Serving the Counties of Borden, Dawson, Garza, Howard, Lynn & Scurry

Official Memorandum
By
WILLIAM P. CLEMENTS, JR.
Governor of Texas

Hundreds of lives in our State are saved each year by emergency medical services (EMS) personnel.

Emergency physicians, nurses, emergency medical technicians and paramedics in Texas are highly-trained to assure that more lives are saved every day.

EMS personnel throughout Texas are specialists trained to handle life-or limb-threatening illnesses and injuries requiring immediate attention and must be available 24 hours a day, seven days a week, to all who may need medical care, both in the emergency department and in the field.

In addition to their treatment of ill and injured patients, EMS personnel have conducted research to advance such areas as trauma, burn, cardiac and pediatric emergency care. They also have been important in efforts to educate the public about injury and illness prevention by emphasizing the dangers of drunk driving and the need for seat belts, child restraints and motorcycle helmets.

We, as Texans, should commend all EMS personnel in our State--those who staff ambulances and helicopters, physicians who provide medical control and the physicians and nurses in emergency departments whose daily efforts are devoted to emergency medicine. We all depend on their skills and dedication.

"Emergency Medical Services Week" is being held to educate Texans about emergency medicine.

Therefore, I, William P. Clements, Jr., Governor of Texas, do hereby designate the week of September 20 through 26, 1987, as:

EMERGENCY MEDICAL SERVICES WEEK

in Texas and urge appropriate recognition thereof.

Contest Winners Of The Washington Youth Tour

D'Lynn Lloyd & Teri Morgeson

In January of this year, D'Lyn Lloyd and Teri Morgeson were named winners of Midwest Electric Cooperative's Rural Electric Youth Tour to Washington, D.C. The annual youth tour is sponsored by many Rural Electric Systems in Texas and across the nations to afford local youths an oppor-

tunity to see their government in action. Teri and D'Lyn were among the 60 contest winners from across Texas that participated in the tour to Washington, D.C. in June.

D'Lyn is the daughter of Mr. and Mrs. Weldon Lloyd of Fluvanna, and attends Borden County High

School. Teri is the daughter of Mr. and Mrs. Gayle Morgeson of Roby and attends Roby High School.

In addition to seeing the U.S. House of Representatives and Senate in session, they also enjoyed a personal visit with Representative Charles Stenholm. The high-light among the many historic places that they visited was the Smithsonian Institute.

LOCAL KIDS AND PARENTS IN LITTLE LEAGUE

The Fluvanna Little League handed out awards and trophies recently as it concluded its season last month.

First place winners were the Terminators with a 6-2 record. Second went to the Hawks at 4-4 while the Buffaloes were third with a 2-6 mark.

Special awards were given to the board of directors, officers, umpires and scorekeepers. Most valuable, most improved and sportsmanship awards were handed out to respective winners.

TERMINATORS: Most Valuable-Sky Jones; Most Improved-Kevin Wilson; Sportsmanship-Richard Canas.

HAWKS: Most Valuable-Bronc Collier; Most

COYOTES LOSE TOUGH GAME

The Borden County Coyotes lost their first game of the season. The Coyotes played a tough aggressive game, but the Sands Mustangs were too much for the Coyotes in that game (there's one more that really counts). The game was highlighted by the running games for both teams. The Mustangs were led by Jay Fryar who had 227 yards on 23 carries for a 9.8 yards per carry. Shannon Bond led the Coyotes with 196 on 21 carries for 9.3 yards per carry.

The Mustangs scored first to take a 6-0 first quarter lead. The Coyotes scored with 6:23 remaining in the 2nd. quarter on a 13 yard pass from Brian Bond to Kerry Fryar. The PAT was blocked so the score remained 6-6.

The score didn't stay tied very long as Jay Fryar took the ball on the next play from scrimmage and raced 64 yards for a touchdown. The PAT was good, and the score was 14-6 with 6:14 remaining in the second quarter. The Coyotes could not get

their offense going and were forced to punt after 5 plays.

The Mustangs moved the ball into the end zone for another quick score in 7 plays. The PAT was blocked but the score moved the Mustangs ahead 20-6 with only 0:57 left in the first half.

After a 14 yard kick-off return by Jimmy Rios, the Coyotes took over on their 25 yard line. Jimmy carried the ball on the next play and gained 5 yards. On the next play, the snap from center was mishandled and Brian Bond was forced to fall on the ball on the 28 yard line. Things looked bad for the Coyotes, but on the next play Shannon Bond took the ball to the right, faked a pass, reversed his field and ran through a couple tacklers to score with no time on the clock. The half time score was 20-12.

Sands opened the 3rd. quarter with a 5 play 76 yard drive to score again. The PAT was good to push the score to 28-12.

The Coyotes moved the ball to the Mustangs 26 yard line before they turned the ball over on downs.

The Mustangs took the ball and marched down the field, but the Coyotes two biggest plays ended and started on their own 1 yard line. With a 4th. down and 1 yard to score, the Coyotes bristled their backs and held the Mustangs out of the end zone. On that play, the Mustangs ran a power play up the middle, and the Coyotes middle line-backer Shannon Bond, met Sands Jay Fryar about a yard deep in the Mustangs backfield. Shannon's hit knocked Jay's feet out from under him as he fell forward, only to be pounced upon by several Coyotes.

The Coyotes last score came on the next play from their 1 yard. The Coyotes ran a power play behind Kerry Fryar. Shannon Bond was hit

hard at the line of scrimmage, but he bounced off to the left and ran through the arms of another as he raced 79 yards for a touchdown. The PAT was no good, and the score was 28-18.

The Mustangs scored again in the 3rd. quarter to push the score to 34-18.

Neither team managed to score in the final quarter. The Coyotes were stopped by two interceptions.

Patrick Herridge gained 12 tough yards on 5 carries for the Coyotes. Jimmy Rios had a little tougher time rushing, as he had 0 yards on 4 carries. Kerry Fryar led the passing attack with 38 yards on 3 catches. With 1 for a touchdown. Will Phinizy had 34 yards on 2 catches for 12 yards. Brian Bond passes 13 times and completed 6.

The Coyotes defense was led by Will Phinizy who had 16 tackles, 6 of which were unassisted.

One tackle resulted in a fumble, but unfortunately for the Coyotes the ball went out of bounds.

Patrick Herridge also had a good defensive game with 9 tackles, 2 fumble recoveries, and a blocked extra point kick. Brian Bond had 9 tackles also. Shannon Bond had 8 tackles. Marc Latimer also had 8 tackles. Jimmy Rios and Kerry Fryar had 7 tackles each. Ray Martinez and Harold Barnes had 3 tackles a piece. Robert Buchanan had 2 tackles and four good kickoffs. Shannon

Bond punted 4 times, for a 46 yard average.

The game was a very physical game, but the Coyotes fought back after every score against them. The boys on the sideline (Cole Vestal, Paul Sturdivant, Shane Kemper, and Eric Lusk) encouraged the players on the field to play harder. James Smith the center did not have any catches, but he worked hard to make running room for the backs.

The Coyotes next game will be at home against Loraine.

GAIL BAPTIST HAPPENINGS

"YOUTH TO CARMEN CONCERT"

The Youth Group of the First Baptist Church of Gail is planning to attend a Christian Music Concert featuring CARMEN, which will be in Midland's Chapparral Center on Thursday night, September 17, 1987.

All people in and between 6th-12th grades are invited to go.

CARMEN in popular contemporary Christian artist. His records and tapes are among Christ-

ian bookstores best sellers. His concerts have a good balance of Spiritual education, fun, originality and excitement.

We will leave Gail from the Baptist Church. The time will be announced later. For more information call Blane & Donna Dyess at (915) 856-4424 or Mike and Susan Stephens at (915) 399-4511.

Admission to the concert is free, but a Love offering will be taken. Kids may need to bring spending money for the concession stand. Also, there will be caps, T-shirts, records and tapes available for sale.

Those "intertested in going to the concert must call the Dyess' or Stephens by 10 P.M. Tuesday, September 15th for transportation will be provided by First Baptist Church.

So Kids! Make plans to come and your friends are welcome, too! We expect to have a great time! Being on a school nite, we will leave for home immediately after the concert is over.

"In everything, do to others what you would have them do to you..."
Matthew 7:12

AERIAL MEASUREMENT SERVICE

The airplane is ready but the weather just isn't cooperating. Keep in mind that you will be notified when we have completed your measurement service request and then you have 5 days to make any necessary adjustments and come to the County Office to certify. If you are planning an extended vacation, please contact the County Office so that we can work with you. YOU MUST CERTIFY YOUR MEASURED ACRES.

The tolerance of ACR if you requested the measurement service is ZERO. If measured acres reflect less than your required ACR, you must give us the required.

The tolerance for program crops is the larger of the following: 1 acre or 5% of the reported not to exceed 50 acres.

ACR ACRES

Beginning September 1st, you can graze your ACR acreage without signing a request. IF YOU PLAN TO BALE OR HAY THE ACR, YOU MUST SIGN A REQUEST PRIOR TO DOING IT.

To those of you who are planning to plant a small grain on your ACR land, don't forget to come to the County Office and report when you have completed the planting. Once again, you must control the weeds and erosion on these ACR acres. Failure to do so will cause you to lose program benefits. These acres must be maintained until DECEMBER 31st.

FOREIGN INVESTORS

All foreign investors that have purchased or sold agricultural land, are required to report the transactions within 90 days to the local ASCS Office. Failure to report may result in a penalty of up to 25% of the fair market value of the land.

CRP PROGRAM

For those of you that have a 1988 CRP Contract, remember that you cannot graze the land accepted under the CRP beginning October 1st.

COTTON LOAN EXTENSIONS RESTRICTED

The market price for cotton is to the level that will not allow extensions for an additional 8 months for cotton loans maturing September 30th. These loans must be repaid or forfeited by the September 30th date. Letters will be sent to the producers with cotton loans maturing.

CONSERVATION COMPLIANCE BASE EXCHANGES

A notice has been received allowing permanent exchange of cotton to high residue crop base or exchange between spring and fall seeded high residue crops bases. REMEMBER COTTON IS NOT A HIGH RESIDUE CROP. All of these exchanges are acre for acre basis to allow the farm to comply with the Conservation plan that SCS has developed. A plan must be on file before the exchange can be finalized. THE EXCHANGE IS A ONE TIME THING WITH APPROVAL FROM OWNERS AND OPERATORS.

Thank You

We would like to express our gratitude to everyone for all the lovely flowers and the expression of sympathy at our time of loss.

With the loss of our beloved Daddy and Grandpa, our friends and neighbors was our greatest asset.

With our Thanks and Love,
Pam Cooley and Family

AT&T ANNOUNCES UPCOMING PRICE CHANGES FOR SOME TEXAS INTRASTATE SERVICES

AT&T announces the following price changes for some of its Texas intrastate services. These changes, which more closely reflect the actual costs incurred by AT&T in providing these services, will become effective on October 1, 1987.

- SDN (Software Defined Network) Schedule B prices will be reduced an overall 7.1%. Schedule C prices will be reduced 4.4% for the initial 30-second rate period of each call.
- WATS 80 service prices for both the initial period 80-hour usage and additional period usage will increase 5%.
- The monthly prices for AT&T's Private Line Service will increase up to \$25 per channel termination for Analog services and 10% for Digital Data Services.
- A \$25 monthly surcharge will also apply to any private lines which may be used to access the local exchange network, unless certified as exempt by the customer. The \$25 surcharge, which was previously authorized by the Public Utility Commission of Texas, is a flow through of charges assessed by the Local Exchange Companies to AT&T for those Private Line services.

The combined effect of these price changes is expected to produce approximately \$4.99 million annual revenue, which is approximately .5% of AT&T's annual revenues for all Texas intrastate services.

If you have questions regarding the changes for Private Line service, please call AT&T toll-free at 1-800-345-5092. If you have questions regarding the WATS or SDN price changes, please call our business consultants toll-free at 1-800-222-0400. AT&T's tariffs reflecting these changes will be filed with the Public Utility Commission of Texas on August 31, 1987, with an effective date of October 1, 1987.

Persons who have questions regarding this tariff filing may also contact the Public Utility Commission of Texas in writing, at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757, or by calling the Consumer Affairs Division at (512) 458-0223, or (512) 458-0227, or (512) 458-0221 for teletypewriter for the deaf.

LET ME GET MY HAT

by Dennis Poole

FARMERS TO RECEIVE

COTTON MARKETING TIPS

Significantly higher cotton prices during the last few months have caused area cotton farmers to consider a wider range of marketing alternatives for this year's and next year's crops. To help them with such decisions, a special cotton marketing meeting will be held in Plains Thursday (Sept. 17) by the Texas Agricultural Extension Service. Dr. Carl Anderson, Extension agricultural economist and cotton marketing specialist from College Station, will present the program at 7:30 p.m. in the Plains High School cafeteria.

"Many more producers have been considering the various forms of forward pricing contraction to manage their risks," said Dr. Jackie Smith, Extension economist and marketing specialist at Lubbock.

He said Anderson will discuss the various marketing alternatives available to cotton farmers. These include futures contracts, commodity options, and cash forward contracts.

Anderson also will discuss the current supply and demand situation in the cotton market, and the market outlook for 1988.

"Dr. Anderson should be able to help evaluate the possible marketing and production strategies for the 1988 crop year, even for those producers considering planting cotton outside the farm program next year," Smith said.

Anderson also will discuss possible changes in the federal cotton program.

"This is an extremely timely topic, since cotton farmers should be developing their marketing strategies for 1988."

Courthouse News

On the 24th day of August, A.D. 1987, the Commissioners' Court of Borden County, Texas, convened in Special Session at the Regular meeting place thereof in the Courthouse at Gail, Texas, with all members present.

Minutes of the meeting of the 10th day of August, A.D. 1987 were read. A motion was made and passed to approve said minutes.

As advertised, Budget Hearing and revenue Sharing Hearing was called to order at 10:00 A.M. No interested persons appeared at said hearing.

A motion was made and passed that any Revenue Sharing Funds will be dispersed to the four Commissioners' Precincts to be used

on road improvements.

A motion was made, and passed to approve County Budget as presented.

A motion was made and passed to set tax rate at 19½¢ per \$100.00 valuation.

A motion was made and passed to allow Tax discounts of 3%, 2% and 1% for early payment of taxes in October, November and December, respectively.

A motion was made and passed, to allow split payment of taxes.

Hospitalization Insurance was discussed. A motion was made and passed that a less expensive Plan 200 B with PruPass.

Current accounts were examined, and paid.

A motion was made to adjourn.

BID NOTICES

BUTANE QUOTATION REQUEST

The Superintendent's Office, in behalf of the Board of Trustees of the Borden County Independent School District, will receive bids on butane and propane as described in the following paragraphs on Sept. 21, 1987.

The proposal shall be addressed to James McLeroy, Superintendent, Borden County Independent School District, Box 95, Gail, Texas and shall be delivered in a sealed envelope marked, "Butane Proposal". Pro-

posals will be received up to but not later than September 21, 1987. Bids received after that time will not be considered.

The right is reserved by the Borden County Independent School District to accept or reject any or all bids and waiver all formalities.

It is anticipated that approximately a total of 55,000 gallons of butane and propane gas will be used during the contract period. The gas is to be delivered to the Borden County

GASOLINE QUOTATION REQUEST

The Superintendent's Office, in behalf of the Board of Trustees of the Borden County Independent School District, will receive bids on gasoline, as described in the following paragraphs, on September 21, 1987.

The proposal shall be addressed to James McLeroy, Superintendent, Borden County Independent School District, Box 95, Gail, Texas, and shall be delivered in a sealed envelope marked "Gasoline Proposal". Proposals will be received up to but not later than September 21, 1987. Bids received after that time will not be considered.

The right is reserved by the Borden County In-

dependent School District to accept or reject any or all bids and to waiver all formalities.

It is anticipated that approximately a total of 50,000 gallons of regular gasoline and 10,000 gallons of lead-free gasoline will be used during the contract period. All prices quoted are to be for a regular gasoline with 87 to 90 octane, and the gasoline is to be delivered to Borden County Schools, Gail. Shipment will be requested in 8,000 gallon lots.

The contract will begin on October 1, 1987 and terminate on Sept. 30, 1988.

Forms may be picked up in the office of the Superintendent.

School, the Plains Community Center, and to the teacherages of the Borden County Independent School District. All tanks are owned by the Borden County Schools.

The contract will begin on October 1, 1987 and terminate on Sept. 30, 1988. Forms may be picked up in the office of the Superintendent.

The Ancient Mayas of South America considered the jaguar a god because of its strength and courage.

Learning and Looking Great

The fashion news for schoolchildren is sporty and bright. Here's news on fun details to look for and tips from the experts at Cone Mills, a major textile producer, on how to buy clothes that are well-made and comfortable.

Fashion and comfort meet when smart looking overalls or trousers are paired with soft cotton flannel shirts such as these from Oshkosh B'Gosh.

- Denims are dressed up with novelty prints and woven stripes and checks or given a gentle "distressed" look with such surface treatments as stone-washing.

- Varsity designs are new for school. Youngsters from infants on up will be sporting collegiate pennants and school letters on fleeces, twills and corduroys.

- Top colors for young fashionables are hot pink, clear turquoise, kelly green, royal blue, fire engine red, chrome yellow and classic indigo.

- For maximum comfort—and room to grow—for boys and girls, look for pants with easy elasticized waists and knit "jogging" cuffs. Be sure buttons, snaps and other fasteners are large enough to be handled by little fingers.

- Choose feel-good fabrics in cotton or high-cotton blends such as flannel, denim and corduroy.

- Look for the label "Crafted with pride in the U.S.A." to insure high quality workmanship in the clothes you buy.

"SEW IT WITH COTTON" CONTEST

Sponsored by: Women's Dryland Cotton Promoters

Purpose:

To educate the general public in Howard and surrounding counties of Cotton's many consumable facets from eating it to wearing it.

1. "Sew it with cotton" contest is Saturday, September 26, 1987 at 2:00 P.M. at the Howard County Fair Barns. Entry forms can be picked up at the Howard County court house in the Agri. or Home Economics rooms. Deadline dates for entries are Thursday, September 24, 1987

(a.) Categories are ages 9-13; 14-19; 20-Adult

2. "Kountry Kids" contest is Saturday, September 26, 1987 at 4:00 P.M. at the County Fair barns. Entry forms can be picked up at the Agri. or Home Economics rooms at the court house. Deadline for entry forms and fee is Thursday, September 24, 1987.

(a.) Categories are children, ages from 0-5 years

3. "Cotton Sweat Shirt" contest will be held Saturday, September 19, 1987 at 10:00 A.M. in the Big Spring Mall. Entry forms can be picked up at the Big Spring Mall and at the Howard County court house. Entry deadline is September 19, 1987 at 12 noon. All winners of non-professional and professional shirts will be required to display their shirts at the Dryland Cotton Promoters booth, September 21-26, 1987. No modeling in these events will occur, just display only.

LET ME GET MY APRON

Home Economics News

BY DENNIS POOLE, COUNTY AGENT AG.

MAKE IT MILK FOR SCHOOL LUNCHES

There's no doubt that children and teenagers need plenty of calcium, but they're now less likely to get it from the small square milk carton that used to be a part of every school lunch.

The availability of fruit drinks in pouches or individual serving size cartons means children don't have to buy milk to go with their sack lunches. In many high schools, students also have the choice of getting a soft drink from a machine.

"The question for parents is whether they think their child is getting enough calcium each day for good health," says Dr. Dymple Cooksey, a nutritionist with the Texas A&M University Agricultural Extension Service.

"Children ages one through 10 need 800 milligrams of calcium a day," she says. "This requirement can be met with three servings of dairy foods as part of the everyday diet." Due to increasing bone length and development adolescents 11 to 18 years old need 1,200 milligrams of calcium, which can be met by eating four servings of dairy foods daily.

One 8-ounce cup of milk, which is the amount contained in a milk carton served in schools, is one serving. A 1½ ounce piece of cheese or a cup of yogurt are also equivalent to one serving.

According to recent U.S. Department of Agriculture studies, many young people don't get enough calcium daily. In fact, females over 11 years of age were reported as one group at greatest risk of calcium deficiency, which can lead to osteoporosis in later years.

If your child drinks milk at breakfast and dinner and eats other dairy foods throughout the day, a sweetened fruit drink at lunch may not interfere with adequate calcium intake.

When children and teenagers don't drink milk at school or home, the nutritionist suggests that they be offered more dairy products in meals and snacks.

Cheese sandwiches, cheeseburgers, cheese and crackers, string cheese, cheese pizza, flavored yogurts, milk shakes, ice cream and milk-based puddings all add calcium to the child's diet.

Giving children calcium supplements in pill form is generally not a good idea. Calcium supplements can have side effects, so you should check with a physician before giving them to your child.

Dairy foods are the best and most abundant source of calcium in our food supply. In addition, they contain lactose and vitamin D which enhance calcium usage by the body.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 3, 1987

PROPOSITION NO. 1
ON THE BALLOT

House Joint Resolution 104 proposes a constitutional amendment to allow the legislature to provide a guarantee for the Texas grain warehouse self-insurance fund. The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

PROPOSITION NO. 2
ON THE BALLOT

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

PROPOSITION NO. 3
ON THE BALLOT

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

PROPOSITION NO. 4
ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

PROPOSITION NO. 5
ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

PROPOSITION NO. 6
ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 7
ON THE BALLOT

Senate Joint Resolution 55 proposes a constitutional amendment to authorize the legislature to provide for the issuance of \$400 million in general obligation bonds to be used for loans to local governments for acquisition, construction, repair, renovation, and equipment of public facilities or for grants to local governments for planning public facilities. The amendment would also permit the issuance of revenue bonds for the same purposes to be repaid from excess revenue from repayments of loans made under the amendment and from other revenues pledged to the retirement of revenue bonds. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds to finance certain local public facilities."

PROPOSITION NO. 8
ON THE BALLOT

Senate Joint Resolution 56 proposes a constitutional amendment to allow the legislature to authorize the issuance of up to \$500 million in general obligation bonds to be used to acquire, construct, and equip new correctional institutions and mental health and mental retardation institutions or to repair existing institutions. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to corrections institutions

and mental health and mental retardation facilities."

PROPOSITION NO. 9
ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10
ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

PROPOSITION NO. 11
ON THE BALLOT

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

PROPOSITION NO. 12
ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment to allow a married couple to agree in writing that all or part of their community property will become the property of the surviving spouse if one spouse dies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting spouses to hold community property with right of survivorship."

PROPOSITION NO. 13
ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment to authorize the creation of special districts to provide emergency services. The commissioners court in a county participating in a district could, upon approval of the voters, levy an ad

valorem tax of up to ten cents (\$.10) per \$100 valuation of the property located in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

PROPOSITION NO. 14
ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment giving the state a limited right to appeal in criminal cases."

PROPOSITION NO. 15
ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

PROPOSITION NO. 16
ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

PROPOSITION NO. 17
ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

PROPOSITION NO. 18
ON THE BALLOT

House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the creation, operation, and financing of jail districts."

PROPOSITION NO. 19
ON THE BALLOT

House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

PROPOSITION NO. 20
ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

PROPOSITION NO. 21
ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

PROPOSITION NO. 22
ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

PROPOSITION NO. 23
ON THE BALLOT

Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 24
ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

PROPOSITION NO. 25
ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment.

The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

EXPLANATORY STATEMENT
FOR STATEWIDE
REFERENDUM NO. 1

Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.

The referendum will appear on the ballot as follows:

"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

EXPLANATORY STATEMENT
FOR STATEWIDE
REFERENDUM NO. 2

The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.

The referendum will appear on the ballot as follows:

"The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."
