Standardized selling and advertising will be employed the moment the store conforms to the Federated Stores of America.

What they term "a stock" and in order to get of the present stock it is necessary for Tate's store to conduct a sale which enables them to meet the requirements, and because of this, a large amount of merchandise bought during the summer will be on sale to the advantage of the people of Eastland and land county who are responsible for the store's present success.

#### Wardlaw Says He Will Stay In Race, Expects To Win

Special to the Telegram. FORT WORTH, June 14.—Started as malicious propaganda with the intention of injuring his chances in the governor's race a rumor to the effect that Louis J. Wardlaw would withdraw as a candidate has been given wide circulation, W. N. Waddell, Wardlaw's campaign manager, announced today.

"The rumor is absolutely without the slightest foundation and was started as an underhanded political 'trick,' he said. "It is ridiculous on its face. #### Brownwood Well Looks Promising

Special to the Telegram. BROWNWOOD, June 14.—The Ranger lime well of Walter Rawlins and Herbert E. Pelton on the Jopling tract, two and one-half miles west of Brownwood, which was shot a few days ago and had been cleaning out, blew out a bridge Tuesday evening and has made several flows of oil since that time.

Three flows were made Wednesday morning, putting 450 barrels of oil into the tank, which had been connected up Tuesday night. These flows are in spite of the fact that there is yet 50 feet of casing in the bottom of the hole, the depth of which is 1,745 feet. The pay in the Ranger well encountered at 1,656 feet and the best production showed to be in the lower part of the formation. Some believe that it is good for above 200 barrels a day. Being in the Ranger lime, it opens a new producing horizon here.

#### GOLDTHWAITE HAS OPERATING RADIO STATION

Eagle Only Weekly In Texas "On the Air" Daily. City Looking Prosperous.

Special to the Telegram. GOLDTHWAITE, June 14.—The only weekly newspaper in the United States owning a broadcasting station is the Goldthwaite Eagle. It is "on the air" from 11:30 a. m. until 1 p. m. and from 8:30 p. m. until 11 p. m. KGKB operates on 1080 kilocycles—280.2 meters—and can be tuned in at around 25 on most radios. Its radius is easily 100 miles in the daytime and twice that distance at night. These figures are very conservative however, as, under favorable conditions, it can be heard for much greater distances. The equipment represent an expenditure of thousands of dollars. It was installed by M. E. Boatman of Rising Star and he will be in charge of operating the station. G. S. Obenhaus, a clever entertainer, is the announcer.

Naturally, the station will be glad to receive messages from listeners. Interesting programs are arranged. Many have visited the studio, which is very attractive. The furnishings are beautiful and the walls are lined with velvet, this being not a luxury but a necessity for broadcasting stations. Goldthwaite, the county capital of Mills county, has one of the finest courthouses in West Texas. It is a prosperous and progressive city and its newspaper is one of the city's biggest assets. The Eagle building and equipment are exceptional and, in installing a broadcasting station, the newspaper has set a pace for publications of the nation.

B. C. Littleton was elected National committeeman, Mrs. Harry Wurzbach, national committeewoman and Captain Jack Elgin of San Antonio, state chairman. #### PARTY PLATFORM INDICATIVE OF COOLIDGE INFLUENCE AND KIND WORDS FOR THE FARMERS

By United Press. KANSAS CITY, June 14.—Herbert Hoover will be the first of the Republican Presidential candidates placed in nomination, when nominating speeches begin this afternoon.

Charles S. Kennamer of Birmingham, Ala., chairman of the Alabama delegation, made arrangements with Hoover's leader to yield to California so that Hoover's nominating speech could be made first.

KANSAS CITY, June 14.—A party platform embodying the Coolidge doctrine of farm relief, international relations and economy was presented to the Republican national convention today.

The presidential campaign document condemned corruption of government officials, and to citizens in both parties promised they would be no deficit in this campaign.

The McNary-Haugen bill theory of farm relief, including the equalization fee, was ignored as a result of the victory over the farm bloc in committee after a sensational battle lasting since Tuesday night.

Agriculture—"The agricultural problem is national in scope and as such is recognized by the Republican party, which pledges its strength and energy to the solution of the same.

"We promise every assistance in the reorganization of the marketing system on sounder and more economical lines and where diversification is needed, government financial assistance during the period of transition.

"The Republican party pledges itself to the enactment of legislation creating a federal farm board vested with the necessary powers to promote the establishment of a farm marketing system of farmer owned and controlled corporation or association to prevent and control surpluses through orderly distribution.

"We favor tariff protection to such agricultural products as are affected by foreign competition."

Honesty in Government—"We deplore the fact that any official has ever fallen from high standards and that American citizens of both parties have so far forgotten their duties as to enter politics for their own gain.

"The Republican party, beginning not later than August 1, 1928, and every 30 days thereafter—the last publication being not later than five days before election—will file a complete account of all contributions the names of the contributors, amount expended and for what purposes, and at all times its books shall be open for inspection.

"The party further pledges that it will not create any deficit which shall exist at the close of the campaign."

Promises were made for promotion of farm marketing legislation, for increased tariff on agricultural products and for farm loans.

All through the 9000 word document, the platform pointed to what the party had done for the farmer. They told how tax reduction had helped him, how inland waterways had been developed for him and how Republican congresses had passed special legislation for him.

KANSAS CITY, June 14.—A minority platform for the Republican party sponsored by Senator Lafayette of Wisconsin, was offered the convention here today.

The minority platform came out strongly for "prompt enactment" of the McNary-Haugen bill and its administration by these in sympathy of its objects.

It favored federal operation of Muscle Shoals, Boulder Dam and other strategic power points, condemned the 20-year naval building program, denounced the leasing of the naval oil reserve and called upon the party to repudiate this transaction in its entirety, declared against use of injunctions against labor and favored liberalization of the Volstead act along the lines proposed by popular referendum in several states, and attacked excessive campaign funds.

#### MINORITY FARM PLANK VOTED INTO DISCARD

Republican Majority Does Not Take Seriously Efforts To Placate Farmers.

United Press. CONVENTION HALL, Kansas City, June 14.—The American farm revolt brought to the floor of the Republican National Convention in an 11th hour grasp for victory was completely routed today when the convention defeated 817 to 267 a minority farm plank offered by supporters of the McNary-Haugen bill.

The vote was the climax of a determined but futile fight which agricultural leaders have waged here the past week before the resolutions committee in attempt at demonstrations before the convention and finally in the convention vote on the substitute farm plank.

Defeat of the McNary-Haugen bill plank, followed warnings and threats by Frank Murphy of Illinois, delegate and farm leader, that if the farmers were dealt another rebuff a split in the republican party might ensue, causing defeat of the presidential nominee next November.

The convention made short work of the plank and then formally put the question on adoption of the full platform. The convention adopted it unanimously, by a vote, although it had been adopted previously.

Amid a din, adjournment was taken until 7 p. m. tonight, when nominations for president will begin. This means that the convention will be held together until a ballot is actually taken.

If you are leading a monotonous, shut-in existence because of that "tired-feeling," due to physical neglect, why not start taking a good tonic? Thousands of women who were run-down, weakened and discouraged have gratefully testified to the help they have received from St. Joseph's G.F.P.

### FEDERATED STORES

#### Announcement:

Several months ago this store became one of several hundred Federated Chain Stores, a great National association of individually owned stores.

Today the Federated Stores is the fastest growing chain in America with headquarters in all principal cities in the United States.

After long weeks of experimenting and research this store has been selected as the official 100% Federated store in this section.

Drastic Changes in Our Operation Must Go Into Effect At Once!

- (1) Modern methods of merchandising are to be instituted.
- (2) Scientific means of stock control—stock management and display must be used.
- (3) Standardized systems of selling and advertising are to be employed the moment we have reduced our present stocks to the FEDERATED standard. Hence our decision to close out every dollar's worth of surplus merchandise within these four walls.

# When A Girl Loves

© 1928 by NEA Service

BY RUTH DEWY GROVES

The dinner was a failure so far as the conversation was concerned. There was talk, of course, but it was not spontaneous, not friendly. Only Clarissa appeared to be pleased, except when Russell looked at Virginia too long and too admiringly.

Afterward no one objected when Virginia said good night and left them to a game of bridge. Russell would have done so but he caught a glance from Clarissa that silenced him.

"Beautiful, isn't she?" Clarissa murmured, addressing Mrs. Farley. "For her type," she replied. "Pity it's so common."

"It's about as common as hen's teeth," Russell remarked ineluctably.

"Oh, well," Clarissa said, backing water now, "of course gray eyes and brown hair aren't rare, Russell."

"Maybe not," Russell admitted; but there's something to Miss Brewster besides hair and eyes; she's got it."

It was now Mrs. Farley's turn to smile at Clarissa's expense. She knew that Dean's daughter wanted her to worry about Virginia Brewster; and in doing so Clarissa had wasted the weapon she used—the girl's beauty—to be pointed directly at herself.

Clarissa threw down the cards. "I can't stand this stupid game any longer," she cried petulantly. "Let's do something."

"How about a club?" Russell contributed.

"I hear the Chez Secret Service has some devilish dancers," Mrs. Farley remarked disinterestedly.

Clarissa glanced at her keenly. "I know what you're after," she thought. "You want us to get out and leave you alone with Dad."

"Care to go out, old boy?" she asked her father.

"I think not. I'm sure you three will have more sport without me," Mrs. Farley looked at him hard. "I'm not up to a club tonight," she

arot from a lacquered box.

"Thank you," Mrs. Farley said and put out a hand. He gave her the cigar, and understood that she knew he was disturbed to the point of forgetting his manners.

He took another cigar for himself but he did not neglect to touch a match to her before lighting his own. This was going to be a game of wits, he realized, and he had lost the first point by letting her see that he was worried.

For half a minute they smoked in silence. He was the first to speak.

"Were there any stakes?" he asked, striving to speak lightly.

"Important ones," she declared instantly. "I thought right along that I had more to win than you had, Frederick, but since meeting Miss Brewster I have reached a different conclusion."

"Menning . . . ?"

"That I am sure you regret the game now. Sweet child, isn't she?" Then with a sudden show of confidence, she added: "You know, I think I can understand how you feel. It must be like drinking at a fountain of youth to possess a girl like Miss Brewster."

"What are you talking about?" he shot at her quickly.

"Don't lose your temper, dear," she warned him sweetly; "though I understand that, too. I felt angry myself earlier in the evening, but I'm wise enough to know that it will do no good. I've decided we can settle the matter amicably."

"I can't see that there's anything to settle," he replied, instantly on guard.

"No." She asked on a singing inflection. "That's unfortunate, for both of us, Frederick, for a scandal would not be any more to my taste than to yours. I can't afford one."

"Scandal!" Dean fairly exploded the word.

### LEGAL NOTICE

#### AN ORDINANCE

An ordinance providing traffic rules and regulations for the operation of vehicles within the corporate limits: Requiring the police force to be uniformed and to enforce such rules; requiring the public to comply with the directions given by the members of the police force; prescribing what vehicles have the right of way; prohibiting the use of sirens; prescribing a speed limit; forbidding the reckless operation of motor vehicles; forbidding the operation of motor vehicles with defective brakes and steering gears; providing for the erection of stop signals; prohibiting the malicious driving over of said signals; requiring all traffic to come to a full stop at said signals; fixing an age limit for drivers of vehicles prohibiting double parking; prohibiting parking in reserved and restricted space; prohibiting the driving over fire hose; prohibiting the driving through blocked or closed street; prohibiting parking near fire plugs; prohibiting the parking of a car with motor left running; prohibiting the obstruction of side walks; defining the manner of parking; prohibiting the holding on to moving vehicles; providing that this ordinance shall be cumulative with all other traffic ordinances except where in direct conflict with the provisions hereof, and providing that in the event of such conflict, that all prior conflicting sections or portions of ordinances shall be and are hereby repealed in so far as such conflict exists; and providing a penalty for violation hereof; and providing that the holding of any portion hereof to be invalid shall not affect the validity of any other portion or provisions; and creating an emergency.

WHEREAS, the constant increase of vehicular and pedestrian traffic in the City of Eastland has made traffic conditions so congested that it has become imperative as a police regulation to protect the life, safety and convenience of its citizens to enact rules and regulations for the operation of vehicles within the corporate limits, according to the terms and provisions of the following ordinances:

Now, therefore, be it ordained by the City Commission of Eastland, Texas:

**Section I.**  
Definitions—Unless it appears from the context that a different meaning is intended, the following words shall have the meaning attached and applied to them by this section:

(a) The term "curb" shall mean the edge of a roadway or street, marked, designated or otherwise commonly understood to be such.

(b) The term "vehicle" shall mean and include any automobile, truck, wagon, cart, buggy or conveyance of any kind or character, motorcycle or motor vehicle, and shall also include a horse.

(c) The term "to park" as herein used, means to stop, stand, remain or occupy a certain position on any portion of the street designated.

**Section II.**  
Each member of the City police force shall be furnished with a distinctive uniform and a traffic whistle, said uniform to be worn

while on duty, and each member of said police force shall at all times be charged with the duty of enforcing these regulations while on duty.

**Section III.**  
Drivers of all vehicles at all times must comply with any directions by voice or hand of any member of the police force as to stopping, starting, approaching or departing from any place, the manner of taking up or setting down passengers, the loading or unloading of goods in any place, and the failure to comply with any of such directions upon the part of any driver of any vehicle shall be a violation of this ordinance.

**Section IV.**  
Police, fire department, emergency repair vehicles of the public service companies, United States mail vehicles and ambulances shall have the right-of-way on any street and through any procession when in the regular course of their proper duty. All vehicles going in an easterly or westerly direction shall have the right of way over all vehicles going in a northerly or southerly direction.

**Section V.**  
It shall be unlawful for any person to use a siren on any vehicle except those used by the fire or police department or ambulances on emergency calls. The driver of any vehicle upon hearing the siren of any approaching fire or police apparatus or ambulance shall immediately drive said vehicle as near as possible to the right hand curb and bring it to a standstill, and remain stopped until such apparatus or ambulance shall have passed.

**Section VI.**  
All vehicles must keep as near to the right hand curb as possible at all times. Any vehicle overtaking another and seeking to pass same shall first signal and then pass to the left, and shall not pull over again to the right until entirely clear of the vehicle passed.

**Section VII.**  
There shall immediately be installed, at the following street intersections, a rubber "Stop" sign, placed in the center of the street on the line of intersection, to-wit:

(a) The West line of South Lamar at Commerce.  
(b) The South line of West Commerce at Lamar.  
(c) The South line of West Commerce at Seaman.  
(d) The East line of South Seaman at Commerce.  
(e) The East line of North Seaman at Main.  
(f) The North line of East Main at Seaman.  
(g) The North line of West Main at Lamar.  
(h) The West line of North Lamar at Main.  
(i) The South line of West Commerce at Daugherty.  
(j) The North line of West Commerce at Daugherty.  
(k) The West line of South Seaman at Plummer.  
(l) The South line of East Main at Roswood.

**Section VIII.**  
All vehicles approaching a "Stop" sign shall come to a full and complete stop before passing such sign. This stop must be within ten feet of the white line marker placed at such intersection. It is not enough to slow down an automobile and change

gears. Every vehicle must come to a complete stop.

**Section IX.**  
It shall be unlawful for the driver of any vehicle or any other person to deface, molest, damage or maliciously drive over the "Stop" signs herein provided for when installed.

**Section X.**  
Any person in charge of an automobile or motor vehicle on any street shall drive the same at no speed greater than is reasonable and proper, having regard to the traffic and use of the public street or drive way by others, or so as to endanger the life or limb of any person thereon, and in no event shall any motor vehicle within the city limits be driven at a rate of speed in excess of twenty-five miles per hour.

**Section XI.**  
Any person in charge of a motor vehicle shall drive the same on no public streets, the brakes and steering mechanism of which vehicle are not in good repair and capable of keeping said vehicle under the absolute control of the driver at all times and at all speeds.

**Section XII.**  
No person under the age of sixteen years shall operate a motor vehicle within the city limits of Eastland, and it shall be unlawful for the owner of any motor vehicle to permit the same to be driven or operated by any one under the age of sixteen years. The fact that an older person is with the driver does not prevent a violation of this section.

**Section XIII.**  
No vehicle shall be driven over any street where there is a sign that said street or a part thereof has been closed by the police or the street departments.

**Section XIV.**  
It shall be unlawful for any vehicle to drive over a fire hose.

**Section XV.**  
No vehicle shall be parked where there is a police department sign prohibiting parking. All reserved spaces shall be plainly marked with white paint on the curb, and a plain stenciled sign with letters at least four inches tall shall be painted over the white paint, as follows, "No Parking Here," "One Hour Parking Limit," or words of similar import.

**Section XVI.**  
No vehicle shall be parked abreast of another vehicle.

**Section XVII.**  
No vehicle shall be parked within ten feet of a fire plug.

**Section XVIII.**  
No vehicle shall be left parked on the streets of Eastland with its motor running, unless some person capable of driving the same be left in charge thereof.

**Section XIX.**  
It shall be unlawful to leave any vehicle parked in such a manner as to block or obstruct any public alley, street or sidewalk within the city limits of Eastland.

**Section XX.**  
All vehicles shall be parked with the right front wheel and the rear right wheel not more than twelve inches from the curb except where there is a sign allowing head-in parking, in which case the front of the vehicle shall be against the curb and the body of the vehicle shall extend at an angle of forty-five degrees from the curb.

**Section XXI.**  
It shall be unlawful for the rider of any bicycle, tricycle or motorcycle, or any person on skates, to hold or hang on to any moving vehicle.

**Section XXII.**  
It shall be unlawful to throw tracks, nails, broken glass or trash in and upon any street, sidewalk or alley of the City of Eastland.

**Section XXIII.**  
Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by fine of not exceeding Two Hundred (\$200.00) Dollars.

**Section XXIV.**  
This ordinance shall be cumulative with all previous ordinances, except in so far as such previous ordinances or sections thereof shall be in direct conflict with this ordinance, and as to such portions, sections or ordinances which are in direct conflict the same are hereby repealed in so far as such conflict exists.

**Section XXV.**  
Should any section or part of a section of this ordinance be declared to be invalid by any court of competent jurisdiction, such decision or judgment shall not affect the remaining sections or parts of sections, but the remaining portions, parts or sections shall continue to be in full force and effect.

**Section XXVI.**  
Whereas, the facts set forth in the preamble to this ordinance are such as to create an emergency to the extent that the rule requiring ordinances to be read at three separate and several meetings of the City Commission should be suspended; said rule is hereby suspended, and this ordinance is placed on its third and final reading and finally passed, and the same shall be in full force and exist from its passage and publication as required by the City Charter, and it is so ordained.

Passed by unanimous vote on the 6th day of June, A. D. 1928. I, E. W. Craig, Clerk of the City of Eastland, Texas, hereby certify that the above and foregoing is a true and correct copy of an ordinance passed by the Commissioners of the City of

Eastland on the 6th day of June, A. D. 1928. (Seal) E. W. Craig, Clerk

June 7, 8, 10, 11, 12, 17, 18.

Sportsmatter

By FRANK GETTY United Press Sports Editor As William T. Tilden and his young Davis Cup play-mates draw near to European shores, speculation arises as to the opponents they must defeat in the inter-zone final matches before facing the French in the challenge round at Paris.

While the American team was romping through a series of matches against Mexico, Crina and Japan, play in the European zone was producing some bitter struggles. The Australians were knocked out in the first round by the Italians and there was keen competition all around them the tennis playing nations of the Old World ever put on in their quest for the famous trophy.

At the moment, it appears likely that the Italians will survive the remaining European eliminations and meet the Americans in the inter-zone finals. Baron Italy's Ace, Baron Di Morpurgo, ranking star of Italy, who was under suspension by the Italian Lawn Tennis association, was restored to good standing this spring.

For companions on the Italian Davis Cup team, the baron has Guglielmo de Stefani and Pietro Gaslini, who are ranked equally in second place in Italy. Gaslini is Di Morpurgo's partner in the doubles, while De Stefani plays No. 2 in the singles.

The trio comprises not only by far the strongest tennis team Italy ever has produced but one which is quite likely to upset the best laid plans of W. T. Tilden for facing the French in July. None of the Italians can hold his own with "Big Bill," but it was demonstrated at Germantown last year that the tall Philadelphia no longer can win a Davis Cup tie single handed.

What, then, of Tilden's assistants? Francis T. Hunter of New Rochelle, who will join the American team in Europe, may be selected by "Big Bill" as a doubles partner again. Tilden and Hunter beat the French pair, Jean Borotra and Jacques Brugnon in the challenge round last fall, only to have France win the cup by taking both singles matches on the final day.

Then there are two singles matches in which "Big Bill" cannot take part. Who is to represent the United States in these matches? Hunter, Johnny Hennessey or George Lott? The first named failed at Paris recently; the others are without experience in international play. "Junior"

Honor Man

Looks every inch a military man, doesn't he? Officials of the U. S. Naval Academy at Annapolis thought so when they named him honor man of the 1928 graduating class. He is Charles R. Watts, of Zanesville, O.

Coen is hardly of an age to face the bold, bad baron of Italy and the latter's side-kick De Stefani. If the Americans can get past the Italians in the inter-zone finals, there is no reason why they should not stand a fair chance of bringing the Davis Cup back to the United States. If they cannot beat Baron Di Morpurgo and his team-mates the question of Franco-American supremacy will not arise.
