SANTA ANNA, COLEMAN COUNTY, TEXAS, THURSDAY, JULY 23, 1964.

NUMBER 30

Point Rows
By Bob Parker

The Republican national convention has become history, or whatever it is that national political conventions become, and Barry Goldwater will be the GOP standardbearer this year. Now it is time for the Democrats to try to generate some excitement at their meeting. The Democrats can expect to be blamed for everything bad that has happened since 1960, such as the Alaskan earthquake, the Beatles, the current dry spell in Texas, and topless bathing suits. But then they can claim credit for all the good things that have occurred during that same period, such as the marriage of Liz and Dickie, the spring rains in Texas, the return of the Beatles to England, and topless bathing suits.

One man we feel sorry for, as an aftermath of the Republican convention, is Henry Cabot Lodge. What with the Viet Cong and the Goldwater steamroller, 1964 just hasn't been his year.

A preacher friend assures us that the reason the Lord didn't create Eve first was because he didn't want any advice on how to make Adam.

Cullen Perry tells us that the prospect he had lined up for the junior high school science teacher-coach berth decided not to take the job. Seems he is working on his masters degree and due to some difficulties in transferring credits, decided to continue teaching and attending college in his present location. Another prospect is on the line however, and word is expected about Friday as to whether the job has been filled.

Congressman Jim Wright reports the following joke was broadcast over Radio Armenia, referring to Russia's needing to buy wheat from the US to feed its people:

"Do you know why Khrushchev has been awarded his fourth Order of Lenin medal?"

"No, why?"

"Because of his amazing agricultural achievements."

"Agricultural achievements?"

"Yes. He planted wheat in southern Siberia, and it came up in North America!"

This is National Farm Safety Week, but farm safety is not something that should be confined to only one week, it is a year-round job. With farmers fast joining the whooping crane and the white rhino in the near-extinct category, we need to do all we can to conserve them.

Add to your list of towns with strange names: There is a community in New Jersey named Ho-Ho-Kus. If you don't believe it, they have just received \$21,750 from the Federal government to plan a sewer system. So ho-ho to you, too.

We had a blessed event at our place last week, or rather, five of them. Our show and field trial winning beagle, Ashcraft's Squaw Baby (isn't that a heck of a name for a dog?) gave birth to five young'uns Friday, sired by Field Champion Fighting Creek Sam (he's a dog too). We get kind of concerned sometimes when we have to serve as a canine midwife, which once prompted our sister to remark that if we got this upset with puppies, she didn't want to be about if we ever had children. This didn't make much sense to us, because why should you get upset about children — when you can't enter them in field trials or dog shows and they can't trail rabbits worth a darn?

MOTTO FOR THE MONTH: It is better to be young and rich than old and poor.

Santa Anna Horse Wins At Coleman

An unnamed 1964 filly won first place for John W. Taylor, of Santa Anna, at the horse show held in Coleman on Saturday, July 18.

The mare colt, by George Red Buck out of Cat Walker, brought home a handsome trophy and a big blue ribbon in her quarter-horse class. An unusual aspect of the win, according to Taylor, was the fact that the filly had been taken directly from pasture to the show, with no feeding to put her in show trim.

Taylor owns about 25 quarter-horses, some of whom he raises in partnership with Jessie Faye Nixon.

PROCLAMATION

Ranch and farm accidents reap a grim harvest of lives each year in Texas. Thousands more suffer painful and disabling injuries. Texas cannot afford the loss in human life, the misery of human injury, or the economic loss resulting from farm and ranch accidents.

The President of the United States has proclaimed the week of July 19 through 25, 1964, as National Farm Safety Week. The theme of this year's observance is "Safer American Families Everywhere."

During this special week, a statewide farm accident prevention educational program will be undertaken by the Texas Farm and Ranch Safety Council, The Texas Farm Bureau, the Texas Agricultural Extension Service and the Texas Safety Association.

Such campaigns can do much to call to the attention of rural residents the need for observing safety practices, thereby reducing the terrible toll inflicted by accidents.

Therefore, I, as Governor of Texas, do hereby designate the period July 19 through 25, 1964, as Farm Safety Week in Texas, and urge all farm and ranch families to become more safety conscious.

John Connally

State of Texas

Santa Anna National Guard Part Of Top-Rated Unit For Summer Camp First Week

National Guardsmen from Santa Anna, as part of 1st Battalion, 142nd Infantry, which is headquartered in Brownwood, won top ratings during their first week of annual field training at North Fort Hood.

The unit received highest rating of any infantry unit in the 36th Division for the first week of training. Ratings were made by a board of regular Army Officers, who closely observed all aspects of each unit's training activities.

Lt. Col. James L. Moreland, of Abilene, commanding officer of the 142nd Infantry Regiment, gave credit to "a generally good attitude, spirit, and desire to do jobs well," as the reasons for the high ranking given the local units.

Following a weekend pass for most members of the Santa Anna unit, along with the rest of the Division, the Guardsmen resume training Monday morning with a seven-mile hike to a field bivouac area. There they will undergo four more days of training, with emphasis on field operations.

The citizen soldiers will return from field to the base camp area on Friday, July 24. They will clean and recondition gear and draw pay Saturday, loading

up for the return to their home armories early Sunday morning. The 142nd Infantry Regiment has units at Santa Anna, Abilene, Ballinger, Brady and Coleman, with headquarters at Brownwood.

Lt. Howard O. Davis is commanding officer of the Santa Anna unit.

Lined Drapery Is Homemakers' Topic

The Coleman County Chapter of Young Homemakers of America held their regular monthly meeting, Thursday, July 16 in the Santa Anna High School Homemaking Department. Approximately 20 were present for the meeting. Mrs. Peggy Burdick, president, presided at the meeting.

Brownwood Schedules Big Parade to Start Rodeo Week

Texas Attorney General Waggoner Carr will lead the parade which will herald the beginning of the first annual Brown County Fair Association Rodeo, according to Marion Baugh Jr., president of the Association.

Carr will ride in the 4 p. m. parade on Thursday, July 30, and is expected to attend the first rodeo performance at 8 o'clock that night. Rodeo performances also are scheduled July 30 and August 1.

Other dignitaries expected to be on hand for the parade include State Senator Louis

To Preach At Baptist Revival

First Baptist Church will be the scene of a revival conducted by Dr. Lloyd Simmons, president of California Baptist College.

Dr. Simmons is well known in this area, having attended Howard Payne College, been minister of the church at Whon, and having married a Santa Anna girl.

Following ministries in churches in Fort Worth, Dallas, and Tuscon, Arizona, Dr. Simmons became president of Grand Canyon Baptist College, at Phoenix, Arizona. About four years ago he accepted appointment as president of California Baptist College, Riverside, California. He has preached at the First Baptist Church here on occasion before.

Travis Shelton will lead the singing. Mrs. Simmons is the former Queenie Gregg, daughter of Mrs. J. J. Gregg of Santa Anna.

The revival is scheduled to run from July 26 through August 2. Morning services will be held each day at 10:00, with evening services scheduled for 8:00.

Rev. Raymond Jones has extended an invitation for everyone to come and hear Dr. Simmons.

First Christian Pastor Is Badly Hurt In Accident

The minister of the First Christian Church of Santa Anna was critically injured in a one-car accident east of Brownwood Sunday, July 19.

George Ernest Archer was on his way to Santa Anna to conduct services at the church when he apparently fell asleep at the wheel. The car plunged off of a small bridge, barely missing a concrete piling, and crashed into a concrete abutment on the other side of the dry creek.

The car was heavily damaged. "The worst I have seen in a long time," according to the wrecker operator. A special report to The News said that the steering wheel of the car was jammed against the roof.

Archer, who is a student at Texas Christian University, in Fort Worth, was in critical but improving condition at press time. The News report stated that he had regained consciousness, but that doctors feared he might never regain full use of his right knee. Other injuries sustained in the accident included multiple leg fractures, jaw fractures and possible head and chest injuries, in addition to multiple lacerations and contusions over his entire body.

The accident occurred at 7:30 Sunday morning while the young minister was commuting to Santa Anna to lead services. Archer had been pastor of the local church only a short time. The wreck took place about three miles east of Brownwood. Wrecker workers had to cross a field and drive through the dry

Santa Anna Cafe Offers Twenty Four Hour Service

The Cliff & Ruth Grill, located on the Brownwood highway in the eastern edge of Santa Anna, has announced a new policy. Beginning Monday, July 20, the new cafe will be open 24 hours a day.

The Grill opened late in June, and business has been good enough, according to Cliff and Ruth Alcorn, owners, to justify the increase in operating hours. A new dining room is also being planned, they said.

The McCulloch County Singing Convention will meet at 2:00 Sunday, July 26, at the Gospel Tabernacle, 201 East Pearl Street, Brady. An invitation has been extended to anyone who would like to attend.

creaked in order to remove the 1958 automobile. Members of his Santa Anna congregation have been visiting Brownwood Sunday, July 19.

In a last minute telephone report just before press time, The News learned that George Archer has been removed from the critical list at Medical Arts Hospital, in Brownwood, and is presently listed as "serious but improving." According to the medical report, Archer's condition was described as "serious, but apparently improving, and resting fairly comfortably now."

The 24-year-old minister at the Brownwood hospital where he has been confined since the accident.

Coach Meets Team At Friday Fete

The Santa Anna Quarterback Club will hold a watermelon feed this coming Friday, July 24, at 7:30 p. m., on the high school tennis courts. Purpose of the occasion is to allow the new head coach at Santa Anna High School, James H. Cobern, to meet his players for the coming season.

Those invited to the event include the high school coaching staff, high school football players and their fathers and mothers, and members of the Quarterback Club.

Cobern, who comes to Santa Anna from Comstock High School, where he has been head coach for the past four years, has completed moving his family, which includes Mrs. Cobern and their two children, to Santa Anna. He is a native of San Saba, and attended Tarleton State College and Sul Ross State College.

Faced with a rebuilding job this season, the new coach will get his first official look at his new players at the get-together Friday.

Sunday afternoon at 3:00, two teams of older teenagers will play a baseball game at the ball park.

FACELIFTING going on at Hosh Grocery and Hosh Furniture Store is pictured here. Included in the plans are a new awning, new window facings, new metal and glass doors, and a general beautifying of the front of the two stores. Located on the corner of Wallis Avenue and 1st Street, the new facades will add considerably to the appearance of downtown Santa Anna.

"Another Farm Accident, Doctor"

YOU COULD BE THE VICTIM — BY NOT BEING CAREFUL —

It's Easy — Here's How It Can Kill Or Injure You - - -

- 1. NEGLECT YOUR MACHINERY:** Who cares if it's not in safe working order. It's too much trouble to keep in shape. Guards and safety devices are for sissies.
- 2. OPERATE TRACTORS CARELESSLY:** Always start and stop suddenly... take corners at high speed... drive as often as you can in ditches, on soft ground and creek banks. It's more fun.
- 3. IGNORE TRAFFIC RULES:** Whether you are driving a car, truck, or tractor on the highway, remember the rules are for the other guy. This is a slack season for undertakers anyway.
- 4. FORGET FIRE HAZARDS:** Smoke all you want in the barn, start fires with kerosene, don't worry about lighted butts. This makes life more interesting.
- 5. STARTLE YOUR ANIMALS:** Yelling "boo" at the bull is a fine way to live up a dull day.
- 6. BE A POOR HOUSEKEEPER:** You can't get hurt in the house, and besides you are too busy to check the water heater... fix old wiring... pick up roller skates and so forth.
- 7. FALLING IS FUN:** Especially from the barn roof... ladders never slip anyway. To heck with safety, live dangerously.
- 8. DISREGARD WATER SAFETY RULES:** Stand on your head in boats, dive in shallow water, don't lug a life preserver with you. Who wants to live to be 90 anyway?
- 9. FIRST AID CAN WAIT:** Show how tough you are... ignore cuts and bruises. You don't want to overwork the doctors and nurses.
- 10. IT CAN'T HAPPEN TO YOU ANYWAY:** Only one out of five families had serious accidents last year anyway. Why worry when you know it will always happen to someone else?

ROCKWOOD WMS MEETS FOR BIBLE STUDY

The Woman's Missionary Society met at the Rockwood Baptist Church Monday in Bible Study, with Mrs. F. E. McCreary as leader. Mrs. Evan Wise was at the piano for group singing. Mrs. R. J. Deal conducted the business session.

Members participating were Mrs. Ray Caldwell, Mrs. Evan Wise, Mrs. R. J. Deal, Mrs. Henry Smith, Mrs. F. E. McCreary, Mrs. A. L. King.

Coleman County Resident Buried

Mrs. Allie Pearl Tabor, a former resident of Coleman County, died Friday, July 17, in Borger.

Funeral services were held Sunday, July 19, in Coleman, with Rev. Paul Smith, minister of the Concho Baptist Church, officiating. Stevens Funeral Home handled arrangements.

A native of Beetler, where she was born in 1876, Mrs. Tabor's survivors include two sisters, Mrs. Lula Harvey, Santa Anna; and Mrs. Anna Ransberger, Los Angeles, California; one brother, Joe Brooke, Coleman; three daughters, Mrs. Sue Alford, Odessa; Mrs. Ira Needleton California; and Mrs. Allie Pluver, Phillips; and four sons, Ben, Arkansas; Dudley, Bangs; James, San Angelo; and John, Arlington.

Lots Of Lettuce Is Available Now

Consumer enjoyment of crisp salads in warm weather coincides conveniently with large lettuce supplies, says Mrs. Gwen Clyatt, Extension Service consumer marketing specialist. Although lettuce is available all year, more comes to market in the summer than other seasons. Three popular varieties — Iceberg, Boston and Romaine — are in season all summer. Iceberg has a firm head with crisp leaves, Romaine is crisp and shaped like a cone, and Boston lettuce is loosely headed with buttery leaves.

Another favorite, Bibb lettuce, has small loose heads that vary in color from a rich dark green outside to a creamy white inside. Leaf lettuce is another popular choice.

Besides lettuce, look for good values during the next week on cucumbers, green peppers, green onions, radishes and celery. Other fresh vegetables worthy of consideration are okra, snap beans, squash, and eggplant. Fresh fruit supplies remain varied as to quality and price. Watermelons, cantaloupes, bananas and plums are the lead-

ers. Peaches continue to sell at high price levels. Apricots, nectarines and grapes are in fair supply.

At the meat counter, beef chuck roasts, rib roasts, and ground beef are in the spotlight. If blade chuck is US Choice or of comparable, it may be used as steak. Meat tenderizer or a marinade assure greater tenderness if blade chuck is used as steak.

Current prices for whole, half and pieces of fryers and turkey should stimulate buying this weekend. Frankfurters, cold cuts and canned hams offer economical meat choices.

Small Businesses To Benefit From Easier SBA Loan Program

The very small businessmen—chiefly operators of retail shops or service establishments—many of whom have had a hard time obtaining financing in the past—will now find it much easier to qualify for a government loan, Robert E. West, regional director of the Small Business Administration, Dallas, said.

The SBA's new small loan program reflects a new emphasis on helping the very small businesses, Mr. West said.

SBA Administrator Foley has frequently expressed the view that the Agency in the past has not done as much as it should to help the businessman at the lower end of the small business scale, he said. Yet they are often the businessmen most in need of financial help, and those who have the most difficulty obtaining it.

The new small loan program was designed to meet this need, Mr. West said. Under this program SBA will make loans to small firms up to a maximum of \$15,000 for as long as six years under greatly liberalized terms.

SOCIAL NOTES

Eastern Star Meeting Hosts Masonic Lodge Members Monday

Members of the Santa Anna Chapter 247, Order of Eastern Star, entertained members of Masonic Lodge 661 with a buffet dinner in Fellowship Hall, Monday, July 20.

Mrs. Rose Bass, Worthy Matron of the Santa Anna chapter, welcomed the guests. Dan Tindol, Worthy Patron, led the invocation.

Dinner was served to the 35 members and visitors in attendance from a table laid with a white cloth and centered with an arrangement of summer flowers, driftwood, and shell, courtesy of Herring Florist. Other floral arrangements were furnished by Mrs. Alice Louise Walker, decorating chairman.

Among visitors at the meeting were Jack Woodard, now of El Paso, a past Master of the Santa Anna Lodge; Cleburne Riley, Coleman Chapter 360; R. M. Logan, Bangs; Mrs. Ellie Lock, Deputy Grand Matron of District 3, Section 5, Grand Chapter of Texas, Order of Eastern Star.

Following the buffet, members of the Santa Anna chapter held a stated meeting, with Mrs. Bass and Tindol presiding. Tindol led

flag, and the Flag Song was the group in the pledge to the song. Following the business meeting, Mrs. Carmen Donham selected Mrs. Nora Goen to be honored, and Dick Bass picked Mrs. Willie Jean Bostick.

The meeting closed with the Retiring March. There were 20 members and three visitors attending.

Santa Anna Sorority Receives Recognition In Quarterly Meet

The District VII council of Texas Epsilon Sigma Alpha, business women's and homemaker's sorority, met Sunday, July 19, at the Community Room of the First Coleman National Bank with the Delta Iota chapter of Coleman as hostesses.

A Hawaiian theme was carried throughout with punch being served, during the registration hour, from a continually flowing fountain. Twenty members from Coleman, Santa Anna, San Angelo, Brownwood, Comanche and Stephenville registered.

Mrs. James Stokes, district VII chaplain from Coleman, gave the devotional and luncheon was served buffet style.

Mrs. Glenda Morgan, district VII president from Brownwood, presided over the business session. The district selected as the State Project to assist the National Foundation on Birth Defects.

Mrs. Ken Bowker, past state president from Santa Anna, presented her traveling award to the outstanding chapter of the district. First place trophy went to the Delta Theta Chapter of Brownwood; second place certificate to the Theta Alpha Chapter, of San Angelo and third place to the Delta Om-

FHA Meet Enjoys Party With Water And Watermelon

Santa Anna Future Homemakers of America enjoyed a swim party at the Coleman Pool and a watermelon feast at the Coleman Park, Tuesday, July 14 from 2:00 p. m. to 6:00 p. m.

As a continuation of their work during the school term, the Santa Anna chapter meets once a month during the summer months. These meetings are in the form of a social, a tour, or a special program.

Mothers attending the party were Mrs. Richard Horner, Mrs. Glynn McClure, Mrs. Cecil Ellis, and the adviser, Mrs. Winnie McQueen.

Preserving History

Elsewhere on this page you will find an article about the state program to restore, appreciate, mark, preserve, and survey items and areas of historical interest in Texas. Called "RAMPS" from the first letters of the five goals listed above, the program will work through county historical survey committees to emphasize the historical heritage we have in Texas.

Among the other goals of this five-year program is the erection of 5,000 Official Texas Historical Markers and Texas Historical Building Medallions.

You can read of the other plans for this program in the article on this page. In reading it, you will learn that the state organization plans to furnish technical assistance and guidance for the establishment of permanent, safe archives in every county. In addition, the program will endeavor to have a history of every county written, and to provide consultants to advise the county in restoration of historical buildings, and in the handling of museums, papers, and tourism.

The Santa Anna News urges its readers to get behind our Coleman County Historical Survey Committee in this effort. An awareness of our history is one of the most valuable tools we can have in fighting the mental battle against those who would destroy our way of life.

We, in this part of the country, are much closer to our history than people in other sections. It will be a great tragedy if, through disinterest, or neglect, or laziness, or carelessness, or a "let George do it" attitude, the physical mementos of our history are lost.

The method is being offered Let's make the most of it.

Yesterday's News

FIVE YEARS AGO

"So far...there has been no flooding in this immediate area...lots of roofs that leak, some places where water seeps through the floors and walls and other places where continued rains have caused some damage." From a front page story in the July 24, 1959 issue of The News, telling of five and one-half inches of rain falling in a six-day period.

Jimmie Gail is the new daughter of Mr. and Mrs. Jim Rutherford of Rockwood... A good crop of maize is in prospect... Mr. and Mrs. Preston Richards, daughters Judy and Donna, of Temple, visited with Mrs. Ann Kuip... Kay Kingsbery, attending school in Fort Worth, visited her parents, Mr. and Mrs. C. E. Kingsbery, over the weekend.

TEN YEARS AGO

In The News for July 23, 1954, the lead story tells of annexation of the Mukewar School District to the Santa Anna Independent School District. The lighted baseball field had just been completed, under auspices of the Quarterback Club. The paper is full of political ads, since the primary was approaching. Charles Walker and Bobby Markland were attending the Presbyterian Junior Encampment at Buffalo Gap, and Mrs. Jim Riley and Mrs. Kent Martin, with daughters Linda and Margie, left for a few days stay near Kerrville. Allan Shivers and Ralph Yarborough are waging the first of their many battles in the primary.

TWENTY YEARS AGO

The War is the major item in The News for July 28, 1944, a paper reduced to tabloid (five columns by 16 inches) due to limitations in paper supplies. SSgt. Paul S. James, son-in-law of Mr. and Mrs. Rex Golston, of Santa Anna, received the Bronze Star for service in Italy. A front page story says that numerologists predict the War will end September 7, 1944. They were only about one year off, as it ended September 2, 1945. The lead story in the paper was a commendation from Maj. Gen. Fred L. Walker to the men of the 36th Division (Santa Anna's present-day National Guard unit is part of the 36th Division) congratulating them for meritorious service in the Italian campaign. Coke Stevenson had just won nomination as governor. Sgt. Reuben Roundtree, a Marine serving in the Pacific Theatre for more than two years, wrote his uncle and aunt, Mr. and Mrs. J. W. Fulton, that he had been wounded in action on Saipan. Allyn Gill visited over the weekend with his parents. He is attending college.

TWENTY FIVE YEARS AGO

Editor J. J. Gregg is off for

the world Baptist convention in Atlanta, Georgia, as reported in The News for July 28, 1939.

Spencer Pharmacy advertised an electric fan for \$1.98. From an editorial by Editor J. J. Gregg on the importance of weekly newspapers: "A town without a paper is considered 'dead' and a good place to keep away from; a town with an excuse for a newspaper when its commercial and reading territory is adequate is considered a bad risk by investors who judge towns and their potential values in a business sense by the size and appearance of the local newspaper." As true today as it was twenty five years ago.

Jim Daniels had a brother visiting him from San Francisco whom he had not seen for 16 years.

THIRTY YEARS AGO

Primaries again, this time in The News for July 27, 1934. Six hopefuls were running for the gubernatorial nomination, and James Alfred was the successful candidate. There was quite a fuss in Texas that year over the question of allowing Negroes to vote in the Democratic primary (they didn't get to). A half-pound can of tuna fish was selling for 15 cents, bacon was 23 cents a pound, and 10 pounds of potatoes set you back 21 cents at the Piggly Wiggly store. Indication of the tough financial times then current is the fact the three full columns in this paper are taken up with notices of Sheriff's sales of defaulted property. Mrs. Ima Simpson and son, Jim Tom, returned Saturday to their home in Martindale after visiting Mrs. E. W. Bible and other friends and relatives for the week.

FORTY YEARS AGO

Miriam (Ma) Ferguson was on her way to becoming governor in the primary that was upcoming when the July 25, 1924 issue of The News was published. A classy ad offers a brand new Ford touring car for \$295 (de-mountable rims and starter, \$85 extra). On the sample primary ballot printed in this issue, you find that S. H. Terrell is candidate for comptroller, C. V. Terrell for treasurer and George B. Terrell for commissioner of agriculture. At least one of the Terrell boys figured to make it. The Ideal Barber Shop advertises that it offers the latest style for ladies, hair bobbing.

"The country is suffering from the effects of the greatest spending jag the world has ever seen. The most of us are willing to sober up and climb on the wagon of economy for a good long ride." But it did not happen until five years later, when the stock market crash of 1929 forced economy on the public and heralded the coming of the Depression of the thirties.

Freedom To Know Clears The Air!

Preserving Our Historical Heritage

A dynamic five-year program of historical Recordation, Appreciation, Marking, Preservation and Surveys was put into action by the Texas State Historical Survey Committee in its summer quarterly meeting.

"RAMPS" as the plan is called, designed to bring about an awareness of the unique history of Texas by visitors and by Texans themselves through state and local efforts.

"The 21 point program has grown out of the tremendous county approval and response to the new Historical Preservation Laws passed by the last Legislature and Governor John Connally's plans to make tourism one of the great industries of Texas," said committee president John Ben Shepperd of Odessa.

Workshops in 31 Texas centers will be set for members of county historical survey committees, Commissioners Courts, city councils, and chambers of commerce, and tourist officials to put the RAMPS program into action.

A major goal of the RAMPS program is the erection of 5,000 Official Texas Historical Markers and Texas Historical Building Medallions within the next five years — in addition to the some 1,200 historical markers previously erected by the state and the 1,500 markers erected in the past two years. These new markers, 1,000 each year, will be erected in a joint state, county-city and privately-financed program. Seventy-five percent will be located for tourist consumption with 25 percent marking actual sites.

These markers will cover Texas as history from the archeological finds, old Spanish and French explorer routes, and Indian culture, through the days of the Texas Ranger, the cattle drives and the railroad move-

ment to the history of industries, educational institutions and famous Texans.

Included are markers giving the name, founding and history of each town and stream in the state with special emphasis on those with unusual names. Ghost or oddly-named and promotional towns that never materialized will be marked.

The Texas State Historical

Members of the Coleman County Historical Survey Committee are: Miss Doris Miller, chairman, Coleman; James T. Padgett, vice chairman, Leaday; Ben F. Cox, secretary, Coleman; Milton Autry, Coleman; Mrs. C. D. Bruce, Santa Anna; J. A. Gafford, Coleman; Dr. M. D. Mann, Coleman; Mrs. J. A. B. Miller, Coleman; W. A. Powell, Coleman; Jim Robin, Santa Anna; and LeRoy V. Stockard, Santa Anna.

Survey Committee serves as the clearing house for historical information which will be used in more than 1,000 Texas Historical Tours (each county will be included in at least one tour), in a statewide historical road map, calendars of historical events and in the compilation of directories and guides of Texas historical museums and their collections, official Texas historical building medallions and all official markers in the state.

It contemplates the cooperation of tourist-related businesses as hotels, restaurants and service stations, to use Texas history subjects in pictures in hotel rooms or informative placemats in restaurants.

With the acceptance of the RAMPS program by historical survey committees in every county in Texas, history will be preserved and made available. Plans are to furnish technical assistance and guidance in the establishment of permanent, safe archives in every county, to have a history of every county written and published. Every county that so requests can secure consultants for advice and assistance in the fields of restoration of houses and buildings, museums, archives and papers, and tourism.

Yearly surveys conducted in every county will determine the location and condition of historical markers and the extent of the county archives and books on Texas history in county libraries. This information is then turned over to the State Archives and made available to researchers and visitors.

"The RAMPS" program is designed to benefit the counties as well as the state, with information and resources flowing up and down, to accomplish the ultimate goal of preserving and displaying the unique history of Texas," said Mr. Shepperd.

TAX MAN SAM SEZ:

Most of us have our income tax withheld by our employer. We don't worry too much about our taxes until the end of the year. However, this is not always the case. If you are self-employed or will owe more than \$40 additional tax for the year you should file an estimated tax and pay quarterly. This takes the place of withholding. If you are not sure, check with the nearest Internal Revenue office.

State Capital NEWS

A costly plan for "catching up" with other states in the field of higher education has been outlined to Texans by the Governor's Committee on Education Beyond the High School.

It will take considerable money to accomplish just one of the major tests of excellence in education — bringing Texas faculty salaries up to the national average. More is needed for libraries and research facilities.

To help achieve goals in those three fields, the committee recommended that further college construction be delayed. By using present classrooms and laboratories more hours a day and more days a year, this saving can be accomplished, the committee felt.

Governor John Connally conceded that it will take new taxes to finance the program, which he has termed number one interest. Neither he nor the committee recommended a financing plan. Committee did say the Legislature should double college tuition, so students and their parents would share more of the cost of education.

Plan calls for expansion of the junior college system, and wide use of vocational training to prepare students for skilled and semi-skilled technical jobs in industry.

Coordination, to eliminate duplication between state colleges, would be placed in the hands of an 18-member board appointed by the governor. Board would take over duties of the present junior college division of the Texas Education Agency and the Commission on Higher Education. This would put junior and senior college and university supervision in a single group.

Goal would be to make junior college training available to all, and to raise its level of excellence so all junior college credits would be immediately transferable to senior colleges.

Committee, headed by H. B. Zachry, San Antonio construction executive, is taking its case to the public in a series of meetings with business leaders in their communities.

CUT AGAIN

Another 28,602-barrel cut in daily oil allowables was ordered by the Texas Railroad Commission as it held August production to 26.5 percent of the capability of the wells. Two large purchasers complained they are over-supplied with oil and unable to sell it.

MAKING WAY FOR 1990

A large number of Texas cities with populations of less than 50,000 are planning now for the year 1990 by developing a blueprint for progress under a Federal-local program being administered by the State Health Department.

Under this program, a city can obtain studies of current facilities and projections of future needs in every area from economic and sociological needs to budgeting for capital improvements. The Housing and Home Finance agency makes grants for the master plans and the city pays one-third the cost, while the Federal agency pays two-thirds.

A typical town under study is the West Texas city of Winters, which has a population of 3,200 and will spend \$4,845 toward a \$13,365 master plan.

So far, 109 cities have enrolled in the planning project to see where they can go and how they can get there over the next 25 years.

PUBLIC PIER

Parks and Wildlife Department will advertise a second time for bids for concession rights on the new state fishing pier at Port Lavaca. Only one person submitted a bid July 1 after 13 said they were interested.

The 3,200-foot-long pier, which replaced one destroyed by Hurricane Carla, is said to be the world's longest fishing pier. Access to it will be free to the public, but the department is trying to provide a source of bait, soft drinks and fishing gear via a concessionaire contract.

ANIMAL HEALTH HEAD CHANGE DUE

Texas Animal Health Commission will decide on July 27 on a new commission director to replace Dr. R. G. Garrett of Taylor who plans to resign.

Decision will be made at a meeting to be hosted by Chairman Ed Knolle of Sandia at his Knolle Jersey Farm in Jim Wells County. Knolle said there have been several "well-qualified" applicants for the post, but declined to list them. However, it has been rumored that a staff veterinarian with the commission, Dr. S. B. Walker, will be favored.

WEST TEXAS SCHOOL

West Texas cities that want to be home to a new West Texas School for the mentally retarded will have to wait until at least September 14 to learn which will be chosen.

Chairman of the Board for

State Hospitals and Special Schools' site selections committee, C. E. Bentley of Abilene, said his committee will report to the board on that date. However, Bentley did not say that the committee will make a definite recommendation on a single site at that time.

INDUSTRIAL DEVELOPMENT

Texas Industrial Commission is boasting in the July issue of Texas Parade Magazine that 27 new plants were announced in Texas in May. Map used to illustrate the new industry points out quite prominently the fact that while the Dallas-Fort Worth area gained 12 of these new plants, seven were located in Panhandle towns and six others were in other small towns.

Commission announced that Patrick J. Ryan of the Lamesa Chamber of Commerce and Sylvan R. Lange of Greater Marshall Industries have been approved for the first year class at the Industrial Development Institute in Norman, Oklahoma.

ATTORNEY GENERAL RULINGS

Attorney General Waggoner Carr ruled that a county election board must furnish voting booths for all polling places within each city of 10,000 or more inhabitants.

Carr also ruled that a county clerk does not have authority to charge the fee for releasing of a chattel mortgage or lien on personal property at the time such mortgage is filed.

VETERANS' COMMISSION

State Auditor C. H. Cayness reports that the Veterans' Affairs Commission helped Texas Veterans and their dependents and survivors obtain \$93,591,000 in benefits during the year which ended August 31, 1963.

Commissioners are John E. McKelvey of Electra; Justin M. Morrow, Rotan; J. Walter Jan-ko, Somerville; Joe F. Ramsey Jr., Houston; and Charles C. Ford, Longview.

A POPULAR PLACE

Texas' State Capitol is being invaded daily by both Texans and out of state tourists who come here to pay tribute to the history of the state. Men, women and children — about three times as many children as parents, it seems — literally crowd the Capitol's halls, their numbers reaching as many as 1,200 a day.

BRUCellosis PROGRAM BLOCKED

Animal Health Commission postponed to September a decision on whether to let a Type II brucellosis control program be set up in one part of Brooks County.

Read Psalm 107:23-31. Without were fightings, within were fears. Nevertheless God, that comforteth those that are cast down, comforted us by the coming of Titus. (II Corinthians 7:5-6)

We were onboard a small ship crossing the strait from Tasmania to Melbourne. Unfortunately for all on board, we ran into a severe storm. The boat was tossed about like a small chip of wood in the surging seas.

My only comfort that night was the knowledge that in spite of the fearsome power of the storm, God's power was far greater.

The apostle Paul writes about similar experiences of our human weakness and need, but he highlights the almighty power and presence of God to help in times of distress.

This is both an ancient lesson and one for today. Perhaps the struggle is financial. It may be illness or difficulties within the family. It may even be facing physical danger. Whatever it is, we need to remember that this word of Paul to the Christians in Corinth: "Nevertheless God... comforteth those that are cast down."

PRAYER:

Father in heaven, we thank Thee that Thou art always with us. Help us to trust in Thy presence under all circumstances, and so abide in the peace which is beyond all human understanding. For Jesus' sake and in His name we pray. Amen.

THOUGHT FOR THE DAY

We find joy and peace when we accept God's solutions to our problems.

Open Season For Whitewing And Mourning Doves Told, Limits Set

The regulations for the coming mourning dove and white-winged dove season as promulgated by the Parks and Wildlife Commission are:

The North Zone mourning dove season opens at noon, September 1, and runs through October 30. Shooting hours are from noon until sunset. Bag limits are 12 per day and 24 in possession.

The South Zone mourning dove season opens September 26 and runs through November 24, except in counties having a special open season on white-winged doves where the season will close on November 20.

White-winged dove season will run two consecutive weekends, September 5 and 6 and September 12 and 13, opening at 2 p. m. and closing at sunset in the following counties: Brewster, Brooks, Cameron, Culbertson, Presidio, Starr, Terrell, Val Verde, Webb, Willacy and Zapata.

The North Zone comprises Val Verde, Kinney, Uvalde, Mesquite, Dimmit, El Paso, Hidalgo, Hudspeth, Jeff Davis, Jim Hogg, Kenedy, Kinney, LaSalle, Maverick, Bexar, Comal, Hays, Travis, Williamson, Milam, Robertson, Leon, Houston, Cherokee, Nacogdoches and Shelby Counties north and west thereof. All other counties are in the South Zone.

Coleman County is in the North Zone.

Mourning doves may be taken also during the special white-winged dove season. Bag limits will be 12 doves per day and 24 in possession.

session, but only 10 per day may be white-wings and only 20 white-wings may be in possession at any time.

The department also announced regulations for some of the other migratory game birds. Ralls and gallinules (except coots) may be taken from September 1 through October 20. Shooting hours will be from sunrise to sunset. The bag and possession limits will be 15 in the aggregate.

Woodcock may be hunted from November 27 through January 15, from sunrise to sunset with a daily bag limit of five (5) and a possession limit of 10. The season on Wilson's snipe or jacksnipe is from November 27 through January 15 from sunrise to sunset. Daily limit is eight (8) and possession limit is 16.

Texas Antelope Count Drops, Few Fawns, Yearlings

A 38.53 percent decrease in antelope numbers in the Trans-Pecos was shown by aerial counts, according to A. J. Springs, wildlife coordinator for the Parks and Wildlife Department.

Dry weather during the critical months of February, March and April was blamed for reducing the herds to 4,363 head, a drop of 3,111 animals compared with the 1963 census.

The flying recorders reported seeing 1,396 bucks, 2,642 does and 925 fawns. The fawns represent a 35 percent fawn crop. Under favorable conditions fawn crops usually range from 60 to 70 percent, they said.

Biologists also reported seeing few yearlings this year, indicating low survival of last year's fawn crop.

All dresses regularly \$6.95 to \$10.95 now \$5.00 to \$8.00. Moore's Mercantile.

Santa Anna And Rockwood Ladies Hold Wild Ballgame Tuesday

Abner Doubleday, inventor of baseball, is very likely rotating rapidly in his grave as a result of a ballgame staged Tuesday evening. The game, pitting a contingent from Santa Anna against a slugging group from Rockwood, probably set the game back at least 40 years.

Among the fielding gems turned in during the "Old Women's Game" was a play in which the pitcher fielded a hard-hit grounder, turned, and threw the ball to a baserunner.

Not to be outdone, the pitcher for the opposing team, in the next inning, fielded a grounder and tossed it to the base umpire.

Starring on the basepaths were such Ty Cobb types as the runner who stole second beautifully, only to discover that there was already a runner on second.

According to reports received here, the final score was something like 28-26, but no two accounts agree as to the exact score, and no one knows for sure who won.

New Game Birds Have First Young

Game Warden C. H. "Swede" Johnson, in Brady, received a report of two small coveys of exotic gray francollis observed in northwest McCulloch County near the Pecos River Community, another eight young birds.

In 1963, 192 hatchery-raised gray francollis were released on four separate areas in the north part of the country. These two broods are the first offspring to be reported.

Biologists and wardens will continue periodic checks of the progress of this release of these birds.

Choosing a boat can take time, but it need not be a chore; if properly done, it can pay rich dividends in safety, sport and satisfaction.

First, it's important to examine the boat ashore. Then ride in it and drive it. But for best results, we must realize just what can and what can't be checked should be recognized. A test ride or drive, particularly, should be planned beforehand.

One Semester Left For Korean GI Bill

Korean Conflict veterans who, after continuous military service have been discharged to civilian life within the last three years, are reminded that they have one semester left for education and training under the Korean GI Bill.

Glyndon Hague, manager of the Veterans Administration Regional Office in Waco, explained that Congress has established January 31, 1965, as the termination date for the readjustment program of education and training for Korean Conflict veterans.

This deadline applies both to those Korean Conflict veterans already embarked on their courses of study and to those who are about to start classes now for summer school work or in September for the fall semester.

The veteran may, of course, continue in school after that date but they will no longer receive an allowance from the VA each month to meet part of their training and living expenses, Mr. Hague said.

He pointed out that those veterans who have failed to begin their Korean GI Bill education or training within three years after their discharge or separation from the service have already exhausted their eligibility.

Eligible veterans may obtain the necessary application forms at any VA office.

Mr. and Mrs. M. A. Richardson visited with Mr. and Mrs. Johnson Sunday afternoon. They visited Monday morning with Mrs. George Richardson at Santa Anna and with Mr. and Mrs. Lee McMillan.
