

Grand-Daughter Has Six Great And Grand-Mothers

A great-grandmother from the Spade community, Mrs. W. S. Savage, is part of a very unusual family situation that happens only once in every 50 million chances.

Mrs. Savage is the great grandmother of a grand daughter, who has six grandmothers!

Pictured above is little Kathy Denny, who will be two years old April 16th. She is the daughter of Mr. and Mrs. B. D. Denny of Bishop, California. Her six living grandmothers got together for pictures March 19th. They are pictured above, left to right standing: Mrs. Mildred Denny (grandmother), San Bernardino, California; Mrs. Aenona Lochrie (grandmother), Bishop, California and Mrs. Vieda Pierce (great grandmother), Bishop, California.

Pictured sitting left to right are: Mrs. Clara Denny (great grandmother), Baldwin Park, California; Mrs. Rose Lochrie (great grandmother), Independence, California; Mrs. W. S. Savage (great grandmother), Spade and Katherine Lynn Denny, Bishop, California.

From Your Chamber Office

By Gene Garrison, Mgr. The Agriculture Committee really hit the ground running in their organizational and planning meeting Monday night. They are a group of men who realize the importance of their task. Specific plans were set up to get things done.

It is a real pleasure to work with men who assume responsibility, divide up the work and set out to get things done. I predict that this group will be a credit to the Littlefield area in 1961.

Chairman, Dean House and his group considered past, present and future in their planning. The business-farm dinners have been a success; the committee plans to continue these.

They plan a program of improving the relationships between the Chamber and related farm organizations. As a matter of fact, Mr. Peterman, Chairman of Legislative Affairs, of the Farm Bureau attended the meeting, and made valuable contributions.

Our Governmental Affairs Committee will meet with the Legislative Policy Group of the Farm Bureau in the near future. This meeting has a two fold purpose; our committee wants to render any help possible to the farmers of this area and the interchange of information will be valuable.

The Agriculture Committee further plans to look to the future by working more effectively with the Future Farmers of America.

We view this committee as one of our most vital. Littlefield exists as a market place for an agrarian economy. Our continued prosperity depends fully on how we relate ourselves to the production, processing, buying and servicing agricultural needs.

The Retail Council will hold their monthly meeting next Friday Morning. The time has been changed from 7:00 o'clock a.m. to 10:00 o'clock a.m. The meeting will be held in the Chamber of Commerce Office.

Previously, the meetings were held at 10:00 a.m. but after a polling of the members, the time was changed to 7:00 a.m. for a breakfast meeting. A problem arose, because 6:30 a.m. is a little early to be calling around reminding people of a meeting. At any rate the change in time did not improve the attendance. So for this important meeting we will move the time back to 10:00 o'clock a.m. Friday morning.

These meetings are very important. They deal with factors that effect the business of the entire town.

It is hopeful that we will have a large representation out Friday morning. The final plans for our summer "Buk-Nik Days" will be the agenda.

When Weldon Findley was elected to the presidency of the local school board Monday night his one comment in accepting the office was "I thank you but I really don't know what for."

Some of the other board members who have served as president assured him that his phone wouldn't start ringing until after midnight.

Why is it that unpaid public servants draw more fire from the public than those who knock down large salaries and have even larger expense accounts? If we knew the answer to this we might just tell you anyhow.

The school board member is an above average type citizen insofar as he is taking an active interest in the affairs of his school and community by "giving" his time to serving in a position where he is needed. As a general rule, he has a good working knowledge of the business world, is above average in educational background, has no bones to pick with any of the teachers or administrators, is not on the board for the monetary benefits (annual salary is \$600) and has a back of sheet steel.

On the other hand, the average person who blames the school board and anyone else connected with the school because his child is not passing, didn't make the athletic team, can't get along with either teachers or students or any number of other reasons, is usually not average in intelligence, does not participate in school and civic activities, probably didn't even vote in the trustee election, has a chip on their shoulder, has a bone to pick with everyone and is so near-sighted they can't see beyond the end of their nose. This same person who complains to the school board would never think of writing his Congressman when some piece of legislation that effects them adversely comes up for a vote.

The school board is just a handy "whipping post" for the failures of parents who did not instill in their children the necessity of behaving properly, studying hard, and trying to get along with their fellow student to the best of their ability.

Now I am not saying that the school board doesn't need your help and guidance in school matters. They need and request any assistance and ideas the citizens may have. Nor am I saying that there are not matters that should be brought to the attention of the board members, but getting mad and raising cane is not the way to accomplish any goal.

I think the school board last year was as good as you'll find anywhere and after Monday night's meeting it appears that another good, hard-working group will be serving this year.

Why not say something to the members about the good just once in a while. They certainly don't deserve all the bad language they receive.

How would you like an expense paid trip to Hawaii? If you would and can qualify just call Porter 3-2821 in Lubbock Collect. Just one minor detail I forgot, you have to join the Army and sign up for three years. Really didn't want that free trip after all did you?

Texas motorists have seen taxes on their gasoline rise 64 per cent in the past decade according to the latest reports. Ten years ago the tax, both federal and state on a gallon was a five and one half cents. Today we are paying nine cents tax per gallon. Just another tax to help pay for triose socialism.

MRS. JAMES RAY MANER

Maner Wedding Vows Changed In Uvalde Ceremony

The wedding ceremony in the Episcopal Church on Saturday evening, April 8, was officiated in marriage by Miss Kincaid and James Maner, with Dr. Beverly M. King, the bride is the daughter of Mr. and Mrs. Frank Kincaid, and parents of the bridegroom are Mr. and Mrs. Doss, Maner of Littlefield.

Ed Stein at the organ presented the wedding selections and the bride sang "Oh Perfect Love."

White calla lilies and stock on the altar were flanked by candelabra. Outlining the center aisle were standards holding cathedral candles and garlanded with ivy.

Entering with her father who gave her in marriage, the bride wore a gown of misty white silk organza. Chantilly lace, embroidered in rosebuds, sequins and pearls adorned the portrait neckline, trailed into the princess bodice and flowered to below-elbow sleeves. The bouffant skirt displayed, in a side cascade effect, romantic garlands of the bejeweled lace. Repeated lacy sprays twined along the edge of the flowing chapel train. Her imported silk illusion veil cascaded from a pearl and crystal crown adorned with tiny silk organza roses. She carried a cascade bouquet of stephanotis and gardenias interspersed with pearl leaves.

Mrs. Roy H. Garwood, Jr., of San Antonio, sister of the bride, was matron of honor. Bridesmaids were Miss Judy Allen, Miss Lauretta Moore of Balmorhea, Mrs. Danny Ise, Miss Frances Bragg and Miss Becky Winn. They wore pale pink organza fashioned with snug bodices and gathered full skirts finished at the back waist with a flat bow. Their headpieces were pink ribbon hats with brief nose veils. They carried nosegays of pink carnations, garnet roses and miniature ivy.

Doss Wayne Maner of Littlefield, brother of the bridegroom, was best man. Groomsmen were David Moore of Wichita Falls, Gary Simpson of Rails, Stephen Harwood of Houston, Joe Neel of Roscoe, and Thomas Echols of Abilene.

Frank Kincaid Garwood, nephew of the bride, was ring bearer.

For her daughter's wedding, Mrs. Kincaid chose a pink silk eyelet organza sheath with side drape effect cascading to the hemline, matching pink net hat topped with a red rose, and a corsage of red garnet roses. The mother of the bridegroom wore a pink lace sheath, pink leaf shaped hat embroidered with seed pearls

Mr. and Mrs. Forrest Moore visited with their daughter and

and corsage of pink Carol Amling roses.

Following the ceremony, a reception given by the bride's parents was held at the Uvalde Country Club.

Miss Frances Doughty and Miss Courtney Lou Allen presided at the bride's book. Large wedding bells, gardenias and English ivy were used in the arrangement at the registry table, which was covered with gathered net over satin.

The bride's table also had a cloth of white net over satin, caught at the corners with large bows of the net and gardenias. The centerpiece of white stock and white carnations in a silver container was flanked by silver candelabra with white tapers. The four-tiered heart shaped cake was embossed with spun sugar pink carnations and small blue flowers and topped by bride and groom figurines. The bride's cake was served by Mrs. Johnny Amos Sheedy, and the punch by Miss Peggy Estes.

The groom's table had a centerpiece of happiness roses flanked by brass candelabra with white tapers. Mrs. Jimmy Joe Welch served the groom's cake, and punch was poured by Miss Sally Speir.

When the couple left for a brief wedding trip, the bride was wearing an off-white silk costume suit accented with moss green cummerbund, and orange and moss green ball trim on the jacket edge. Her hat was of matching orange and green flowers.

For the next two months, Mr. and Mrs. Maner will be at home in Alpine where he is a student at Sul Ross State College. They will then move to Lubbock where he will attend Texas Tech.

The former Miss Kincaid attended Saint Mary's Hall in San Antonio and was graduated from Uvalde High School. She attended Southwest Texas Junior College and Sul Ross College.

Mr. Maner attended Texas Tech, Hardin-Simmons where he was a member of the Inter-collegiate Rodeo Team, and Sul Ross College.

Those attending from Littlefield were: Mr. and Mrs. Doss Maner, Mr. and Mrs. D. W. Maner, Jackie, Dianne, Stevie, Also Verlie Throckmorton from Lubbock.

The Family That Prays Together — Stays Together

Diligently Pray For The Work of Your Church

This Series is Sponsored By the Business Firms and Individuals Listed On This Page. These Firms Along With the Ministers of Littlefield Hope That Each Weekly Message Will Be An Inspiration To Everyone.

What is home? A blend of memories and mortar . . . walls and roof and smells of breakfast cooking . . . a place of rest at the end of the day . . . a feeling of possession, of belonging . . . a place of hates, loves, anger . . . center of things living.

Home may be a mansion on a hill, a cramped apartment, a farmhouse, a hovel, a new suburban split-level, the house Father built . . . but only to you and your family is it home. No one else may call it that. For home is a part of *you!*

Centuries ago a shepherd-poet felt this. Weary, lonely seasons on the grazing slopes had taught him to love . . . to long for . . . HOME.

But he realized that, through this life and beyond, the nearness of God is part of the sense of home. Goodness and mercy would follow him all the days of his life. And he would *dwell* in the house of the Lord forever!

Give the Church and its Truth a place in your home. And God's presence will give eternal meaning to that home.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A SALESMAN'S DREAM

1959 Renault Dauphine that runs like a Arizona
 dude... FOR SALE RIGHT HERE... Yes sir
 folks we are going to sell this car to somebody
 for around \$900.00... It gets about 28 miles
 per gallon and it would be a real buy for a sales-
 man because nothing but positive thoughts have
 been expounded in it... In fact the only reason
 we are going to sell it is that we don't believe
 in the present FRENCH POLITICS... besides
 that our office girl has to sit on a pillow to see
 out of it... So if you want a real good car
 worth about \$1.98 for \$895.00, see it and spin
 the wheels at the Littlefield Press, Inc. Today.

ter of intent to keep the school qualified for the program but not to participate unless absolutely necessary.

Three teachers submitted letters of resignation. They are Mrs. Nellie Kilpatrick, third grade teacher who is retiring after 29 years of teaching; Mrs. Ruth Burk, second grade teacher who is retiring after 34 years teaching; and Billy D. Harmon, physical education and coach.

All were accepted by the board. Miss Anna Lee Neale, first grade teacher, requested and received a leave of absence for the remainder of the year. Her health was given as the reason for the request. Mrs. W. W. Hall was named to replace her until school is out.

Finally, the board accepted an invitation from the homemaking department to attend a dinner to be held on May 4.

some spots that had been refinished when it was burned the time their home burned down.

Back in the early days the piano in the home was very important and of course a pretty expensive item. Ivan remarked that the piano was about all they saved when the house caught on fire. I think this was pretty typical in that day and time... although you could have rushed in and saved a lot of smaller items when the house was on fire, the first thought was "save the piano."

Three Persons

(Continued from Page One)

by Eros Caldwell and E. D. Anderson.

Caldwell was going north on Harrah and Anderson east on 15th. Anderson could not stop at the stop sign as his brakes failed and hit the rear end of the Caldwell vehicle. Damage was estimated at \$125 by the police.

Anderson received a ticket for defective brakes, failure to stop at a stop sign and failure to yield right of way.

Police also received a report that someone shot the plate glass window of Jones Motor Co. sometime Sunday night.

Max Horn reported the theft of a generator, starter, battery and muffler taken sometime Saturday evening.

Frashing Up Plugs

In a round of particularly fast fishing with fish that have sharp teeth, your plugs may become quite battle-scarred. Carry along small bottles of model-airplane paint to touch them up.

The paint will dry in a matter of seconds.

Much of the popularity of resilient tile flooring in recent years apparently is due to the fact that almost anyone can install it.

Many do-it-yourself projects require a certain amount of skill to achieve good results. But putting down floor tile is mainly a matter of patience. If you can cement a single tile to the floor, you can cement dozens of them, assuming that you follow directions and exercise the same care with all the tiles as with the first one.

High on the list of resilient flooring tiles which have found favor are those made of vinyl.

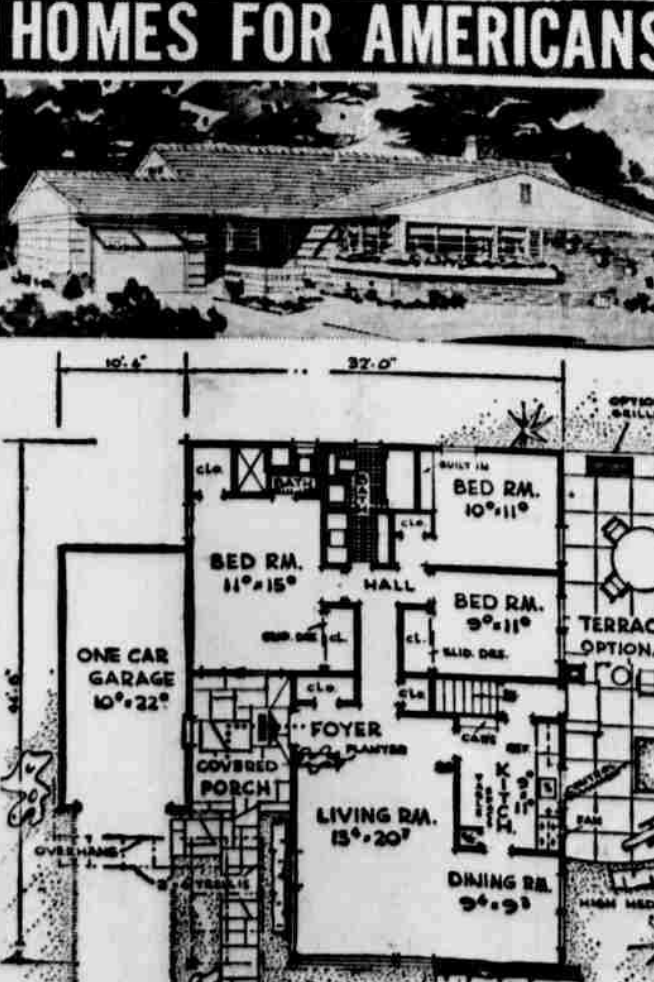

They come in a wide variety of color patterns and are easy to keep clean. There was a time when vinyl tile was not recommended for concrete surfaces below ground, such as in basements. But by using certain kinds

of vinyl, with a special adhesive, even those installations now are you in on this at the time you purchase the tiles.

On new wood strip floors, or old ones in good condition, asphalt saturated felt paper is first cemented to the floor with the tile cemented to the paper. On old wood strip floors, first nail down any loose or broken boards. When the strips are less than four inches wide, install quarter-inch plywood or quarter-inch putting down the tile. When the strips are four inches or wider, the plywood or hardboard should be a little thicker - three-eighths of an inch or half-an-inch.

The tiles can be placed directly over concrete, under the conditions previously outlined after cracks and holes have been filled and all grease, wax and dirt re-

Mr. and Mrs. Ed Bell and the Earl Jordans bowled in Plainview Sunday afternoon and attended evening worship services at the 9th and Columbia Church of Christ.

A large crowd including guests from area towns heard Mrs. Bonnie Haberer of the Pleasant Valley Community speak Sunday at the Earth Baptist Church.

Mrs. Haberer traveled with a farm tour group January 31 until March 11 following an itinerary which took her to Hawaii, Japan, Hong Kong, Singapore, India, Thailand, Egypt, Lebanon, Jordan, Israel, Turkey, Greece and England. Highlighting her talk Sunday evening were religious impressions of the globe circuit trip. Special details on her visit to the Holy Lands were given.

In conjunction with the talk Mrs. Russell Haberer modeled a

hand woven, silk sarree from India. It was of iridescent jade and American beauty. Joel Davis wore an Arab head dress and explained its significance.

For the occasion, Mrs. Haberer wore an ensemble which she had tailored in Hong Kong.

Among the many visitors was Mrs. Lenora Greenhaw, Memphis travel group with Mrs. Haberer. She was accompanied by her sister and husband, Mr. and Mrs. George Richards, Springlake.

Results of last year's experiments with flame cultivation at the High Plains Research Foundation, Halfway, were shown at a meeting sponsored by the Young Farmer's Association of Earth and Springlake at 8 p.m. Friday at Springlake High school study hall.

Dr. Thomas C. Longnecker of ies of colored slides and explained the relative new practice of weed eradication by first. Longnecker pointed out that while flame cultivators have been in use for approximately ten years in other parts of the country, the Halfway station is a pioneer in experimenting with the equipment.

Also at the meeting, the Young Farmer's Association which has operated previously on a temporary basis was organized and became a permanent association. New officers include Kenneth Holloway, president; Ed Dawson, vice-president; Dolan Fennell, secretary; and Ed Dawson, Ronald Cleavinger and E. G. Gaston.

The group will meet monthly. At the May meeting, a program on Control of Diseases and Insects of Cotton has been planned.

Mead's Bread is Now Rainbo

Mead's Fine Bread has a brand new name. From now on, you'll see it on colorful loaves labeled "Rainbo Bread" on your grocer's shelves.

Mark W. Anderson, president of Rainbo Baking Company of Lubbock, formerly Mead's Fine Bread Company, announced Sunday, that the 20 year-old firm is changing its name, and the name of its products to Rainbo.

By adopting the name "Rainbo" and the new Rainbo recipe, Mead's Fine Bread of Lubbock joins the majority of the Campbell-Taggart Associated Bakeries, Group.

The Mead's Fine Bread Company started operation in 1941 with approximately 12 employees and 7 vehicles. Today the company employs more than 105 people and operates a modern fleet of 50 trucks.

The plant is producing and distributing bread and cake products within a radius of more than 150 miles from Lubbock, it was stated. The bakery is equipped with modern machinery and produces baked goods.

According to Anderson, Mead's Fine Bread Company, hereafter to be known as Rainbo Baking Company, meets the standards set out by the American Institute of Baking and the Plant is known as one of the most sanitary in the Southwest, he said.

It's a fine New product... fresh as can be with a brand new name... RAINBO baked with only the purest enriched ingredients by master bakers in a most modern plant. Rainbo is always the homemaker's first choice for quality and flavor... a truly good bread containing important vitamins and minerals so essential to your health and the growth of your children.

Dr. Buford Nichols Will Speak At Baptist Church

DR. BUFORD NICHOLS

Dr. Buford Nichols will be the guest speaker for both services at the First Baptist Church, Sunday April 16.

Dr. and Mrs. Nichols are on furlough from Indonesia, where they have served as missionaries under the Southern Baptist Foreign Mission Board since 1952. While on furlough Dr. Nichols is serving as guest professor of Religion in Baylor University.

Before accepting an overseas assignment, Dr. Nichols served as pastor of The Baptist Church of Round Rock, First Baptist Church of Hamilton, and University Baptist Church of Fort Worth. In China, he pastored Tengchow Church where Lottie Moon pioneered, Double Dragon Street Church in Kai-feng, and Old North Gate Church (First Baptist) in Shanghai. In Indonesia he was pastor of Sion Baptist Church, Semarang, Java. His present position there is President of the Baptist Seminary of Indonesia. The Nichols will return to Indonesia at the end of their furlough in July.

Dr. Nichols is listed in "Who's Who in the Clergy of America", received the Cloud Banner Decoration from former "Nationalist" Chinese Government for distinguished service in World War II and is the author of two books: "It Happened in China" and "Echoes from Indonesia."

same thing. Poison oak is simply any poison ivy that grows as a bush rather than a vine.

Poison ivy is an unusually inconsistent species of plant. Besides growing as a bush and a vine, the size of its berries and the outline of its leaves often vary widely. Its leaves are chartreuse, but the edges may be smooth and unbroken or saw-toothed. Moreover, these variations might occur on a single plant, or the leaves on an entire plant may be similar.

But in one matter, poison ivy is almost invariably consistent - grow in clusters of three.

Most researchers agree that actual physical contact with the plant juice either directly or indirectly is necessary before the poisoning agent can cause the typical blisters and skin inflammation.

Thus ivy poisoning is best prevented by learning to recognize the plant and avoiding it. And, of course, it is always prudent to wear protective clothing such as leggings and gloves when going into areas where poison plants are known to flourish. Once exposed, immediate washing with laundry soap and water helps to remove the resin. (A weekly feature of the Health Education Division, Texas State Department of Health.)

Crackers Shortening

It is a sad thing to disillusion those who cherish the myth of their "immunity" to poison ivy or oak or sumac, but the season of prevalence of these toxic plants is fast approaching and forewarned is forearmed.

Botanical scientists say it is doubtful that anyone is absolutely immune to their poisonous substance. More and more authorities agree that susceptibility is a mere matter of degree, varying with the condition of the individual, the condition of the plant, and the circumstances of exposure.

Texas has its fair share of the 100-plus plants and plant products known to be capable of causing sometimes severe skin irritations. Among them are the parsnip, lady-slipper, cultivated primrose (especially when in flower) lily bulbs and stalks, stinging nettle, and vanilla beans.

But by far the most common cause of plant dermatitis in Texas and elsewhere in the United States is poison ivy, known to botanists by the tongue-twisting name of Rhus toxicodendron. A cousin - poison sumac, by name, it common to the swampy regions of eastern Texas, and can sometimes produce severe reactions.

For all practical purposes, poison ivy and poison oak are the

Hi-Plains Hi-Lights Silt Is Big Problem In Underground Recharge

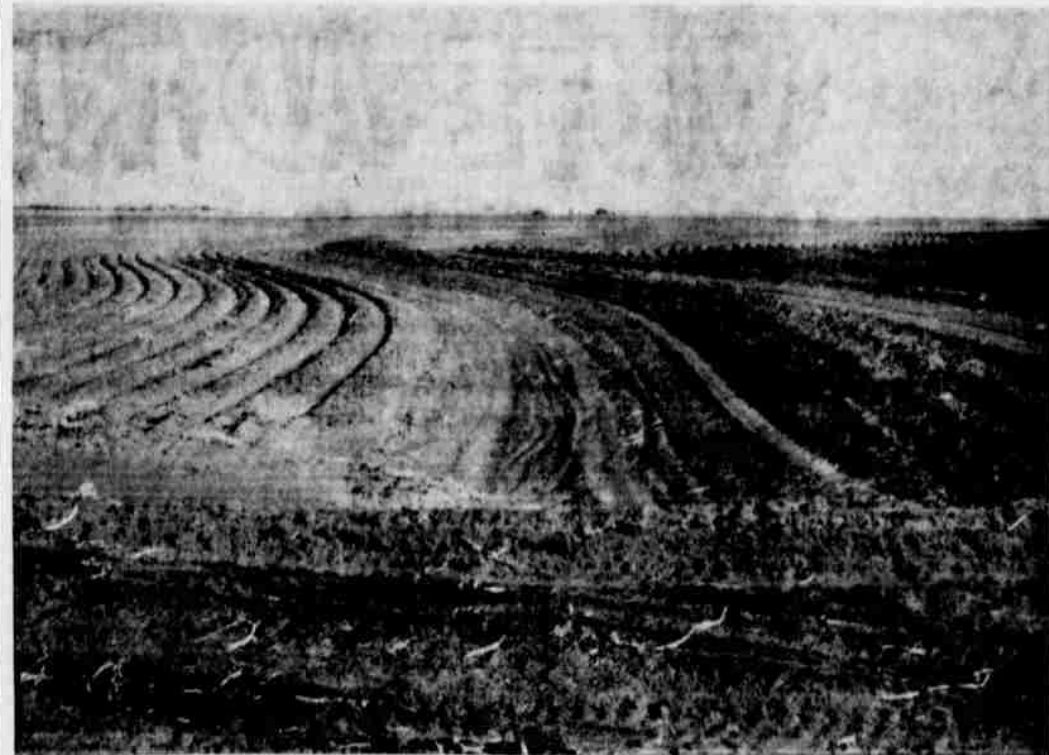

Silt in water recharged from the playa lakes into the underground Ogallala sand is one of the main problems confronting artificial recharge in the High Plains. Study of ways and means to control silt is underway at the High Plains Research Foundation.

Water samples taken from the playa lake at Halfway showed the silt content ranges from less than one pound to as high as 12 pounds per 1,000 gallons. Pumping a surging, one hour out of every 24-hour recharge period, re- claimed 73 per cent of the silt during testing in 1960. In 1961, testing will be conducted to determine if the percentage of silt recovery can be increased by pumping one and one half hours with four surging.

A simple, economic method of removing the silt from the lake water before recharge is being sought at the High Plains Research Foundation. One method of silt removal, by dusting chemicals on the lake surface, resulted in 30 per cent of the silt settling to the lake bottom. Chemicals will be tried again in 1961.

Three mechanical filter systems have been installed to determine if any of the methods can be effectively and economically used to prevent the silt from entering the well and moving into the Ogallala sand. The three types of mechanical filters under study at Halfway are: (1) porous concrete pipe, (2) fiber glass, and (3) sand and gravel-covered. These filters are installed on the intake line to the well, so that all water will pass through the various filters before entering the well.

Thirteen lengths of the porous concrete pipe, each joint 36 inches long and 12 inches in diameter, have been installed. This will permit a recharge rate of 850 gallons per minute, despite some clogging. The research will include testing with the pipe (1) bare, (2) sand-covered, and (3) sand and gravel-covered. In another test, a fiber glass filter has been wrapped around an eight-foot length of 16-inch perforated

LIQUID FERTILIZER Applicator-Cultivator

GAUGE-WHEEL DRIVE UNIT—This is just one of the many types of Liquid Fertilizer Applicator-Cultivator units you'll find at your local Liquid Fertilizer Dealer. A highly versatile piece of equipment—with it you can fertilize before you plant, you can rig-up to fertilize and plant at the same time, side-dress and cultivate, and you can even apply insecticides as you cultivate and side-dress. See your local Liquid Fertilizer dealer and let him show you how easy it is to own a multiple-use unit.

THE WORKHORSE—This tank takes the work out of fertilizing. It is loaned to the farmer to haul his fertilizer to the field. Mounted on the tank is a pump and gasoline motor. The nozzle, which weighs about fifteen pounds, on the end of the hose, is the heaviest thing the farmer has to lift when he is loading his Liquid Fertilizer applicator. Why use old fashioned in modern day farming . . . use Liquid Fertilizers and let pumps and motor do the work for you. Liquid Fertilizer is never under pressure and it is not dangerous to handle.

Niemann's The watch was dripping with water. When the jeweler opened the case more water poured forth. "Lady, what have you been doing with this watch?" asked the jeweler. "I immersed it in water," she explained, "trying to keep it from rusting." The jeweler thought that was not a bad idea, if she had accidentally submerged it into water. "That's exactly what happened," she said. "It slid off my wrist into the jewelry department at."

poor fisherman? Anyway nearly everybody who has used live bait has, at one time or another, rammed his arm so deep into a water filled bait bucket that he has dunked his favorite timepiece. Best preventative we've found is to wear the watch on the other arm. . . when bait fishing. Bait Bucket Purse Combo Speaking of bait buckets — that woman strolling down the avenue with a polystyrene bait bucket hanging from her arm may or may not be a fisherman.

Walter was in another building nearby, inspecting the company's most popular product of the moment — a 16-foot, all-white, fiberglass boat designed especially for sports fishermen. Until but a few months ago Invader was producing nothing but runabouts and small cabin cruisers. Then Don got the happy idea of making himself a boat primarily for big lake and gulf coast fishing. He came up with an idea for "sports fishermen" — a 16-footer using the same hull as their 16-

foot runabout. In fact, the addition of a new compartment for the opposite side. It has a wonderful to-back seats it has seats with coveys to the backs. Also, ing wheel and rudder spill-over splash-guard huge one that's on the

Scale and Filet Cut Bait
When using cut bait, scale and filet it so your hook will pierce it easily.

When the bait is "tenderized" in this manner, the flesh is soft enough so the hook will break through quickly and sink into the fish.

OLTON NEWS by Mrs. W. B. Smith, Jr.

Three Students Honored Saturday

Three band students received special recognition at the Olton Music Banquet which was held Saturday in the Olton Cafeteria. The three students were Harvian, Becky Hall, and Ronald Funcher.

Jordan was the winner of the National Arion Award, given by the Olton Enterprise, as the most outstanding graduating senior of the band. The award is based on musicianship, service to the band, and scholarship. Miss Hall and Funcher were given plaques in recognition of work as drum majors of the Olton Mustang band. Becky has been drum major for two years - Ronald for one year.

In addition to the special hand awards, 1st division solo and ensemble medals were awarded. 68 medals were won by band members at the solo and ensemble contest. Making the awards was Richard Bentz, band director.

Theme for the banquet was "April Showers". Decorations included umbrellas and flowers. Red roses were the main flower used.

Entertainment was provided by an eight piece dixieland band from Plainview High School.

Harvie Jordan, president of the band and Miss Joanna Lewis, president of the choir were emceed for the banquet.

Approximately 130 students and their dates attended the banquet. Honored guests were Mr. and Mrs. Joe Turner, high school principal; Mr. and Mrs. E. J. McKnight, junior high principal; Joe Harper, superintendent of schools; and Harold Dean Carson.

Olton school students who placed in the Interscholastic League Literary contest which was held at Abilene last Friday have been named. They are Geneva Curry, first and Lynn Whitefield, third in Senior declamation; Billy Carson, second in junior declamation; and the Prayer Calendar.

Mr. and Mrs. Albert Cowen, Mr. and Mrs. Wayne Cowen, Donald Cowen and Duane Field, returned Monday from a fishing trip near Eagle Pass.

Mr. and Mrs. Leon Cassetty spent the week end at Lubbock with his sister, Mrs. Charles Adams and children, and with his mother, Mrs. L. D. Cassetty. Mrs. Adams and children left Sunday evening for California, where they will make their home. Charles Adams has been in California for several months and is employed there.

Mr. and Mrs. Dubbs Granbery are vacationing in Austin this week.

Mr. and Mrs. Ray Don Johnson and daughter of Abilene were guests in the home of Mr. and Mrs. Garland De Prang last week end.

Mrs. Randoe Buchenau was honored with a bridal shower Friday April 7 at the home of Mrs. Charles McClain.

The reception table was laid with a lace cloth over mint green. The centerpiece was composed of a miniature bride and groom flanked by an arrangement of jonquils. Mint green streamers in scribed in silver glitter with "Sylvia and Randoe" extended from the center piece.

Mrs. Charles McClain registered the guests and gifts.

A stainless steel mixer, pop up toaster, set of cook ware, cooler and an iron was presented to the honoree by the thirty two hostesses.

Mrs. Dale Greathouse, Mrs. Carmen Greathouse, Mrs. Tommie Greathouse, all of Portales, N. M. were guests in the J. R. Carder home Friday.

The Olton 8 Plus Bowling League enjoyed a banquet at the Hilton Hotel in Plainview Saturday night.

Mrs. J. W. Wells presented the first place trophy to the bowler for Williams Potato Shed. The second place trophy went to the bowler for Hart Camp Grocery.

Approximately 325 people attended open house of Higginbotham Bartlett Lumber Company's new three bed room brick home.

Mr. and Mrs. C. S. Silcott and Mrs. R. V. Alcorn and children are visiting in the home of Mr. and Mrs. Joe Allen Reid at Port Neches this week. Mrs. Reid is the daughter of the C. S. Silcotts and a sister of Mrs. Alcorn's.

Mr. and Mrs. Jack Silcott and Mrs. Earl Smith of Lubbock left Saturday for Rochester, N. Y. where Mrs. Smith will go through Mayo Clinic.

R. V. Alcorn made a business trip to Sulphur Springs, Okla. last week.

Mr. and Mrs. Gibson Kemp of Lubbock visited in the home of his brother, Mr. and Mrs. Jim Kemp last Friday.

T-4 Jack Hysinger and wife of Ft. Sill, Okla. visited in the homes of their parents, Mr. and Mrs. H. A. Hysinger, and Mr. and Mrs. Burt Stewart last week end.

The quarterly WMU meeting of the Baptist Church will be held at Finney Baptist Church Thursday, April 20th, at 10 a.m.

The Staked Plains YWA Council met April 6, at the First Baptist Church in Olton. Ann Hamplined of Plainview led in the singing of several hymns, accompanied by Joanna Lewis, Olton, at day have been named. They are Geneva Curry, first and Lynn Whitefield, third in Senior declamation; Billy Carson, second in junior declamation; and the Prayer Calendar.
