VOLUME LXXIX

SANTA ANNA, COLEMAN COUNTY, TEXAS, OCTOBER 21, 1965

NUMBER 42

We want to set the record straight. Last week, we carried in this column an item about Bob Griffis, the impressario of radio station KSTA. The point of the item was the fact that Bob had started prefacing all of his remarks to us, "That's off the record," because he was the recipient of a little razzing in Coleman when we quoted his remark about Santa Anna being able to beat the Bluecats in football, in an earlier column.

In the item last week, we commented that we therefore could not quote Bob on a number of subjects, and one of which we mentioned was his comments about his sponsors. Bob, who is a good sport, was a little upset about this. In fact, "little" is hardly the word to use. He called us on the phone at 11:30 in the p.m. to vent his displeasure.

So we want to set the record straight. Bob was afraid that some of our readers might take what we had written seriously. We told him that this was silly, since our readers take nothing they read in this paper seriously, but he was still worried. So we want all of our readers to know that the following statement is serious and official. (We are printing it in boldface type to show that it is serious. Whenever you see anything printed in boldface type in this column, that is the sign that it is meant to be serious. This is the first time we have ever used boldface type in this column.)

It goes without saying that Bob made no disparaging remarks about his sponsors. If he had, we couldn't and wouldn't have put that item in the paper. The very fact that it is so ridiculous is the reason we felt it might have a touch of humor about it. Bob is just as dedicated to doing a good job for his advertisers as we are for ours, and he is just as sincere about appreciating their business. We hope that no one took the ridiculous statement in last week's column at all seriously. It was not meant that way, and we would be very distressed to feel that we had hurt Bob in any way. He has done an excellent job with KSTA, and the new FM station he is preparing to put on the air will add even more to the enjoyment of Coleman County radio listeners. Our readers may not know it, but the weekly broadcast KSTA does of the Mountaineer football games is practically a public service. The station barely makes expenses on this broadcast, and certainly not enough to reimburse them for all the time and effort they invest in bringing play by play coverage of the Mountaineer games to football fans in this area. We would venture that Santa Anna is one of the very few class A football teams in Texas enjoying such coverage of their games. So if anyone took anything we said in this column last week (or any week for that matter) at all seriously, this is to tell you that you are mistaken, and that it was all intended in fun. End of the serious part.

Actually, we are a little upset. We mentioned three people in recent columns, and have heard from two of them—Judge Joe Dibrell and Bob Griffis. So far, we haven't heard from the other, a fellow who goes by the alias of LBJ. We guess he just hasn't gotten around to reading the last couple of issues of this paper due to his recent operation.

We are looking for a home for a dog. About a month ago, we went to Abilene one evening, returned to discover that someone had put a German Shepherd type puppy in one of our kennel pens. Apparently they thought this was the dog pound. We were going to put this stowaway in the real pound, but she was such a friendly and intelligent puppy that we didn't have the heart to do it. So we have a nice, friendly, female type, sort of German Shepherd puppy we would like to find a home for. She should be a good farm dog, and should be very good with children. She has had the permanent distemper shots, and we will give her free to anyone who will give her a good home. Just call us at the office of The News.

Holdups were a common occurrence on the old Brownwood to Fort Worth stage line. Once when Brooke Smith, an earlyday Brownwood banker, for whom the community of Brooksmith is named, had to send \$8,000 to Fort Worth, he put the money in a box, covered it with dirt, and planted a cactus on top. It got through.

UP IT GOES is the word, as the unusual tent in which the Santa Anna Seventh Day Adventist Church will hold its two week long revival beginning next Saturday, is erected by a volunteer crew. The tent needs no poles to hold it up, being supported entirely by air pressure.

Seventh Day Adventist Church Sets Two Week Revival In Santa Anna

The Santa Anna Seventh Day Adventist Church will sponsor a series of gospel meetings, beginning on Saturday, October 23, and continuing for two weeks, according to Elder H. B. Petry, minister of the local church.

The "Crusade for Christ" will meet in a special tent erected for that purpose on the corner of North Santa Fe Avenue and Third Street, behind the L. A. Welch Garage. This tent is the newest type in use for such purpose, requiring no poles or other supports, utilizing light air pressure from a blower located outside the tent. Even in case of complete power failure, the tent would remain upright for at least 45 minutes, according to the manufacturer, allowing ample time for those inside to leave. Structures of this type are fireproof, and will withstand winds up to hurricane velocity. In addition to their use as meet-

ing tents, these structures are finding wide usage as temporary storage structures on farms.

The program will begin each night with a health film at 7:15 p.m., followed by a song service at 7:45 p.m. Each night's program will be concluded by 9:00 p.m., Elder Petry said.

Local Christmas Program Begins

Santa Anna merchants have started giving out tickets to their customers, as part of the 1965 Christmas program planned by local businesses. The tickets are being given to customers with each one dollar's worth of merchandise purchased. The tickets must be signed by the recipient, and placed in boxes provided for that purpose. Each Saturday, beginning November 20, several drawings will be held in downtown Santa Anna, in front of the Santa Anna Lions Club building. Persons whose tickets are drawn during these drawings will receive ten dollars worth of exchange script, worth the face value at any business in Santa Anna participating in the program.

Purpose of the program, which is sponsored annually by local businesses at a cost of several hundred dollars, is to express the merchants' gratitude for a year of patronage, and to encourage local citizens to shop in Santa Anna.

EIGHTH GRADE OFFICERS

The eighth grade class elected officers for the year recently. Serving as officers this year are the following: Jerry Horner, president; Vicki Neff, vice president; Barbara Jones, secretary; and Ronnie Cooper, reporter.

BIG CAT—This big yellowcat, which weighed in at 20 pounds eight ounces, took over first place in the catfish division of the Santa Anna Jaycees Fishing Rodeo last week. A new placing in the bass division occurred this week, when a five pound 14 ounce bass, good enough for second place in the current standings, was entered by Mary Rodgers, Thursday, October 14. It was caught on rod and reel, using a plug.

County National Guard Unit Gets Word This Week

By SSgt Bob Turner

Local National Guardsmen received items of news in which they were very interested this week.

One piece of information was the news that they had not been selected as one of the "high priority" units designated by the Department of Defense to begin an almost doubled drill schedule, going from 48 drills per year to 72, in order to become an immediate backup force for the regular Army in case of sudden need for additional troops.

Not effected by the new high priority classification, the local guard unit will continue the same training and drill program as in the past.

Nearest National Guard unit to be placed in the high priority classification is the transportation unit at Lampasas.

Other news of interest to Coleman County citizen soldiers is the fact that they will stand their annual inspection on Wednesday night, October 27.

The inspection will be carried out by Lieutenant Colonel R. W. Burrows, from headquarters Fourth Army, Fort Sam Houston. The actual inspection will begin at noon, with a check of the local unit's administrative, supply, and training situation. Beginning at 7:00 p.m., the inspection of the unit as a whole will get underway with an in ranks inspection of the entire complement of the unit, followed by observation of the training scheduled for the evening drill.

All area residents are invited to attend the evening period, to watch the inspection and to observe Coleman County's National Guard unit in action.

The unit has scheduled a special drill period for Monday, October 25, to prepare for the inspection. How a National Guard unit scores on the annual inspection plays a big part in its overall rating for the year.

Guthries Go To Mail Carrier Meeting

Mr. and Mrs. Montie Guthrie of Santa Anna, attended the fall executive board meeting of the Texas Rural Letter Carriers Association, and Auxiliary, Saturday, October 16, 1965, at the Ridgewood Motel, in Beaumont.

The joint meeting was conducted by the state president, Eugene Kirkley, of Center. Plans were tentatively set for the state convention, to be held in July. Mrs. Leonard Crawford, auxiliary president, of Chandler, conducted the business meeting for the ladies. Committees were appointed for the different phases of the state convention.

Mrs. Crawford stressed the importance of the auxiliary projects for the state—a nursing scholarship, and the national project, respiratory diseases research.

On Saturday morning, Mr. and Mrs. Guthrie visited with the Joe Van Breeman family, at Bridge City. Van Breeman was a former football coach in Santa Anna. He is now employed by the Bridge City school system as an assistant principal of the Junior High School.

FORMER RESIDENT ELECTED TREASURER

Mrs. Charlie F. Konze, of Santa Anna, was recently elected to the office of treasurer of the Protestant Women of the Chapel organization at the Religious Education Center at the United States Army Infantry Center, Fort Benning, Georgia.

\$244,114 Awarded To Santa Anna For 18 More Housing Units Here

Announcement came this week of the approval by the Public Housing Administration of a loan of \$244,114 for the construction of 18 additional units for elderly persons and for families in Santa Anna.

Three sites have been selected for the new housing units. Two of these—located on North Santa Fe Avenue between Third and Fourth Streets, and on the now vacant lot north of Hosch Funeral Home, will be designated for elderly residents. The other units will be located on the old Chambers property, on South Third Street between Wallis Avenue and Avenue C.

There will be four one bedroom units for elderly residents on the Site north of Hosch Funeral Home, and eight such units on the North Santa Fe Avenue site. The family units, on South Third Street, will consist of four two bedroom units, and two three bedroom units.

The units to be built will be similar to those already being occupied in Santa Anna.

Architectural plans are almost completed for the new units, and starting date for construction depends mainly on how rapidly the paper work concerned with the project can be processed by the Federal offices in charge.

It is anticipated that the construction contract will carry a completion date approximately 240 days after work commences. Construction of the existing units took about 20 days less than the allotted time, but bad weather during the construction period can delay operations. All contracts involving the new units will be awarded by the Santa Anna Housing Authority. Average construction cost for each of the new units is estimated at \$9,407 by the Public

Housing Authority. The grant also covers cost of acquiring the land, site improvement, planning and design fees, utilities, space for the local housing authority management and maintenance facilities, interest, and administrative costs. The money from the Federal government is not a gift, but will be repaid from rental revenues on the units.

The contract between the Santa Anna Housing Authority and the Federal government provides for annual contributions by the Federal government to help keep rentals for the units as low as possible.

Mrs. Henry Newman, Santa Anna Housing Authority secretary, reports that many applications have been filed for the new units, but some vacancies still remain.

Roy Horne is chairman of the local housing authority, with O. L. Chaney as vice chairman. Joe Baker, Norman Hosch, and Cullen Perry are other members of the Authority. W. Ford Barnes is executive director.

High School Honor Roll Announced

The honor roll for the first six weeks of the 1965-1966 school year at Santa Anna High School was announced this week.

The senior class led in the number of scholars on the honor list, with nine, followed by the junior and freshman classes, with six each, and trailed by the sophomore class, with five.

Mary Haynes and Gary Rider led in the number of grade points, with 41 apiece, followed closely by Carolyn Rowe, with 39, and Anita Ellis, with 38. Miss Rowe is a sophomore, the other three being seniors.

Freshman Class

David Mays, Judy McIntire, Clela Pollock, Leta Pollock, Donna Strickland, and Eddie Paul Voss.

Sophomore Class

Karen Dean, Roy Joe Harvey, Richard Horner, Carolyn Rowe, and Ricky Turner.

Junior Class

Donnie Campbell, Marguerite Horner, Beth Irick, Sonja Neff, Leanna Pollock, and Jean Robinette.

Senior Class

Eugene Davenport, Anita Ellis, Pamela Garrett, Mary Haynes, Melba Keeney, Jean Kline, Stanley McSwane, Gary Rider, and Lois Simmons.

SELF CULTURE LUNCHEON

The Self Culture Club will hold its regular fund raising luncheon in the Santa Anna Lions Club building, on Thursday, October 21. Charge will be one dollar per plate for the homecooked meal.

WOMAN'S WORK IS NEVER DONE, particularly with a modern washing machine, circa 1890, here demonstrated by Mrs. James Allen, during the open house held Sunday, October 17, in the old Brewster house, the oldest building in Santa Anna. The open house, showing the restoration of the old stone building carried out by Mr. and Mrs. C. D. Bruce, drew more than 200 visitors. Proceeds went to the Santa Anna Library Fund. The Sunday open house was necessitated by the overflow crowds at the first session, one week earlier.

Shields News

By MRS. E. S. JONES

Whon News

By MRS. TOM RUTHERFORD

Our very best community news is the wonderful inch of rain we received Sunday night. Some rain gauges were a little over an inch, and others were a little under. The rain fell very slowly for which we are thankful.

Weekend visitors with Mr. and Mrs. Cleburn Stanley included Mr. and Mrs. Hart Holmsley and children, Terry and Beth, of Dallas; Mr. and Mrs. Randy Brown and son, C. W., of Santa Anna; and Mrs. Stanley's cousin, Mr. Ira Stanley, of Odessa. The group all enjoyed a big fish dinner.

Sunday guests with Mr. and Mrs. Tom Rutherford and Lynda (who was home from Abilene) were Mr. and Mrs. Loyd Rutherford, and little Maurie Bates, of Coleman, and Mr. Sam Shields.

Mr. Zack Bible was dismissed from the Santa Anna Hospital Thursday. But Monday reports are Zack isn't feeling so well. Their son, Orval, of Houston, is here with his parents.

Mark and Becky Turney, of Santa Anna, were weekend guest with their grandparents, Mr. and Mrs. Bert Turney, as their parents were business visitors to Fort Worth.

We regret to report Mr. Homer Schulze, of San Antonio, a patient in the Santa Anna Hospital following being bit by a huge rattlesnake as he started to open the door to enter the house on his farm, northwest of here. Mr. and Mrs. Schulze were to spend the night on their farm, driving from San Antonio after the close of school. Mr. Schulze was rushed to the hospital by Mrs. Schulze and is doing only very well, according to reports from his family. His son, Mr. and Mrs. Wilfred Ray Schulze were by his bedside over the weekend. The rattlesnake was not killed. Mr. Schulze said it was really a large snake.

Mr. and Mrs. Cleburn Stanley visited with Mr. and Mrs. Zack Bible, Friday night. Mr. and Mrs. Floyd Morris were transacting business in Ballinger, Thursday.

Mrs. Etolle Cozart was guest of Mr. and Mrs. Cleburn Stanley Wednesday and Thursday night. Mrs. Cozart was dismissed from the Santa Anna Hospital Friday, and is in the home of her daughter, Mr. and Mrs. Gene Deal and children, in Abilene.

Mr. Sammie Shields visited with Mr. and Mrs. Sam Rutherford, in Santa Anna, Saturday afternoon.

Mrs. Cleburn Stanley was dinner guest with her daughter, Mrs. Randy Brown and baby, in Santa Anna, Wednesday, and visited with Mrs. Etolle Cozart in Santa Anna Hospital, Wednesday afternoon.

Mr. and Mrs. John David Morris, of Coleman, were Sunday guests with his parents and brother, Mr. and Mrs. Floyd Morris and Jamie Lee.

Tom Rutherford and son, Loyd Rutherford attended the cattle sale at the cattle barn, in Comanche, Saturday.

Several ladies met at the home of Mrs. Minnie Wilson

Monday afternoon, and surprised her with a party on her birthday. Refreshments of birthday cake and coffee were served after Mrs. Wilson opened her gifts. Those present included Mrs. Jack Laughlin, of Brownwood; Mrs. Carl Sheffield, of Brookessmith; Mrs. Wylie McClatchy; Mrs. Oll Martin; Mrs. Walter Stacy; Mrs. Bond Featherston; Mrs. Oscar Boenicke; Mrs. Bill Vaughn; and Mrs. Wilson.

Mr. and Mrs. Grady McIver entertained several friends at their home Thursday night, with a get together. Cookies and coffee were served to Rev. Greenwaldt, of Brownwood; Rev. Dan Hitt and family, of Bangs; Rev. Bobby Weathers and family, of Santa Anna; Mr. and Mrs. Wylie McClatchy; Mr. and Mrs. Marvin Whitley; and Mr. Rankin McIver and Sherrle.

Weekend visitors with their parents, Mr. and Mrs. Grady McIver, were Mr. and Mrs. Doyne McIver and son, of Mansfield; Rev. and Mrs. Bruce Hornell and baby, of Covington; and Terry McIver, of McMurry College, in Abilene. Sunday afternoon visitors were Mrs. Carrie McClatchy, Mrs. Kettle Haynes, and Ora Beth Henderson. Sunday evening, Mr. and Mrs. Grady McIver and Sherrle McIver, along with Mr. and Mrs. Doyne McIver and son went to Covington for the christening of little Lori Hornell.

Mr. and Mrs. Walter Stacy and Mr. and Mrs. Marvin Whitley visited Sunday afternoon with Mr. and Mrs. O. R. Boenicke. Other visitors during last week were Mr. and Mrs. Lige Lancaster, Mrs. Bond Featherston, and Mrs. Russle James.

Mrs. Mary Laughlin and Mary Joyce, and Mrs. Lefty Adkins, of Midland, spent the weekend with Mrs. Minnie Wilson, and Grey Laughlin.

Rain recorded here from Sunday night's rain measured one and two tenths inches. Some recorded a little more, but it all has been nice—everyone is thankful.

Be Prepared

Voters in Texas will go to the polls again on Tuesday, November 2 to decide upon 10 important proposed amendments to the state constitution. It is important that every voter familiarize himself with these proposals, so that he can vote for those that he thinks are worthy, and against those that he thinks are not needed or actually detrimental.

We saw recently what can happen when voters fail to exercise the right they have been given as citizens of this nation. The first of the many proposed amendments to the state constitution was voted on recently. The passage of this amendment was necessary if the less populated areas of the state were to retain a fair degree of representation in the state legislature. So few voters in the less populous areas turned out to vote that the measure was defeated by voters from the large cities, who were naturally interested in obtaining the greatest possible power in controlling the state. There were enough voters in the nonmetropolitan areas to carry the measure, but they just didn't bother to vote, and as a result, areas like ours will now have to take what the cities may want to give them, and be happy with it.

Every vote is important, and every voter is important. Study the issues involved and be ready to cast your vote on November 2.

Many men have died in many wars to give you the right to your free vote. It is the least you can do to use that privilege.

'Whoso Stoppeth His Ears...'

Whoso stoppeth his ears at the cry of the poor, he also shall cry himself, but shall not be heard. (Proverbs 21:13)

Our Precinct 2 Community Chest drive is now underway. As of Monday, less than one third of the required amount had been raised. The goal for this year is only \$3,300, but that money will be split up among many deserving and important causes. Just thin know much trouble it would be if each of these 11 charities put on its own fund drive in Santa Anna. Each contributor would give far more over the year if approached by many different organizations. The Community Chest, by bringing all of these appeals into one drive, saves all of this trouble, allowing one modest gift to benefit all of these worthy causes.

The most common criticism of Christianity as it is practiced today is that modern Christians give lip service to the principles of their faith, but do not apply those principles in day to day life. Lets prove that this is not the case in Santa Anna. Jesus said to the young man inquiring about the correct path to follow: "Go and sell what thou hast, and give to the poor." We are not asked to sell what we have, but we are asked to give to help those needing help. Lets all give so that we can go over the goal that has been set.

And It Builds Men

The daily papers have been full of reports about groups of young people staging marches to protest the United States policy of protecting the freedom of the South Vietnamese people. If these people like to march so much, we suggest that they join the Marine Corps. There are drill instructors in that organization that could really teach them how to march. And we have the feeling that they would get all of the marching they would want for a long, long time.

Your Social Security

EDITOR'S NOTE: This is one of a series prepared for our readers by R. R. Tuley, Jr., District Manager for the Social Security Administration, at Abilene.

The changes made by the 1965 amendments to the Social Security Act will have many benefits for women over 60 years old, and, to a lesser degree, for men in that age bracket.

First, widows may elect to start their benefits at age 60, by taking a small reduction in the amount of the monthly check. For example, a widow would be due \$60 per month at age 62, she would start benefits earlier and get from \$52 to \$58.80, depending on how many months she lacked of being 62. This becomes effective with September, 1965.

Second, a widow who has remarried, may establish her rights to benefits on her deceased husband, or on her current husband. She will be paid on the record that produces the higher benefit. This also applies to dependent widowers, where the wife was the source of his support.

Third, if a marriage of more than 20 years duration ends in

divorce, the wife may be paid, at age 62 or later, if she is unmarried at the time she files her claim.

These provisions are effective with September, 1965 also.

An example of the second situation above shows that if her former husband had built up a basic amount of \$80, and her current husband one of only \$70, she would be paid \$40 (slightly less if not yet age 65). Thus, eligibility on the former husband will usually not be established if his Social Security record was lower than the first one's.

COTTON REPORT

The harvesting of desiccated cotton caused an increase in sample receipts at the Consumer and Marketing Service, Cotton Classin Office, in Abilene. Six classes processed 10,329 samples during the week ending October 15, 1965, and brought the season classing total to 27,479 samples. B. B. Manly, Jr., of the USDA office, said that the total classed is 90,000 bales less than at the corresponding date last season. At this time last season the harvest was 43 percent complete while this harvest is six to seven percent complete.

Manly said the classing office will be open Saturdays, beginning on October 16. A considerable increase in sample receipts is expected in the next two to three weeks.

Samples from District 2, composed of Coleman, Rannels, Mitchell, Nolan, Taylor, Scurry, Fisher, Jones, Kent, Stonewall, and Dickens Counties, totaled 5,550, compared to 4,350 for the previous week. The quality of cotton declined, in grade, staple, and micronaire, but remained much better than the quality of last year's crop. Twenty one percent of samples were white compared to 34 percent for the previous week, and the average staple length dropped from 30 1/32 to 29 7/32. Seven percent of the samples miked below 3.5, compared to three percent for the previous week.

A breakdown of grades for this 11 county area looked like this: One percent Strict Middling White, 19 percent Middling White, and one percent Strict Low Middling and below in the white grades, five percent Strict Middling Light Spotted, 58 percent Middling Light Spotted, 10 percent Strict Low Middling Light Spotted, five percent Middling Spotted, and one percent Strict Low Middling Spotted.

The greatest change in staple lengths was a drop in the percentage of 15/16, from 61 percent to 50 percent. Other lengths were: Three percent, 7/8 and shorter; 38 percent, 29/32; eight percent, 31/32; and one percent, one inch and longer.

The microaire readings—measures of fiber fineness and maturity—were: One percent, 3.2 and lower; six percent, 3.3 through 3.5; 90 percent, 3.6 through 4.8; two percent, 4.9 through 5.1; and one percent, 5.2 and higher.

The market situation was about the same, with the greatest demand shown for Middling Light Spotted cotton in 15/16 and longer staple lengths. Average prices received by farmers in the classing area were: 27.71 cents per pound for Middling White 15/16, 27.18 for Strict Middling Light Spotted 15/16, and 26.74 for Middling Light Spotted 15/16.

State Capital NEWS

Governor John Connally's sudden cancellation of plans to go to Japan and Viet Nam this week added a note of tension to the Austin scene.

Connally's statement indicates that he sees the possibility of a special session of the Legislature on Congressional legislative redistricting or voter registration.

"We are awaiting Federal court decisions on the poll tax, Congressional redistricting and (state) house redistricting, any of which could cause action on my part within the next few weeks," Connally stated.

If Federal judges throw out either Congressional or state house reapportionment acts of the 59th Legislature—without specifically allowing additional time for redrawing lines in regular session—Connally may have to call a hurryup session before the early 1966 filing deadline.

Should the Federal courts invalidate the poll tax as a voting requirement, Texas could be left without a voter registration procedure. This too, could make a special session necessary on short notice.

Hearings on the United States Attorney General's suit attacking the poll tax is not until mid-November. Judges have already heard arguments on redistricting challenges, however, and rulings could come at any time.

Connally also made clear he fears defeat of key constitutional amendment proposals in the November 2 election, and plans an all-out personal campaign on behalf of four year terms for statewide officials.

NURSING COMMITTEE AT WORK

A five member State Senate committee has held the first in a series of hearings to determine why Texas faces an acute shortage of nurses, and what can be done about it.

Committee heard witnesses testify that Texas ranks 46th among the 50 states in the number of nurses per 100,000 population. Also, that enrollment in Texas nursing schools has declined drastically, and that at least 10,000 professional nurses aren't working at their profession.

Second session is scheduled for October 29, in Lufkin, and a third in Houston, on December 3 and 4.

OIL PRODUCTION INCREASED

Texas Railroad Commission has cranked the November oil production allowable up to 30 percent of potential. It is the high mark of the year.

Commission, recognizing recommendations of 10 out of 13 oil purchasers, set production for next month at 2,976,361 barrels daily. This compares with 2,944,109 barrels for October under 28.8 percent formula, and 2,884,856 for November, 1964, under 28.4 percent factor.

TOURIST DRIVE UNDERSCORED

Texas communities should devise their own tourist programs to cut themselves in for a slice of the \$30,000,000,000 a year national travel industry, Governor Connally advises.

Connally, addressing the first Governor's Tourist Development Conference, said Texas is "lavishly endowed with attractions the traveler seeks." He recommended communities back the state's advertising program by beautification projects, conditioning citizens to be friendly and knowledgeable hosts, by publishing up to date information about their areas. Need for coordinated state, local, and regional efforts was emphasized.

Texas, Connally said, drew 14,200,000 visitors last year, making the state's share of the national travel market \$680,000,000. Tourism, he predicted, will rank with space related industries as one of the most lucrative sources of future income.

TIRE TESTING IS BIG TEXAS BUSINESS

More than one thousand persons are employed in a growing tire testing industry, which contributes five million dollars a year to the economies of Texas communities.

The University of Texas Bureau of Business Research reports that there are large testing installations near Laredo, San Angelo, Uvalde, Pecos, and Fort Stockton. Other installations are located in El Paso, Kerrville, Devine, Tyler, and San Antonio.

Firestone, Goodyear, B. F. Goodrich, General Tire and Rubber Company, and US Rubber Company operate testing units in Texas.

COLLEGE ENROLLMENTS UP

More students than ever before have enrolled in Texas col-

leges—and most institutions are bright as the sun.

Average enrollment increase among the 22 state supported colleges and universities is 13.8 percent. Stephen F. Austin College, in Nacogdoches, had the largest increase at 34.8 percent. Arlington State College's 2.9 percent was the smallest.

University of Texas population increased 2,228 this year, representing a percentage increase of only 4.3. This is 4.3 percent below the state average.

Average increase among the 32 public junior colleges reached 26.8 percent. Cisco Junior College's 56.8 percent leads all others. Smallest increase was the 2.1 percent recorded by Laredo Junior College.

Largest recorded increase among independent senior colleges and universities was the 30.9 percent at Bishop College, Dallas. Sherman's Austin College enrollment fell off 2.5 percent.

SHORT SNORTS

State Securities Board last week granted 10 applications for permits to sell \$8,521,286 in securities in Texas, according to Securities Commissioner William M. King.

Colonel Ross Ayers has been promoted to the grade of brigadier general, and commanding General Luther E. Orrick, of the 48th Armored Division, now has two star status.

A recovery judgement against Jed-Vek Oil Company, in Kilgore, amounting to \$5,150 and court costs, has been obtained for alleged drilling and operation of a slant oil well in Wood County.

Governor Connally has designated October 30 as Texas Writers Day, and urged all citizens to recognize the value of contributions by state authors.

Texas Education Agency is all set to distribute \$88,000,000 as Texas share of Federal funds located under the Elementary and Secondary Education Act, but few schools have applied for the aid due them.

State Attorney General Waggoner Carr said appeal by El Paso Electric Company asking return of \$706,797 in occupation taxes has been dismissed in US Supreme Court because no substantial Federal question is involved.

Read Luke 6:27-36.

Father, forgive them; for they know not what they do. (Luke 23:34)

During World War II, I was flying as copilot on a bomber high over the Pacific Ocean. Over our earphones crackled the latest war news from the front in Europe: Fierce fighting on both sides; casualties high.

Suddenly the cockpit seemed to light up! I saw in my mind's eye our world locked in mortal conflict—human beings behaving like animals in the jungle. I also saw the way of Christ shining in contrast to the way of the world. I prayed, "Father, forgive us, for we know not what we do."

During the years that have passed since that moment, my convictions have deepened that Christ's way remains mankind's greatest hope and challenge. The world still prefers the sword, considers love weakness, makes service enslavement, and prates selfassertion at the expense of others. Jesus refused to take up the sword; He took up the cross. His way is the way of love, self denial, service.

PRAYER

Our Father, we thank You for Jesus Christ and His reassuring words to all his followers, "Be of good cheer; I have overcome the world." We pray that the eyes of mankind everywhere may be opened to the end that there may be goodwill among men and peace on earth. For Jesus' sake, Amen.

THOUGHT FOR THE DAY

For planet Earth, it is Christ's way or chaos.

SPORTS

Mountaineers Shaded By Burnet, 7-6, In Close Defensive Battle Here Friday

Ignoring the experts, who had them picked as two to three touchdown underdogs, the Santa Anna Mountaineers gave the Bulldogs from Burnet the scare of their lives as they bowed to the favored Burnet squad by a 7-6 margin Friday night.

The game was marked by rugged defensive play on both sides, as the Mountaineers outplayed their District 9A rivals in most of the statistics, with the margin of an extra point standing between them and victory.

Despite the fact that it was a hard fought contest, it was a remarkably clean game, with only seven penalties being assessed to both teams.

Santa Anna elected to receive

the kickoff, but a few plays later, the fumbly that has plagued the Mountaineers all season again came to the fore, with the Bulldogs recovering on the Santa Anna 35 yard line. After picking up one first down, Burnet found itself in a fourth down and seven yards to go situation on the Santa Anna 19. The visitors elected to try the field goal, which went astray.

A good punt off the toe of Santa Anna's barefoot kicker, Eugene Davenport, put the Bulldogs back on their own 36 a few plays later. The first down play carried out to the 41, and on the next play, fullback Kelvin Keele scampered 59 yards for the only Burnet tally. Keele kicked the one point conversion, and the

Bulldogs led by a score of 7-0.

The second period saw a great deal of seesawing up and down the field, as the stellar defensive teams for both schools put on an outstanding exhibit of hard-nose football. One of the highlights of this quarter saw the Bulldogs intercept a Santa Anna pass and run it back to the home team's 14 yard, where the Mountaineer defense rose up and not only stopped the invasion on downs, but actually shoved the bulldogs back to the 30.

The opening of the second half was a replay of the first, with roles reversed. Burnet took the kickoff, ran three ineffectual downs, and punted to the Santa Anna 42. One the Mountaineers' first play from scrimmage, half-back Eddie Jones went the 58 yards to the double stripe, and it was a 7-6 ballgame. The Santa Annans went for the big two points and a chance at the lead, but the try fell short.

The rest of the game was more of the defensive battle, with the Mountaineers definitely getting the better of the exchange, but unable to score.

A measure of the ruggedness of the game is indicated in the fact that John Sawyer, Burnet quarterback, was taken to Santa Anna Hospital at halftime, and transferred from there to a Burnet hospital, suffering from a mild concussion.

Statistics show that the local team played the better game. They led in rushing yardage, 164 yards to 146, and in first downs, six to five. The Bulldogs gained 13 yards in the air, while the Mountaineers garnered only a pair of yards by this route. Each team completed one pass, Santa Anna throwing two and Burnet three. The Bulldogs came up with the only pass interception of the evening. Each squad lost the ball twice on fumbles. Santa Anna punted three times for an average of 36 yards per boot, while Burnet was kicking five times with an average of 27 yards. Santa Anna was penalized twice for 20 yards, and the Bulldogs drew five penalties that cost them a total of 45 yards.

Considering that most pre-season polls ranked Burnet second only to state championship contender Goldthwaite in the District 9A race, the Mountaineers have much to be proud of as a result of Friday's game. Next on the slate, the local footballers will travel to Marble Falls to meet the Mustangs on Friday, October 22.

FOOTBALL CONTEST

THIS IS A WEEKLY FOOTBALL CONTEST SPONSORED BY THE MERCHANTS LISTED BELOW. PICK THE WINNERS IN EACH WEEK'S DISTRICT 9A GAMES, AND WIN VALUABLE PRIZES.

Each contestant must select the winner in each game listed on the entry form in this advertisement. Indicate the team you think will win each game by circling or underlining the winning. DO NOT MARK OUT THE LOSING TEAM—UNDERLINE OR CIRCLE THE WINNING TEAM.

All entry forms must be placed in the collection boxes provided for this purpose in the four businesses listed below. No mail entries can be accepted. Each entry must be on an entry form from this newspaper.

In addition to selecting the winning teams, contestants must predict the score of the Santa Anna game in the space provided. This will be used to decide ties in case two or more contestants select the same number of winners. In such case, the contestant coming closest to actual score of the Santa Anna game will be declared winner.

First prize in each week's competition will be a \$50.00 gift certificate from one of the sponsoring merchants. Second prize will be two reserved seat tickets to the next Santa Anna Mountaineer home game. Third prize is a one year subscription to The Santa Anna News.

No employees of the sponsoring merchants or of The Santa Anna News, or of their immediate families, will be eligible to compete.

Entry forms will be collected from the collection boxes at 5:00 p.m. on the Friday of the games, and no entries can be accepted after that time. Only one entry per person.

OFFICIAL FOOTBALL ENTRY FORM

Pick the winner of each District 9A game by circling or underlining the team you think will win. Then write in your prediction of the score of the Santa Anna game to be used in case of ties.
