BI-DISTRICT WINNERS

Volly Ball Girls Win Bi-District!

Plains Defeated Robert Lee 15-1, 15-2 in a Bi-District game Tuesday night at Howard County Junior College Gym in Big Spring.

The girls now advance to the Regional Tournament in Lubbock at Texas Tech's Womens Gym, Saturday, April 12.

The girls are seeking their Eighth straight State Championship. GOOD LUCK GIRLS! GO STATE!

Several of the girls were named to the ALL-DISTRICT TEAM.

Those named to the All-District First Team were Jo Ann Kerrick, Charlene Gayle, Joyce Warren (all Seniors) and Deanne Fitzgerald, a Junior.

Those named to the Second Team All-District were Lou Ella Turner, a Junior, and Peggy Rushing, a sophomore.

Congratulations girls. GO STATE!

County Judge Ill!

County Judge, Gene H. Bennet entered the hospital in Denver City, Saturday morning at 6:00 o'clock. He had been feeling ill most of the night, and upon his arrival at the hospital, the doctor put him to bed.

At first, it was not determined the cause of his illness, but later, the doctor called it a light heart attack. At this writing, he is testing as well as can be expected under the circumstances.

Doyle (Hoss) Newson and I.L. Smith and City Judge, E.B. Teague. Two of the retiring councilmen, B.E. Loyd and Frank Whitlock were present for the meeting.

The new council consisting of T.J. Bearden and T.J. Miller, both of whom retain their offices for one more year and the three new officers accepted their responsibilities and conducted the business which came

Opinion Survey

A group of four people, one man and three ladies are conducting a survey of the city residents to obtain a general opinion of the present water supply and the need for an improved supply. This survey can be of much value to the city in ascertaining the city's needs and furnishing the desires for the folks of Plains.

School Election

The Plains Ind. School District held its trustee election Saturday, April 5th. Three trustees were to be elected, and the results ran as follows: Kenneth Hale-106 votes; Olan Edwards-88 votes; Truett Jones, 86 votes, William Worsham-84 votes. Write-in votes were as follows: W.R. Nelms-1 vote; E.R. Wauson-1 vote; and Cordell Huddleston-1 vote.

Du Pont Officials Visit Plains

The Plains "Permaccep" Permeator water processing Plant became the center of interest when officials of the DuPont Company from various parts of the nation visited the Plant.

Mr. B. J. Burkett, with the Public Relations Department and Mr. Jack Redshaw of the Organic Chemical Department, both with offices in Wilmington, Delaware flew in from Philadelphia and were joined by Harold Holloway of the "Permaccep" Marketing Department from Austin; and C.C. Galbraith, Instrument Superintendent,

from Du Pont engineer and Construction Department is here from the La Porte Tex Plant to assist in the installation and checking out of Instruments. W.D. Sproesser, Designing and Construction engineer and Don Leverantz, Start up and operating engineer, both of the field test department of the Organic Chemical division at Wilmington, Del. are on hand for the final check up of the Plant as the Brown & McKee Co. complete the construction work and Du Pont Company takes over the plant for operations.

Don Laverentz will be in charge of the startup and operation of the plant. Don is headquartered at the trailer house at the plant site.

Plains will no doubt be visited by many notable engineers and dignitaries from various parts of the world as the operations of the plant are observed. The Plains Plant is the largest of its kind in the World and marks a great breakthrough in scientific discovery in the field of desalination, purification and softening of the worlds water supply.

Local Resident Injured In Accident

Mrs. Dortha Gray was injured in a car wreck Sunday Morning around 2:00 o'clock and was carried to the hospital in Denver City with facial lacerations and a broken wrist. Her son, Jimmy, was driving the car, but only had minor lacerations.

Deputy Sheriff Duan McDonnell reported that Dortha and Jimmy had become suspicious of a car driving around their ranch and had gone out to see about it. In order to slip upon the car occupants without being noticed, they were driving without lights. They ran into the other car which was parked in the road and also without lights.

Mrs. Gray is resting well at this time.

The two in the other car were Jerry Howard of Lubbock and Clinton Daniels of Plainview.

WEATHER REPORT

The fine warm weather is much appreciated but the chilly nites bear a warning that frost is still a danger. Twice this week the temperature dipped to the frost level.

**Editorial
New Council**

In viewing the new council and observing them at work on their first council meeting we wish to report that it looks like a fine city council. The manner in which they approached the City's business and the sincere interest shown indicate that they will be a coordinating and cooperative group. This first meeting tends to establish a confidence in the fact that Plains will have a progressive, yet conservative and well planned government for the ensuing year.

The coming year will present many problems that will be new to Plains and community. The full cooperation of the residents of the city will be of great aid to the new council in administrative constructive and equitable government.

*Cheer

Mr. Sid Wade, former owner of Plains Frozen Foods, was in town Tuesday doing business, and while here, he visited many friends. He is now owner of a grocery store in Cedar Hills and lives in Oak Cliff.

I surely am glad that my daughter and son-in-law, Mr. & Mrs Hoss Newsom, like to go fishing. They spent the Easter Holidays fishing in the Big Bend area, and I came home from work Tuesday evening to find a big package of fresh fish in the deep freeze.

An article was handed to us by a reader of the paper, Mrs. Dixie McClellan, and as we thought it amusing, we are passing it on to you.

Recently there was an advertising campaign to promote goodwill and growth of Lubbock, Texas which brought about the slogan: "Lucky Me, I Live in Lubbock."

Soon after, promotion of locking automobiles for safety from burglary and theft brought about this amusing display of two stickers on the bumper of an auto: "LUCKY ME, I LIVE IN LUBBOCK. LOCK YOUR CAR!"

A small boy had been naughty and had been reprimanded. His mother told him he must have a spanking. He fled upstairs and hid in a far corner under a bed.

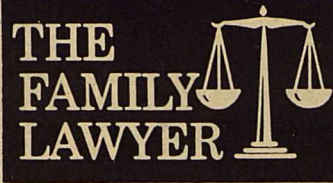

When the father came home, the mother told him what had happened. He went upstairs and proceeded to crawl under the bed toward the youngster.

Excitedly the boy whispered, "Hello pop, is she after you too?"

Our young ladies in the courthouse love music and keep the halls singing with it most of the time, but I heard that Charlene Hatfield also has learned to dance a little jig. The circumstances? Ask Charlene.

There was laughter after the event, which reminds me of a poem I read:

SUNSHINE AND MUSIC
A laugh is just like sunshine,
It freshens all the day,
It tips the peak of life with light,
And drives the clouds away.

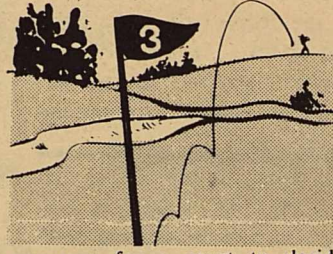

"Game of Chance"

"Fifty cents per shot," said the sign at a certain golf course. "If you score a hole-in-one, you win \$5,000."

Sure enough, a golfer eventually did come through with a hole-in-one. But the proprietor refused to pay the prize money. Haled into court, he argued that the contest was a "game of chance"—hence, not enforceable by law.

However, the judge disagreed. Ordering the money paid, the judge said there was simply too much skill involved in a golf shot to classify this as a game of chance.

In varying degree, gambling is regulated in every state. Often, under these regulations, it becomes

necessary for a court to decide what is meant by the phrase "game of chance."

Sometimes the answer is relatively easy. Thus, the throwing of dice has consistently been held a game of chance. So has roulette. So has matching pennies.

On the other hand, chess and checkers and spelling bees have all been held not games of chance but games of skill.

What about bridge? Most courts have classified bridge, too, as a game of skill.

"Although there is of course an element of chance resulting from the deal of the cards," explained one judge, "there is a continually recurring necessity in the bidding and play to make decisions which will ordinarily be determinative of the outcome."

Does it "take the curse off" a forbidden game of chance if the stakes are very small? As a matter of principle, no. Consider this case: A restaurant owner was arrested on a charge of operating an illegal gambling device on his premises. Although he protested that the prizes were worth only a nickel, the court found him guilty anyhow.

What the law is concerned about, said the court, is any device "designed to intrigue the unwary and arouse the latent cupidity of human nature into the notion that it could get something for nothing."

The soul grows glad that hears it,

And feels its courage strong,

A laugh is just like sunshine,

For cheering folks along.

A laugh is just like music,

It lingers in the heart,

And where its melody is heard,

The ills of life depart;

And happy thoughts come crowding,

Its joyful notes to greet;

A laugh is just like music

For making living sweet.

LEWIS LLEWELLYN

**Greatest Freedom
In the World**

Freedom is something that most of us would be willing to fight to protect. In fact, Americans have been called on to risk their lives in defense of freedom on many occasions.

But what is freedom? It has different meanings to different people.

For example, there is the young man, a student at Oakland University, near Detroit, who hit the headlines recently by taking off his clothes while he read poems and talked to a class of about 50 students of both sexes, discussing poetry and life.

He took an apple and started talking about Adam and Eve in the Garden of Eden.

Explaining his action, he said, "If I am naked and I am not ashamed, then I am free."

Freedom From What?

He did not explain what he was free from. Clothing, obviously, but what else? Good judgment? Common sense? An understanding of what is expected of decent and respectable people?

Yes, he was free from something—but his action indicates that he is a prisoner of some false and peculiar notions of what life is really all about.

Another comment on freedom was made, not long ago, by Sen. Edmund Muskie of Maine. Sen. Muskie said, "A man who's poor isn't free. A man who is ignorant isn't free. A man who can't send his children to a good school isn't free."

Now, nobody is going to say that it is desirable to be poor, or ignorant, or unable to send one's children to a good school. But to equate this with freedom indicates a lack of a clear comprehension of the meaning of freedom.

Sam Levenson, well-known comedian and author, says of his childhood circumstances, "We were independently poor."

If anybody undertook to tell him that the Levenson family wasn't free — because it was poor—he would laugh at the idea.

"Glorious Liberty"

Another example: the apostle Paul was poor, sometimes lacking adequate food and clothing. But was he not free?

In truth, Paul was free in a sense not comprehended by many of his contemporaries and certainly not understood by many today.

Paul spoke of the "glorious liberty of the children of God." He experienced this most important freedom.

Jesus said, "Ye shall know the truth, and the truth shall make you free."

There is a freedom from sin, a freedom from guilt, a freedom to have fellowship with God which Paul had, in spite of his poverty in terms of this world's goods.

This freedom you, too, can have by taking the way of Christ, as Paul did.

And this is the greatest freedom in the world.

Masters Christopher & Don Odie Bryant
San Antonio, Texas

Dear sirs:

It was with great pleasure that we read the letter stating that you wanted to work as reporters on the Plains Review. Nothing would please us more than to have two young men, ages 8 & 10 to work with us. However, I must warn you before you start that news reporting is a very hard job. You never know when you can go home for meals or sleep. In fact, night is almost the busiest time for a reporter as that is when he sits down at his typewriter and writes up all the news that he has gathered during the day. And many times, he doesn't finish before he must go out again to some meeting, accident, fire, etc., and obtain notes to later write up.

I must also warn Don Odie that since news reporting takes long hours of work, there will be very little time for arrowhead hunting or riding over the sandhills in his Aunt Vern's jeep. In newspaper work, business must always come before pleasure. The slogan is, "The show must go on."

We will be looking forward to seeing you in June, and in the meantime, study hard with your reading, spelling, English and writing. These will be the main subjects for proper news reporting.

With lots of love,
THE PLAINS REVIEW.

**That's Right
Your Wrong**

Getting out this house organ is no picnic. If we print jokes people say we are silly; if we don't, they say we are too serious;

if we clip things from other magazines, we are too busy to write them ourselves; if we don't, we are too fond of our own stuff. If we make a change in the other person's write-up, we are too critical; if we don't we are asleep. Now, like as not someone will say, we swiped this. We did.

Boy! What A Easter Gift!

Mr. and Mrs. Ford Hawkins and Mr. and Mrs. J. M. Clark had a wonderful Easter Surprise! Their children Butch and Kayla Hawkins of Irving presented them with a new grandson.

Craig Allen was born Feb. 8th and arrived at the home of Butch and Kayla on April 4 unbeknowning to his grandparents. Butch and Kayla arrived here Friday afternoon with their bundle of joy to surprise the grandparents.

Not only did Craig meet his grandparents, aunts, uncles and cousins, he also met his great-grandparents. They are Mrs. Flossie Hood of Levelland, Pete Green of Plains, and Mr. and Mrs. H. S. Hawkins of Morton.

Who could ask for a more wonderful Easter Gift than a new grandbaby or great-grandbaby as is also the case here.

Music Program

The Plains Fine Art Club will sponsor its 9th Annual Community Sacred Music Program at the First Baptist Church here, Thursday April 10 at 7:30 P. M. Everyone is invited to attend this program.

Historical Meeting

Museums, archaeology and tourism are topics that will highlight the regional meeting of County Historical Survey Committees being held in Post, at the Boy Scout Camp, April 15th.

Invitations to attend have been extended to Mrs. P. W. St. Romain, chairman and members of the Yoakum County Historical Survey Committee. Additionally, other interested individuals are invited to sit on the meeting.

Program participants will include State Archaeologist Curtis Tunnell who will discuss the significance of archaeology in a well-balanced historical preservation program.

A member of the Travel Development Section of the Texas Highway Department will discuss the various services that department has available for Chambers of Commerce and other tourist-oriented groups. Also, a newly-prepared

slide program that highlights attractions on the nearby Texas Travel Trail will be presented.

Museum Development and Operation is the topic of TSHSC staffer, Miss Diana C. Files. Miss Files fills the newly-created position of Museum Consultant for the Survey Committee.

Other members of the TSHSC staff will discuss pending legislation effecting historical preservation, placement of historical markers, and the 1969 program of work.

Under previous years' programs of work the following achievements have been recorded: 4,500 official historical markers erected; printing and distribution of more than 1,000 historical guides, maps and brochures; establishment of 185 fire-proof archives; restoration or preservation of more than 1,000 historical structures; and an increase from 82 museums in the State in 1964 to 280 today with 215 more being planned.

April Cancer Month

April is Cancer Crusade month throughout the Nation. Mrs. P. W. St. Romain, Crusade Chairman for Plains area with the help of various clubs will be contacting citizens for their contributions and supplying material this month.

The house to house campaign will be April 15th, the same date set for many counties in this area. Please give that someone might live. With your dollars research may progress that this dreaded disease maybe wiped out.

Library Convention

The Yoakum County Librarians have just returned from a State Library Convention held in Houston on March 25th through the 29th. This Convention had an estimated 2500 registrations.

Some of the speakers for the Convention were Eric Moon, Director of Educational Development for R. R. Bowker Company. His speech entitled "A Conspiracy against the Laity". Outsiders Volleyball Tournament

A special invitation is extended to all people of Plains to enter the outside volleyball tournament scheduled to be held in our Plains High School Gym this April 17-19. All Organizations, Private individuals, School Students, School Classes, School Teachers, Sunday School Classes, Churches, Local Clubs, Farmers Groups, Men and Women are urged to participate in this local affair. The cost to enter is only \$1.00 per player, and this allows you to enter the tournament without extra charge at the gate.

Plains has a minimum of entertainment and everyone is urged to help make this tournament a success. There will have to be a certain amount of teams enter before the tournament can be had. Trophies are very expensive and this tournament is offering more trophies than most of the other outside tournaments held over the area.

LET'S GET OUR PE SHOES ON AND HAVE A BIG BALL GAME.

Please get your entry in before Saturday, April 12th. Entries will be received thru this date. Please send entries to Latrell McDonnell-Box 56-Plains, Texas, or call 456-4444 or 456-8080. Colorful Corn

COLORFUL CORN

By: Sudie Thompson, CHDA

Corn served as money to the ancient Indians who first raised it.

Their colorful maize - sometimes blue, black or red - provided currency, as well as fuel, jewelry and, of course, food.

But Indian maize was never as tender and tasty as the golden yellow corn we find on the grocer's shelves today. Neither did the Indians know of the canning and freezing processes we have today - which preserve the delectable freshcorn flavor the year round.

SCALLOPED HAM AND CORN

In greased baking pan alternate layers of buttered crumbs, cream-style corn and diced spiced ham. Repeat layers, ending with ham. Sprinkle with chopped onions, salt and pepper. Pour milk over all and bake at 350 degrees for 45 minutes, or until brown.

CORN AND CHEESE FONDUE

1/3 cup bread cubes
1-1/2 cups cream-style corn
2 teaspoons minced onion
2 teaspoons chopped green pepper

3/4 cup finely grated cheese
1/2 teaspoon salt
2 eggs, well beaten
1/2 cup hot milk

Blend all ingredients. Pour the mixture into a greased loaf pan and set in pan of hot water. Bake at 350 degrees until set, about one hour. Makes four servings. This fondue is delicious served with Brussel's sprouts, broiled tomatoes with bacon strips, celery and olives.

BAKED TOMATOES & CORN

Simmer equal amounts of canned tomatoes and whole kernel corn. Add finely chopped onion and green pepper, salt, pepper and butter. Cook slowly for 15 minutes.

Alternate layers of vegetables and dry bread crumbs in well-greased baking pan, ending with crumbs. Sprinkle with grated cheese. Bake at 400° for 20 minutes or until browned on top.

Card Selling

The Plains Baptist Mission wishes to state that the sale of greeting cards or other material of this kind is not and never has been any part of their fund raising program. The Mission wishes the public to be informed that any approach of this kind in the name of the mission is spurious.

Eight Grade Freely Gives

Recently the eighth grade class of Plains Junior High discovered that a classmate's family was in need because of the loss of their bread-winner. This caused a great concern to the class members. In order to help out, they voted unhesitantly and unanimously to present their entire class funds, which would have gone toward a class party to the family.

Teenagers are often accused of being self-centered and selfish, but these young people have proven to be different.

(Note by Marie Grisham) May God bless each one of these teenagers for their thoughtfulness, kindness and unselfness. They have set a good example for some of us older folks to follow.

ITEM: Most breads and cereals, including macaroni and noodles, are iron-fortified. But check the label to make sure you're buying an "enriched" product.

ITEM: The right brush is as important as the right paint when redecorating. When antiquing, a wide, flat brush is perfect for applying the undercoat and toner. Just use long, smooth strokes and brush with the grain of the wood. In this way, you will be sure of covering the surface evenly.

ITEM: There are a few basic rules the well-dressed man or boy should follow. Socks should match shoes or trousers in color. The necktie should harmonize or complement the the suit in color. If the jacket or suit is patterned, the tie should be plain.

ITEM: You can give a piece of furniture that metallic look without paying the price. A new antiquing kit enables you to "silver" and old chest, small table or the pedestal base of a round table — quickly and inexpensively.

ITEM: A portable mixer is a handy household appliance. Most have dials and settings for any mixing job. Many models stand on special heel rests, and may be stored in a small space or drawer.

Also present for the meeting were Jack Redshaw, Harold Holloway, and Don Leverantz, all of the DuPont Co., who led a tour of the new Du Pont Research Water Softening Plant located at the City water tower in south part of town.

The purpose of the tour was to enlighten the new councilmen particularly, as well as any others whom had not visited the plant, in the procedure of the process of water softening to be conducted in the use of the highly technical equipment being installed by the Du Pont Company.

Following the tour the group returned to the City Hall where Mr. Redshaw acquainted the new councilmen with the proceedings of the business that has transpired between the Du Pont Company and the previous council which has made it possible for this very notable and important Research Project to be located in Plains.

Scout-O-Rama Planned

More than 4000 Cub Scouts, Boy Scouts and Explorers from 130 Cub Packs, Scout Troops and Explorer Posts in the South Plains Boy Scout Council will present their annual Scout-O-Rama on Saturday, April 12th, according to Colonel Haynes Baumgardner, chairman of this year's shows.

Three separate Scout-O-Rama will be conducted from 1 to 8 P. M. They will be at the Panhandle-South Plains Fairgrounds in Lubbock, at the Agriculture Center in Plainview and at the Gaines County Show Barn in Seminole.

The shows will have from 30 to 70 exhibits in booths and demonstration areas in which they will show the skills, crafts and fun of Scouting. It is a "fair type" of show, Baumgardner said and visitors can spend as much time as they wish, visiting the individual displays during the seven hour period of

continuities. There have always been people who act as though they believe there was no tomorrow, but some people today act as though they believed there was no yesterday.

In the revolutionary age of computers, we must learn to build our imagination and creativity into our machines rather than let ourselves be built into our machines.

Dr. Lerner explained America in one word: Access. We are free but not equal in potential. Our equality is our right to appropriate all we can from equal accessibility. The battle for equal access has shifted more and more to our cities today. Here is the urban and racial revolution. The saddest symbol of cultural poverty is the child who is never exposed to books or the joy of reading. In the revolution of uprooted families and individuals, Dr. Lerner sees not a sick society, but a tragic society with sick people. In the revolution of values today, Dr. Lerner sees that the greatest danger is in seeking wrong values and therefore asking the wrong questions. Dr. Lerner related his experience

of reading a comic sign in a window, "If you are so smart, why aren't you rich?" He was challenged by the implication but finally concluded that the question was wrong. It was not-all-important to be rich, and who said he was smart!

Dr. Lerner stressed that each person has a sense of isolation and estrangement. And while we are engrossed in the possibilities of communication with creatures in outer space, we must learn to communicate with each other. For the future, Dr. Lerner claims to be neither an optimist nor a pessimist but is, instead, a "possibilist".

There were other speakers with valuable information, but the above two especially influenced and illuminated this person's mind.

Over The Waves

Oceanologists place thousands of bottles in the sea each year to study currents. One bottle released in 1962 at Perth, Western Australia, was recovered almost five years later near Miami, Florida.

Love Vs. Fear

The Lord is my light and my salvation; whom do I fear? The Lord is the strength of my life, of whom shall I be afraid?
Psalm 27:1

"Be not afraid, only believe."
St. Mark 5:36

"Whither thou goest, I will go." I AM the everlasting arms underneath you . . . I AM the cloud by day and the pillar of fire by night . . . I AM that which sets a table before you in the wilderness . . . if you are hungry, I AM the ravens that bring you food . . . I AM the widow sharing a little cake and a cruse of oil . . . I AM the five loaves of bread and two fishes that feed five thousand . . . I AM the water that whosoever drinketh of, shall never thirst . . . I will be manna to you in the dessert . . . I will be that which divides the Red Sea for you to walk safely on dry land . . . "I will never leave you nor forsake you" wherever you are or whatever you are. It is my nature to be the very heart and soul of your being. I AM he that created your body from the dust of my own creation; I AM he that breathed the breath of life into you, my own breath, spark of my own spirit. I breathed this spark of my own soul into you in order that you may have life eternal. Neither your stupidities nor your sins can come between you and me.

"The steps of a good man are ordered by the Lord . . . though he fall, he shall not be utterly cast down; for the Lord upholdeth him with his hand." Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I ascend up into heaven, thou art there; if I make my bed in hell, behold, thou art there. . . I will fear no evil for thou art with me . . . "I AM the way . . . I AM the resurrection and the life . . . I AM that which I AM, forever and forever . . ." I AM THAT I AM" which sent Moses unto you. I have been that unto eternity, and will be THAT, for "I AM I" in the midst of you . . . Before Abraham was, I AM . . . yes, before the day was I AM HE. "And, lo, I AM with you always, even unto the end of the world . . . Love for "God is love. . . There is no fear in love; but perfect love casteth out fear; because fear hath torment." I John 4:18

Texas Losing Teachers

Austin--Texas is losing nearly 10,000 teachers a year--15% of those leaving the teaching profession in Texas are going to other states where the pay is better, Katheryn Townsend, President of the 46,000-member Texas Classroom Teachers Association, said in a prepared statement to the Senate and House Education Committees.

Texas must raise its teachers' salaries to prevent this drain of qualified personnel, Mrs. Townsend said. "Salaries must be raised to a level which will attract and retain top young people in the teaching profession."

Speaking before the House Public Education and Senate Education Committees, in favor of S.B. 100 and H.B. 240, Mrs. Townsend said that quality instruction for the three million school children in Texas cannot be maintained as long as the teaching profession continues to lose its members to business and industry. Mrs. Townsend said that this loss stems from one basic fact--"they can make substantially larger salaries in other fields."

According to Katheryn Townsend, "We need to attract more young men into the field of education. At the present time, slightly over 28% of Texas teachers are men. Thirty-four

A state-wide organization has been created for this purpose and it is the Brush Control and Range Improvement Association. The chief purpose of the association is to find new chemicals that will control brush and weeds at a lower cost.

In order to gain this new knowledge, the association is asking landowners to pay one cent on their range land for the next five years. Mr. G. W. Cleveland is the county Chairman of this drive for funds and he says that all contributions should be paid before May 1st. He has attended two District Meetings of the Association during the past two months and he can quote several reasons why he believes that pennies spent for research now could mean dollars for the landowners later on.

This new program will be explained at a meeting tentatively set for April 17. All local landowners and operators are urged to attend this meeting and learn how a contribution for research will increase the productivity of the land, reduce the expenses of operating farms and ranches and create more available wealth for the people and the governing bodies of the state.

Present plans call for the April 17th meeting to be in the District Courtroom beginning at

8:00 P. M.

Other members of the county committee on Brush Control and Range Improvement are Gene H. Bennett, L. O. Smith, Pat Henard and Johnnie L. Fitzgerald.

Davis Makes Honor Roll

A fall semester honor roll listing 362 students at Eastern New Mexico University has been released by Dr. Gail Shannon,

vice president for academic affairs.

William H. Davis of Plains has made this list.

Students at Eastern are graded on a 4-point scale and must have a semester grade point of 3.25 to be named to the list. Honor students also must have been enrolled in 15 hours of courses for which honor points are awarded, which excludes physical education and some music courses.

other states have a higher percentage of men in the classroom."

Ruidoso Downs

Ruidoso Downs is one of the world's truly unique race tracks, and its story has often been called "one of the greatest success stories in the world of sports." Cradled in the rich Ruidoso Valley, 6500 feet high in New Mexico's beautiful Sacramento Mountains, Ruidoso Downs is a magnetic mountain playground to the surrounding plains, deserts and lowlands of neighboring Texas, Arizona and Oklahoma. Its cool mountain climate, breathtaking scenery, cow-country charm and the finest of running Thoroughbred and Quarter Horses, all create the distinctive atmosphere which has lured millions of sports-loving fans from every state in the Union and many foreign countries.

Perhaps most important, Ruidoso Downs is the home of the richest race of all times--- the world-famous ALL AMERICAN FUTURITY which in its most recent annual running had a value of over a half million dollars. one veteran television sportscaster described it this way, "The All American Futurity is the greatest, most spectacular, exciting, thrilling event in the Sports of Kings. It ranks with the major horse races throughout the world."

In addition to horse racing at its best, Ruidoso Downs offers favorite vacation fun for all the family. There's skating, fishing, golfing, horseback riding, bowling, hunting Indian relics, square dancing, movies, target shooting or flying. (Ruidoso has one of the finest small airports in the nation. Its paved strip is over a mile in length.)

One often rubs elbow with famous celebrities at Ruidoso Downs.

When dusk captures the neighboring village of Ruidoso, bright lights, laughter and music create an air of fun and festivity throughout the quaint Ruidoso canyon. And if one chooses to roam beyond the Ruidoso Canyon, it is but a few minutes drive to the historic town of Lincoln where Billy The Kid made his last escape---the Mescalero Apache Indian Reservation where fascinating ceremonial dances and rodeos can be seen---the world-famous White Sands National Monument, Carlsbad Caverns National Park, and of course, right in the backyard, Sierra Blanca, the nation's newest and most talked-about recreation area. The Sierra Blanca Gondola Ski Lift is in operation winter and summer.

Accommodations---they range from rustic log cabins to the most elegant modern motels. There are fine places to dine, friendly churches and fancy shops---all are conveniently located for the stranger in town---who is a stranger but once.

For racing and vacation fun

you will never forget, visit fabulous Ruidoso Downs---where the fun never sets.

New Program

LEVELLAND--A new program in Office Occupations will be offered in the Technical-Vocational Division at South Plains College starting September, 1969. This is a two-year program designed especially to give young men and women an opportunity to prepare for a rewarding career in business offices.

There is a large demand in offices for people trained in accounting, bookkeeping, and basic business subjects. There is a special emphasis on these subjects in the program. To give the student a thorough knowledge of the business world, courses such as Introduction to Business, Economics, Business Math, Data Processing, and Business Machines will be offered in addition to bookkeeping and accounting. In order to provide better preparation for living in the world of today, courses in typewriting speech, psychology, English, and history will be included in the program.

All business classes will be conducted in the new Technical Arts Center. Here, the person enrolled in Office Occupations will have an excellent opportunity to use modern equipment that he would be likely to encounter in business.

At the completion of the program, an Associate in Applied Science Degree will be awarded.

Deadline Nears!

"With the April 15 deadline for obtaining inspection stickers drawing near, only 49 per cent of the registered vehicles in Yoakum County have been inspected," stated Captain Alan Johnson, Motor Vehicle Inspection Supervisor of the Texas Department of Public Safety.

"Unless there is a rapid increase of inspections, long waiting lines will be forming at inspection stations as the April 15 deadline approaches. The authorized inspection stations are ready and capable of handling the inspection of Texas registered vehicles if owners will not wait until a few days before the deadline," Johnson added.

"Any driver operating a vehicle on public roads after April 15 that is required to be inspected will be operating in violation of the law," Johnson said.

Captain Johnson call attention to the fact that since the beginning of the inspection program in 1951, vehicles having a defect that was a causative factor in fatal accidents decreased from 13% to 3%.

Johnson said, "The purpose of

the Motor Vehicle Inspection Program is to discover any maladjustment which might become a link in a cycle of events leading to an accident and by removing the link, prevent the accident."

CARDS OF THANKS

May we take this means of expressing our loving thanks to our friends and neighbors for their thoughtful deeds, flowers, cards, and food during our hour of sorrow.

Most of all we sincerely appreciate the prayers for our concern. May each of you have this same comfort and friendship in your time of need. But in our humble way we want to "Thank you" as best we can. We pray that God's richest blessing be with each of you.

The J. W. Clary family and Relatives.

Words cannot express my appreciation to everyone for the flowers, gifts, cards, visits and prayers and all the other kindness shown me during my stay in the Methodist and Seagraves Hospitals.

May God Bless each of you.

Mable Camp

A heartfelt thanks to the friends who stood by during W.R.'s operation and also for other friends and neighbors for all the flowers, the phone calls, the visits, the many, many cards, and the ones who had pray in his room.

May God richest blessing be on each of you as its been ours to enjoy.
