

# THE BORDEN STAR

VOLUME XVIII

OCTOBER 25, 1989

Serving the Counties of Borden, Dawson, Garza, Howard, Lynn & Scurry

L-R: PATRICK HERRIDGE and MARC LATIMER were selected by Steve Blevin to be on the "Player of the Week" honor roll. (Staff Photo)

## Two Borden County Coyotes Make "Player of the Week" List

Steve Belvin, sports editor for the Big Spring Herald, includes in his articles each week a list of the "players of the week." This list is called the Crossroads Honor Roll. Two Borden County Coyotes varsity football players have made it to the top of this list with sparkling performances on both sides of the ball.

Defensively, linebacker Marc Latimer had a dream game in the Coyotes' 18-16 win over the Ira Bulldogs October 6. The 5-7, 140 pound senior made 22 assisted tackles, 7 unassisted tackles and intercepted a pass.

Latimer's effort edged out fellow linebacker Brian Bond. Marc was Defensive Player of that week.

Borden County running back Patrick "Fuzz" Herridge had his best game to that point against the Loop Longhorns in Borden County's 52-9 district opening win October 13.

Herridge, a 5'9", 175 pound senior, made life miserable for the Loop defense. The hard-running Coyote carried 21 times for 219 yards, and scored touchdowns on runs of 1 and 3 yards.

For his effort, he wins the area's Offensive Player of that week.

## Absentee Voting

### In County Clerk's Office

In-person, absentee balloting opened Oct. 18, for those registered to vote in the Nov. 7 general election.

Registered voters have until Nov. 3 to appear in person at the county clerk's office and cast absentee ballots in next month's election, which includes 21 proposed amendments to the Texas Constitution.

Under a 1987 state law which relaxed absentee balloting

requirements, Texans are given the option of casting absentee votes by personal appearance without having to give a reason for doing so.

A separate period still exists for those needing to cast absentee ballots by mail. Those who vote by mail must give a reason for not being able to cast their ballot on election day. Oct. 31 is the last day to request a ballot by mail.

## BAND EARNS (SUPERIOR) RATING IN UIL

Senior band members: Top-LANCE TELCHIK and KRISTI ADCOCK. Middle-CODY COOLEY, TRACY BALL, JULIE HARRIS and PATRICK HERRIDGE. Bottom-CODY STONE, RACHEL ROMERO AND RANDI WOODWARD. They are proudly showing the trophy the band received at Marching Contest. (Staff Photo)

The Borden County Coyote Band was awarded

Marching Contest in Lubbock, October 17th.

A Division I rating is the highest award given. Judges praised the Borden County students in their selection of music and marching fundamentals. They commented that they marched with pride and they were a sharp looking group.

There were 19 class A Bands at the Region 16 Marching Contest. Only 5 Bands were awarded a Division I rating. The 5 bands receiving a Division One rating were: Sudown, Plains, Anton, Sudan and Borden County.

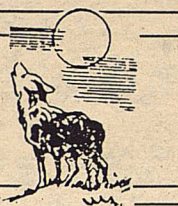

Accompanying the band and Mr. John Harris, director, at contest were: Mr. & Mrs. Royce Nance, Mr. & Mrs. Ross Sharp, Mr. & Mrs. Steve Hess, Mrs. Janine Williams, Mrs. Sheila Armstrong, Mrs. Patricia Zant, Mrs. Pat Telchik, Mrs. Kay Doyle and James McLeroy Superintendent.

## Reception Held For Dean's Scholars

Will Phinzy, a sophomore agricultural economics major, was one of more than 20 Texas Tech University agricultural science students that was recognized as Dean's Scholars at a reception Friday Oct. 20, in the University Center

# COYOTE FOOTBALL

## COYOTES DEFEAT KLONDIKE 30-20

The Borden County Coyotes kept their district record perfect as they won a very hard fought game against the Klondike Cougars. The Coyotes' only first half score came off a blocked punt by Marc Latimer. Jeff Lewis picked up the ball and advanced it into the endzone. Brian Bond kicked the extra point to give the Coyotes an 8-0 lead going into half. The Coyotes had another golden opportunity to score, but it was wiped out by a penalty. Shane Kemper had just intercepted a Cougar pass at the Coyotes 18 yard line and raced into the endzone. After being penalized, the Coyotes failed to score.

Early in the third quarter, the Cougars scored on a 1 yard run. Their extra point kick knotted the score at 8-8. The Coyotes

quickly responded with their own score as Brian Bond scampered 33 yards for his first touchdown of the night. He also kicked the extra point, and the Coyotes now led 16-8. The Cougars came out fired up and only used up 14 seconds of the fourth quarter to score, but a missed extra point try left the Coyotes with a 16-14 lead. After some very tough inside running by fullback Patrick Herridge, Brian Bond took a hand off on a counter fake to Patrick and bounced outside for another 5 yard touchdown. He also kicked the extra point try to give the Coyotes a 24-14 lead with 7:15 remaining in the game. The Coyotes added to their lead with 5:26 after holding the Cougars on downs. Once again Patrick supplied the inside for Brian who scored on a fake reverse to the split end. The scoring run covered 31 yards of tightrope walking along the side line then cutting back inside to sidestep the safety. The extra point try fell short but the Coyotes had a 30-14 lead. The Coyotes held the Cougars on downs, but they were unable to score as they stalled at the Cougars 29 yard line. The Cougars moved the ball into the endzone with 5 seconds left in the game. Their extra point try failed. They almost succeeded in executing on onside kick, but a Cougar player touched the ball before it had traveled the required distance. The Coyotes just snapped the ball and downed the ball to preserve their second district victory.

Patrick Herridge was

the Coyotes leading rusher with 128 yards on 20 carries. He also had 9 assisted and 16 unassisted tackles. His key runs set up the outside plays. Brian Bond was moved from quarterback to running back to fill in for Jimmy Rios who is recovering from knee surgery. Brian had 81 yards on 16 carries and 2 catches for 23 yards. Brian had 7 assisted and 4 unassisted tackles and caused a fumble. Shane Kemper, who played his first full game after his knee surgery, filled in at quarterback and had 3 yards on 2 carries. He also completed 3 out of 5 passes for 23 yards. Shane had 2 assisted and 2 unassisted tackles. He also had 2 BIG interceptions that ended the Cougar drives. End Cole Vestal had 6 assisted, 2 unassisted tackles, and caused a fumble. Marc Latimer the Coyotes' leading tackler for the past 2 games came through again with 12 assisted and 7 unassisted tackles. His hot pursuit of the quarterback also caused him to throw two passes into the ground to avoid being sacked. Jeff Lewis had 5 assisted tackles. Clint Wills had 1 assisted tackle. James Lewis also had 1 assisted tackle.

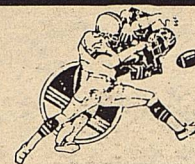

The Coyotes will host the Dawson Dragons this Friday in their quest of the playoffs.

Senior Coyote, JAMES LEWIS, tells it Just The Way It Is! At the Pep-Rally.

## COACHES CORNER

/S/ JOE BOND

Well, if adversity builds character, the Coyotes will have more character than they need. In our first scrimmage Lance Telchik hurt his knee which knocked him out of our first five games. Then Shane Kemper had knee surgery to repair torn cartilage. Two weeks later Jimmy Rios underwent the same type of surgery. We also lost Justin Jenkins, our junior varisty, quarterback to a broken arm in their first game. Last Friday night Brian

Bond broke his left hand the first time he carried the ball. He'll probably miss the rest of the season. Jimmy is expected to return in a couple of weeks. We didn't need all of this adversity to know of the character of this team. Each time they have taken to the field, they have done their best with which ever person happens to be playing at that time. We truly have a group of winners representing us, so let's all be proud of those Coyotes.

## JR HIGH COYOTES CRUSH KLONDIKE

### 52-14

The Borden County Jr. High Coyotes traveled to Klondike and won their second game of the season in a big way. The Coyotes scoring machine was started by Brandon Adcock with a 37 yard run. Keith Monger caught a pass from Cody Cox for the extra point for a 7-0 lead. Joe Acosta scored next on a 12 yard run, but the extra point try was not good. On the Cougars next possession, they were forced to punt, and Virgil Glaze blocked the punt. The Coyotes didn't score on that possession, and then the Cougars scored to make the score 13-6. Joe Acosta scored again on another 12 yard run and the extra point try failed, to make the score 19-6. Joe also recovered a Cougar

fumble. Brandon Adcock scored again on a 21 yard run and the extra point try failed to bring the score to 25-6. The Coyote's next score was set up by a 25 yard run by Brandon Adcock. Joe Acosta finished the drive with a 3 yard

run, but the extra point try failed, to make the score 31-6. The Cougars squeezed in a touchdown and kicked the extra point to make the score 31-14. Brandon Adcock struck paydirt again with a 7 yard run, and Keith Monger caught the extra point pass from Cody Cox to make the score 38-14. Joe Acosta recovered another fumble. The Coyotes reserves failed to moved the ball and lost a fumble. Kurt Hess then recovered a fumble. Kurt then passed to A.J. Romero for a 53 yard score. James Cooley ran over the extra point try to make the score 45-14. Bucky Williams stopped the Cougars next drive with an interception. James Cooley, then ran 28 yards for the Coyotes last touchdown. Bucky also ran over the extra point for a 52-14 lead.

Every one of the Coyotes got to play. The other players who played but did not score were Chris Myrick, Clint Miller, and Andy Portales. The Coyotes' record is now 2 wins and 1 loss.

## BETA ACHIEVEMENT AND HONOR ROLL FIRST SIX-WEEKS

**HIGH SCHOOL BETA ACHIEVEMENT:** Top row (L to R) Shane Kemper 11th; David Buchanan 10th; Cody Stone 12th; Rachel Romero 12th; Julie Harris 12th. Bottom row (L to R) Patsy Underwood 10th; Amanda Anderson 10th; Shara Dee Woodward 10th; and Amy Lewis 12th. The above students achieved an academic evaluation of 90 or above in each subject. (Borden Star Photo)

**HIGH SCHOOL HONOR ROLL:** Top (L to R) Jacquelyn McPhaul 9th; Ross Hataway 9th; Kristin Kilmer 10th. Bottom row (L to R) Kristi Adcock 12th; Kristin Monger 10th; Marc Latimer 12th; Patrick Herridge 12th. The above students achieved an academic average of 90, with no evaluation less than 85 in a subject. (Borden Star Photo)

### Sophomore Class News

On Wednesday, Sept. 13, 1989, the Sophomore class elected their officers for the 1989-90 school year. They are as follows:  
Pres.-David Buchanan;  
Vice President-Patsy Underwood; Secretary/  
treasurer-Shara Dee

Woodward; Reporter -  
Angela Evans.

On Thursday, October 19th, they had a class meeting and elected class favorites. They are: Angela Evans, and Valerio Hernandez.

/s/Angela Evans

### Eighth Grade News

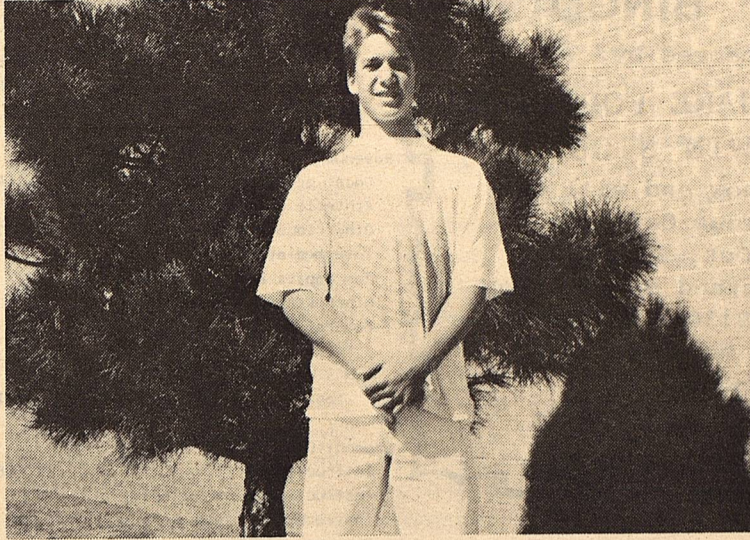

The 8th grade class of 1989-90 held their first class meeting October 18, 1989.

During the meeting class officers and favorites were elected, and are as follows:  
President-Cody Cox;  
Vice President-Melody

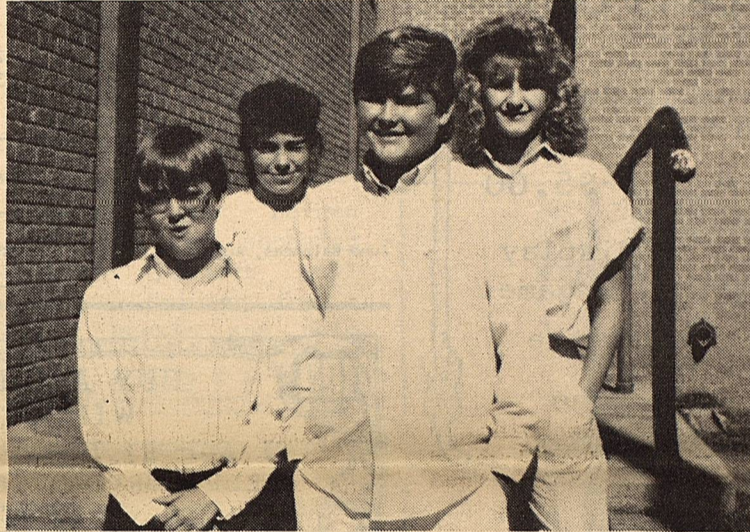

Harrison; Secretary/  
treasurer-Brandon Adcock; Reporter-Seth Adcock; Reporter-Seth Adcock; Reporter-Seth Adcock; Reporter-Seth Adcock; Reporter-Seth Adcock.

Favorites are:  
Joe Acosta and Melody Harrison

## NOTES FROM HOME

By Debra Pollard  
Home Demonstration/CEA

### Cleaning Leather Trimmed Garments

Leather and leather trimmed garments are continuing to increase, giving added importance to proper cleaning and care.

With abounding combinations of cloth and fur, snakeskins, pigskin and suede of all colors, the professional cleaner must remember that cleaning of any skin with solvents alone is going to remove oils, dyes and finishes. Skin is extremely soft and supple because of fat liquors and other oils applied during the tanning process. Clear solvents alone remove a large portion of these and, in some cases, dramatically alter the texture and color of leather.

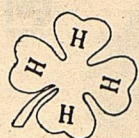

If you will examine an article that has been cleaned in solvent with a new item, you will often see the difference in suppleness and texture of the leather. This becomes progressive with each cleaning and will certainly shorten the life of the leather. Removing these oils also makes leather more susceptible to moisture, heat and steam damage.

Proper care of leather requires cleaning with additives to help retain the

leather's like-new appearance. Professional cleaning incorporates oils and finishes similar to those used in the tanning process. These oils also tend to improve color intensity.

Cleaning of leather and leather trimmed articles by a professional leather finisher will be a little more expensive and time consuming. However, these are some of the consumer's most expensive purchases, so they should be kept in good condition. Many of the deep colors, especially black, blue, red and purple can be damaged by cleaning procedures, including those by professional suede and leather cleaners.

You may want to talk to your professional suede and leather finisher to see how they want to handle these garments. Some must be refused at the counter due to possible problems with dyes; others can be accepted at the customer's risk. Fortunately, cleaning combined cloth and leather garments where cloth is dyed presents far fewer problems than all white cloth with dark leather trim.

## 4-H ACTIVITIES AT CARNIVAL

Borden County 4-H'ers will host a Cake Walk during the Carnival to be held Saturday, October 28, 1989.

The proceeds from our annual Cake Walk booth assist with many 4-H activities held during the year such as 4-H Achievement Banquet, project awards medals, certificates, refreshments during 4-H activities, registration fees for district and state activities, Gold Star Awards, Friend of 4-H and Outstanding Leader recognition plaques.

4-H families donate pastries to be awarded as prizes during the Cake Walk and everyone's help is greatly appreciated.

Also, the Borden County 4-H Shooting Sports project will host a driving for a belt buckle and bolo

tie donated by Mr. & Mrs. Jeff Lackey and pecans donated by Mr. & Mrs. Kent Holmes. These items donated by the Lackey's have polished "Texas Palm" stones beautifully mounted in each of them by Mr. Jeff Lackey and the pecans are home grown right here in Borden County by Kent & Ollie.

The shooting sports project appreciates greatly these donations in support of the many activities each shooting sports year brings. Chances for these items may be obtained during the Carnival and a drawing will be held at the conclusion of the evening.

# TAX FAX

R. D. LEWIS

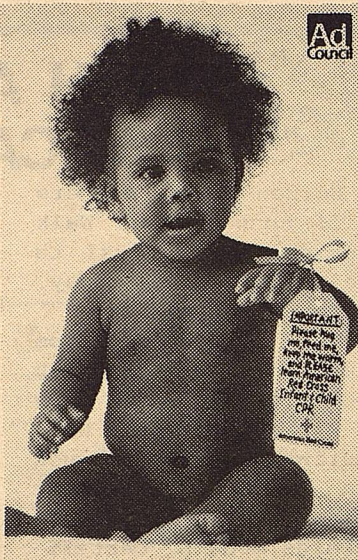

As Borden homeowners we might feel threatened. We have a new State Appraiser-inspector in our Region whose opinion is that our houses and improvements are about 30% under "Fair Market Value". Maybe they are, and maybe not. The problem is however, that our legislators have new rules stating that we must comply with the guidelines our State inspector has set, or our Real values will be subject to face an audit by the State. This audit will be done by a State assembled team of outsider auditors, of which our County will pay for. We do have appeal rights but historically they have done little good when dealing with the State Property Tax Board. Folks, we don't need this kind of audit! Most of us realize that our values are actually a little low in comparison to our mineral values, percentage-wise (which have consistently been

maintained at around 100% value). 1990 is the year for our next regular re-appraisal and I believe we should increase our home values enough to stay out of hot water with both the State and our oil companies.

/s/ *R.D. Lewis*

Picture of "dearly departed" honorary Borden County mascot. This turkey hen visited the school and helped keep the students cars clean by eating the bugs from the car grills. Now she is turkey pie.

## IF ONLY THEY CAME WITH INSTRUCTIONS.

### MAMMOGRAPHY SAVES WOMEN'S LIVES

Mammography, a low dose x-ray exam, can detect cancers too tiny to be felt by the most experienced physician. The American Cancer Society recommends that women over 35 begin a schedule of mammography.

#### SIMPLE TEST

The Pap test, a microscopic examination of cells from the cervix, is a simple test that is the major contributor to the marked decrease in deaths from uterine cancer over the past 40 years, states the American Cancer Society.

# COURTHOUSE NEWS

WHEREAS, On the 10th day of October, A.D. 1989 the Commissioners' Court of Borden County, Texas, convened in Regular Session at the Regular meeting place thereof in the Courthouse at Gail, Texas, the following members of the Court being present and participating, to-wit:

VAN L. YORK

### Watch For Pheumonia In Calves

Pneumonia in calves can be greatly accelerated during the fall season, particularly with viruses, bacteria and other germs present. Stress factors contributing to pneumonia include weaning, hunger, thirst, castration, dehorning, adverse weather, abusive handling, shipping, fatigue and mixing with other cattle.

Viruses involved are IBR, PI3, BVD, reoviruses, rhinoviruses, adenoviruses, herpes viruses and syncytial viruses. Bacteria types include pasteurilla and hemophilus and other dangerous germs are chlamydia, micoplasma and rickettsia.

Normally healthy calves harbor germs that can cause respiratory infection. Bringing calves together from different sources results in an exchange of these germs.

Stress causes mild infections to develop into clinical disease. Calves with pneumonia generally are extremely

depressed, with head down and ears drooped. The abdomen is tucked up, fever may reach 107°, breathing is difficult, and the nose is dry or has a ropy discharge. Deaths are usually sudden and unexpected.

To minimize the severity and numbers of respiratory infections in calves, here are some recommended practices:

°Maintain vaccination in the breeding herd.

°Vaccinate calves at 2 to 4 months of age.

°Vaccinate calves again 3 weeks before weaning.

°Castrate, dehorn, brand and implant calves up to 3 weeks or earlier before weaning or 3 weeks after weaning.

°Wait to co-mingle and ship calves 3 weeks after weaning.

Producers should keep stress and exposure in calves to a minimum at all times because vaccines are not available for all

respiratory germs. Reduce the number of stresses at weaning time because the weaning practice is an extremely traumatic experience to a calf.

### STATE FAIR NEWS

Cody Stone, Borden County 4-H member, exhibited a black Maine-Anjou Cross steer to 4th place honors last week at the State Fair of Texas held in Dallas.

Cody's steer weighed 1137 pounds and was 51½ inches height.

The State Fair is one of 2 major stock shows who break their classes by hit height. This height placed Cody's steer in Class I of 6 Crossbred classes competing.

Attending from Borden County were Carolyn and Cody Stone, Danny Stone, Dennis and Tanner Poole.

## Public Notice

On October 18, 1989, Southwestern Bell Telephone Company (SWB) intends to file an application with the Public Utility Commission (PUC) of Texas to add a new service offering for business customers, called Consolidated Billing (CSB). The proposed effective date for this offering is December 4, 1989.

Consolidated Billing allows the business customer to combine an unlimited number of accounts within a single Revenue Accounting Office (RAO). Southwestern Bell Telephone Company's ROAs in Texas are located in Dallas, Houston and San Antonio. This service will establish a common billing date for each of those accounts so that they may receive one bill each month. Each customer account is tied together for billing purposes, but retains its own identity and level of detail.

#### PROPOSED RATES

There is no monthly rate associated with Consolidated Billing. However, a nonrecurring charge of \$15.00 will be applied to establish a Consolidated Billing arrangement. An additional \$15.00 nonrecurring charge will apply for each account which is incorporated into the Consolidated Billing arrangement.

Consolidated Billing (CSB) has been forecasted to generate an increase in first year annual revenues of approximately \$581,733.

Persons who wish to comment on this application should notify the Commission by November 24, 1989. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

## Texans asked to vote 'Yes' on Proposition 3

Agriculture Commissioner Jim Hightower is urging passage of Proposition 3 on the November 7 statewide ballot, telling Texas voters, "This Prop's for you!"

"This amendment doesn't finance some high-tech consortium, and its funds don't go to some foreign conglomerate trying to locate here. Instead, Proposition 3 will turn loose the economic genius and potential of innovative, hard-working Texans, providing essential capital for local entrepreneurs and small businesses," Hightower said. "This is a bond proposal to invest in the people of Texas who want to start small, local enterprises to rebuild the Texas economy from the ground up rather than from the top down."

"There is a dicho in Spanish, 'El dinero es como el abono; de nada sirve si no se desparama' (Money is like manure; it does no good unless you spread it around.) This is what Proposition 3

does; it will spread the money around--not to one giant project run by a high corporation, but to hundreds of Texans in hundreds of communities in all sections of our state.

"Proposition 3 will provide the capital that people need to build a pickle factory in South Texas; to help an East Texas farm family develop a fish farm and fish processing facility; to finance a cotton yarn spinning plant near Lubbock; and hundreds of other projects like these. In fact, the Texas Department of Agriculture calculates that Proposition 3 has the potential to create

15,000 new jobs for Texas food and fiber businesses that have the potential to achieve annual sales of half a billion dollars.

Passage of Proposition 3 on November 7 will lift the foot off the brake that currently prevents Texas from achieving its full potential for hundreds of new diversified, profitable agricultural enterprises.

**SEEDS FROM THE SOWER**

Michael A. Guido Metter, Georgia

A dealer said, "I like your new preacher."

"How can you say that?" came the reply; "you've never heard him preach."

"I haven't," he admitted; "but he must be good, your people are beginning to pay their bills."

Lamesa, Texas

To all customers of Southwestern Bell Telephone Company:

## Public Notice

Southwestern Bell Telephone Company hereby gives notice that on August 29, 1989 the Company filed an application with the Public Utility Commission (PUC) of Texas to revise its Texas intrastate Digital Link Service Tariff. This application proposes to restructure the rates for MICROLINK II<sup>SM</sup> - Packet Switching Digital Service to establish uniform rates for the service in each of the market areas where it is offered within the State and to expand the service to an additional nineteen (19) Primary Market Areas (PMAs).

MICROLINK II<sup>SM</sup> - Packet Switching Digital Service is for business customers with interactive data transport requirements who are located within the Abilene, Amarillo, Austin, Beaumont, Brownsville, Corpus Christi, Dallas, El Paso, Houston, Longview, Lubbock, Midland, San Antonio, Waco, or Wichita Falls Local Access and Transport Areas (LATAs). This service utilizes several existing network services in combination with packet switching capabilities. A MICROLINK II Primary Market Area is the service area from which subscribers may reach public dial access to the service by dialing a local seven digit number. The twenty-four (24) PMAs that will be affected by this filing are: Abilene, Amarillo, Austin, Beaumont, Brownsville, McAllen, Harlingen, Corpus Christi, Victoria, Dallas, Fort Worth, El Paso, Houston, Galveston, Laredo, Longview, Tyler, Lubbock, Midland, Odessa, San Antonio, Waco, Temple, and Wichita Falls.

The PUC has assigned this matter to Docket No. 9034. It is estimated that the proposed rate changes and the addition of the nineteen (19) Primary Market Areas will increase the Company's annual revenues during the first year the proposed changes are in effect approximately \$140,000. For additional information regarding MicroLink II Service or this filing, please contact Southwestern Bell Telephone Company's Marketing Organization on 512-222-5808.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. The Commission has established an intervention date of November 27, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.
