VOLUME LXXXIX

SANTA ANNA, COLEMAN COUNTY, TEXAS, AUGUST 5, 1965

NUMBER 31

The city of Junction has a problem. The county hospital (Kimble County) was built a few years ago, with taxpayers' funds obtained through a bond issue. The community supported the new medical facility, raising funds for additional equipment and volunteering services.

However, the town now has only one doctor, whose practice doesn't generate enough business to keep the hospital open. Patients who cannot see the one MD in town go to doctors in area cities, who use their own local hospitals. So the almost new, highly modern Kimble County Hospital closed recently. Even though the hospital is closed, the County, and that means the taxpayers, will go on paying on the bonds until 1979.

The county commissioners have asked a group of hospital officials representing the Seventh Day Adventist Church to discuss with them the possibility of taking over the hospital and operating it. The Church representatives said if they do, they will move one or two doctors into town to staff the hospital, in addition to administrative personnel.

Santa Anna has the opportunity to have a modern, new hospital, at no cost or risk to the taxpayer. Junction will welcome the efforts of the SDA Church to help them operate their hospital, the hospital for which the taxpayers are paying.

Don't you think we might be taking our own hospital, and those behind it, a little too much for granted? Junction would be glad to get it, and other cities would pay to have the hospital move to their vicinity (Cross Plains, for one).

And yet there is that small minority, blinded by religious prejudice or personal bitterness, who would try to drive this institution out of town. In so doing, they would drive out jobs, a large part of our local economy, and would relegate Santa Anna to the status of a veritable ghost town.

Is this what you want? If not, why not speak out, let the people at the Hospital know how you feel, let them know that you are behind them. This has not been an easy time for them in many respects, but it makes difficulties a little easier to bear if you know that the people you are trying to help appreciate your efforts.

Most interesting headline of the week: In a recent issue of the Abilene paper, on the sports page, "Smith Leaves Earth."

Not about one of the astronauts taking off for outer space, but a story about the coach at Earth (Texas) High School resigning.

Mr. John (without an initial S.) Hensley came by to ask that we state that the fisherman who recently caught the leading catfish in the Jaycee Fish Rodeo is John S. Hensley. Seems everyone keeps asking John (without an S.) Hensley all about how and where and with what he caught the big yellowcat, and he knows nothing about it. So if you want to find out about the big catfish, ask John S. Hensley.

We think we got that right. Maybe its the other way around.

We needed some stamps last Sunday, and since we were going to Coleman anyway, we stopped by the Post Office there, where they have a stamp machine in the lobby. We put in two dollars worth of change, and got 37 five cent stamps. We know they are fighting the deficit in the Post Office, but this hardly seems the ethical way to go about it.

An editor, who was rather poor (as most are), died, and a friend was taking up a collection to pay for the funeral. He approached a politician, and asked if he would donate a dollar to help bury an editor.

The politician quickly handed the seeker a five dollar bill. "Here," he said, "Go bury five of them."

It seems to be ticket buying (or selling, depending on which side of the fence you find yourself). The Jaycees are selling tickets to their Fishing Rodeo, the Lions are selling tickets to their upcoming Pancake Fiesta and they are going like hotcakes (and if that pun doesn't ruin your appetite, you have a strong enough stomach to take the Lions' cooking), and the High School Athletic Department will soon be selling season tickets for the football games here this season. All of these are good causes, and if you invested in all three, you will be out only \$8.60, and you would have bought yourself a whole lot of enjoyment, plus the knowledge that you have helped three worthy organizations.

Coleman County Candidate

## Cheryl Beck To Represent Coleman County In Miss Electrification Contest

Cheryl Beck, daughter of Mr. and Mrs. Hal Beck, of Talpa, was recently selected as a candidate for Miss Rural Electrification of Texas at a meeting in Abilene. She will represent twelve electric cooperatives in the Central West Texas area.

Miss Beck will compete with the other entrants at the state meeting of electric cooperatives, in Dallas, on August 11-13. The Miss Rural Electrification of Texas will compete for the national title at the annual meeting of all electric cooperatives in the United States at Las Vegas next January.

Electric cooperatives which Cheryl will be representing are located at Coleman, Comanche, San Angelo, Brady, Stephenville, Olney Seymour, Colorado City, Roby, Merkel, Eldorado, and Stamford.

Cheryl is presently the Coleman Rodeo Queen, and is active in many school, 4-H, and church activities. Her parents are members of the Coleman County Electric Cooperative.

Mrs. C. A. Cooksey and two daughters, Linda and Casey, and her son, Melvin, from San Diego, California, are visiting here with her mother, Mrs. Earnhart.

**BIG BIG MOUTH**—Larry Avants uses a delicate two finger grip to hold the tail of the bass he entered in the Santa Anna Junior Chamber of Commerce Fishing Rodeo this week, taking the lead in the bass division, while fishing partner Jamie Lee Morris peers down the fish's throat to see if he can get the minnow back they used to catch him.

## New Leaders Take Over This Week In Both Divisions Of Jaycee Competition

Bass fishermen got on the ball during the past week, and as a result there were four more entries in this division of the Annual Fishing Rodeo, sponsored by the Santa Anna Junior Chamber of Commerce.

Larry Avants took the lead in this division with a four pound

nine ounce bass, brought in on Friday, July 30. Jim Byrd, former leader, still holds second spot, and another entry during the past week, a three pound eight ounce fish, entered by Mrs. Buddy DeSha, took third place. Mrs. DeSha also entered a one pound 13 ounce bass, both fish being caught Thursday, July 29. Other entry in the bass division was by Stanley Hartman, also on Thursday, a two pound one ounce bass.

There is a new leader in the catfish division too, with Bill Day taking over top spot with an entry that weighed an even 10 pounds. John Hensley is now in second place, with an eight pounder, and Don Pritchard is third, with an entry of five pounds 14 ounces.

## Local Florist Goes To Abilene Meeting

Mrs. Norvall Wylie of Wylie's Florist, attended the West Texas and New Mexico Florist Convention and Design School in Abilene, earlier this week. The Design School featured instructions in arrangements for funerals, weddings and novelties. Mrs. Wylie returned to Santa Anna on Wednesday.

### Main Street Planters Praised In Dallas Letter

The following letter was received this week by the City of Santa Anna:

The Mayor of Santa Anna, Texas

Dear Sir,

What a pleasant surprise it was to drive through the main street of your town and see the attractive planters at intervals along the way! I couldn't decide whether it was the planters which made your store fronts look better, or whether they actually were superior to those in towns of comparable size. At any rate, the general effect gave us a feeling of "well being" and happiness that we will always remember. I couldn't name any of the other villages between Austin and Lubbock; but I shall always remember Santa Anna because its people exerted a little extra effort to bring a bit of beauty to the world.

Please convey our thanks to those who are responsible for this.

Yours sincerely,  
Mrs. Ralph A. Wilkinson  
Dallas, Texas

### Lions Club Plans Big Pancake Fiesta

The Santa Anna Lions Club will sponsor a Pancake Fiesta on Saturday, August 4, in the Lions Club Building, in downtown Santa Anna.

The feast will start at 10:00 a.m. and will continue until 1:30 p.m., when there will be a two hour break to allow the Lions Club pancake cooks to catch their breath. The doors will open again at 3:30 p.m. and will continue to stay open until the last hungry eater has been satisfied.

Tickets to the flapjack feed are priced at sixty cents each, and may be obtained from any member of the Santa Anna Lions Club, and in the office of The Santa Anna News.

Along with the griddlecakes, the Lions will serve bacon, milk, coffee, and of course, lots of butter and syrup.

Funds obtained from the pancake extravaganza will go toward financing the program of good works and civic improvement on throughout the year by the Lions Club.

### Santa Anna Housing Authority To Meet

The Santa Anna Housing Authority will hold its annual meeting on Tuesday, August 10, in the Hospitality Room of Santa Anna National Bank, beginning at 7:30 p.m. The public is invited.

Reports on activities during the past year will be made, and plans discussed for the upcoming 12 months, along with various other items of business.

Commissioners of the Santa Anna Housing Authority are Cullen Perry, chairman; Roy Horne, vice chairman; Joe Baker; O. L. Chaney; and Norman Hosch.

### Coleman Store Marks One Year With Sale

Mrs. Joe Dobson and Mrs. Estelle Todd, co-owners of the Estelle's Ladies Shop, in Coleman have this week moved their store from 304 Commercial Avenue to 218 Commercial, the old Owl Drug location. In this issue there is an announcement regarding the move. Estelle's Ladies Shop is also celebrating their first anniversary as well as their move to the new store, with a store wide sale.

An open house will be held this coming Sunday, August 8, to mark the completion of the second wing of Ranger Park Inn, Santa Anna's nursing home.

The open house, from 1:00 p.m. to 4:00 p.m., is planned for the purpose of showing the new facilities to the people of this area. Everyone is invited to attend. There will be no formal program, and each visitor will have an opportunity to examine the new facility, partake in refreshments, and talk with the staff.

The first unit of Ranger Park Inn is now full, and the completion of the second wing will make 40 more beds available. Several reservations have been received for the second wing, a spokesman for Ranger Park Inn said, but there are still accommodations available.

The second unit contains its

### No Grass, Leaves In Trash, Says City

The Santa Anna City Council has asked local citizens to refrain from placing grass cuttings and leaves in piles along the streets to be picked up by the garbage collection truck.

The city officials pointed out that the workers to collect the trash have no means for picking up loose cuttings and leaves, and they cannot keep them in the truck even if they do get them picked up, since the cuttings blow out when the truck is underway, scattering all over the neighborhood. The persons in charge of trash collection have been spending too much time on the collection of such material, the city said.

Hereafter, grass cuttings and leaves will be picked up only if they are in sacks or boxes, the spokesman said, adding that local citizens are getting quite a bargain in receiving regular collection for only one dollar per month, and they therefore need to cooperate with the City to prevent the necessity for raising this fee due to additional work imposed by collecting loose-piled leaves and grass.

own dining area, with its own living room, featuring television and other facilities. The kitchen was planned to accommodate the second wing, so no addition was needed in this department.

The second section of Ranger Park Inn features its own nurses station and medication room, along with the washing and drying room and all the other features found in the first unit.

Planned as the second step in the construction of the proposed Santa Anna Medical Center, which will eventually contain a large hospital, a clinic with facilities for four doctors and a dentist, a convalescent hospital, and dormitory facilities for nurses and staff members, the enlarged Ranger Park Inn will add a great deal to the economy of Santa Anna. Not only will it bring funds in from out of town, along with persons coming to Santa Anna to visit family members living at Ranger Park Inn, but it will also provide a large number of jobs, the spokesman pointed out.

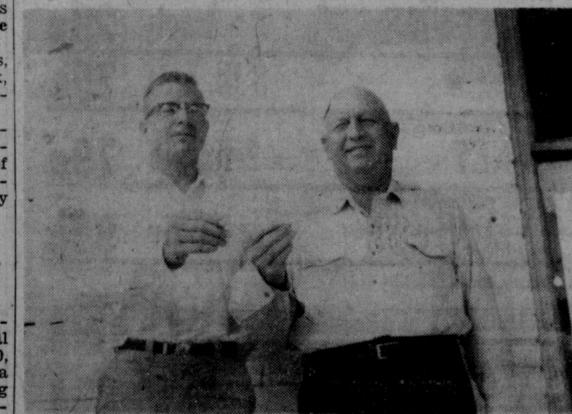

### Electric Cooperative Has Big Turnout

More than 3,200 persons were present at the Annual Meeting of Coleman County Electric Cooperative held at the Rodeo Grounds in Coleman, July 30, 1965.

During the business session, three directors were elected: Tom Kingsbery, of Santa Anna; Garland Abbey, of Coleman; and R. S. Davis, of Winters.

Dr. Charles Jarvis, of San Marcos, entertained the group with his wit and humor. They also enjoyed the organ music of Miss Jackie Canada, of Ballinger; a 4-H Cooperative Demonstration by Cheryl Beck and Paul Beaver, of Talpa; and the western music of the Baird FFA Talent Band.

Mr. and Mrs. Verl Harvey and daughter and grandson of Galveston, spent last Friday afternoon with the John Hensleys. The Harveys formerly lived in Santa Anna.

**HOT MONEY** might be the title of this photo, as Coleman County Farm Bureau President Emzy Brown hands a check to Jerry Clark, who represented the Santa Anna Volunteer Fire Department, along with C. C. Gilbert, at the annual school for firemen at Texas A&M University. The check helps cover the local firefighter's expenses at the school.

## Local Farm Bureau Helps Pay Expenses For Santa Anna Firemen At School

Emzy Brown, president of the Coleman County Farm Bureau, announced today that Jerry Clark, of Santa Anna, has completed his training at the Texas Fireman's Training School. In making the announcement, Brown also said that Clark has received a check to cover his expenses at the school.

Clark was one of the 140 firemen from almost 100 counties who attended this school under the sponsorship of the Coleman County Farm Bureau and the Texas Farm Bureau Insurance Companies. The school was held on the

You've been speeding, and you get a ticket. You don't like it, but you know you've been wrong. With little or no argument, you pay your fine.

You've been staying home from church on Sundays for one of a dozen reasons. Maybe you like to sleep late. Maybe the minister in your church preaches dull sermons. Maybe you don't consider yourself the church-going type. Whatever your alibi—nobody's going to come after you.

This is a summons you'll have to serve on yourself. For an infraction of God's law is something that can't be ignored. Until you declare yourself guilty, you will be deliberately shutting yourself off from the greatest fellowship in the world. No judge in history has ever pronounced a sterner sentence.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## PUBLIC NOTICE

### Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.**  
**HOUSE JOINT RESOLUTION NO. 11** proposing an Amendment to Article III of the Constitution of the State of Texas authorizing loans to students at institutions of higher education; creating the Texas Opportunity Plan Fund and making provisions relating thereto.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows:

"Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called 'Texas College Student Loan Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section.

(b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Opportunity Plan Fund to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe.

(c) While any of the bonds, or interest on said bonds authorized by this Section is outstanding and un-

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors. Income from such investment shall be used for the purposes prescribed by the Legislature.

(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts, of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

(f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan.

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

### Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.**  
**SENATE JOINT RESOLUTION NO. 24** proposing an Amendment to the Constitution of the State of Texas by amending Article VII, Section 17, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning; providing for allocation of funds therefor; authorizing the issuance of bonds or notes and the pledging of allotted funds for the payment of same; providing for an election and the issuance of a proclamation therefor.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 17 of Article VII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven Cents (7¢) on the One Hundred Dollars (\$100.00) valuation heretofore permitted to be levied by Section 51 of Article III, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the continuing payment of Confederate pensions as provided under Section 51, Article III, and for the establishment and continued maintenance of the State Building Fund as provided in Section 51b, Article III, of the Constitution.

"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Ten Cents (10¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings or other permanent improvements at the designated institutions of higher learning provided that none of the proceeds of this tax shall be used for auxiliary enterprises; and the governing board of each such institution of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as

hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed four per cent (4%) per annum and shall mature serially or otherwise in not more than ten (10) years; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty Cents (30¢) on the One Hundred Dollars (\$100.00) valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"The following state institutions then in existence shall be eligible to receive funds raised from said Ten Cent (10¢) tax levy for the twelve-year period beginning January 1, 1966, and for the succeeding ten-year period:

- Arlington State College at Arlington
- Texas Technological College at Lubbock
- North Texas State University at Denton
- Lamar State College of Technology at Beaumont
- Texas College of Arts and Industries at Kingsville
- Texas Woman's University at Denton
- Texas Southern University at Houston
- Midwestern University at Wichita Falls
- University of Houston at Houston
- Pan American College at Edinburg
- East Texas State College at Commerce
- Sam Houston State Teachers College at Huntsville
- Southwest Texas State College at San Marcos
- West Texas State University at Canyon

Stephen F. Austin State College at Nacogdoches  
 Sul Ross State College at Alpine  
 Angelo State College at San Angelo.

"Eighty-five per cent (85%) of such funds shall be allocated by the Comptroller of Public Accounts of the State of Texas on June 1, 1966, and fifteen per cent (15%) of such funds shall be allocated by said Comptroller on June 1, 1972, based on the following determinations:

(1) Ninety per cent (90%) of the funds allocated on June 1, 1966, shall be allocated to state institutions based on projected enrollment increases published by the Coordinating Board, Texas College and University System for fall 1966 to fall 1978.

(2) Ten per cent (10%) of the funds allocated on June 1, 1966 shall be allocated to certain of the eligible state institutions based on the number of additional square feet needed in educational and general facilities by such eligible state institution to meet the average square feet per full time equivalent student of all state senior institutions (currently numbering twenty-two).

(3) All of the funds allocated on June 1, 1972, shall be allocated to certain of the eligible state institutions based on determinations used in the June 1, 1966, allocations except that the allocations of fifty per cent (50%) of the funds allocated on June 1, 1972, shall be based on projected enrollment increases for fall 1972 to fall 1978, and fifty per cent (50%) of such funds allocated on June 1, 1972, shall be based on the need for additional square feet of educational and general facilities.

"Not later than June first of the beginning year of each succeeding ten-year period the Comptroller of Public Accounts of the State of Texas shall reallocate eighty-five per cent (85%) of the funds to be derived from said Ten Cent (10¢) ad valorem tax for said ten-year period and not later than June first of the sixth year of each succeeding ten-year period said Comptroller shall reallocate fifteen per cent (15%) of such funds to the eligible state institutions then in existence based on determinations for the said ten-year period that are similar to the determinations used in allocating funds during the twelve-year period beginning January 1, 1966, except that enrollment projections for succeeding ten-year periods will be from the fall semester of the first year to the fall

semester of the tenth year. All such designated institutions of higher learning shall not thereafter receive any general revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Ten Cent (10¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Revenue Funds. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this Amendment, and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This Amendment shall be self-enacting. It shall become operative on its adoption so as to supersede and repeal the former provisions of this Section; provided further, that nothing herein shall be construed as impairing the obligation incurred by any outstanding notes or bonds heretofore issued by any state institution of higher learning under this Section prior to the adoption of this Amendment but such notes or bonds shall be paid, both as to principal and interest, from the fund as allocated to any such institution.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1965, at which election all ballots shall have printed thereon:

"FOR the Amendment to Article VII of the Constitution of Texas by amending Section 17 thereof, providing a method of payment for the acquiring, constructing and equipping buildings and other permanent improvements at certain state institutions of higher learning."

"AGAINST the Amendment to Article VII of the Constitution of the State of Texas by amending Section 17 thereof, providing a method of payment for the acquiring, constructing and equipping buildings and other permanent improvements at certain state institutions of higher learning."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Mrs. Charles Blank of Comfort, visited last Friday to Monday, with Mr. and Mrs. John Hensley. Mrs. Hensley accompanied her home for a short visit.

First U. S. Postal Card was issued on May 1, 1872. Attend church regularly. We can order a rubber stamp for you at the News Office.

## Season Tickets Go On Sale This Week

Season tickets for the five football games of the Santa Anna Mountaineers are now on sale.

Holder of 1964 tickets may reserve the same seats for the upcoming season by calling the office of Santa Anna High School, or by going by that office or the office of The Santa Anna News.

Holder of the 1964 tickets will have one week in which to reserve their 1965 seats, and then all tickets not sold will be placed on open sale. Prior to that date, persons who did not have season tickets last year can buy 1965 reserved seat tickets for the many seats not held last season.

Reserve seat tickets for all five home games this season will cost \$7.00, or \$1.40 per ticket, when purchased at the beginning of the season. Reserve tickets purchased individually at each game will cost \$1.50 each, a saving of 50 cents through purchase of the season tickets.

The coaching staff of Santa Anna High School expects a considerably improved team this season, and football fans are urged to reserve their seats early.

## Newman Family Has Reunion Recently

**Two Good Projects**

Two programs are getting underway this week in Santa Anna that deserve the wholehearted support of all the citizens of this area.

One of these is the Pancake Fiesta, sponsored by the Santa Anna Lions Club and scheduled for Saturday, September 4 (the Saturday of Labor Day weekend). This is one of two or three fundraising functions carried on by the local civic organization during the year, and it helps provide funds for a number of programs of widespread benefit. Among the uses to which these funds are put are the support of a camp for handicapped children, near Kerrville; a program of aid and education for blind children; and many others. On a local level, the Santa Anna Lions Club sponsors the Boy Scout and Cub Scout groups here, carry out a program of aid to underprivileged families in this area at Christmastime, and participate in many other activities of great benefit.

Local citizens will have no better chance to help out a worthy cause and enjoy themselves in the process. For only sixty cents, they can eat their fill of pancakes (and those Lions Club pancake chefs are pretty good), bacon, milk, and coffee. Shakespeare wrote about "sweet charity" and when it is associated with all that maple syrup, it becomes sweet charity for sure.

It is planned for local merchants to offer special bargains on the day of the Pancake Fiesta, so a combined shopping and pancake eating trip could make a big event on any family's calendar.

Any Lion will be more than happy to sell you as many tickets as you need. Just ask them.

The other program now getting underway that deserves support is the Christmas program sponsored by local merchants. This program should be supported by our Santa Anna businessmen (and businesswomen) of course, but it should also be supported by every local citizen. By trading in Santa Anna, not only do you trade with a neighbor, and keep the money you spend in our community where it can circulate and provide a higher standard of living for everyone, but you also have someone to whom to turn in case you have a complaint. You know that the local merchant will do everything he can to keep you as a steady customer, something that the out of town (or out of county) businessman might not be so concerned about.

So remember these two events coming up: First, the Lions Club Pancake Fiesta, and second, the local Christmas program.

No community can be better than the people who live there are willing for it to be. By supporting programs such as these two, all of us can do a great deal toward making Santa Anna the best place to live.

**Mail Madness**

According to all the propaganda out of Washington, we are on another "operate the Post Office on a profit" kick, also sometimes called the "cut out the Postal deficit" bit. This type of recurring madness enters its violent stage at periodic times, somewhat as the fever of a malaria patient comes and goes in cycles. The only known cure for this strange malady is time.

However, the latest outbreak of this plague, which so far, through timely work by the public health authorities, has been confined primarily to Washington, DC, and the surrounding suburbs, where insanity, temporary and otherwise, is more the rule than the exception, the result of this latest contagion has been to bring to mind the logical question: "Why should the Post Office operate at a profit?"

What makes the Post Office so different from the other departments? No one clamors for the Department of Agriculture to make a profit, or even break even. We have never had reams of material issued from Washington on the subject of making the Department of Defense self-supporting. No one asks that the Weather Bureau turn in a profit at the end of the year. Why then single out the poor Postal Department (which has problems enough with dogs biting Postmen and vice versa), and expect it to make a profit? What other than the benefits of free publicity to whichever political party happens to be in power. This form of madness strikes members of both parties, by the way.

What does all the talk about raising Postal rates really mean? It means that you, the taxpayer, will have the privilege of paying for Postal service twice. Since this is one of the services we have the right to expect the Federal government to furnish, we pay for this service, just as we pay for all things that we receive from the government, with our taxes. We all pay these taxes expecting that we will receive in return the services we have a right to expect. And then we are told that in order to let the Post Office operate at a profit, we must pay more for the privilege of using the mails, and all of this is supposed to be logical! Strange form of madness, isn't it?

The Santa Anna Lions Club is mad at West Texas Utilities Company for raising the rates in Santa Anna, according to the paper for July 31, 1925.

Commendable Correction

**The Cotton Question**

**EDITORS NOTE:** There is quite a bit of controversy about the proposed cotton legislation now before Congress. To allow the cotton raiser to form his own opinion, The News is publishing arguments on both sides of the question. This week, the argument for, next week the argument against, next week the argument for.

Texas farmers are facing a drastic reduction in cotton acreage if the proposed farm bill passes the House of Representatives. Best estimates indicate that contrary to the House Agricultural Committee's figures, Texas cuts in acreage would be in excess of 35 percent. Texas in the past has enjoyed considerable success in getting unused acreage released and in shifting this acreage to farmers who desired to grow cotton. The proposed omnibus farm bill would eliminate for all practical purposes the release and reapportionment feature of the present law. Last year there were 5,850,000 acres planted to cotton in the state. Estimates indicate that under the proposed bill, acreage would be reduced by 2,102,000, a reduction of 35.91 percent. Translated in terms of income, assuming that crop conditions will be about the same as they were last year, this would mean a reduction of 1,462,992 bales of cotton worth \$219,500,000, to Texas farmers. The Texas economy, however, would be decreased by a figure approaching one billion dollars since it is a well established fact that cotton multiplies itself in the channels of trade five or more times. Many producer groups, it is reported, are voicing opposition to the reported bill. The Texas Cotton Ginners' Association is definitely opposed to the acreage features, as it will mean a general reduction of income for this vital group of processors. The average gin in the State processes around 3,300 bales annually, consequently, the entire production from 443 of the state's 1,308 gins would be eliminated.

minated. Besides the drastic effect on the State's economy and the cotton ginning industry, drastic acreage reductions would curtail the individual farmer's efficiency by increasing his cost of production, which is directly opposite to what the bill is designed to do. House Agriculture Committee reports indicated a need to temporarily reduce acreage by only 15 percent which the industry said it could stand.

**INSTEAD OF BANKRUPTCY**

To the wage earner drowning in a sea of debt, the Bankruptcy Act offers two kinds or rescue. One is bankruptcy itself, where by most of a person's debts are wiped out. Last year about 155,000 individuals chose that course.

The second alternative, although not so well known, has been gaining favor steadily in recent years. Called the Wage Earner Plan, it is designed for the person who is ready, willing, and able (eventually) to pay his debts—if only he can have a breathing spell to put his finances in better shape.

Although the Wage Earner Plan is administered by the bankruptcy court, the debtor continues to be called a "debtor" never a "bankrupt." In a typical case it works this way.

The debtor agrees to turn over a fixed percentage of his weekly wages to a court-appointed trustee, who makes regular payments to the creditors. In return, the debtor is protected from wage attachments and most other forms of pressure by creditors.

In short, the Wage Earner Plan gives a debtor time to pay his debts gradually, under the protecting wing of the court. It requires an OK by a majority of the unsecured creditors, and also by the court.

Under what circumstances will the court approve a debtor's application? There are two main tests:

1) Financial—The debtor's earnings must be large enough, in proportion to his debt burden, to give a reasonable chance of success. As a rule, the court will approve only if his debts can be paid off in not more than three years, using not more than 25 percent of his income.

2) Moral—The debtor must have an earnest desire to make good on his obligations, even at the cost of prolonged belt-tightening and penny-pinching. And in most cases, his wife must share that desire.

The Wage Earner Plan is not an easy alternative. Nevertheless, last year about 27,000 debtors chose that way of keeping the stigma of bankruptcy from their record.

For, even though debt is not considered as sinful as it once was, there still are a lot of job applications and credit forms that ask the question: "Were you ever a bankrupt?"

And there still is comfort in being a person who, like Henry Wadsworth Longfellow's village blacksmith, "looks the whole world in the face, for he owes not any man."

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

**State Capital NEWS**

Governor John Connally's future plans are the talk of the capital.

On his decision hinges the political future of many Democratic candidates for numerous Federal and state offices.

No one in his party wants to run against the popular Democratic party leader and top vote getter, but there is talk of his possible retirement. This would change the complexion of many races in 1968.

Connally has indicated that he will make his plans known before the general election in November. This in order that other state political figures, whose moves depend on his, can set their own sails.

In the latter category are Lieutenant Governor Preston Smith and Attorney General Waggoner Carr. Both want to run for governor.

A race by Smith and Carr for the higher office naturally would place their own jobs up for grabs—and plenty of candidates would file for these posts.

Connally says that neither the four year term amendment, which will be voted on November 2, nor the possibility of a federal appointment, will play a part in his decision whether or not to retire.

Other speculation is that he may run for the US Senate next year against the incumbent, Republican Senator John Tower.

There also is talk that, regardless of Connally's decision, US Senator Ralph Yarborough may enter the governor's race next year. He could do this without relinquishing his present post.

So goes the talk in the state capital where speculation always runs high.

**NOT SO BAD**

Dr. James Schless, director of the state's TB hospital system, isn't claiming perfection. But he doesn't think the number of persons leaving the hospital against medical advice is alarming.

"We don't bat a thousand," said Schless, "but a layman looking at the figures could easily get the wrong impression."

Figures he referred to reveal that out of the 2,914 persons who left the state's TB hospital's last year, 601 of them left without medical advice.

Dr. Schless says most of those 601 were non-contagious. They were cured and they are not a menace to public health. But they left before receiving the 18 to 24 months of treatment necessary to give them a 98 percent chance of never having TB again.

Those who leave before getting past the contagious stage usually are returned quickly by health authorities. After "going over the hill," such patients usually are quarantined.

**ORANGE POLLUTION**

State Water Pollution Control Board has asked officials of the City of Orange to try again to get voter approval of a bond issue to provide funds for correcting the city's pollution of the Sabine River.

Orange voters recently turned down a \$3,000,000 bond issue by a mere 29 votes. It would have corrected the city's sewer troubles.

Mayor Neil Miller, Jr., admits that the city's sewer system is polluting the river at six points within the city limits. He said the city must resubmit the matter to the voters.

**SALES UP**

June retail sales in Texas was up two percent over May, reports the University of Texas' Bureau of Business Research.

Ordinarily, June sales are down an average of six percent from May. Bureau's only explanation for the rise was the fact that June was the state's first month of consistently sunny, pleasant shopping weather.

**TEXAS TOURISM GETS NEW BOOST**

A Texas movie entitled "Texas—Land of Contrasts" soon will be available for showings before civic groups throughout Texas and the nation.

It is a professional job, produced entirely within the Texas Highway Department, except for the guest commentator. Its estimated value is \$70,000. But the Department self-produced it for \$9,300.

The 28 minute production was filmed by Hal Stegman. Script was written by Keith Elliott. Dave Smith, Austin public relations executive, is commentator.

More than 100 copies of the color film now are being made by the Department.

In discussing the film, Herb Petry, chairman of the Highway Commission, said: "This is Texas as it really is—a Fun-tier State—offering recreational attractions to suit every taste. It features our forests, mountains, plains, seashore, caverns, lakes, and many cultural attractions."

Said Tom Taylor, director of the Travel and Information Division, "Texas is so large that

to depict its many wondrous attractions in a single 30 minute film is virtually impossible. This, therefore, is the first of a series designed to make Texas better known to both residents and outsiders as a recreational center."

First to sign up for a showing was the Texas Press Association, TPA scheduled the film for its 15th Annual Advertising Convention, in Galveston, on September 11. Bob Warner, former newspaperman, now a Highway Department information officer, will handle the Galveston presentation.

**VISITORS GET BREAK**

Free parking for tourists who wish to visit the state capitol has proved a boom.

Perennial parking problem around the capitol for years has kept many visitors away. But no more.

Where the Old Walton Building once stood, directly in front of the capitol grounds at 11th and Congress, the state has provided plenty of parking space exclusively for tourists. Two hours of free parking are furnished in a supervised lot.

Result is a noticeable increase in the number of state as well as out of state visitors.

**INTERSTATE HIGHWAY**

Plans for development of a section of Interstate Highway 10 west of Fort Stockton, in Pecos County, have been approved by the Texas Highway Commission.

Area extends from 5.9 miles west of Fort Stockton to seven miles east on the present US 67.

**COMMITTEE APPOINTMENTS**

Additional interim committees have been named by State house Speaker Ben Barnes and Lieutenant Governor Preston Smith.

Read Galathians 3:21-29

Ye are all the children of God by faith in Christ Jesus. (Galathians 3:26.)

Years ago when a wealthy rancher died, a neighbor said to my father, "His children — selfish, wasteful and ungrateful — are so unworthy to inherit his riches. They haven't earned a dime of his money."

"But they are his heirs," my father replied. "Worthiness doesn't count. An inheritance is bestowed, not earned."

No one through his own merit is good enough to become an heir of God. It is only through the grace of Jesus Christ that we may inherit salvation.

On the other hand, no one is so unworthy, so sinful, that he cannot accept Christ's salvation if he will believe.

As Paul wrote to the Colossians; God "hath translated us into the kingdom of his dear Son; in whom we have redemption through his blood, even the forgiveness of sins." This is the inheritance Christ gives us, even eternal life.

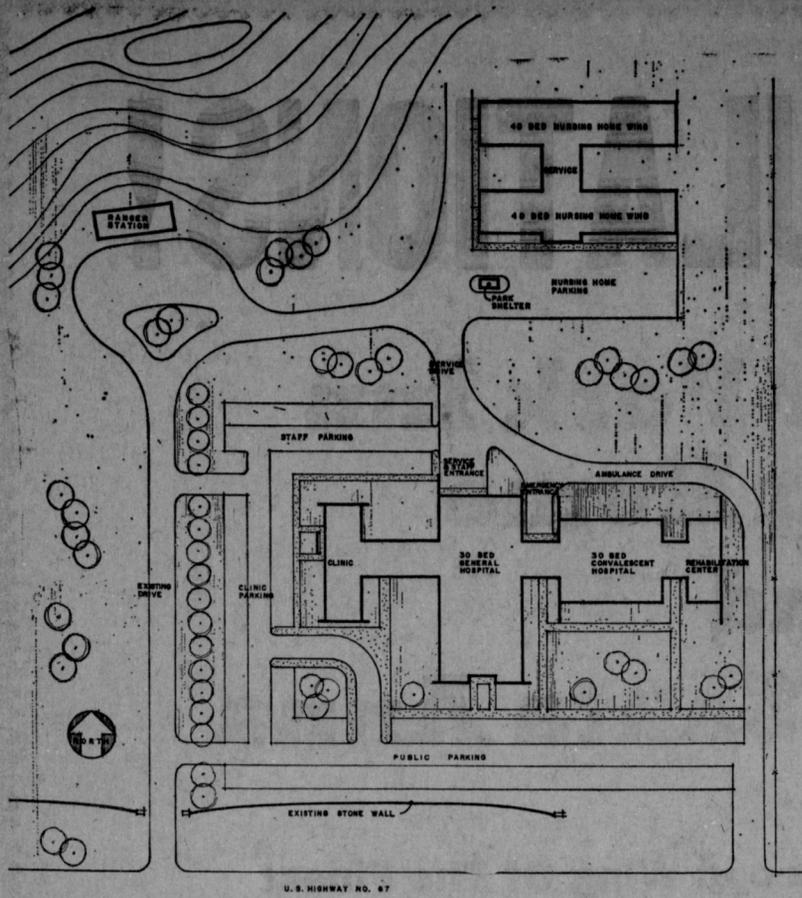

**PRAYER**

Precious Lord, take our hands and lead us into the everlasting kingdom prepared by Thy loving Son our Redeemer. Help us joyously to tell others of this wonderful gift of eternal life, the inheritance of all who will believe. In Jesus' name. Amen.

**THOUGHT FOR THE DAY**

"Every man . . . has an open gate to God in his soul."

SITE UTILIZATION STUDY OF A PROPOSED MEDICAL CENTER .....  
SANTA ANNA, TEXAS

ERNEST GROSSMAN ARCHITECT FORT WORTH  
PAUL HABERMAN ARCHITECTURAL PRESENTATIONS TEXAS

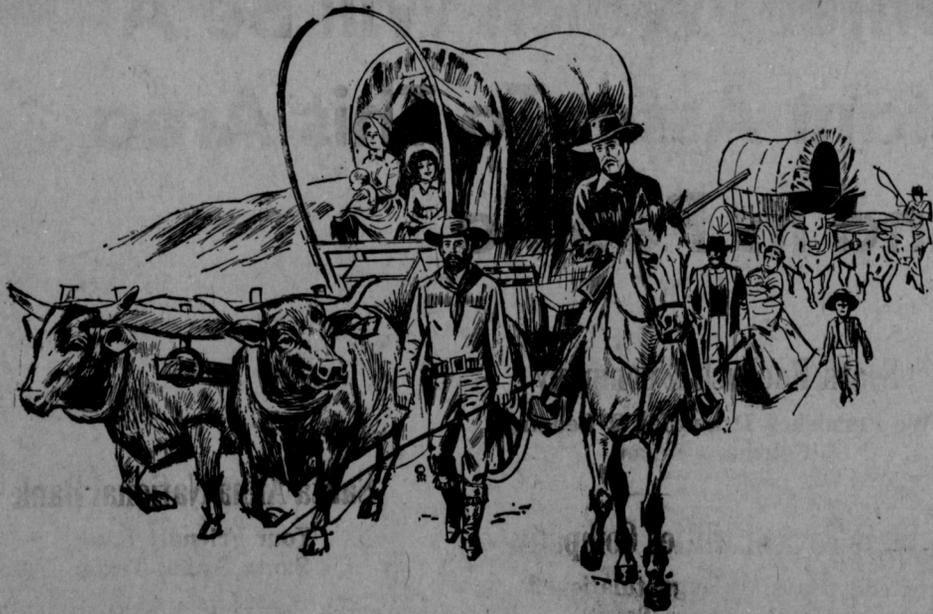

SECOND STEP on the road to realizing the reality of the proposed medical center for Santa Anna is the recent completion of the new wing of Ranger Park Inn nursing home. The second wing of the nursing home gives this area one of the finest homes for the care of our senior citizens to be found anywhere in the Southwest. The new addition will double the capacity of the facility, raising the number of beds to a total of 78. The architectural plan above details the overall plan for the medical center, including the modern hospital; the clinic, with room for four medical doctors and a dentist; the convalescent hospital; and the now-existent nursing home (in the upper portion of the illustration). The new nursing home will bring several valuable side effects for Santa Anna, including more money in the local economy, benefiting local businesses, and more jobs for local workers.

**Local Postal Group  
To Be Named Here**

Postmaster John C. Gregg announced recently that all Santa Anna Post Office employees will be asked to take part in the new Postal Efficiency Plan announced Wednesday, July 22, by Postmaster General John A. Gronouski.

"The Postal Efficiency Plan includes comprehensive programs for improving postal service and reducing costs", Gregg said. "It is our way of helping President Johnson fulfill his pledge to provide more effective and economical government services."

In Washington, Postmaster General John A. Gronouski termed the plan's twin objectives of economy and service betterment "a matter of highest priority" and called for total involvement of all employees through the Post Office suggestion program.

Semiannual reports will be made to the President, Mr. Gronouski said, and realized savings will be reverted to the Treasury or applied to improving postal service.

A local committee will be organized to fulfill the two purposes of the plan: (1) Reduce costs; and (2) improve services. Postmaster Gregg will be chairman of the local committee to implement PEP.

Ideas generated by individual employees will be taken up by the committee. Accepted ideas will be passed on to Washington for possible application on a national level. Employees whose ideas are adopted nationwide will be given national awards. The Postmaster General will personally oversee the programs. Attend church regularly.
