# LAMB COUNTY LEADER

THE SOUTH PLAINS GREATEST WEEKLY NEWSPAPER—SERVING THE FASTEST DEVELOPING AGRICULTURAL SECTION OF THE SOUTHWEST

OFFICIAL NEWSPAPER OF LAMB COUNTY, TEXAS LITTLEFIELD, LAMB COUNTY, TEXAS, AUGUST 26, 1937 NUMBER 21

## CITY PROPERTY VALUES UP \$84,785

### Business Prospects Bright In Trade Area After Good Rains

#### FARMERS IN GOOD SPIRITS AS SHOWERS DESCEND OVER LAND THAT BADLY NEEDED RAINS

Amherst, Sudan, Spring Lake, Earth, Olton, Fieldton, Spade, Valley View and Yellow House All Receive Good Rains

Prospects for one of the greatest cotton crops ever raised in this section were exceedingly good this week as general rains had descended over this area. Littlefield received approximately two inches of fall. Small showers fell over the entire trade territory during the past week, but on Saturday and Sunday a general down-pour arrived to gladden the hearts of everyone. This assured the entire community of ample moisture and a good fall business.

#### SCHOOLS OPEN HERE SEPT 6TH

#### Supt. Hemphill Issues Important Information To Students

On Monday, Sept. 6 the doors of Littlefield Public Schools will be opened for the 1937-38 session. The students of the Littlefield Independent School District. Due to the rapid development of this town which has brought many families into the district, a large enrollment is expected for the coming year. Because of crowded conditions in the schools last year, and the expected increase for this year, strict adherence to the enrollment of only students of legal school age must be maintained; requests are requested not to attempt to enroll any child that will not sit on or before September 1, 1937.

Although the faculty has been reduced since last year, it is believed that the thirty nine teachers contracted for this year will be able to continue the broader and progressive educational program which has been developed in the Littlefield school system. It is not expected that subject offerings will be reduced in any way. One change of importance, however, is, if present plans materialize, that the fourth grade pupils will have their work in the primary building; this change is expected because of crowded conditions in the intermediate grade building while there has been increased room in the primary building. The school buses will run their routes for the first time this year on the morning of September 6. Routes like those run last year will be followed during this year. Drive.

#### SUPT. HEMPHILL "CLEANS HOUSE"

Sweeps Floor, Plasters The Walls And Repairs Sport Equipment

Floyd Hemphill may be Superintendent of the Littlefield schools, but last week found him doing many things you don't generally find school heads doing. Floyd was really working. Here are a few of the things he was found to be doing at the school building.

Uncreating some new books, putting over 3,000 old books in sacks ready to ship back to the State Educational Department at Austin, sweeping the book room floor in the grammar school, repairing some old athletic equipment and plastering some walls in the lavatories. He also inspected the school buildings and made notes on the conditions of several things that need to be taken up with the school board.

Yes Sir! Supt. Hemphill has really been on the job.

#### \$5,000 For "Sweet Adeline"

Of course four Littlefield men could gather about a piano and burst forth in song but it is doubtful if any one about here would lay out the \$5,000 that it would take to get this quartet of Fort Worth Fiesta songsters to appear here.

Shown above singing "Sweet Adeline" is Harry Armstrong, seated at the piano who composed the song; extreme left Joe Howard who wrote "I Wonder Who's Kissing Her Now"; standing back of Armstrong is Russell Robinson, composer of "Margie" and to the right is Phil Baxter, better known as "Piccolo Pete."

#### MRS. R. L. DODD PASSES AWAY

#### Funeral Held Tuesday Afternoon at Baptist Church Tripp, Texas

Mrs. Rebecca L. Dodd, aged 85, widow of W. L. Dodd, passed away at a local hospital Sunday morning, August 22, at 11 o'clock, where she was taken Saturday afternoon suffering from a heart attack.

The remains were taken Monday evening to Lubbock, by Hammons Funeral Home from where it was taken by train to Tripp, Texas, where services were conducted in the Baptist church Tuesday afternoon at 2:30 o'clock by Rev. Tobe Winn, Baptist pastor of New Hope church, assisted by Rev. Grover Lewis, of Mesquite, Texas, nephew of deceased. Interment took place beside her late husband in the Lone Creek Cemetery. He passed away Nov. 20, 1888.

Deceased was born in 1851 near Nashville, Tenn., where she was reared and lived until 1881, when she moved to Mesquite, Texas, living there until 1906, when she changed her residence to Altus, Oklahoma. She lived there until 1924, when she located on the Plains.

As Miss Rebecca L. McMullan she was married August 31, 1870, to W. L. Dodd, to which union were born five children, two dying in infancy.

Deceased was survived by three children, two sons and one daughter. F. M. Dodd of three miles west of town; W. J. Dodd of Graham, Texas; and Mrs. Mary Frances Touchton of Wylie, Texas; and four grandchildren and four great grandchildren.

#### Rev. Alfred Brian Is Severely Injured In Car Accident Wed.

Rev. Alfred A. Brian, 36, District Baptist Missionary, was brought to the Payne-Shotwell hospital late Wednesday afternoon with both knee caps fractured, one of his knees being badly crushed, and also suffering from a slight head wound, as a result of an automobile accident two miles south of Whitharral on the Levelland road.

Rev. Brian had completed a ten day revival meeting at Whitharral, and enroute home to Plainview, to Levelland for Mrs. Brian and the children, who had been visiting there during the meeting, when the accident happened.

Traveling toward Levelland Rev. Brian said an aged couple who had been visiting a farm home, in backing their car out into the road, collided with the new Oldsmobile sedan he was driving.

The couple were taken to Levelland for medical aid, but were found to be only suffering from shock and scalp wounds, and after being rendered first aid, were taken home.

Rev. Brian was brought to the local hospital and Mrs. Brian, who was advised of the accident, was soon at her husband's side.

It was necessary to place both Rev. Brian's legs in casts, where

#### INCREASE DUE TO CITIES GROWTH IN PAST YEAR; '36 VALUATIONS \$1,238,075 AND '37 VALUATIONS GO TO \$1,322,860

#### Tax Rate To Remain At \$1.50; New Valuation Will Bring Revenue Due From Taxes To \$19,842.90; An Increase Of \$1,271.77 Over '36 Taxes Due

The steady growth of Littlefield was reflected yesterday when the 1937 property valuations were announced as being \$84,785 above 1936 totals.

Although there may be some minor changes in the total of \$1,322,860, value of property in Littlefield for 1937, the increase of \$84,785 will not be materially changed.

Valuations in 1936 were \$1,238,075 and the increase in valuations this year is entirely due to the growth of the city in the past twelve months. Additional property has been steadily developed here by much building and even now a great amount of construction is underway. With a great volume of business expected here this fall the valuations of city property will no doubt show even a greater increase.

#### C. O. STONE IMPROVING

#### Former Cashier Local Bank Ill In Lubbock Sanitarium

C. O. Stone, who has been seriously ill at the Lubbock sanitarium for the past three weeks, is reported to be slightly improving.

Mr. Stone, who was formerly cashier of the local bank, left Littlefield to accept a position with the Federal Land Bank at Lamesa. He was recently promoted to the office of District Supervisor with headquarters at Amarillo. At the time he took ill he was at Canadian, Texas, in connection with his duties.

He underwent an operation for gangrenous appendix about three weeks ago at the Lubbock hospital, and about two weeks ago was stricken with pneumonia as a result of the infection.

Friday last he was reported in a very critical condition, and was given transfusion of blood Saturday and another Monday, following which his condition has improved.

A large number of Littlefield friends have visited Mr. Stone at the Lubbock hospital, including Mr. and Mrs. Clyde Hilburn, Mr. and Mrs. L. C. Grissom, Mr. and Mrs. W. G. Street, Dr. and Mrs. Thos. B. Duke, Mr. and Mrs. E. C. Cundiff and Mr. and Mrs. J. S. Hillard.

#### CUENODS SOLD TO J. H. WARE

#### Store Established Here In 1925; Plans of Mr. Mrs. Sales Indefinite

J. H. Ware announced yesterday that he had completed negotiations for the purchase of the Cuenod Dry Goods company on Phelps avenue from Mr. and Mrs. T. S. Sales.

The store was closed Wednesday and Thursday while the stock was gone over and marked down for the sale that Ware will hold at the Cuenod store starting Friday of this week. It is expected the large stock valued at over \$15,000 will not last long at the prices quoted. A double page ad appearing in this issue of the Leader gives an excellent idea of the fine values being offered in this close-out sale.

The Cuenod Dry Goods company has been in business in Littlefield since 1925 and has served well the trade territory of this city. Mr. and Mrs. Sales have made no announcement of their future plans.

#### LAMB COUNTY COTTON CROP IS ESTIMATED AT 75,000 FOR 1937

The cotton crop for the 18 counties on the South Plains has been estimated at 613,000 bales.

Lubbock county was placed first with a production of 94,000 bales; Dawson county second with 86,000 bales; Lynn third with 81,000 bales; Lamb fourth with 75,000; Terry fifth with 57,000 bales. Terry, however, has included in its total Yoakum county. That county has no gin, its cotton all being ginned in Terry county.

Crosby ranks sixth with 48,000 bales, Hockley is next with 40,000 bales, Hale, Garza and Floyd follow rapidly.

Only counties on top of the Caprock were included. Estimates are as follows, compared with 1936 production:

#### \$35,000 Set Aside For Hard Surfacing Six Miles Of Route 51. May Go South-North?

Information has been received here that the State Highway Commission has placed its OK on the mission has placed its OK on the grading, drainage and surfacing of part of Highway 51 which runs north and south through the county.

Judge L. R. Crockett and the Lamb County Leader have both been advised that the six miles of improved road to run north of the city instead of south it will be necessary for them to have the County Judge and two commissioners sign a letter asking for the change.

The amount to be spent on improving the six miles of Highway

51 will be \$35,000 and it seems not to matter to the state whether the six miles is improved north or south. Everyone agrees that the improvement of the highway is a vital need to the county but those who favor improving the road north feel that the largest handicap to the growth of the county at the present time is the fact that no good road is now running over the Sand Hills just north of Littlefield.

It is thought that if the improvement is made toward the north it will be just that much toward getting the road over the Sand Hills improved.

(Continued on back page)

As the matter now stands the road will be improved six miles south unless the citizens officially ask for it to be changed to run north. The road when improved will have a caliche base with one coating of asphalt.

It is a project of the government known as a "Farm-to-Market" highway with the state and government each dividing the cost. The state

# COUNTRY BOYS" SELL 77 USED CARS AND WIN THIRD IN STATE; L. M. RATLIFF ALSO POCKETS \$100

With a record of selling 77 used cars in sixty days the Hall Motor company, local Ford dealers have advised they won third place in the individual contest for the third largest number of cars in the state.

M. Ratliff, salesman with the organization is also a proud man this week with one hundred American dollars rattling in his pocket. Ratliff won third place in the individual contest for the third largest number of cars in the state.

The State was divided into five groups according to the size of the city. C. B. Ostrander, Dallas Division Branch Manager. The group in which Littlefield found itself consisted of such large cities as Brownwood, Greenville, Denton, Sweetwater, Mineral Wells, Athens, all of which are larger than Littlefield.

It didn't "drop" for the Hall organization, local Ford dealers, this summer due to hard work and values offered. Just 115 cars sold in 60 days, that all. At the present time the firm stands fifth in the state for cars sold since January 1st.

"The beauty of it, said Hall yesterday, is the fact that we have found since starting in business here in June 1935, that 50 per cent of our business is repeat business. We "country boys" are mighty happy over winning third place in this State wide contest and expect to keep up our endeavors. We have the values, we have the man power who know cars and nothing can stop us."

Hall evidently knew what he was talking about, as on Tuesday of this week his force sold seven cars before five o'clock in the afternoon.

besides selling 77 used cars during the contest the Hall sales force comprised of Harry Patillo, Frank M. Ratliff and Mancel himself, sold 58 new cars which was no mean feat in itself, considering that business in Littlefield usually drops off during the summer.

## Harvey To Hold Party Thursday

Harvey announced yesterday he was going to hold a big party Thursday night at his Radio and Electric Shop on Main Avenue, across from Ware's Department Store.

The scrap will be heard over the new 1937 Zenith Radios and will be between Joe Louis, champion of the world and Tommy Farr, champion of England.

Harvey has also said he would offer soft drinks to all that come hear the fight without any obligation. Looks as if a person could lose by attending this "fight party."

## Mrs. Harvey Presents New Fall Clothes On Friday-Saturday

Mrs. John Harvey, manager of the Fashion Shop announced today that the fall opening of the store would start Friday and continue through Saturday.

Mrs. Harvey recently made a trip to the markets where she selected a great amount of merchandise right in style and dresses and coats in a number of models. This merchandise has now arrived and will be on display this week end.

She will have two ladies on hand to make any alterations that may be necessary and also capable sales ladies to show all the latest in fall styles. The Fashion is also featuring a Lay-A-Way plan that can be used to advantage in purchasing Fall clothes.

## YARD WINNERS TO BE NAMED

### Four \$5 Prizes To Be Awarded Along With Free Shrubbery

The yard beautification contest which started last May and which was sponsored by the Womens Study club, Junior Study club, Rotary club and the Chamber of Commerce, will come to a head next week when the Judges, Mrs. J. C. Hibun and Mr. Hale will select the winners.

It is understood that approximately forty residents of the city entered the contest which has been responsible for more care being taken of yards in Littlefield the past summer.

There will be four prize winners, each who will receive \$5 cash and \$1.25 in shrubbery given by an Austin nursery.

General chairman of the Joint Beautification committee is Miss Thelma Kiliough, Instructor in the local schools. Mrs. W. H. Gardner and Mrs. L. T. Green represented the Womens Study club and Mrs. C. M. Sparkman and Mrs. Jack Johnson represented the Junior Study club on the committee. The Rotary club and C. of C. cooperated, but left it up to the ladies to work on the committee.

## Fifty-Four Men On WPA Road Project

Work is progressing nicely on the road North of Amherst to Earth, where WPA workmen are doing the work.

It is reported that fifty four men were employed on the project this week and consequently that many families are being aided by this work project.

Each man is allowed to work 98 hours a month. The payroll last week ran about \$600 it is understood.

## LAST RITES FOR NEWCOM VANNOY 3 P. M. TUESDAY

### Passed Away As Result Of Heart Ailment After Long Illness

Newcom Vannoy, aged 14, passed away at his home near Fieldton Tuesday morning, August 24, at about 12:45 o'clock, as a result of a heart ailment, from which he had suffered more or less all his life.

The youth was an orphan, his mother, Mrs. Lizzie Vannoy dying at his birth, and his father, R. W. Vannoy, passing away May 15, 1931.

Newcom was reared by his grandparents, Mr. and Mrs. S. F. Elliott, until Mrs. Elliott died January 25, 1936, after which he was taken care of by his grandfather. He had been ill for several months, and for some time had been unable to lie down due to smothering spells, and was obliged to sit in a chair continuously in order to breathe.

Funeral services were conducted at 3 o'clock Tuesday afternoon at the Fieldton Church of Christ by Rev. Jack Hardcastle, Church of Christ pastor, of Amherst.

Interment, in charge of Hammons Funeral Home, took place in the

Littlefield cemetery.

The youth was survived by three brothers, Clyde, Lee and Oliver of Wink, Texas; his grandfather, S. F. Elliott, and uncles, Will, Ebe, Paul and Kendall Elliott of Fieldton; and two aunts, Mrs. J. W. Estes of Wilson, Texas, and Mrs. G. C. Crosby of Olton.

## Mrs. Wm. Stubbs Entertains Club

Mrs. William Stubbs entertained the Tuesday morning Bridge club this week and served a delightful luncheon to the following who were present: Miss Edythe Walker, Mrs. Don Turner and Mrs. Don Boyles Amherst, Mrs. F. S. Fowler, Mrs. Carl Hudgins, Mrs. Ivan Fowler and Mrs. Erma Hull.

## Supt. F. O. Boles Is Really On The "Go"

If you can't find the County Superintendent of Schools, F. O. Boles these days don't be surprised. He is a busy man.

On Friday, August 13th he spoke to the newly organized Sudan Rotary club. On Tuesday night, August 17th he spoke at the Boy Scout Court of Honor at Olton. His subject was, "Honor Thy Father and Thy Mother."

During the summer he has been busy visiting all the schools in the county and keeping in close touch with matters pertaining to school affairs.

# MR. FARMER!

How better can you determine the value of an irrigation pump than by comparing the operation of the pumps in use by your neighbors? We ask you to compare the pumps of your neighbors and how does the other make of pumps compare with the Kimball?

Why should a farmer have to spend a dime for repairs or pulling pumps during the first year's operation, for all pumps seem to be guaranteed by the factory for one year. The factory should make good according to guarantee.

But, Mr. Farmer, what will it cost you to pull your pump if the year guarantee is passed. Ask your neighbors about this, who have had to pull their pumps, who paid the pulling costs and repairs.

AND WHERE CAN YOU FIND A FARMER WHO SPENT ONE DIME ON HIS KIMBALL TURBINE PUMP?

I am not an engineer and have no factory to install pumps, yet the more than 200 pumps that I have installed, have got the job done . . . more water and less fuel than any pump sold in this area.

Ask your neighbor about this and see if there is one that is displeased during the past 15 or 20 years Kimball pumps have been sold in this area.

This is the most important thing to be considered when you buy your pump. No other make of pump offered for sale in this area has such a record.

Compare construction of pumps, and how does the other makes compare in construction?

Kimball pumps will have less repair cost because of more desirable construction in 70 years in pump building experience.

When better pumps are built I will be selling them. I expect to be here more than 3 years.

See Chas. Veigel, Stick Brown and Ben Zuebe pumps, northeast of Plainview; also compare Stick Brown's Kimball pump, pulled with Ford engine with Lockview farms, 100 H. P. electric job, and J. D. Lee and A. Cohen's pumps near Anton.

There are more Kimball pumps used than all other makes of pumps in the old irrigation districts of Lockney, Roswell and Winter Garden district near San Antonio.

**\$36,582 Loaned To 164 Families Since January 1st**

Having paid out \$36,582.52 to one hundred and sixty-four families in Lamb county since January 1, 1937 the Rural Re-Settlement organization in this county, under the direction of William Stubbs seems to be filling a real need.

Although the sum of \$105,901.27 was loaned out in this county in 1936 the sum of \$43,552.21 has been paid back to the government. The sum of \$30,553.18 is delinquent on 1936 loans but it is expected with bright prospects for fall crops in this region this sum will be reduced as soon as the cotton is brought from the fields.

Loans made by the Rural Re-Settlement are on signed notes due in one to five years. No more loans can be made by the Rural Re-Settlement until January 1, 1938.

Although the exact number of people who have benefited by the \$36,582.52 in loans, made this year, is not available, it is known that the families have from one to ten children each, making a sizeable number citizens who are receiving direct government aid.

Assisting Mr. Stubbs are Mrs. Mary Watson Jones, Home Management Supervisor and Miss Jewel Flemister who has charge of the office work in the City Hall here in Littlefield.

## FRIENDS FROM SLATON ARE GUESTS LAWN PARTY AT McIVER HOME

Number of out of town friends were guests of Mr. and Mrs. McIver and Mr. and Mrs. Joplin, at a lawn party at McIver home Friday evening. Picnic supper, including fried chicken and all the trimmings, were served on the lawn, following which the games were enjoyed.

Mr. Oscar of Slaton scored high for men, while Mrs. Louie Ayers of the same place, was awarded for ladies.

Other town guests were: Mr. and Mrs. L. C. Odom, Mr. and Mrs. McReynolds, Mr. and Mrs. Wyatt and daughter, Wanda, Mrs. Louie Ayers, Miss Rixie, Mrs. Percy Minor of Slaton, and Mrs. Farum Posev of Slaton.

Assisting in the entertaining were Mr. and Mrs. J. W. Hopping and daughter, Dorothy Ruth, and Misses Dorothy and Doris Hopping. Games were played, songs sang, and several readings given by Linda Beth Stokes and little Dorothy Ruth Hopping.

Those from Littlefield enjoying the cool mountains, fishing and other recreations at Creed, and who appreciated the hospitality extended them by the Hopping family were: Mr. and Mrs. A. G. Hemphill, Mr. and Mrs. J. M. Stokes, James Mitchell, Jr., Linda Beth and Malcolm, and Mr. and Mrs. C. C. Treman.

Other guests at the above social gatherings were: Mr. and Mrs. Leke and their two sons, who have charge of the reservoir at Creed.

The above Littlefield residents returned to their home here the past week end.

## Mrs. H. F. Moody Entertains In Honor Of Son

Complimenting her young son, J. C. on his twelfth birthday, Mrs. H. F. Moody entertained a group of children Tuesday evening of last week at a lawn party at the Moody home.

Other honor guests for the occasion were Lois Marie Johnson and Mildred Jean Johnson of San Angelo, and Clifford Lee Payne of Paducah, Texas.

Outdoor games were enjoyed, following which birthday cake and ice cream were served.

Those enjoying the outing were: the honorees, and Billie Lou Pruet, James Ware, John Henry Chapman, John Porcher, Robert Dennis, Jack Grundy, Jane Whicker, Bartie Haile, Babe Hammons, Betty Ruth Walters, Joyde Jones, Willie Bradley, Truett Boles and Herbert Boles.

## Mrs. E. O. McIver Hostess Wednesday Bridge Club

As a courtesy to members of the Wednesday Bridge club, Mrs. E. O. McIver entertained at bridge Wednesday afternoon of last week.

Cut prizes were won by Mrs. W. H. Gardner and Mrs. R. E. McCaskill.

Those present were: Mesdames J. W. Keithley, W. H. Gardner, W. J. Aldridge, Jess Elms, F. O. Boles, W. D. T. Storey, R. E. McCaskill and B. L. Cogdill, to whom a refreshment plate was passed following the games.

## Mrs. Jack Farr Hostess Members Friday Club

Complimenting members of the Friday club, Mrs. Jack Farr entertained at two tables of bridge Friday afternoon at the Farr residence on East Seventh Street.

Following the games a salad course was passed to the following: Mesdames Van Clark, Jess Elms, Floyd Hemphill, Dick Rutliff, Roger McLaughlin, Wm. N. Orr, Ewing Thaxton and the hostess, Mrs. Farr.

## Mrs. L. C. Grissom And Children Return From Trip South

Mrs. L. C. Grissom and children, Minnie Kate and Sonny, and Mr. and Mrs. R. M. Grissom of Sudan returned Tuesday of last week from a twelve day trip to Birmingham, Ala., and other points south.

While gone they visited Mr. Grissom's sister, Mrs. Maggie Corley and brother, Jim Grissom, and his sister-in-law, Mrs. T. A. Waters, at Birmingham.

They returned to Littlefield by way of Pensacola, Fla., spending some time at Gulfport, Miss., and New Orleans, La., and visited a day with Mrs. Grissom's parents, Mr. and Mrs. E. L. Kennedy, at Groesbeck, Texas.

## Attend Commencement Service At W. T. Teachers College

Lamb county had two representatives in the summer junior class at the West Texas State Teachers college, Canyon. They were: Darrell Hemphill of Littlefield, and Mrs. Anna Irene Kittley of Sudan.

There were 174 men and women in the class, which is the largest in the history of the institution.

The commencement service was held Monday morning, August 23, at 10 o'clock, and was attended by Mr. and Mrs. F. A. Hemphill, and Miss Dahlia Hemphill, from Littlefield. Mr. Hemphill received his A. B. degree.

**SYNOPSIS:** A card game is in session in Elmer Henderson's penthouse atop a New York skyscraper. The players are: Henderson, Police Inspector, Flaherty, Martin Frazier, Archie Doane, Max Michaelis, and his friend Williams, a stockbroker.

They are waiting for Stephen Fitzgerald. When he fails to appear, a telephone call brings the information that he is out with a girl. Fitzgerald and Henderson are both romantically interested in Lydia Lane, the famous actress, but Archie Doane reveals that she is engaged to marry him.

Doane leaves the party early when Fitzgerald fails to appear. A short time later he telephones Inspector Flaherty with the frantic news that he has found Fitzgerald and Miss Lane dead in Lydia Lane's penthouse apartment.

When Flaherty and the medical examiner reach the apartment, they find that Miss Lane is still alive. She is rushed to a hospital where blood transfusions and care promise to restore her.

All circumstantial evidence points to Archie Doane as the murderer, especially when the murder gun is found carefully planted in the chimney clean-out in the basement.

"Why, such a thought never entered my mind, I suppose I could have done that, but it would never have occurred to me."

"I thought I knew what you would say," said Michaelis. He turned to Inspector Flaherty.

"Your man has made a thorough search for a weapon here, hasn't he, Dan?"

"What about it, Tony?" asked the Inspector of Detective Martinelli. "Find anything?"

"Not a trace, chief," replied the young detective. "I've looked into every place where a gun could be hidden and there isn't a sign of one. Either the guy that did the

shooting took it away with him, or else he threw it away. The snow would hide it, you know."

"We'll keep that in mind, too," replied Inspector Flaherty, as he led the way to the rear of the apartment.

Under the beams of the pocket searchlights of Detective Martinelli

and the other men from Headquarters, the deep rear roof garden of the penthouse apartment showed the same unbroken expanse of fluffy snow as the narrower space in front had exhibited. The white surface was broken only by the footprints of a man, which led from the janitor's roof door around the

The inspector poked his finger into a tiny hole in the upholstery.

elevator shaft and the kitchen extension of the penthouse, to the French door which gave access between Miss Lane's bedroom and the roof.

"I want a photograph of these footprints, and of the whole roof," said Inspector Flaherty to the camera man. "You've measured them?" he asked the Bertillon expert.

"Yes; and I've compared them with Mr. Doane's overshoes," was the reply. "They are his footprints, without doubt."

"I'd like to inspect them carefully," said Max Michaelis. He borrowed Martinelli's searchlight and, as soon as the camera man had set off his flash and obtained his photographs, he scrutinized the tracks for several minutes. Then he stood up and threw the searchlight beams on the rungs of the iron ladder to the penthouse roof, and the coping which bordered the main roof on all sides, and upon the chimney stack which projected above it, seven or eight feet high and some twenty feet to the rear of the doorway in which they stood.

"I'd like to call your attention, Dan, to the footprints more particularly," he said to the Inspector. "They bear out Archie's story that he approached this door, over the roof, paused here, backed away a step or two, then returned to the door and entered. There are no tracks pointing away from the door, except those which your camera man made just now."

"I'd also like you to note that the snow ridges on the edge of the coping, on the rungs of the ladder and on the edges of the penthouse roof and one the top of the chimney are unbroken. Nobody has gone up or down the ladder, over the edge of the roof at any point, since it snowed."

"I don't know what that proves, Max, but I've noted it," responded Flaherty.

"It proves that if Archie did the shooting there are only two places

where he could have hidden the gun," replied Max Michaelis. "He could have stood here by the door where we are now, his feet pointing toward it, and tossed the pistol up on this penthouse roof, or he could have stood in the doorway and thrown it beyond the rear edge of the main roof into whatever courtyard there is between the high walls all around us."

"Now, I suggest that, if there is no reason for leaving the snow on the roof garden undisturbed, since it has been photographed, that we go to the end of the roof and see what the snow below in the courtyard looks like."

"Why couldn't he have gone through to the front and thrown the pistol into the street?" demanded Inspector Flaherty. "It would have been harder to find there."

"Because, Dan, as you probably noticed, the front door and the windows of the studio had not been opened since the snow began until we opened that door a minute ago. You recall how the banked up snow on the doorsill tumbled inward when you opened the door?" replied Michaelis.

"Did you go into the studio at all, Archie?" he asked, turning to Doane.

"Not until after the men from

Headquarters arrived and let me in there. I hardly moved from the chair at the telephone table, after I called up the Inspector, until I rose to open the door for the detectives."

The searchlights revealed an enclosed courtyard at the rear of the building as the party looked over the coping and down into an L-shaped well, bounded on all sides by the walls of the buildings. It was obvious that nobody could have thrown anything over the roof of any of the adjoining buildings and there was not a mark or blemish in the unbroken surface of the snow below them, so far as could be seen from where they stood.

"Go down and get the janitor, Tony," Inspector Flaherty ordered the detective. "Have him let you out into that yard and see if there is any spot we have overlooked."

"Wait a minute," he went on, as they turned so that they were again facing the penthouse. "First run up that ladder and see if anything has been thrown on the upper roof."

"It might have been thrown down the chimney," suggested Frazier, as Detective Martinelli hurried to obey orders.

"Hardly likely," said Michaelis, throwing the searchlight he had borrowed from the Bertillon man on the chimney stack. "See. It has a stone covering over the top of the flue, with apertures at the four sides to let the smoke out. It would have taken a good marksman to toss a pistol or anything else from the doorway there with sufficient accuracy to hit a hole about eight by twelve inches, at an angle, without disturbing the snow on the edges of the bricks."

"That's right," Frazier agreed. "I hadn't noticed the covering."

They reentered the apartment and Dan Flaherty addressed Doane.

"Did you ever play baseball, Archie?" he asked, with apparent casualness.

"Yes; I used to be a pretty good pitcher. Why?"

"Oh, nothing. I just wondered," replied the Inspector.

Martinelli, scrambling down the ladder, joined them as they took off their overcoats again. "Nothing on the roof, Chief," he reported. "I'll go down and look over the yard now."

Inspector Dan Flaherty stood in the middle of the bedroom and searched every plane and angle of

it with his deepset blue eyes, in silence.

"We've cleaned up outside," he said, at last. "I'm going to comb this apartment again for the gun, though Tony seldom overlooks anything and if he can't find what he's looking for it usually means it isn't there. But there are a lot of other questions in my mind before I can give you a clean bill, Archie."

"First, I want to look over Fitzgerald's body with the doctor, here. What's the matter Archie? Catch him, somebody!" he cried, as Doane, white faced, reeled and would have fallen but for Max Michaelis.

The lawyer eased the actor into a chair. "It's that," he grasped, feebly, with a motion of his head toward the sheet-covered form on the

probe in the pool of rapidly clotting blood which the turning over of the body had disclosed, and upon which the Inspector now turned his search-light.

"No bullet there," agreed Flaherty. "Therefore, he was not shot while lying here. The next thing we've got to find is where the bullet went; then we may be able to tell where he was when he was shot. If he was shot inside of this apartment, the bullet is still here, for there isn't a crack in a pane of glass. Now, to speed things up, I wish you would all help."

Michaels and Frazier agreed will-

ingly and the two Headquarters men took the request as an order. To each of the four the Inspector assigned one of the walls of the bedroom. "I'll take the floor and the ceiling," he said. "Go over every square inch of wall, woodwork, furniture, until we find that bullet."

 N LUTHERAN CHURCH NEWS

Young people from 30 different towns gathered at the Ceta Glen Canyons for the Lutheran Young People's Rally held there last Sunday. The register showed the names of 257 visitors beside the regular voters present. The motto for the day was "Youth in the Service of the Lord." This also was the theme of the sermon delivered in the morning services in charge of the Rev. W. Loesel of Lubbock.

At two o'clock the afternoon sessions were opened with a devotion led by the Rev. H. Frerking of Amarillo. The two essays were now heard and discussed. They both presented a very timely subject. The one on "Church Decorum" delivered by Miss Edna Drager of Littlefield was enjoyed so much that the executive board was directed to have a number of copies made and sent to each society. The Rev. Gartner of Plainview spoke on the national movement, called "The Unite the Youth Endeavor." The Rev. George Beyer of Marlin, Texas, district chairman of the young peoples board, spoke on the recent convention held at Port Arthur. Another radio broadcast is to be put on the air this fall, both from Amarillo and Lubbock. This matter was placed into the hands of the radio committee. The advisability of holding a summer camp was considered and referred to the executive board for careful study. A report of their findings is to be sent each society.

The following elections took place: Mr. L. Kube of Lariat was chosen chairman for the coming year; Miss Hilda Meyer of Canyon was chosen vice-president. Miss Meyer will teach drawing and penmanship in the Littlefield grade school this coming year. Miss Edna Drager of Littlefield was elected secretary; and Miss Esther Nafzger of Hereford was chosen as treasurer. The invitation to meet at Sparenburg for the rally next summer was accepted.

Services will be held at the regular hour next Sunday morning. At the 9 o'clock hour, German, and 10:50 English services. The pastor will speak on thankfulness according to Luke 17, 11, 18. Sunday school and Bible class begin at 10 o'clock. At 8 p. m. in the special young peoples service the pastor will speak on the theme, "Am I My Brothers Keeper?"

Rev. Walter J. Luecke, Pastor.

# COLLIER PARRIS HAPPY WHEN HUBBERS DEFEAT LITTLEFIELD SUNDAY 5-6; GOOD FAST GAME

Tom Miller of Avalanche-Journal Writes Up Contest in Fair Manner; Hubber Jinx Still Evidently on Littlefield Who Just Couldn't Hit

Collier Parris, Sports Editor of the Lubbock Avalanche-Journal must have gone to bed happy Sunday night when the Lubbock Hubbers walked off his "private" baseball field after defeating the Littlefield Panthers 6 to 5 in a close game.

The last time the two teams met the Lubbock gang won 30 to something. We will never forget it over here as Collier has been reminding us too often about it. Especially when he was promoting his baseball tournament not long ago and got mad because the local boys wouldn't go over there and play according to his little pet arrangement with the cash expected to be paid into the ticket seller.

The game Sunday was worth anyone's dough-ra-me. Puss Ballard landed himself on base due to an error on the part of right fielder Hambright of the Hubbers and then Capt. Ratliff of Littlefield walked up to the plate and slapped out a double that scored Ballard.

In the second inning the Hubbers went crazy or something and scored five runs. That did the dirty work as it gave the "big city" boys to much of a lead for the locals to overcome.

In the seventh Littlefield scored one run when Duncan scored after the bases were loaded and Edwards

of Littlefield forced Duncan over the home plate.

In the eighth inning the locals made four hits and three of them counted for runs. Ballard knocked a home run and Aldridge and Duncan who had singled all ran across the pay-dirt-plate. That brought the score to 6-5, just one run shy of the needed count according to Littlefield's side of the matter.

Blanchard, pitcher for the Hubbers managed to get himself in plenty of hot water all afternoon but his team-mates helped him out or he would have been the losing pitcher instead of Duncan being that very thing.

Littlefield made eight hits while the Hubbers were knocking the apple 12 times and making six of them count.

It was just a bad day for the Littlefield boys when it came to seeing the ball. They just couldn't hit like they usually do. There are days like that you know.

# FOOTBALL PROSPECTS FOR LOCAL HIGH SCHOOL LOOK MIGHTY GOOD; WORKING OUT EACH AFTERNOON

Rained Out At Planned Summer Encampment, But Now Digging In On Local Sod; Meet Strong Teams, But Expect To Show Fight

It may have rained out the Littlefield high school football team last week and at the Baptist Reunion grounds at Leuders, Texas, but at the rate the squad was working out this week in this city indicates the rain won't stop Littlefield from having a "bang-up" football team this fall.

Each afternoon this week Coach Bill Sanders has been putting the squad through their paces, getting the kinks out of soft muscles and making a hungry bunch of boys out of everyone of them.

About 22 boys have been turn-

ing out each afternoon under the sunny skies and they are a husky looking squad that any high school should be proud of.

Co-Captain Clyde Lee is among the missing. He is over in New Mexico on a vacation, but at the same time is nursing the effects of a wart being taken off his nose. He is due back soon.

His partner, Co-Captain Jim Walker has been on the field this week working out and looks good. Others who have a letter earned in past seasons are T. A. Henson, Bob Graham and Earl Burleson.

# Littlefield Beats Muleshoe 10 to 9; End Tournament

Crowds Fail To Attend Muleshoe Affair; Games Cancelled

Littlefield closed the Muleshoe baseball tournament in a winning manner Tuesday afternoon when they defeated Muleshoe by the tune of 10 to 9.

The tournament started last Friday but Tuesday saw the windup due to tournament officials calling off the affair due to lack of attendance.

Large crowds have attended tournaments at Littlefield, Amherst and Sudan and it is not understood just why the fans failed to turn out and support the Muleshoe tournament.

# LAST RITES FOR MRS. E. COLLIER CONDUCTED SUN.

Passes Away At Lubbock Following Lengthy Illness

Mrs. Argetta Collier, aged 46, wife of E. S. Collier of near Whitharral, 12 miles south of Littlefield, passed away Saturday morning, August 21, at 3:30 o'clock, at the Lubbock sanitarium, following a three weeks' illness.

Funeral services were conducted at 4 p. m. Sunday in the auditorium of the Whitharral high school, with Rev. W. J. Cole, Baptist pastor of Sudan officiating, assisted by Rev. A. A. Brian, district Baptist missionary, and former pastor of the First Baptist church, Littlefield.

Burial, in charge of Burieson Funeral Home, took place in the Whitharral cemetery.

Pall bearers were: O. E. Johnson, W. B. Little, Bryan Hulise, D. Throckmorton, Bob Hutchinson and C. A. Brock.

Flower bearers were: Mrs. W. B. Little, Mrs. Owen Johnson, Mrs. Bryan Hulise, Mrs. Bob Hutchinson, Mrs. D. Throckmorton, and Mrs. Durham.

Decensed was born in Falls county, Texas, July 5, 1891. She joined the Missionary Baptist church when ten years of age. She came to this section from Hollis, Oklahoma about ten years ago, and has since made her home in the Whitharral territory.

Mrs. Collier was survived by her husband and six children, four daughters and two sons; Mabel, Cora, and Pearl at home, and Mrs. D. Hawks of near Whitharral, and David and W. J. also at home, and two sisters of Houston, Texas.

Out of town attendants at the funeral were: Mr. and Mrs. W. B. Little of Littlefield; Jim Bill Johnson of Madisville, Texas; Mr. and Mrs. G. G. Collier of Hollis, Oklahoma; and Mrs. C. W. Walkup of Gould, Oklahoma.

Deceased was a woman of very fine character, and besides her relatives, leaves a hort of friends to mourn her passing.

### NOTICE TO FARMERS

The annual field day for the farmers of this district will be conducted Friday at the Lubbock Sub-Station, with Don Jones in charge.

# Pampa Ball Club Here Saturday And Sunday

Visiting Club Won Third In National Meet In Denver, Colorado

Littlefield will play host to the Pampa Road Runner ball club of Pampa, Texas here Saturday and Sunday.

The game Saturday will be played at night and starts at 8 p. m. Sunday the boys will face each other at 3 p. m.

The Pampa team recently entered the National Amateur baseball tournament at Denver, Colorado and won third place in a field that was the best in America outside of the Big Leagues. Just how the Littlefield boys will fair against such strong "playmates" is the question in the minds of local fans.

It is understood that not a great deal of money will be wagered on the outcome of the two games. Local fans are still badly bent from the cash they left at Amherst recently.

Mrs. K. L. Townsend who has been visiting her daughter, Mrs. William Stubbs returned to her home in Dallas Sunday.

# Rev. A. A. Brian Conducts Revival

The revival meeting at the Whitharral Baptist church, conducted by Rev. A. A. Brian, District Missionary, was concluded Sunday.

The meeting, which lasted a week, was preceded by a week of prayer. Unusual interest was manifest, with large attendance, both day and night.

A number of conversions and additions to the church were reported.

Mr. and Mrs. K. W. Ellis had as guests Sunday, Mr. and Mrs. K. W. Ellis of Roby.

# HARLOW'S "DOUBLE" FILMED IN FEW UNCOMPLETED SEQUENCES OF "SARATOGA"

Jean Harlow

the release of the new Bryn-Mayer picture, "Saratoga" opens midnight Saturday 28, Palace Theatre Sunday and Monday, Jean Harlow and Jean Harlow playing roles, lies one of the most technical tasks ever in a Hollywood studio. The flood of letters began into the M-G-M studio de- release of this picture, Jack Conway was faced

Gable had already been filmed, Miss Harlow was in all the scenes up to the next to last reel of the produc- A double was used in the few re- written scenes, but her appearances were minimized. In these instances, only "long shots" were made, the double appearing with her back to the camera. In no place is her face seen. Other details, such as enter- ing doors or running across a lawn to "tie-in" with scenes already made by Miss Harlow, were used. "Saratoga," a racetrack story from the pen of Anita Loos and Robert Hopkins, deals with the romance between the daughter of a wealthy horse owner and a book- maker. Much of the action is laid at the Saratoga racetrack. The final two reels dealing with intri- gue over a horse race and a bet were rewritten so that most of the ac- tion was in the exterior reproduc- tion of the racetrack where "long shots" with the double could be most easily made.

Decision to release the picture was made following floods of pre- view cards urging this release and polls conducted by eastern news- papers showing a practically unani- mous desire on the part of Miss Harlow's fans for the picture.

**City Property—**

(Continued from Page One)

se in 1938. The increase in value of taxable property will net the city \$19,842.90 as the tax rate of \$1.50 per hundred will still prevail. The increase in city income, due to the new valuation total will be \$1,271.77 if all taxes are paid.

**Valuations Increase**

Tax valuations for the past five years are as follows: 1932, \$1,176,500; 1933, \$1,165,636; 1934, \$1,202,305; 1935, \$1,200,980 and in 1936, \$1,238,075.

According to City Secretary W. C. Street, only about 60 per cent of the taxes on city property are paid each year. Forty per cent generally staying delinquent. With the tax rate at \$1.50, as high as the state law will let city taxes go, the revenue even from the new increased valuation will not bring in enough to take care of the city expenses and interest on the \$315,000 bonded indebtedness.

**\$18,000 Interest**

The interest on the \$315,000 is 6 per cent which brings the interest due each year to approximately \$18,900. The City Commission at the present time are trying to work out a refunding plan so the interest will only be 4 per cent. This would materially cut cost of government.

Right now \$1.25 of each \$1.50 paid in per hundred dollars of valuation on property is going into the interest account which at the present time has approximately a \$9,000 balance. This money is being held up in the local bank due to a suit pending in the courts filed by some who wish priority with the bonds they hold. The other 25 cents of the tax rate goes to help run the city but it not ample to do the job.

**Water Pays**

The city water department has been a godsend to the city as it is a paying affair. The income from water each month averages about \$1,500 and part of this has to be used to help run the city. The water department has a bonded indebtedness of \$35,500 but these bonds are in paid up condition along with the interest due on them.

It speaks well for Littlefield though to know that the \$315,000 in bonds outstanding are still bringing a good price on the open market, in fact Littlefield bonds are not for sale in any great number. Evidently the owners of these bonds feel the city will eventually work its way out of its indebtedness which has running since about 1930.

**City Must Grow**

It is said by those who know the local condition well that the situation will never be worked out properly until the city grows and the yearly increase in property valuations bring in enough revenue to pay the interest that is delinquent and to pay on the principal of the outstanding bonds.

Increased valuations this year will no doubt bring in added revenue and with business conditions much better than in the past few years it is expected that the City Treasury will be in better condition than it has for many years.

**Cars Lock Bumpers And Go Off Road South Of Brownfield**

Mr. and Mrs. S. Replin had a narrow escape from death Sunday night about 10 p. m. when they were driving from Brownfield to Seagraves. About fifteen miles out of Brownfield Mr. Replin sounded his horn and started around a car ahead of him on a straight road. Just as he got even with the other car it turned left in front of the Replin car to enter a roadway. The cars locked bumpers and both cars went off the side of the road.

The Replins were badly shaken and taken to the hospital at Brownfield. No bones were broken but Mr. Replin does have his arm bandaged from injuries he received. Mrs. Replin suffered from shock and bruises.

**Schools To Open**

(Continued from page one)

vers will be instructed to wait a short time at each stop in order to help the pupils throughout the district to make adjustments to their schedules for the coming year.

Registration for high school students will be conducted through Wednesday, Thursday, and Friday, September 1, 2, and 3. Students who intend to enroll in the high school are expected to follow the following schedule:

All seniors (11th grade) from 7:30 to 12:00—Wednesday morning.

All junior (10th grade) from 1:30 to 6:30—Wednesday afternoon.

Ninth grade pupils will register Thursday as follows:

Last names beginning with—  
A to E—7:30 to 8:30.  
F to G—8:30 to 9:30.  
H to J—9:30 to 10:30.  
K to M—10:30 to 11:30.  
N to P—1:30 to 2:30.  
Q to S—3:30 to 4:30.  
T to Z—4:30 to 5:30.

Eighth grade students will register throughout the day Friday and will follow the same schedule suggested for the ninth grade pupils.

Pupils to be enrolled in grades 1 through 7 will be enrolled Monday morning, September 6; these pupils will report to the primary and intermediate grade buildings.

All pupils will be required to register for some kind of physical education and will be required to take exercise unless a local doctor excuses are presented, showing that the child is not able to take physical exercise. The doctor's excuse should state how long the child should be excused from such exercise. Parents are especially urged to secure this excuse for their child before school opens and to present it on the day of registration.

Students who have already finished high school and who wish to take some post graduate work are instructed to call at Mr. Hobbs' office in the high school building on Tuesday morning, September 7. If classes are crowded, no graduate student will be allowed to enter a class before under-graduate students have made their choices.

Two items of importance are that no student will be allowed to at-

tend school less than a half day—that is, he must enroll for at least a full half-day of work. The second item is that no under-graduate student will be allowed to register for fewer than four courses if he needs that many to be graduated.

The compulsory school attendance law, which is in need of rigid enforcement, states that children of the ages 6 to 17 inclusive must attend school at least one-hundred and twenty days each year. Voluntary cooperation of parents is urgently requested in this point by school authorities.

highway department will have complete charge of the improvement although the contract for building the road will be let to a private con-

tractor. It is part of the 1939 program, but work is planned to start in the spring of 1938 after the project is approved by the bureau of roads at Washington.

Judge Crockett contemplates on going to Austin in the near future to meet the County Judges on highway 51, in an effort to get a project through the Sand Hills from Herring Gin to Spring Lake, which will connect up with the project which the state is now sponsoring on Highway No. 51 north of Spring Lake. The Sand Hills being the only barrier that seems to be in the way of rapid completion of Highway 51. We have been advised by the State Highway Commission that when the road is completed across the Sand Hills they will then take over Highway 51 across Lamb county for

state maintenance. Hockley county on the south and Castro county on the north both expect to have their right-of-ways and road structures in such a condition by the time that Lamb county has the road across the Sand Hills completed that the state also will take over the maintenance of Highway No. 51 running through their county.

"I feel that through the cooperation of Highway 51 association, which has recently been organized, together with the county commissioner courts, we will be able to obtain rapid progress and an early and complete development of Highway No. 51," said Judge Crockett.

"I feel that this highway will be of great service to all of Lamb county, as it runs nearer to the center of the county and with lateral

roads built into it, such as we contemplate, from Austin to Highway 51, will give to all towns in the area a north to southerly direct
