WHAT GENERAL WELFARE?

By Harry Browne
Editor, Freedom Magazine

"But the government is supposed to promote the general welfare." If I had a dollar for every time I've heard that statement, I might be able to pay my income tax this year.

And so a multitude of sins — from labeling Palm Springs a depressed area to financing the Yugoslavian Communists — is justified in the name of "general welfare."

Despite occasional arguments over technicalities, the concept of "general welfare" as the standard of legislative legitimacy is never questioned.

Knowing this to be the case, I'm about to send my copy of the Constitution back to its publisher — with a demand for a refund. Obviously, I've been shortchanged.

Where?

Last night I spent three hours searching my Constitution — looking for the "general welfare" clause. I finally decided I just don't own a whole Constitution — for mine doesn't contain a "general welfare" clause.

Oh yes, the word "general welfare" are in there. But it would take a mighty elastic imagination to suppose that they provide any justification for our current welfare state.

Not There ...

For instance, the first mention comes in the Preamble. That, of course, is not a grant of power to the government; it merely summarizes why the Constitution was written in the first place — "in order to ... promote the general welfare ... (we) do ordain and establish this Constitution."

No luck so far.

The only mention of general welfare in the actual text of the Constitution is in Article 1, section 8, paragraph 1. But this is the paragraph granting Congress the power to tax! It says: "The Congress shall have the power to lay and collect taxes, duties, imposts and excises, to pay the debts and provide for the common defense and the general welfare of the United States; but all duties, imposts and excises shall be uniform throughout the United States."

Nothing is said there suggesting that subsidies, doles and restrictive legislation are all right if they're meant to "promote the general welfare." All it says is that the writers of the Constitution felt that the general welfare might be provided for if Congress was given the right to lay and collect taxes.

Beware!

If they had meant to allow anything that Congress thought was in the "general welfare," then the next six paragraphs would seem to be a waste of time — for they list specific areas in which Congress can legislate.

It would seem to be long past time for Americans to become reacquainted with their Constitution. Once you've read it, you'll see for yourself what freedom is supposed to mean in America. And you'll see just how far the government has overstepped its powers.

Of course, you may be tempted to write the publisher — asking for the missing paragraphs the politicians keep quoting.

Coleman Man Killed In Wreck Monday Afternoon

William Samuel Watson, 71, of Coleman, was killed instantly about 5:15 p. m. Monday when the car he was driving was in collision with a Camanche car at the Fisk intersection of Highway 67, five miles west of Santa Anna.

Mr. Watson was going north on the county road, and Julia Dudley, 22, of Comanche was traveling east on Highway 67, when the collision occurred. Watson was thrown from his car and was dead when the ambulance arrived, according to State Highway Patrolman Jim Petzold, who investigated the accident.

Mrs. Edith W. Dudley and her daughter, Julia, were treated for minor injuries in the Santa Anna Hospital, then released.

Damage to the Watson car, an early model Chevrolet, was heavy. It was hit broadside on the drivers side. Damage to the Dudley's 1963 Chrysler was considerable to the right front.

Music Program In School System Being Changed

The instrumental music program in the Santa Anna Schools is in the process of undergoing a change, which began with the new school year. The program as announced by the band director includes: discontinuing the Beginners Band in the Fourth Grade and using the Tonette in its place; the Fifth Graders who play instruments have been placed in an Elementary Band; Sixth, Seventh and Eighth Graders will play in the Junior High Band; the Senior Band will include only students in the high school.

This procedure has been taken in order to put more mature students in the Senior Band, which will help the band to compete with greater success in future contests. Plans are also being made to organize a stage band as time permits.

The Band Parent's organization is working at present on the Band Calendar, as their main money raising project for the year. Mrs. Pat Hosch is serving as Activity Chairman of this group. The band is presently engaged in their annual magazine subscription sale. Local support of these projects is solicited, in order that the band's many needs may be adequately cared for.

The Band Boosters Club met recently and elected officers for the year, except the president, who was elected in May, as is the custom. All other officers were elected at that time but have since resigned for various reasons. Officers are: President, Mrs. John Loyd; Vice President, Mrs. Robert L. Markland; Secretary - Treasurer, Mrs. Clyde Davenport; Parliamentarian, Mrs. Carl Benton; and Reporter, Mrs. James R. Eubank.

Committees are: Membership, Mrs. Robert L. Markland chairman, Mrs. Raymond Jones and Mrs. Vernon Rowe; Finance, Mrs. Woodrow Niell chairman, Mrs. Dorothy Jeffcoat and Mrs. Roy Stockard; Activity, Mrs. Pat Hosch chairman, Mrs. Rodney Dean, Mrs. Calvin Campbell, Mrs. Elton Jones and Mrs. Catherine Horner; Social, Mrs. Richard Horner chairman, Mrs. A. R. Neff and Mrs. Leroy Curry; Uniforms, Mrs. Felton Martin chairman, Mrs. W. B. Gilbreath and Mrs. Herman Gilbreath; Chaplain, Senior Band, Mrs. Glen Copeland, and Junior Band, Mrs. Leland Thompson.

Mr. Camp, band director, gave a brief outline on the band's activities for the coming year.

Juniors Lose To Cross Plains 26-12

The Junior Cross Plains Buffaloes ran wild over the Santa Anna Juniors Tuesday night, winning the game 26-12 and defeating the Junior Mountaineers for the first time.

The half-time score was 12-8 for Santa Anna.

Coach Davis said he was sure Santa Anna made more first downs and possibly gained more yardage than Cross Plains, but when Cross Plains got the ball they went for long yardage and long touchdown runs. Cross Plains had the ball only two downs in the first half and made 8 points. The first time they had the ball they fumbled with Santa Anna recovering, then the next time they scored on first down, then made the 2 extra points.

Incentive Payment On Wool & Mohair Set For 1964

College Station — The 1964 wool incentive and mohair support prices have been announced by the USDA, says Ed Uvacek, extension livestock marketing specialist. Shorn wool incentive price was set at 62 cents per pound and the mohair support price at 72 cents per pound for the 1964 marketing year.

The marketing year in 1964 coincides with the calendar year for the first time, says Uvacek. This is in accordance with recent changes.

Prices of pulled wool will continue to be supported at a level comparable to the incentive price for shorn wool.

Community Chest Meeting Set For Next Tuesday

All the area chairmen of the Precinct No. 2 Community Chest will be guests of the Lions Club at the regular meeting next Tuesday. Immediately following the Lions Club meeting, they will meet in regular session to elect new officers and set the date and amount of funds needed in the drive this year.

Rockwood 4-H Club Report

The Rockwood 4-H Club met at the Community Center September 23 at 7:30 p. m. All present filled out registration cards, then elected officers as follows:

President, Mike England; Vice President, Bob Rutherford; Council Delegate, Beth Dean; Secretary and Treasurer, Ruthie Castor; Reporter, Linda McIntire; Recreation Leader, Davey Beal.

Meeting time was set at 7:00 p. m. with the next meeting to be held at the Community Center Monday, October 28.

The program for the year was discussed and set up.

Adult leaders present were: Mrs. Joyce England, Cecil Richardson, Gene Dubar and Roberta Waters.

Sandra Hartman Employed In Jane's Beauty Shop

Miss Sandra Hartman, daughter of Mr. and Mrs. Edd Hartman, is now employed in Jane's Beauty Shop, as announced in an advertisement in this issue of The News.

Miss Hartman graduated from a Brownwood beauty school just recently. She is familiar with all the latest styles and popular hair arrangements. The ladies will appreciate your business.

Sister of Mrs. Sam McCrary Dies Sat.

Mrs. Sam McCrary received word Saturday of the death of her sister, Mrs. L. J. Robbins of Escalon, California. She is the former Claudie Flores. Funeral services were held Tuesday morning in the Escalon Baptist Church with burial there. Mrs. McCrary was unable to attend, but did get to visit her sister during the summer.

Mrs. Robbins was born at Seguin, Texas, March 3, 1888, and moved to Trickham in 1897. She was married to L. J. Robbins in Brooksmith November 5, 1905. They moved to California in 1914, lived there several years then moved back to Fort Worth. In 1938 they moved back to California, where they have made their home since.

She is survived by her husband, four daughters and one son; three brothers, Richard Flores of Buena Park, Calif., Felix Flores of Modera, Calif., and John Flores of Brownwood; and one sister, Mrs. McCrary.

BID LET ON FARM ROAD

A contract for 12.04 miles of construction on FM 2806 and 2805 in Coleman County has been awarded to a Tye firm, it was announced in Austin this week by the State Highway Commission.

J. H. Strain & Sons, Inc. submitted the low bid of \$93,033 on the project. Base and surface FM 2806 from 4.6 miles northwest of SH 206 to SH 206, 3.0 miles southwest of Burkett; FM 2805 from FM 53 at Glen Cove, south to US 67. It is expected to take 80 working days, according to E. M. Pritchard District Highway Engineer at Brownwood.

Erle C. Mayo, Sr., Resident Engineer at Coleman will be in active charge of the project while it is under construction.

"B" TEAM GAME HERE THURSDAY

Coach R. C. Smith announces his "B" team will play the Bangs "B" team on the local field at 7:30 p. m. Thursday (today). Prices of admission will be 50 cents and 25 cents.

The two teams played at Bangs last Thursday night, with Bangs winning.

District XI, TSTA Workshop Held Here Last Week

District XI, Texas State Teachers Association, held a workshop for local unit leaders at the school building Thursday evening of last week. Some 100 or more persons were present, representing 14 of the 18 county units in the Mid-Texas Education Association. Cullen N. Perry, superintendent of the Santa Anna Schools, is president of the organization and presided during the general assemblies.

Registration was held in the high school from 5 until 5:30, when a banquet was served in the school lunchroom.

After the introduction of officers and other distinguished guests, Mrs. Patricia Robertson of San Angelo reported on membership of District XI in the National Education Association. She indicated that about 800 of the 2200 teachers in the district were members and urged all units to work toward a better national membership.

Charles King of Coleman, reported on the membership in District XI, indicating that more than 90 percent were members at the present time, with 100 percent membership expected. District XI and one other district were the only 100 percent members last year.

Mrs. Elizabeth Little of Corpus Christi, Vice President of the Texas State Teachers Association, gave the key note address. Mrs. Little told of attempts in Houston and San Antonio to organize teachers into a union, but said the attempts had apparently failed for the present. She said the best way to prevent this happening was for the teachers to work together in groups such as the one meeting that night. She also discussed a proposed \$45 per month increase in teachers salaries that will be presented to the next legislature.

Eight groups met in separate sessions for discussions of proposed activities concerning each group. After the group meeting, a second general assembly was held in the high school, where a report was given from each meeting group. Each group listed numerous proposals for study by the TSTA Executive Committee.

The group, meeting for the first time in a small community and school was well pleased with the facilities offered here and the manner in which the meeting was conducted. All events were timed, with the entire program going as scheduled and dismissal within five minutes of the scheduled time.

HIGHWAY 84-283 TO BE CHANGED IN COLEMAN

Austin — The Texas Highway Commission today authorized purchase of right of way for relocation of U. S. Highways 84 and 283 at Coleman.

Proposed location is from an intersection with State Highway 206 north of Coleman to a connection with present U. S. Highways 84 and 283 at Guadalupe Street, a distance of about 2.6 miles.

Estimated state cost for right of way is \$30,000. Existing highway facilities for U. S. Highways 84 and 283 through Coleman will be retained on the state highway system for service to local traffic.

FHA MEETING

The Santa Anna Chapter of Future Homemakers of America met Wednesday, September 25, at the noon hour, with the president presiding.

Mr. and Mrs. Richard Horner were elected as Junior Chapter Parents and Mr. and Mrs. Earl Irick Jr. were elected as Freshmen Chapter Parents.

The chapter discussed going to the State Fair on October 5. Linda Rutherford gave a report on the December project, "Desert Cookbooks." It was also decided that the chapter would take a turn in selling the football programs.

Firemen Fight Two Blazes

Local firemen fought two grass fires last week, one north of town and one south of town.

Wednesday, Sept. 25, two men took a truck to the C. V. Drennen place north of town and put out a fire that could have turned into a costly fire for Mr. Drennen. He lost 12 or more large drilling rig timbers, and other property was in danger.

Friday at 6:00 p. m. the fire department was called to the Tom Kingsbery place south of town to help fight a large grass fire. The fire was near the flood retarding dam built recently. The fire had covered a pretty large area, but was brought under control in about an hour. Most of the boys returned to town in order to go to the ball game, but some remained at the scene to finish putting out the fire.

Postmaster Is Ill

Lee Strother, Postmaster, has been seriously ill in the Coleman Hospital for the past several days. Reports this week indicate he is improving and is expected to return to work on a part-time basis by about the last of the week.

Mountaineers Open Conference Play Friday Night in Goldthwaite

District 9-A will begin conference play Friday night with the Mountaineers journeying to Goldthwaite for a contest with the fourth highest rated Class A team in the state. The Eagles have a very successful season thus far this year, winning four straight games and scoring a total of 134 points, while giving up only 38 points.

The game will get underway at 8:00 p. m. at Eagle Stadium. A large crowd of Mountaineer boosters is expected to be on hand for the encounter. Admission prices will be \$1.00 for adults and 25 cents for students.

The Mountaineers have a 2-2 record going into conference play. Their record reveals a good defense as only 32 points have been scored against them and 20 of these were scored the past Friday night. However, the offense has been rather slow, as they have scored only 28 points in the four games.

The Mountaineer offense is expected to be better this week and in the weeks following. Coaches and players are working hard to perfect their passing attack, which should cause some concern for the opposing teams. The passing attack looked very well Friday night and with another week on it, they should be able to complete more of their passes and keep the other team's defense broke up some. This will also give the ground game a better opportunity to gain considerable more yardage.

In considering two teams the Mountaineers and the Eagles have faced this year, the odds are in favor of the Eagles, but it still seems possible the Mounties can contain the Eagles and possibly come out with at least a close score. San Saba came to Santa Anna for a scrimmage before the season got underway. They scored twice against the Mounties, but were well contained during the remainder of the time. Both teams played the

Several of the Lions said after the game that if the Mountaineers played the same type of game against the Eagles that they did against the Lions, there was a good chance they could win the game. However, winning will not be easy and the Mounties will have to be in a better spirited condition than they were the past Friday night.

Texas 65 Insurance Program Begins Operation Oct. 1

One answer to the vexing health expense problem of elderly people has become a reality for every resident of Texas who is 65 or over.

The answer is a plan called "Texas 65." It is being made possible by a group of insurance companies serving Texas which got together and formed a public service organization under special state legislation in order to pool risks of broad coverage at low rates for the elderly.

During recent years great strides have been taken in making available broader health insurance protection for more and more people. Especially dramatic are the gains that have been made in providing for the 65-and-over, more than 53 percent of whom now have some form of protection as compared with only 26 percent a decade ago. But while much has been done, there is still a real need for more and better coverage. There are still a great many Texas residents 65 and over who are inadequately protected or who have no health protection at all.

"Texas 65" provides basic health and hospital insurance for \$9.00 a month regardless of health and without medical examination. An additional \$10.00 will provide a major medical policy on the same basis.

This is a private enterprise answer to a pressing problem — an opportunity for us to provide for ourselves and for our own at a moderate cost. Details are available from any insurance agent licensed to sell health insurance in Texas. Locally, it is available through M. L. Guthrie at the Santa Anna Insurance Agency office.

It's worth checking into for yourself, your parents or a relative.

State Capitol NEWS

Austin — Gov. John Connally spiked increasing rumors of a "near future" special legislative session on congressional redistricting and made clear that he plans to await the decision of a federal court on this touchy issue.

In a specially-called press conference, the Governor also emphasized his support for poll tax repeal. He said "chaos" will result at the polls if the state constitutional amendment is rejected and the Federal amendment to ban the poll tax requirement for voting in presidential and congressional elections is ratified.

Connally was in Washington this week to discuss U. S. financing of the screwworm eradication program, oil imports, forest lands around Toledo Bend Dam, the Jefferson County seawall project, and possibility of a national park in the Guadalupe Mountain Peak area.

He said that President Kennedy may come to Texas on or about November 21-22.

Connally indicated no surprise at a recent statewide Belden poll which showed that 61 percent of the voters interviewed approved of the way he is running his office. That's an increase of seven percent since May. Survey revealed that Mexican-American, Negro and labor representatives liked the Governor by about the same percentage as other voters.

REDISTRICTING SUIT HEARD
A federal court took under advisement a Republican group's suit for Texas congressional re- apportionment. Suit alleges discrimination against big cities in present representation.

Atty. Gen. Waggoner Carr ar-

gued that the U. S. Supreme Court has furnished the Legislature no real guidelines for carving out new districts.

Rep. Menon Murray of Harlingen, chairman of the House Committee on Congressional and Legislative Districts, testified that this was a key factor in the Legislature's failure to redistrict this year.

AWAIT FEDERAL ACTION
Carr told newsmen he plans to take speedy action to enforce Texas Communist registration law after the federal government winds up its proceedings against John W. Stanford Jr. of San Antonio.

U. S. Subversive Activities Control Board held lengthy hearings on alleged Communist Stanford's activities at the request of U. S. Atty. Gen Robert Kennedy.

Stanford refused to register under either State or Federal Communist control laws. Recently he wrote President Kennedy: "The government has no business telling me what my politics should be."

TRIBUTE TO GARRISON
Col. Homer Garrison Jr., received a surprise tribute on his 25th anniversary as director of the Texas Department of Public Safety.

Said Sec. of State Crawford C. Martin, representing the Governor at the program honoring Garrison: "It is a tremendous job protecting the lives and property of the people of Texas. We Texans are very fortunate in having a tremendous man to do the job over the past quarter of a century."

CRISIS PERIOD AHEAD
Following a meeting of leaders in the screwworm program, Dolph Briscoe Jr. of Uvalde, predicted the eradication drive will face perhaps its most crucial test within the next 30 to 60 days.

Screwworm cases were reported in the Big Bend area, Wilson, Kinney, Medina, Bandera, Dimmit, Maverick, Edwards, Frio, Val Verde and Zavala counties.

Program leaders called for early drops of more sterile flies in the areas hardest hit. Also establishment of a federally-financed "barrier" one 200 miles deep into Mexico to block continued migrations of screwworm flies across the border.

DISASTER AREAS PROCLAIMED

President Kennedy notified Governor Connally that he has declared the one hit by Hurricane Cindy on September 16 as a "major disaster" area. He also advised that damages are being surveyed by federal government representatives to determine as-

sistance requirements. President Kennedy pledged "all possible assistance in the rehabilitation of the area."

NEW APPOINTMENTS
A Governor's Committee on Eradication of Tuberculosis in Texas, headed by Dr. Charles A. LeMaistre of Woodlawn Hospital, Dallas, has been appointed by Governor Connally.

He also reappointed Louis A. Scott, El Paso attorney as Rio Grande Compact Commissioner and J. C. Wilson, Pecos rancher, as Pecos River Compact Commissioner.

Jack Valenti, Houston advertising man, was picked by the University of Houston Board of Regents as its representative on the Committee of the Governing Boards of State Colleges and Universities.

VACANCY CLAIM
Guerry Strong of Austin contends that a land "vacancy" exists in Victoria County. However, his claim has been turned down by Land Commissioner Jerry Sadler.

So Strong will file suit in Victoria County within 90 days, seeking to have some 6,300 acres of land declared the property of the public school fund, instead of private owners. Since the land involved contains much oil and gas production, the claim is being hotly contested by the landowners and oil and gas companies with interests in the area.

Strong has filed another claim in Hidalgo County on a long, thin stretch of land which has 1,800 landowners.

Should Strong be successful, the "good faith claimants" will have the right to buy back the land they thought they owned, at a price to be set by Sadler. Strong will get one-sixteenth of the oil and gas, and the school fund will get the rest of the royalty.

STOCK ISSUES MOUNT HIGH
State Securities Commissioner William M. King says August permits for issuing stock in Texas exceeded the July figure by \$2,000,000. Total reached was \$19,499,357. Big push for state-based securities sales brought the fiscal 1963 total of securities authorized by the state board to \$2,500,000.

HEALTH REPORT
Only 49 cases of polio had been reported to the State Health Department by mid-month.

Veneral disease is on the upswing in Texas. By September 14, a total of 21,405 cases of gonorrhea had been reported, compared to 1962's high of 20,086. Syphilis cases totaled 4,156, compared to 3,562 at this point last year.

THORNBERRY RESIGNS
Tenth District Congressman Homer Thornberry of Austin has resigned. Effective date is December 20. Thornberry is to become a federal district judge in El Paso.

Voters will select a new Congressman on November 9. That's the day Texans vote on the four proposed constitutional Amendments.

Immediately following Thornberry's resignation, J. J. (Jake) Pickle of Austin resigned his

post on the Texas Employment Commission and announced as a candidate for Congress.

Pickle, 49, was appointed by Gov. Price Daniel to a five year term on the TEC in January of 1961. He has been active in Democratic circles since his graduation from the University of Texas in 1938.

Rep. Jack Ritter Jr. of Austin announced for the post several weeks ago when Thornberry first indicated he might resign.

OGALLALA
A vast underground water reservoir, which supplies irrigation and municipal water for all or part of 48 counties in West Texas, was the subject of a two-day hearing before the Texas Water Pollution Control Board. Water districts in the area

from Dalhart to Odessa asked the board to outlaw the use of open, unlined salt-water disposal pits by oil and gas operators. Their experts contend that the salt seeps into the underground formation, contaminating the water.

Oilmen were concerned that the Pollution Control Board might set up regulations for the use of salt water disposal wells which would replace the pits as a means of getting rid of the water. They want supervision of their operations to remain under the Railroad Commission. Board delayed hearing until November 20, to give the oil industry time to make suggestions for curing the problem.

TAX MAN SAM SEZ:

Well, this has been about the hottest and driest summer in quite a spell in Texas. A good "blue norther" sure would help everybody's spirits during July or August instead of December. This hot weather brings a few cold tax facts to mind: There's a lot of Texans sittin' around on the front porch fannin' or hidin' in an air-conditioned

room, instead of keepin' the proper tax records. These folks might just as well figure they're goin' to be sweatin' next winter when they try to figure out how to divide up with Uncle Sam and start tryin' to get their income tax return in. A lot of folks say it leaves them cold to think about income tax. In case it does — during all this hot weather is a mighty good time to start keeping good tax records.

Our WASHINGTON Letter

By Congressman O. C. FISHER

A MUNICIPAL ELECTION held in Boston on September 24 created quite a stir in Washington. It all began a few weeks ago when a Mrs. Hix, chairman of the Boston School Board, refused to hold a hearing demanded by NAACP, to set up a system of transferring white and colored students from their neighborhood schools across the city to other schools in order to equalize a mixture of Negro and white students in all the schools.

Mrs. Hix insisted she would have no part in forcing children to leave their neighborhood schools and be transported across town to other schools, solely to force a mixture of races. As a result she was condemned as a "disgrace" whose action was "reprehensible" by a leading prelate at Boston University. And 10,000 Negroes marched in a demonstration of disapproval. Others, including liberal extremists, joined in the trade.

But Mrs. Hix held her ground. She said she would let the voters decide the issue. The lines were drawn, and a lively campaign was waged with the integration issue clearly defined.

When the votes were counted on Tuesday Mrs. Hix won — not by a mere majority but by nearly three-fourths of the 100,000 who voted! It was a landslide unheard of in Boston. No wonder the municipal election there created quite a stir in Washington.

But the battle for the Negro vote continues on Capitol Hill. With both Democratic and Republican politicians vying with each other for advantage, civil rights legislation is moving toward a showdown. The House will probably act first, probably in late October or early November. Over in the Senate it will be a long drawn out battle. Filibusters are taboo under House rules, but unless as many as two-thirds of the Senators

cut it off the rules permit unlimited debate in the Senate. This legislation, as proposed by the Administration, has been described by a former President of the American Bar Association as "ten percent 'civil rights' and ninety percent extension of raw federal power". Politicians, while privately admitting some concern at what happened in Boston, continue to talk glibly of yielding to NAACP demands on the federal level, and the pot of gold at the end of the civil rights rainbow — those 20 million Negroes and a sizeable bloc vote.

My father rose — my mother was busy with a lap full of mending. He did not say, "Forget your fears!" He did not try to explain away the dark. He simply said: "I'll come with you."
When life's larger, darker shadows fall, and fear lays hold of our hearts, God's beloved Son who promised to be with us always, says, "I am with you."

PRAYER:
Eternal Lord, I bow my head in Thy holy presence. Forgive me that ever I have walked alone — in false confidence or in fear. I bless Thee for the assurance of Thy companionship. However dark the way, I will not falter if Thou goest with me. Increase my faith through Christ Jesus, in whose name I pray. Amen.

Read Matthew 28:16-20
Lo, I am with you always, even unto the end of the world. (Matthew 28:20.)

I remember a night when, as a child, I became fearful. In the old farm kitchen, my candle had been lighted as usual to guide me on my way to bed. Many a time before, I had taken the lighted candle and, after kissing the family good-night, had gone sleepily and gladly to bed. But this night I was fearful. In the midst of the family circle I felt so safe, and the distance along the passage with my flickering candle seemed so far.

The meeting was called to order by the vice president, Mrs. Carl Ashmore. The program began with songs and prayer offered by Mrs. Lela Moore. The devotional was given by Mrs. Byrd Arnold and taken from John 14. After it was read, the group commented on it.

All present enjoyed the social which followed.

Mexico is Topic For Self Culture Club

A program on "Mexico" was given and objects from Mexico were on display when the Self Culture Club met in the home of Mrs. C. D. Bruce Friday, September 27. Mrs. Charles Allen, club secretary, who lived in Mexico City for three years before moving here, as speaker.

She told of the differences in customs and living, between the two countries. Her husband was with a manufacturing company and the family lived in the south part of the great city.

Mrs. Hardy Blue told of her trip to Mexico City and described the Folklorista Ballet as one of the outstanding attractions for tourists.

Mrs. Bruce told of her trip last year on the Chihuahua al Pacifico Railway, across the mountains from Presidio to the Pacific Ocean. She showed pictures of the scenery enroute and the little towns at the terminal.

It's Time For... EYE CARE

Dr. Newton K. Wesley THE IMPORTANCE OF TEARS

The tears of the eyes have a definite function in bathing the eyes and keeping them from drying. If the eye were dry, the cornea—or window of the eye—would dry up and you would be unable to see. This condition of drying of the eye is called, exophthalmia.

The tears have approximately the same index of refraction as the cornea. Therefore, the rays of light are not bent differently when the light passes through the tears or the cornea.

Tearing also performs a protective function in that they prevent foreign objects from lying on the surface by washing them away. Because tears have a "sticky" consistency this viscosity prevents them from spilling over the lid except under certain conditions of which you very well are aware, such as crying. Tears are gathered in the inner corner of the eye in what is called the "tear lake." A pumping action actually sucks the tears into ducts and these tears are expelled into the back part of the nose and throat. That is why when you cry, for instance, you get the sniffles, feel a swelling in the throat and you have to blow your nose.

Excessive tearing is usually a warning that the eyes are not functioning normally. Most eye troubles do not give us warning, so heed the advice of the National Eye Research Foundation and have regular and frequent eye examinations.

Mountaineers Take 2nd Loss of Season, 20-6

Rick Dennis, 150 pound Clyde Tailback was the difference in the game Friday night as the Clyde Bulldogs won over the Mountaineers 20-6 in the final non-conference game for the Mountaineers. The Mountaineers did not seem to be as well prepared for this game as they have in their other three outings. Clyde has a good offensive, but compared to the defense the Mounties have put up in previous games, it should not have been as good as it was.

The Mounties were also without the full service of Frank Valdez, who suffered a severely sprained ankle during the week. He was used very sparingly during the contest.

Something happened we were surprised and pleased to see, and that was the passing attack the Mounties came up with. This was the first time they have tried any passing to amount to and completed 50 percent of the throws for a total of 73 yards. Being able to pass will break up the tight defense a team can play if they know their opponent is not going to attempt any passes.

THE GAME

The Mounties took the kickoff near midfield and made three first downs in a row, driving to the Clyde 19-yard line, but suffered the first of several penalties of the night, that set them back to the 24. They could not gain the yardage needed, tried two passes and had the fourth down try intercepted right at the goal line. The Bulldogs could not get their offense to working at this time. They gained out to the 10-yard line, suffering two penalties in the process and got off a good punt that went to the Mountie 32-yard line. The Mounties received a 15-yard penalty, could not gain any ground and punted to the Bulldog 41-yard line. The Bulldogs gained to the Mountie 49, then suffered a 5-yard penalty as the quarter ended.

Beginning the second period, the Bulldogs drove all the way to the goal line with the full-back, George Dyer going the final 2 yards through center on a fourth down try. The pass try for extra points failed and the Bulldogs took a 6-0 lead.

The Mounties took the kickoff back to their 47-yard line. Here McIver connected with his first long pass of the year, to Bobby Morgan, that was good for 25 yards, attempted 2 ground plays, then connected with a short pass to Blanton. On the fourth down attempt, McIver connected with the pass, but the receiver fumbled after getting control of the ball and the Bulldogs recovered on their 11-yard line. A 5-yard penalty put the Bulldogs back on their 6. One ground play gained 2 yards, then a quick kick put the ball out on the Bulldog 46-yard line. The Mounties gained to the 40 and punted out of bounds on the Bulldog 13-yard line. Then Rick Dennis went on the first of his sprees and went up the left side for 55 yards with McIver overtaking him from behind and bringing him down on the Mountie 33-yard line. A 5-yard penalty against the Mountaineers put the ball on the 27 and Dyer gained about a half-yard. Then Dennis came around his right end, reversed his field and went almost completely across the field before crossing the goal line. The quarterback attempted a quarterback sneak for the extra points but failed.

The Mounties took the kickoff with Taylor handing off to Horne on a criss-cross and Horne going to his 38-yard line. The Mounties tried 2 passes and one ground play, then punted to the Bulldog 13. The Bulldogs gained 9 yards on the ground as the half ended.

The Bulldogs received the kickoff on their 9 and went to their 38-yard line with Dennis doing the ball carrying. A Mountaineer 15-yard penalty put the Bulldogs on the 48, then a short pass put them at mid-field. They drove to the 2-yard line and Quarterback Buddy Howe went through center for the TD. Dennis went wide around left end for the 2 extra points and Clyde had a 20-0 advantage.

McIver took the kickoff on his 16-yard line and went back to the Bulldog 46-yard line in a very determined effort. They drove to the 41, lost 5 on a penalty, then connected with Morgan for enough yards for the first down. McIver connected with Morgan for 6 yards, then lost 5 on another penalty and tossed a pitchout to Horne, who circled left end to the Bulldog 4-yard line. Horne picked up 2 more yards, then drove over the goal line, with the play being called back for another infraction that cost 5 yards, back to the 7-yard line. Horne drove to the 5, McIver kept to the 3, then Nelson Perry opened up the hole that let Horne just

barely get over the goal line for the Mounties only score of the evening. The pass attempt for extra points failed. Some seemed to wonder just what happened on the extra point try. The Mounties had an ineligible receiver down field, but the pass was not completed and the Bulldogs refused the penalty, making it just an incomplete pass. According to the officials, there was no other infraction.

The Bulldogs took the kickoff and returned to their 37-yard line, gained to their 42 and lost back to the 40, then punted to the Mountie 34. The Mounties had time for one play and Horne picked up 5 yards as the

quarter ended.

McIver connected with Blanton for 8 yards, then the Mounties lost 2 and gained 5 and punted to the Bulldog 34. The Bulldogs really opened up their passing attack, driving to the Mountie 16, lost back to the 19 and completed a pass with the receiver fumbling and the Mounties recovering on their 9-yard line. They gained 2, then lost 5 on a penalty, attempted a pass from their 6-yard line and Boyet gained out to the 11. McIver punted to his 44 and Dennis returned to the 36. Here the Mounties intercepted a pass, but infractions against both teams nullified the play and the Bulldogs retained possession on the 36. Dennis gained to the 19, but a 15-yard penalty put them back to the 34. They connected with a short pass, then another 15-yard penalty put them back to the 42, a loss of yardage put them back on the 45 and an attempted quick kick was foiled with the

Mounties getting the ball on the Clyde 47. McIver lost back to his 47, gained a yard, then completed a pass to Morgan on the 34. McIver lost back to his 45, then on the last play of the game attempted another pass that was knocked up in the air and was intercepted by Clyde, with the boy being downed on the Mountaineer 46-yard line as the game ended.

so they scouted teams of their opposition. Several Bangs and Early groups were in Santa Anna as well as a number of Coleman people.

The Mountaineers did not come up to expectation Friday night. They lost to the classy Rick Dennis and the Clyde Bulldogs 20-6. Dennis was the difference in the game.

In a stout defensive game, the Baird Bears lost to Merkel 6-0, to give the Bears a 2-2 record.

Cross Plains lost their annual game to Rising Star 14-0, to give the Buffaloes a 0-4 record.

The Goldthwaite Eagles completely outclassed Class AA Comanche to the tune of 38-0. The high scoring Eagles now have a 4-0 record. The Eagles scored in every quarter and gained 431 yards on the ground. Comanche gained only 38 yards rushing and could not score.

Copperas Cove dropped their first game of the season to Waco Reicher 28-0 and now has a 3-1 record.

The Burnet Bulldogs finally

came up with their first win of the season by downing Round Rock 22-6. Round Rock scored first, but Burnet came back and scored in each of the three last quarters to give them a 1-3 record.

Marble Falls took a sound beating from Johnson City 27-0, to drop their feathers. Johnson City scored in all four quarters, with Marble Falls never getting inside the Johnson City 25-yard line.
