.

Republicans and Democrats alike favor the soil bank payments to compensate farmers for taking still more land out of production until demand catches up with the supply. Both favor a vigorous export program to make our products competitive on world markets.

Both recognize that farmers' greatest need, aside from immediate improvement in prices, is for the development of bigger markets so that they can expand, rather than decrease, their production. Both favor spending more money for research to expand old markets and develop new ones.

There are no differences over helping family type farmers earn a good living. Both oppose programs which help big commercial farmers more than they do small farmers, and each would use about the same methods as the other.

There are no differences between the platforms about the need for more soil conservation, and both favor expansion of crop insurance to help away the blow of drought or other disaster.

Both platforms pledge support for farm cooperatives, and both are equally committed to such programs as Rural Electrification and

The play ground equipment at the Hart Camp school has been moved to the Olton school and is now in use there.

## the Farmers Home Administration

Neither party, if elected, will make any major changes, with possible exception of Democratic repeal of flexible price supports. But they know they can't fully so long as there are large pluses of cotton, wheat and other major crops.

The way it boils down is that only real farm issue is what you prefer Republicans or Democrats in Washington.

LITTLEFIELD, TEXAS

# Traffic Deaths Headed New Mark, Garrison Says

Majority traffic accidents during the first eight months of this year are responsible for the State's traffic deaths for the similar period for the current trend compared to a total of 2,547 deaths recorded last year, according to the State Highway Department.

N. K. Woerner, Chief of the DPS Traffic Division, has come back from a tour of duty in the State of Texas. He said that excessive speed was most frequently the contributing factor in the death of more than one occupant of a vehicle.

The latest of these mass slaughter victims was the three passengers in a car accident in Tyler County on August 4, 1956, which cost eight lives.

The State's worst traffic mishap was the truck-train crash at Alamo in Hidalgo County on March 14, 1950, in which 29 farm workers were killed.

The second most deadly traffic disaster in Texas was the collision of two Greyhound Buses on U. S. Highway 81 south of Waxahatchee on August 4, 1952. Twenty-eight persons were killed in that tragedy.

Receiving third top "billing" according to fatalities was the August 5, 1947, accident between two trucks north of Waxahatchee in Ellis County on U. S. Highway 77, in which 19 persons were killed.

The State's most deadly traffic mishap involving only passenger vehicles was the two-car collision on U. S. Highway 80 near Weatherford in Parker County on February 7, 1953, which claimed nine lives.

**EARN MONEY CONTRACT NO CASUAL MATTER**  
The signing of a contract of sale is an extremely important step in the purchase of a home.

Sale contracts are often called by other names, such as earnest money contracts, binder, receipts, etc. All of them are for the same purpose and almost without exception involve the deposit of money by the buyer.

But many home purchasers (and sellers) rush to sign a hastily prepared contract with very little knowledge of its contents. The pressure of time, the informal appearance of the contract, and perhaps the fact that a partially printed form is used may contribute in causing the true importance of the act to be overlooked.

Every significant detail of the bargain should be crystallized in unmistakable terms in the contract of sale. Land and fixtures being sold should be clearly described. A complete description of the property by lot and block, or by metes and bounds, is a must, the street

number being inadequate by itself. Articles and fixtures included in the sale but not always sold with houses generally should be specifically listed. Included in this category are such items as venetian blinds, removable floor coverings, draperies, air conditioning units and others.

## Buy A House Now Or Wait? — Magazine Says Go Ahead

There is no indication that prices will decline. This same spiraling of new-house costs will continue. No improvement in the present tight-money situation is predicted in the foreseeable future either.

So if you want a house, and are fixed to swing a deal and can get the money, you had better go ahead. When you buy, keep these facts in mind: Many builders are in a forced-to-sell spot and are eager to deal. It may pay to choose an older home, even if you have to fix it up. Today's best buys, everything considered, are houses built before 1940. Mortgage-money costs though high, still vary greatly, so shop around. Remember that shaving 1-4 or 1-2 of 1% off the interest rate will net you hundreds of dollars over the life of your mortgage.

Rising prices for new houses and tight mortgage money have dampened many a hopeful home buyer's dream. But if you're waiting for a cheaper house, you'll be disappointed, say the editors of Changing Times, The Kiplinger Magazine.

Rising land, labor and building materials costs have forced builders to raise prices. As a result, the average home buyer now pays about \$1,500 more for a new house than he would have paid last year. You do get more for your money

# Cats Journey To Brownfield Friday

**WILDCAT CO-CAPTAINS:** Pictured above are the two co-captains for Friday night's game against the Brownfield Cubs. From left to right is Max Morris, fullback and Ernest Hoppe, left guard. The two were elected by squad members off their outstanding play against the Otton Mustangs last Friday night.

## Wildcats In For Roughest Encounter

The Littlefield Wildcats will have their roughest encounter of the season.

AAAA in a game that Coach Gene Mayfield says will be between two evenly matched ball clubs.

Littlefield will go into the game in the best physical condition that they have had this year. All of the starting eleven are in top condition except Soph. Quarterback James Pressley. Mayfield Wednesday that Pressley would probably suit out with the team but did not know as the present time if he would use the young signal-caller Friday night.

Leslie Bovel and Gene Peters are an guard respectively, missed workouts Tuesday because of injuries but will be ready to go Friday night.

Coach Mayfield says that the Brownfield Cubs have a powerful and fast ground attack and can move the ball both on the ground and in the air well. They soundly trounced Plainview last week by the score of 33-0 with substitutes scoring a lot of action. Littlefield beat the same team a week earlier by the score of 38-15, pointing out the fact that the two teams will be evenly matched.

Brownfield is coached this year by Doug Cox, who was head coach at McMurry college last year, and runs off of the winged-T formation, remembered by Littlefield fans as the formation that brought glory and a state championship to the Wildcats for so many years.

Jackie Meeks, a 160 pound fullback is the big spark in the Cub offense while he gets able backing from quarterback Mike Hamilton and halfback Mike Browning. A big line is in front of these three to make the Cub's potent scoring threat anytime they get their hold on the ball.

Levelland beat the Cubs 52-21 in the opener for both teams but John Heckman, coach of the Lobos admits that the Cubs outplayed his Lobos the second half of the game and if the Lobos had not blocked

**ANTON BULLDOGS:** Pictured above is the second in our series of teams in the Littlefield area. The Anton Bulldogs are members of District 1-A after playing Class B ball for several years. Front row, left to right, Jerry Rogers, Harvey Cooper, Gordon Cooper, Oren McGrew, Frank Medina, Fred Givens, Clifford George, Timmy Cundiff and Pat Walthall. Second row, each Eugene Carter,

Leary Grant, Ronnie Biffle, Jerry Overstreet, Jimmy Tibbets, Ronald Lan, Jimmy Johnston, Richard Howard, Russell Gillentine, Kirby Williams and Coach Dave Smith. Top row; Manuel Sells, Joe Burt, Gary Newton, Karvas, Clyde Spain, Bruce Taylor, Max Morton, Charles Richards and Goring.

## Tokyo Joe - Orton Match And Midgets Top Wrestling Card

Only one participant in last week's thrilling wrestling card at the Littlefield Sports Arena returns this week as Promoter John Usery has lined up the little midget wrestlers for a one night stand at the local arena this week.

The son's returnee from last week is Tokyo Joe, appearing here after an absence of six weeks. The main event this week should be a real battle royal as Usery has signed Joe up against Big Bob Orton, another wrestler who didn't appear here in six weeks but was quite successful during a lengthy stay earlier in the summer. The two have a real grudge against each other.

The story goes back earlier in the summer. Joe and Orton had been appearing here as tag-team partners until they split relations one night in a match against Lou Martinez and Hans Schmebel when Joe hit Bob flush in the face with a sack of salt which was meant for the eyes of Martinez. Orton proceeded to work over the huge Japanese, cutting his head open on the rimpost and leaving him at the hands of Schmebel and Martinez.

Two weeks later the fire that was kindled in the tag team erupted into a full scale war between the two when Joe challenged Orton to put on his Southwest States championship belt in the local arena. To the amusement of local fans Joe defeated Big Bob for the title but as is a habit of his he used his crafty salt-throwing tactics in doing so and the state wrestling commission ordered a rematch. The following week Orton won his title by pounding the Japanese mercilessly and the two left here the following week as both were beaten in a tandem match where

Chief, low mileage, air-conditioned each man who lost a fall had agreed to leave town for at least six weeks. The two were on separate teams but both lost a fall and were forced to leave town. This will be Orton's first appearance here since that time and Joe's second after his spectacular 60 minute draw with popular and clever Gory Guerrero here last week.

Although the main event this week should turn out to be one of the top matches ever held here, many fans are looking even more

toward the appearance of the midget grapplers. Promoter Usery has been successful in his attempt to land a couple of the little fellows since he has had many requests lately to bring them to town. The two particular participants this week are Tiny Roe and Pee Wee Jones.

## Looking At The Area Games

### Sudan-Sundown Clash To Be Top Game In Area Friday

BY JIMMIE W. CHAPMAN

The Sudan-Sundown clash at Sundown this week will be one of the top games in the area as the Sundown Roughnecks have been rated the No. 1 Class A team on the South Plains and the Hornets have only a 26-19 loss to Class AA Muleshoe to mar their record.

Sundown's only loss of the season is to Class AA Abernathy and the score in that one was 7-0. They beat Hale Center by three touchdowns the week before and will be heavily favored over the Hornets of Coach Frances Smith.

The Otton Mustangs get a breather this week when they take on Class A Hale Center in the Hale County town. Hale Center rolled to an easy win last week over the Dimmitt Bobcats of District 1-AA but the Bobcats have lost three games already and he Mustangs of Coach Joe Turrer should get their third win of the season against one tie as they take on the Otton Friday night.

The Springlake Wolverines, the only team left in our area in all classes with a perfect record, will get their toughest contest of the season Friday night when they tangle with the Muleshoe Mules of District 1-AA. The Mules have won three games in a row without defeat and the game at Muleshoe this Friday will give the Wolverines a chance to show if they have enough power to win the District 2-A race. Sudan, the team expected to give Springlake its roughest competition, has already been beaten by the Mules.

The Amherst Bulldogs will play their second conference game of the season Friday night when they play host to the Kress Kangaroos.

They have signed to meet in a two out of three fall match with a one hour time limit.

The little fellows are very aggressive and are lightning fast on their feet. They really give a good account of themselves every time they climb into the ring and they usually have the audience in stitches with laughter before the evening is over.

The matches will now start at 8:30 for the remainder of the fall and winter season. During the summer, they were moved up to 8:45 due to the lengthy days and warmer weather. Matches are held at the Littlefield Sports Arena on the Clovis Highway.

two punts in the first half that led to scores, the final outcome may have been different.

Coach Mayfield announced Wednesday that he would start the same lineup Friday as he did last week against the Otton Mustangs. This will find Leslie Bovel and Andy Parker at ends; Wallace Lee and Joe Hoover at tackles; Ernest Hoppe and Lawrence Hudson at guards and Roger Lowe at center in the line. In the backfield it will be halfbacks Mike Green and Buddy Jones; Quarterback Mickey Ratliff and Fullback Max Morris.

Max Morris and Ernest Hoppe was elected by the team to act as co-captains for this game after Tuesday's workouts.

## Red Raiders Try Baylor At Waco; Bears Favored

LUBBOCK, (Sp.)—Texas Tech's first game against a Southwest Conference school since joining that league itself is with Baylor University at Waco Saturday afternoon.

The game will be regionally televised except in the vicinity of Waco.

Baylor, picked by many to win the Southwest Conference title, defeated California, apparently, under wraps, 7-6, last week while the

Raiders were dropping a 17-13 decision in Texas Western. A rocky road lies ahead for the Raiders. After playing Baylor they meet Texas A&M in Dallas the night of Oct. 6 and engage West Texas State here the night of Oct. 13 before getting to an open date.

building a better city where a good city has been started. It will take everybody to get the job done.  
The Earth booster organization has hired a full time secretary, and a big membership drive recently got off to a flying start. The full time secretary is Mrs. C. O. Taylor, wife of an Earth businessman. We always enjoy visiting with the folks in Earth.  
We have often heard it said that "once you cross the Rio Grande, you will cross it again."  
And that statement has proven true with us; we have crossed the Rio Grande many times and we want to cross it many, many more times.  
We have visited Earth countless numbers of times since we came to the plains.  
**AND WE WANT TO GO BACK OFTEN . . . VERY OFTEN!**

Here's a helpful hint for bache-

lors, or husbands who boil their own eggs in the morning:  
First boil some water, then before you put the eggs in the water pre-heat them under the kitchen hotwater tap. Just a little pre-heat will most times prevent cracking . . . and nobody likes a cracked egg.  
Of course if you are real clumsy, or just sort of fussy the egg into the water and it gets a bang against the side or bottom of the dish, all that could have been accomplished by pre-heating "goes out the window" and possibly the egg after it if your temper boils in tune with the water on the stove.  
Some of you men . . . you will notice that we are careful not to address any of our remarks to the women . . . like your eggs taken out of the shell and put in a small bowl, while others like to crack one end of an egg, stand it on end and eat it out of the shell.  
In case you are a novice at this egg boiling business, don't get in a hurry and put your hands in the boiling water; just rescue your eggs with a big spoon or some other implement. As you lift the eggs out in the spoon, let the cold water tap run over them just lightly. You will find that this cooling method will make the eggs comfortable to handle.  
What a wonderful institution is a kitchen tap.

## ROADWORK ALMOST COMPLETED

# Earth Continues Its Rapid Growth

By MORLEY B. DRAKE  
Earth, one of Lamb county's rapidly growing cities, is showing new evidence of expansion and population growth now and for the future.  
One important and prominent feature of the growth is the new four-lane route through the business section and a part of Highway 70, which will be completed soon.

Many new business buildings have been built in the past two years, and prominent construction at this time includes a large building to house the Children's division of the First Methodist Church, and a clinic and hospital being built by Dr. and Mrs. F. B. Faust.

**12 SUNDAY SCHOOL ROOMS**  
The new building being erected by the First Methodist Church is of brick and stone construction, with Frank O. Bennett, Jr., of Lubbock as general contractor and Styles, Roberts, Gee & Messer-

smith, also of Lubbock, architects. Rev. Gene Matthews is pastor of the church and reports that the building, which has 5,000 square feet of floor space, will house the Children's division of the church, and provide 12 Sunday school class rooms. The interior of this building is being decorated in soft pastel shades, including light shades of green, yellow and peach.

**OTHER BUILDINGS PLANNED**  
According to Rev. Matthews, this building is the first unit of three that the church proposes to build, and represents an investment of approximately \$40,000, which has already been arranged for.

Rev. Matthews stated the church raised \$25,000 cash from the membership, and obtained a loan for the balance.  
He also stated that the second unit planned to be erected later would serve as an adult Sunday school department and Fellowship Hall and kitchen, and the final unit to be erected a few years hence will serve as a sanctuary.

The completed projects will represent an investment in the neighborhood of \$150,000, Rev. Matthews said.  
**FIREPROOF STRUCTURE**  
Another very commendable project under construction in

Earth is the Faust clinic and hospital, which is being built at Fifth and Kelley streets. It is a fireproof structure of con-

crete blocks and steel, with an arrangement of ornamental stone on the front. This structure is being built by

Dr. and Mrs. F. B. Faust, formerly of Littlefield, but later of Dimmitt and now of Earth. Dr. Faust is a heart specialist, and Mrs. Faust also has a doctor's degree.

**PRESENTED HERE** is the new Faust clinic and hospital is being built at Earth by Dr. and Mrs. F. B. Faust. Dr. Faust is a heart specialist and formerly practiced in Littlefield. The new clinic and hospital is of concrete blocks and steel construction with a front of ornamental stone.

**\$30,000 BUILDING**  
The building, of which the outside walls are already up, will include a reception room, four patient rooms, two examination and two treatment rooms, a laboratory and x-ray room. It will provide 3,000 square feet of floor space, and will represent an investment of \$30,000, not including the equipment.

Dr. Faust has been practicing in Earth for the past year and a half, and reports indicate that patients come great distances to consult and be treated by this heart specialist.

The clinic, needed as it is, will be a nice addition to the city of Earth.

Dr. and Mrs. Faust have two children, Faith Helen and Bruce, who have both enrolled in Texas Tech for the fall term. Faith Helen attended the College of Art at Monterey, Mexico, this past summer.

In far northern latitudes, mirages often appear as ships upside down in the sky.

WHEN SUDAN CITIZENS inaugurated their Festival with the theme of "United Nations and World Peace" in 1952, the above was photographed as preparations were completed for the event. Dressed in colorful attire of the countries they represented were pictured left to right, front row, Doris Dory Renfro, representing Holland; Betty Salem Koriath, Luxembourg; back row, Alma Ballard, Luxembourg; Mrs. W. H. Lyle, Mexico; A. L. Wright, Czechoslovakia; Mrs. Earl Minter, China.

Watson, joined the Baptist Church Sunday morning.

Mrs. Leslie Watson visited Mrs. Almon Whitford Saturday. Mrs. Whitford returned home from the West Plains Hospital at Muleshoe Friday where she had been a patient for the past four weeks. She is much improved.

**GARDEN CLUB ENTERTAINS WITH CHILI SUPPER**

The Springlake Garden Club honored their husbands with a chili supper Tuesday night, Sept. 20 at 8:00 p.m. at the Community Building. The theme for the evening was "Fall Round-up" with husbands having a part in telling "Fall Texas Tales." "42" and dominoes were enjoyed by all.

Mr. and Mrs. Lonnie Cates, Steve and Pamela of Plainview, visited Sunday in the home of Rev. and Mrs. John T. Williams.

Mr. and Mrs. A. J. Jones of Hereford visited Thursday night and Friday with her mother, Mrs. Almon Whitford and his parents, Mr. and Mrs. Jones.

A house belonging to W. O. Watson, located near Skinner Grocery, was partly destroyed by fire early Tuesday morning.

Extension Dairy Husbandmen E. E. Burselen and A. M. Meekma, say that without good producing cows, well fed on good quality roughage, the prospects for developing a profitable dairy herd are slim.

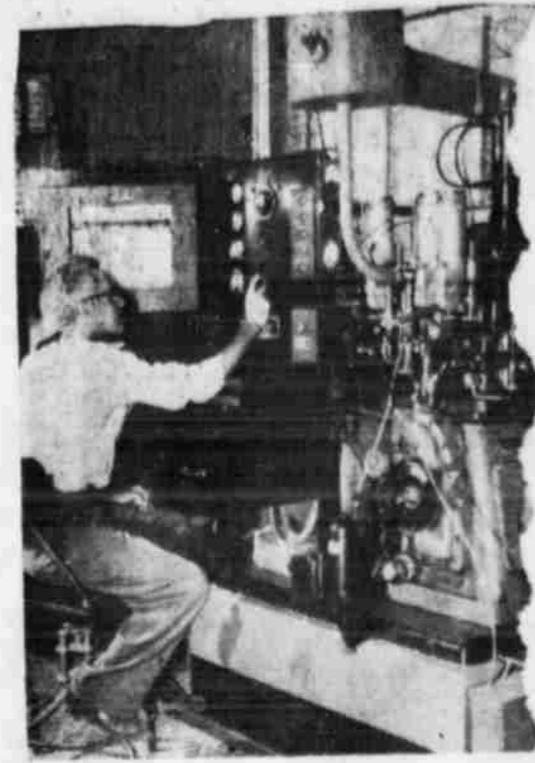

**Rev. Blackwell Named To Post At NY University**

The Reverend Dale W. Blackwell, former spiritual director of Episcopal missions in Texas and a native of Littlefield, has been appointed resident manager of the Student Religious Center at New York University's Washington Square Center. He assumed his new post Monday.

Father Blackwell has been priest-in-charge of the Missions of St. Charles the Martyr, Daingerfield, and St. Martin's New Boston, for the last two years. During 1953 and 1954, he was counselor at the Cathedral of St. John the Divine in New York City. He also has served as youth counselor at St. Mary's Church in Auburndale, New York, and as a teaching fellow and instructor at the School of Education at North Texas State College, Denton.

A native of Littlefield, Father Blackwell attended Turnersville High School. He received bachelor of science and master of science degrees from North Texas State College in 1950-1951, respectively and received his licentiate in 1954 from the General Theological Seminary in New York City.

Eddie Price, playing for the New York Giants in 1951, set a National Football league ball carrying record with 271 carries. He averaged 3.6 yards per carry.

By MRS. W. T. CLAYTON

Mr. and Mrs. W. O. Watson and Mrs. Leslie Watson returned home from Dallas Wednesday where Mr. Watson received medical treatment.

Ernest Baker and W. T. Clayton attended a dinner and business meeting of the Tahmineh Shrine

Club at the Alcoa, at Plainview Thursday night at 7:00 p.m.

**SPRINGLAKE BOY SCOUT PROGRAM GETS UNDERWAY**

The first meeting of the year for the Springlake Boy Scouts was held Tuesday evening at the Community Building.

The mothers appointed for a three months period were: Mrs. Herschel Sanders, Mrs. William Nines and Mrs. E. L. Sikes. Mrs. James Packard was elected head Den Mother for a year.

A finance committee was appointed, naming Mrs. Roy Byers and Mrs. Edwin Jones as the committee.

Members voted to present each Scout in Den I and II with a gift and a birthday cake for refreshments on their birthday.

The Scouts are to have a Pack Meeting and picnic at the Springlake Park Monday night.

**P-T-A HOSTS**

"GET ACQUAINTED TEA" These attending an organizational meeting recently of the mothers of the piano students of Mrs. Cletis Clayton were Mesdames Bill Burrow, Bryant Hicks, Tom Jones and Troy Blackburn.

The name of the club decided on was the "Harmony Club." An executive committee was chosen with Mrs. Cletis Clayton as chairman and other executive committees included Mesdames Bill Burrow of Springlake, A. E. Wheatley, Harold Miller, Cullen Hay and Donald Kelley of Earth.

The serving table was centered with a cake representing a sheet of music. Miss Joyce Jones and Miss Evelyn Clayton served cake and punch to those present.

Mrs. Earl Watson of Springlake and Mrs. Orbie Armstrong of Earth are sponsors for the cheer leaders of the Springlake school.

The head cheer leader is Sherry Stine, the assisting cheer leaders are, Viola Hall, Pat Armstrong, Billie Jean Watson and Janice Prater.

Robert Riley, student at WTSC at Canyon was home over the weekend. Gene Parker of Happy, was his week end guest.

Mr. and Mrs. Jack Yarbrough of Amherst and Mr. and Mrs. W. M. L. Kerin of Los Angeles, visited Sunday evening in the home of Mr. and Mrs. W. T. Clayton.

**EVA SANDERS CIRCLE IS ORGANIZED**

The Springlake WMS of the Baptist Church divided into two Circles. Mrs. Lowell Waldon called a meeting of her circle for the purpose of electing officers and to name the circle. Time of meetings will be each Monday at 3:00 p.m.

The name of the circle is "Eva Sanders" named for Miss Eva Sanders, missionary of Nigeria who visited in the Springlake Baptist Church the past year.

Officers elected were Mrs. W. T. Jones, secretary; Mrs. John T. Williams, Program; Mrs. Ernest Baker, Prayer; Mrs. Jim Stone, Bible; Mrs. Harlon Watson, Community Mission; Mrs. Thelma McClanahan, Mission Study; Mrs. E. C. Stroud, Stewardship; Mrs. Ernest Baker, Song Leader and Mrs. Jimmy Banks, Social.

The Circle drew names for secretaries for the year. Those present were Mesdames Stone, Waldon, Baker, Stroud, Jones and Williams.

Mr. and Mrs. E. C. Stroud are new residents of Springlake, they moved here last week from Muleshoe. Mr. Stroud is employed at the Farmers Co-op Gin.

Mr. and Mrs. Z. T. Byers, Mrs. LaWann Burton and Donna Kay
