## Cowgirls Win State Again

JOYCE, CHARLENE AND JO ANN CHOSEN FOR THE ALL STAR VOLLEYBALL TEAM DISPLAY THEIR TROPHIES.

The Plains Cowgirls returned home Sunday with another state crown on their list.

The Plains Cowgirls, struggling to overcome a slight rule technicality, defeated Malakoff in the UIL State Championship finals in Austin 15-4, 5-15, 15-2. The girls had easily beaten Nocona Friday in a 17-minute contest 15-1, 15-5.

Saturday's match with Malakoff was the first time the Cowgirls had had to go 3 games with an opponent at the UIL State Meet. The girls fought for 54 minutes before Jo Ann Kerrick determinedly spiked the last point, untouched by an opposing Tiger.

For their outstanding ability displayed throughout the tournament Jo Ann Kerrick, Charlene Gayle and Joyce Warren were selected by a committee headed by Gene Chambliss, the assistant

Girls Olympic Volleyball coach, to the 1969 All Star Team. These girls will play for the North in the North-South All Star game to be played in Arlington, Texas, August 2 at the close of the Texas Volleyball Coaches Association Workshop.

Every team winning the State Championship title in Austin were from Region I. Midland Lee-AAAA, Monahans-AAA, Phillips-AA, Plains-A, and Imperial-B. "All five of these teams participated in two west Texas tournaments at Odessa and Denver City. Both of these invitational tournaments were won by the Plains Cowgirls, which seems to prove that the Cowgirls are really the No. 1 team in Texas," stated Miss Wanda Armstrong, the girls coach.

These victories stretched the

Cowgirl's season record to 27 wins against only 4 losses and gave them their 8th consecutive State Championship. Of the six tournaments the Cowgirls entered this season, the determined group won five first place awards and one consolation. During these tournaments the girls received 17 individual awards.

A big thanks goes to Wanda Armstrong. She has done a wonderful job of coaching these girls and bringing them out on top again.

### Notice To Dog Owners

The time for vaccinating and licensing dogs again approaches. Though it sometimes seems that all this is an encroachment on the personal rights and liberty of the young to possess and enjoy their pets it must be taken into consideration that these same littlefolks are entitled to the privilege of having safe and healthy pets and safeguarded against the dreadful plague of rabies. Rabies as many other sickness of this type can be controlled and eventually exterminated through a thorough practice of vaccination. This cannot be done by the city for the entire dog population. It must be done by the dog owners who think well enough of their pets to properly care for them.

In order to maintain some control of the dog population in any city, an ordinance providing for the licensing of desirable dogs and disposing of the unlicensed ones is essential. The City of Plains has an adequate dog ordinance with the provision that all dogs kept within the city limits must be licensed. The ordinance also provides that no dog can be licensed without first being vaccinated for rabies.

Dr. A. J. Mabry of Seminole Texas, will be in Plains, Saturday afternoon, May 10th, at the

fire station to vaccinate all dogs brought there for that purpose. Tags denoting vaccination as well as license tags will be issued at this time.

It is to be hoped that those who have a sincere concern for their dogs as well as the health of the community will be notified by the above statement.

### Lake Dragged For Body

A portion of Lake Travis near Austin, Texas, was dragged several days last week for the body of Donald Davis, son of R.J. Davis of the Tokio community.

Donald, whose body has never been found, was one of the victims of the tragic accident in which his son Scott, brother-in-law, Garland Camley and his son Keith were all drowned while on a fishing trip at the lake, March 23, 1969. High winds prevented dragging of the lake at the time. Though some dragging has been continuously conducted, the efforts have been of no avail.

At the request of Mr. Davis, a concerted and large scale effort was organized and the services of six boats and twelve men were volunteered. Those taking boats were: T.A. Elmore, Rowe Stephens, Carl Rains, Jesse Dearing, James Turner and Billy Yates. Those who assisted

in the operation were: Wayne Sherrin, John Dale Curtis, Joe Trout, U.W. Bailey, Jimmie Sherrin and Don Williams. Though these men dragged the site where the baby's body was recovered and where Donald was last seen, from Monday evening April 21st until Thursday, April 24th no trace of the body was found.

It was apparent from the dragging efforts that the depth of the water at the site was approximately 200 feet at a distance of 60 yards from the shore rendering the effort extremely difficult.

It was reported that Mr. Davis would go on to Austin where he hoped to enlist further assistance in the search from the state.

### Farmers Vote

Upland cotton farmers in this county will soon have an opportunity to decide whether they can transfer 1970 cotton allotments, by sale or lease, outside the county but within the State. The voting will be held from

May 5 through May 9. You can mail in your marked ballot, or bring it to the Agricultural Stabilization and Conservation Service office during that time. Your ballot, to be counted, must

either be in the ASCS office by the close of business May 9 or be postmarked by midnight of that date.

either be in the ASCS office by the close of business May 9 or be postmarked by midnight of that date.

### Judge Back To Work Soon

This reporter visited with Judge Gene Bennett early this week. The Judge is well on the road to good health and expects to be out and around in the near future. It will perhaps not be long until Gene's cheery countenance will again be observed behind the big desk in his office at the court house.

### Clean Up Campaign

May 10th has been set for the kick-off coffee for the annual city-wide Clean-up Campaign. Plains Dirt Gardeners Garden Club will serve coffee at the old Courthouse Clubroom beginning at 10 a.m. The Poster Contest awards will be presented during the coffee.

Assisting with the campaign will be the city and county workers and members of the County Technical Action Panel.

All Plains residents are urged to participate in the campaign.

### Commissioner Ill

Mr. Johnnie L. Fitzgerald, County Commissioner of Precinct # 4 was hospitalized last Friday for heart ailment. At last reports he is doing nicely and will probably be released over the weekend. A quick recovery for Johnnie will be greatly welcomed by all of those who know him.

## It's Just Charles Now

The editorial quip entitled, "Who needs De Gaulle?", published in 4-3-69 in the RV in regards to the visit of the then French President, was made primarily in concern for the welfare of the United States. Of course, the fact that De Gaulle has been on slippery ground in his own country has been well known for many months and his eventual fall has been highly suspect. However, it was not with any aim at the prophetic that the article was written and the sudden developments that brought on the actual downfall came with much surprize to this editor.

As our source of information is confined to the general news media we make no claim of any inside information. In viewing the situation from our position it would be erroneous to infer that we were not pleased with the news of De Gaulle's demise from the high position. To anyone who has witnessed his constant attacks, both verbally and governmentally, his absents from international affairs can only lend a sense of satisfaction and security.

While it would be ambiguous to attempt to belittle or deny the greatness of the impact that the career of Charles De Gaulle has had on world affairs it still remains next to impossible to explain his attitude toward the United States the past few years. It certainly could in no way be considered as friendly nor constructive. The temptation to relegate the matter to senility is great if it were not for what now appears to be an over abundance of affection and superfluous expression of sympathy and gratuity by the heads of state of the United States.

It is evidenced by history, that without the support of the United States Government, Charles De Gaulle would still be in Algeria under his self imposed exile. His raid on the United States gold reserves and his blatant and defiant attempt to devalue the American dollar only a few months ago are sufficient evidence of the type of gratitude to be expected. It would be well to relegate this man to history before the United States is made ot appear silly in the presence of the entire world.

## The Great Cowgirls

The folks of the Plains Independent School District are proud of their Plains School and justly so. Besides being one of the very few schools in the state that is free of bonded indebtedness, it rates as one of the best class A schools in that it is adequately equipt, offers as broad and through a curriculum, and is as well managed as any school of its class in the entire state.

It is naturally expected that a school of this type should have a fine athletic program and a winning record. But to have the distinguished record that the Plains school enjoys is extremely rare and possibly unequalled. Girls volleyball has been included in the state's field of athletic contests for fifteen years. One school and one school only has ever held the state's championship for its class

for eight consecutive years. That school is the Plains High School Alma Mater of the PLAINS COWGIRLS.

It is with great pride that the Plains Review didicated this issue in honor of the PLAINS COWGIRLS and their fine and able coach. It is very doubtful that any school at any time ever matches this record. The girls are not through setting records. We hope to have news next week of further accomplishments, and sincerely hope for this state championship to remain in Plains next year. But until further news arrives let us say to the 1969 volleyball squad, "THE PLAINS REVIEW IS PROUD OF YOU".

## Swine Course

by LEO WHITE  
County Agricultural Agent

The three night swine short-course sponsored by the Yoakum County Swine Committee was well attended. This shortcourse was held at Plains on the nights of April 21, 22 and 23. The 31 people who attended the meetings received some very good information pertaining to all phases of swine production.

Dr. D.B. Hudman, extension service swine specialist from College Station, conducted the shortcourse and brought some factual information that should prove to be beneficial to our local swine producers. Everything brought out in the shortcourse was related to swine management. He dwelt at length on such topics as feeding, sanitation and facilities.

Dr. Hudman stated before leaving Yoakum County that, "Nowhere in the state is the potential of swine production any better than in Yoakum County." His reasons for making this statement was the fact that the grain sorghum is produced here and there is ample storage in the county to keep a year-round supply of feed. The winter months are much warmer here than in

the corn belt states where swine production is responsible for a large part of the agricultural income. Our higher altitude and summer humidity gives the High Plains region an advantage over other parts of this state. Hudman farther stated that an ample supply of water was necessary in modern swine production and it seems that we are not lacking in that respect. About 500 gallons of water is required for each market hog when water filled pits are used under the production facilities.

Markets for hogs are important but Dr. Hudman advised to continue using the available markets until the numbers were built up high enough to justify a marketing association or a local slaughter facility.

Dr. Hudman visited some of our swine production units while he was in the county and was favorably impressed with the quality of animals that were being produced here.

## Not The Perfect Crime

GREENOCK, Scotland (AP) — Police spotted a man, 21, stealing from a doctor's car.

He fled with the loot, jumped over a wall and thumbed a lift from a car.

Too late, as the driver opened the car door for him, he realized it was a police car.

He got six months' jail.

## Cotton Planting

Many of our farmers are busy in the fields at this time of year, but Mr. Terry Bacon of Bronco seems to be the busiest. He started planting cotton on the morning of April 21st, and it is the earliest to be reported to the P-R for cotton planting.

According to the scientists who are studying cotton, it take 90 days from the first bloom to harvest time. The only thing that will extend the time is cool nights. The cotton plant is virtually inactive at temperatures below 60° F., and it takes approximately 100 hours above the 60° to get a recognizable stand - 1000 hours above 60° from planting to the first bloom, and 1000 hours above 60° from white bloom to open boll.

Mr. Bacon is also owner and manager of the Bacon Gin Company at Bronco. With the gin and farming, he is a busy man.

If Mr. Bacon can escape the hazards of cold weather and re-planting, it appears that he may have the first bale of cotton for Yoakum County this year.

## ANTIGOURMET ACTIVITIES

PORT ELIZABETH, South Africa (AP) — Four thefts in one week left a visiting cooking expert simmering.

Mrs. Leslie Faull first had her Commandeur Associe de la Com-manderie des Cordon Bleus de France badge pinched. Next, a thief took a prize cake from her car. Then she filled the auto with gas to visit her son's school and somebody siphoned the tank dry. Finally a vandal broke off the car door handle and she couldn't get in.

## TSA MO GA Club

Members of the Tas Mo Ga Club heard a most informative program at a regular meeting of the Club on Monday evening, March 28th at 8:00 o'clock, at the Club House.

The program on International Affairs was introduced by the local chairman, Mrs. Wayne Davis. Two young students from South Plains College at Levelland spoke. They were introduced by Mrs. Maurine Elkins, director of Public Relations for the college. Mrs. Elkins remarked that foreign students studying at the college contributed a diversity of cultural interests to the student body.

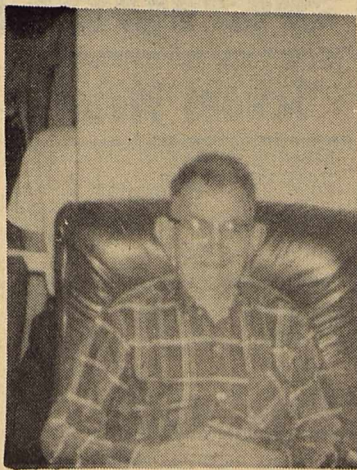

Jimmy Miranda, a 20 year old Hawaiian from the main island is studying agriculture. He was reared on a ranch which ran 14000 Polled Hereford cattle. Jimmy showed 4-H steers under the Agricultural Program, very similar to our local school program. He described the delightful climate of his home state, 70° temperature with 80° humidity, and the carefree manner of the people whose slogan is "Never hurry, never hurry."

Jimmy, a personable young man, whose mother is Chinese and father Portugese, said that Hawaii had no race problem. He said that the women in his

state held the same status of women here. Jimmy plans to continue his education at Colorado State College when he has finished in Levelland.

Ahmed Kashmuri, of Saudi Arabia, then spoke and told the group of life in his country. He studied English in high school for three years. He came to South Plains College on a scholarship from his government and hopes to complete his education in Government at West Texas University in Canyon. Ahmed said that in his home town of Tai Taif, the high school course consisted of three years, with a required 24 subjects studied each year and each student must pick his major in high school. In all schools the girls and boys were separated and attended different schools. No young man is allowed to see or converse with his future wife until after marriage. The boy's mother selects his wife and under government law, he is allowed four wives. Moslem is the prevailing religion, with Mecca the Holy Place. Mohammed, the recognized prophet, whose home was in the City of Medina. All Moslems face Mecca to pray and periodically observe a 30-day fast. The women's role in Arabia is practically seclusion, her entire interest is confined to home and children.

## 208 Attend Meeting

A total of 208 women were registered Thursday when the District II Texas Home Demonstration Association convened in Denver City for its annual spring meeting. Mrs. Neil Norred, Howard County, presided.

Mrs. Jewel Robinson, Hockley County home demonstration agent, narrated the principal speech, Extension Home Economics Focus. Mrs. Robinson related that home demonstration clubs are no longer 'stitching and sewing' clubs. Extension no longer works with families that are just alike, but works with all families.

In the speech Mrs. Robinson also pointed out the broadened interests of this group which covers family stability, teenage marriages and under-privileged families, senior citizens and health.

Other principal speakers included Mrs. A.E. Hodges of Hereford, who represented the THDA state

board. Mrs. Hodges, using the theme 'The Key is in Your Hand' pointed out that four keys were needed in a better life and these were faith in God, faith in yourself, faith in the fellow being and faith in freedom.

Other speakers included Mrs. Aubrey W. Russell, District II agent; Rev. John Ferguson of Denver City; and Mike Hamilton Denver City Chamber of Commerce president.

Dr. Berry Squyres was guest speaker at the health workshop. He conducted a question and answer period on the abusive use of drugs.

Other workshops included citizenship and arts. Several counties had a display of arts and crafts.

Dawson and Garza Counties bid for the 1970 meeting. The site will be announced later. This was the first time for Yoakum County to host the 18 county event.

Turner Home Demonstration Club of Yoakum County and the

Petersburg Club of Hale County were recognized with special certificates for being 100 percent in subscription to the THDA Messenger.

Mrs. A.E. Newton of Lubbock County was winner of the \$50 bond donated by Goodpasture Grain, Inc. Other winners of door prizes included Mrs. Lucy Esteem of Floydada; Thelma Parks of Snyder; Mrs. Aldon Rhyne of Big Spring; Mrs. Vennie Davis of Post; and Mrs. Mildred Patterson, Lubbock County home demonstration agent.

The modern angling expert chooses to fish most waters for most types of fish through the middle of the day, rather than the early morning or late evening. Anglers have probably wasted more hours on early morning fishing than on any other superstition. However, for salt water fishing, early morning is best. The plankton on which fish feed are noted for their dark-to-dawn movements. ## Ruidoso Downs

First horseman to arrive at Ruidoso Downs Race Track for the 23rd racing season is popular Colorado Springs trainer Jim Ricken. He arrived this week with a power-packed stable of 10 horses from Uvalde, Texas, where he completed a successful winter campaign.

He currently is conditioning at Bob Scribner's beautiful High Mesa Ranch training track at an altitude of 7,450 feet, and will move the horses to the Downs stable area Sunday.

High Mesa Ranch, 15 miles north of Ruidoso, is about 500 feet higher altitude than Ruidoso Downs Race Track, and Ricken believes in acclimating his horses to mountain racing conditions early.

"I made the mistake of getting here late last year, and it took me longer than I had planned to get my horses in racing shape," he said. "I did have a filly up here last year who was already accustomed to the altitude, and

### Sermon In Soap

DUZ you DREFT with the TIDE? VEL, now is the time to CHEER up if you want real JOY. The TREND is to BREEZE to church on Sunday. too many people WOODBURY their heads in a pillow, or work to make their car SPARKLE, forgetting the Lord's Day was made for LESTOIL. When the Lord is put first, a DOVE will never need be sent with an S.O.S. for you to put God first. Maybe we ought to DIAL you to remind you of the IVORY places yonder. Worship is a LIVEBUOY. So why not WHISK yourself out of bed next Sunday, dress up SPIC AND SPAN and DASH like a COMET to Sunday School and Church. As you sing PRAISE to God and hear his word, you will get a wonderful CLEANSER for your soul, and you will feel like MR. CLEAN all week long.

J. LOYD RICE, NEW PASTOR OF THE HILLSIDE CHURCH OF CHRIST.

### The Changing World

by  
J. Loyd Rice, Pastor of Hillside Church of Christ

What a change 35 years have wrought. The first time I remember seeing Plains, Texas was in May, 1934 when my wife, my uncle George and I were moving to Pie Town, New Mexico.

I returned here on Saturday, April 19, 1969. A warm welcome awaited me as a preacher of the Gospel. I have found here the true spirit of Christianity,

the spirit of love shown in sincere friendliness.

I found it at the tourist court that first evening when dark clouds torn by jagged lightning shook the earth with peals of thunder and drenched it with a refreshing rain. I thrilled to the firm handshakes at the barber shop, the grocery store, the cafe, service stations, dry good stores, newspaper office, and everywhere. Especially at the meeting house where my brethren accepted me as a co-worker with them to cultivate this spirit in our own hearts and in the hearts of others.

When I lived in a large city these words had a special appeal to me:

"I love those dear hearts and gentle people who live in my home town, for those dear hearts and gentle people will never ever let you down."

You wonderful people have made me feel at home here in Plains. THANK YOU AND MAY THE LORD BLESS YOU.

### God Has Spoken

by  
J. Loyd Rice

"God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets, hath in these last days spoken unto us by his Son, whom he hath appointed heir of all things, by whom also he made the worlds. Hebrew 1:1-2

On the Mount of transfiguration we find the voice out of the cloud saying: "This is my beloved Son in whom I am well pleased; hear ye Him." Matthew 17:5

"And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth." Matthew 28:18.

"Therefore we ought to give the more earnest heed to the things which we have heard, lest at any time we should let them slip. For if the word spoken by angels was steadfast, and every transgression and disobedience received a just recompense of reward; How shall we escape, if we neglect so great salvation, which at the first began to be spoken by the Lord, and was confirmed unto us by them that heard him; God also bearing them witness, both with signs and wonders, and with divers miracles, and gifts of the Holy Ghost, according to his own will." Hebrew 2:1-3.

"All scripture is given by inspiration of God, and is profitable to doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works." II Timothy 3:16-17  
THE BIBLE IS THE WORD OF GOD.
