SANTA ANNA, COLEMAN COUNTY, TEXAS, THURSDAY, NOVEMBER 5, 1964

NUMBER 45

Point Rows

The national election, Santa Anna division, was scheduled to be held in the Lions Club Building this past Tuesday. However, Tuesday is the regular meeting date for the Lions, and so, Lyndon, Barry, et al, had to move a few doors down the street to an empty store building.

First things first, we always say.

We liked the story of the confirmed Republican who switched over to the Democratic Party on his deathbed, because if someone had to die, he would rather be a Democrat than a Republican.

Mrs. Nora Robinson, our advertising selling lady, brought in a couple of rather weird looking nuts the other day. Her neighbor in Coleman grew them by crossing pecans and walnuts. Are shaped somewhat like a pecan, and are about the same color, but are as large as walnuts, with a kernel resembling that of a walnut.

We thought the item about the nuts would be appropriate in this edition of this column, since we are carrying so many election items herein.

From a national magazine: "Dog food used as a staple of diet by the elderly and poor in Chicago 'because it is all they can afford' has been documented by a newspaper in a series on poverty in the Windy City."

Do you want to know what the United States of America really means? Do you want to condense millions of square miles of land, hundreds of years of history, and 200 million people, into one experience?

Then visit a polling place during a national election. Watch the people come into vote. The young people, casting their first ballot, proud that their nation at last considers them mature enough to help govern themselves, determined to make their vote count; the old men and women, marking their ballots slowly, recalling how many times they have voted, for men no longer remembered and for issues long forgotten; the hurriers, quickly scratching out their choices; the debaters, still trying to decide with the ballot before them; the rich and the poor; men and women; people from all professions and walks of life, united in this one instant in which they all decide the future of their country.

The right to vote is a sacred right, because it says to the world, "Here is a nation that believes that all men have a right to vote in the governing of their lives, that the individual man, created in the image of his Maker, is the most important factor in the nation."

The voters who rode horseback and in buggies to cast their ballots early in the last century could not have conceived of the world in which we live. Yet the heritage of that time stretches in an unbroken line across the years to the voter of today who drives to the polls in an automobile, and who learns of the election results on a television set. It is a heritage of free men creating their own destinies.

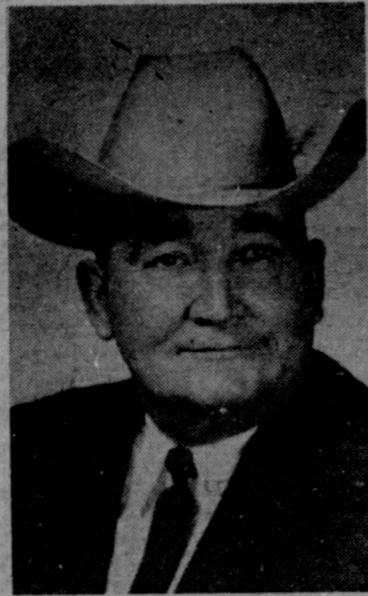

This is the essence of the United States, this marking of a piece of paper and placing it in a box, or this pulling of a lever on a voting machine. Small as these actions may seem, when multiplied by the millions they become the foundation on which our nation rests.

Sir Walter Scott wrote: "Lives there a man with soul so dead, who never to himself has said, 'This is my own, my native land?'" By their vote, millions of Americans are saying, "This is my own, my native land."

Want to find out about this country? Go to the polling place. There you will truly see the face and feel the pulse of America.

The annual Coleman County 4-H awards banquet will be held Monday, November 9, at Coleman Junior High cafeteria, beginning at 7:00 p.m.

Arrest Saturday Brings Obscene Call Charges

SHERIFF JOHN SMITH Breaks Telephone Call Crime

A rash of obscene telephone calls in the Santa Anna area, extending over a period of several months, was halted with the arrest Saturday of Lawrence Hugh Smith, 26, an employee of the Vance Golden Hoof Farm, Route 1, Coleman.

The arrest was made by Sheriff John Smith, after Coleman County Telephone Cooperative workers were successful in tracing the calls Friday night.

Lawrence Hugh Smith pleaded guilty before Justice of the Peace Earl Erick, Sr. He was fined \$69.50 on each of two counts of making obscene telephone calls, and was remanded to county jail. He was released Monday upon payment of the fines.

According to Judge Erick, "eight or nine" additional counts charging the same offense were not pressed, upon Lawrence Hugh Smith's agreement to obtain competent medical aid immediately following his release from jail. Sheriff John Smith said he understands that the accused has gone to San Antonio to enter a mental hospital in that area.

According to Lawrence Hugh Smith's confession, he would call women in Santa Anna and the surrounding area, and attempt to carry on obscene conversations with them. Smith

would hang up if a man answered the telephone, he said. The calls were made at random, with no attempt being made to select any particular person, the confession stated.

Exchanges in the Coleman County Telephone Cooperative have been plagued with the calls for several months. Friday night, telephone workers called Sheriff Smith with the information that the anonymous caller was again at work. Following the Sheriff's arrival at the Cooperative's headquarters in Santa Anna, the calls were traced. Sheriff Smith and Jerry Clark, an employee of the Coleman County Telephone Cooperative, went to the Vance farm, where they found the accused alone. Sheriff Smith stated that when he asked the accused for the use of his telephone, the accused agreed, but grew very nervous and agitated. After gathering evidence, Sheriff Smith left, returning to Santa Anna where he obtained positive identification of Lawrence Hugh Smith's voice from several persons who had been called.

Saturday morning, the Sheriff returned to the farm and arrested Lawrence Hugh Smith. During questioning, the accused agreed to sign a confession.

According to Sheriff Smith, the accused would wait until he was alone at the farm, and would then place the calls from a telephone in the barn.

Sheriff Smith praised the cooperation of the Coleman County Telephone Cooperative employees who assisted in tracing the calls, and the help of persons in the Santa Anna area who cooperated in obtaining this information. The Sheriff stated that several persons tried to keep the caller on the line while other members of the family notified the Coleman County Telephone Cooperative on another phone. "This took a lot of courage on the part of these women," the Sheriff stated, "because he was getting very obscene and vicious. However, it was only through the cooperation of these ladies that we were able to trace the caller."

Lawrence Hugh Smith is married, and the father of two children.

Burglars Hit Harvey Grocery Saturday Night, Get \$300 Worth Of Merchandise

Harvey's Grocery Store, in Santa Anna, was the victim of a burglary Saturday night, October 31.

About \$300 worth of cigarettes and rifle and shotgun ammunition was obtained in the robbery. Entry to the store was gained through a small window at the rear of the building. The thieves added insult to injury by using a ladder belonging to the Harveys to climb up to the window. The ladder had been lying behind the store for several years, according to Joe Harvey, and was considered too weak to hold a person's weight.

The theft was discovered Sunday morning when Mr. and Mrs. Joe Harvey stopped by the store. Almost all of the cigarettes had

been taken, along with all of the 22 caliber rifle ammunition and several boxes of shotgun shells.

Sheriff John Smith and Deputy Sheriff Nick Buse were working on several leads, including a footprint found behind the store, but no arrests had been made at presstime.

This was the fifth breakin suffered by the store in the past few years, Harvey said, although this was the first in which large losses were suffered.

Kenneth Vance Buys Local Ranch

Mr. and Mrs. Kenneth Vance, presently of Roswell, New Mexico, have purchased the Vance Ranch, near Shields, from Vance's mother, Mrs. Chris Davis, of Valley Mills.

The Vances plan to move from Roswell in the near future, although they will continue to operate the New Mexico ranch.

Vance is a graduate of Santa Anna High School, and he attended Tarleton State College. Mrs. Vance attended New Mexico A&M.

The Vances specialized in raising sheep in New Mexico, winning several national awards for fine fleece. Vance has also received awards for soil conservation practices.

The Vances have three children.

Demos Sweep Local Voting

Santa Anna and the remainder of Coleman County went along with the prevailing national trend in Tuesday's election, casting overwhelming majorities for the Democratic candidates down the line.

In the County, the national ticket of Lyndon Johnson and Hubert Humphrey were the choice of 2,670 voters, while 1,434 selected the Republican duo of Barry Goldwater and William Miller.

In Santa Anna, the margin was closer, but was decisive none the less. The Johnson and Humphrey team won 340 votes in the Mountain City box, with 238 going to the Goldwater and Miller entry. This was a split of 59 percent of the vote for the winners, a percentage point or two below the prevailing national figure.

The team of Richard Nixon for President and William Scranton for Vice President drew two written votes in the Santa Anna box.

The voter turnout was termed a record for recent years by polling place officials at Santa Anna, topping even the hotly-contested 1960 election.

In the state race wherein the Republicans were given the best chance, that matching incumbent United States Senator Ralph Yarborough against Houston oilman George Bush, Yarborough won handily in the Santa Anna box although he

ran behind the Democratic Presidential and gubernatorial totals. Yarborough polled 315 votes in Santa Anna, while Bush was gaining 260. Constitution Party candidate Jack Carswell got one vote here.

Top votegetter in opposed races was Governor John Connally, who obtained 402 votes against 178 for his Republican opponent, Jack Crichton, of Dallas. John C. Williams, Constitution Party nominee received one vote.

Texas Employment Commission Starts County Labor Market Survey This Week

A team of Texas Employment Commission interviewers began operations on a comprehensive survey of the labor situation in Coleman County, Wednesday, November 4.

Initial headquarters for the survey team is the American Legion Building, in Coleman. Later, the team will move to Santa Anna and conduct interviews in the Lions Club Building.

Purpose of the survey is twofold. First, it will furnish information for a detailed report on the labor and economic situation in the County, a report that will be used by industries seeking new locations. Secondly, it will provide expert job counseling service to area residents, including job placement service, aptitude and proficiency testing to determine types of work for which the individual has the greatest ability, job location information, and other services of the Texas Employment Commission.

J. C. Moore, who is directing the Coleman County survey, pointed out that all persons in the area, whether they are currently employed or not, are

urged to stop by the survey headquarters in Santa Anna for a few minutes. This will provide a complete profile of employment in the County, a factor that companies take into consideration in selecting areas in which to locate.

The office will be open from 8:00 a.m. through 5:00 p.m., Monday through Friday.

Both Coleman and Santa Anna chambers of commerce are supporting the TEC effort, and both join in urging the people of this area to cooperate with the TEC workers, pointing out that a complete survey can be an important tool in the growth and development of Coleman County.

Moore is scheduled to speak to the Santa Anna Lions Club at their regular weekly meeting on Tuesday, November 10.

To Sponsor Supper

The Baptist Brotherhood of First Baptist Church, Santa Anna, will sponsor a family supper, Monday, November 9, at 7:00 p.m., in the Church annex, according to Buddy DeSha, president of the organization.

Men of the Brotherhood are to furnish the turkey and dressing, and ladies are requested to bring salad, vegetables, or desserts.

City High Bidder On County Interest In Old Ranger Park

The city of Santa Anna purchased the interest of Coleman County in Old Ranger Park in Santa Anna, by being the high bidder at the auction of the property at the Coleman County Courthouse, Monday, November 2.

About four bids were made for the County's interest in the property, according to County Judge Frank Lewis. The bid entered by the city of Santa Anna was highest.

The sale was held to clear title to the land so that a portion of it could be sold by the city to the Santa Anna Medical Center for construction of a new nursing home, first unit of a proposed medical center for the site.

Santa Anna voters okayed city sale of all or part of the land in an election held Tuesday, October 13, by a margin of 230-85.

CAPTAIN BILLY JOE HARVEY
New National Guard Commanding Officer

Captain Billy Joe Harvey Named New CO Of County National Guard Unit

Captain Billy Joe Harvey, of Santa Anna, has recently replaced Lieutenant Thomas E. Brooks, formerly of Novice, as commanding officer of Coleman County's own Army National Guard unit.

Captain Harvey, who is married, has children in the Santa Anna schools, and is a local grocery merchant, is well known, both locally, and in military

circles. Harvey, who has nearly 30 years military service to his credit, began his military career in the Santa Anna National Guard unit, with which he served during World War II. He helped reorganize the local National Guard unit, following World War II, and has served in area National Guard units continuously since that time.

Coleman County's Guard unit is part of First Battalion, 142nd Infantry, 36th (Texas) Infantry Division.

Anniversary Set At Bryan General Store In Rockwood

Mr. and Mrs. Curtis Brayn have scheduled the second anniversary celebration of their Bryan General Store, in Rockwood, for Saturday, November 7.

Free gifts for everyone, ice cream for the children, and a number of prizes to be given away are among the features planned for the Bryan's second anniversary of business in Rockwood.

Among the prizes to be awarded are 10 cakes baked and decorated by Mrs. Bettie Bryan, Mrs. Bryan, and her "baked by Bettie" cakes, are well known throughout the state. She recently took a cake to Mrs. Lyndon Johnson during a barbecue at the Johnson Ranch.

The cakes Mrs. Bryan has planned for the anniversary celebration include several designed with a Thanksgiving motif, with cakes in the form of deer, turkeys, and other Thanksgiving subjects. Mrs. Bryan points out that all parts of her cakes are edible, even the decorations. A big, tiered anniversary cake will be given away as the grand prize. Drawings for prizes will be held each hour beginning at 10:00 a.m. "The celebration will continue as long as people are there," Mrs. Bryan said.

Both Mr. and Mrs. Bryan are members of longtime Coleman County families. Mr. Bryan was in the stock farming business prior to operating the Rockwood store.

Huge Crowd Attends Grand Opening Of Bailey Store Saturday

Between 2,500 and 3,000 persons visited Bailey Hardware and Lumber Company during the grand opening, Saturday, October 31.

Gene Smith, president of Nash Hardware Company, largest hardware wholesale firm in the world, flew thirteen Company employees down for the event in his private plane.

About 500 free screwdrivers were given away during the opening, which featured a variety of entertainment as well as bargains and prizes. According to store manager Bob Garrett, more than 63 pounds of weiners were used to make hotdogs during the grand opening.

According to Garrett, visitors came from as far away as Cross Plains for the grand opening, with large groups from Brownwood, Bangs, and Coleman County towns.

Local Beagle Wins Field Trial Honors

Another beagle from Santa Anna's Rio POCO Kennels won honors during the past weekend. Ashcraft's Squaw Baby, a 15 inch female belonging to the local kennels, won third place in the American Kennel Club licensed beagle field trial at Bryan, Sunday, November 1. More than 100 beagles were entered in the field trial, which was sponsored by the Centex Beagle Club.

The event, a large pact trial, attracted many of the outstanding field trial beagles in Texas. In taking third place honors, the local hound gained four points toward the Ameri-

Santa Anna P-TA To Meet Tuesday

The Santa Anna Parent-Teacher Association will meet at the Elementary School Auditorium, Tuesday, November 10, at 2:30 p.m. A nursery will be provided for preschool children, and members of the high school Future Teachers of America chapter will assist teachers with their classes.

Mrs. Pat Hosch will be in charge of the program. The projects committee will report on fund raising methods for the year.

Parents of all school children and others interested are urged to attend the meeting.

Friday Meeting Set By Culture Club

The Self-Culture Club will meet in the home of Mrs. Hardy Blue, Friday, November 6, at 3:00 p.m. Following the business meeting, a program on poetry and drama will be given by Mrs. W. B. Sparkman and Mrs. J. W. Taylor. The luncheon planned for that date is now scheduled for November 20.

Technical Sergeant and Mrs. Bob R. Stewart, of Williams Air Force Base in Arizona, are the parents of a new son, Stephen Alan, born Thursday, October 22, weighing six pounds, eight and one half ounces.

Grandparents are Mr. and Mrs. P. A. Radle, of Santa Anna, and Mr. and Mrs. A. Feret, of England.

Thanksgiving Fare On Best Buy List

The most important ingredients for a traditional Thanksgiving dinner will be especially plentiful this November, reports the Texas Agricultural Extension Service.

Look for an abundance of turkeys, cranberries and apples—all needed for that special dinner.

Also designated plentiful by the US Department of Agriculture Marketing Service are beef, peanuts and peanut products.

Bigger turkey marketings during the three months preceding Thanksgiving and a larger cranberry crop than last year indicate heavy supplies of both of these foods. The apple crop estimated at 145.9 million bushels promises to be the largest since 1937.

Relatively attractive beef prices likely will continue through November, as beef supplies are expected to remain fairly large. A good peanut crop will probably send production slightly above last year, with heavy movement to market during November.

So enjoy the Thanksgiving favorites, and the other potential foods in November, for tops in fall eating.

ROCKWOOD WMS HAS REGULAR MEETING

The Woman's Missionary Society of the Rockwood Baptist Church met at the Community Center Monday afternoon. Mrs. Claud Box was at the piano for the theme song, "O Worship the King." Mrs. F. E. McCreary brought the devotional. The duties of each chairman were discussed for the Royal Service program. Mrs. R. J. Deal conducted the business session. Secret pals were revealed and names were drawn for the Christmas meeting.

Mrs. Joe Wise and Mrs. Claud Box served pumpkin pie and whipped cream with iced tea to Mrs. Deal, Mrs. Henry Smith, Mrs. Junior Brusenhan, Mrs. Griffin, Mrs. Evan Wise, Mrs. Ray Caldwell, Mrs. Jack Cooper, Mrs. Bill Rehm, Mrs. F. E. McCreary, Mrs. Bill Bryan, Mrs. Walter Yancy, Mrs. Carl Buttry, Mrs. Matt Estes, Mrs. Lee McMillan and Mrs. A. L. King. Visitors were Mrs. J. D. Ashmore, Mrs. Denver Ellis and Jodie Brusenhan.

Monday, November 9, the WMS will meet at the church at 2:00 p.m. and go on to the home of Mrs. Frank Bryan to celebrate her birthday anniversary. The members will serve meals for she and Mr. Bryan each day of the week.

Mrs. John Monroe and Leesa Gaye of Fort Stockton spent the week with her parents, Mr. and Mrs. W. L. Campbell. Mr. Monroe came for them on Sunday.

Fall Important Time Of Year For Planning, Planting Next Year's Garden

October and November is the time for home gardeners to start fall planting. Herbaceous perennials planted in the fall immediately begin to develop a root system composed of small hair-like roots and are then well established for rapid productive growth in the spring.

Fall conditions in practically all areas of Texas are ideal for planting operations. Soil temperatures will be favorable for active, healthy root growth for almost three months. Actually, root growth on trees and shrubs will progress at the greatest rate of the year during the next three months.

In addition to this favorable soil environment, the cooler temperatures during daylight hours allow newly planted plants to adjust to the shock of transplanting without many of the practices necessary during the more adverse conditions prevailing in the spring and summer months.

Most plants available from nurseries are now well established in containers. Trees and shrubs purchased in the fall in containers have usually been in this state for one growing season. Thus the purchaser secures the advantage of a full season's growth without the plant being severely potbound.

When these plants are planted into gardens in October or November, they will make almost twice as much growth in a year as those planted bare-root during the winter months. And the difference in cost will be slight.

Furthermore, woody plants receive their greatest amount of food manufactured by the plant during the fall months, because the supply of stored food within the plant is greatest at this time. Root growth will continue at a rapid rate until slowed down by low winter temperatures.

While woody plants grown in containers can be successfully transplanted during any period of the year, the autumn months are still the most favorable, since any tree or shrub is in a critical condition immediately after transplanting. Therefore, since all the roots are in the root ball in which the plant was growing in the container, it must receive the same treatment as before until it begins to make new roots that extend out into the surrounding soil.

A new root system establishes rapidly and is more abundant in fall plantings. During the fall months there is less stress and change in temperatures as well as less exposure to drying winds.

Perennials planted in the fall become settled in the soil, develop a good root system and will produce larger, more abundant flowers during the following year. Roses planted from containers in the fall will produce a

This decrease was brought about by careful screening of applicants, limiting the assistance to those really needing help and eliminating "professional" panhandlers and charity cases. Thus a much larger sum was available for local relief, and Santa Anna has developed a reputation among the panhandling "pros" as being not an easy city in which to get a substantial sum.

The local service unit of the Salvation Army is financed through the precinct community chest, one of many worthwhile organizations supported by this annual drive.

Dorris Belle Turner Returns From Europe

Miss Dorris Belle Turner, of El Paso, recently returned from 16 months in Europe and the Near East.

She left from Dallas via American Airlines to New York, whence she sailed on the SS Independence, which included a tour of the Mediterranean area. She debarked at Cannes, France, and continued then to Geneva, Switzerland, where her car was waiting. During the first summer she traveled with friends through Germany, Belgium, Holland, the Scandinavian countries, Austria and Italy. Miss Turner was a member of the staff of the American College of Switzerland and of the staff of the Leysin American High School; both located in Leysin, Switzerland above Lake Geneva. At the close of the school semester in June she toured Italy, Greece, Turkey and parts of the Holy Land, returning to Greece for a month in Athens during the Summer Music Festival there. Her visit to Europe closed with a weeks stay in Paris.

She arrived in New Orleans aboard the SS James Lykes where she was met by her parents, Mr. and Mrs. Arthur Turner, and her brother, Talmadge, of Livingston. After a visit in New Orleans, Houston and San Antonio they returned to their home in Santa Anna.

Salvation Army Annual Assistance Report Given Here

The Santa Anna service unit of the Salvation Army disbursed \$260.95 during the 1964 fiscal year, ending September 30.

Of this total, the largest item was for payment of utilities and other such aid, totaling \$133.43. Grocery orders totaled \$80.99, and orders for medicine came to \$35.60. Garments given amounted to \$2.25, meals given cost \$4.88, and transportation given to transients was \$3.80.

The service unit entered the fiscal year with a balance of \$114.34, and added \$166.67 from the precinct 2 community chest campaign. An additional \$21.50 came from Salvation Army divisional headquarters.

Most dramatic change in the pattern of assistance under this program in the past several years is the decrease in transient aid requested. In 1953, the local service unit paid out \$225.20 for transient assistance, and the following year paid \$185.84 for this same cause. During the past year, the total paid out for transient assistance was \$8.08.

'The Tumult And The Shouting Dies ...'

The tumult and shouting has died down, the strain of the mud has begun to fade, the campaign pins are in the wastebasket and the posters are already beginning to tatter and flap in the breeze.

The United States has come through another of its regular quadannual sessions of temporary madness. Just when it seemed the patient might be beyond hope, the antidote—several million ballots—was applied in thousands of voting boxes throughout the country. If the patient follows the prognosis, it will recover with few or no scars.

To the person closely involved in campaigning for one or the other party, success can be very sweet and defeat very bitter. But time heals the wounds of the defeated, and after a few crises appear on the horizon, the winners may well wonder if it was worth it.

One of the great basic strengths of the United States is this ability of its people to dedicate themselves fully to one or another candidate during the campaign, and then to put aside the partisanship of the election battle after the voters have expressed their preference. We remember that we are Americans first, and Democrats or Republicans or Constitutionalists or Prohibitionists or Dixiecrats second.

And despite the rather frenzied claims of both sides, the country will continue no matter who occupies the White House. "We go no, we go on ..." Carl Sandburg says, and this is the way it is. So long as the American people have the right to ballot in free elections, our democracy is safe. We have made some bad mistakes in selecting our elected officials in the past, picking poor men and rejecting good ones, but the mistakes tend to correct themselves. "By their fruits you shall know them" says the Bible, and the man in public office, in the glare of the press and public opinion, is soon required to show his true colors.

So if you man won, remember that within a very short time, the voters will again express their choice and unless those in office act in the best interest of the people, they may soon find themselves no longer in office. And if you supported the losing side in this election, take comfort in the philosophy expounded by that distinguished group of philosophers, which are no more, the Brooklyn Dodgers, whose annual cry was "We'll beat the bums next year."

FRED R. GILBERT

Two of the three members of the coaching staff at Santa Anna High School this year are new to the Mountain City. One of these is Fred Ruben Gilbert, junior high coach and assistant high school coach.

A native of Burk Burnett, where he graduated from high school, Gilbert attended Decatur Baptist College, where he played varsity basketball, Midwestern University, and graduated from Howard Payne College.

He comes to Santa Anna following a year of teaching and coaching in the Priddy school system, in Mills County.

In college, Gilbert majored in physical education and in secondary education, with a minor in biology. He was hired by the Santa Anna Independent School District as junior high coach and science teacher.

In Gilbert's first year at the helm, the Junior Mountaineers

**'Knot' Bites Man!
 Ditto Alligator**

Attendants at the Goliad County Hospital never know what to expect next, according to Game Warden Roy Winburne. Not long ago a motorist near Goliad thought his tire had a knot on it. He pulled over to the side of the road and walked around kicking the tires since it was night and he couldn't see them. When he kicked one rear tire, he was promptly bitten on the ankle by a rattlesnake.

Two days later a local man found a five-foot long alligator on the river bank and started "playing" with it. The "gator," obviously not in a playful mood, bit the man on the hand and returned to its home in the river.

Both men were treated at the Goliad County Hospital and are recovering satisfactorily but, says Winburne, they have developed a new respect for members of the reptile world.

COTTON REPORT

Light but general rain stopped the cotton harvest, and morning fog and dew delayed field drying. Gins were operating by midweek but they received only a few bales each day. Sample receipts were low at the United States Department of Agriculture Cotton Classing Office in Abilene and totaled 13,001. Most of last week's receipts came from cotton harvested before the rain.

Cotton quality improved slightly. Grades and their percentages were: Middling, 15 percent; Strict Low Middling, five percent; Middling Light Spotted, 35 percent; Strict Low Middling Light Spotted, 24 percent; Low Middling Light Spotted, two percent; Middling Spotted, two percent; Strict Low Middling Spotted, 11 percent; and Low Middling Spotted, two percent. The Tinged, Light Gray and Below Grade categories made up less than one percent of the total. Two percent of the samples were reduced in grade because of bark or grass.

Staple lengths improved compared to the preceding week, but were much shorter than they were last season. Four percent of the samples were 13/16; 30 percent was 7/8; 56 percent was 29/32; and 10 percent was 15/16 and longer.

Only one percent of the samples miked below 3.5, 85 percent miked 3.5 through 4.99 and 14 percent miked 5.0 and above.

Prices received by producers for Strict Low Middling Light Spotted and lower grades of cotton advanced about 25 points at some gins. Some producers were holding cotton and in a few gin areas white cotton was going to the CCC loan. Net prices received by producers for predominant grades of cotton that miked 3.5 and higher were: Middling, 29/32 — 27.89 to 28.40; Strict Low Middling, 29/32 — 26.84 to 27.15; Middling Light Spotted, 29/32 — 27.04 to 27.50; Strict Low Middling Light Spotted, 29/32 — 26.13 to 26.65; Middling Spotted, 29/32 — 25.53 to 26.05; Strict Low Middling Spotted, 29/32 — 24.38 to 24.90.

State Capital NEWS

Austin once again became the seat of the executive branch of the Federal government as President Johnson moved back to his home grounds for an expected prolonged post-election stay.

The President preferred to vote in person at his old box in Johnson City, rather than cast an absentee ballot.

An elaborate communications network was prepared for the election day party here. Hundreds of national press, radio and television representatives accompanied Johnson to Texas Monday night.

Major developments are anticipated at the vacation White House during days immediately following counting of the votes.

The President, while resting up from the campaign, undoubtedly will be formulating his plans for the future and staying abreast of national and international developments at this important period.

He is scheduled to entertain at least one distinguished visitor at the LBJ Ranch. Mexico's president-elect Gustavo Diaz Ordaz will visit him November 12 and 13, according to early reports.

Most observers predict the President will remain in Texas at least until mid-November possibly longer.

BUSINESS CLIMBS

Texas building permits rose to a near-record level of \$115,000,000 in September.

It was the 43rd month of the current Texas business expansion — second longest peacetime cyclical upswing since December 1854. Longest period was March 1933-May 1937.

Business index as measured by University of Texas Bureau of Business Research was 12 percent above September, 1963 — one percent below all-time high of 152 percent last July. Researchers registered an optimistic outlook for the remaining months of 1964.

ESTES JUDGMENT ENTERED

Attorney General Waggoner Carr reports that the 80th District Court, in Potter County, rendered a \$547,500 summary judgment against onetime West Texas financier Billie Sol Estes, winding up the state's suit against Estes and Commercial Solvents Corporation.

State claimed Estes and the firm combined to unlawfully injure and drive out competition in anhydrous ammonia fertilizer in the high plains area by selling below cost and through other schemes violating the anti-trust act.

Commercial Solvents earlier paid \$150,000 under an agreed judgment. But it admitted no liability.

Estes is appealing the Federal Court's 15-year fraud and conspiracy sentence to US Supreme Court.

HIGHWAY PROJECTS

A delegation from Tarrant, Wise, Parker, Johnson, Hood and Denton counties called on the State Highway Commission seeking a \$72,100,000 highway development program in the Fort Worth metropolitan area.

Emphasis was placed on construction of a 56-mile link between Fort Worth and Ennis on US Highway 287 to facilitate truck traffic from Houston to Fort Worth.

Highway Commission's approval this week of a \$40,000 highway construction project within the city limits of El Paso demonstrates results that can come from close cooperation between residents of a community and a state agency.

Eighteen months ago, the mayor and county judge from El Paso conferred with the Commissioners on traffic problems resultant from that city's status as the third fastest-growing city in the US in the decade ending in 1960.

Highway Department told them it could do nothing unless the people of El Paso got busy. They did — and passed a \$15,000,000 road construction bond program in October.

When city officials came back to ask the Highway Commission for help, it came in a hurry, since \$7,500,000 worth of local right-of-way funds were ready.

COURTS SPEAK

Court of Criminal Appeals criticized state courts of inquiry but declined to declare unconstitutional the law authorizing such procedures.

Issue came before the court in

the appeal of Pasadena Attorney N. A. Smith who claimed his Constitutional rights were violated in a court of inquiry into Pasadena city finances. Judges ordered Smith freed of contempt of court charges arising from his refusal to testify at a court of inquiry held on June 2.

Court of Criminal Appeals also ordered a new trial for Arthur Geter on marijuana charges in Harris County, citing a new US Supreme Court decision that legal representation in trials is a Constitutional right. Geter began serving a life term in 1952.

Supreme Court refused to re-view a dispute between city of Athens and Gulf States Telephone Company, over phone rates. It thus left standing the lower court's decisions that the East Texas city's 1961 and 1962 rate ordinances do not permit the company a fair return on its investment. City asked higher court to review the case.

In another case the Supreme Court agreed that Connecticut General Life Insurance Company is entitled to collect \$408,661 in overpayment of occupation taxes for 1952-57 and for 1959.

PUBLIC EMPLOYEES WEEK

Governor Connally has proclaimed November 8 through 15 as Texas Public Employees Week.

SHORT SNORTS

US Department of Agriculture reports these fall farming operations: high plains wheat planting has reached 93 percent level; statewide wheat crop is 88 percent planted; and sorghum combination is 85 percent completed.

State Education Commissioner J. W. Edgar has endorsed the "Teaching Taxes" program — an educational supplement designed to help students understand the preparation of income tax returns — made available by R. L. Phinney, District Director of the Internal Revenue at Austin.

Texas Society of Professional Engineers has endorsed Governor Connally's authorization of a state water study by the Texas Water Commission.

State Board of Health announces that \$13,000,000 has been allocated for 30 hospitals, educational facilities and related medical units over the state.

Read II Timothy 3:16-4:5

Faith comes from what is heard, and what is heard comes by the preaching of Christ. (Romans 10:17. RSV.)

The great concern of Paul was to bring the good news of Christ to all men.

Awaiting execution in Rome, Paul did not feel sorry for himself. As long as his life was spared, he carried on the work of "teaching those things which concern the Lord Jesus Christ."

Paul did not feel that with his own death Christ's work here on earth would be finished. Paul knew his work would end, but that if his witness for Christ were effective, others would take up the battle where he would leave off.

The same concern is before us that faced Paul: Who will carry on the preaching and teaching of Christ after we are gone?

If our Christian witness is consistent effective, there will be many to follow us who will carry Christ's gospel to the world "to make all men see what is the plan of the mystery hidden for ages in God who created all things."

PRAYER

Our Father, we rejoice that though our mortal lives will end, Thy work will continue if we tell others the good news of Christ. Strengthen us, fill us with Thy power, and use us for Thy glory. We pray in Jesus name. Amen.

THOUGHT FOR THE DAY

To whom will I tell the gospel of Christ today?

Amon Johnston On Board Of Directors Of Coleman County National Bank

Announcement was made this week of the election of Amon Johnston to the Board of Directors of the First Coleman National Bank. Johnston came to Coleman in 1946, and was employed with the Coleman County Vocational School until 1951, at which time he went to work with the Coleman school system as principal of the new Junior High

School. In June of 1954 he was employed as assistant vice president of the bank, to handle public relations. He later was made vice president, serving as director of personnel, continuing his public relations work, in addition to serving as a loan officer.

Johnston has been active in church and civic affairs in Coleman, is a member of the First Methodist Church, and is presently serving his second year as chairman of the official board of that church. He is also a member of the choir and has taught a Sunday School class in the church since 1947.

Johnston is a past president of the Lions Club, past president of the United Fund, having filled the position on two different occasions, and at present is campaign chairman of the 1965 United Fund. He has been active in Boy Scout work, the Bluecat Booster Club, and is a member of the Coleman Country Club.

Wade Hemphill, president, said: "We feel that Mr. Johnston has given most generously of his life and his time to the people of Coleman and Coleman County. He has reared and educated his children in our midst, and we feel that he will make this his home forever, and so in recognition of this unselfish attitude as well as the ability he has exhibited in the banking field, we think this advancement is deserved."

Johnston holds the BA and MA degrees from McMurry College, and is also a graduate of the Southwestern Graduate School of Banking, Southern Methodist University, Dallas, Texas. He is the son of Dr. and Mrs. Tom M. Johnston, 2325 College, Abilene, Texas.

His wife, Elizabeth, is Director of the First Methodist Church choir, and they have three sons: Bob, a junior at the University of Texas; Jim, a junior in Coleman High School; and Don, a student at South Ward Elementary School.

Goldthwaite Eagles Defeat Santa Anna Mountaineers In Cleanly Played Game

A brother act and a massive line that outweighed the Mountaineers' forward wall by an average of 60 pounds per man spelled the big difference Friday night, as the Goldthwaite Eagles topped the Mountaineers from Santa Anna by a 44-0 score.

The score could have been worse, but Goldthwaite head coach Jackie Williams displayed good sportsmanship during the last period by having his team punt whenever and wherever it got the ball—one such kick coming on first down on the Santa Anna 28 yard line.

Bobby and Jerry Rountree led the Eagle attack, accounting for 20 of the Goldthwaite points. Bobby Rountree, at 136 pounds, looking like a David lost in a

forest of Goliaths, tallied in the first quarter intercepting a Mountaineers pass, going 25 yards for the score. In the second period of play, Bobby Rountree added eight more points to his personal total and his team's score by slipping over from the Santa Anna four yard line, and then catching a pass from quarterback Tommy Hudson for the two point conversion. In the third quarter, the other brother, Jerry, got into the act, scoring on an 11 yard pass and run play off the arm of quarterback Hudson.

Leading individual scorer for the Eagles was halfback Jimmy Ball, who tallied one touchdown, in the first quarter, and added six more points by catching

three passes good for two point conversions, two in the first quarter and one in the second.

Two of Goldthwaite's scores came on intercepted passes. In addition to the one snagged by Rountree, Jim Childress, 182 pound halfback, snared a Mountaineer aerial in the second period and toted it 47 yards for the touchdown.

The rest of the Eagles scoring was managed by quarterback Johnny Hammond, who took the ball over from the one yard line on a sneak in the first quarter, and who completed three passes for extra points.

The Mountaineers racked up five first downs, compared with seven for the hometown Eagles. The local footballers tried nine passes, completing one and having three intercepted; while Goldthwaite was tossing 12 times, completing five, with one lost on interception. Santa Anna punted five times for an average of 34 yards per kick, and the Eagles kicked four times for a 16 yard average—an average lowered by the fact as mentioned earlier, that the Goldthwaite coach had his team

kicking on first down in the final quarter, oftentime purposefully kicking into the end zone from deep in Mountaineer territory, a tactic not designed to boost the punter's kicking average, but a measure of considerable good sportsmanship.

The Mountaineers, for the first time this year, pulled more penalties than the opposition in a very cleanly played contest, being assessed 60 yards on six penalties, while Goldthwaite drew 15 yards on three.

The Santa Anna squad lost the football three times on fumbles, but were unable to obtain the ball from the Eagles via the fumble route.

The Mountaineers were able to gain only 45 yards against the stout Eagle defense, 25 on the ground and 20 in the air. Goldthwaite ground out 332 yards rushing and 31 passing.

Following an open date this week, the Mountaineers host the Early Longhorns in the final contest for both teams, Friday, November 13.

Waterfowl Limits And Seasons Set

J. Weldon Watson, executive director, announced the 1964-1965 Texas hunting seasons and bag limits on migratory waterfowl as authorized by the Parks and Wildlife Commission.

For duck hunting, under Federal regulations, the Commission each with a reduced daily bag limit of three.

The selected regulations represent an increase of five days over last year's duck season. In addition, Thanksgiving, Christmas and New Year's holidays as well as a maximum number of weekends, are included in the open season provided for ducks and coots.

The seasons and limits are as follows:

DUCKS and COOT — Open season, November 25 through January 3.

GEESE and BRANT — Open

season, October 31 through January 13.

Picks of the Week

After our fourth straight week of picking all District 9A games correctly, which brings our season average to .757, on 25 correct picks out of 33 games, we find a couple of contests facing us this week.

Last week, Goldthwaite topped the Santa Anna Mountaineers, and Rochelle nipped Early, as predicted. We stated that the Burnet-Marble Falls game would end in a mild upset, with Burnet winning, and win they did, but just barely, edging out the Mustangs by a 7-6 score.

This week's picks:

Goldthwaite at Burnet The Bulldogs have desire and a good team, but the Eagles seem several deep at all positions. We pick Goldthwaite by about 15 points.

Marble Falls at Early Rebounding from their loss to Burnet, and knowing they have to win this one to have any chance at all in district competition, the Mustangs will pour it on the Longhorns from Early.

Does your Community Development

Program include these basic steps?

Recent WTU advertising has outlined some of the basic community development elements which are widely considered essential in community growth. They are summarized here again to give communities an opportunity to check their local development plans.

... *The Community Survey*, an inventory of both favorable and unfavorable community resources and growth factors.

... *Community Survey Analysis*, where growth factors are continually being assessed and evaluated.

... *The Industrial Foundation*, which provides community-wide financing for the land, brick and mortar required for new industry.

... *Community Leadership*, the organized energy, effort and manpower essential for sound economic growth and development.

WTU Area Representatives will provide growth-conscious communities with information about these elements or about a complete development program. Request this service through your local WTU manager.

Cecil Robert Curry, 50, of Monahans, son of Mr. and Mrs. Cecil Curry, of Santa Anna, was killed Sunday, November 1, when a .25 caliber pistol he was showing his wife how to unload accidentally discharged, striking him in the head.

Curry was dead on arrival at Monahans Hospital.

Born in Fort Worth, Curry is survived by his wife and parents, of Santa Anna; one son, Robert C. Curry, of the US Marine Corps; one daughter, Mrs. Barbara Cason, Brownwood; one brother and two sisters.

Funeral services were held Wednesday, November 4, at First Methodist Church, Coleman. Rev. Bobby Weathers, of First Methodist Church, of Santa Anna, officiated at the services, assisted by Rev. Marvin Bledsoe, minister of First Methodist Church of Colman. Burial was in Coleman. Arrangements were handled by Stevens Funeral Home.
