RIGHTS OF WAY BY LITTLEFIELD TO BE NECESSARY

47 Blocks Of City Streets To Be Paved

At a meeting of the City Commission held Tuesday night, Mayor A. C. Chesher announced that State Highway Department is asking that all state highways passing through Littlefield be widened to a regulation 94 feet, from the present 90 feet, and that compliance would necessitate acquisition of the right-of-way by the city, through purchase or condemnation. Failure to provide the right-of-way might (or may) result in highways, which now traverse Littlefield streets be abandoned through by-pass construction.

No action was taken on the matter, but the mayor's announcement means that some action may have to be taken on the matter soon.

The commission voted approval of a subdivision to the city. The subdivision is composed of a portion of Block Twelve at the western limits of the city.

Before adjournment they passed a resolution authorizing the City Engineer to prepare estimates on cost of approximately 47 blocks of paving shortly to be contracted, and scheduled a public meeting for May 26th at 10:00 a.m., when all affected property owners in the paving project will be given an opportunity to be heard—favoring or disfavoring the project, or any phase of the paving project.

Three File For County Offices As Deadline Nears

STANLEY DOSS, J. C. SMITH ENTER CLERK'S RACE

Don Bryant To Oppose Bob Ball And Geo. Brown

Deadline for filing as a candidate in the July primary election, last Monday night, at midnight, evidently was responsible for three more candidates for local offices to belatedly make up their minds, and toss a beadpiece into the ring.

Stanley Doss, who in former years has served the county both as Clerk and as County Judge, beat the deadline for filing, by depositing his name and check with the proper authority, one hour before midnight, as a candidate for County Clerk.

Another to file for the same office on Monday, but several hours earlier, was J. C. Smith, Sr., which makes the race three-wayed, with Joel Thompson, incumbent, already announced as a candidate for reelection.

The third to belatedly announce was Don Bryant, former Lamb County Commissioner, who is now a candidate for Commissioner in Precinct One. Already announced for the same office is George Brown and Bob Ball.

With no more filings permitted. (Continued on Back Page)

Drive For Funds To Support Youth Center To Get Underway

A drive to raise \$5,000 to support the Youth Center, and summer youth recreational program, will get underway next Monday, with an intensive campaign being kicked off Monday morning.

A meeting of Youth Center officials, representatives of all service clubs, business men and school officials was held Wednesday morning at 7:30 at Hays Coffee Shop voted unanimously, to stage the drive and to support it.

Each service club in the city has promised support, and has promised a solicitation delegation to raise the fund, with each club acting on an individual basis.

Mayor Art Chesher presided at the meeting, and at its conclusion stated that "Littlefield will definitely have a summer recreation program this year, and it will be even better than in the past." He expressed full confidence that the \$5,000 goal would be attained.

It has been definitely announced, ahead of the completion of the fund drive, that the summer recreation program would start June 9th, and continue through June and July.

New tennis and volleyball courts are to get under construction at the back of the Youth Center, and be in readiness when the program (Continued on back page)

Precinct Conventions Draw Record Attendance; Delegates Are Named

Democratic precinct conventions were held over the county Saturday, which brought delegates or proxies to the county convention held here Tuesday afternoon.

In point of attendance it was one of the largest ever held in Lamb county with about thirty in attendance.

After adoption of routine resolutions which included favoring Jeffersonian principles of Democracy, opposition to over-centralization of power, condemned extravagance and corruption, opposing socialistic trends, opposition to tidelands seizure, gave a cold shoulder to the party pledge by urging all qualified voters to join with the Dem-

ocratic party in voting, and urged that the state convention, select delegates who subscribe to these principles. The state convention will be held in San Antonio, May 27.

It was a harmonious gathering in large measure.

Three delegates to the state convention were named, G. T. Sides, Otha Dent and Arthur Duggan, all uninstruted, in effect endorsement of Gov. Shivers. Alternates named were Joe Salem, Dr. Ira Woods, and T. Wade Potter.

T. Wade Potter was elected county chairman, and Guy Willis, secretary. Lamb county Republicans held

their county convention here this week adopted resolutions and conducted routine business.

Two delegates were named to represent the county at the state convention, to be held at Mineral Wells, but split their two-man delegation, by naming one A. C. Chesher as an uninstruted delegate, and L. G. Swanson, who reportedly is an Eisenhower supporter.

Spade School Bond Election To Be Held Saturday, May 10

The fact that an election was called after petition, on proposal to consolidate the

Spade Independent School District with the Littlefield School District, scheduled to be voted upon in both districts on May 24. Spade Independent School District is going ahead with another election in that school district which will decide whether the Spade Independent School District shall issue bonds in the sum of \$32,000, to be used for general repairs on the building, re-equipping the school with new furniture and the construction and equipment of a Vocational AE

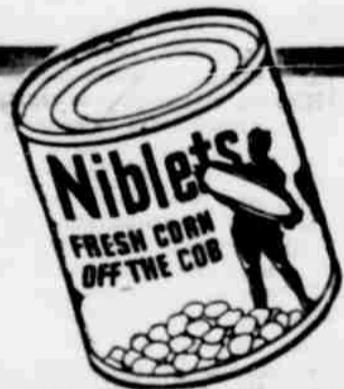

building. The election is set for Saturday, May 10, at Spade, and a large vote is assured. The projected bond issue has been under discussion for some months, and the election on the matter was called before date of the school consolidation election had been set.

While not deciding the result of the bond issue vote next Saturday, the bond issue vote next Saturday, may easily point out prevailing sentiment in the Spade community over the controversial consolidation issue.

Tips For A Thrifty Bride

MAKE YOUR OWN BRIDAL HEADRESS . . . Pictured here are three styles of bridal caps and veils which may be made at home. Left, white satin ribbon is used to cover a buckram foundation; seed pearls are sewn around

the border of the cap. Waist-length illusion veiling edged with 3/8 inch lace is attached inside the cap. Sketched at right top is a Juliet cap laced with flowers sewn on grosgrain ribbon; at bottom is a tiara of Tiarlette cov-

ered with crocheted crystal bugle beads and seed pearls. Patterns and directions for all three, plus a fourth in cardinal cap style to be made of quilted satin, are included in McCall's Needlework Pattern 1593.

Dad agrees, with admiration for her thrift.

There are many ways of cutting corners and still have a wedding as beautiful as any bride could desire. A simple organdie wedding gown is suitable for a summer wedding, and can be bought or made for less than \$50, if the bride and her mother are wise shoppers.

Even the bridal headress now can be made at home, simply and with charming effect. Simple patterns with full directions, now are

available for making several styles of bridal caps and coronets, to be worn with veils which also may be made.

This sort of preparation for the wedding is fun, if there is time. And the wise bride also starts her planning early.

A garden wedding, a small home reception and a simple wedding gown can add up to perfection—and still save money for that future home.
