THE AMERICAN WAY

COMMISSIONER MURPHY AND MARSHAL TITO

By Rosalie M. Gordon
Editor, America's Future

Many Americans are going around these days with a sense of shame stemming from the latest era, instituted by our leaders in Washington, of friendship and hospitality for bloody communist tyrants. It is therefore nice to report an incident which took place in New York last month. Because it was essentially a local story, it did not get sufficient nationwide attention. But it was deserving of wide notice because it enables Americans to take pride in the fact that at least one public official — an appointed one at that — refused to be cowed in the presence of Red butchers.

Tito Visit

The story (on which the New York Daily News dug up the details) concerns the Police Commissioner of New York City, Michael J. Murphy, and the visit to this country of Red Boss Tito of Yugoslavia. After being welcomed with all the official trimmings by President Kennedy at the White House, Tito went up to New York for a stay at the Waldorf-Astoria. His safety presented a serious problem for the New York police because of the presence in New York of many relatives and friends of victims of Tito's bloody purges. In cooperation with the State Department, the New York Police Department worked out details to keep demonstrations against Tito as peaceful as possible. But Tito was accompanied by his own squad of strong-arm toughs. They demanded all guests be cleared off the hotel floor occupied by Tito, that the lobby and elevators be cleared whenever Tito went in or out, that everyone entering or leaving the hotel be checked on, that no demonstrators be allowed near the hotel and if they got near that they be arrested.

Murphy Manner

To all this Commissioner Murphy replied: "This is America. We don't stop people from demonstrating here as long as they are peaceful." However, despite police precautions, one of Tito's goons received minor injuries during a demonstration. When Commissioner Murphy went to the hotel to investigate, he got an order from Tito to come to his suite and explain. Murphy refused declaring: "I have nothing to discuss with this man that we have not already tried to straighten out — with his security force."

Americans Can Cheer

This reportedly upset the State Department no end. It sent UN Ambassador Adlai Stevenson posthaste to the Waldorf to soothe Tito's ruffled feelings. But all Americans can indulge in a cheer for Commissioner Murphy. He carried out efficiently a difficult and unwanted assignment without kowtowing to Tito. New Yorkers could not help noting the contrast in the handling of a communist tyrant when, immediately on the heels of this episode, President Kennedy telephoned Tito to wish him a happy voyage home.

Mrs. Scarborough Buried at Shields

Funeral services for Mrs. Mary Scarborough, 86, were held in the Stevens Memorial Chapel in Coleman at 2:30 p. m. Sunday. Rev. Raymond Jones, pastor of the First Baptist Church of Santa Anna, was the officiating minister. Burial was in the Shields Cemetery.

Mrs. Scarborough died in Coleman Saturday at 2:30 p. m. after a lengthy illness. She was born July 26, 1877 in Milam County, Texas, and was married to the late J. A. Scarborough Sept. 15, 1895, who died in 1940. She moved to Coleman County 55 years ago from Bell County. She was a housewife and member of the Baptist Church.

Survivors include three daughters, Mrs. J. M. Stewardson and Mrs. R. A. Milligan, both of Shields, and Mrs. J. K. McClain of San Angelo, two sons, T. L. Scarborough of Coleman and C. A. Scarborough of Shields; 10 grandchildren and 17 great-grandchildren; one brother, Bailey Loftin of Houston.

Grandsons were pallbearers.

Oberlin College in Ohio, was the first college to confer degrees on women.

PRESIDENT KENNEDY ASSASSINATED

President John F. Kennedy was shot and killed as he and his caravan traveled through the streets of Dallas, Texas about 12:30 p. m. Friday. It was a tremendous shock to the entire world, even at this hour is still almost unbelievable that such a thing could happen.

Governor John Connally was also shot at the same time, but is now apparently out of danger and expected to fully recover.

Then to top this great tragedy, Sunday morning the man accused of killing the President, Harvey Lee Oswald, was shot and killed by a Dallas night club operator.

Most radio stations and all three television networks cancelled their regular programs from the time the news of the President's death was flashed across the nation, until after his burial Monday afternoon. Many millions of people spent many hours at their television sets during the four days.

Monday was set aside as a national day of mourning and most places of business throughout the nation were closed during the funeral services.

It is hard to express how deeply we felt about the terrible tragedy. Although we were never particularly fond of many of the programs of social reform advocated by President Kennedy, he was never-the-less the President of the United States and was the leader of the free world. It will be a long time before the nation and world recovers from the shock of his untimely death.

We can all be very grateful that we live in a nation founded by men of the vision of our forefathers. The men who drew the Constitution of the United States could foresee that just such a thing would happen and they set a procedure that would be followed when it did happen; that was the orderly transfer of the nation's leadership from one person to his successor. This is the only nation in the world where this could have been done.

We mourn with the rest of the world the President's death and hope that President Lyndon B. Johnson will be able to carry the burden he has assumed. With the help of God and the people of the United States, we feel he will be a capable President.

Ward School Basketball

Thursday night of last week the Junior High Basketball teams went to Cross Plains for games between the boys and girls. The Santa Anna girls lost by a score of 10-27, with Carolyn Rowe being high point girl for Santa Anna. The boys won their game 18-17 with Dickie Horner being high point boy with 8 points. Tommy Blanton had 6 points.

The next game for the Junior High teams is scheduled at Rising Star on December 2nd. The remainder of their schedule as it now stands is as follows:

Dec. 9 — Early, there
Dec. 16 — Cross Plains, here
Jan. 13 — Early, here
Jan. 30 — Goldthwaite, here
Feb. 13 — Goldthwaite, here

Coach Don Davis said the teams would likely enter two or three tournaments and that other games would be announced as they are scheduled. He said they were almost sure to match games with Talpa and other schools.

Dr. Murrell To Move Remains of Son Here

Dr. John D. Murrell said he and Mrs. Murrell would go to Monterrey, Mexico next week for the purpose of bringing the remains of their youngest son to Santa Anna for burial.

The son, William Lawrence, was born in December, 1957, during the time Dr. Murrell was taking his final examinations during his last year of medical school. The youth only lived three days and was interned there.

Law requires a waiting period of five years before the remains can be brought back across the border and that time is now up. His remains will be laid to rest in the Santa Anna Cemetery.

Youth Captured Here Tuesday

A 15-year-old Brownwood youth was captured on the roof of the Santa Anna Tile Co. about 8:00 a. m. Tuesday, after a search of several hours during the early morning. He was returned to Brownwood by the Brownwood Police Department.

Don Norris of Brownwood reported his 1959 Ford as being stolen from his home after midnight Tuesday morning, stating he had heard the car being driven away. After searching for some time, the Brownwood police spotted the car and gave chase. The youth in the car led the officers on a high speed chase to Santa Anna and attempted to turn north on Houston Street, just east of the Tile Plant. Failing to make the turn, he went up into the Tile Plant parking lot. When the officers went into the lot their lights went up in the air and as they came back down, the youth was gone and no sign of him could be found.

M. R. Simmons said he was called out at 2:45 a. m. and the search was joined by Brown County Sheriff's officers along with Coleman County Sheriff's officers. They were just about ready to give up the search when the youth was discovered on the building.

L. C. Featherston Buried Monday

Funeral services for L. C. Featherston, 60, were held in the Hosch Funeral Home Chapel at 10:30 a. m. Monday. Rev. Hal Martin of Trickham was the officiating minister. Burial was in the Trickham Cemetery.

Mr. Featherston died in San Diego, Calif., Friday. He had been ill for several days. He was born at Trickham March 1, 1903 and had lived in California for about 30 years. He was an interior decorator.

Survivors include two brothers, Ed Featherston of Brownwood and Bond Featherston of Trickham; three sisters, Mrs. L. G. Mathews of Brownsville, Mrs. Bernice McIver of Brooksmith and Miss Lou Featherston of Plainview.

PTA To Meet Wednesday, Dec. 4

The regular monthly meeting of the Santa Anna Parent-Teachers Association, will be held in the Cafeteria of the Elementary School at 2:30 p. m. Wednesday, Dec. 4th. All members are urged to be present.

First part of the program will be presented by Mrs. Martin's Choral Group, composed of students in the 6th, 7th and 8th grades.

Second part of the program will be a panel discussion by five members on "Does Our Love Show?" The program will concern love in the family circle and the effect it has on the students ability to learn and live a normal life.

Mrs. Dorothy Harris, president, said the PTA made a profit of \$66.07 on the chili supper, held the night of the Santa Anna-Early football game. She expressed her appreciation to all who helped in any way to make the program a success.

Christmas Foods and Decorations To Be Discussed Monday

Mrs. Joyce Drake, Home Economist for the West Texas Utilities Co., of Ballinger, will discuss Christmas foods and decorations at the regular meeting of the Future Homemakers of America Chapter Monday, Dec. 2, at 7:00 p. m. at the high school.

Mrs. Winnie McQueen, instructor, said all ladies of the community who might be interested in this type of discussion were cordially invited to attend the meeting. It will be held in the Homemaking Department.

Presbyterians To Meet In Adventist Church on Sundays

The Santa Anna Presbyterian Church will hold their regular Sunday worship services at the Seventh-day Adventist Church, beginning Sunday, December 1.

The Presbyterian Church services will be conducted there until plans are completed for the new building. The public is invited to attend each service.

Christmas Opening To Be Held Friday, Dec. 6th

The annual Santa Anna Christmas Opening will be held Friday, December 6th. Plans are being made for the day to be filled with entertainment for everyone.

A Christmas Parade will be held in the afternoon with a number of floats and bands taking part. Bands scheduled to be in the parade are the Santa Anna bands, Howard Payne College and the Coleman Blue-Card Band.

Several have already indicated they will have floats in the parade. Any other group who is interested in entering a float is requested to contact Mrs. Robert L. Markland. Prizes will be offered for the top three floats and each float will be awarded at least \$10.00 to help cover expenses of the decoration.

Floats have already been entered by the PTA, Nitla Daniell Circle, Band Boosters, Delta Omicron Sorority and First Baptist Church.

Floats will be judged. They should be on a trailer. "Christmas in Santa Anna" is the theme all floats will be decorated under and each float should be clearly titled or named.

Charlie Moseley Gets Bob Cat

Charlie Moseley, who farms and raises sheep just south of Santa Anna on the Trickham-Whon Road, caught a large bob cat Thursday night of last week. Mr. Moseley said the big cat had been killing and eating his young lambs.

He said he saw the cat a few days before on the old Ford road, which is just past the City Limit Marker on the Trickham Road. A few days ago he found where one of his lambs had been killed and a part of it eaten, apparently by a Varient of some kind. He set a trap and that night caught the bob cat, that he judged would weigh 30 to 35 pounds. Mr. Moseley said when he first saw the cat previous to catching him, he thought it was the largest house cat he had ever seen.

He said this was the first time he had ever known of a bob cat roaming that part of the county, and that he had not seen any signs of any others since this one was caught. The cat was caught on the old Thornton place, just east of his home place.

Mr. Moseley said he had also been having trouble with dogs killing his sheep, but the dogs and the cat kills were different. The cat only killed young lambs and usually eat a part of them. The dogs kill large lambs or full grown sheep apparently for no reason other than to just kill them. They seldom if ever, eat any of the lambs or sheep they kill.

Film Reveals High Cost of Highway Litter

Austin — The dramatic burning of more than \$100,000 in actual U. S. currency is the opening scene in a new Texas Highway Department film attacking the high cost and ugliness of highway litter.

Entitled "Money to Burn," the film's opening episode illustrates the point that Texans' gasoline tax dollars "go up in smoke" when motorists throw trash from their cars. The Highway Department spent nearly \$1,500,000 last year clearing litter from Texas highways.

The 20-minute, 16-mm. color film was scripted and produced by the staff of the Department's Travel and Information Division for screening by schools and civic organizations over the state, and by Texas TV stations as a public service.

Prints of the entertaining film are available on a loan basis for public showings through any of the 25 Texas Highway Department district offices. Texas Highway District Engineer for the Brownwood District is E. M. Pritchard of Brownwood.

Showings may also be arranged by writing Texas Highway Department, Travel and Information Division, Box 5064, Austin, Texas.

Seven People Win Prizes In First Santa Anna Treasure Hunt Program

Seven people won prizes offered in the Santa Anna Holiday Treasure Hunt program on Saturday. This was the first day of the program. Twenty-eight prizes were offered.

Winning prizes were: Mrs. Henry Newman, case of assorted preserves at Harvey Grocery; E. W. Gober, sweater at the Ladies Shop; Patricia Baird, permanent at Modern Beauty Shop; Mrs. Eugene Baker, \$4.00 in laundry at the Modern Way Laundry; Brian Baucom, oil change, filter and grease job at McCrary Shamrock Station; Mrs. Homer Vinson, six dinners at the Clover Grill; and David Young, Gallon of ice cream at Williams Fruit Stand.

Many other prizes were offered just for the holders of the lucky numbers to match their numbers with the ones in the stores.

Some of the prizes offered but not won were: lamp, groceries, wash and grease jobs, antifreeze, several electric appliances, bed spreads, blankets, step ladder, spray net and hair nets and other items.

Stores participating in the Treasure Hunt program are: West Texas Utilities Co., Brown's Grocery, Talley Service Station, Clover Grill, Linnie's

Beauty Shop, Jar's Beauty Shop, McCrary Service Station, Modern Way Laundry, Modern Beauty Shop, Santa Anna Lumber Co., Horner Service Station, Williams Fruit Stand, Santa Anna Recreation Center, Western Auto Associate Store, Purdy Mercantile Co., Piggly Wiggly, Ladies Shop, White's Variety Store, Phillips Drug, G & E Hardware, Burden Mobil Station, Harvey Grocery, Hosch Grocery and Hosch Furniture Store.

The program will be the same this week and for the next several weeks. Each merchant participating in the program will have a NEW number posted in their store early Saturday morning and the person holding that number will be entitled to claim the prize.

There was considerably more people in Santa Anna throughout the day Saturday than has been being for the past several Saturdays. Most merchants seemed well pleased with the results of the first part of the program.

Mobil Telephone Transmitter On Mount' in Damaged

The mobil Telephone transmitter atop the Santa Anna Mountain was damaged recently and a desk type telephone taken from the premises. During the past several months numerous long distance calls had been placed from the Mountain top tower.

The equipment there is supposed to be locked up, but it had been tampered with for some time.

Last week the telephone was recovered, along with seven baseball bats that had been taken from the equipment hut at the baseball field.

Deputy Sheriff M. R. Simmons said a 17-year-old local youth had the telephone and bats. He gave the Sheriff's office a statement admitting he took the equipment and made the phone calls.

Deputy Simmons issued a warning to youths who like to climb the mountain. He said everyone is warned to stay a safe distance away from all the transmitting equipment on the mountain. Persons guilty of damaging equipment such as this could be fined very heavily.

Bryans Well Please With Anniversary

Mr. and Mrs. Curtis Bryan of Rockwood, who operate the Bryans General Store, were well pleased with their first anniversary observance, held the past Saturday. Several hundred people visited the store throughout the day and every one of them, adults and children, all received some kind of gift.

Mrs. Hardy Blue of Santa Anna, was the winner of the beautiful large anniversary cake, baked by Mrs. Bryan. This cake was given to the person who came the nearest to guessing how much money was in a jar, which contained some bills, and an amount of all kinds of change. The jar contained \$45.37. Mrs. Blue guessed \$45.44. There were a number of other guesses that were close to the amount.

Mrs. Bryan is very gifted and is well-known for her cakes. She has made cakes for many, many people throughout the Central Texas area and some for very distinguished persons in Texas and other states.

Your editor and wife visited the store late Saturday evening and were fortunate enough to receive one of the beautiful Thanksgiving cakes, "Baked by Betty." Mrs. Bryan made eight of the cakes in the shape of a turkey and decorated them to look like a Broadbreast Bronze Turkey. They were very colorful and certainly exemplified her skill and talent in her chosen vocation. She showed us pictures of many of her cakes, none of which were alike, and all made to express the personality of the person they were made for.

The name, General Store, certainly describes their store. They have a good stock of items generally found in a grocery store, plus just about anything else the folks in that area might need, including a piece for the men to play dominoes (which is sometimes taken over by the ladies for bridge). Included in the store is material for dress and suit making, and all needed accessories, toys, school supplies, fishing and hunting supplies several hardware items and numerous other items, including a snack bar for coffee, cold drinks and short orders.

Other persons receiving Thanksgiving cakes were: Lee Abernathy, Beth Dean, Junior Brusenhan, Billy Lovelady, Cheryl Fitzpatrick, and Mrs. C. W. Hunter.

Mr. and Mrs. Bryan and daughter, Leann, expressed their appreciation to friends of the area for their good wishes on their anniversary.

Sunday afternoon visitors with Mr. and Mrs. George Wells were her late brother's wife, Mrs. Joe Dixon of California and a cousin, Mrs. Ruby Smith of Brownwood.

Resolutions Praise Efforts For Women's Meeting

Mrs. A. G. Lee of DeLeon, president of the Texas Federation of Women's Clubs, said this

week the workshop held recently in Santa Anna was "the best we had ever seen." Mrs. Lee praised the Self Culture Club, the Community Chamber of Commerce, the Lions Club, business firms and local citizens for the wonderful job of entertaining the District Board meeting and workshop.

While in session the Courtesy Committee passed the following resolutions:

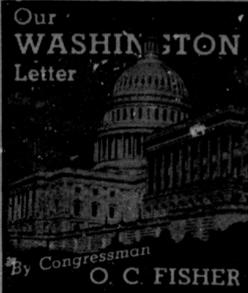

RESOLVED:

That the members of the Heart O' Texas District express their gratitude and appreciation to the Self Culture Club of Santa Anna for their efforts in behalf of the member's comfort and convenient arrangements for the Workshop.

That the Federation members wish to thank the Chamber of Commerce for the most enjoyable breakfast, and we also thank the ladies that served.

That the members of the Workshop express their thanks to the interesting speakers and talented entertainers that the Workshop has enjoyed this day.

That the members of the Heart O' Texas District extend

POPULATION EXPLOSION

was the subject of a national conference held in Washington

their thanks to their District President, Mrs. Lee, for her untiring efforts in helping the clubs of the district. Also, they extend their thanks to the Vice Presidents, Mrs. Glenn Lewis and Mrs. J. O. Mills and other district officers, and to the committees that have worked with the President to make this Workshop the success it has been.

That the members express their appreciation to the Mountain City Garden Club for the attractive table decorations and the beautiful flower arrangements.

That the members of the Workshop would like to express to Mayor Ford Barnes, the city officials, and the Chamber of Commerce their thanks for the many courtesies extended to them while in their city.

That the members of the Workshop wish to thank the many businesses for their table favors and other useful gifts.

That the members of the Workshop say "Thank you" to the ones responsible for the excellent luncheon served them.

That we also express our thanks to the Lions Club for the door prizes.

Signed, Courtesy Committee, Mrs. T. C. Williams and Mrs. Roy Capps.

last week. The tone of the meeting was set in an address by the Rev. John O'Brien, research professor of theology at Notre Dame University, whose views on the "prudent regulation of birth" made him a much-quoted figure.

It was disclosed that at the present time world population is increasing by two percent each year. In the U. S. A. the net gain amounts to about three million annually. In ten years that's an extra 30 million people.

Labor leaders and politicians worry themselves sick about automation and the mounting increase in jobseekers because of higher population. But they seem indifferent to what is perhaps the only orderly and meaningful means of alleviating this problem. That would be to promote birth control.

The Washington meeting recommended the introduction of family planning information into schools, religious groups, and through mass communications media. Birth control information would be made available to everyone, at very little or no cost.

A BROAD APPEAL was lodged last week by Martin Luther King, the Negro race equality pusher, when he shamed the church people who do not come out in favor of intermarriages among the two races. To think otherwise, Martin Luther allowed, would be a display of "prejudice that does not speak for Christ."

The Negro leader has been in demand as a speaker at church affairs which have featured white ministers, and it is believed here that his forthright insistence upon racial intermarriages will sway a substantial number of ministers to join hands with him, as the same preachers have done in respect to other facets of the Civil Rights battle. Indeed, it is believed that with Martin Luther, other ministers and Civil Rights backers, the ultimate objective is to encourage more racial mixing, including repeal of state laws against intermarriages.

More Than Money Involved in Social Security Disability

"Referral to a State vocational rehabilitation agency of applicants for disability benefits under the Social Security Act is an important part of the whole disability benefits program," R. R. Tuley, Jr., district manager of social security in Abilene reports.

"While many applicants are so severely disabled that to the layman they would present no prospect for rehabilitation, the State office of vocational rehabilitation is successful in restoring a substantial number of such persons to self-support, both by therapy and retraining as well as by furnishing them with special equipment or prosthetic devices.

"In order to encourage disabled beneficiaries to make the

effort to regain their independence and return to gainful employment, the law provides for a trial work period of as much as a year, during which the beneficiary's full benefits are continued," he added.

"If benefits are discontinued because the claimant is found able to work and later on again becomes unable to work, benefits can be resumed immediately if the second period of disability is within 5 years of the end of the first period.

"In many instances disabled persons will, after undergoing a period of rehabilitation, be able to engage in only part-time activities. Whether the social security payments will be continued after such partial rehabilitation depends entirely on all the facts in the individual case," Tuley said.

Information on this and other provisions of the disability program may be obtained from any social security office. The office

CONSTRUCTION...

Evidence of growth in WTU communities

Where is all the construction coming from in our service area? Well, a survey shows that \$89 million worth has been completed recently in new and expanded factories, stores, motels, shopping centers, schools, churches, public buildings, street paving, and other such improvements. Add to this figure the amount invested in new residences and apartment houses, as well as State and Federal expenditures, and you have truly great evidence of growth in the 166 communities we serve. Such facts as these again explain why we say our service area faces GROWTH UNLIMITED.

By Mrs. Sid Blanton

Several ladies from this community attended the gift tea at the Community Room of the Santa Anna National Bank last Thursday afternoon for Miss Sandra Hartman, bride-elect of Mr. Harry Walker. They were married Friday night in a double-ring ceremony in the home of the bride's parents, Mr. and Mrs. Edd Hartman, with Albert F. Brown, minister of the Northside Church of Christ reading the ceremony. Only the immediate members of the families were present.

Mr. and Mrs. L. V. Cupp spent Saturday night with his parents, Mr. and Mrs. William Cupps, after his being dismissed from Hendricks Hospital in Abilene on Saturday. They returned to their home in the Cleveland Community on Sunday. L. V. still can't get around very well and still suffers a lot.

Tommy Blanton went to Cross Plains with the Junior Mountaineers basketball team last Thursday night.

Miss Judy Clifton spent Sunday with Miss Nancy Baugh and they attended MYF on Sunday in the Cecil Ellis home.

Mrs. R. W. Cupps visited with Mr. and Mrs. Amos Taylor in Santa Anna Thursday afternoon. Mrs. Cupps took them some vinison from Rachel's deer he killed earlier in the week, on his hunting trip.

Mr. and Mrs. Leonard Russell of Crane spent Friday night

with Mrs. Jewell Powers. On Saturday the Russells, Mrs. Vernon Penny, Mrs. Jewell Powers and Mr. and Mrs. John Howard went to Glen Rose to visit Mr. and Mrs. Paul Morrow, Paul and infant daughter, Jaye Kaye. The Russells went on from there to Irving to visit their daughter, Mr. and Mrs. Gene Johnson and children. They will return here this week end to visit relatives before returning to Crane.

Sunday visitors with Mr. and Mrs. Casey Herring, Dale and Pam, were Mr. and Mrs. Charlie Fleming and Mr. and Mrs. Jimmy Schulle and children.

Mrs. John Naron and Mrs. Jimmy Schulle visited last Wednesday afternoon with Mrs. Kenneth Sikes in the home of her parents, the Flemings.

Mrs. C. T. Moore visited with Mr. and Mrs. Riley Avants of California in the home of Mrs. Maggie Culver in Santa Anna Friday night.

Mr. and Mrs. Virgil Cupps and children visited Sunday night with Elmer Cupps.

Weekend visitors with Mrs. Jewell Clifton and children were Mr. and Mrs. Harold Dean Clifton of McCamey, Mr. and Mrs. Leon Day and Ricky of Coleman, Mrs. Donnie Clifton and Mrs. Shelia McCrary of Santa Anna.

Mr. and Mrs. Tom Howard and children of Lometa spent Monday with Mr. and Mrs. John Howard. Their school in Lometa, like ours, was closed in respect to our late President John F. Kennedy.

Sunday guests of Mr. and Mrs. C. T. Moore were their aunt, Tess Stephenson, of Beaumont, Mrs. Sam Moore, Mrs.

Melvin Pollock, Tracl and The-ron and Terry Moore of Brownwood.

Eddie Wayne Hartman is a patient in Brownwood Memorial Hospital, recovering from surgery on Monday of this week.

I failed to get the rain measurement of the gauge of the nice rain we received since our last report, but it was just what the doctor ordered, as the old saying goes.

Our WASHINGTON Letter

By Congressman
O. C. FISHER

I first met John Kennedy in January of 1947. Then called "Jack", he was assigned to the Labor Committee, of which I was then a member.

During the three terms he served in the House, he is remembered as affable, friendly, modest and restrained. In keeping with tradition and prudence, he as a new member of the House spoke out infrequently. In the Committee, although I often found myself in sharp disagreement with his views on certain labor and other legislation, he was the type who could disagree without being disagreeable.

Years later, after he was President, when we would meet, he would usually refer back to that committee service. "We served together on the old Labor Committee, remember?" I know he reminded me of that fact on at least two or three occasions.

Incidentally, Dick Nixon was on that same committee at the time. Both he and Kennedy were elected to the House at the same time, and were sworn in together on January 3, 1947.

Looking back, I think of the late President as a very sincere young man, courageous and forthright in his official conduct. An intellectual, he was loyal to his New England raising and to the ideals he cherished. In his dealings with both friend and foe, he always operated on a lofty plane.

Gifted with a boyish smile, a staccato speaking style, a jabbing finger and the Boston accent, these mannerisms have become a part of the Kennedy image.

I rode in a convertible in the motorcade that took the President and his wife, along with Governor Connally and Lyndon Johnson, on the 28-mile tour through the heart of San Antonio last Thursday. In the same car with me were Larry O'Brien, of the White House staff, Albert Thomas of Houston, Lindley Beckworth of Tyler and George Mahon of Lubbock. I recall commenting at one point about how vulnerable the President was to snipers, despite the presence of so many Secret Service and police officers.

After his 15-minute dedication address at the Aerospace Center, the Commanding General whispered something to the President, evidently suggesting that he descend from the platform and shake hands with some of those in front, held back by a net wire fence. Kennedy nodded, and the two walked toward the stairs. As they passed me and George Mahon, seated on the front row, the President looked at us and said, "Come along with us", and we followed him down into the crowd.

Twenty hours later the President was available for oil and gas lease, school lands within the City Limits of Santa Anna. Offers will be considered December 2, 1963. Right reserved to reject any or all bids. 46-48c

New Texas Almanac Ready

Many new features in the 1964-1965 Texas Almanac, just published by The Dallas Morning News, have been added to material that has made this 106-year-old publication the "Encyclopedia of Texas."

Texas' increasing urbanization is emphasized in special pages containing photographs and comparative statistics for 21 metropolitan areas, including the cities of Abilene, Amarillo, Austin, Beaumont, Port Arthur, Corpus Christi, Brownsville, Harlingen, San Benito, Dallas, El Paso, Fort Worth, Galveston, Texas City, Houston, Laredo, Lubbock, Midland, Odessa, San Angelo, San Antonio, Texarkana, Tyler, Waco and Wichita Falls.

Maps of 254 counties and data on all counties and cities of Texas have been brought up-to-date, including population and other figures from the 1960 census. New features are a County Economic Index, and maps showing leading Texas counties in production of crops and livestock.

Texasians who like to brag will find ample ammunition in two pages showing the rank of Texas among states, and in proportion of the United States total, in leading categories.

Other data appearing for the first time include carlot shipments of fruits and vegetables and added information on export-import trade.

Texas landmarks are listed by counties in a special section, revised through information obtained from authorities on county histories.

All Governors of Texas and Presidents of the Republic of Texas are pictured in the historical section.

Agricultural information has been completely revised, with the help of authorities of Texas A&M, the U. S. Department of Agriculture and others. For this and other sections, several thousand Texans have supplied information and photographs, according to Walter B. Moore, editor.

Election returns, the text of the Constitution of Texas with amendment adopted through 1962, a list of wet and dry counties, maps of Texas Senatorial, Representative and Congressional Districts, lists of state, county and municipal officials, and other information are found in the discussion of politics and elections.

Water, soil, plant life, weather, wild life, minerals, employment and labor, manufacturing, service industries, and hundreds of other topics are summarized in the 688 pages.

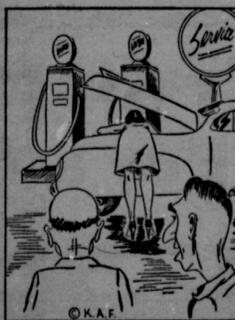

A widely-used section is the list of more than 500 statewide civic organizations, with their chief executives and home addresses.

Texas Drivers Urged To Consider Others This Week

Austin — The President of the Texas Safety Association today urged Texas to "keep Thanksgiving a time for being thankful by adopting safe driving attitudes."

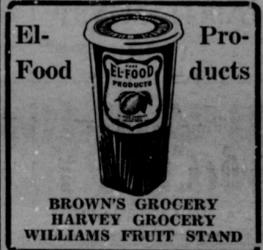

The President, Quincy V. Tuma of Houston, is asking all drivers to consider the rights of others in traffic and to obey all traffic rules and regulations. He pointed out that although the Thanksgiving holiday usually is not considered a "traffic problem holiday," the Texas experience of 1962 could label it otherwise.

"Last year in Texas on Thanksgiving Day there were 15 fatalities. The average for a mid-week holiday is about nine fatalities," he explained. "On the Wednesday preceding Thanksgiving Day, there were 10 fatalities and on the three-day weekend following the holiday, there were 31 traffic fatalities. The total for the five-day period was 56 fatalities."

Tuma said the Association has issued a special appeal to all college and university students to use "caution and courtesy" in going home for the holiday or in traveling to Turkey Day football games. Most colleges and universities have a five-day holiday where the average person has only one holiday on Thanksgiving.

In including his appeal to drivers to develop safe driving attitudes, Tuma listed Ten Commandments of Good Driving. They are:

1. The good driver keeps his car in safe condition.
2. He drives only when sober and never when extremely tired.
3. He keeps his mind on his driving.
4. He recognizes the hazards of night driving and lowers his speed.
5. He knows and obeys the traffic laws.
6. He is considerate of other drivers for he knows that he is his brother's keeper.
7. He keeps his temper knowing that self-control is vital to car-control.
8. His care protects children and pedestrians, for over them

he has the power of life and death.

9. He constantly remembers that courtesy is the first law of self-preservation.

10. He obeys the Golden Rule, driving with the care, caution and courtesy he would have others use.

THOU SHALT NOT KILL

Recent visitors with Mrs. W. A. Pritchard were her daughter and family, Mr. and Mrs. Aubrey Robbins, Walter, Glenda and the new baby, William Martin, of Midland.

Mr. and Mrs. Hardy Glascock of Post visited his sister, Mrs. John Lowe, Sunday night. They visited briefly with her uncle, Mr. and Mrs. W. E. Vanderford Monday morning.

Mrs. Ruby Pritchard and Mrs. Opal Little were in Temple Saturday, visiting Mrs. Little's mother, Mrs. M. A. Pritchard and a sister, Rhoda Pritchard. They also visited another sister, Mr. and Mrs. Marion Blanton in Granbury Saturday night and returned home Sunday.

Mr. and Mrs. Tom Upton visited last week in San Antonio with their son, Mr. and Mrs. Newman Upton and son, Terry, and their granddaughter, Mr. and Mrs. Maurice Rosenstein and son, Craig. They returned home Sunday night.

Dr. and Mrs. John D. Murrell went to Gentry, Arkansas Tuesday evening to get their sons, Tony and Tommy, attending the Ozark Academy Boarding School, a Seventh-day Adventist School, and brought them home for the Thanksgiving holidays.

**Bride-Elect Honored
With Gift Tea**

Miss Sandra Hartman bride-elect of Harry Walker, was honored with a miscellaneous gift tea in the Community Room of the Santa Anna National Bank, Wednesday, Nov. 20.

Guests were greeted at the door by Mrs. Casey Herring. In the receiving line were Miss Hartman, her mother, Mrs. Ed Hartman; the groom-elect's mother, Mrs. H. W. Walker; and the bride-elect's grandmother, Mrs. Sam Moore.

Mrs. R. W. Cupps registered the fifty guests who called during the afternoon.

Mrs. Brown Brooks and Mrs. Montie Guthrie served refreshments of red punch, mints, nuts, and pink and white cake squares from a table laid with a pink taffeta cloth, covered with pink net and centered with pink grapes and white chrysanthemums, flanked by burning miniature lamps. Appointments of chrysal were used.

Mrs. James Eubank displayed the gifts and said the good-bys.

The devotional was given by Mrs. Brown.

During the business meeting the annual Christmas dinner was discussed. It was decided to have the dinner on Friday, December 20. Each is to bring a gift to exchange. Husbands will be invited to attend the dinner.

**Stacy - Eubank
Vows Exchanged**

Miss Betty Karen Stacy, daughter of Mr. and Mrs. M. D. Stacy of Coleman, became the bride of Charles Woodrow Eubank Saturday, Nov. 16, in the home of the bride's parents. Mr. Eubank is the son of Mr. and Mrs. Elmo Eubank Jr. of Austin and a grandson of Mr. and Mrs. Virgil Newman of Santa Anna.

Rev. G. M. Seipp, pastor of the Trinity Methodist Church, read the double ring ceremony before a fireplace banked with bronze and gold chrysanthemums.

The bride chose a Chanel suit of pearl white brocade. Her face veil of illusion was attached to a white velvet shell. She carried her mother's white Bible, topped by a spray of yellow feathered carnations.

Miss Sue Turpin of McCamey was maid of honor and Miss Diane Hester of Coleman was bridesmaid. Bobby Clifton of Santa Anna served as best man and Gary Sudderth of Santa Anna was groomsman.

The couple plan to make their home in Austin.

at Texas A&M, says the book has many applications to Texas and Texans conditions and should prove a valuable aid to leaders in keeping abreast of changes.

For example, chapters are included on topics such as: "The Family Farm in Transition," "Farming on the Urban Fringe," "The Small Rural Town," "Water is Always a Critical Factor," "Encouraging Industry

in the Country," and many others that are of concern to Texans.

"This is one of the most valuable references on Rural-Urban affairs published to date," Vaughn said.

Whon News

By MRS. TOM RUTHERFORD

We have very little news from our little community this week. Apparently about all the news people are thinking about is the terrible thing that happened in our big state of Texas, the death of the United States President. We are all sad over the weekend happenings.

Mr. and Mrs. Tom Rutherford were notified Friday morning of the birth of a grandson in the Odessa Hospital, around 5 a. m. He was born to Mr. and Mrs. Bob Smith of Odessa, weighed 8 pounds 7 1/2 ounces, and was named Barry Fitzgerald.

Mr. and Mrs. Darwin Lovelady and Mrs. Elec Cooper of Rockwood were shopping in Santa Anna Saturday afternoon.

I wish to ask each and every one to please get in touch with

of a daughter. Weight was 8 pounds, 2 ounces. They have another daughter, Margaret, age 5. Maternal grandparents are Mr. and Mrs. Roy Bledsoe.

Farm Bureau Membership At Record High

WACO — Membership in the Texas Farm Bureau has reached an all-time high of 89,401 farm and ranch families, according to Millard Shivers, TFB director of organization.

"This record high represents a gain of 4,559 over the 1962 membership and is the 11th year in a row for the state's largest farm organization to show an increase in membership," Shivers said. "According to our best estimates, this gain makes the Texas Farm Bureau 30 times as large as the next biggest general farm organization," he added.

"We consider the increase — which is the largest in seven years — as evidence that the Farm Bureau is truly the voice of agriculture in Texas," the organization director declared. "Our members have indicated the common-sense programs

they believe in by turning down oppressive controls in the wheat referendum." Shivers noted that the Farm Bureau was the only general farm organization opposing the wheat plan.

Shivers said that 172 of the 200 organized county Farm Bureaus in the state showed a gain in 1963. All 13 of the TFB districts had an increase, the first time this has happened.

GUARDS NEEDED AT TEXAS PRISON

Huntsville — Due to the critical shortage of custodial officers (Guards) throughout the Texas Department of Corrections, Dr. George J. Beto, director, has issued an appeal for the employment of at least 156 workers in this category.

Dr. Beto stated that guards are needed at all 13 units of the state's penal system in order to maintain the department's security strength.

Applications are being accepted from men ages 18-55, in good health, who have a high school education or better, and who can stand rigid investigation.

Base pay for custodial officers range from \$305 to \$372 a month. While on duty, officers are furnished uniforms, meals and housing, Dr. Beto explained.

In addition to the base pay, all prison employees come under federal social security and the state's retirement pension plan. The prison system maintains also an employee-operated Credit Union.

Dr. Beto pointed out that personnel is needed at units in Walker, Madison, Houston, Brazoria, and Fort Bend Counties. "The men who are employed as custodial officers," Dr. Beto commented, "can look forward to a rewarding career in prison correctional work.

Applicants are asked to write or contact L. W. Dishongh, Training Officer, Texas Department of Corrections, Box 32, Huntsville, Texas, for additional information.

Fire-Retardant Paint Being Developed By The USDA

College Station — A new fire-retardant outside paint is being developed by the U. S. Department of Agriculture.

The new paint looks like ordinary paint and can be applied with brush or roller, says the USDA. But the paint's reaction to fire is entirely different.

When exposed to flame, the paint develops a thick, carbon-containing layer that acts as a fire-retardant, insulating barrier.

The experimental formulations contain oil derived from tung nuts, an important crop in the Gulf Coast region, the Department says. Research that led to the discovery is being continued at the Southern Utilization Research Laboratory at New Orleans.

The scientists are now seeking formulations that will require less paint for effective protection and still possess other properties desired in paints. No paint formulation or samples will be available for industrial testing until this work is completed, says the Department.

Today's MEDITATION from The World's Most Widely Used Devotional Guide

The Upper Room

Read Psalm 95:1-9
Therefore, my beloved brethren, be steadfast, immovable, always abounding in the work of the Lord, knowing that in the Lord your labor is not in vain. (I Corinthians 15:58. RS V.)

It is easy to give thanks unto the Lord with words. Many times we have said "Thank You, Lord" for some great kindness or mercy He has bestowed upon us. However, it is most difficult at times to show thankfulness through our actions.

Men and nations judge our opinions of and our reverence for God by our actions. If our actions are inconsistent with our profession of faith, we present a confusing, untrue picture of God's love and saving power.

God Himself judges our thankfulness by the harmony between our outward actions and our innermost thoughts. When these two things are not in harmony, we are poor workers in His vineyard.

The world measures our gratitude to God by our actions. God measures our gratitude by our consistency — the matching of our actions with our words.

PRAYER:
Gracious God, search our hearts and point out our weaknesses. For Thy sake help us to become Thy true witnesses in the world by professing our faith in Christ and living in obedience to Thee, with grateful hearts. We pray in the name of Christ, who taught us to pray, "Our Father who art in heaven... Amen."

THOUGHT FOR THE DAY
By being thankful, we find more things for which to give thanks.

County Savings Bond Sales At 62.2% of Quota

October Savings Bond sales in Coleman County totaled \$10,856. This announcement was made recently by Mr. Robert L. Bowen Jr., Chairman of the Coleman County Savings Bonds Committee.

Total sales in this county during the first 10 months of 1963 were \$248,814 which represented 62.2% of the 1963 sales goal.

Texas Bond sales to date amounted to \$122,667,337 or 81.4% of the yearly sales goal.

"According to information received from the Treasury Department, 1963 Bond sales are hitting new peacetime highs. During the first 10 months of the year Bond sales nationally have increased 11% over the same period in 1962. While sales have shown a fine increase, it is also noted that Bond redemptions have decreased 2.7% during the same period," Chairman Bowen reported.

New Book By L. N. Sikes Offers Horse Training Tips

L. N. Sikes has written a new book on horse training. Like those before it, this one combines the wit of the western cowboy with the hard-won know-how of the professional trainer.

Called "Training Tips for Western Riders, Volume II," the new book was released November 1. It is a hard-cover volume published by the Cordovan Corporation of Cypress, Texas and will sell for \$3.00.

Co-author with Sikes is Bob Gray, Editor of the Texas and Southwestern Horseman Magazine. Gray's action photos illustrate the training and handling techniques covered.

Sikes does a monthly training column for The Texas and Southwestern Horseman called "Sikes Says." Like his column, the new book was "written" by use of a tape recorder and allows the book to preserve the flavor of Sikes' humor.

Under the Joint resolution of Congress March 1, 1845, Texas may subdivide it into four states.

It's Time For... EYE CARE

Dr. Newton K. Wesley

THE RETINA OF THE EYE

The back of the eye has the nerve endings of the optic nerve and this portion is called the retina. It is the inner coat of the eye. The retina changes light stimulations through the optic nerve for interpretation so that we can see.

The image on the retina may be blurred or it may be clear. The clearer it is, the sharper your vision. If the eye is out of focus, you may be hyperopic, which means far-sighted, and the image falls behind the retina. If this image falls in front of the retina you are near-sighted. When you have astigmatism one focus may fall in front of and the other in back of the eye. It is important this image be clear and this is the purpose of the crystalline lens which controls the focus of the eye. If this crystalline lens cannot maintain focus, auxiliary lenses are needed in the form of spectacles or contact lenses.

There are many other factors that must be considered beside the sharpness of the retinal image. If the prescribed lens is not comfortable, or the eyes cannot work together, you may have more problems. The two eyes together may have a different measurement than one eye alone. The two eyes must be considered a team and measured that way.

The National Eye Research Foundation advises us to have regular eye examinations in order to protect our most prized possession.

Thanksgiving

A TIME TO PAUSE AND SAY "THANK YOU"

Our Pilgrim Forefathers conceived Thanksgiving as a day to stop and take stock of all the good things in life. They had, as we do today, a constant threat of upheaval. They too, were beset by problems — economic and political — big and small — but they found time, once a year, to thank God and thank each other for all the good things they enjoyed. We, at First Coleman National, are thankful for the county, state and nation in which we are privileged to live.

We are thankful for the opportunity we have of being a part of this thriving area and for you, our friends and customers, whom we are privileged to serve. We pledge our continued efforts to be worthy of your patronage.

SBA Streamlines Loan Procedures

Robert E. West, Regional Director of the Small Business Administration, Dallas, Texas, announced today a "streamlining" of SBA lending programs to speed the handling of loans to small businesses.

New procedures, tested in a pilot operation in the New England Area, have been ordered put into effect in all SBA Regional Offices throughout the country.

"By eliminating red tape, reducing paperwork, re-alignment of personnel, easing technical requirements, and acquiring the necessary financial data promptly, the SBA Office in Boston was able to reduce the time formerly elapsed between receipt of a loan application and disbursement of funds by nearly 1/3" Mr. West said.

"Because of the success of the streamlined procedures in New England, I have directed all of our Branch Offices to put them into effect immediately," the Regional Director said.

Mr. West stressed that the new procedure will in no way weaken the soundness of the SBA business lending program.

"We will continue to insist on a thorough evaluation of each loan application," he said. "We are merely eliminating some of the less essential paperwork and speeding up the operation." Today's action is another step in SBA's continuing program to stream-line its operations to provide maximum assistance to small businesses in the most efficient manner possible.
