PARENTS CLUB PLEA

Approximately \$500 was taken from the Parent's Club concession stand cash box on Saturday night at the Fall Festival between 10:00 and 11:00 p.m. The Parent's Club is sincerely requesting that the person that took the money simply return the money, and no questions will be asked. you may return this money to P.O. Box 296, Gail, Texas 79738 in care of the Parent's Club.

A tremendous amount of work was put forth to make the 1990 Fall Festival a success for our children. This money was going to be used to purchase playground equipment for our children. We ask that you please take this into consideration, and return the money that was taken.

DRUG AWARENESS WEEK

The week of October 21-27 was National Drug Awareness Week. Mr. Elton Childress and Mr. Roy Burdett of the Lynn County Sheriff's office conducted an assembly related to drugs and drug abuse for students in grades 6-12 of the Borden County Independent School District on Wednesday, October 24, 1990. Mr. Childress serves as a deputy for the Lynn County Sheriff's Office. He also owns two dogs that are trained in several phases of law enforcement and narcotics control. One of

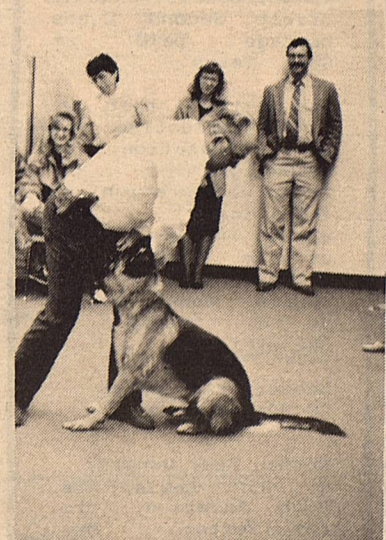

Mr. Childress' dogs was used to demonstrate the ease that drugs could be located with the use of a drug dog. Mr. Childress informed the audience that a dog's sense of smell is approximately 100 times greater than a human's sense of smell; therefore, this is why they are well adapted to detecting narcotics that are present or that have been present in a particular area. Mr. Childress, emphasized that his dogs could smell a person's clothes and detect if the clothes had been

in contact with drugs or narcotics the previous night.

At the conclusion of the program Mr. Childress used his dog to conduct a locker and vehicle check within the Borden County Independent School district to determine if there were any drugs present on the school campus. Mr. Childress emphasized that he would be available in the future to assist the Borden County School district with its drug control and drug awareness programs.

COYOTE NEWS

COYOTES MOVE TO 3-0 IN DISTRICT PLAY

The Borden Coyotes defeated the previously undefeated Trent Gorillas in district play Friday night to move their standings to 3-0. The Coyotes are the only team left with an unblemished record. The victory placed the Coyotes in first place with two games left, Loraine and Highland. If the Coyotes take care of their business and stay healthy they should not have any problems finishing 1st Place in District.

The Coyotes kicked off to the Gorillas and held them for no gain. The Coyotes then drove 30 yards and

scored on a 14 yard dash by Jimmy Rios, Shannon Smithie passed to Jimmy Rios for the one point PAT, and the score was 7-0 with 7:18 left in the 1st quarter.

The Coyotes tackled the Gorillas at the Trent 15 yard line, on the kick off. Three plays produced them 4 yards. They punted to the Coyotes to the Trent 38. On 3rd and 15 at the Trent 20, Shane Kemper hit J.J. Kincheloe for 19 yards and a 1st down at the Trent 1 yard line. Klint Kemper went 1 yard for the touchdown. This time Jimmy Rios passed to Shannon Smithie for the 1 point PAT. The score was 14-0 with 2:49 left in the 1st quarter. After Trent made their first 1st. down. the Coyotes held the Gorillas and took over. Cole Vestal caught a pass for a 1st down. John Paul Harris got 9 yards to the Trent 1 yard line. Jimmy Rios plunged 1 yard for the touchdown. The PAT was no good, and the score was 20-0 with :31 seconds left.

In the second quarter the possession of the ball alternated and the Coyotes found their backs to their own end zone. With 3rd and goal at the 1 yard line Rod Jeter made a nice tackle. On 4th down Rod Jeter and Klint Kemper made the stop to hold the Gorillas scoreless. the Coyotes failed to make a 1st. and Jimmy Rios punted the ball to Trent's 35. The Coyotes held the Gorillas but fumbled right back to them. This time the Gorillas found pay dirt on a 2 yard run with 0:23

seconds left. the score was 20-6 at the half.

The second half began with the Coyotes rushing 48 yards downfield. This drive was completed, when Jimmy Rios ran the ball 4 more yards to a touchdown. Shannon Smithie's kick made it 28-6 with 6:08 left in the 3rd quarter. Trent took over at their 18 yard line. Cole Vestal then recovered a fumble at the 28 yard line. Jimmy Rios ran 19 yards to the 9 yard line. On 3rd and goal at the 6 yard line, Shane Kemper hit J.J. Kincheloe in the end zone for 6 more points. Shannon Smithie's kick was again good, and the score was 36-6 with 3:38 left in the 3rd quarter.

On Trent's next possession, they connected on a 38 yard touchdown pass. the PAT kick was good, and the score was 36-14. The Gorillas tried an on side kick when Jimmy Rios picked it up and went 50 yards on the return for the touchdown. Shannon Smithie's PAT was again good, and the score was 44-14, with 0:34 seconds left in the 3rd quarter.

In the 4th quarter the ball changed hands a few time before the Trent Gorillas found their way to the Coyotes end zone. The kick for the PAT was blocked, and Cole Vestal picked the ball up and ran to the other end to give the Coyotes a score.

The game ended with the Coyotes threatening to score again, and the clock ran out. The final score was 45-20.

The Coyotes made 16 first downs to the Gorillas 10. The Coyotes had 7 penetrations, Trent had 4. The Coyotes had a total of 292 yards, and the Gorillas had

294.

Jimmy Rios rushed 19 times for 142 yards and 3 touchdowns. He ran a 50 yard kickoff return back for a touchdown. He passed 4 times for no completions and made 15 tackles.

Klint Kemper rushed 12 times for 39 yards and one touchdown. Klint made 11 tackles on defense. Klint doesn't get to rack up many yards each game, he is asked to get the hard yards. On short yardage we can always go to Klint and he usually gets them.

John Paul Harris rushed 6 times for 35

yards, and Brandon Adcock rushed 1 time for 3 yards. Brandon also made 8 tackles on defense.

Shane Kemper passed 6 times for 5 completions, 73 yards and 1 touchdown.

J.J. Kincheloe was the leading receiver with 3 catches for 53 yards and one touchdown.

Cole Vestal caught 2 touchdowns for 20 yards. Cole also made 11 tackles.

Paul Sturdivant had another good game defensively, he made 10 tackles..

Rod Jeter kept the Coyotes fired up on defense and he made 9 tackles.

CHALK TALK BY COACH AVERY

The Coyotes had another great week of football. We have to keep this up the next two weeks and not go flat before our play off game. It may be too early to start talking playoff, but we have beaten what were supposed to be the toughest teams. Now all we have to do is take care of our business and beat Loraine which will be here. We will play Highland there on November 9, and then we will be home free.

Everyone come out to root the Coyotes on to their first district championship since 1972. The Coyotes have never won district playing 6-man football.

Everyone come out Friday night, and join in the excitement. Catch that COYOTE SPIRIT!

Congratulations to the Borden County Junior High Team. They finished an excellent season with a 4-1 record Thursday night. Way to go PUPS!

COYOTES WIN LAST GAME 20-18

The Coyotes Junior High team won the last game of the season Thursday night when they came from behind to defeat the Highland Hornets 20-18. The Coyotes led 14-6 at halftime, however the Hornets scored 6 points in the 3rd quarter and 6 points in the 4th quarter to go ahead of the Coyotes. The last touchdown occurred with 2:26 left in the game. The Coyotes had two time outs left. The Coyotes produced an outstanding drive to the Hornet 15 yard line with 15 seconds left on the clock. A sweep left was the call. An

outstandinga block by Chris Myrick and Bucky Williams allowed Virgial Glaze to run the 15 yards for the touch down. The Coyotes led the whole game until the last two minutes, they showed great determination and courage to drive the length of the field and take the lead back. Scoring for the Coyotes were: Bucky Williams, with two touchdowns, Chris Myrick and Clint Miller each caught a pass from Kirt He Hess for a 1 point PAT. Virgil Glaze scored the last touchdown and the PAT failed.

"Extended" Absentee Voting

With "extended" absentee voting under way, Secretary of State George Bayoud reminded Texans that his agency's toll-free, hotline is available during extended hours for election-related questions or problems.

Bayoud, the state's chief elections officer said the hotline-1-800-252-VOTE(8683)-is available from 7:30 a.m. until 8 p.m. on Monday, Oct. 29 through Friday, Nov. 2.

"Voter participation is among the highest priorities of my administration," Bayoud said. "To encourage full participation, integrity of the electoral process must be absolute. That can only occur when voters have total confidence in the fairness and openness of our voting system."

To that end, Bayoud cont. to pg. 5

Hurston Lemons, Jr.(D)

I would like to take this opportunity to thank the residents of Borden County for your past support and ask you for future support on Tuesday, November the sixth. I will be seeking the job of Constable as a WRITE-IN candidate. A job I have held with great pride since May of this past year.

I have attended the University of Maryland and Central Texas College, studying criminology. I've also received certification as an emergency medical technician through Howard College, and am currently a member of the Borden Emergency Medical Service. I served four years in the U.S. Army attaining the rank of sergeant and received an honorable discharge in 1976. I plan on continuing my education in law enforcement by attending a basic law enforcement course designed with the county constable in mind.

If you elect me to the position of constable, I will continue to serve Borden County with pride and strive to improve our county in every aspect. Once again, I thank you for your support and encouragement.

Pd. Pol. Ad. by Royce Nance

Serving you with pride, Royce Nance

Zepeda seeks Borden County constable post

Seeking the office of constable as a write-in candidate is Gail resident Edward Zepeda.

A self-employed builder, Zepeda credits himself with being a hardworking, dependable and honest family man, with eight children in his extended family. Zepeda's wife Alice, is a nurse employed at the Malone-Hogan Clinic in Big Spring.

Zepeda expressed a desire to help the Gail community, but he said he's not familiar with the steps required to implement solutions to the concerns in Borden county, and he doesn't want to sound like a "gung ho politician."

Yet Zepeda does have many ideas for improving Gail and Borden County, including traffic control, fire-fighting equipment and drug abuse prevention.

In a written report Zepeda said, "The intersection at downtown Gail has only one blinking traffic light. This needs some sort of speed limit control to lower the chances of accidents. Traffic passes through downtown Gail at excessive rates of speed and there could be accidents."

Zepeda said he's been out on patrol with Lamesa highway patrolman Johnny Anzuldua for observation.

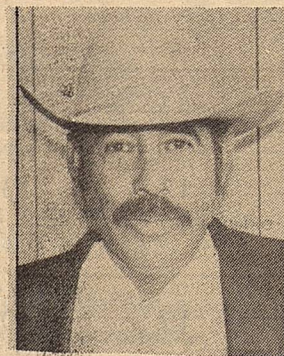

Concerning awareness and prevention of drug abuse, Zepeda said he thinks the way to prevent drug abuse is "informing and educating parents to be more involved with what is going on in school. If parents are aware there is a potential for a drug problem, then they can help teachers and counselors to better inform and educate all children."

Zepeda also said he thinks there should be patrols for security in Borden County.

"Borden County stands in the middle of three major areas that now have or are planning to have prison systems. The people need to be made ware of this situation and the need to be cautious," he said.

Concerning the threat of fires in the Borden County area, Zepeda said there is a "lack of reliable fire-fighting equipment. In cases of fire, the county depends on volunteers and, in some cases, the help arrives too late or is helpless without proper equipment.

therefore the insurance premiums (if we are lucky enough to get insurance at all), are very expensive."

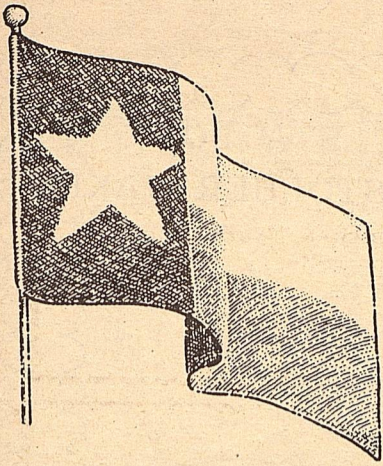

EDWARD ZEPEDA

Zepeda is a member of the Saint Margaret Mary Catholic Church in Lamesa. He said his hobbies include fishing, hunting and working with his hands.

Zepeda said he does not drink and that he is bi-lingual, a qualification he considers important for the constable position in Borden County.

Pd. Pol. Ad. by Edward Zepeda

cont. from pg. 4 **Absentee Voting**

encouraged Texas voters to use the election hotline if they have any questions or concerns about the election or the voting process.

During the "extended" absentee voting period, which runs through Friday, Nov. 2, registered voters can appear at county courthouses

and other absentee polling places across Texas to cast ballots for the Nov. 6 election. The deadline to register to vote in the Nov. 6 election was Oct. 7 in person and Oct. 9 by mail.

For information on local absentee voting hours and locations, call your county clerk,

RE - ELECT
MELISSA "LISA" LUDECKE

CANDIDATE FOR
COUNTY TREASURER
BORDEN COUNTY

— SUBJECT TO DEMOCRATIC PRIMARY —
Pol. Adv. Paid for by Melissa Ludecke,
Box 153, Gail, TX 79738

BY TEXAS SECRETARY OF STATE
GEORGE BAYOUD

Would you believe there is a great state in the world's greatest democracy where less than one-third of the people who are eligible to vote actually cast their ballots in important statewide elections every four years?

Would you believe, fellow Texans, the great state I'm referring to is Texas?

Such is the case in gubernatorial election years dating back to 1974. During those years, less than half of the state's registered voters went to the polls, while about one-third of voting age Texans did not even take the time to register to vote.

Here's the most recent example. In November 1986, almost 11.8 million people were eligible to register and vote. Of those, about 7.3 million were registered, but only 3.5 million actually took the time to vote. In other words, 29 percent of voting age Texans turned out at the polls.

For the sake of comparison, voters in California go to the polls at a much higher rate. In a California gubernatorial election year, it's not unusual for turnout rates to approach 70 percent of those people who are

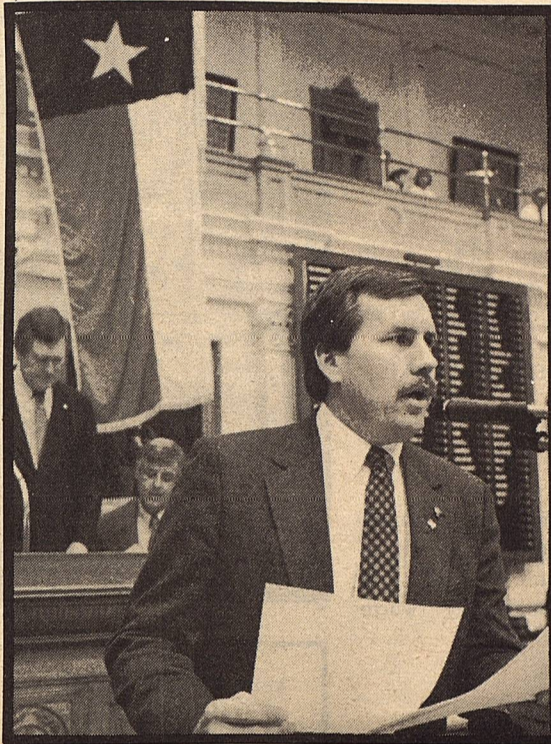

registered to vote.

Another important gubernatorial election year is upon us in Texas. Unless the historical trends abruptly reverse themselves, those national, state and local leaders who will guide us toward the 21st century will be chosen by less than one-third of the Texas electorate. What a shame when you consider the critical issues that confront our state and country.

Literally hundreds of important decisions at all levels of government will be made in this year's election. We will elect a U.S. senator, governor, lieutenant governor and scores of other statewide and local officeholders.

Also on ballots statewide is a proposed constitutional amendment to clarify the authority of the Texas Senate to consider certain nominees to state and district offices. If history repeats itself, however, a disturbingly small number of Texans will make those decisions.

Fellow Texans, beginning on Wednesday, Oct. 17 - the first day of "extended" absentee voting - we will be choosing people to represent our interests

Bidding proposals are to be requested from the Construction Division, D. C. Greer State Highway Building, 11th and Brazos Streets, Austin, Texas 78701. Plans are available through commercial printers in Austin, Texas, at the expense of the bidder.

Usual rights reserved.

SECRETARY OF STATE

on vital issues. This is an extremely important election year, one that is much too important to watch from the sidelines.

The absentee voting period runs through Friday, Nov. 2, providing Texans with an extended voting period, instead of just an election day. If you are registered to vote, there simply is no excuse to stay away from the polls. This year's election period culminates an election day, Tuesday, Nov. 6. In other words, you have 18 days to exercise your constitutional right- the simple task of casting your ballot.

Recently, we have witnessed political freedom and democracy take root all over the world. It is my hope that these sweeping worldwide political changes will inspire more Texans to vote this year. We need to be a role model for these emerging democracies. We need to

practice what we preach. If you don't take the time to vote, I believe you have no right to complain about your government or its elected officials.

Several years ago, the late Robert Smith of Austin, then the Travis County district attorney, captured what I believe to be the essence of civic participation in a so-called "you are the 'they'" speech he gave during the closing arguments of a trial.

In his remarks to jurors, Smith said: "Have you every thought to yourself 'they' ought to do something about crime? Well, today, you are the 'they'."

Remember, in this election and all future elections, you are the "they". You have the power to elect people who will make the decisions that affect your lives and our state.

Study the issues and

learn as much as you can about the people who want to represent you on the county, state and national levels. Take advantage of the precious freedom you possess as a citizen of the world's greatest democracy. Take a few moments and get involved by casting your ballot.

Prostate Cancer

Get checked.

Men 40 and older need regular exams so that this common cancer can be found early, when cure is more likely.

End Of Year Crop and Livestock Surveys

The Texas Agricultural Statistics Service will begin contacting farmers and ranchers across the state in late November for 1990 acreage, yield and production totals and end-of-year livestock and poultry inventories.

Extreme weather conditions have certainly had an impact on Texas agriculture this year. From the heavy rains and flooding in East Texas last spring to this summer's prolonged hot, dry conditions, weather has been a major factor in Texas production this year. These surveys should help us summarize where the industry stands at the end of 1990.

Information from these confidential surveys conducted by mail, telephone or in person will also help producers make their plans for the coming year.

Sound production and

Statement by Secretary of Agriculture Clayton Yeutter

Early this morning Congressional conferees secured agreement on a comprehensive farm bill. Agreement was accomplished through the fine work and persistence of Congressman Kika de la Graza, Chairman of the House Agriculture Committee, Senator Patrick Leahy, Chairman of the Senate Agriculture Committee, and their two Republican counterparts, Congressman Ed Madigan and Senator Richard Lugar, along with the excellent input from Senator Minority leader Bob Dole and other conferees.

No farm bill in memory has been written

marketing decisions require good, reliable information and some advanced planning, and our reports provide producers with solid facts and figures they can incorporate into their plans.

As always, the Texas service will be trying to keep survey costs at a minimum, urging producers to return their mailed questionnaires as soon as possible to avoid follow-up contacts.

Remember, these are sample surveys, so if you are contacted it is important to provide the requested information, since one producer represents several other operations of the same type and size.

Results of the surveys will be published in early 1991. Anyone wanting a copy of the results can write Information Section, Texas Agricultural Statistics Service, P.O. Box 70, Austin, Texas 78767.

under circumstances as complex as this one. Not only did the conferees have to visualize the needs of American agriculture over the next five years, but they had to do so in the context of demanding budget realities, increasing global competition, heightened trade disputes, and the necessity for American farmers to expand their role as stewards of our environment.

The dairy provisions are a vast improvement over the versions which initially emerged from the two Houses of Congress. They are much less likely to provide additional

government intrusion in the daily business.

The new bill strengthens the ambitious and constructive environmental goals of the 1985 Farm Bill. It gives increased emphasis to programs involving water quality and tree planting, while also taking steps to improve the fairness of existing programs such as swampbuster and sod-buster.

The initial versions of the legislation strayed from the successful policies that were enacted in the Food Security Act of 1985. But at the end of the Congressional process, the basic precepts of that Act were retained. They will continue to be solid building blocks for the future.

In particular, the 1985 Act enhanced the international competitiveness of American agriculture, and the new bill will fundamentally continue that market-oriented approach through aggressive export assistance programs, increased research efforts, and added production flexibility.

This is enormously important because of the tremendous productivity of American farmers, and their export potential. Each U.S. farmer already produces enough food and fiber for 112 people, but our farmers can do even better in the future. About one of every six jobs in America is generated by agriculture, our largest industry.

It was not easy for the Agriculture Committees to plan for the next half-decade, but they approached their task with diligence. Legislation is the art of compromise. We assuredly do not like everything in this bill and would have written a different bill on our own. But, in the end, it is a respectable work product that balances well innumerable sensitive, often divergent interest.
