Survivors include: a son and a daughter; her parents, Mr. and Mrs. Margarito Reyes of Brice; three brothers, Margarito Reyes, Jr. of Hedey, Grabin Reyes of Memphis and Johnny Reyes of Brice; six sisters, Mrs. Lucy Trevino of Lameside, Susie, Hazel, Janie and Tony, all of Brice and Mary of Dumas.

**SOSA AWARD**—Boycene Bruce was selected recipient of the John Phillip Sousa Award, selected by Memphis High faculty from senior band students. Boycene has been a twirler in the band, competing in State twirling contests, and is first chair clarinet.

County voters will be going back to the polls Saturday, June 5, to vote in three run-off races, one affecting Hall County Commissioner Precinct No. 1, for Texas Railroad Commissioner and Court of Criminal Appeals.

Voters in Precinct No. 1 cast 534 votes for Floy E. (Chuck) Anthony, 474 for Glenn Bruce and 211 for Chubby Waddill so a run-off will be held between Chuck Anthony and Glenn Bruce.

Statewide, Jerry Sadler received 342,375 votes to John Newton's 308,103, in the Texas Railroad Commissioner race. W. T. Phillips, 63, a defense attorney received 478,538 while Carl Dally, 52, a commissioner on the Court of Criminal Appeals, received 305,365 votes.

The Sadler - Newton runoff is expected to be torrid. Sadler was railroad commissioner in 1939 to 1942 and later served as land commissioner and state representative. Newton, considered one of the legislature's energy experts, is a 34-year-old lawyer strongly supported by oil and gas interests.

In the Democratic primary, Jimmy Carter won 92 of the Texas delegates to the national convention losing only 6 to Bentsen in the Rio Grande Valley. San Antonio, Corpus Christi and Houston. In the so-called "popular" vote, Carter beat Lloyd Bentsen by more than 2 to 1.

In the Republican primary, Ronald Reagan's margin was even more astounding. He won all 21 congressional districts and all 96 national convention delegates. Ford carried only one county in Texas (Rains with 1212 votes) as Reagan beat him 2 to 1 in the "popular" vote.

In county races, Phyllis Dunn received 1,564 votes over her opponents, Myrtle Helm, 165, and Betty Lemons, 150 in the County and District Clerk's race.

In the Sheriff's race Elmer Neel, who was running for re-election, received 1,375 votes while Hill Wells received 425 votes.

Tom Seay won the race for County Commissioner of Precinct No 3 with 166 votes over his two opponents, O. R. Lambert, who received 89 votes, and Jack E. Nelson, who received 48 votes.

In the uncontested races Charles L. Reynolds received 1,296 for the Associate Justice, Court of Criminal Appeals, 7th District. Robert E. Montgomery, who was running for District Judge, 100th District, received 1,461. For District Attorney 100th District, Charles W. Darter received 1,212 votes. Lester H. Campbell received 1,560 votes.

## MHS Golfers To Go To State Meet

The Memphis High School boys golf team won a trip to the Class A State Meet in Austin the weekend of May 14-15 by taking second place in Region I last weekend in Lubbock.

Memphis shot a 630 for 36-hole play in pouring rain on the Meadowbrook Course, in Lubbock, after coming back the second day with a 308. The team's first round of 322 put them in third place, four strokes behind Iraan, and gave Rankin a huge lead for the Regional title. Rankin had a 309 the first day and a 314 the second to shoot a 623, seven strokes ahead of Memphis.

Don Cofer, with rounds of 77-74 tied for second place medalist, but lost in a three-way sudden death to a Rankin player.

"I got into trouble and missed the green," Coker

said, "and when I pitched at the hole to try and salvage par, my ball landed in the water on the green and stopped short. I didn't see the water, so I had to settle for a boggie." The Rankin player, Gary Varnadore, took a par and the third player had a double boggie.

Matt Monzingo shot rounds of 81-76 for a 157. Steve Browning shot 82-79 for 161. Rodney Hall had 83-79 for 162 and Ricky Guy had an 85-78 for 163.

Iraan placed third in the meet with a 636, Wyle fourth with a 638, to be the teams in contention for the top two spots.

Memphis golfers are playing against the defending state champions from Rankin the same boys who defeated a Memphis team last year at Austin.

The Memphis High School track team lived up to its reputation and won the Region 1 track championship Saturday in Lubbock.

Competition in the Region was every bit as stiff as Cyclone Track Coach George Berry expected, and several of the team's most talented performers did not qualify for state.

Memphis did, however, win both relay events, and the long jump, thanks to the best-ever effort of Rickie Spruill in his speciality, and Spruill qualified in the 100-yd. dash by taking second.

Memphis captured three trophies in the meet, and scored in eight of 11 events, winning both relays, polling 80 points to 40 and a half for runner-up Paducah in taking the team trophy.

Coach George Berry, proud of this team's Region crown, is all smiles this week, especially when the mile relay team is mentioned.

"I expect Spruill and the sprint relay team to have a good day, but our mile relay team just hadn't performed as well as we hoped so we were thrilled with this team's victory and elated with 3:24.7 time which trimmed almost 10 seconds off their last effort," the coach said.

Memphis really got rolling when Rickie Spruill used his first finals long jump to reach 22'7", (setting another school record) to defeat defending regional champion Mark Barton of Springlake Earth (22-5) in the process.

The Cyclones followed with a winning 13.3 sprint relay with Pedro Salinas, Charles Bayley, Fred Alexander and Rickie Spruill running. The team had a 43.2 in the preliminaries.

Spruill took second in the 100, clocked at 9.5, being edged by Barton. He finished third in the 440 (50.4) and Steve Flenimons was fourth in the high hurdles at 15.0, and miler Kendall Shahan placed fifth in that race with a fast 4:39.3. Shamrock's David Ransey placed fourth with a 4:37.2.

This set up the mile relay. Darryl Smith ran the first leg in 51.4, giving the baton to Pedro Salinas who ran a 51.5, before handing off to Kirk Fields who brought the baton around in 51.3. Anchorman Eddie Williams ran a 50.2 on his lap and held off Sanford - Fritch challenger Scott Richardson all the way and fast-closing Don Harris of Crosbyton who nipped the Fritch man at the tape for second.

Williams was quoted by the area press as saying, "Ten yards out, I saw Austin, Tex. in my eyes and I wasn't going to let anything stop me."

Coach Berry, who has constructed a special hallway display with school track records on it, said, "I haven't put up the marks this team has broken yet because we still have one more try at breaking some of these records. 'Spruill is the best sprinter I have coached and I feel this year's team has worked hard and has the spirit to even better what they have already done," he said.

An insight into the life of a track coach is an interesting one. This year, Coach Berry told the mile relay team they could not wear the new warm-ups until they broke a 3:30. The team did it in a spectacular way at Lubbock Saturday and qualified to take a shot at the state crown, along with the sprint relay.

This is the first Memphis track team to qualify both of its relay teams for the state meet. Competition at Austin is always tough for there is something that always brings out the best efforts there.

## "Rooster Cogburn", John Wayne Katharine Hepburn, At Tower

Universal's "Rooster Cogburn" showing at the Tower Drive In, Thursday, Friday and Saturday, brings John Wayne and Katharine Hepburn together in an exciting Hal B. Wallis Production.

In recent years, the self-appointed Cassandras of the entertainment world have bemoaned the dearth of star teams that made the cinema glamorous and exciting during the golden years of Hollywood. Where, they plaintively ask is that old magic?

That old magic is alive and as engaging as ever with the pairing of John Wayne and Katharine Hepburn, two titans of the screen, in "Rooster Cogburn."

Wayne, Hepburn, Wallis... three names that immediately recall the grandeur of Hollywood. Collectively, they have garnered 36 Academy awards and 139 nominations. Additionally, Wallis has twice received the coveted Irving Thalberg Award from the Academy for consistently high production standards. The career of each has spanned four decades and they still ride high on the crest of popularity.

"Rooster Cogburn" suggested by the character in the novel "True Grit" by Charles Portis, returns John Wayne to the role of the rascallion eye-patched Deputy Marshall that won him an Academy Award in Wallis highly successful screen version of the Portis book.

If Rooster fits Wayne like the proverbial glove, the part of Eula Goodnight, the Bible-spouting missionary who teams up with the gunfighter to avenge the death of her father, is no less close to the skin of Katharine Hepburn. In fact, the affinity of the two stars for their roles is so striking that producer Wallis began to search for another adventure linking the characters of Rooster and Eula immediately on completion of "Rooster Cogburn."

John Wayne has long been the undisputed box office champion of the world and is the only star to have been on the top money-making list for twenty years, usually as the number one. His credits include such memorable films as "Fort Apache," "The Quiet Man," "Red River," "The High and the Mighty" and "The Alamo."

Katharine Hepburn is the only member of Screen Actors Guild to have won three Academy Awards, and champion in the number of times, eleven, that she has been nominated as best Actress. She recently won her first Emmy for her stunning performance opposite Laurence Olivier in "Love Among the Ruins."

"Rooster Cogburn" was filmed on location in Oregon in the Deschutes National Forest and the Rogue River Area with the invaluable cooperation of the U. S. Department Forest Service and the U. S. Department of the Interior Bureau of Land Management.

The grandeur of Oregon, with the wild beauty of Taylor Creek Gorge, near Grants Pass in the state's western foothills, and the breathtaking forests and meadows of Bend, has been impressively captured on screen in Technicolor and Panavision.

**BAND OFFICERS**—Jana Davis (upper left) was elected Band Captain for next year. Julie Fowler (center back) was named Woodwind Lieutenant, and Jody Dixon (upper right) was named Brass Lieutenant. J. Frank Spry was named Percussion Lieutenant, while front left, Dacarla Sasser and front right Brenda Davis were elected First Lieutenants.

## Ammonia 'Saves The Day' For Campers

COLLEGE STATION — A mildew-covered tent doesn't have to spoil campin — just clean it with ammonia. Mrs. Lillian Chenoweth, a family resource management specialist, says.

"When canvas tents or canopies are unfolded for the first time since last year's trip, mildew may cover the scene.

"But instead of hunting someone to blame for not trying the tent before folding and storing it — look for the amonia — either straight or household ammonia," she added.

Mrs. Chenoweth is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Unfold the tent or canopy outside in the sunshine. Use an old rag that can be discarded. Apply full strength ammonia to the mildewed areas and rub with the old rag.

"Some slight discoloration may result but the mildew should be easily removed. Allow the tent to dry completely before folding. Discard the rag after use so that the mildew is not spread," she reminded.

She said that if any holes have suddenly appeared in the canvas, patching kits are available.

## 200-Mile Limit To Affect Texas

AUSTIN—Foreign fishing fleets will have to be licensed to operate within 200 miles of the United States coast after March 1977 and then allowed to take only those species of fish determined to be excess domestic fleets.

Texas Parks and Wildlife Department coastal fisheries personnel are analyzing a measure signed in mid-April by President Ford that will extend fishery jurisdictional boundaries from the present 12-mile limit to 200 miles off the U. S. coast.

Mexican and Cuban fishing boats would be affected most in the Gulf Coast area.

In the Atlantic and Pacific oceans, the Soviet Union and European nations would be affected by the territorial extension.

Although the extension of the 200-mile limit would be depleting traditional American fishing grounds, "this legislation would still permit foreign boats to fish inside the 200-mile limit," said Terry Leary, Texas Wildlife Department director.

"The foreign fleets could still fish in the extended limit. The difference would

be that they could do so only with a permit, and they could fish only for species determined as excess," said Leary.

The law sets up a Regional Fishery Management Council for Gulf States, which will be charged with recommending management plans for species fished in the Gulf of Mexico. The recommendations go to the Secretary of Commerce for adoption.

In addition to creating the councils nationwide, "the law provides guidelines to determine which fish found in the 200 miles offshore are to be managed and what is surplus to the domestic fishing fleet, and licenses foreign ships to fish for the excess," Leary said.

The law also provides for the signing of reciprocal agreements with foreign countries.

Leary noted that snappers, billfish (marlin and sailfish), mackerel, menhaden, shrimp and ground fish (croakers) as well as other species are found within the 200-mile boundary. Tuna are exempted from the act.

The Gulf Fisheries Management Council will be operational by September 1976, although establishment of the fishery zone will not take effect until March 1977.

The law makes the U. S. Coast Guard the primary enforcement agency of the 200-

## STATE CAPITAL

# Highlights AND Sidelights

by Bill Boykin

TEXAS PRESS ASSOCIATION

AUSTIN — Another auto rate increase will be requested this summer.

An industry spokesman last week said companies which write insurance on cars are in a "back to the wall" bind due to inflation and the soaring cost of repairs.

Rates were boosted on an average of 17 per cent effective January 1.

The State Board of Insurance annual auto insurance hearing has been slated for July 15.

Jerry Johns, president of Southwestern Insurance Information Service, claimed the worst inflation in a quarter century is gripping insurers.

"Unless the industry seeks additional rate increases, the state's insurance industry stands to lose hundreds of millions of dollars next year", said Johns.

The SHS spokesman estimated company losses nationwide last year at \$4.5 billion. Johns said car repair costs and medical expenses covered by auto policies have tripled during eight years.

Many companies, said Johns, are facing escalating costs which "seem to rise almost daily" and must have rate relief to survive.

### Bell Rapped

A State Senate subcommittee by a three - to - two vote adopted a staff report criticizing Southwestern Bell Telephone Company expenditures for entertainment.

The report claims Bell inflated figures going into its rate base by inclusion of "questionable expenses." Company spokesmen challenged the report and said it "reaches conclusions not supported by fact" and ignores testimony contradicting the conclusions.

### Courts Speak

Texas Supreme Court held the press and public have no blanket rights to see all police records.

Third Court of Civil Appeals upheld a 1975 act regulating mobile home manufacturers and distributors.

In other actions, the Supreme Court upheld a \$155,000 damage award to E. J. Richard, a Union Oil Co. ship officer, and a \$55,000 settlement to a San Antonio city employee burned by gasoline.

The Court of Criminal Appeals affirmed a life sentence conviction of a Dallas repeat offender for carrying a pistol into a place selling alcoholic beverages.

### Suit Filed

Atty. Gen. John Hill filed civil suits for more than \$2 million which he alleged was stolen from the Duval County Conservation and Reclamation District.

The largest of three suits alleges establishment of a secret account of the First State Bank of San Diego used to make payments and purchases with water district tax money.

### Funds Reallocated

More than \$4.5 million in federal Hill - Burton construction funds have been reallocated to 14 facilities across the state by the Texas Department of Health Resources board.

About \$3.8 million worth in loan funds went to hospitals in Dallas, Beaumont, Lubbock, Clarksville and Mount Pleasant.

Rehabilitation grant funds went to Houston, Fort Worth and Lubbock institutions.

Atty. Gen. Hill and other state officials urged the U. S. General Services Administration to transfer 18,999 acres of Matagorda Island land to the state for parks, recreation and conservation purposes.

Gov. Briscoe has recommended driver education for 270,000 registered motorcycle riders in Texas. He designated May 1-7 as Motorcycle Safety Awareness Week.

## Little Theatre Enjoys Sign Language Prog.

By VIRGINIA BROWDER  
The members of The Memphis Little Theatre met in the home of Mrs. Leo Fields the afternoon of April 28th, with Mrs. Jim Beeson serving as co-hostess. Following a brief business session and a welcome extended to Mrs. Pat Godfrey as a new member, the audience was highly entertained by a program on the sign language of the deaf.

Miss Karen Crisman and her sister Mrs. Stewart, grand - daughters of Mrs. Lynn B. Jones of Memphis, were gracious enough to make the trip from Lubbock in the rain to give the program. They have been members of a class in the study of 'signing' since last September and have become quite proficient in manipulating their hands for communication with the deaf.

They began by saying and signing the Lord's Prayer. In the course of their explanation, they emphasized the fact that not all deaf people are unable to speak. They may have imperfect speech because they are not able to hear the sounds they are trying to make but they are not necessarily mute. In fact, today we do not use the terms deaf - and - dumb mute.

The girls demonstrated the signs for many things and had books, pictures as visual aids for their program. They were presented with money courages in appreciation of their efforts. All the Little Theatre members, particularly Charline Greene, were most interested and delighted with the program. Charline's daughter, Ginger, has learned the sign language and is assisting in a school for the deaf.

Besides the hostesses, those present were: Mmes. T. M. Harrison, Bob Sexear, Harry Boswell, Bobby Carroll, R. S. Greene, Hubert Jones, Clyde McMurray, Mildred Stephens, Jim Wakefield, Andy Gardenhire, Pat Godfrey, a guest Mrs. Jimmy Fields, and Ms. Virginia Browder.

Mrs. Don Stewart, Jr., and sons, Paul and David and Miss Karen Crisman of Lubbock, visited April 28 and 29 with their grandparents, Mr. and Mrs. Lynn B. Jones.

## Memphis Hosts Presbyterian Meet Friday

By VIRGINIA BROWDER  
The several Presbyterian Churches in the Panhandle district known as The Palo Duro Union Presbytery have designated certain ones of their congregations to represent them as members of a "task force."

Headed by Don Shepherd as chairperson, several churches in this Presbytery met at The First Presbyterian Church in Memphis the morning of Friday, April 30th. The purpose of this "task force" group is to consider the problems, struggles, weaknesses, hopes, and strengths of the small churches in West Texas.

Serving as host for the meeting was the Reverend Owen McGarity as pastor of both the Clarendon and Memphis churches. Assisting him with the refreshments were Mmes. John Deaver Sr., Allen Grundy, Bill Cosby, and Ms. Virginia Browder. The ladies and Paul Montgomery sat in on the discussion that followed the donuts and coffee.

The exchange of ideas toward bettering the conditions

discussed proved both thought provoking and stimulating. Those present from other towns were: the Rev. Lael M. Smith from the First Presbyterian Church in Childress and the Rev. H. L. Friedel from the First Church in Haskell. Mr. Friedel also serves the churches at Throckmorton and Rule. Laymen present included Messrs. Bob McCasland from Canyon, Kenneth E. Fink from Childress, and William C. Weeks from Stamford. We were pleased that Miss Cara Lee Smith accompanied her father to Memphis. She is a student at Texas Tech and interrupted study in the text books she brought along to sit in on the "round table" discourse.

## Chamber Office Has Bob Wills Coins & Books

The Hall County Bicentennial coins have arrived and are now on sale at the Memphis Chamber of Commerce office, Jim Ed Wines, manager, announced this week.

Two recently published books on the life of Bob Wills are also on sale at the Chamber office. They are "My Years with Bob Wills" by Al Strickland, a band member and "San Antonio Rose, Life and Music of Bob Wills" by Chas. Townsend, a professor at West Texas State University.

Regardless of what you think, character is still the best security for a loan.

## Tornado Season Here Again

COLLEGE STATION—Hot humid windy weather can be a dangerous signal for Texas during the spring months.

Why? Because these weather conditions breed tornadoes, and Texas is the most tornado-prone state in the nation, says Dr. Gary Nelson, agricultural safety engineer for the Texas Agricultural Extension Service.

Texas has an average of 103 tornadoes a year, with most of them occurring in April and May when there are violent winds, severe thunderstorms, and masses of cool and warm air colliding with each other.

Eight out of 10 tornadoes occur between noon and midnight, with more than 20 per cent in the two-hour span from 4 to 6 p.m.

Tornadoes, which take an average annual toll of 184 human lives in the U. S., usually travel southwest to northeast and stay on the ground about ten minutes. Their forward speed is about 30 miles per hour, but wind speeds in the funnel of a tornado can get up to 300 miles per hour, explains Nelson.

The National Weather Service issues a "tornado watch" when atmosphere conditions are favorable for the development of tornadoes. A "tornado warning" is issued when a tornado has actually been sighted or detected by radar.

"If you hear of a tornado watch, stay tuned to a radio or television for weather reports," says the Texas A&M University System engineer. "If a tornado warning is issued, take cover in a basement, cellar or civil defense shelter and keep a battery-powered radio handy in case power lines are down."

The safest refuge, says Nelson, is a tornado shelter, underground excavation or reinforced concrete structure.

"If you don't have a basement, stay in the central part of the lowest level of the house or get in a closet or bathroom or under heavy furniture. Open a few windows but stay away from them," the engineer warns.

"If you're in an office or factory, stay in an inside hallway on the lowest floor or go to a designated shelter. "Get out of mobile homes

or old, poorly built buildings and stay away from any structures with free-span roofs such as gyms or auditoriums.

"If you're caught in open country when a tornado hits, head for a nearby building or lie flat in a ravine or ditch. Don't stay in a car unless you can drive away from the tornado at right angles to its path.

"If you sight a tornado, report it at once, but don't pick up the phone.

## THANKS

I would like to say "Thank You" to all the people of Hall County for their kind consideration during my campaign for office of County and District Clerk, especially the people who supported me.

Even though I lost the election, I won a lot more through experience and meeting the people of Hall County. This experience can never be taken from me.

Again I say "Thank You."

Sincerely

Betty Lemons

## B. B. Shots

By  
BYRON BALDWIN

They did it again in great style (which was one of the reasons I regretted having part in) and that was the Homecoming which Miss Stephens, Virginia Brown and others did so much work on, making it the most successful homecoming ever held for MHS, as they were here from all over the S. A. with love and fond memories of their school days. Several of them visited for a few minutes and enjoyed their visit very much. I remember were Gene Tennison and Gene Tennison of Arlington, who visited me several times while I was in the hospital at Dallas; also, Mr. Roy Alvin Massey and Roy Alvin. Also, Mr. and Mrs. Cloyd Foreman of Mississippi and daughter Sally and her husband, Cloyd will be remembered as the son of late Mr. and Mrs. L. L. Foreman who moved to Hall County in the Harrell Community in 1906. They moved to Memphis where Ms. Foreman was one of the building contractors in the early days. (Others I remember in this family were Mr. Foreman (deceased) and Mrs. George Hillis who now lives in Clarendon and Mary Foreman Vaughan, now of Big Spring. Many of you will remember the last time Cloyd worked in Memphis was when he worked with Geo. R. Culbreth in the wholesale oil business. Also, visiting me during homecoming was Mary Neely (McNeely) Sensabaugh of Dallas, Congressman Jack Hightower and his mother, Mrs. Walter Hightower, who also on a walker, came and I may be ready to race for the Hall County Picnic! The report I had from Hubert Dennis and Mrs. Williams was that there are about 100 of the Exes in the museum. I noticed the Kelly family was well represented by Alice, Marie,

Davis, Hugh and Bill. Many of you will remember when their dad, J. M., was in the furniture business here with George Hattenbach. The Hattenbach family was represented by Thelma Lee Whaley and daughter Shirley. The Dodson family had a representative here who was Paul. If I remember right, Paul and his dad both worked for the Memphis Democrat at one time. Another person I noticed that registered in Heritage Hall was Elzina (Fain) Shaffer of DeSota, Texas. This lady was so homesick for Hall County after leaving here that she dug up a tumbleweed and carried it to DeSota to put out. I never did know if this tumbleweed lived. Others were Billie (Montgomery) Sadler of Denton and her mother, Juanita; Mr. and Mrs. Richard Ayers of Berger, Mrs. Ayers will be remembered as Doris Compton; Mr. and Mrs. Curtis Hockaby of Pampa; Mr. and Mrs. W. D. McCool of Dumas. I am sorry that I could not check the registration and give all visitors in Heritage Hall. Hubert Dennis reported a generous check for Heritage Hall from Mr. and Mrs. Willis (Suz) Lemons of Houston in memory of Mrs. P. L. Hackworth who had passed away. The Hackworths were residents here a number of years ago. They had one daughter, Netta Mae who now makes her home in Arizona and Colorado. If I remember right, P. L. operated a freight service here with his wagons and teams. Thanks to Willis and Ruby (McCanne) for remembering Heritage Hall. Mrs. Hackworth had an outgoing personality. Andrew Carnegie came to America as a lad, an immigrant from Scotland. He amassed through hard work and skill one of the greatest fortunes in America. Below are quotes from his autobiography: "Whenever one

learns to do anything, he never has to wait long to put his knowledge to use." "Our air castles are often with in our grasp late in life, but then they charm us not."  
Mr. and Mrs. Matt Ward of Tyler visited me at home after they made the Newlin Homecoming last weekend. Newlin was Matt's home when a small boy.

It was reported to me that Mr. and Mrs. Kenneth Dale broke out with the hives the past weekend and made a fast trip to Gainesville to see their first grandchild. They may have a picture that they will want to show you when they return.

Another Mother's Day will be observed Sunday, May 9. It is a special day of the year when we remember our mothers and the joys of years gone by."

## COUSINS HOME

April 1 residents of Cousins Home decorated an Easter tree which consisted of a tree limb sprayed white and colored eggs, little baskets and other Easter ornaments were put on it.

The Assembly of God Church had charge of services each Sunday afternoon at 3 p.m. for the month of April. The Church of Christ had services each Tuesday evening at 6:15.

The Travis Baptist ladies made lap robes of double knit material for each resident of the home and brought them to the home April 11. They were very pretty and we appreciate them remembering all the dear people who live in the home.

April 12 a birthday party was given for Mr. Lenard Cole who was 72. Mrs. Mattie Phillips who was 84 and Mrs. Clara Bragg who was 86 April 13. Mrs. John Smith furnished music for the occasion. Mrs. Smith also accompanied Mrs. Parker on the piano as she sang a solo. Each honoree had their picture made with their birthday cake and "happy Birthday" was sung to them. Ice cream and cake was served. Easter Sunday several residents attended church services and a number of them went home with their families for dinner. A good dinner was served at the home. During

the day, a number of people visited in the home.

Mr. Shirey Patrick played the piano April 21 during our sing along.

We express our sincere thanks to all who have a part in making life more pleasant and happy for residents in Cousins Home.

## Jack Hightower Receives Public Service Award

(Washington, D. C.) Congressman Jack Hightower was one of 41 Members of Congress, including five from Texas, who this week received the highest public service award presented by the National Alliance of Senior Citizens.

Hightower was inducted Wednesday into the organization's "Golden Age Hall of Fame" in ceremonies in the Longworth House Office Building. Other Texans inducted with him were Congressmen George Mahon of Lubbock, Omar Burleson of Anson, Bob Krueger of New Braunfels and Dale Milford of Grand Prairie.

### To The Editor

Mr. Bill Combs, Editor  
The Memphis Democrat

Dear Bill — and all you wonderful people of Memphis and its surrounding area, through the auspices of the Democrat;

Just wanted you all to know how very much my wife and I appreciated being able to be in Memphis for the Memphis Ex-Students Association Reunion and the wonderful hospitality we were shown as well as the warm welcome we received everywhere we went. It was certainly a delight to get to see and visit with so many old friends and classmates. And let me say here, that Memphis (and Hall County) still has the friendliest people living there of any place in the world, in my opinion.

It was a delight to see the way Memphis has progressed over the years and even through business establishments have changed, moved and been altered around the square, it's still the same old Hometown to me in most respects. And people who have moved into Memphis since I moved away have adopted to the old time friendliness and hospitality it's always been famous for.

The program prepared for visitation, registration, parade, banquet, etc., was superb. The committee is certainly to be congratulated over and over again for their efforts. And the meal served by Robert Galloway and his staff was superb.

I certainly hope to be able to attend the next reunion in two years and see even more of my classmates — say from the years '40 to '45 as well as those from other years.

All in all, it was a thoroughly enjoyable four days visit and may I say to those

who couldn't attend — Don't miss the next one."

You may be like me and not recognize some one at first, but after a little while — it all comes back and they are familiar again.

I was particularly elated to see all the new churches that have been built (as well as schools) and thoroughly enjoyed attending services at Travis Baptist Church on Sunday morning and evening and getting to hear Brother Huggins (whom I had met before) preach. In my opinion, he certainly is an asset to Memphis (and I'm sure all the other ministers there in Memphis are also.)

I came back home just

about in the mood to re-arrange my life as it's been for the past 25 or 30 years, tear out roots here and move back to Memphis.

What a wonderful town it is. And always will be. Our thanks again to all for the wonderful welcome and hospitality.

Very Sincerely,  
J. E. Hodges

Silver and gold coins have a rough edge because if they were smooth it would be easy to file off some of the valuable metal without changing the coin's appearance.
