# COYOTE FOOTBALL

## Wildcats Nip Coyotes 34-29

The showdown between the Borden County Coyotes and the Grady Wildcats proved to be what most people expected, except the Wildcats scored with one minute and twenty seconds left in the game. The Coyotes claimed their final lead with thirty nine seconds left in the third quarter. Then in the fourth quarter, the Wildcats threatened twice only to be intercepted near the goal line. Lady Luck smiled on the Cats the third time after the Coyotes had made 3 big plays to set up 4th down and 17 yards needed for a first down from the Coyotes 32 yard line. After scrambling around for what seemed an eternity, the quarterback launched a bomb that fell between two Coyote defenders for the winning score.

The game was filled with big plays on both sides. The Coyotes set up the Cats first TD

with a fumble on their own 11 yard line on their first offensive play of the game. The defense had just stopped the Cats on downs at the 11, but after recovering the fumble, they scored on one play to claim a 6-0 lead. The Coyotes then took the kickoff and drove the ball into the endzone with the running of Patrick Herridge and Jimmy Rios. Jimmy scored on a 6 yard run, and Brian Bond kicked the PAT to push the Coyotes ahead 8-6. After exchanging punts the Coyotes made another big play when Marc Latimer and Cole Vestal hemmed in the Cats quarterback in the endzone and tackled him for a safety to bring the score to 10-6. After taking the free kick from the Cats, the Coyotes moved the final 37 yards and scored on a Patrick Herridge 1 yard run. The PAT failed, but the Coyotes held a 16-6 first quarter lead.

In the second quarter the Cats regained the lead on a pair of quick touchdowns. After scoring their first TD, the Coyotes gave the ball back to the Cats on a missed handoff. Three plays later the 35 yards needed to score was met to give the Cats a 22-26 lead going into halftime.

The Coyotes scored first in the third quarter on a 4 yard run by Jimmy Rios. The PAT failed, but the score was knotted at 22-22. The Cats then scored to regain the lead again with a 28-22 score. The Coyotes final score came on a 14 yard pass from Brian Bond to Cole Vestal. With the score tied at 28-28 the Coyotes decided to go for 1 point, and Patrick Herridge powered his way into the endzone. The score would remain

29-28 for almost 10 minutes before the Cats Black Magic worked the trick on 4th down and 17 yards needed for a first down.

The Coyotes leading rusher was Jimmy Rios with 133 yards on 22 carries. He also had 11 assisted and 4 unassisted tackles. His fourth quarter interception stopped a Cat drive. Patrick Herridge had 61 yards on 13 carries. He was the leading tackler with 15 assisted and 1 unassisted tackles. He also caused a fumble. Shane Kemper had 9 assisted and 5 unassisted tackles. He also had a fourth quarter interception to kill a Cat drive. Shane also had 2 carries for 5 yards. Brian Bond, Marc Latimer and Cole Vestal had 13 tackles each. Marc and Cole combined for a safety. John Paul Harris had an assisted and an unassisted tackle. He also had 1 carry for 4 yards. Shannon Smithie had an assisted tackle. Cody Cooley blocked the Cats final extra point attempt to hold them within 5 points. The Coyotes rushing game was behind senior center Cody Cooley, senior end Lance Telchik and junior Cole Vestal. Senior end James Lewis also was used to shuttle in the plays, and when the Coyotes were not running behind the big boys, Shane Kemper played split end. Shane and John Paul Harris also played some at tailback.

Cheering for the Coyotes were the 5th grade girls in last weeks Pep-Rally. Center (L to R) CHRISTINA PORTALES; REAGAN SMITH; MICHELLE GRANADOS; DODIE SMITH; CARRIE HART; SANDY BRUMMETT; and MICHELE ROWE. Front - JESSICA SHAFER. Top-MEG PARKS; SARA LUSK and SHELBY ISAACS. (Star Photo)

## COACHES CORNER

/S/ JOE BOND

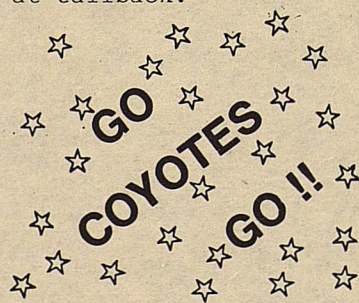

Well, I still can not believe that we lost last weeks game. It's very hard on the players coaches, parents and fans to loose a game in the final two minutes. Human nature causes us to think back to what led to the go ahead score and focus on that. We say "if this had happened" or "and if he had just done this". I always think of former Dallas Cowboy (not Arkansas Cowboys) Don Meredith. As he served as the color-commentator for Monday night football, he would make this comment on similar occasions: "If if and ands were candies and nuts, oh what a merry a christmas we would have." One play may stand out in a game, but a game 40 minutes long is won or lost one play at a time. Before the game ended the Coyotes had a combined total of 87

tackles, 18 of which were unassisted by 7 different players. Two interceptions, a blocked extra point try, and a fumble caused the Cats plenty of problems.

What I'm trying to say is that one player, or one play, or one bad call doesn't loose a game. It's always the sum total of what every one did or didn't do that determines the outcome.

We still have the best group of young men that you can find. They have provened themselves as winners time after time. They deserved to have won, because they have paid the price to win. When a team has been defeated by a better team that had to fight and scrap for everything they got, we can't ask anymore of them. I very seldom notice the crowd noise, but last Friday night it was impossible not to notice, so I know that you would agree with me that we have a lot to be PROUD of in our boys. They never gave up. They fought to the end. Thanks Coyotes and let's turn the Mustangs out to pasture this Friday night.

# HOMECOMING

Everyone is invited to the Homecoming Stew Supper, Friday, November 10th, from 5:00 to 7:00 p.m. in the School Cafeteria. We are asking the Booster Club members to help us out by bringing 2 desserts. Come join the fun and visit ol' class mates and cheer for the Coyotes.

# JR HIGH COYOTES CRUSH WILDCATS 47-6 TO END SEASON

The Borden County Jr. High Coyotes closed out their season with a big win over the Grady Wildcats. It's hard to believe that the first half ended without either team scoring, but early into the third quarter the dam broke and the scoreboard started to light up. A.J. Romero broke the ice on a 34 yard pass from Cody Cox. Joe Ascost ran over the extra point for a 7-0 lead. Following a safety the Coyotes' Brandon Adcock took the kick and raced 52 yards for another score. Keith Monger completed the scoring on the extra point try as he caught a pass from Cody Cox. Brandon scored the next touchdown for the Coyotes on a 47 yard run. A.J. Romero caught a pass from Cody Cox to complete the extra point attempt and brought the score to 23-0. Chris Myrick scored the Coyotes next touchdown on a 1 yard pass from Kurt Hess. The extra point attempt failed, but the Coyotes owned a comfortable 29-0 lead. Bucky Williams then broke loose on a 38 yard run, and Brandon Trussell ran over the extra point try to push the score to 36-0. Bucky scored again on the Coyotes next possession with a 15 yard run, but the extra point try failed. With the score standing at 42-0, the Wildcats finally scored, but Kurt Hess intercept-

ed their pass for an extra point. Brandon Trussell scored the final touchdown on the Wildcats kickoff. The kickoff looked as if it might go out of bounds, but instead it stopped just inside of the sideline. After looking the situation over, Brandon picked up the ball and ran toward the middle of the field. Before the play ended he had run 65 yards. He also ran over the extra point to make the score 47-6.

Several Coyotes made some big defensive plays in the game. Brandon Adcock supplied

a big hit that forced a Wildcat fumble and Cody Cox recovered the fumble. Chris Myrick recovered a fumble. Virgil Glaze caused a fumble, and Bucky Williams and Kurt Hess recovered it. Kurt also intercepted a pass on an extra point attempt.

The Coyotes finished the year with 4 big wins to only 1 loss. The loss was in their first game, and the score was 14-0. The Coyotes failed to score once from the 1 yard line, and twice inside the 10.

## We're Yelling For The Coyotes

## LADY COYOTES SCRIMMAGE

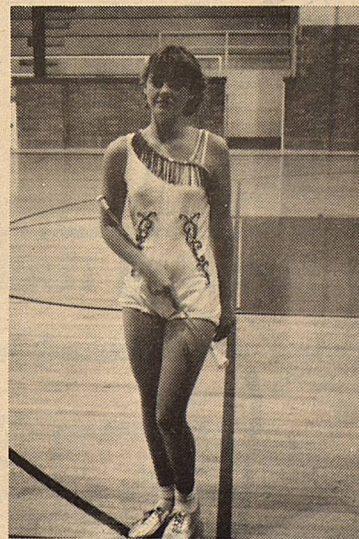

Four schools met at Coahoma Monday night for the first scrimmages of the year. Borden's J.V. squared off against Coahoma's J.V. and then faced Westbrook's Varsity. The Lady Coyotes Varsity played Kermit Varsity and the Coahoma Varsity.

In the first Varsity contest, Borden scrimmaged Kermit two quarters, winning both. Nerves created a low scoring, high turnover first period with Borden edging Kermit 6-5. Things warmed up in the second stanza as the Lady Coyotes outscored their opponents 12-6. Borden then faced a very strong Coahoma crew and lost the first two quarters against the Bulldoget-

tes 7-11 and 8-13 and then won the third quarter 13-12. Lisha Sternadel led in scoring with 15 points followed by Amy Lewis with 12 and Amanda Anderson with 8. Randi Woodward followed with 5 and Kristi Adcock, Julie Harris, and Shara Dee Woodward each had 2. Amy led in field goal percentage with 44% and Lisha led in free throw percentage with 100% followed by Amy with 80% and Randi with 75%. Kristi and Amanda tied in steals with 6 each followed by Lisha with 5 and Julie with 4. Kristi and Lisha tied for honors in rebounds with 6 each. Lisha had 5 assists and Amanda had 4.

In the J.V. contests, Borden played Coahoma the first two quarters and won each. They then played Westbrook Varsity and won the first quarter 13-9 and was edged in the second 13-14. Leslie Fryar led in scoring with 19 points followed by Shayne Hess with 10, Kristin Monger hit 7, and Kristin Kilmer made 6. Kristin Monger led in field goal percentage with 50%. Leslie led in free throw percentage with 100% followed by Kristin Kilmer with 75%. Leslie and Kristin Kilmer tied for honors

## HOMECOMING DANCE

A Homecoming Dance will be sponsored by the Borden County Adult Leaders Association in support of all Borden County 4-H Clubs on Friday, November 10, 1989.

Playing for this year's dance will be "Prairie Fire" band.

The dance will not begin until after the homecoming reception which is held at the Borden County High School immediately following the football game.

The dance will then commence at approximately 10:30 p.m. and "Prairie Fire" will play until 1:30 a.m.

Everyone is invited to attend and a conces-

sion will be available at the dance.

The proceeds from this activity will assist in sponsoring many 4-H activities throughout the year.

Admission will be \$5.00 for adults and \$3.00 for students, under 6 will be free.

All 4-H families are encouraged to assist by helping to keep the grounds and facilities clean.

in steals with 4 each. Shayne led in rebounds with 10 followed by Kristin Monger with 7 and Kristin Kilmer with 6. Shayne led in assists with 3. Leslie connected on five 3 point attempts for 15 of her 19 points.

Borden opens its season this Tuesday night. They will be facing Lorenzo in a rematch of last year's regional quarter-final game. It should prove to be a strong challenge for the Lady Coyotes as Lorenzo returns all five starters including all-state forward Becky Hinojosa. Hinojosa gave the Lady Coyotes plenty of problems at Levelland last year hitting 21 points in the first half, mostly coming at the free throw line. It should prove to be an exciting game again this year. The J.V. will start things off at 5:00 with Lorenzo's J.V. followed by the Varsity at 6:30. The boys' game will start at 8:00 should Borden not be in the Football playoffs. Everyone come on out Tuesday and let's open the season with a big home crowd!

## Team Spirit, Winning Spirit

It's not always given the recognition it deserves, but participating in a team sport can be one of life's most valuable experiences. Whether or not a person pursues team sports beyond the high school level, the lessons learned last forever.

Anytime you play a team sport, you pick up certain values. One of the most important is *team spirit*. From the time I started playing sandlot football, I realized I couldn't do everything by myself. I learned that success was a team effort, not an individual's accomplishment.

Later, I had games for the University of Kansas and for the Chicago Bears where I gained close to 200 yards rushing. Believe me, I knew it was because the team was working together. I developed the attitude that I couldn't do it alone. I knew those linemen, whose names would never appear in a headline on the sports page the day after a game, were just as responsible for my success as I was. And I made sure to tell the guys who were blocking for me that I appreciated the help!

There's nothing quite like the feeling of real team spirit, and teamwork really leads to a *winning spirit*.

Now, as a successful businessman, the lessons I learned early in life about teamwork are invaluable. My business is doing well because of the hard work of a lot of people. If it weren't for other people doing their jobs, I wouldn't be able to *have mine*. We have a winning team spirit that makes us winners in business.

Of course it's not always that easy. Not every team will be a winner. So success also can be a *personal goal*. One year when I was playing for the Bears, we lost everything. But on a team with a 1-13 record, I tried to make myself feel like a winner by setting personal goals. I tried hard to win the rushing title, the kick-return title and the punt-return title. In a poor team spirit situation, I made myself into a winner, and we were just a little bit better because of it.

I believe if all players on losing teams had a similar attitude, they might not find themselves hacking away with a losing team anymore. A winning spirit can be infectious.

In this day and age, that spirit goes a long way *off* of the ball field, too. You see the importance of learning that kind of winning spirit in people trying to make better lives for themselves. I especially admire that spirit in kids who are working hard to get ahead in their studies in schools where everyone else has decided that it isn't worth their effort. As Jesse Jackson is fond of saying, "Live in the ghetto, but don't let the ghetto live in you."

Participating in team sports is one of the best places to learn that spirit. And it's a good feeling to be a winner — especially in life. **ll**

Gale Sayers is considered one of the greatest running backs of all time. The former Chicago Bear is a member of the National Football League's Hall of Fame.

## Cowboy Preacher To Visit Gail

Willard Moody, evangelist from Roswell, New Mexico, will be speaking in Gail on November 18 at 7:00 p.m. The meeting will be held in the Exhibit Building (old Possee Building) located just west of the show barn.

Willard qualified for the professional rodeo National Finals five times as a calf roper and is still active in the sport. His wife Donna is a successful barrel racer and a former winner of the prestigious barrel racing futurity at Fort Smith, Arkansas. They have two children, Bobby and Joe Wayne, who help with the family horse training business.

A former president of the Cowboy Chapter of the Fellowship of Christian Athletes, Willard is now activ-

ely involved with regular monthly meetings in the farming and ranching communities of Texas, Oklahoma and New Mexico. His ministry has carried him over much of the western United States, into Canada and as far away as Australia. Willard's easy listening stories of life on the rodeo circuit are full of humor and real life experiences.

The "New Creation", a local country gospel band, will be there live, to kick the evening off to a good start.

Come Saturday, November 18, 7:00 p.m. for visiting, fun and refreshments and most of all, an enjoyable time.

Please of all ages are welcome. Bring a Friend!

# ALCOHOL FACT SHEET

Alcohol is a drug which affects the way the body naturally functions. It is a depressant drug that slows down the body processes. The main effect of alcohol and a major reason why many people enjoy moderate drinking is a gradual dulling of the reactions of the brain and nervous system. One or two drinks act as a tranquilizer or relaxant. Even in small quantities alcohol is not a stimulant. However, alcohol sometimes causes a noticeable loss if inhibitions. Temporarily, alcohol can make some drinkers feel unusually alert and witty even if those around them do not see it that way. It is the olders and most abused drug in the world. There are predictable, though varying, physical effects upon everyone who drinks alcohol. (This is why the law has set a specific blood alcohol level for defining drunkenness while driving).

Alcohol is a drug which is the intoxicating ingredient in many substances: wine, wine coolers, beer, rye, vodka, gin, rum, most cough medicines, mouth washes, cooking extracts and some over the counter sleeping medicines. Alcohol affects many of the body organs and their functions, such as the brain, liver, and stomach. Factors which influence the speed at which alcohol is absorbed include: the presence of food in

the stomach (food in the stomach decreases the speed of absorption); the use of carbonated beverages with alcohol increases the speed of absorption; the concentration (proof) of alcohol used. Other factors that may influence how alcohol affects the individual include: amount of alcohol intake; body weight; age (children and elderly are more sensitive); previous drinking experience (If one develops a tolerance, it takes more and more alcohol to get the desired effect); the presence of other drugs in the system; and the general health of the individual.

### CIGARETTES AND OTHER CANCERS

Although it is now common knowledge that smoking may cause lung cancer, the American Cancer Society reveals that smoking may also be a risk factor in bladder cancer. Warning signs for this form of cancer include blood in the urine and increased frequency of urination.

## New Service Finds Students Money For College

Every year tens of thousands of eligible Texas students miss out on their share of the \$26 billion dollars available from state, federal and private student aid programs. They don't know about them, don't apply, or don't complete the applications in a way that will assure the best chance of receiving a award.

More than \$135,000,000 in aid goes unclaimed each year, according to Kenneth A. Kohl former U.S. Associate Commissioner of Education. Many students believe their grades must be high or their parent's income very low in order to receive college money. This isn't true, students are eligible for private sector programs regardless of their test scores, grades or parents' income.

There are programs for athletes and non-athletes. Left-handed people. Students who worked part time in grocery stores. You can even receive aid because of your name, like Ryan Gatling of Maryland, who receives \$7,000 from North Carolina State. Students at Harvard named Pennoyer, Downer or Ellis receive special assistance. And a university in California has almost \$400,000 waiting for a student aspiring to a career as an aeronautical engineer.

To assist families in determining exactly

how much money they are eligible for in the form of state, federal, and private sector grants, loans, awards and special campus-based student aid programs, AMERICAN EDUCATIONAL FUNDING is now offering a sophisticated computer service. They analyze a students' individual circumstances and prepare a special individual 40 page report. This report details the steps the student needs to take to be assured of obtaining their share of the billions in student aid available for the 1989-90 school year.

According to the companies director, Lee S. Stamford, to participate in this program, students complete a short background questionnaire that asks information about their intended field of study choice of schools financial circumstances career goals, etc. When they return it, AMERICAN EDUCATIONAL FUNDING enters this information into a computer that analyzes each student's unique

circumstances. "We have the largest database of its kind in America, more than 100,000 current aid programs are in out computers," Stamford states. "Most people aren't aware that as of April 1986, students are no longer automatically eligible for a Guaranteed Student Loan. We locate the money that will offset college costs. We guarantee they will get funding, or the processing fee will be promptly refunded -- IN FULL. What's more, our guarantee is guaranteed with a special six figure account at The United Jersey Bank. We have a 97% success record, many families are surprised to learn that almost every student is eligible for some type of financial aid, regardless of income, grades or test scores."

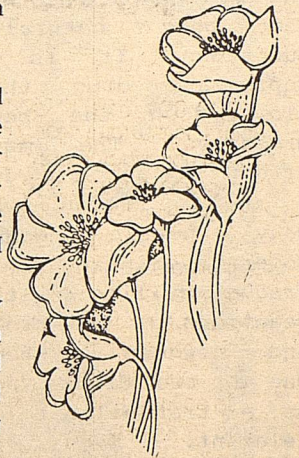

For students and parents who would like additional information, AMERICAN EDUCATIONAL FUNDING provides a nation-wide toll free telephone number 1-800-869-9966.

## Thank You

To all Borden County 4-H members, adult leaders, Debbie Pollard and Dennis Poole. We wish to express our thanks and appreciation for the Friend of 4-H Award.

We thoroughly enjoy working with these children and young people and appreciate being their 'Friend'.

Sincerely,  
Rube & Sue Smith

To all customers of  
Southwestern Bell Telephone Company:

## Public Notice

Southwestern Bell Telephone Company hereby gives notice that on August 29, 1989 the Company filed an application with the Public Utility Commission (PUC) of Texas to revise its Texas intrastate Digital Link Service Tariff. This application proposes to restructure the rates for MICROLINK II<sup>SM</sup> - Packet Switching Digital Service to establish uniform rates for the service in each of the market areas where it is offered within the State and to expand the service to an additional nineteen (19) Primary Market Areas (PMAs).

MICROLINK II<sup>SM</sup> - Packet Switching Digital Service is for business customers with interactive data transport requirements who are located within the Abilene, Amarillo, Austin, Beaumont, Brownsville, Corpus Christi, Dallas, El Paso, Houston, Longview, Lubbock, Midland, San Antonio, Waco, or Wichita Falls Local Access and Transport Areas (LATAs). This service utilizes several existing network services in combination with packet switching capabilities. A MICROLINK II Primary Market Area is the service area from which subscribers may reach public dial access to the service by dialing a local seven digit number. The twenty-four (24) PMAs that will be affected by this filing are: Abilene, Amarillo, Austin, Beaumont, Brownsville, McAllen, Harlingen, Corpus Christi, Victoria, Dallas, Fort Worth, El Paso, Houston, Galveston, Laredo, Longview, Tyler, Lubbock, Midland, Odessa, San Antonio, Waco, Temple, and Wichita Falls.

The PUC has assigned this matter to Docket No. 9034. It is estimated that the proposed rate changes and the addition of the nineteen (19) Primary Market Areas will increase the Company's annual revenues during the first year the proposed changes are in effect approximately \$222,000. For additional information regarding MicroLink II Service or this filing, please contact Southwestern Bell Telephone Company's Marketing Organization on 512-222-5808.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. The Commission has established an intervention date of November 27, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd.; Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.
