

PLAINS COWBOYS TIE O'DONNELL EAGLES

The Plains and O'Donnell game at Plains home field was a well tied game with a score of 20 to 20. Twenty-yard penetrations were also tied. It was necessary to go to first downs where the tie was broken with Plains having 16, and O'Donnell 19. Excitement was not lacking in this game as each team inadvertently progressed the ball to scoring position and failed to carry through. The teams were evenly matched throughout the entire game. To the O'Donnell team who had not scored a winning game

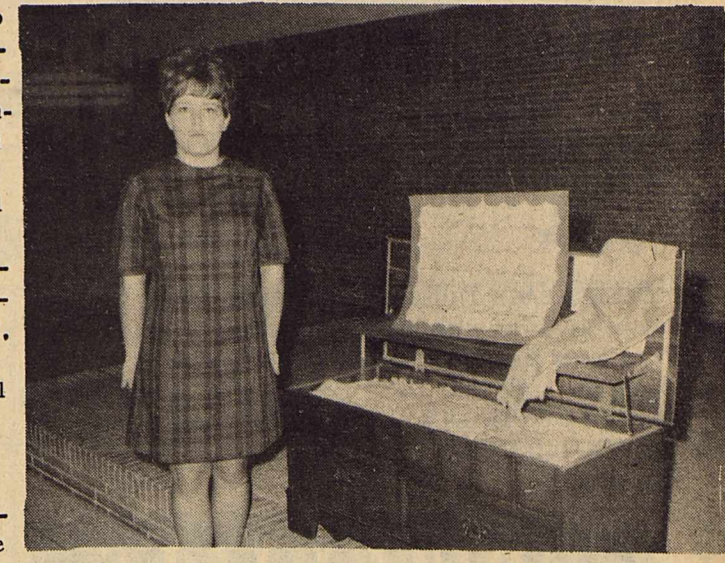

this season, the tie could appear quite encouraging. But to the badly crippled team of Plains, it was truly discouraging. To O'Donnell the team that started for Plains would have been invincible. The seasoned players of the Plains lineup were able to enact many outstanding plays but when victory was in sight, the lack of solidarity and consistency was plainly evidenced. The entire team of Plains fought hard with the old Cowboy fighting spirit, but the playing was spontaneous. Time and again Livesay and Howard carried

the ball for exceptional gains. An exceptional play occurred in the game when Nugent received the kickoff and was downed on the 45-yard line. Livesay ran the ball to the 29-yard line and Howard ran the final yardage for a touchdown with only two plays being required for the touchdown. Neither team was successful in getting the ball into the air and the game was principally a ground game. As usual, Taylor's punting was outstanding and probably the best of the season. A check of the history of the

Cowboys this season may point to the cause for their failure to ring up what should have been an outstanding victory. The Cowboys started the season with six seniors, and only three of them remain; seven juniors started and only three remain. Out of ten sophomores, only six remain. The one freshman who began the season, Tony Chandler, was in the lineup last Friday. The balance of the Plains lineup has been enlisted from the Freshman team. Knee injuries have consistently plagued the Cowboys this year. The last to succumb was a fine

athlete, John Lowe, who had a serious knee injury in the early part of the Coahoma game, which ended John's high school football career. John Lowe who has accounted for a majority of the yardage for the Cowboys, was a serious loss and a severe blow to the confidence of the team. The game with Cooper this Friday night will be the finale for high school football for three more fine athletes of the Plains Team. For Jim Taylor, Mike Nugent and Jeff Isham, all seniors, this will be their last game.

THE TSA MO GA BAZAAR-POTPOURRI

Miss Gale O'Neil pictured with the Chest O'Plenty she won at the annual Tsa Mo Ga Bazaar on Saturday, November 8th.

Members of the Tsa Mo Ga Club, the President, Mrs. Bob Blundell, and the Finance Chairman, Mrs. P. W. St. Roman, wish to thank the community and all those who attended the annual Bazaar, for a most successful financial and social event.

There was delicious food served from the booths representing countries around the world, with the hostesses serving in native costumes. The School Cafeteria was the setting for the festive affair. Counters held many useful handmade gifts for sale to the public. There was a bar filled with home canned fruits and vegetables, also a candy bar offering candies, cakes and pies from the community kitchens. A lively and progressive game of Bingo was enjoyed throughout the evening. Especially for the small fry, a well filled grab bag held the interest. At nine o'clock, the climax of the evening, the lucky ticket for the Chest O'Plenty was

drawn, with Miss Gail O'Neal as the winner. The beautiful Lane Chest was brim full of linens, pillows and hand work. Her grandmother, Mrs. Ruth O'Neal, the daughter of Mr. and Mrs. Jim O'Neal of the O' Ranch of Bronco, was reared in Plains. She is a 1966 graduate of Plains High School and presently attending Tech in Lubbock, where she is a Senior, majoring in Home Economics. Her grandmother, Mrs. Ruth O'Neal, is a charter member of the Tsa Mo Ga Club, and the daughter of a Yoakum County pioneer family, the late Mr. and Mrs. J. S. Webber.

CHAMBER OF COMMERCE HOLDS REGULAR MEETING

The Plains Chamber of Commerce met at the Cowboy November 5th for their regular meeting. There were 12 members present. The progress on the sign for the office was discussed. The sign should be ready soon.

LEGION HOLDS VETERANS DAY SERVICE

The Forrest W. McCargo American Legion, Post No. 585, held an early morning breakfast at 6:30 a.m., Tuesday at Alma's Restaurant, in memory of Veterans Day and American war dead. A breakfast of choice was served, plus hot biscuits and gravy to 17 Legionnaires present. Immediately following the breakfast, Post Commander, Neil Taylor, called the meeting to order and expressed a few short words in appreciation of the war dead and called for a few moments of silent prayer. Recognition and a fine ovation was given to Mr. Casey Jones for his generosity in picking up the tab for the entire breakfast. One visitor, Carroll Light of Liberal, Kansas, a former resident of Plains, attended the ceremony. The meeting was adjourned at 9:00 a.m. and reassembled at the American Legion Hall where with 12 Legionnaires present, Sergeant T. J. Bearden called the group to attention and at 7:25 a.m., Commander Taylor and Billy Kennedy raised the flag to full mast. A solemn expression of honor and respect for the flag and national patriotism was noted in those participating in the ceremony.

SCHOOL PICTURES

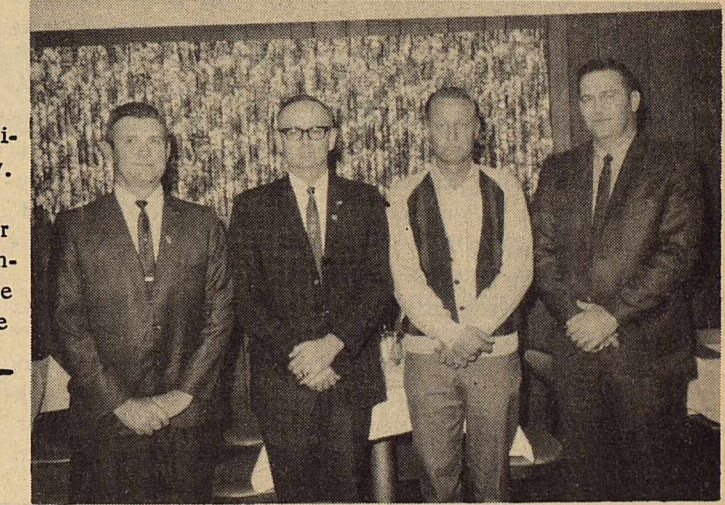

Retakes and pre-school pictures will be taken Monday, November 17, 1969. Pre-school children should be at the school between 8 and 8:30 Monday morning. This year's school picture packets are in color although the annual will not be in color. The cost of the packets is \$3.15. In each packet there are 3-3x5's and 15 wallet size prints included. Be sure to have your picture taken Monday if for any reason you were unable to have it made when school day pictures were taken in September.

ANNUALS ON SALE

The 1970 Cowboy annual will begin its second sale on Nov. 17 and will end on Nov. 21. The price will be \$5.20 per annual. An Annual Staff member will be in each of the three buildings to take care of the sales.

4-H AWARDS PROGRAM

by Leo L. White, CAA Saturday, November 15th will be the annual highlight for the Yoakum County 4-H'ers. The program gets underway at 7:30 p.m. in the Plains School Cafeteria with Jerry Brian, 4-H District Delegate, presiding. Matt Squyres will give the invocation. Members from the Green Clover Club, Tony Spears and Tim Bowers, will present the colors and Gail Rucker will furnish the music. Bayne Bacon will lead the audience in the pledge of allegiance and 4-H motto and pledge. The devotional will be given by Melvin Dearing and Dale Cleveland will welcome guests. Debbie Addison will present a piano solo and Bruce Bennett will entertain with his guitar and songs. A patriotic skit will be given by a number of 4-H boys and girls. The awards and year pins will be presented to deserving 4-H'ers and the Gold Star Boy and Girl will be announced. Terry Holder will give the benediction. Everyone is invited and all 4-H'ers and their parents are urged to attend this program.

Pictured are Billie Moore, Zone Chairman; L. G. Smith, President of Noon Club; Hershel Lowe, President of Evening Club; and Jim Culver, Secretary of Noon Club.

LIONS HOLD ZONE MEETING

A meeting of the Lions Club, Zone 13, District 2T-2 was held Monday night at Alma's Restaurant in Plains and a steak supper was enjoyed. All clubs of the zone were represented. Zone Chairman, Billy B. Moore, presided at the meeting.

COUNTY AND WESTERN REVIEW

South Plains College will present the Hank Williams, Jr. Show Tuesday Nov. 18 at 8:00 p.m. The event is to be held in the Texan Dome on the SPC campus. This show has appeared a nation-wide appearing at Austin previous to the South Plains show. Appearances will be the Cheating Hearts Band. A total of twenty different county and western artists will cross the stage during the 3 hour show. Admission charges are as follows: SPC students-\$2.50; other students-\$3.00; and Adults-\$3.50.

WEATHER REPORT

The weather maker favored the local area this week with some very favorable harvest weather. Aside from one real foggy morning, generally clear skies have prevailed. A heavy dew on several mornings has slowed morning harvest operations, but this was dispensed with the bright sunshine. Temperatures for the week: High for the week----- 78° High average----- 75° Low for the week----- 30° Low average----- 39°

FACTS REGARDING COUNTY JUNIOR COLLEGE AIRED

Several years ago a plan was formulated for an area Junior College to serve the Denver City, Seagraves and Seminole area and to be financed by Gaines and Yoakum Counties. Gaines County, not finding the idea feasible, dropped out. The Denver City faction unwilling to give up the idea decided to continue alone and promote such a college with Yoakum County financing the project. A steering committee was formed and promotion was started. Over the years, the steering committee has worked diligently and consistently in obtaining information and preparing the plans for their projected college. On September 23rd, 1969 the County School Board of Education of Yoakum County, Texas was presented with a petition for creation of a Junior College District covering all of Yoakum County. The board resolved that the requirements for an election had been met, and that the matter be submitted to the 18-man Coordinating Board, of the Texas College and University system. If the matter be approved by the Coordinating Board, a date for such election would be set. Before passing on the plan, the 18-man Coordinating Board sent a sub-committee of three men into the area to survey the situation and hold a public hearing of the populace in regard to the feasibility of the college project as well as its popularity among the voters. A public hearing was held before the State Board sub-committee at 1:30 p.m., on November 5th in the community room of the Yoakum County State Bank in Denver City. The sub-committee consisted of three board members: Mr. Harvey Weil, attorney for Corpus Christi, Mr. E. O. Elliott of Austin, and Dr. Robert Clinton, board secretary. Attorney Weil was chairman of the committee and conducted the hearing. He stated that the Coordinating Board was charged with the authorization of all colleges in the State of Texas. In outlining the purpose of the hearing, he stated that there first must be found a need for such college within the community, the ability to finance it and there must be a sufficient number of scholastics within the area to furnish a minimum of 500 full time attendance within three years, and attendance of 1000 within five years. It must be in a growing area and have the full support of the entire county. The college must offer academic courses on a transfer basis and also technical courses.

Dr. Bruce Boyd, Chairman of the proposed college steering committee, stated the desires and outlined the plan of his committee for the Junior College, which had been submitted to the State Board. He introduced several members of the committee who stated their opinions and reasons for having a Junior College in Denver City. It was shown that Yoakum County did have the necessary assessed valuation to meet the financial requirements. The evidence of the ability to meet further acquisitions was definitely lacking. In the discussion of the proposition at the public hearing Dr. Boyd asserted that a bond issue of \$1,800,000.00 would be required for school buildings and purchase of the necessary site therefor. He further stated that the bond issue was to be matured within a period of ten years and an ad valorem tax of 27¢ to 31¢ of the \$100.00 valuation for the further maintenance of the Junior College would be required; however, in the petition presented to the County School Board of Education, the proposition called for a 40 year maturity of these bonds and an ad valorem tax not to exceed 60¢ of the \$100. valuation. Following the discussions and expressions of desires of the proponents for the college project, the opposition was called upon to state its case. Attorney Jim Milam of Lubbock, who had been engaged by several of the large oil companies operating in Yoakum County, presented the case for the opposition. It was shown that Yoakum County had not only declined in population, but the number engaged in the agriculture industry had also declined, and due to unitization and automation of the oil company industry, that the number of employees required for the oil operations had greatly declined. A claim by the steering committee chairman of the county population of 11,000 was refuted by evidence procured by the County School Census, which set the population at approximately 8,020 population. It was shown that the scholastic potentials for the college could only be estimated at approximately 150 students. No

On the Sub-committee were Mr. Harvey Weil, E. O. Elliott and Dr. Robert Clinton.

positive evidence was shown that the additional number of students necessary to meet the state requirements could be furnished. Lack of full support for the college proposal was evidenced when Attorney Milam polled the attendance of the hearing from nearly 100 tax payers present. The poll showed that approximately three-fourths of those present were in opposition to the proposition. Mr. Weil stated that while the state would contribute \$575. per student up to a 1000 daily attendance for academic students, it was very difficult for small junior colleges to draw any aid for vocational training. The only immediate need shown for a college in the Denver City area was in the vocational field. It was stated by the superintendents of both of the Independent School Districts of Yoakum County that a definite need for a vocational training existed and that facilities and housing for such training courses were available in the present school systems, but that very little had been done in the furtherance of vocational training. Dr. Baker of the South Plains College of Levelland stated that approximately 6 years of operation of this college were required before the requirements for state aid for vocational students were acquired. He also stated that qualified teachers for junior college staff were becoming exceedingly difficult to obtain, and that the increase of salaries for teachers was greatly expanding the cost of operations.

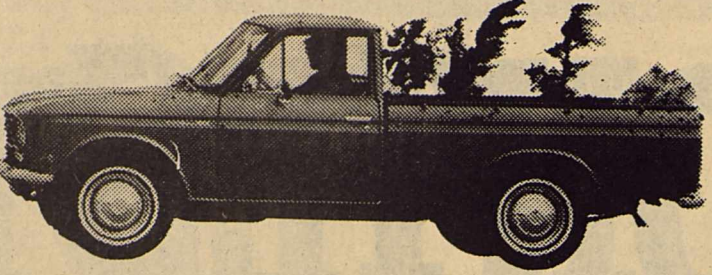

Attorney Jim Milam called upon County Judge Gene Bennett for an opinion of the relationship of the tax payers of Yoakum County of the present educational system. Judge Bennett reported that the taxpayers including all of the oil companies, had been highly cooperative in matters pertaining to education, but that the oil companies who would bear the brunt of the tax load for the Junior College, as well as many other tax payers, had expressed extreme doubt for the need and the feasibility and the possibility of success for a Junior College in this area at this time. Judge Bennett stated that in his opinion there were many needs within the county of a much more urgency than the need for a Junior College. He related the instance of the County hospital, which is a grave necessity and operating with reasonable efficiency, is a heavy drain on county funds. He stated that the hospital drain was a mere pittance as compared with the costs to the county of a Junior College that failed to obtain the requirements for state aid, as the county government would be the underwriters for the entire bond issue. The Judge being on the board of directors of Abilene Christian College is well acquainted with college operations and is well qualified for the opinions he asserted. It was evidenced that the County-wide Tax-Payers interests were the Judges prime concern. It was asserted by Judge Bennett and confirmed by Dr.

Baker of South Plains College that a loan is available from practically all colleges for attendance for any student with a sincere desire for an education and who is from a family with less than \$10,000. yearly income. Board Chairman Weil pointedly stated that the purpose of a college must be for the needs and welfare of the scholastic potential of the community requesting a college. This requirement was sadly neglected in all of the discussions by the proponents as they hailed the great growth of the economy of Denver City in the advent of a Junior College in their midst. In view of the results of the hearing before the sub-committee, it would be very difficult to predict a favorable report on the petition of a county wide election.

LIONS CLUB TO MEET ON THE 20th

Lion President, Cordell Huddleston, announced the next regular Lions meeting will be held February 20th. All Lions are encouraged to attend this meeting. A very informative program on Marijuana and LSD will be presented through the media of filmstrips and records. According to Lion, John Nance, these teaching aids do a good job of explaining the problems centered around the use of these harmful drugs. Each of us should try to combat the use and spread of these drugs, and being informed is the first step.

Junior High Cheerleaders are L to R: Jan Hanna Karen Hale, Gwen Fitzgerald and Paula Blount.

Pictured is the 8th grade football team. Back Row L to R: Jeff Gentry, Bob Blundell, Robert Wauson, Micky Kennedy, Mike Blount and Tommy Box. Middle Row: Rene Rivas, Ernie Jones, Daniel Herrera and Evaristo Flores. Front Row: Jimmy Brown, Joe Ruiz, Randy Haines, Robert Barbosa and Rickie McRae.

all season has set a record for PJHS 7th graders in defense. In 1966 the seventh grade had a total of 8 points scored against them and it was a losing effort. This year the seventh was unbeaten and had only 6 points scored against them. These boys are to be congratulated for their fine effort on a successful year.

The eighth grade Wranglers who ended the year with 1 win, 4 losses and 1 tie are football players. The boys, or men as they could easily be called, played commendable football. At O'Donnell the final score of 70-0 against Plains did not show the effort and pure "guts" showed by them. These fellows who had to face larger foes and more material each week, played with much sacrifice. This team, which started out shorthanded to begin with, got smaller. Three boys left because of personal causes and two boys were dropped from the squad for disciplinary reasons. Five people out of a program that was suffering from short numbers to begin with

causes a number of problems. The remaining players had to play in unusual positions and play with hurts they should not have played with.

All of these facts sound like excuses, but they are not. Each time they lost, they were beaten fairly by a better team, and that is what football is all about. The point is giving a pat on the back to the players who gave 100% of their time, their effort, and their heart for their team, their school and something they felt worthwhile.

Much credit for spirit has to go to the Wrangler cheerleaders. This group of girls put a great deal of effort into keeping spirit high and in giving encouragement to the players during the week and at each game. The work, the cheers and the tears made these girls to be the finest group of Jr. High Cheerleaders this writer has ever known or seen. The coaches and players appreciate these girls and their outstanding contribution to athletics.

CITY SECRETARY VISITS 8th GRADE
Friday, November 7th, Hugh Abercrombie, the City Secretary, visited Edmund Vickers' eighth grade Civics class to speak on city government.

Mr. Abercrombie informed the students of the type of government organized in Plains, the aldermen council, the police system and how the City pays for its services.

Even though the students had been studying city forms of government, this experience proved to be a more enjoyable way of learning how a city government is set up.

Plains teachers are extremely appreciative of the people who give their valuable time and their effort to the school. These people are an asset to the teacher in helping students learn. Thanks go to Mr. Abercrombie and many others for their interest in our young people.

FAYE BEARDEN SHOWS FILM
The fifth grade class would like to thank Faye Bearden for the fine film they were shown of a recent trip to Florida.

Mrs. Bearden showed her film of Pensacola Beach, Daytona Beach, Miami Beach, St. Augustine and many other points of beauty as she told of interesting places and experiences on her trip. Everyone felt that they had been on an exciting journey due to Mrs. Bearden's sharing her experiences.

JR. HIGH FOOTBALL BOYS WIND UP SEASON
The football season ended for the 7th and 8th grade Wranglers last Thursday at O'Donnell. The seventh grade put the top on the last of six games, winning by the score of 14 to 6. Scoring for Plains was Ceth Lewis on a 5 yard run in the 4th quarter, he also ran the points after. On the ensuing kickoff, an O'Donnell player returned 70 yards for their score. This was the only time the seventh grade had been scored on all year. The final score by the Wranglers was made by Alfredo Guerra with an outstanding run of 45 yards.

The seventh grade Wranglers who played outstanding ball

per pound. This payment is in addition to the price-support loan. It is the amount necessary in addition to the loan to provide producers at least 65 percent of parity on cotton produced within the acreage permitted under the program. The payment is made to cooperators on acreage planted within the domestic allotment which is 65 percent of the total farm allotment. The 1970 rate compares to a 1969 program price-support rate of 14.73 cents per pound.

Today's announcement, along with previous determinations, gives cotton producers basic information on next year's program prior to a mail referendum, December 1-5, on 1970-crop cotton marketing quotas. In the referendum, at least two-thirds of the upland cotton growers voting must approve marketing quotas before the essential features of the program can go into effect. If more than one-third of the growers vote "no", the only cotton program will be price support at 50 percent of parity for growers who do not exceed their acreage allotment.

The national cotton acreage allotment has been increased from 16 million acres to 17 million acres; approximately a 6 percent increase. There will not be any required diversion under the 1970 cotton program, and farmers may plant their entire cotton allotment and be eligible for price-support payments on 65 percent of the allotment and CCC loans on all cotton produced.

Yoakum County farmers should receive their cotton allotment notices sometime in November and Ballots for voting the Cotton Marketing Quota Referendum will be mailed November 28th.

Payments under the 1970 program would be subject to any limitations that might be required by Congress and the Dept. of Agriculture appropriations.

LIONS CLUB From Page 2

agriculture under the G.I. Bill for several years. Robert is a graduate of Texas Tech and a great booster for his Alma Mater.

Mr. Henard brought to mind of the club members the similarity of the ranch farm economic problems of Lea and Yoakum Counties. He spoke of the Industrial Development Board of the Lea County area and its work in the Ranch and Farm problems. With the revealment of statistics of one of the feed

and grazing projects under his jurisdiction he showed the farm-stock combination program to be a successful operation and a partial solution to the present economic difficulties in this field. Robert is a firm believer in the feedlot industry and its importance to this area. He is well informed and a fine speaker and his address was greatly enjoyed by the club.

DETAILS OF THE 1970 COTTON PROGRAM

The U.S. Department of Agriculture, on October 31, 1969, announced 1970-crop upland cotton price-support loan and payment rates.

The national average price-support loan rate for Middling 1-inch cotton at average location has been set at 20.25 cents per pound for the 1970 crop. This is the same rate as that applicable to the 1969 crop for middling 1-inch cotton.

The price-support payment rate to program cooperators has been established at 16.80 cents
