Great numbers have taken advantage of the Lamb County Leader's special offer of \$1.69 per year in Littlefield and trade territory in the subscribing to the Leader and in renewing subscriptions.

A number of these persons have renewed their daily newspaper through the Leader, and have saved themselves a nice amount by reason of the combination rates available and low cost of the Leader.

There are just 3 days left—today—tomorrow and Saturday, in which to take advantage of the special low rate for the Leader.

Act now and save money.

### Last Rites Held For Mrs. Reese

As Christmas bells were ringing, as family groups surrounded gaily decorated Christmas trees, to unwrap gifts, throughout the nation, yes, even as the entire Christian world, paid highest tribute to the birth date of Him, upon whom the Christian religious has existed to continuously expand into "all corners of the world," for 1949 years, sadness, through death, invaded the home of Mr. and Mrs. Peyton Reese, and their 4-year old son, Richard, as the Father Over All, called that beloved wife and mother, Home, as the clock told the hour of eight.

But, Christmas time granted, in part, the last wish of Mrs. Peyton Reese—her expressed desire to live until one more Christmas day to have one more Christmas with her little adopted son, and with her husband and family.

**Ill Several Months**

In ill health for many months past, in critical condition many of the weeks of those months, she and her loved ones had known of her impending death, had prayed for its delay. But God, in His mercy was good, to let her see the light of one more Christmas Day.

As the news of her passing was received in many Littlefield homes, by radio and telephone, many a Christmas party was paused and saddened. It seemed so wrong that laughter and gaiety should prevail in so many other homes—in that other only tears and sadness.

**Funeral Tuesday**

Rev. H. L. Thurston, pastor of the First Methodist church at Brownfield, and a former pastor of Mrs. Reese, when she resided at Wilson, conducted the last rites, which were held Tuesday afternoon at 2 o'clock, at the First Methodist church here. He was assisted by the pastor, Rev. Frank Beauchamp, pastor.

Interment took place in Tech Memorial cemetery at Lubbock, and Hammons Funeral Home were in charge of arrangements.

**Flower Bearers**

### Total of \$45,398 Reported For Present Year

### Further Increase Expected Due To Area Popularity

An increase of eight percent in the postal receipts of Littlefield Postoffice is recorded for the year 1949 over 1948, according to figures furnished by Postmaster W. D. T. Storey.

The postal receipts for 1949 totaled \$45,398.83, as against \$40,567.63, for the year 1948, showing an increase of \$4,831.20.

A steady and further growth is expected for the year 1950, because of the extreme popularity of this section as a farming section. With the possibility of much advancement in an agricultural way, and with new crops being promised for this section naturally more people will seek to make their homes in this section in 1950.

### Presbyterian Church Presents Pastor With New Automobile

The highlight of the annual Christmas party and program, which brought together the membership of the First Presbyterian church and its Sunday School classes last Wednesday evening, when Santa Claus, who had arrived just as the program was concluded, to joyfully distribute packages of candy, fruit and nuts to the eagerly expectant children, happened to spy Pastor Carter McKemy, and calling forth his name, handed him a prettily and gaily wrapped Christmas parcel, shouted out "Merry Christmas", and vanished from the scene.

And standing there before the beautifully lighted and decorated Christmas tree, Rev. McKemy removed the wrappings from his gift from Santa, to bring forth a miniature Ford automobile. Attached to the little car was a shiny set of new car keys, made to exactly fit a shiny, brand new 1950 model Ford 4-door sedan, with literally "all the trimmings", that stood outside the door—a happy church congregation's Christmas gift to their pastor.

And it is hard to say which seemed the happier, the surprised pastor, or the dozens of boys and girls, whose love for their pastor seems boundless.

It was one of the most joyous and successful Christmas parties, in the entire history of the First Presbyterian congregation.

### Brother of W. F. McCoy Killed In Auto Accident

A message was received Friday by W. F. McCoy from Temple to the effect that a brother of his was killed in an automobile accident near Temple, and he left immediately for that city.

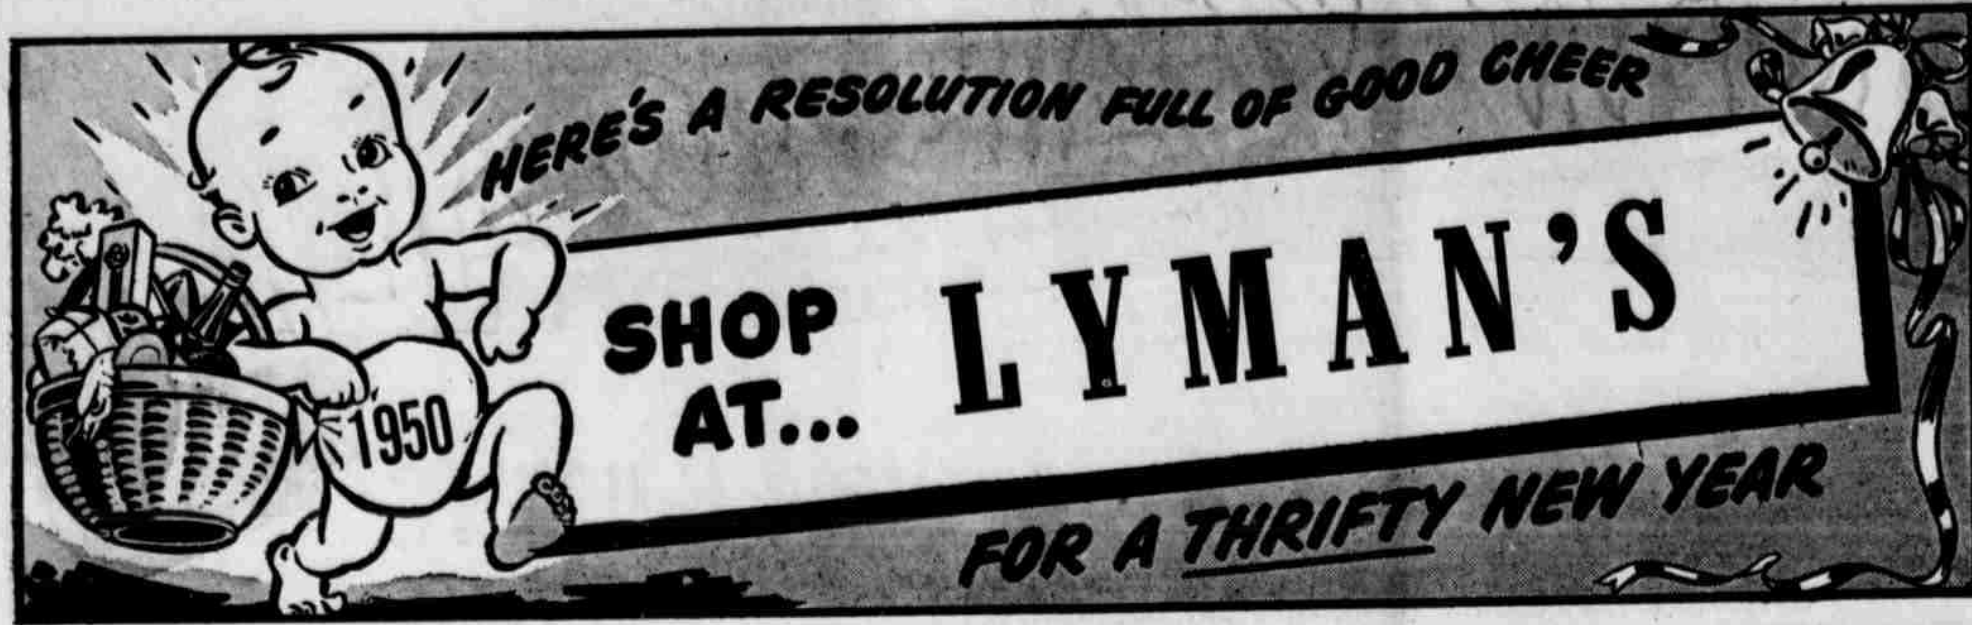

Sheriff Sid Hopping first received the message, and it was through KVOW broadcasts that Mr. McCoy was located, and the message relayed to him.

# Cats Defeat Mexia To Win Class A State Championship

## Enter Contest 12 Points Favorite and Emerge Winners By 13-0 Score Thrilling Plays In Littlefield-Mexia Game

The great decision at Fair Park Stadium, Abilene, Monday, found that the Littlefield Wildcats are the last word in Class A football this season as they stopped the Mexia Black Cats cold for a neat score of 13-0.

The honors bestowed upon the Wildcats were well played and lawfully earned. Some 13,000 fans braving chilly weather, and traveling, some of them more than 200 miles, witnessed the last stand in the

pigskin program and the winning of a Class A state championship.

The Mexia Black Cats started the game by taking the kickoff. Within two plays the Black Cats were set back 15 yards, with offensive end Bobby Cox taking Bruce Outlaw, Mexia halfback, for the loss. Mexia kicked to the Wildcats and received a fumble on their own 46-yard line. Again Mexia stood still. The Wildcats took two first downs before giving up the ball in the second quarter. Mexia Bobby Duke took to the ground for 22 points; Bruce Outlaw, eight yards, and first before giving the ball a booh on fourth down.

### Littlefield Scores

At this point Frank Gage and Tommy Bailes took turns on carrying the pigskin from their own six-yard line, plus a 15-yard penalty, to set up the first score of the game. Frank Gage plunged over from the wo-yard line to gain the first touchdown, but failed in this try for the extra point.

Two plays later Quarterback Garland Cain tried to pass, but only when Big Jim Fowler grabbed the pass for the Wildcats. The Black Cats held tight for three plays, then Tom Bailes scampered over left tackle and shifted into overdrive to eat up the 25 yards to pay dirt. The extra point was made by husky Tom Bailes.

The Mexia lads tried again and again to pass with Gene Renfro intercepting and at the end of the half the score remained 13-0 in favor of the Wildcats.

### Second Half

The second half witnessed Mexia fighting hard to catch up with the Wildts, and they seemed to only hold their playing mostly in the center of the field.

Mexia's only threat to score in the fourth was a long pass from Garlandd Cain to Lawrence Dawas, but was called back for being offense.

Mexia kept to the air most of the last half.

The Black Cats tried only once to pass the rest of the time. Bailes and Gage kept Mexia lads punch drunk with continuous attacks to their line. Big Gene Renfro helped in these duties in other games, but due to a sprained ankle he was forced to play offensive only.

### Near Tie for Yardage

Bailes and Gage had a close tie for yardage gained, with possibly Bailes on the top decision. On the line it was anyone a standout.

Those Wildcats worked together, with Frank Gage stopping the scoring attack by air several times when Garland Cain tried continuous passing in to the Wildcats' territory, but found he had no man who could take the pigskin, with Gage intercepting two

passes n Black Cats serial attempts.

### Proud of Wildcats

The fans are very proud of the Wildcats, and so is Offensive Guard Floyd Pinkerton, who had a successful appendectomy last Friday, but didn't miss the game traveling to Abilene by Hammons ambulance. He was presented the ball which won the game, and he received it with terms of joy.

The Wildcats triumph kept the Class A title in West Texas, Mohanas having won in 1948, and gave Fikes a record of a state crown, a region championship, two bi-district titles and a district division pennant in his six years at the Littlefield helm.

## Citizens Recognize Good Work of High School Coaches

Littlefield recognizes and immensely appreciates the great honor which was brought to this city in the winning of the Class A state football championship.

This year was the first time that Littlefield has won the state championship.

The Class A state contest was played for the first time in 1948, and was won by Mohanas.

All officials and leaders actively associated with the football team received special recognition.

Business men of Littlefield contributed to a fund through which Coach Fikes is driving a new Buick, and assistant coaches Patterson and Martin and superintendent of school Joe Hutchinson received a nominal sum. Presentation of the funds was made by Pat Boone, acting for the Littlefield business men.

Don Hayes, band director, was presented with \$500, given by the Band Parents club, band members and citizens of the city, in recognition of his outstanding work.

## Central School PTA Meeting Jan. 11th

A meeting of Central School Parent-Teacher association, will be held Wednesday, January 11th, in the high school auditorium. The topic for discussion will be "Teamwork in the Social World", and a special program will be presented by students in the 6th grade.

Mr. and Mrs. Lonnie Taylor and son Conrad are enjoying a delightful vacation in Arkansas Pass, visiting friends and deep sea fishing. They plan to return home around January 10th. While they are away their studio is remaining open.

**GAGE RACES DOWNFIELD**—With Tackle Jerry Cotter (49) looking on in the background. Halfback Frank Gage races for a hole being widened by Wildcat Tackle Arlen Wesley, in foreground, who is blocking out an unidentified Mexia defender. Gage, who was one of the stars of the game, carried the ball 25 other times for a total of 106 yards. He averaged four yards per try through the line, only slightly less than his running partner, "Triphammer Tom" Bailes, who averaged 4.7 yards per carry. Gage also scored Littlefield's first touchdown on a line buck.

## Mr. and Mrs. John Nail In Arkansas

Mr. and Mrs. John Nail and two children left Tuesday morning for Harrison, Arkansas to visit her brother, L. E. Durand and family. They plan to return home, Monday, January 9th. While they are away, the Nail Studio is remaining open, and is being operated by Miss Thetogene Ross and J. E. Chisholm, sr.

**BROCK BEGINS RETURN**—Littlefield Halfback Stephen Brock is shown grabbing a 80-yard Mexia punt just as it appeared that the coffin-corner kick would bounce out-of-bounds near the goal-line flag shown at right. Brock was knocked out of bounds on the Wildcat six-yard marker by End George Bell, shown closing in from the left. This return launched the 84-yard drive that produced Littlefield's first touchdown. Field Judge Winter Noah watches the play from the right.

## College Students Spend Holidays Here

West Texas State college classes were dismissed at noon Tuesday for the Christmas holidays.

The holiday was originally scheduled to begin Wednesday afternoon, but because of bad weather predicted for Tuesday night, the date was changed, officials said.

Classes will begin next Monday, January 2nd.

Students attending from Littlefield who are spending their vacation here include, Misses Linda and Tommy Matthews, daughter of Mr. and Mrs. T. L. Matthews, Miss Juanita Hamilton, daughter of Mr. and Mrs. T. L. Hamilton, Miss Nina Joe Dunn, daughter of Mr. and Mrs. Herbert C. Dunn, Walter Sewell, son of Mr. and Mrs. Loyd Sewell, and Darryl Brooks and Jack Cobb.

**PERMITS FOR 2 HOUSES**  
Building permits were issued to Higginbotham-Bartlett Lumber Co., for the construction of two residences on East 12th street. Both will be of frame structure, and one will cost \$5,000 and the other \$6500. A. E. Taylor is the contractor.

## He Made The Game! ... On A Stretcher

Floyd Pinkerton, No. 34, spectacular right guard of the Littlefield Wildcats, travelled first class (via Hammons ambulance) from his bedside in a local hospital, to the game at Abilene Monday, from which his team mates emerged Class A state champions. Pinkerton underwent an emergency appendectomy operation Friday. He is shown holding the football used in the game, and presented to him as a souvenir.

## Miss Dona Richardson And James Hall Exchange Vows Friday

MR. AND MRS. JAMES HALL

A screen of fern, flanked by baskets of red poinsettias, and white tapers in brass candelabra formed the background as Miss Donna Richardson exchanged wedding vows with James Hall Friday evening at the First Methodist church. Harrel Collard, minister of the Littlefield Drive Church of Christ officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. V. C. Richardson, and the bridegroom is the son of Mr. and Mrs. L. R. Hall of Sudan.

**Weldon Meers Sings**  
Miss Johnnie Merle Evans, organist, accompanied Weldon D. Meers as he sang "Wonderful One" and "Because", and she played the traditional wedding marches.

Candlelighters were Miss Mary Hall of Sudan, sister of the bridegroom, and Miss Betty Cowan, who wore identical formal gowns of satin, designed with a sweetheart neckline, form fitting pointed bodice, with full unpressed pleated skirt. The former's was pink and the latter was of a deep shade of pink. Their corsages were white carnations.

**Miss Roberts Maid of Honor**

Given in marriage by her uncle, Austin Barrett of Plainview, the bride was gowned in white satin fashioned with a bertha neckline, an illusion yoke, fitted bodice with tiny covered buttons and full skirt. The long sleeves tapered to points over her hands. Her halo of white satin outlined with seed pearls, fell from a veil of illusion of fingertip length. She carried a white Bible topped with a bridal bouquet of red roses and drop streamers.

For her daughter's wedding, Mrs. Richardson wore a beige suit with green and brown accessories, and red carnation corsage. Mrs. Hall wore a light brown suit, with dark brown accessories. Her corsage was of white carnations.

An arrangement of holly surrounded a double crystal holder, with red tapers centered the table at the reception in the church parlor immediately following the ceremony. The table was laid with a lace cloth over red satin. The three tiered cake was topped with a miniature bride and groom, surrounded by tiny rosebuds. Miss Kathryn Apperson, cut the cake and Miss Nancy Nichols served the punch. Miss Yvonne Ragel of Plainview presided at the bride's book. Others assisting were Mrs. Austin Barrett, Plainview, aunt of the bride, and Mrs. O. L. Roberts and Mrs. D. E. White.

green suit with brown accessories. Her corsage was of red rosebuds, fashioned from her bridal bouquet. The couple will be at home after January 1st, at 2419 19th street, Lubbock.

## SOUTH PLAINS CREAMERY STARTS HOME DELIVERY SERVICE

### HOME ON LEAVE

R. C. T. Sherman L. Jones arrived home Friday on leave from Fort Ord, Calif., to visit his mother, Mrs. Eunice V. Jones. He left Tuesday to return to his base.

South Plains Creamery company inaugurated home delivery service of their dairy products including milk, both homogenized and pasteurized, buttermilk, cottage cheese and butter, with the first delivery effective Friday morning.

The company purchased two late model delivery vehicles several months ago.

There has been no home milk delivery service in Littlefield since early in the war, at which time South Plains Creamery first entered the wholesale and retail milk business. Prior to that time, three or four small independent dairies, served the city, and each maintained delivery service.

Specimens were prepared from known negatives and known positive serum. Mixtures of these were made and 20 specimens sent to each participating laboratory. 10 specimens were positive blood tests and the other 10 specimens were negative blood tests.

Specificity is defined as the ability to determine which were negative. Sensitivity is defined as the ability to determine which were positive. Any cases reported as doubtful were given half credit and those that were missed entirely were discredited against the participating laboratory. By the use of the formula multiplied by 100 the percentage of sensitivity were obtained. In order to meet the standards for approval a laboratory must perform and report only those tests which have been accepted as standard blood tests for syphilis.

Forms for use in conjunction with the premarital law may be obtained from printers carrying such items in stock.

### Letters On McMurry Indian Team

ABILENE, Dec. 20.—Billy Sisson, a freshman from Lufkin, has gained the distinction of lettering on the best football team the McMurry Indians have come up with.

Sisson, a guard, was announced Saturday by Coach Wilford Moore, himself a former Littlefield man, as being one of the 25 McMurry lettermen. Sisson was a starter in most of the Indians' games.

This season the Indians won their third consecutive Texas Conference title.

Sisson still has one game to play as a freshman. He's in the Oleander Bowl game in Galveston January 2 against the Missouri Valley Vikings. McMurry is not handling tickets for the game, but they may be obtained—at \$3.60 and \$2.40—from the Oleander Bowl Ticket committee, Galveston.

## 25 Carloads Cargo On Way For Overseas Relief

Texans by Christmas time had given 25 carloads of food and fiber commodities for overseas relief.

These carloads of Christian charity are for people in dire need who are not directly benefited by Marshall Plan Aid because they have no money with which to buy.

These contributions to the Christian Rural Overseas Program (CROP) represented gifts of cash and farm products in bulk from only 50 Texas counties. Thirty more are expected to contribute before January 31.

The commodities will be distributed to the destitute by established church relief agencies to those who need it most irrespective of race, creed, or political affiliation.

Included in the commodities already given are cotton, wheat, rice, peanuts, corn, cottonseed products, pecans, grain sorghums, wool and mohair, and black-eyed peas, according to state CROP director, Elmore R. Torn.

## Conservation Truck Used For Package Delivery

### Trailer Hitched To Car Also Used To Ease Situation

One of the largest volumes of Christmas mail into and out of the Littlefield postoffice was handled this year with excellent dispatch.

Complete cooperation and efficient operation within the Littlefield postoffice, together with friendly assistance from some outside sources, blended into an operation that was thrilling to Santa Claus in the good deeds for which he is famous.

Conservation Truck Used Mail came rolling and tumbling through the back swinging doors of the postoffice. The personnel looked the situation over and figured that Santa Claus sure needed some help. Everybody pitched in; a soil conservation truck was kindly loaned to the postoffice, and when the situation began to look a little more desperate, Assistant Postmaster Ewing Thaxton hitched a trailer to his car and took a substitute clerk, and augmented the regular service for the delivery of packages throughout the city.

Cleared of Packages Sat. Night Postmaster W. D. T. Storey reported that by Saturday night the postoffice was clear of all deliverable packages.

Santa Claus was very much pleased. More Mail Arrives But get a load of this: A Postal Employee's life is just one load of mail after another. Even as most of the postal workers were off duty for Christmas Day, in rolled two great big loads of packages and other Christmas mail.

Delivery wickets at the postoffice were closed Sunday and Monday in observance of the holiday, and some boys, some girls, and heaps of grown-ups will not hear from Santa Claus until Tuesday. In fact, Santa Claus has so many duties at Christmas that he will not finish up his work until after the New Year, according to Postmaster Storey.

So it's Happy, Happy New Year.

### BULL LAKE PHILOSOPHER TALKS ABOUT MONEY, SAYS IT'S A BARGAIN TO SEND SOME CONGRESSMEN ABROAD

Editor's note: The Philosopher on his Johnson Grass farm on Bull Lake is off on money this week, and for a man who is as unacquainted with the subject as he is, he has a lot to say.

Dear editor:

I read in a newspaper the other day, either yours or some other one I get them mixed up, run together in my mind like a rigmarole from my wife on what ought to be done around this place to improve it, thunder anybody knows it could be improved, but I ain't near as interested in improving a farm as I am in havin a farm improve me, as I say, I read in a paper where the state of Texas was holdin a note against somebody which is now 98 years past due, and my neighbor wanted to know if it was me that owed it.

I will appreciate you lettin me use your columns to say that ain't none of my notes 98 years past due.

I would like to have some that past due, would like to have some only a few years due, would like to have one not even due yet, but all the bankers I know is too astute to loan me anything, although I generally get a free calendar from them around Christmas time. If politicians handled the tax payers' money like bankers handle depositors', there would be a lot more money in the treasury and a lot less taxes, which ain't necessarily the goal of some politicians.

Speaking of money, I read yesterday where somebody was complainin about U. S. Congressmen takin tours around the world to study conditions abroad, sayin the trips this year alone was costin \$150,000. This just goes to show you that penny-pinchin ain't always economy.

Say it cost the country \$150,000 to send a bunch of Congressmen abroad, ain't that fairly cheap, considerin what they could have spent if they'd stayed in Washington?

**ARRIVES HOME**

Mrs. Lena Hite arrived home from Wayland college last week to spend Christmas holidays. She was joined by her daughter and sons, Lt. Commander and Mrs. C. J. Ricketts of Oxnard, Calif., Mr. and Mrs. Robert L. Hite of Enid, Okla., Kenneth F. Hite of West Point, New York; Cathryn Ann and Robert Wallace Hite, Robert David and Kenneth Jackson Ricketts, grand-children; Mr. and Mrs. G. Prottzman and Madge Ann of Amarillo, Mr. and Mrs. R. B. Turner of Oklahoma City and Avon Flanken of the South Plains Clinic and Tech, Lubbock.

Why \$150,000 ain't hardly fifteen minutes worth of work when Congress settles down to appropriate, they can do that while they're waiting on a quorum to come in and work up to the billion-dollar level.

Any time we can spent \$150,000 and get some Congressmen out of the country, it's a bargain. It might pay us to send some editors along with them too.

Yours faithfully,  
J. A.

**Bill Green To Go With McMurry Band To Galveston**

Fifty members of the McMurry College Indian band of Abilene have been selected to make up the traveling band which will accompany the McMurry football team to Galveston January 2 for the Oleander Bowl, according to Raymond T. Bynum, director. Band members will return to the McMurry campus one week early, on December 29, to begin preparation of half-time activities for the Galveston game, which will see McMurry playing Missouri Valley College.

Included in the traveling band for the Galveston trip will be Bill Green, son of Mr. and Mrs. H. M. Green, 815 XIT Drive, Littlefield. Green, a graduate of Shamrock High school, is a junior in McMurry.

This will be the second major trip of the Indian band this school term. The band recently took an 800-mile tour of West Central Texas, playing concerts in Winters, Coleman, Ballinger, San Angelo, Mason, Brady, Brownwood, Santa Anna, and Cisco. The group will go to Mineral Wells in February to present a concert at the Texas Music Educators association meeting. A 1000-mile spring tour will round out the year's activities. Other appearances made by the band this year have been in Haskell, Abilene, Eden, Big Spring, Monahans, and Canyon.

**New Series Of Chevrolet Passenger Cars To Be Unveiled January 7**

A new series of Chevrolet passenger cars, reportedly one of the most important ever developed by the company, will be unveiled, Saturday, January 7.

W. E. Fish, general sales manager, made the announcement to some 7,000 Chevrolet dealers across the country began preparations for elaborate showroom presentations.

"One of the secrets of Chevrolet's highly successful merchandising has been the enthusiasm which dealers have been able to build up at these first showings of a new model," said Fish.

"In some communities the event has become almost a public holiday. Dealer establishments are at their sparkling best. Great pains are taken for striking decorative effects. Car models are selected with unusual eye appeal. Special attractions are frequently part of the program.

"With it all the public has come to expect something unique in automotive progress. This year will be no exception. We are introducing an advance that has been a subject of research and test throughout the postwar period. The cars carry a development that we believe will have a revolutionary influence on automobiles of the future."

The 1950 car will make its appearance following Chevrolet's most successful year. Fish said retail passenger car sales in 1949 would top 1,000,000 units while the truck sales of 350,000 would set a new all-time record for the industry.

**Number Arrested On Drunken Driving Charges Friday**

Horace E. Stewart of Lamesa, was arrested here Friday night by the highway patrol men, on a charge of driving while intoxicated. Stewart made bond in the amount of \$500 to appear January 23 before Judge Dent in county court here.

Houston Malone, colored, was arrested Friday night by the highway patrol, on a charge of driving while intoxicated. He was lodged in the city jail.

Frank M. Thorne of Lubbock was arrested Friday night by highway patrolmen and charged with driving while intoxicated. He pled guilty in county court, and paid a fine of \$50 and costs.

**GEMS OF THOUGHT**

**CULTIVATION**  
No man, however learned, can be called a cultured man while there remains an unbridged gap between his reading and his life.

—J. C. Powys  
The highest purpose of intellectual cultivation is, to give a man a perfect knowledge and mastery of his own inner self. —Novalis  
True delicacy, as true generosity, is more wounded by an act of offence from itself, than to itself. —Greville

The primary indication, to my thinking, of a well-ordered mind is a man's ability to remain in one place and linger in his own company. —Seneca

Culture is then properly described not as having its origin in curiosity, but as having its origin in the love of perfection: it is a study of perfection. —Matthew Arnold  
That which refines character at the same time humbles, exalts, and commands a man, and obedience gives him courage, devotion, and attainment. —Mary Baker Eddy

**Lumber Production Slide 11 Percent**

Texas lumber production in October slid 11 per cent from October a year ago, reports from the Southern Pine association to the University of Texas Bureau of Business Research showed.

Lumber production, totaling 701,000,000 board feet in October, fell 10 per cent from September.

October shipments of lumber dropped 6 per cent from September and 4 per cent from October a year earlier.

Gross stocks at the end of October were 4 per cent below the previous month and one per cent below October 1948.

**INFORMATION For VETERANS**

Q—I intend to apply for a GI loan to go into business. Is there any limit to the period in which I must repay such a loan?

A—If your GI loan is a non-real estate business loan, it will have to be repaid in 10 years or less; a real estate business loan may run up to 25 years.

Q—Why do I lose all the money I paid in premiums on my term insurance when I convert to a permanent plan?

A—While your term insurance was in force, you received insurance protection against death at a very low rate for that period. Term insurance was intended to provide no more than that.

Q—I am receiving compensation from VA for a service-connected disability. My dependent parents reside in a foreign country. In event of my death, who should they contact to get the compensation to which they may be entitled?

A—They should contact the U. S. Foreign Service in the country in which they reside. The U. S. Foreign Service cooperates with VA in the administration of benefits available to veterans, their dependents or beneficiaries in foreign areas.

Q—I was honorably discharged without disability after World War II service. Since my discharge, I was partially disabled in an automobile accident which prevents me from holding down a full-time job. Am I entitled to any VA benefit for this disability?

A—No, but if you should become permanently and totally disabled, for reasons not traceable to your service in the armed forces, you may be entitled to a pension, providing your income does not exceed \$1,000 if you have no dependents, or \$2,500 if you are married or have a minor child.

**A Tonic For The Missus**

The missus came marching in with a new hat yesterday. She was as happy as a circus poster.

I've learned one thing about the hats she buys. A hat is a tonic to her. If she's feeling blue, nothing gives her a lift like a new hat. Now, I could trade in my old grey fedora without raising my blood pressure a notch. But I'll admit that more than once I've bought a new briar pipe I didn't need—just because life was getting a little bit monotonous.

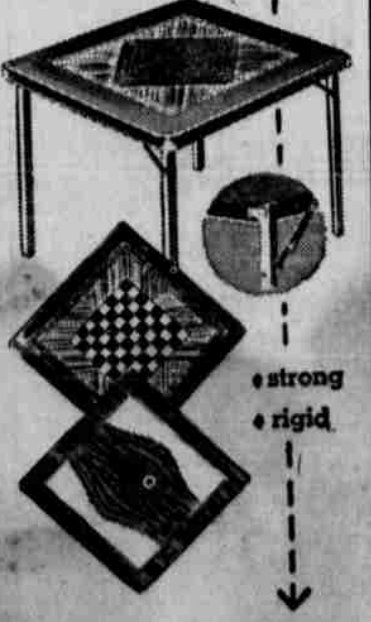

With Buck Howell it's something else again. When Buck is feeling low, he gets over it by blowing on a broken-down clarinet he hasn't mastered in twenty years.

From where I sit, different people are always going to respond to different things in different ways. So let's keep a friendly understanding of what other folks get out of a new hat, an old clarinet, a chocolate soda or a temperate glass of sparkling beer or ale now and then.

### Holiday Trading Allows Only Slight Changes In Prices of Farm Products

**SERGEI VAVILOV**  
... eminent Soviet scientist, symbolizing the vital role of science—especially atomic energy—in world politics.

Traditionally dull weekend and holiday trading allowed only slight changes in prices of farm products at the major southwest wholesale centers this past Christmas week, reports the U. S. Dept. of Agriculture's Production and Marketing Administration.

Falling egg prices were checked somewhat by USDA's announcement of the 1950 price support program. Current receipts sold at the lowest level for any holiday season since before the war. Quotations ranged from 25 to 35 cents per dozen at the farm.

Turkeys were steady to firm with No. 1 young hens bringing mostly 36 to 38 cents per pound, toms 10 cents per pound lower. Heavy chicken hens were steady around 20 to 25 cents per pound, but lightweights were weak. Fryers went down a penny or more.

Livestock receipts at both southwest and midwest yards were curtailed by cold weather and the holidays. This tended to offset the influence of the slump in the dressed meat trade.

Hogs lost 25 cents per 100 pounds at San Antonio and Fort Worth, but were up 50 cents at Oklahoma City in line with stronger trends at midwest yards. Good and choice butchers brought mostly \$15.50 to \$16 in the southwest.

Mixed trends prevailed at southwest cattle yards. Slaughter classes were strong to 50 cents higher at Houston, San Antonio and Oklahoma City, but were weak to 50 cents or a dollar lower at Fort Worth and Kansas City. Most strong spots were forced as result of light offerings and good demand for that specific grade. The stockers and feeders were steady to firm.

Slaughter lambs were steady at

San Antonio, weak to 50 cents lower at Fort Worth, up \$1 at Oklahoma City and tending higher at most midwest markets. Ewes were steady.

Both wool and mohair continued to bring firm prices as stocks declined. Holders asked 60 cents a pound for adult and 80 to 85 cents for kid mohair.

Peanuts were steady to slightly stronger than a week ago and a year ago. Except for lower prices for cabbage, most fruits and vegetables were about unchanged.

Most grains declined. Wheat lost several cents or more, white corn 2 to 3 cents, while yellow corn sorghums, and oats held about steady. Barley gained 1 to 5 cents per bushel.

Most wholesale feed prices weakened along with whole grain prices. Millfeeds slipped \$2 to \$3 per ton and cottonseed meal as much as \$2. Volume of offerings remained

### NEW STAR ROUTE BENEFITS MAIL DELIVERY FROM EAST AND SOUTH

The direct benefits are being felt more in areas which do not have such favorable railway transportation as obtained in Littlefield and this immediate section.

The new star route, according to information received from Congressman George H. Mahon, runs between Lubbock and Sweetwater. The new operation with the T. & P. trains at Sweetwater, and receives mail from T. & P. train due at Sweetwater about 3 a. m. This mail arrives at Littlefield at 7:30 a. m.
