National Cattleman Association elects president

Nearly 5,000 cattlemen from across the nation converged upon San Antonio last week for the National Cattleman Association's annual meeting.

The inclement weather didn't dampen any spirits, although it did disappoint those from the north who had looked forward to balmy weather after their hard winter.

The four day convention was full of seminars, committee meetings and social activities.

Highlighting the general session was an address by keynote Lyn Nofziger, special assistant to President Reagan during the first year of this administration. Nofziger told the cattlemen that even tho Reagan plans to make a run for a second term, his political philosophy will remain the same and he is convinced the economic policy will work. As a columnist and political consultant, Nofziger thinks Reaganomics if far more popular than the media would have us believe.

The general business meeting was held Wednesday. President J. W. Swan turned his gavel over to president elect Sam Washburn. Mr. Washburn, who served as first vice president in 1981, is a grain and cattle farmer from Fowler Indiana.

Named as 1st vice-president of the N.C.A. for 1982 was Dub Waldrip. Dr. Waldrip lives in Lubbock, Texas and is general manager of the Spade ranches in Texas and New Mexico as well as leased property in Borden County.

A native of Wichita Falls, Dr. Waldrip received his Ph D degree from Texas A & M in 1961.

C.A.L.F.

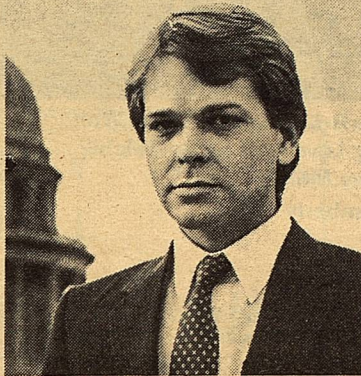

A high light of the dance held on Wednesday night in the Convention Center was the drawing for a \$30,000 bronze by John Free

Cattlemans Action Legislative Fund (C.A.L.F.) is the Political Action Committee of the N.C.A. chaired by Albert Mitchell of New Mexico. This originization sold over \$24,000 worth of chances on the bronze during the convention. The winning ticket was sold by Rich Anderson to Mrs. J. J. Gibson of the 666 ranch at Guthrie.

Barbara and Rich Anderson sold 150 chances for this benefit. Mrs. Anderson was awarded three unminted 1887 silver dollar pieces for their efforts. The prize was donated by C.A.L.F. coordinator of Nevada, Mrs. Florence Peavy. Presenting the award to Mrs. Anderson were Mr. Mitchell and outgoing N.C.A. president Bill Swan.

Mr. Anderson had been cited earlier at the General Session for having doubled the C.A.L.F. goal for his district including Texas, Oklahoma, and Arkansas. Fourteen thousand dollars not only exceeded the \$7,000 projected but topped all other districts.

Attending the convention from Borden County were Mr. and Mrs. Aubry Stokes, Mr. and Mrs. John Anderson and Mr. and Mrs. Rich Anderson.

Rep. Larry Don Shaw

Larry Don Shaw files for new district

State Rep. Larry Don Shaw (D-Big Spring) announces his candidacy for reelection to the Texas House of Representatives from the 69th District drawn by the State Redistricting Board last fall.

Shaw, who earned statewide attention a year ago with the passage of a landmark bill to aid Texas Vietnam veterans suffering the effects of exposure to the chemical defoliant Agent Orange, said, "Two years ago, I pledged to the people of the 63rd District that, as their representative in Austin, I would work hard and answer only to

them-that I would remain independent-that my door would be open to everyone but that I was committed to serving the people who elected me and not the powerful special interests.

"I believe I won the respect of my colleagues," Shaw continued, "and I know of no other freshman member whose name was on more bills passed by the 67th Legislature."

Unless it is redrawn by a three-judge federal panel in the next few weeks, the few 69th District will stretch from north of Big Spring to the Rio Grande and the El Paso County line, containing Borden, Crane, Ulberson, Glasscock, Howard, Hudspeth, Jeff Davis, Loving, Reagan, Reeves, Upton, Ward and Winkler Counties.

"I expect to base my campaign on the issues and on my record in the 67th Legislature. And I make the same pledge to the people of the new 69th Legislative District that I made in my last campaign: I'll work hard for you, and I'll seek your advice, and as long as I'm your representative, you'll know that your voice in the Texas House of Representatives is speaking up for you and that your vote in the Legislature is not for sale at any price.

"I'm asking for another two-year contract," Shaw concluded.

Mrs. Murphy dies

Scurry county and the surrounding area lost a prominent citizen last week.

Mrs. Frieda Elvina Murphy, of Knapp, died last week in Cogdell Memorial Hospital, Snyder.

A native of Lockhart, Mrs. Murphy had been a resident of Scurry County most of her life.

Mrs. Murphy was well known for her warm hospitality and vitality. She spent many hours working for the betterment of her community in church work as well as local, state and federal government policies.

Funeral service was held at 2 p.m. Saturday in the Bell-Seale Funeral Home Chapel.

The Rev. Steve Peace, pastor of Knapp Baptist Church, and the Rev. C. J. Smith, retired Baptist minister, officiated. Burial was in the Ira Cemetery, under direction of Bell-Seale Funeral Home.

Ed Murphy preceeded his wife in death in 1957.

Surviving are three sons, Brent Murphy of Ira, Bruce Murphy of Melrose, N.M., and Glyn Ed Murphy of Breckenridge; a sister, Mrs. J. E. Sorrells of Knapp; seven grandchildren and three great-grandchildren.

COYOTES LOSE AT CHARITY LINE

Despite outscoring the Dawson Dragons by 2 field goals, the Borden Coyote boys lost a 39-34 decision in Welch last Tuesday night. The Coyotes made 2 of their 3 free throw attempts, but saw the Dragons connect on 11 of 22. The game was close all the way with the Coyotes trailing 29-22 going into the final stanza. Jym Rinehart scored 8 of his game high 14 points in the last quarter as the Coyotes closed the gap to 34-36 with just under a minute to play.

The Coyote rally ended there though as the Dragons converted on 3 more free throws and ran out the clock.

Jeff Martin scored 8 points and pulled down 9 rebounds to add to the Coyote cause. Doug Love scored 6 points, Kevin Telchik 4, and Keith Williams 2.

The Coyotes play Loop at home on February 5 and then travel to Grady on February 9.

BANDS PERFORM FOR PARENTS CLUB

The fifth Grade Beginner Band and Junior Band performed for parents Club last week.

Percussion-Sammy Harris, Monty Floyd

GIRLS WIN AT DAWSON DESPITE ODDS

Most coach stress that if you don't miss any free throws, you can win, and that held true against Dawson Tuesday night as Borden County took a 40-32 win in a game closer than the score indicated. But then again, before you can miss any, you have to shoot some and the Lady Coyotes never stepped up to the line! They did connect on 20 field goals to counteract Dawson's 10 field goals and 12 of 24 free throw attempts. Teresa Wimberly and Kelly

Williams hit 10 points apiece followed by Roxie Wolf with 8, Lisa Smith 6, Gena McLeroy 4, and Stephanie Herring had 2. Season record for the Lady

Coyotes is now 16-8 and overall district record is 7-3, 2-1 in second half of play. Friday's game with Loop was postponed due to weather and is rescheduled for Saturday, February 13, at 2:00 in the afternoon.

PEE WEE BASKETBALL GAME

Friday, February 12 at 3:30 there will be a Pee Wee Basketball Game featuring the 3rd, 4th and 5th grades.

FHA BAKE SALE

The Gail FHA will be having a bake sale, Friday February 12 during the Pee Wee and High School basketball games. Please come by our booth and support your local FHA.

Makeup game with Loop will be held at 2:00 p.m. on Saturday, February 13.

Columbus Citizen-Journal
Columbus, Ohio, Jan. 19, 1982

"January 13, 1982 may go down in history as the day members of congress ceased to represent the people and emerged as a privileged ruling class.

On that day, the Internal Revenue Service, forced to do so by an act of Congress, issued rules that will allow senators and representatives to avoid paying federal income tax on their \$60,000 salaries.

The rules will permit congressmen to deduct at least \$21,000 in expenses from income taxes. They can take special writeoffs for living expenses in Washington. They do not have to itemize or prove the expenses and can take them even for days they are out of Washington.

In addition, members of Congress can deduct much of the cost of their travel outside Washington.

Together with deductions available to all taxpayers, the new rules will nearly eliminate income taxes on congressional salaries.

To compound their felony, congressmen made their loophole retroactive so they will be spared the inconvenience of paying taxes on their 1981 earnings.

Congress' tax exemption, which was slipped through

in the closing days of the last session, is unfair and outrageous. Moreover, it is sure to lead to bad legislation and careless government.

If a man is personally liable for income tax, he is more likely to buy re-election by voting benefits to special groups and then raise taxes to pay for his generosity. That is a formula for ever-growing government.

The latest tax dodge is not Congress' sole greedy trick. It also exempted itself from Social Security taxes, preferring a gold-plated retirement system of its own. (They shouldn't be there long enough to warrant retirement benefits!)

That congressmen are immune to Social Security taxes helps explain why they blandly increase benefits and the taxes to cover them. As a result, Social Security taxes have become the heaviest load on the backs of low-income workers.

From all this it is obvious that members of Congress see themselves as lords who are too noble to pay taxes, that being the duty of mere voters. It is time we peasants wised up and got rid of those who deign to rule us but refuse to share our burdens."

I wouldn't have said it as nicely!!--!!

University Day Held At Tech

University Day offering a taste of college academic and social life for prospective freshmen, will be Feb. 26 at Texas Tech University.

Registration for the day of free activities will begin at 8 a.m. in the University Center. After a 9 a.m. general assembly and welcome, students will participate in advisement programs on career possibilities, potential majors and Texas Tech academic requirements.

After lunch students will have a chance to tour the campus and meet with counselors. There will be various booths set up in the University Center Ballroom by student organizations and academic units.

Ample time is allowed for students to look around campus and to talk with Texas Tech students, faculty and staff.

Concluding the day's events will be a swimming and dancing party at the Texas Tech Aquatic Center.

For further information about University Day, contact the Office of New Student Relations, 742-1480.

Former Student Makes Deans List

T. D. Friedell Dean of West Texas State University. Announced that Tammy Telchik, former student of Borden High School was named to the Dean's Honor Roll for the fall of 1981. This award is based on outstanding academic achievement.

Students Named to the Dean's Roll must have completed 12 semester credit hours. With an overall grade point average of 3.25 to 3.84. Tammy is entering W.T.S.U.'s spring semester as a sophomore.

Tammy was honored with three scholarships. She was awarded the Don and Sybil Harrington scholarship which is based on academic excellence in high school, the President's scholarship also based on academic excellence, and the Residence Hall scholarship based on leadership in High School.

TIPS FOR USING VINEGAR FOR HOUSEHOLD CHORES

How many of you like to do general household cleaning chores? Unlike the good old days, we now look to the more convenient, most economical ways to clean our hearths and homes.

Vinegar is the featured helper for many all-purpose household cleaning chores. Compared to many other cleaning products, containing ammonia, lye and other harsh chemicals, vinegar is non-toxic, non-abrasive and fresh scented.

Of course, everyone has heard of using vinegar to clean the automatic drip coffee maker. It keeps them perking by dissolving lime deposits that build up with constant use of hard water. Simply fill the reservoir with vinegar and run through the brew cycle.

An age old method for cleaning windows is to mix equal parts of vinegar and water. Clean windows with a fresh, lint free cloth, sponge, or paper towel. Dry immediately with a soft dry cloth, damp chamois or rubber blade wiper. This is great for cleaning mirrors, TV screens and car windshields, too!!

To clean chrome, stainless steel and many enamel kitchen appliances, sponge clean with full-strength vinegar. Wipe with dampened cloth and buff to a lustrous shine.

Did you ever think of using vinegar to unclog a drain? Here are two ways to do it. No. 1-boil a cup of vinegar and pour into drain. Cover drain tightly for a few

minutes. Flush with cold water. No. 2-pour a handful of baking soda into drain and add 1/2 cup vinegar. Cover drain for several minutes, then flush with cold water.

For really shiny hair, after shampooing, rinse with a few tablespoons of vinegar. It cuts the soapy, filmy residue that can prevent your hair from having a sparkling-clean shine. Add 1 cup vinegar to washer during the rinse cycle. Vinegar cuts through soapy residue and leaves laundry clean and fresh smelling. Full strength vinegar added to the washer is also noted for its ability to break down uric acid in baby's diapers as well as perspiration stains.

Valentines Day February 14

Parents Club News

The Borden County Parents Club held their February meeting Thursday, February 4, in the B.H.S. Auditorium. The fifth and sixth grade band presented the program, which was enjoyed by everyone present.

Following the program, a room count was taken and the club held a brief discussion concerning future projects including the FFA-FHA banquet.

The next meeting will be held Thursday, March 4. All interested parents are urged to attend.

Courthouse Closed Monday

The Borden County Courthouse will be closed Monday, February 15 in observance of Washington's birthday.

Your County Agent Says

by Alan Day

TEXAS TO CONTINUE TWO AREA BRUCELLOSIS PROGRAM

Faced with several changes which will affect Texas this year in the federal brucellosis eradication program, commissioners of the Texas Animal Health Commission have taken action which will allow Texas to continue its two area brucellosis program.

Members of the Texas Animal Health Commission requested the U. S. Department of Agriculture to reclassify the present brucellosis control areas of the state.

Based on this action, the present Class A control are generally the western half of the state-would become Class B area. The present Class B control area generally the eastern half of the state would become Class C when the recommended changes in the Uniform Methods and Rules (UM&R) take place.

The new federal regulations are expected to be in place in early February. Even then, however, it will take

additional time to fully implement them.

Until the new regulations are in effect, Texas producers should continue to operate under the present Texas brucellosis program.

The proposed Class B area would include 140 counties, as recommended by Commissioners. Additionally, the proposed Class C area would include 114 counties.

Changes in the rules of the federal brucellosis program were recommended by the U.S. Animal Health Association, which has responsibility for making recommendations to the Secretary of Agriculture in regard to UM&R.

The classification categories are based on the number or percentage of infected herds-not individual animals-in the state.

States with a zero percent infection rate would receive a free classification status, where no tests would be required for shipment within a state or area, but certificates would be required for shipment between states or areas.

To obtain Class A status,

individual states could not exceed a 0.25 percent infection rate. No tests would be required for shipment within an area or state, but one would be required before movement between states or areas.

Class B status, obtained by any state with less than 1.5 percent but more than 0.25 percent infection rate, would require one test before shipment within an area or state, and one before and one after shipment between states or areas.

Class C status, for all states and areas with greater than 1.5 percent infection rate, would require one test before movement within states or areas for vaccinated and non-vaccinated. For shipment between areas and states for vaccinated animals, one test would be required before movement and one after movement.

Non-vaccinated would require two tests before movement and one after movement.

In all classifications, animals that would be exempt from the testing requirements include steers and spayed heifers, official calfhood vaccinated of dairy breeds under 20 months of age or beef cattle under 24 months of age; and non-vaccinated cattle under 18 months of age, unless six months or more pregnant.

Modern "Mountain Men" Gather at Wills Crook

On January 29th and 30th approximately 55 to 60 fur trappers and traders gathered for a rendezvous in the early 1800's tradition. They met at "Wills Crook" on the Double Mountain Fork of the Brazos River, 5 miles west of Justiceburg, to sell their winter catch of furs.

The mountain men spent the week-end shooting their black powder rifles, and throwing their knives and tomahawks in contests with one another. They enjoyed trading and many of the

trade goods exchanged hands 6 or 7 times before someone took them home.

The rain, snow, and sleet did not dampen their spirits, for they spent the nights in tent or teepee. On Sunday afternoon they packed their plunder and returned to the 1980's.

Gathering around the campfire after Sunday morning breakfast, Ben Miller, Joe and Joy Poston, Ray Don Underwood, to mention a few. Tony Issaac, not pictured help to prepare the mountain men feast.

Ben Miller and Joe Poston take time for a picture after a big gun trade.

OBITUARY

William Goswick

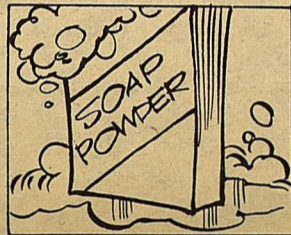

Services for William H. Goswick, 82, of Jayton and formerly of Snyder were held at 2 p.m. Monday in the Bell-Seale Funeral Home with the Rev. C. L. Wood of Snyder officiating.

Burial was in Jayton Cemetery under direction of Bell-Seale Funeral Home.

Goswick died at 1:10 p.m. Saturday in the Stonewall Hospital in Aspermont after an illness.

He was born in Springtown and was a retired stockman. He married Ganal Mae Buttrell May 20, 1946, in Big Spring.

Survivors include his wife; three daughters, Pearl Johnson of Snyder, Delores Davis of Palenstine and Sue Beeson of Deberry; four sons, Howard of Jayton, M. C. of Elysian Fields, Ernest of Tatum, Texas and Jerry of Westmoreland, Calif.; 27 grandchildren; including Jessie Johnson of Gail, 43 great-grandchildren; and three great great grandchildren.

The first soap powder was introduced by Benjamin T. Babbit around 1844 - he called it "Babbit's Best Soap."

NO MORE TRAVEL TROUBLE

Slip through 14-foot gates with the horizontal-fold 1610 Chisel Plow

When you decide to buy a new chisel plow, there's good reason to rely on John Deere. The 1610 Chisel Plows offer plenty of muscle, clearance and choice of working widths.

Transport the horizontal-fold John Deere 1610 Chisel Plow with speed and ease. Ranging from 19 to 27 feet in working widths, this chisel folds from the tractor seat to clear 14-foot gates.

Adjust depth on the go for uniform work, even when soil or terrain changes. Walk-Over™ wheels help keep the frame level to minimize gouging by shanks.

by Jerry Stone

COTTON PRODUCERS TO RECEIVE DEFICIENCY PAYMENTS

Eligible upland cotton farmers soon will receive deficiency payments on their 1981 crop. Deficiency payments are required under the 1981 upland cotton program because the average market price received by farmers during the 1981 calendar year was below the established target price of 70.87 cents per pound.

The 1981 national weighted average market price for upland cotton was 63.2 cents per pound; therefore, eligible producers will be paid 7.67 cents per pound for their 1981 crop.

Political Calendar

The Borden Star is authorized to announce the following candidates for political office weekly, subject to action of the Party Primaries on May 1, 1982. (Paid political advertising by candidates listed below.)

- FOR COUNTY JUDGE
Van L. York (D)
Mrs. Pat Porter (D)
Jessie Johnson (D)
- FOR CO. & DIST. CLERK
Dorothy Browne (D)
- FOR COUNTY TREASURER
Don Cox (D)
Melissa "Lisa" Ludecke (D)
- FOR JUSTICE OF THE PEACE

- FOR STATE SENATOR 28th DISTRICT
E. L. Short (D)
- U.S. CONGRESSMAN 17th DISTRICT
Charles Stenholm (D)
- FOR STATE REPRESENTATIVE 69th DISTRICT
Larry Don Shaw (D)
- FOR STATE COMPTROLLER
Raymond Frank (R)

Deficiency payments will be based on 1981 cotton planted acreage times the payment yield for each farm as determined by ASCS.

The 1981 upland cotton crop totaled about 15.6 million bales or 7,509 million pounds. Deficiency payments will be made to upland cotton farmers who reported their 1981 crop acreage and filed an application for payment with their local ASCS office. The payment checks will be issued through local ASCS offices as soon as possible.

The final 1981 upland cotton national program acreage is 12.8 million acres and represents the number of acres of a crop needed to meet estimated demand and assure desirable carryover levels.

The allocation factor for upland cotton is 93 percent and is computed by dividing the national program acreage for a crop by the estimated harvested acreage. Payments to producers who increased their 1981 planted acreage from the previous year will be reduced to reflect the allocation factor.

CCC LOAN INTEREST RATE INCREASED

Commodity and farm storage facility loans disbursed in February, for the Commodity Credit Corporation, will have a 14 percent interest rate. Wye new rate, up from 12.25 percent, reflects the interest rate charged CCC by the U.S. Treasury in February.

COTTON ACREAGE REDUCTION ANNOUNCED

Secretary of Agriculture John R. Block has announced a 15 percent acreage reduction program for 1982-crop upland cotton. The reduced acreage must be devoted to conservation uses. Participation is voluntary, but producers must take part to be eligible for target price protection and Commodity Credit Corporation loans.

The 1982 target price is 71 cents per pound and the loan rate 57.08 cents per pound. The CCC loan rate applies to strict low middling upland cotton 1-16 inch, 3.5 through 4.9 micronaire, at average U.S. location.

When an acreage reduction program is in effect, legislation provides that the national program acreage, the allocation factor and the voluntary reduction provisions are not applicable.

U.S. cotton production was 15.5 million bales in 1981, the largest production since 1953, compared to 11.0 million bales in 1980. Carryover into the next marketing year is expected to more than double. Carry in last Aug. 1 was 2.6 million bales. The Aug. 1, 1982 carryin is predicted to be 5.4 million bales.

Participating farmers must reduce their 1982 acreage of upland cotton by at least 15 percent from their established cotton acreage base. Generally, the base will be the higher of the 1981 cotton acreage or the average of the 1980-81 cotton acreages.

For example, a farmer with an acreage base of 100 acres must plant no more than 85 acres of cotton for 1982 harvest, for program eligibility. The 15 acres reduced (17.65 percent of 85 acres) must be devoted to a conservation use. Farmers planting fewer than the permitted 85 acres to cotton would be allowed to devote fewer acres to conservation. If only 50 acres were planted, only 8.8 acres (17.65 percent of 50) would have to go to conservation.

The land taken from production and devoted to conservation uses must be eligible cropland, protected from wind and water erosion, and may not be mechanically harvested. Farmers will be permitted to graze this acreage, except during the six principal growing months.

Neither offsetting compliance nor cross compliance is a requirement under this program. This means that farmers owning or operating more than one farm will not be required to participate on all farms in order to obtain program benefits on participating farms. Also, participation in the upland cotton program is not required to qualify for program benefits on other crops grown on the farm.

The extra long staple cotton loan rate for 1982 is 99.89 cents per pound, which is 175 percent of the 1982 upland cotton loan rate.

A recourse upland and extra long staple seed cotton loan program will again be offered in 1982. Recourse means the borrower is obligated to pay back the full dollar amount of the loan.

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, religion, sex, or National origin.

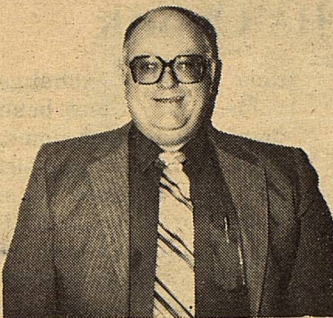

Happy Valentines
