BIG BARGAIN

By Rosalie M. Gordon
Editor, America's Future

Early last month, a number of Americans who have been sorely troubled about the dangers we face because of our involvement in the United Nations, were somewhat encouraged that a spark of sanity was appearing in official Washington with regard to the UN. The disgraceful Congo aggression by the UN, coming on top of a long list of trouble-making UN activities, needed only two succeeding events to arouse indignation and anger. One was the grant by the UN Special Fund to Castro's Communist Cuba to help shore up the island's agriculture which the Reds have wrecked. The other was the issuance of a booklet by UNESCO, a UN agency which American taxpayers' dollars help support as they do other UN activities. The booklet was written by two Russians and was a lying propaganda job designed to show how kind the Soviets are to minorities.

GOVERNMENT WAKES UP

Then came the announcement that our government had told the UN that we would stop paying more than our assessment for the support of UN troops in the Congo and the Middle East. This caused the feeling of encouragement, but it was short-lived. It could not withstand a closed analysis of this action and several newly revealed events.

NO, NO, UNLESS...

There are 110 nations in the UN, but the United States pays 32 percent of the costs. Many nations have been winking on their own small assessments, so in the case of the UN troops, big-hearted Uncle Sam had been paying nearly half the costs. Then last month our government told the UN that for the balance of the year we would pay only our assessed cost of 32 percent — that is, unless some other nations pay up, in which case there was the implication that we would open our pocketbooks wider.

But then Congressman Durward Hall revealed that some of your money, through the UN, is going not only to a Communist Cuban agricultural project, but incomprehensible as it may seem, to train Cuban pilots and to prepare new textbooks and hire teachers in Cuban schools. The new textbooks and teachers are necessary of course, to turn Cuban children into little communists. Other UN grants, paid for partly with your money, are going to Red Poland and Red Yugoslavia — one Red Yugoslavian grant being for a nuclear research project.

THE REAL BARGAIN

Meantime, our Ambassador to the UN, Adlai Stevenson, is on a European "sales trip." A number of European nations have soured on the UN. His trip is for the purpose of trying to resell them on it. This led one close observer of the United Nations and its shenanigans to remark that it would be a big bargain for United States security and for the American taxpayer if Ambassador Stevenson could sell the United Nations for one dollar to anyone who would take it lock, stock and barrel out of the United States.

School Officials, PTA Leaders Invited To Work Shop

Brownwood — Invitations have been extended to school board members and public school administrators from 12 Central Texas counties to attend a Texas Association of School Boards workshop May 3 at Howard Payne College.

Parent-Teacher Association officers and other community leaders from the 12 counties also may attend, said Dr. F. B. Porter, head of the HPC Department of Secondary Education, co-ordinator for the workshop.

Counties involved are Bosque, Erath, Mills, Brown, San Saba, McCullough, Coleman, Callahan, Eastland, Stevens, Shackelford and Comanche.

The workshop at Howard Payne is one of 19 being held by the TASB on Texas college campuses this spring.

Theme for the program will be "The Pupil and the Program."

Persons planning to attend the workshop should pre-register with Dr. F. B. Porter, head of the Department of Secondary Education, Howard Payne College, Brownwood, Texas.

NOTICE

The Santa Anna News Office will be closed all day Saturday, April 20th, in order that your editor and family might attend the opening of Six Flags Over Texas.

We will appreciate your cooperation.

Mrs. J. L. Harris To Retire From Public Schools

Mrs. James L. Harris is retiring from teaching after 40 years in the profession, in the public schools of Texas. This is her second teaching experience in Santa Anna. In 1917-18 she taught history in high school. At that time she and Mr. Harris were married. In 1929 she came back and has been here teaching 34 years in the primary department.

Mrs. Harris was born and reared in Brown County. She received her BA Degree from Daniel Baker College and her Master's Degree from Hardin-Simmons University. She is a member of Delta Kappa Gamma, a member of the Methodist Church and a teacher of an adult class in the church Sunday school.

Her husband is a retired carpenter and building contractor. The Harris' have one daughter, Mrs. Rebecca Medlin, an elementary school teacher in Odessa. They have three grandsons, James, Charles and Vance Medlin.

Legion To Meet Monday Night

The Jack Laughlin Post, Santa Anna American Legion, will hold their first meeting in their new home, located on main street across from the post office, Monday, April 22, at 7:00 p. m.

All members of the Legion are urged to be present.

Large Crowd Attends Union Easter Service

A crowd estimated at more than 250 persons attended the Union Easter Service, held at the First Baptist Church last Sunday. The Easter Message was brought by Rev. John Wrench, minister of the First Christian Church.

Those present expressed their enjoyment of the service and several suggested more services of this type be held.

The choir was under the direction of Rev. H. H. Barnett, pastor of the First Methodist Church. Mrs. David Mercer of Coleman, sang a solo, "The Holy City."

SON BORN TO B. J. ROBINNETTS IN BRADY

A 4-lb. and 11-oz. son was born to Mr. and Mrs. Billy Joe Robinnett in Brady Hospital Monday, April 15. The mother is the former Paula Holt, daughter of Mr. and Mrs. Walter Holt.

Mr. and Mrs. Dallas Robinnett of Santa Anna are the other grandparents.

The Robinnetts have two other children, Jeff and Jodi Ann.

ROYAL AMBASSADORS HAVE WIENER ROAST

The Royal Ambassadors of the First Baptist Church had a western style meeting and wiener roast for their last regular meeting.

The program was presented by Patrick Hosch and Jimmy Benton, assisted by Rev. Raymond Jones. The program was about the early-day revival camps and church camps and how they got started.

Rev. Jones told of the Palsano Baptist Encampment at Alpine, and how it was started.

GREAT-GRANDDAUGHTER FOR THE EARL IRICKS

Dana Marie is the name given a daughter born to Mr. and Mrs. Tom Baldwin in Dayton, Ohio, on Wednesday, April 3. Weight was 7 pounds and 12 ounces. She is a great-granddaughter of Mr. and Mrs. Earl Irick of Santa Anna.

Delta Omicron To Observe ESA Internatl. Week

Mrs. James D. Rice, president of the Delta Omicron Chapter of Epsilon Sigma Alpha here, yesterday explained why the internationally known sorority observes April 28 through May 4 as "ESA International Week."

"Epsilon Sigma Alpha is one of the oldest off-campus sororities in existence," Mrs. Rice said. "It was founded in 1929 at Jacksonville, Texas, by a group of energetic women who believed that when the doors of academic education close behind us on graduation day, we face a severe challenge.

"That's the challenge of fitting into the economic and social structure of the fast-paced world around us. So many young women of today either fail to understand their role and responsibility in that world — or, understanding it, still fear to assume it."

The local ESA president said the sorority developed into an international organization soon after E. Robert Palmer assumed command of the sorority in 1941.

Palmer is a widely recognized educator, philosopher, author and lecturer.

"Now that ESA is internationally inscope," Mrs. Rice said, "we have the opportunity to help spread ESA's principles of freedom and equality throughout the world.

"ESA International Week recognizes all three facets of our sorority — the social, the philanthropic and the educational. But during that week, our 1,500 chapters and more than 40,000 members place special emphasis on our philanthropic projects.

"Here in Santa Anna, for example, Delta Omicron has undertaken such worthwhile projects as Sabin Oral Vaccine, Mother's March, Snatch Coffee, Nurses Scholarship, during the past year," Mrs. Rice said.

"We're proud of the contributions we make to our own community. But we're equally proud of the more than \$1 million annually which ESA chapters just like this one are donating to the welfare and comfort of the needy."

PROCLAMATION

By Mayor W. Ford Barnes
Santa Anna, Texas

WHEREAS, Epsilon Sigma Alpha, a non-academic service sorority, is beginning its 35th year of service to communities, states and the nation; and

WHEREAS, Delta Omicron No. 1964 members of Epsilon Sigma Alpha have been outstanding in this organization with active philanthropy which has proved very beneficial to the citizens of Santa Anna.

NOW THEREFORE, I, W. Ford Barnes, mayor of the City of Santa Anna, do hereby proclaim the week of April 28 to May 4, 1963, as

EPSILON SIGMA ALPHA INTERNATIONAL WEEK and I urged all citizens of Santa Anna to observe this week with appropriate ceremonies.

DONE this 10th day of April, 1963.

s/W. F. Barnes
Mayor of Santa Anna, Texas

Weekend visitors in the Clifford Stephenson home were Mr. and Mrs. Gerald Pruitt, Kenneth and Sheryl of Dallas and Mr. and Mrs. C. W. Stephenson Jr., Gary and Barbara of Abilene.

Visitors with Mrs. J. J. Gregg during the Easter weekend were her daughter, Mrs. Mary Jo Schulle and Marjorie of Watonga, Okla., a son, Mr. and Mrs. Jack Gregg and Janet of Austin, a sister and cousin, Mrs. Ollie Card and Miss Florence Frost of Pecos.

4-H Club To Practice Skit Thursday Night

The Santa Anna 4-H Club will meet at the high school building at 7:30 p. m. Thursday, April 18, for the purpose of practicing their skit that will be presented in district competition in San Angelo Saturday, April 20. Immediately following the practice, the group will adjourn to the Community Room of the Santa Anna National Bank for their regular monthly meeting.

The regular meeting will concern record books and all members are urged to be present.

The Santa Anna 4-H Club won first place in the Junior Division of the Coleman County "Share-the-Fun" contest, held recently in the South Ward Elementary School in Coleman. Mozelle 4-H took second place and Rockwood 4-H took third place.

The skit is titled, "The Barley-Oats Wedding." Included in the cast are: Darilyne Jones, Dickie Horner, Eddie Jones, Buddy Campbell, Wade Jones, Jerry Horner, Jimmy Eubank, Keith Gill, Bubba Jones and Edward Anderson. The skit is being directed by Mrs. Raymond Jones and Mrs. Richard Horner, Adult Leaders for the 4-H group.

Pony and Colt League Sessions To Be Weekly

Raymond Jones, one of the managers for the local Pony League Team, said 17 boys were present for the beginning tryouts Friday night. Jones said they would like to have all the boys in the age bracket of 13 and 14 who are interested in baseball to be on hand Thursday night of this week for an additional tryout. Practice sessions will be held for the next two weeks before the actual team is selected.

Tryouts for the local Colt team will begin this Thursday evening also, reports M. L. Guthrie Jr., who will be assisted with the job managing the team by Eddie Hartman. Boys in the Colt League will be ages 15 and 16.

Both teams will play a schedule of 12 games with three other teams to be formed in the county.

Boys in the 15-16 age bracket are especially urged to be present at the baseball field Thursday night. It seems there is a shortage of this age group and they may have some trouble getting enough boys to fill out the team.

Both teams will practice from 7:00 to 9:00 p. m. each Thursday until team selections are made, which will be sometime after the first of May.

State Representative Visits Here Monday

State Representative Ben Barnes of DeLeon, representative of this district, was a brief visitor in Santa Anna Monday morning, during the Easter holiday of the Texas Legislature.

Barnes said he was pretty sure the Legislature would finish their business in their allotted time this year, and would not have to have any special sessions. The work of the Legislature is going along smoothly, with the governor, lieutenant governor and the chairman of the House of Representatives working in close accord.

Barnes said the proposed budget for the state looked like a good one to him and was several thousand dollars less than the former governor had recommended for this session.

Regular Scout Meeting Held

The regular weekly meeting of Troop 30, Boy Scouts of America, was held at the City Hall Tuesday evening. Those present repeated the Scout Oath and Pledge to the Flag.

Following the business meeting, the boys played "Steal the Bacon."

The next meeting will be held April 23 at the regular meeting place.

Van Aldridge was home over the weekend from Fredericksburg, where he worked the past week.

Senior Play To Be Presented Friday, April 26

The annual Senior Play, "Hessie of the Hills" will be presented in the high school auditorium at 8:00 p. m. Friday, April 26. Tickets to the play will go on sale this week by members of the class.

Reserve seat tickets are being sold in advance at 75 cents each. No reserve seat tickets will be sold at the door. Other tickets on sale are for general admission of adults, 50 cents each, and students at 30 cents each. These tickets will also be on sale at the door the night of the performance.

Social Security Money Up 9% In Coleman County

Monthly old-age, survivors, and disability insurance benefits in Coleman County now top \$100,051, R. R. Tuley, Jr., District Manager of social security in Abilene, said today on releasing his annual county benefit data report.

The new monthly figure represents an increase of 8 percent in beneficiaries and 9 percent in dollar amount over the corresponding period last year.

"This increase can be attributed to the recent changes in the law and to the growth of our aged population," Tuley said. "As most of it is spent for food, clothing and shelter, there is no longer any doubt that social security benefits are helping to stabilize the income and spending power of many residents in Coleman County."

More people in Coleman County, he said, could draw social security benefits if they knew more about the law, and for that reason they are urged to visit or call the local social security office whenever they have a question concerning their benefits or responsibilities. As of January 1963, in the nation at large, more than 18 million beneficiaries were receiving payments at the rate of \$14.5 billion per month.

Coach R. C. Smith To Attend HPC On Scholarship

Head Coach R. C. Smith was informed by telephone last week that he had been selected to attend Howard Payne College in Brownwood for the first six weeks of the summer, on a scholarship given by the National Science Foundation. Coach Smith is a Mathematics instructor of the high school and his summer schooling will be in this field.

Smith is a graduate of Ranger Junior College and North Texas State University. He has both his Bachelor's and Master's degrees.

Coach Smith has been with the Santa Anna Schools for four years. He taught one year at Farmersville before coming here. He is married and has two children.

Emzy L. Brown Appointed To Local Draft Board

Austin — Emzy L. Brown of Santa Anna has been informed that he has been appointed a member of local draft board No. 21 at Coleman to represent Coleman County.

Mr. Brown was appointed by President Kennedy after being recommended by Governor John Connally. He was advised of his appointment by Colonel Morris S. Schwartz, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas," Colonel Schwartz wrote Mr. Brown.

Local Board No. 21 has jurisdiction over Coleman and Runnels Counties.

Mrs. George Richardson and Mrs. Clifford Stephenson were in Abilene Friday, visiting relatives.

Residential Drive For Cancer Funds Set For Thursday

Mrs. Robert L. Markland, chairman of the residential section Cancer Fund Drive, announces the drive will get underway at 4:00 p. m. Thursday afternoon. Plans are to completely canvass the town that afternoon.

Mrs. Markland said all the envelopes will be collected at the bank.

Workers scheduled to help on the drive are: Mrs. Vernon Herring, Charlotte Moseley, Mrs. M. L. Guthrie Jr., Mrs. J. C. Horton, Mrs. Roy Stockard, Mrs. Thomas M. Hays, Mrs. J. D. Murrell, Mrs. James Rice, Mrs. A. D. Donham, Mrs. Billy J. Harvey, Mrs. Pearly Wilson, Mrs. Glen Copeland and Billy Vidauri.

Mary Lou Todd Services Held Wed., April 17

Funeral services for Mrs. Mary Lou Todd, 79, were held at the First Methodist Church here at 2:30 p. m. Wednesday, with the pastor, the Rev. H. H. Barnett, officiating. The remains were sent to Story, Arkansas Wednesday night for interment in the Reeds Cemetery in Story. Hosh Funeral Home was in charge of arrangements.

Mrs. Todd died in the Hendrick Memorial Hospital in Abilene about 10:00 p. m. Monday. She had been a patient there for about a month, following a heart attack and a fall, breaking her leg. She was a member of the First Methodist Church and the Eastern Star.

Mrs. Todd was born in Alabama Feb. 3, 1884. She came to Santa Anna 32 years ago from Arkansas, and has made her home here since. Her and R. L. Todd were married January 14, 1960 in Santa Anna.

Survivors include the husband of Santa Anna; two daughters, Mrs. Bessie Black of Torrence, Calif. and Mrs. Ruby McKay of Story, Ark.; five stepchildren; one brother, J. B. Lasseter of Texarkana; 16 grandchildren, 27 great-grandchildren and two great-great-grandchildren.

Palbearers were Lewis M. Guthrie, M. L. Guthrie Jr., Bill Price, W. B. Griffin, Kenneth Bowker and G. A. Hensley.

Eastern Star To Elect Officers Monday Night

The regular meeting of the Santa Anna Eastern Star Chapter will be held in the Masonic Hall at 7:30 p. m. Monday, April 22. Hostesses for the meeting will be Mrs. Frances Everett, Mrs. Myrtle Curry and Mrs. Blanche Grantham.

Election of officers for the 1963-64 year will be a part of the regular business meeting. All members are urged to be present.

State Capitol NEWS

Austin — Scandal has struck again in Texas. This time on the Railroad Commission.

Revelation by the Dallas Morning News that Commissioner William J. Murray had grossed some \$285,000 from oil investments in earnings from a Throckmorton County lease caused the commissioner to resign his post.

Question was a matter of ethics... whether or not it was proper for a public official to make investments in an industry over which he exercised control, in whole or in part.

Murray's answer was that he grew up in the oil fields, was educated in petroleum engineering and it was the only business in which he had any practical experience.

He admitted his investments and pointed out that they were a matter of record, in his own name, and he had nothing to hide. He stated that he resigned

his post as a commission member because he felt that "harmful publicity" might lessen his effectiveness.

Murray hinted that the investigation into his past investments was prompted by his refusal to call off the East Texas slant-hole, well-drilling investigations, in which he played an active part.

Murray's attorney, Les Proctor, submitted the former RR commissioner's personal financial records to Travis County District Attorney Tom Blackwell for checking. They are being examined by Blackwell, Atty. Gen. Waggoner Carr and State Auditor C. H. Cavness.

State law provides for removal from office of any public official violating the Code of Ethics. Since Murray resigned that question now has become moot. All that remains is the matter of determining whether any civil or criminal statute has been violated.

Proctor says none has been.

RESIGNATION ACCEPTED

Gov. John Connally accepted Murray's resignation with the comment that "It is regrettable for all of Texas that documented facts made public within the past few days indicated a question of propriety of legality of his outside business transactions in view of his position of authority on the commission."

"Public officials have a sacred public trust. It is imperative to continued confidence in our form of government that their conduct in office be beyond a shadow of a doubt. Anything else undermines the confidence of the people in responsibility and integrity in government."

INVESTIGATION PROPOSED

In the House of Representatives, Rep. George Hinson of Mineola introduced a resolution asking for a thorough study of the sweeping powers of the Railroad Commission by the Texas Legislative Council.

Resolution received prompt committee approval and was sent immediately to the House floor.

Rep. Bob Eckhardt of Houston gained permission of the House to introduce a bill to tighten regulations prohibiting public officials from participating in any private enterprises which might be in conflict with their public duty.

Eckhardt said his bill would amend the Code of Ethics and clarify it. It also would include a section providing that no public official or member of the Legislature could appear before any state board or commission

where the office-holder had private interests that might be affected by the agency's action.

HOUSE PROBERS

House State Affairs Committee recommended adoption of a resolution by Rep. Rufus Kilpatrick of Beaumont that would establish a general investigating committee. Normally one acts only between sessions of the Legislature.

Rep. Ben Jarvis of Tyler said Speaker Byron Tunnell is interested in fast action on the Kilpatrick resolution, which would give the investigating committee broad authority.

Rep. Horace Houston, Republican member from Dallas, opposed the resolution and asked for a postponement to study it. He said he once served on such a committee, and "no good has come from general committee investigations." Later Houston changed this statement and agreed that investigating committees do "throw a white light into some dark shadows."

APPROPRIATIONS

A record \$3,100,000,000 spending program — the general appropriation for the next biennium — went to a conference committee following rejection by the House of Senate amendments.

Motion not to concur in Senate changes was made by Rep. W. S. Heatley of Paducah, chairman of the House Appropriations Committee.

MORE TAXES

Some \$43,000,000 in additional revenue would be gained during the next two years by adoption of a House Revenue and Taxation Committee substitute for House Bill 106.

Rep. R. H. Cory of Victoria, chairman of the subcommittee that revised the proposed tax law to comply with Governor Connally's program, said the bill as now drawn would incorporate a one-year extension of the state franchise tax to April 30, 1965. This would net the state \$11,200,000. Repeal of the exemption of outer clothing under \$10 would get \$20,400,000. Bringing motor vehicles under the sales tax would provide \$6,100,000. Other minor changes would round up additional millions.

LENDING

All Texans were invited to appear and testify about the so-called "loan shark" legislation.

Enough Texans accepted to make it a three-hour session with the House Banks and Banking Committee. There were two major points of disagreement. One — the insurance provisions of Senate Bill 15 (passed by the Senate). And two — the maximum loan to be made for a company to fall under the act, and thus be allowed to charge more than 100% interest.

Witnesses representing the insurance companies generally protested that the new com-

missioner, to be called for under the act, would have too much power. Especially over rates.

On the maximum loan proposition, opinions varied widely. Bill specifies \$1,500. Some witnesses would like to lower it to \$300. Others thought it should be raised to \$3,000 or more.

WOMEN'S RIGHTS

Legislation to provide equal rights for women is in this status: Senate Joint Resolution No. 2, which is what the women want, has passed the Senate. It was heard by the House Constitutional Amendments Committee and sent to a subcommittee.

If the resolution gets through the Legislature, it will have cleared perhaps its biggest hurdle. Next step calls for passage of a constitutional amendment, by vote of the people. Amendments usually receive public approval.

However, even after that, all questions of women's rights would not be defined. A good bit of legislation still would be required.

Former Attorney General Will Wilson, in testimony before the House committee, said that if the amendment is passed, "The Legislature will have its work cut out for it in the next session."

SHORT, SHORT SNORTS

House has passed a bill to force most state agencies to sell their "executive-type" airplanes. Bill now goes to the Senate.

Biggest crowd of the legislative session came to a session of the House Game and Fish Committee, which lasted five hours. The proposition: to close all Gulf Coast bays to netting. Result: subcommittee.

Another measure affecting the Gulf Coast was a bill introduced by Rep. Leroy Wieting of Portland, setting in motion a

"pilot program" of regulation by the Texas Game and Fish Commission over wildlife resources in Aransas County. It might have far-reaching effects, giving the commission authority to fix seasons on game birds, game animals and fresh and salt water fish and shellfish, excluding shrimp.

Tuley warned older workers against waiting until after retirement to make their first visit to the social security office. Some often find that they could have gotten benefit payments even though still working. The best way to avoid this kind of loss is to check into social security before you retire.

Plan Ahead Of Time For Your Retirement Days

It is never too early to make plans for your future retirement, according to R. R. Tuley, Jr., social security district manager in Abilene. He said the folks in the social security office will be glad to tell you what papers you will need when you file your claim for payments.

"You should make your claim for social security retirement payments two or three months before you actually retire," Tuley said. By doing this, you will get your payment on time when

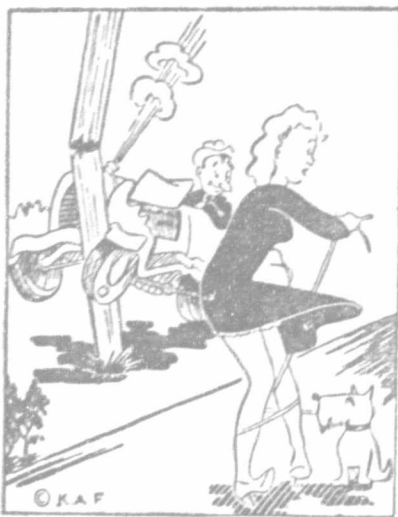

If you are near age 62 and have never checked into your social security, do so today. Even if you are not ready to retire, you should check on your social security when you reach age 62, 65, and 72, Tuley advised. The social security office in Abilene is located at 203 Fannin Street.

Untreated Wounds Hamper S'worm Program

Mission — Screwworm cases now being reported in many counties throughout the area where sterile flies are being dispersed could lead to widespread infestation such as that experienced in 1962, unless livestock producers conscientiously follow precautions in handling their livestock.

Reports being received by eradication officials indicate that many producers feel the program has progressed to a point that individual screwworm control measures are no longer required. This attitude, if left unchanged, could seriously hamper eradication efforts, authorities state.

For that reason, eradication officials have issued an urgent appeal to producers, asking them to treat animals with approved smears and sprays that

will prevent screwworm attacks and collect and submit samples from all infestations detected.

Eradication workers point out that while an increasing number of counties are reporting infestations, as yet no large build-up of native screwworms is evident. They feel if producers will make every effort to treat open wounds before screwworm flies are attracted to them, the native flies can be overwhelmed through the release of sterile flies. Screwworm flies will lay eggs only on open wounds.

C. G. Scruggs, president of the Southwest Animal Health Research Foundation, said recently it would be traitorous for anyone not to do all in his power to prevent the development of a screwworm case.

A. B. Lightfoot Accepts Pastorate At Snyder Church

Dr. A. B. Lightfoot, grandson of Mrs. W. A. Brandon of Santa Anna, has a number of other relatives in this area. The following article recently appeared in the Odessa newspaper.

After seven and a half years as pastor and builder of the Crescent Park Baptist Church in Odessa, Dr. A. B. Lightfoot has resigned to become pastor of the First Baptist Church in Snyder.

On November 17, 1955, Dr. A. B. Lightfoot, who was serving as Missions Superintendent for the Permian Basin Association, accepted the call to Crescent Park Baptist Church as pastor. The church was the tenth organized in Permian Basin Association under the leadership of Dr. Lightfoot.

The church has experienced a phenomenal growth during the seven and a half year history. There were 21 present for the First Sunday School. Today the Sunday School enrollment stands at 2,267.

In 1961 the Crescent Park Church led the 30,000 churches in the Southern Baptist Convention in Training Awards. This past year the church was sixth in the number of baptisms out of the 4,000 churches in Texas. The property is located in one of the most valuable areas of Odessa and is valued at \$525,000.

During these years many honors have come to Dr. Lightfoot. He has long been a spiritual giant in Associational and District Missions work. He served as Promo Chairman for the "Key to Life Crusade" in the Haggai Revival. In 1962 Howard Payne College conferred the honorary degree of Doctor of Divinity.

Dr. Lightfoot has been greatly in demand as guest speaker for various groups over the State of Texas. During his ministry with Crescent Park Baptist Church he has delivered 1,500 radio addresses, preached 907 sermons from his own pulpit, preached 10 revivals in his own church and filled over 700 speaking engagements with other churches and civic organizations.

There have been 830 baptized into the fellowship of the church with 2,585 uniting by letter. Total contributions to all mission causes are in the amount of \$92,541.

This coming Sunday will be the day for the annual meeting of the Trickham Cemetery Association. The Memorial Service will start at 11 o'clock with Rev. Clifford Nelson of Brownwood as guest speaker. A basket lunch will be spread at noon, with visiting and singing in the afternoon. Anyone is welcome to attend.

Visitors with Mrs. Zona Stacy through the week were Mrs. Carrie Cozart, Mrs. Mabel Sheffield and Mr. and Mrs. Joe Stacy of Brooksmith, Martin Stacy of Denton, Mr. and Mrs. Walter Stacy, Mr. and Mrs. Bill Hiedbriar and family of Fort Worth, Mrs. Desta Bagley and Mr. and Mrs. Doris McDonald of Brownwood, Miss Patricia Bagley and Mr. Robert Perry of Lubbock and Mrs. Lula Hancock of Zephyr. Mrs. Stacy called me at noon today (Monday) that Mr. Hancock was bitten by a rattlesnake this morning. He was rushed to a Brownwood hospital, where he is undergoing emergency treatment at the present time, and we do not know how serious his condition is, but perhaps all of us should be more cautious as these reptiles are sure crawling around now.

Mr. and Mrs. Lenton Oaks and family of Brownwood spent Friday night with her parents, Mr. and Mrs. Lige Lancaster and attended the Whon Picnic Saturday.

Mr. and Mrs. O. J. Martin were dinner guests of Mr. and Mrs. J. S. Martin in Santa Anna Sunday. In the afternoon the group went to Abilene to visit Mr. Martin's sister, Mrs. R. W. McMinn, who is seriously ill in a hospital there.

Mr. and Mrs. Fred Haynes, Billy and Jerry and Miss Donna Rowe of Coleman and Mr. and Mrs. Elvis Ray Cozart and family of Angleton met and spent the weekend in Austin visiting in the home of Mr. and Mrs. Frank Wallace and family.

Mrs. Bessie Haynes of Fort Worth spent the weekend with her sisters, Mrs. Carrie Stacy and Mrs. Florence Stearns. Other visitors in the Stearns home were PFC and Mrs. Charlie Ray Fleming of Fort Hood and Mr. and Mrs. Ray Wells and family of Coleman.

Mr. and Mrs. Jack Dockery and boys visited Sunday afternoon with Mr. and Mrs. E. E. Pinson and girls.

Mrs. Gertrude Martin and grandson, Bill Martin, spent Friday night in Fort Worth visiting with Mr. and Mrs. Ray

Accent on Health

J. E. PEAVY, M.D.
Commissioner of Health

Last summer a four-year old boy died of rabies in Texas. Although, there was no history of an animal bite, circumstances pointed to the possibility that he was bitten by a puppy or dog.

There was no doubt that rabies was the cause of death. The case was diagnosed clinically and confirmed by the State Department of Health Laboratory. Dramatically, rabies is still very much a fact in Texas, when viewed in the misery which surrounds the death of a small boy — to his family, friends and even to public health veterinarians and record keepers.

The fact is that rabies, although changing in complexion, was laboratory — diagnosed in 124 Texas counties during 1962.

The total number of cases, while down from the previous year's 658 cases, reflects an increase in the number of rabid domestic animals other than pets.

A few years ago pets accounted for the majority of cases. Today, wildlife rabies outstrips the disease among pets and domestic animals by far. Skunks continue to lead the statistical columns, but each year foxes and bats are diagnosed as rabid.

Diagnostic evidence indicates that animal rabies is present in approximately half of the counties in Texas. The widespread distribution probably means that at least wildlife rabies occurs in most of the other Texas counties as well.

In counties which do show some rabies, past experience points to the fact that an undercurrent of wildlife rabies is ever present.

What this means to the man-on-the-street is that rabies is a constant threat in most areas of Texas. With the growing sprawl of suburbia into formerly wild areas, it is only natural that pets may be readily exposed to wildlife.

Anti-rabies vaccination of all pets is the surest protection against the disease.

(A feature from Public Health Education Division, Texas State Department of Health.)

Mr. and Mrs. A. A. Bertrand visited friends and attended church services in Talpa Sunday morning. In the afternoon they attended the Concho County Singing Convention, held at Paint Rock.

McSwain and family.

Mrs. Ruth Greer and children of Abilene spent the weekend with her parents, Mr. and Mrs. Edgar Cole, east of town. Mr. and Mrs. J. E. York and boys spent Sunday with them.

Mr. and Mrs. Bond Feathers-ton were dinner guests of Mr. and Mrs. Wylie McClatchy Sunday.

Mrs. Betty Martin, Ann and Janice visited in Goldthwaite with her mother, Mrs. John Crawford and Mr. Crawford Sunday.

Mr. and Mrs. O. R. Boenicke visited Mrs. Beula Kingston at a Bangs rest home Wednesday. Monday the Boenickes visited in Brownwood with Miss Pauline Boenicke and at the Memorial Hospital with Mr. Paul Duffy, who is seriously ill.

Six Flags Ready To Open On Saturday

"Never has the Park looked in such magnificent shape at this time of the year," uttered a happy Charles Suddeth, landscape architect for the mammoth SIX FLAGS Over Texas amusement center.

Warm spring weather and the recent rainfall have yielded the right amount of sunshine and moisture to bring the greenery and flowers to near perfect splendor just before the April 20 opening of the historical theme Park. Mr. Suddeth has a staff of forty-one men engaged on this project.

The monumental effort of completing the near \$1,000,000 expansion program as well as painting, overhauling and testing of the numerous rides and attractions dotting the 115-acre Park is just about finished.

A recruiting program where-in SIX FLAGS seeks out the finest examples of our youth from Texas and Southwestern colleges and universities to act as hosts and hostesses for the Park has resulted in the reception of upwards of 8,000 applications requesting employment during the '63 season.

Approximately 1,250 male and

female students will be picked from this group to make up the staff.

In addition, SIX FLAGS talented scouts this spring have visited 20 cities from Texas to Florida and flown 18,000 miles in their quest to bring back the best collegiate entertainers for the numerous Park attractions, such as the Crazy Horse Saloon and Campus Revue Shows.

The heavy emphasis placed on collegiate personnel by SIX FLAGS has been rewarding and highly successful. Not only do these attractively costumed young men and women lend an air of freshness and enthusiasm to the Park activities, but the money they earn working at the Park is used, in most cases, in furthering their education.

Easter weekend visitors in the Richard Smith home were: Mr. and Mrs. Wiley Seals of Arlington, Mr. and Mrs. W. R. Bond and Karen of Irving, Mr. and Mrs. Theibert Seals and Becky of Grand Prairie, Mr. and Mrs. Glenn Smith and Fran of San Angelo, Mr. and Mrs. Gene Smith and sons, Jeffery and Gregory, of Tyler, Mr. and Mrs. Joe Vinson and sons, Keith and Bryan, of Abilene.

Mr. and Mrs. Cecil King, Susan and Celia, of Brownwood, visited her mother, Mrs. Kate Holmes, Sunday afternoon.

Whon News

By MRS. TOM RUTHERFORD

Due to the fact the annual Whon Picnic had to be postponed for a week, due to the weather, the picnic was a huge success. A large crowd attended with an abundance of food. Several were not present who usually attend, and also some were present who were not regular attendance. Folks attended from Coleman, Santa Anna, Brownwood, Fort Worth, Arlington, Waco, San Antonio, McAllen, Freepport, Ballinger, Rockwood, Houston, Trickham, Killeen and possibly other places. Apparently everyone enjoyed a wonderful day. We want to say thanks to Mr. and Mrs. Curtis Collins for the free candy suckers the children enjoyed, and to Mr. and Mrs. Thomas Wristen for the bubble gum. All the children say a big "thank you."

Friends of Earl Wright Gill were very sorry to hear of his serious illness, apparently taking sick quite suddenly. Earl was a patient in a Brownwood hospital last week. But he was to enter a Galveston hospital for further test today (Monday). We are all trusting Earl's condition is not so serious as feared.

Tommy Durden of Santa Anna spent the weekend with Jamie Lee Morris.

Mr. and Mrs. Jack Sherrod and children from Houston spent the weekend and Easter holidays on the ranch here.

Mr. and Mrs. Earl Cozart recently visited relatives in Goldthwaite.

Lynda Rutherford spent Saturday night with her brother, Mr. and Mrs. Loyd Rutherford in Santa Anna.

Mr. and Mrs. Wimpy Watson of Waco spent the weekend in their home here.

Mr. and Mrs. Greham Fitzpatrick and children spent Easter Sunday with her parents, Mr. and Mrs. Tim Snowden of Doole.

Mr. and Mrs. John David Morris of Coleman were Sunday guests with his parents, Mr. and Mrs. Floyd Morris and boys.

Friends of Mr. Bert Turney will be glad to hear he is up and around some and attended the picnic Saturday.

We have a vacant spot in our community. What we call the Ben Smith house was moved into Santa Anna last Friday. Mr. Fred Murray purchased the house.

Mr. and Mrs. Micky Chilton of Arlington spent the Easter holidays with her parents, Mr. and Mrs. Bert Turney.

Mr. and Mrs. Homer Schulze of San Antonio were on their farm here during the Easter holidays and attended the picnic.

Glen Gilbreath To Attend Nuclear Study At U of T

Glen Gilbreath, son of Mr. and Mrs. H. W. Gilbreath of the Shields Community, has been selected by the Texas Atomic Energy Research Foundation to attend the Third Texas Nuclear Science Symposium for High Schools. This will be held June 9-12 at Austin, Texas, at the University.

This Symposium will bring students, teachers and scientists together for discussions dealing with basic and frontier nuclear science and for educational career guidance in this field.

An educated man, a man who has the knowledge needed for understanding and who lives in an environment where freedom and individual enterprise are the watch words, is the man who can best safeguard our inheritance. It was with this thought in mind that the Texas Atomic Energy Research Foundation and the University of Texas have striven to provide young Texas scientists with a brief but inspiring glimpse into the world of nuclear science.

The students and teachers who are selected to attend this program are the builders of tomorrow. The program will treat many aspects of nuclear physics at a challenging, scientific level. Reasonable competence in high school advanced algebra is necessary. Additional ability and understanding of chemistry or physics are important if the students selected are to benefit materially from this symposium.

This notice came from Mr. Clyde S. Carman, of the Public Service Dept., West Texas Utilities Company, Abilene. Mr. Dan Tindol, science instructor in the Santa Anna School, will accompany Glen to the Symposium.

Of Interest To VETERANS

Questions And Answers

Q — As an enlisted man in the reserves I was recalled to active duty and I have been told my former job will not be waiting for me. What should I do?

A — If you are refused reemployment and you apply for it within 31 days after release from service, you should report immediately to the nearest state employment office, or if you were working for the Federal government, to the nearest office of the Civil Service Commission. This benefit is administered in the case of private employment by the Bureau of Veterans Reemployment Rights of the Department of Labor.

Q — I am a veteran, but I did not serve in either World War I or in Korea. I am applying for a federal job under Civil Service. Do I get any veteran's preference?

A — There is a 5-point preference for peacetime veterans if they have been in campaigns or expeditions for which a badge for service medal is authorized. A 10-point preference is granted peacetime veterans if they meet the above condition and were wounded in action, have a service-connected disability or receive compensation, disability retirement benefits or pension. To be eligible for any veteran's preference you must have been honorably discharged from the service.

Q — Who receives the \$250 payment by the VA towards a veteran's funeral expenses?

A — The undertaker, if unpaid, otherwise the person who bore the veteran's burial expenses.

Q — My husband, a veteran of World War II, died recently. Am I, or are my children, eligible for a GI home loan?

A — If your husband died of a service-connected disability and you have not remarried you are eligible, but children of deceased veterans are not eligible for GI loans.

Q — What is the oldest group of veterans now that Civil War veterans are all gone?

A — There are 26 surviving veterans of the Indian Wars and most are in their nineties.

Q — I have a chronic skin disease. As a veteran am I entitled to treatment at a Veterans Administration outpatient clinic?

A — To be eligible for VA outpatient care a veteran must have a service-connected disability or must be receiving vocational rehabilitation training

and needs treatment to avoid interrupting his training, or be a veteran of the Spanish-American War. Also, veterans applying for compensation or pension benefits or for insurance may have a medical examination at a VA outpatient clinic as may veterans who are seeking to determine the need for hospital care.

WHAT'S A PENNY WORTH?

What's a penny worth? It's the smallest of small change.

So the extra penny it now takes to mail a first class letter probably doesn't seem very significant to most people.

Businessmen take a different view.

For instance, officials for American Oil Company, a marketer of petroleum products, estimate that the increase in postal rates that took effect Jan. 7 adds nearly a half million dollars a year to their cost of doing business.

Final figures on 1962 expenses show that American Oil paid the Post Office Department some \$2.25-million to carry company mail.

More than a million dollars went for postage to handle billing and correspondence with credit card customers. Regional sales centers accounted for nearly another million. The remainder came from other American Oil operations such as refineries, pipelines and terminal locations.

With the new rates in effect, American Oil officials estimate the '63 company-wide postage bill will be 16 to 20 percent higher.

In short, American Oil officials will have to find an additional \$360,000 to \$450,000 to pay for handling the mail the company needs to keep its complex business operating efficiently.

That's not small change by any stretch of the imagination.

To a company like American Oil that must try — and is trying — hard to improve its rate of return on investment, figures like these cast a new and revealing light on what a penny is really worth.

When Casting Is Impossible

Every angler has run into a situation where casting was impossible due to overhanging limbs, etc.

Whatever the reason, you can place your bait just about where you want it, by putting the bait in a paper cup, floating the cup on the water, and letting air and water current carry it toward the spot you have in mind.

When the right place is reached give the line a twitch and the cup will tip over, spilling the bait into the water right where you want it.

Mrs. Harry Crews Hostess To Nitia Daniell Circle

The Nitia Daniell Circle of the First Methodist Church began a study on Prayer Monday, April 8, in the home of Mrs. Harry Crews. Mrs. Harry Blue introduced the subject, using "Dimensions of Prayer" by Douglas V. Steere as the text. Mrs. Blue used Ideals and other books in this introduction.

Mrs. Mildred Galloway gave the devotion, taken from "The 23rd Psalm" by Charles Allen.

"What We Do When We Pray" was discussed by Mrs. Lillian Herndon; "First Waking Thoughts" was given by Mrs. Dorothy Watson; "Spoken and Silent Prayer" was discussed by Mrs. Lucille Jean. Scriptures relating to prayer by hearing, silence and listening were given by Mrs. Galloway, Mrs. Watson and Mrs. Modora Gilmore.

Also attending the meeting were Mrs. Lorette Curry and Miss Pauline Eubank. The second study will be held in the home of Mrs. Gilmore.

Panel Of Students Discuss Topics At Self Culture Meeting

A panel of high school students was featured in discussions of present day problems, when the Self Culture Club met Friday in the Club Room at the City Library. Mrs. Tom Kingsbery was hostess for the meeting.

Taking part on the panel were Virginia Voss, freshman student; Les Guthrie, sophomore student; and Earla Buse, junior student, all of the Santa Anna High School.

The discussion varied from differences in Russian and American educational systems, to present-day dating customs. Mrs. C. D. Bruce directed the panel.

Mrs. Kingsbery reported on the recent district convention of women's clubs at Ozona. Miss Jettie Kirkpatrick, club president, was in charge of the business meeting.

Fourteen members were present.

ROCKWOOD WMS REGULAR MEETING

Mrs. R. J. Deal brought the devotional for the Woman's Missionary Society Monday at the Rockwood Baptist Church, using scriptures from Luke and Isaiah, concluding with the Prayer Calendar. The Royal Service program was on Missions, with Mrs. Bill Bryan at the piano for group singing. Mrs. Matt Estes gave the dismissal prayer.

Members assisting were Mrs. Ray Caldwell, Mrs. Deal, Mrs. Bill Bryan, Mrs. Matt Estes, Mrs. Henry Smith, Mrs. F. E. McCreary and Mrs. A. L. King.

42 PARTY AT ROCKWOOD FOR CANCER DRIVE

There will be a "42" party at the Rockwood Community Center, Saturday evening, April 20, at 8 p. m. for the Cancer Fund Drive.

Each family is asked to bring a cake or two pies and dominoes and card tables. Jake McCreary is local chairman.

Mrs. Rosa Bass and Mrs. Basil Gilmore were in Temple Sunday, visiting their husbands, who are patients in the Veterans Hospital there.

Delta Omicron Elects Officers For New Year

The regular meeting of the Delta Omicron Sorority, ESA, was held in the Community Room of the Santa Anna National Bank Monday, April 8. The president, Mrs. Delburn Rice, presided over the business meeting.

Officers elected for the ensuing year were: President, Charlotte Moseley; Vice President, Mrs. Jim Rutherford; Secretary, Mrs. Tension Grand; Treasurer, Mrs. Roy England; Parliamentarian, Mrs. Vernon Herring; Reporter, Mrs. Burgess Stewardson; Educational Director, Patricia Davis; and Historian, Mrs. Delburn Rice.

May 1 was the date set for the installation of officers and the Jewel Pin Ceremony for new members, Mrs. John Pricer, Mrs. Billy Haas and Mrs. Dean Bass.

At this meeting the Founder's Day Program will be presented. Hostesses will be Mrs. Elgean Harris, Mrs. James Dockery, Mrs. Allyn Gill and Mrs. Montie Guthrie.

Mrs. Billy Campbell gave the program, "Women in Sports." She stressed the importance of women participating in sports because it makes them much happier, healthier and "your conversation and outlook on life will have a little 'spice' to it."

Needlecraft Club Regular Meeting

The Needlecraft Club met Thursday, April 11, in the home of Mrs. Dovie Chapman with eleven members and one visitor present.

The president, Miss Jettie Kirkpatrick, presided over the business meeting, when one new member was voted into the club. The remainder of the afternoon was spent in pleasant conversation and needle work.

The hostess served refreshments of pineapple cake and pink ice cream to the following: Misses Taylor Wheeler, A. R. Brown, Lizzie Brown, M. L. Guthrie Sr., T. H. Upton, Ed Bartlett, C. A. Curry, Keetie Haynes, Hallie Williams, Virgil Newman, Miss Kirkpatrick and Mrs. Moore.

Smith - Mobley Engagement Announced

Mr. and Mrs. R. C. (Bob) Smith announce the engagement and approaching marriage of their daughter, Joyce Wyone, to PFC E3 Jackie E. Mobley, son of Mr. and Mrs. Jack Mobley, all of Santa Anna.

Vows are scheduled to be exchanged Saturday, April 27, 1963, at the Santa Anna United Presbyterian Church.

Leland Williams To Attend A&M Geology Study

Announcement has just been received that Leland Neal Williams, junior student in Santa Anna High School, has been accepted as an enrollee in the Geology Summer Science Training Program for Secondary School Students to be held next summer at Texas Agricultural and Mechanical College, College Station, Texas. Leland is the son of Mr. and Mrs. Jesse Williams of Gouldbusk, Texas.

Leland has maintained a high scholastic record throughout his school life, is an outstanding member of the band, and has demonstrated much creative ability in his scientific activities. Selection of nominees is based on scores made on standardized tests in science, mathematics, and general ability; scholastic record of the student, character, personality and scientific interests.

Notification of appointment to the institute was received this week from Dr. Fred E. Smith, Department of Geology and Geophysics, Texas A&M College. Leland is one of 36 students selected from among 3,081 students who applied for institutes in Texas Colleges and universities. Eight colleges and universities in the State of Texas, under grants from the National Science Foundation, are sponsoring institutes in the science and mathematics fields during the summer of 1963.

Objectives of this program is to give opportunity to secondary school students with outstanding academic achievement to gain an increased understanding of scientific content and methods through instruction and study under the supervision of teachers of recognized scientific stature and to develop the large potential of talent among our young and stimulate them toward fields of scientific achievement.

According to information received from Texas A&M College, this institute is designed to show the relationship of earth sciences to other sciences and engineering. Minerals, rocks, and fossils will be studied; topographical and geological maps will be studied, and individual field mapping problems will be required. Several field trips in the vicinity will be substituted for laboratory periods. Two three-day field trips will be made: one to the Arbuckle Mountain Region near Ardmore, Oklahoma, with an inspection tour of the Grand Saline Salt Mine enroute; the other to the Central Mineral Region of Texas.

The institute will be held for a period of six weeks from July 15 through August 23, 1963.

LOCAL GUARDSMAN TO FORT POLK, LA.

Austin — Ronald J. Bullion of Santa Anna started his six months active duty tour with the US Army last week as part of his military obligation, Major General Everett S. Simpson, Amarillo commander of the 36th (Texas) Infantry Division, said here today.

Private Bullion, a member of Battalion Mortar Platoon of Hq & Hq Co., 1st Bn, 142d Inf, reported April 8 at Fort Polk, La., for his initial phase of training.

During his eight-week basic period he will undergo rigorous combat training. He will be drilled in physical fitness, military courtesy, first aid and qualify with the M-1 rifle.

The "Take Six" program consists of two phases of sixes, General Simpson explained. Under the program, he said, a young man may volunteer for six months active duty with the US Army and then spend the remainder of his six-year military obligation as a member of the Texas National Guard.

Our WASHINGTON Letter
By Congressman O. C. FISHER

DURING THE WEEK preceding the Easter recess the Congress relaxed its hold on the purse strings, and advanced several rather expensive welfare measures, none of which were essential.

The Senate also approved a measure calling on Uncle Sam to help foot the cost of re-vamping metropolitan transit systems. The cost of this is undetermined, but it will run into the hundreds of millions.

The House overruled its appropriations committee and okayed \$450 million to be spent over the country, in approved areas, for various types of so-called public works. This is the modern version of WPA. In the same appropriation bill we were able to strike out an item to finance an international secretariat for a Peace Corps. This one — a real boondoggle — is part of a scheme that has been hatched up to have the U.S.A. join with other nations in promoting Peace Corps projects throughout the world, with, of course, much of the cost being paid by this country.

The Senate also passed a bill creating a depression-type Civilian Conservation Corps (CCC), though by a slightly different name. Another welfare measure, it is but one of a series of proposals to place more people on the federal payroll. The Senate passed a similar bill last year, but it was held up in the House Rules Committee. Indications now are that the measure will reach the House Floor for debate shortly after Congress reconvenes.

LOOKING BACK OVER the past few weeks, there is not much comfort to be found for those who had hoped this Congress would practice more economy. There has, however, been quite a bit of trimming going on. Our Committee on Armed Services, for example, whacked \$600 million off a military pay raise proposal recently. And the House Appropriations Committee has done fairly well in cutting down. The big battles of this session have yet to be fought, however.

Today's MEDITATION
from The World's Most Widely Used Devotional Guide
The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Philipians 2:5-11
The cup which my Father hath given me, shall I not drink it? (John 18:11.)

Our Lord Jesus always walked this earth in a spirit of willing submissiveness to God. Just before His crucifixion He spoke these words to Peter. "The cup which my Father hath given me, shall I not drink it?" In these words we see clearly expressed His infinite humility. Because He loved us, Christ was willing to leave the glory of heaven to live among us and bring redemption through the sacrifice of Himself upon the cross.

At the foot of the cross there is no room for anyone to have pride since it was the Son of God who died for us.

The secret of growing in Christlikeness is for us to gaze in humility on the submissive and triumphant Savior, to follow His example, and to obey Him. In these ways we attribute to Him the honor and glory due His holy name and express our gratitude for His sacrifice of Himself for us.

PRAYER:
Our Father, we thank Thee for the submissiveness of Thy Son who was willing to empty Himself of His glory in heaven for our sakes. Give us broken hearts before Thee, so that we may please Thee and be used in Thy service to help others. We ask in the name of Thy son, who taught us to pray, "Our Father who art in heaven... Amen."

THOUGHT FOR THE DAY
At the foot of the cross there is no room for anyone to have pride.

And then there was the woman driver who went to Heaven — and knocked one of the gates off getting in.

Largemouth Black Bass

The largemouth black bass is often the principal cause of spring fishing fever. Fishermen seem to find the small black bass near the top of the water, while the larger fish are nearer the bottom.

A favorite time for bass is in the spring while the males are guarding the nest. It doesn't take long for a bass fisherman to notice that a bass will attempt to remove any object that happens to come near the nest. If the object happens to be a lure with hooks attached, so much the better for the stringer.

A bass will eat almost anything that moves and that he is able to swallow. Often fish are found that have literally choked themselves to death by attempting to swallow something too large.

A small bass, growing rapidly, needs a lot of food. For this reason he is much like a teen-age boy or girl. He is constantly running back and forth, looking for the cookie jar. It is for this reason that small black bass are caught in large numbers. Their appetites cause them to end up in the skillet.

TAX-MAN SAM SEZ:

Most taxpayers realize that income tax problems can get complex as a result of working their own tax return at 11 p. m. on April 15 each year. Few stop to worry about the problem the tax folks must solve with the returns after they are filed. They collect billions each year. The fact that they end up collecting the taxes at a cost of less than 1/2c on the dollar with a small number of arguments and a pleasant smile on their faces, speaks well for the Internal Revenue Service. Taxes are here to stay and, of course, we all hope that the IRS employees remain smiling and pleasant while doing their collecting.

Wanda James stalled her car at a traffic light the other day. She stomped on the starter, tried again and choked her engine. All the while, behind her Mr. Perry honked his horn steadily. Finally Wanda got out and walked back.

"I'm sorry, but I don't seem to be able to start my car," she told Mr. Perry pleasantly. "If you'll get up there and start it for me, I'll stay here and lean on your horn."

SENIORS PREPARING FOR GRADUATION
 Most seniors are now completing their plans for going to college or other schools, entering training for a profession, or finding a suitable job following graduation from high school. Providing information to students regarding educational, vocational and avocational opportunities and requirements is one of the services provided students, teachers and parents in the counseling and guidance program through the office of the Counselor, Miss Ollie Mae Kuykendall. She serves as counselor for the Santa Anna Schools in a cooperative program with three other schools: Mozelle, Novice and Talpa.

Through the counseling service, students are helped to better understand their strengths, weaknesses, and opportunities. Students are also assisted by the counselor and teachers in planning their program of high school and beginning college courses in keeping with their interests and abilities. Help is also provided when needed for improvement of study habits. These are some of the ways in which students are helped to work out solutions for their educational and vocational problems.

Materials available to students in this high school include: college catalogs, a career information kit with current subscription service which keeps the file up to date; reference books pertaining to occupations; college guide books; material on scholarships and fellowships; filmstrips pertaining to high school, college, and the world of work; and materials, workbooks, etc. for the development of better study habits and skills.

The informational service is one phase of the process of guidance which has as its purpose to aid individuals in meeting their problems, in making their plans, choices, and adjustments, and in understanding themselves in undertaking effective self-development and direction.

FHA ELECTS NEW OFFICERS

The Santa Anna High School Chapter of the Future Homemakers of America had a called meeting at lunch, Friday, April 5. The meeting was to elect officers for the year 1963-1964. The officers will be:

President, Linda Pittard; Vice President, Lawanda Horner; Second Vice President, Frances Davenport; Third Vice President, Karen McCluskey; Fourth Vice President, Lynda Ruther-

ford; Recording Secretary, Wanda James; Corresponding Secretary, Karen Jones; Treasurer, Cheryl Fitzpatrick; Public Relations Officer, Earla Buse; Parliamentarian, Velda Cullins; Historian, Anita Ellis; Sergeant-at-Arms, Georgia Eppler; Song Leaders, Sandra Davis and Patricia White; Pianist, Linda Abernathy.

The girls will take office during the Installation of Officers at the Graduates Tea at the May meeting.

The FHA held its regular monthly meeting at the Santa Anna Elementary School Cafeteria, April 8.

The opening ritual by President Jo Ann Wallace was followed by the minutes by Cheryl Fitzpatrick. The treasurer's report was given by Earla Buse. Lawanda Horner, Fourth Vice President, reported on the projects: Tubfrim stamps will be due, and the FFA-FHA Chicken Fry.

The program was turned over to Linda Pittard, Vice President. The Freshmen girls presented the annual style show. The girls modeled aprons and skirts made in Homemaking. Those modeling were: Anita Ellis, Bonnie Smith, Helen Pinson, Linda Abernathy, Sharon Mays, Mary Haynes, Virginia Voss, Lois Simmons, Jean Kline, Melba Keeney, Linda Brannon, Anita Ellis and Doris Smith. Linda Horner entertained at the piano.

The program was turned back to the president who led in the closing ritual. The meeting was adjourned and refreshments were served by the refreshments committee: Linda Stanley, Chairman, Ruth Ann Walker, Lynda Rutherford, Virginia Pinson, Bobbie Niell, Cynthia Parker, Linda Robinett and Ruth Ann Starnes.

Umbrella Tent Tip
 Here's a handy tip for your umbrella tent.
 Apply luminous paint to the center pole and the spreader arms. This will help them absorb sun or lantern light, and glow all night.
 Result — no more bumped heads when getting up during the night.

Vets Urged To Have Ins. Premium Taken From Pension

Veterans drawing compensation or pension from the Veterans Administration and who are also GI insurance policyholders are urged to have their insurance premiums deducted from their compensation or pension payments, Glyndon M. Hague, Manager of the Veterans Administration Regional Office in Waco, said today.

This will not only avoid the chance of a lapsed policy, the VA pointed out, but will also save the veteran the time and expense of drawing a check or money order and mailing it to his VA insurance office.

Veterans who are drawing retirement pay can request the branch of the service with which they are connected to make out an allotment from their retirement pay to cover their GI insurance premium payment. This, too, saves time and expense and guards against a lapsed policy.

Information and assistance may be obtained from the VA Regional Office, 121 South Sixth Street, Waco, Texas.

BLINDNESS

All is not lost when one is blind. Of course everything should be done to prevent blindness, and if there is a pronounced lessening of vision, every possible means should be employed before the condition is certified by competent eye specialists. When it is certain that vision is gone and cannot be retrieved, it seems that all is lost and life is over.

This need not be so. Many people have adapted to this new condition and have surmounted impossible handicaps. In working with the blind, we find the first and most difficult problem is to get the newly blind person to accept his condition. They must be made to feel they can do almost anything that anyone else can do—and this is practically true. Blind people operate lathes, teach, become doctors and lawyers. Many jobs in offices and factories are today filled by blind people and the records prove that the work is done, in many cases, more accurately and efficiently than with sighted workers.

The greatest obstacle, by far, in getting people to accept the blind person as a normal worker is the sighted public themselves. They do not understand the problems and handicaps of the blind and, they tell themselves there is "nothing I can do about it."
 The blind want understanding, not sympathy. They want an opportunity, not charity. They want an education in as normal an environment as possible, and not a white cane. I have seen many transitions from the world of the discarded blind to the life of usefulness and independence. According to the National Eye Research Foundation, a great number of potentially useful citizens are lost each year because we do not recognize and face this problem as we should.
