#### HOOVER AND DAWES MAY BE G. O. P. TICKET

The Unexpected Combination Finds Favor As It Is Believed To Be Strong.

By United Press  
KANSAS CITY, June 11.—A Republican ticket of "Hoover and Dawes," hitherto never contemplated in the public discussions of political leaders, is being sought by groups of Hoover leaders and Dawes supporters on the eve of the national convention.

The United Press learned today that delegate friend of Vice-President Dawes from the midwestern farm delegation here, submitted his name to the highest leader in the Hoover campaign. The answer came back that the Hoover people are not picking vice-presidential candidates, but that Dawes would be acceptable.

A campaign thereupon was started among the delegates to swing in line for this unexpected combination. Many friends of Hoover argued that he would gain perhaps 50 western votes scattered through many states if Dawes, the advocate of the equalization fee system of farm relief, was chosen on the ticket.

KANSAS CITY, June 11.—The tentative draft of the platform of the Republican National Convention has been completed, Senator Smoot is chairman of the resolutions committee.

The draft contains a strong prohibition enforcement plank, condemning the activities of the "nullificationists" although it does not mention the 18th amendment Smoot said.

KANSAS CITY, June 11.—Senator Goff, West Virginia's presidential candidate reported today that the allied opponents of Hoover had found in a canvass that Hoover's maximum strength was 450 delegates with 545 needed for the nomination.

"We have Hoover stopped. Senator Curtis seems to be gaining strength rapidly," Goff said.

ST. LOUIS, Mo., June 11.—Indiana's 33 delegates to the Republican National convention, pledged to Senator Watson of that state, passed through here en route to Kansas City, late last night.

Accompanying the delegation were 150 Watson boosters, led by W. W. Settle, farm leader of Indiana, who said he had obtained 50,000 anti-Hoover signatures from farmers of the state in three days.

"If Hoover is nominated, Governor Smith, in my estimation, could carry Indiana by a two to one vote," Settle said.

#### Eastland Baptist Church Takes Steps To Build New House of Worship At Once

At a rousing meeting held by the members of the congregation of the Baptist Church, Sunday morning, in connection with the regular service, the matter of building a new church in Eastland was presented in stirring talks by several prominent men of the church. The congregation voted unanimously to erect a new church for their worship.

Plans for the new edifice will be discussed at a business meeting to be held following the prayer meeting Wednesday night. The first Wednesday night of each month is the regular monthly business meeting date, but was postponed, on account of the weather, to this time.

It is understood that consideration will be given to a suggestion that the pastor's residence be moved to a new site facing on Lamar street and that the new church building be placed where the pastor's home now stands, facing South Seaman St.

W. D. R. Owen made a statement of the amount pledged for the service of Roy Camp, the evangelist songster, and asked that a like sum be contributed for the expenses of Rev. W. T. Turner, and Mrs. Turner to the Baptist World Alliance convention, in Toronto, Canada, June 23 to 30.

Anything over the amount requested is to be divided between the singer and the pastor. In a few minutes \$335 in cash was paid, and \$97.50 in pledges, raised.

#### Baptist Church Pastor Reports Results of Revival Services

(Reporting on the result of the revival services at the Baptist church, the pastor, the Rev. W. T. Turner, said: "The congregation of the Eastland Baptist church voted unanimously on yesterday to enter a campaign to erect a new church building. At the Wednesday night business meeting of the church this week a committee will be appointed to recommend the plan for the new building and also to suggest to the church a financial plan. It is not known at this time whether the drive for funds will be launched at once or on Sept. 1. In any event the date will not be later than the close of summer.

"There were twenty-eight members added to the church during the revival services which closed yesterday, twenty-two of that number joining for baptism. This makes a total of forty-five new members joining the church in the two months that Pastor W. T. Turner has been on the field.

A liberal cash offering was made to Gospel Singer Roy Camp, who conducted the music for the meeting, and sufficient funds raised to pay all expenses of Rev. and Mrs. Turner to the Baptist World Alliance which meets at Toronto, Canada, June 23rd. The trip will occupy about two weeks the pastor being absent from his pulpit only one Sunday, June 24."

#### FARMERS ARE ARRIVING AT KANSAS CITY

Fourteen from Minnesota First of "Caravan" To Reach Republican Convention City.

By United Press  
KANSAS CITY, June 11.—Fourteen farmers from Minnesota crawled out of their bunks on the outskirts of the city today and watched the horizon for signs of recruits in the widely advertised "farmers' caravan," which was scheduled to descend upon the Republican convention 100,000 strong.

The 14 formed the vanguard and are the only sign of the caravan here. They arrived yesterday. Several hundred automobiles carrying farmers from Nebraska, Iowa and North Dakota are due to arrive early this morning to present demands for the McNary-Haugen farm relief bill, according to the caravan headquarters.

#### Owsley-for-Senate Club Is Planned

Grady Owen, who is directing in Eastland the campaign of Col. Alvin Owsley for a seat in the United States senate, has called a meeting of Colonel Owsley's friends for eight o'clock Tuesday night in the 88th district courtroom in the old high school building.

The purpose is to organize an "Owsley-for-senate" club and to take measures in the interest of his campaign.

#### MIDLAND POTASH

MIDLAND, June 11.—Data on four potash wells recently completed in Texas by the bureau of mines and officially issued by the department of interior, shows two of the wells to have beds of potash of commercial interest and two described by the government as having no commercial interest.

#### ROTARIANS ARE ENTERTAINED AT LUNCHEON

Miss Drago Plays Violin Numbers, T. L. Fagg and Guy N. Quirl Speak.

Miss Wilda Drago, violinist, was the star performer on the Eastland Rotary club's program at noon today. Miss Gresham, who accompanied Miss Drago at the piano; Guy N. Quirl, Eastland county boy scout executive; and T. L. Fagg were also among those on the program. The club gave a rising vote of thanks to Miss Drago, Miss Gresham and Mr. Quirl for their services on the program. Mr. Fagg is a member of the club.

Mr. Quirl's talk dealt with the Boy Scout movement in the county and with the coming summer encampment in particular. He said the plank sale had brought in sufficient funds to build a mess hall.

Mr. Fagg gave a Rotary educational talk on the subject of "Fair Dealing."

Miss Drago, accompanied by Miss Gresham, gave two violin solo numbers.

Earl Bender, vice-president of the club, presided in the absence of President Joseph M. Weaver. Jack Knox, chairman of the program committee, arranged the program presented yesterday.

Among the visitors attending today's meeting were: T. J. Hughes, Rotarian, Ranger; Geo. Sweeney, Rotarian, Abilene; Guy Quirl, Eastland; Walter Murray, Ranger.

Vice-President Bender appointed the following program committee for next week: Earl Johnson, chairman; Dr. C. H. Carter, Dr. J. H. Caton, and J. M. Armstrong.

#### OIL ACTIVITY RENEWED SOUTH OF BALLINGER

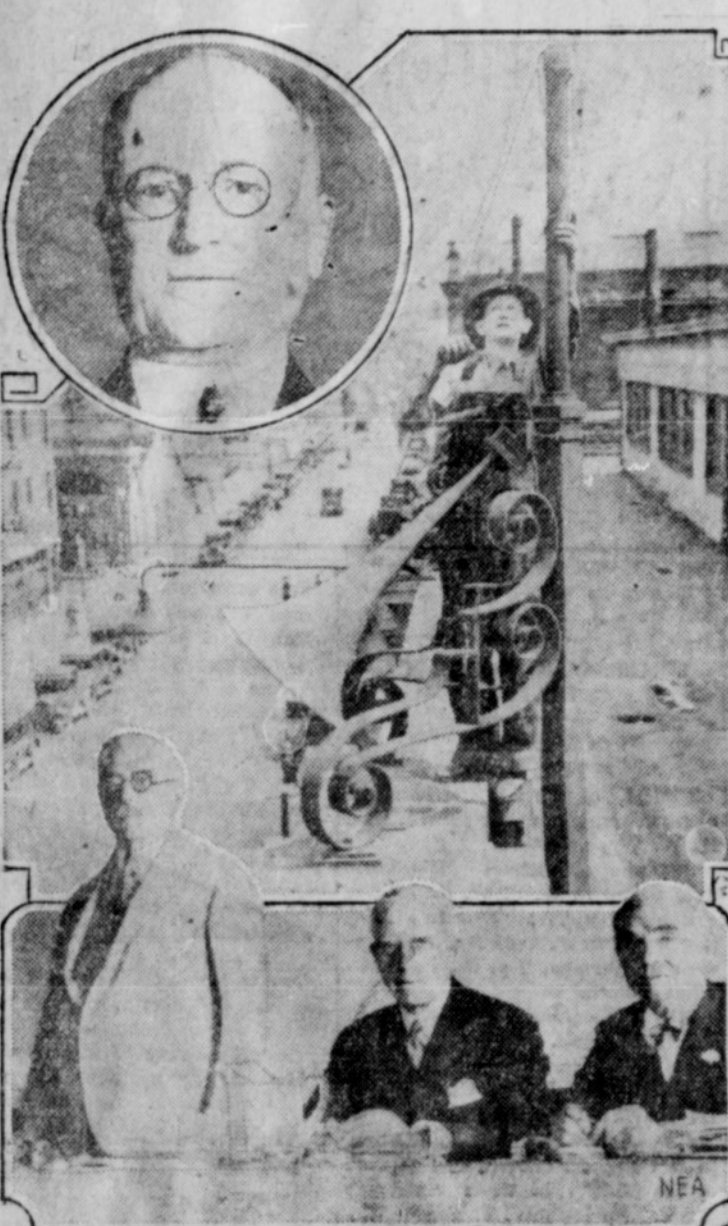

Runnels County Fields Being Watched Closely As Drills Get Near Pay Sand.

Special to the Telegram.  
BALLINGER, June 11.—Runnels county's oil activities are taking a new hold on life with two wells nearing the McMillan pool pay horizon and the location of a well in the southeast part of the county in a section which in the years past has created much excitement.

Operators of this section are watching closely the progress being made in Vacuum's No. 1 Flanagan, Domingo Diaz survey, east of the discovery well on the McMillan farm, drilling at 2,470 feet and Griswald's No. 1 Willingham Domingo Diaz survey, southwest of the discovery well, drilling around 2,300 feet.

These wells are nearing the pay sands of the McMillan pool, which has been producing high gravity oil since last August. In Vacuum No. 1 McMillan, pay was encountered around 2,545 feet while in the No. 2 McMillan, the same sand was encountered at around 2,516 feet. Both these wells have been holding up with a steady stream under the pump since they were brought in.

#### Getting Ready at Kansas City

Through a system of loud speakers on the roof of Convention Hall in Kansas City, crowds in the streets will hear the goings on of the republicans as they choose their candidate for the presidency. Below Chairman William M. Butler is pictured calling the republican national committee into session to begin hearing claims of opposing delegates in contests for 73 seats. Left to right are Butler, Charles H. Hilles, vice chairman and J. Francis Burke, counsel. Inset above is R. B. Creager of Brownsville, Tex., leader of a contesting delegation from Texas.

#### Annual Congress of Esperantists To Meet In August

AUSTIN, June 11.—Dr. Leo Hollander, associate professor of Germanic languages at the University of Texas, will attend the twentieth annual Congress of Esperantists to be held in Antwerp, Belgium, in August, according to Alfred Kenngott, instructor in Germanic languages, who is the official Esperanto delegate in Austin.

Esperanto, composed of words from the best languages of the world, and recently accepted by the International Peace Congress at Geneva as the universal language, has long been used as the common language by which peoples of one nation can converse with peoples of another. The language is now being taught in the majority of the leading schools and colleges of the United States as well as in other countries.

Delegates from the International Esperanto Association are stationed at various points all over the world, according to Professor Kenngott, and Dr. Hollander expects to meet many of these while on his trip to Europe. He will remain away all summer.

on the H. Giesecke ranch, 20 miles southeast of here. The location was made by this company this week and the cellar and slush pit is now being dug with tools and the rig en route here from Mexico.

This location is in the north-east corner of the Jacob Smith survey, 9,723 feet south of the north line and 1,320 feet west of the east line. It is about 5,900 feet due west of the Pure Nos. 1 and 2 Giesecke, which were drilled about ten years ago by the Gulf Production Company, in which both oil and gas were reported.

The Pure Oil Company is drilling its first well in the county

#### TWO WOUNDED OF ITALIA'S CREW RESCUED

Gondola of Dirigible Falls, Carrying Nobile and Seven Others To Ground In Ocean.

By United Press  
KINGS BAY, June 11.—Lieutenant Holm, in a sea plane, today found two wounded members of the dirigible Italia's crew, near Bandy Bay, on the north coast of Northeast Land, he reported.

By United Press  
ROME, June 11.—The first official report of the accident that caused the landing of the Italia today said the gondola of the craft had been snapped from the beam and Commander Nobile and seven of his aides were grounded. Two of the crew were injured in the forced landing.

The other members of the crew of 16 remained with the airship, which drifted about 30 kilometers east of where the accident occurred, the report said. It was believed this part of the craft now was near Northeast Land.

By United Press  
KINGS BAY, June 11.—The radio operator of the Italia wireless the supply ship here today that the Italia's crew was split into three groups on ice which had drifted one and one quarter miles since Friday.

The largest group consisted of seven men. That group he said included Nobile and 2 injured men. One of the men broke his leg when the Italia landed.

Another group of six men were reported three-quarters of a mile distant, while a third contingent was missing.

The situation of the three missing men was desperate. They were trying to reach the mainland, he said. The operator implored rescuers to use every means to get provisions and medical supplies to the Italia's men.

The Italia's wireless weakened as its batteries were waning in strength.

#### Curtis Thompson, Reared In Gorman, Dies In Clarendon

Curtis Thompson, aged 36, died in Clarendon last Saturday, was buried Sunday afternoon at 3 o'clock in the Wayland cemetery, the services being in charge of the Rev. L. R. Hogan, pastor of the Presbyterian church. The Odd Fellows also had a part in the services. His death resulted from an attack of the flu. Several of the decedent's friends in Clarendon, including the sheriff of Donley county, attended the funeral.

Curtis Thompson was born August 15, 1892. He married Miss Velma Cash of Wayland in 1917, two children blessing the union, Weldon, who died when small, and Jimmie Jean, now aged six. He was reared at Gorman, where his mother, Mrs. Elizabeth Thompson, and three brothers, Odell, Otis and Tom, now live. An only sister, Mrs. Chapman, lives at Borger. He lived at Clarendon for a number of years and served eight years as county attorney. He was in the race for county judge when death intervened. He was a member of and a deacon in the Baptist church at Clarendon and teacher of the business men's class in the Sunday School.

#### Third Political Party Suggested

NEW ORLEANS, June 11.—A third political party, composed of anti-Smith southern Democrats and discontented middle western farmers may be formed this summer, United States Senator Brookhart of Iowa, said here today.

Brookhart is in New Orleans to address a National Retail Growers Association convention.

#### Dallas Chosen For State Democratic Convention Sept. 11

WACO, June 11.—Dallas was chosen for the state Democratic convention to be held Sept. 11, at 90-minute session held by the state Democratic executive committee here today.

#### Mrs. Coolidge Ill, Unable To Travel

WASHINGTON, June 11.—Illness of Mrs. Coolidge delayed departure of President Coolidge tonight for his summer whitehouse in Wisconsin. Mrs. Coolidge was confined to her bed today following an unexpected relapse. She had suffered an indisposition some time ago, and has been confined to her room for about a month, but was believed to have fully recovered.

LOCATIONS FOR TESTS MADE IN PERMIAN BASE

Thirteen in Winkler County. Remainder in Ten Other West Texas Counties.

SAN ANGELO, June 11.—Twenty-six locations for oil tests were made last week in ten counties in the Permian Basin of West Texas, an increase of seven over the preceding week and nine more than during the week ending May 25.

Winkler county again led the list last week with 13, or one-half the locations made. Pecos county gained three, and Jones and Howard counties each two and the following counties one each: Cochran, Irion, Rains, Mitchell, Reagan and Reeves. Corrections were made in three locations in Winkler county and in one location each in Howard, Ward, Crockett, Concho and Upton counties.

One of the most interesting locations was that made by Pure Oil company on the ranch of Herman Giesecke of Ballinger, where the first oil in Rains county was struck in 1919, and the highest surface structure in the county is said to exist, having a closure of as much as 100 feet.

Pure No. 1 Giesecke will be 1490 feet from the east line and 9250 feet from the north line of Jacob Smith survey, and 3100 feet northwest of Gulf No. 2 Russell, which was dry.

Gulf No. 2 Russell, however, was only about a quarter-mile northwest of Gulf No. 1 Russell, which early in 1919 made six barrels of oil and 3 1-2 million cubic feet of gas, from a total depth of 3504 feet. Plugged back and shot from 2250 to 2364 feet, this well flowed 250 to 300 barrels of oil. Commercial production never was developed, however, and for nine years the well has been shut in a gasser, the gas being used for fuel in drilling other tests, some of them across the line in Coleman county to the east. Gas from this old well also will fire the boilers of Pure No. 1 Giesecke, Gulf No. 1, Russell is 18 miles south-east of Ballinger, 3 1-2 miles north of the Colorado river just above the mouth of the main Concho river and 7064 feet south and 5094 feet west of the northwest corner of Brazoria county school land.

DRUGGISTS TO MEET TUESDAY IN ABILENE

State Convention To Last Three Days and Large Number of Delegates Expected.

Special to the Telegram. ABILENE, June 11.—Back in the olden days they were known as apothecaries. In England and the colonies they are described today as pharmaceutical chemists.

In Texas, they're plain druggists and some 2,500 of them are scheduled to flock here beginning Monday for the greatest convention in the history of Abilene—the annual meeting of the Texas Pharmaceutical Association. It is to be a three-day affair, starting officially Tuesday.

Houston, Fort Worth, Dallas, Beaumont, San Antonio, Amarillo are expected to send the largest delegation to the convention. A wire has been received from Houston where 25 druggists have chartered a special Pullman to bring them here.

Fort Worth is sending a big delegation with hopes of securing the 1929 convention for their city. Houston is in hopes of capturing next year's meeting.

STRACENER IS READY TO MEET LEON ON MAT

Both Wrestlers in Prime Condition and Spirited Contest Expected Tuesday Night.

Kid Leon, of Dallas, and Tom Stracener, local wrestler will clash Monday night at the Elks Club, in a two out of three falls finish match that is expected to be one of the hardest fought and most sensational bouts of the entire season.

Leon comes here with a real record and a long string of wins and if he wins over Moore tonight it will make Leon's win column number fifty-five straight.

Stracener expects a tough go of it with Leon and although in the best of condition, Stracener seems worried at the last moment because of Leon's remarkable string of victories.

Leon is rated as a sensational grappler who tears in every moment and is always after his body slams, and tries to put his opponent out of the way in short order.

If he lives up to his reputation fans here are in for a match chock full of action from beginning to end for Stracener himself is plenty able to take care of himself.

There is considerable interest in the bout, and has been from the first day the bout was announced. Fans are wondering whether Leon can really be as tough and as sensational as he is rated to be, and Stracener himself is wondering just what sort of a grappler he will tackle.

Leon is in town and ready for action. Tom promises to give him plenty of it before Tuesday night is over.

A high class card of preliminary bouts will be on the card and the first event is to start at 8:30 p. m.

**LEGAL NOTICE**  
**AN ORDINANCE**  
An ordinance providing traffic rules and regulations for the operation of vehicles within the corporate limits: Requiring the police force to be uniformed and to enforce such rules; requiring the public to comply with the directions given by the members of the police force; prescribing what vehicles have the right of way; prohibiting the use of sirens; prescribing a speed limit; forbidding the reckless operation of motor vehicles; forbidding the operation of motor vehicles with defective brakes and steering gears; providing for the erection of stop signals; prohibiting the malicious driving over of said signals; requiring all traffic to come to a full stop at said signals; fixing an age limit for drivers of vehicles prohibiting double parking; prohibiting parking in reserved and restricted space; prohibiting the driving over fire hose; prohibiting the driving through blocked or closed street; prohibiting parking near fire plugs; prohibiting the parking of a car with motor left running; prohibiting the obstruction of side walks; defining the manner of parking; prohibiting the holding on to moving vehicles; providing that this ordinance shall be cumulative with all other traffic ordinances except where in direct conflict with the provisions hereof, and providing that all prior conflicting sections or portions of ordinances shall be and are hereby repealed in so far as such conflict exists; and providing a penalty for violation hereof; and providing that the holding of any portion hereof to be invalid shall not affect the validity of any other portion or provisions; and creating an emergency.

WHEREAS, the constant increase of vehicular and pedestrian traffic in the City of Eastland has made traffic conditions so congested that it has become imperative as a police regulation to protect the life, safety and convenience of its citizens to enact rules and regulations for the operation of vehicles within the corporate limits, according to the terms and provisions of the following ordinances:  
Now, therefore, be it ordained by the City Commission of Eastland, Texas:  
**Section I.**  
Definitions—Unless it appears from the context that a different meaning is intended, the following words shall have the meaning attached and applied to them by this section:  
(a). The term "curb" shall mean the edge of a roadway or street, marked, designated or otherwise commonly understood to be such.  
(b). The term "vehicle" shall mean and include any automobile, truck, wagon, cart, buggy or conveyance of any kind or character, motorcycle or motor vehicle, and shall also include a horse.  
(c). The term "to park" as herein used, means to stop, stand, remain or occupy a certain position on any portion of the street designated.  
**Section II.**  
Each member of the City police force shall be furnished with a distinctive uniform and a traffic whistle, said uniform to be worn

while on duty, and each member of said police force shall at all times be charged with the duty of enforcing these regulations while on duty.  
**Section III.**  
Drivers of all vehicles at all times must comply with any directions by voice or hand of any member of the police force as to stopping, starting, approaching or departing from any place, the manner of taking up or setting down passengers, the loading or unloading of goods in any place, and the failure to comply with any of such directions upon the part of any driver of any vehicle shall be a violation of this ordinance.  
**Section IV.**  
Police, fire department, emergency repair vehicles of the public service companies, United States mail vehicles and ambulances shall have the right-of-way on any street and through any procession when in the regular course of their proper duty. All vehicles going in an easterly or westerly direction shall have the right of way over all vehicles going in a northerly or southerly direction.  
**Section V.**  
It shall be unlawful for any person to use a siren on any vehicle except those used by the fire or police department or ambulances on emergency calls. The driver of any vehicle upon hearing the siren of any approaching fire or police apparatus or ambulance shall immediately drive said vehicle as near as possible to the right hand curb and bring it to a standstill, and remain stopped until such apparatus or ambulance shall have passed.  
**Section VI.**  
All vehicles must keep as near to the right hand curb as possible at all times. Any vehicle overtaking another and seeking to pass same shall first signal and then pass to the left, and shall not pull over again to the right until entirely clear of the vehicle passed.  
**Section VII.**  
There shall immediately be installed, at the following street intersections, a rubber "Stop" sign, placed in the center of the street on the line of intersection, to-wit:  
(a) The West line of South Lamar at Commerce.  
(b) The South line of West Commerce at Lamar.  
(c) The South line of West Commerce at Seaman.  
(d) The East line of South Seaman at Commerce.  
(e) The East line of North Seaman at Main.  
(f) The North line of East Main, at Seaman.  
(g) The North line of West Main at Lamar.  
(h) The West line of North Lamar at Main.  
(i) The South line of West Commerce at Daugherty.  
(j) The North line of West Commerce at Daugherty.  
(k) The West line of South Seaman at Plummer.  
(l) The South line of East Main at Roswood.  
**Section VIII.**  
All vehicles approaching a "Stop" sign shall come to a full and complete stop before passing such sign. This stop must be within ten feet of the white line marker placed at such intersection. It is not enough to slow down an automobile and change

gears. Every vehicle must come to a complete stop.  
**Section IX.**  
It shall be unlawful for the driver of any vehicle or any other person to deface, molest, damage or maliciously drive over the "Stop" signs herein provided for when installed.  
**Section X.**  
Any person in charge of an automobile or motor vehicle on any street shall drive the same at no speed greater than is reasonable and proper, having regard to the traffic and use of the public street or drive way by others, or so as to endanger the life or limb of any person thereon, and in no event shall any motor vehicle within the city limits be driven at a rate of speed in excess of twenty-five miles per hour.  
**Section XI.**  
Any person in charge of a motor vehicle shall drive the same on no public streets, the brakes and steering mechanism of which vehicle are not in good repair and capable of keeping said vehicle under the absolute control of the driver at all times and at all speeds.  
**Section XII.**  
No person under the age of sixteen years shall operate a motor vehicle within the city limits of Eastland, and it shall be unlawful for the owner of any motor vehicle to permit the same to be driven or operated by any one under the age of sixteen years. The fact that an older person is with the driver does not prevent a violation of this section.  
**Section XIII.**  
No vehicle shall be driven over any street where there is a sign that said street or a part thereof has been closed by the police or the street departments.  
**Section XIV.**  
It shall be unlawful for any vehicle to drive over a fire hose.  
**Section XV.**  
No vehicle shall be parked where there is a police department sign prohibiting parking. All reserved spaces shall be plainly marked with white paint on the curb, and a plain stencilled sign with letters at least four inches tall shall be painted over the white paint, as follows, "No Parking Here," "One Hour Parking Limit," or words of similar import.  
**Section XVI.**  
No vehicle shall be parked abreast of another vehicle.  
**Section XVII.**  
No vehicle shall be parked within ten feet of a fire plug.  
**Section XVIII.**  
No vehicle shall be left parked on the streets of Eastland with its motor running, unless some person capable of driving the same be left in charge thereof.  
**Section XIX.**  
It shall be unlawful to leave any vehicle parked in such a manner as to block or obstruct any public alley, street or sidewalk within the city limits of Eastland.  
**Section XX.**  
All vehicles shall be parked with the right front wheel and the rear right wheel not more than twelve inches from the curb except where there is a sign allowing head-in parking, in which case the front of the vehicle shall be against the curb and the body of the vehicle shall extend at an angle of forty-five degrees from the curb.

**Section XXI.**  
It shall be unlawful for the rider of any bicycle, tricycle or motorcycle, or any person on skates, to hold or hang on to any moving vehicle.  
**Section XXII.**  
It shall be unlawful to throw sticks, nails, broken glass or trash in and upon any street, side walk or alley of the City of Eastland.  
**Section XXIII.**  
Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by fine of not exceeding Two Hundred (\$200.00) Dollars.  
**Section XXIV.**  
This ordinance shall be cumulative with all previous ordinances, except in so far as such previous ordinances or sections thereof shall be in direct conflict with this ordinance, and as to such portions, sections or ordinances which are in direct conflict the same are hereby repealed in so far as such conflict exists.  
**Section XXV.**  
Should any section or part of a section of this ordinance be declared to be invalid by any court of competent jurisdiction, such decision or judgment shall not affect the remaining sections or parts of sections, but the remaining portions, parts or sections shall continue to be in full force and effect.  
**Section XXVI.**  
Whereas, the facts set forth in the preamble to this ordinance are such as to create an emergency to the extent that the rule requiring ordinances to be read at three separate and several meetings of the City Commission should be suspended; said rule is hereby suspended, and this ordinance is placed on its third and final reading and finally passed, and the same shall be in full force and exist from its passage and publication as required by the City Charter, and it is so ordained.  
Passed by unanimous vote on the 6th day of June, A. D. 1928.  
I, E. W. Craig, Clerk of the City of Eastland, Texas, hereby certify that the above and foregoing is a true and correct copy of an ordinance passed by the Commissioners of the City of

### Cowboy Songs On Air Friday Night

SAN ANTONIO, Texas, June 11.—Cowboy songs, in their old, traditional music as preserved by Oscar J. Fox, one of America's well known composers and leader in this folksong specialty, will feature a radio program to be broadcast by Station WOAI on Friday night, June 15, in the interest of the tenth national convention of the American Legion, to be held in San Antonio October 8 to 12.

The broadcasting will be done on a wave length of 280.2 meters and on 1,070 kilocycles between 9 and 10 p. m. (central standard time) on June 15.

The songs to be sung on the Legion program are among those which were presented by Mr. Fox and his singers before the biennial convention of the General Federation of Women's Clubs which has just closed in San Antonio and also before the National Federation of Music Clubs at Chicago and the music teachers' national convention at Rochester, New York.

They include: "A Home on the Range," "The Texas Cowboy's Last Song," "Sam Bass," "Rounded Up in Glory," "Come all ye Jelly Cowboys," "The Old Chisholm Trail," "O Barry Me Not on the Lone Prairie," and "Old Paint."

The songs will be sung in true cowboy style, solo on the verses and the quartet on the choruses. Mr. Fox stated. William (Red) Juby, cowboy tenor, will do the solo work. Other members of the quartet are George Miller, Judson Phelps and Roger Cook. Mr. Fox, who has been for the past three years director of the glee club of the University of Texas, which has featured these songs, will be at the piano.

Two Mexican numbers, "La Paloma" and "La Golondrina" will also be presented.

Mayor C. M. Chambers, of San Antonio, will speak briefly, inviting Legionnaires to their convention. General Claude Birkhead will have a special invitation for the former members of the Thirty-Sixth Division, and Captain Martineau, one for the veterans of the Nineteenth.

CHANNING—Natural gas is to be in use here by next fall.

### OUT OUR WAY

### AIR PASSENGER SERVICE OVER OCEAN PLANNED

Designers of Several Countries Seek Honor of First To Succeed.

LONDON.—Aircraft designers in the United States, Britain and Germany, are engaged in a race for the honor of establishing the first trans-Atlantic passenger service.

Aeronautical experts predict that such a service is a certainty by the end of the present summer.

The United States and Britain intend to rely in dirigibles to achieve their objective, while Germany hopes to inaugurate both a dirigible and flying-boat service.

At Howden, Yorkshire, the Airship Guaranty Company of Britain is rushing the completion of two airships of 5,000,000 cubic feet capacity, to be known as the R100 and the R101. The former will be the first to leave the harbor, and is expected to take the air on its initial trial in mid-August. It is hoped to fly it across to the United States at the beginning of September. On its return journey the designers aim to carry 100 passengers.

Germany is keeping a watchful eye on its English rival. Work is going on night and day at Friedrichshaven where the air liner LZ-127 is rapidly taking shape. Now that Germany, together with Ireland, holds the honor of the first trans-Atlantic airplane flight from East to West, the effort to see that the German flag is the first to be carried triumphantly across the Atlantic on a permanent passenger carrying service increases.

Meanwhile, a flying-boat, designed to carry 25 to 30 passengers, at a speed of 125 miles an hour over a distance of 2,500 miles, is being constructed at the Dornier Wal seaplane works at Altenheim, Switzerland. When completed it will be a veritable giant of the air. Twelve engines, arranged in six tandems of two each, with 12 propellers, developing over 5,000 horse-power, will drive the monster on its course.

This Aquitania of the air will have a motor power double that of the dirigible LZ127. No airplane or seaplane has hitherto had more than four motors.

The hopes of the United States are understood to lie in the all-metal dirigible MC2, with its revolutionary characteristics such as new principles in regard to shape, and a method of control differing radically from previous dirigibles. Its elevators and rudders, which regulate its maneuvers up, down and sideways, instead of being at the rear end, will be in the form of eight fins projecting from the hull about 30 feet forward of the stern. It is expected to develop a speed much greater than anything ever achieved by airships.

Flying enthusiasts here are looking forward eagerly to the result of these preparations in the three countries, and are wondering where the cry will be heard, "All aboard for the Atlantic."

### MUCH LAUGHTER IN "GARDEN OF EDEN"

The original Garden of Eden was a place where sin, sorrow and repining were unknown. But quite possibly, humor was also unknown, since so much of laughter is based on the misfortunes of others. Certainly comedy is far from unknown in Corinne Griffith's production of "The Garden of Eden," which will be shown here for the first time on Tuesday when it opens at the Connelley theatre.

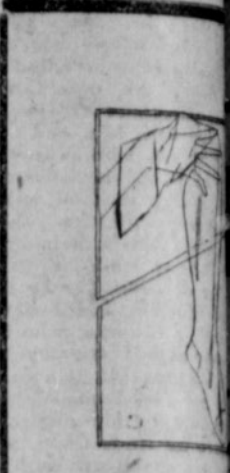

This comedy drama, originally a German stage success by Rudolph Bernauer and Rudolph Osterreicher, was adapted for the star by Hans Kraly, whose adroit handling of fresh situations in Ernst Lubitsch and Constance Talmadge films made his reputation. The story is one of up-to-date society in Monte Carlo, and the experiences of a little unknown singer in "crashing" the social gates. Charles Ray and Louise Dresser head the supporting cast. Lewis Milestone directed.

El Paso Times: A lexicographer says it is incorrect to refer to one man as "a party." We'll know more about that in 1928.

RISEING STAR—A vocational agriculture teacher will be employed here jointly by the chamber of commerce and school board.

hibits count 25 per cent, girls club exhibits 50 per cent and he county exhibit 50 per cent in the scoring.

Eastland county now stands 6th in this contest and the premium money for 6th place is \$500 but is \$1,000 for 5th place and it is determined that we will get into the \$1,000 money with the 1928 exhibit. The expense of the county exhibit at Dallas is borne equally by the various chambers of commerce of the county.

This is to be the third year of this contest.

this blending process meant to them. Their good judgment brought to Houston in 1924 the second of the seven great Cheek-Neal plants. Today dealers are noting a widespread interest in coffee blending. People are eager to know how it is done. Our recent advertising is designed to tell them the story.

In the Cheek-Neal company, the art and science of coffee blending have combined to build a great commercial enterprise. Mr. Neal attributes the national-wide success of Maxwell House to the unique and pleasing quality of its uniformly blended flavor. Maxwell House has become one of the cherished traditions of the South. The story of its creation and popularity reads like a romance.

Years ago, coffee was sold green in bulk. The purchaser roasted it at home for this own use. How little blending was done was carried on unscientifically in the home.

A young southerner, salesman for a wholesale house, began to experiment. He found one coffee excelled in flavor, another in body and others in other qualities. He tried to blend them. Months of effort and at last he perfected a blend—created an entirely new flavor, which immediately won popularity.

Assurance of permanent success came when the Maxwell House of Nashville, after subjecting the blend to a rigid six months' test for uniformity, adopted it for its own tables. And the famous hostelry, symbol of the wealth and culture of the old south, further granted the indorsement of its own name.

Today the popularity of Maxwell House has swept from coast to coast. The rich mellowness of its blended flavor has become the sound basis for great nation-wide achievement.

### Drunkards Said To Be On The Wane

The prohibition regime in the United States has accomplished one of its major purposes, beyond dispute; it has almost eliminated excessive drinking.

There are plenty of people who delight in telling us what a great number of bootleggers there are; how many stills there are; how terrible are the "parties" thrown by the youth of the day; how wet the ordinary convention is, etc., etc., ad infinitum.

Very little of this can be proved of course, but since the average man is in no position to disprove it, the wet viewer-with-alarm considers that he has a clear field, and makes the most of it.

Admitting all that he says, and imagines, however, the fact remains—apparent to all men—that the day of the drunkard has nearly passed . . .

But we do not have to reason our way to our conclusions. We can see them. Where has the town drunkard gone? A few who got their start back before 1920 remain with us. Not many.

Where is the man whose children used to meet him at the door of his place of employment on Saturday afternoon so they could get shoes before he got to the saloon? There used to be a lot of that in Houston. It isn't here now.

Where are the wives who dreaded the home-coming of liquor-besotted husbands, who lived in constant dread under the menace of alcohol, who were dragged about from place to place as alcoholic husbands were able to get jobs which they could hold for only a short time? There are a few left in Houston; not many. Some years ago their names were legion.

Where is the shop force disrupted every Monday morning because of the week-end debauch of some of its members? Where is the old lawyer or doctor drinking himself into his grave? Where is the newspaper office with its ever-present quota of inebriates drinking their way to ruin?

All this has virtually vanished. The great peril of liquor has been removed . . .

If those people who insist on gluing their eyes to the things prohibition has not accomplished would look for a while on these other things that prohibition has accomplished, they could understand better why there are plenty of people to maintain the prohibition regime in the United States.—Houston Chronicle and Herald.

### Fort Worth Elks To Observe "Flag Day"

FORT WORTH—Flag Day, Thursday, June 14, will be observed by the Elks Lodge of Fort Worth with a special service and patriotic hall at 8:30 o'clock at the new home of the club.

The ritualistic services will be conducted by officers of Exalted Ruler Carlton Hines. The principal address will be delivered by Homer Peoples, Jr., who was chosen from the group of boy orators at Central high school who have won distinction during the last year at school by oratorical achievement.

Members of high school R. O. T. C. will serve as escorts for the flag procession during the program. Music and special arrangements for patriotic display will be presented by members of the new Elks' Band. Combined with the flag service celebration open to the public.

The Elks is the only fraternal organization which requires celebration of Flag Day. The purpose of this annual service is to honor the Nation's Flag and celebrate the anniversary exercises, which is held by all lodges throughout the United States.

The program of the services will include a presentation of exact reproductions of all the early flags.

### BAPTIST PASTOR MOVES FROM GORMAN TO DUBLIN

Special to the Telegram.

GORMAN, June 11.—Rev. Mr. Goss, for the last year Baptist pastor here, has resigned his charge. He has accepted a call to the church at Dublin and will enter upon his duties there on the 17th when he will start a two weeks revival meeting. Rev. Goss has made a host of friends in Gorman during his stay in our town and has led the local church to heights of victory. All regret to see him leave so soon but wish him well in the larger church and the greater field of work that he has been chosen to do.

### BIG LAKE—Soft water will be turned into mains of Big Lake in June.

EL DORADO—Ranchmen in this section are co-operating in fly trapping.

### "Yes, Mr. Jones, we have your reservation"

Hot, dusty, tired after a long day at the wheel, it's a grand and glorious feeling to be thus greeted by the hotel clerk in the town at the end of the day's run.

Vacation tours are lots of fun. Good roads, good weather, and the constant urge to keep going on and on.

But good hotel accommodations are also necessary if you want to get the full pleasure out of your tour.

You can easily make sure of these by a long distance telephone call to the hotel in the town where you plan to spend the night. Use station-to-station service. Rates are reasonable.
